PROPOSAL NO. 1:

ELECTION OF DIRECTORS

GENERAL

Article III, paragraph number 2 of the Company's Bylaws provides that the number of directors of the Company shall be a minimum of three and a maximum of ten. The members of the Board of Directors are each elected for a one-year term or until their successors are elected and qualify with a plurality of votes cast in favor of their election. The Board of Directors consisted of seven persons during Fiscal 2004 and six nominees for the Board are put forth before the stockholders for the Annual Meeting. All six of the nominees are presently directors of the Company and all but one of the nominees, Jeffrey R. Bailey, were elected at the Company's last annual meeting of stockholders held on August 12, 2004. Mr. Jeffrey R. Bailey formerly served as a Director and is presently the President of the Company.

The directors will serve until the next annual meeting of stockholders and thereafter until their successors shall have been elected and qualified.

Unless authority is withheld, the proxies in the accompanying form will be voted in favor of the election of the nominees named above as directors. If any nominee should subsequently become unavailable for election, the persons voting the accompanying proxy may in their discretion vote for a substitute.

BOARD OF DIRECTORS

The Board of Directors has the responsibility for establishing broad corporate policies and for the overall performance of the Company. Although only one member of the Board is involved in day-to-day operating details, the other members of the Board are kept informed of the Company's business by various reports and documents sent to them as well as by operating and financial reports made at Board meetings. The Board of Directors held twelve meetings in Fiscal 2004. All directors except for Bill L. Harbert and Richard T. Williams who are not up for re-election, attended at least 75% of the aggregate number of meetings of the Board of Directors and of the committees on which such directors served during Fiscal 2004. Although it has no formal policy requiring attendance, the Company encourages all of its directors to attend the annual meeting of stockholders. All of the Company's directors attended last year's annual meeting and it is anticipated that all of the director-nominees will attend this year's Annual Meeting.

Management believes that a majority of the six director-nominees are independent directors in accordance with the definition of that term under the Rules of the American Stock Exchange.

There is no understanding or arrangement between any director or any other persons pursuant to which such individual was or is to be selected as a director or nominee of the Company.

Committees

The Company's Board has operating audit, nomination and governance, compensation/stock option and frontier exploration committees.

Compensation/Stock Option Committee

In Fiscal 2004, the Company's Board merged its Compensation and Stock Option Committees into one Committee. The members of the Compensation/Stock Option Committee in Fiscal 2004 were John A. Clendening, Bill L. Harbert and Carlos P. Salas with Mr. Clendening acting as Chairman. Pursuant to the Rules of the American Stock Exchange this Committee determines or recommends to the Board of Directors for determination the compensation of the Company's President and all of the Company's other officers. The President may not be present during the voting or deliberations with respect to his compensation. The Compensation/Stock Option Committee's other functions, in conjunction with the Board of Directors, are to assist in the implementation of, and provide recommendations with respect to, general and specific compensation policies and practices of the Company for directors, officers and other employees of the Company. The Compensation/Stock Option Committee expects to periodically review the approach to executive compensation and to make changes as competitive conditions and other circumstances warrant and will seek to ensure the Company's compensation philosophy is consistent with the Company's best interests and is properly implemented.

The Compensation/Stock Option Committee is also charged with administering the Tengasco, Inc. Stock Incentive Plan (the "Stock Incentive Plan") which was adopted by the Board of Directors on October 25, 2000. The Compensation/Stock Option Committee has complete discretionary authority with respect to the awarding of options and Stock Appreciation Rights ("SARs"), under the Stock Incentive Plan, including, but not limited to, determining the individuals who shall receive options and SARs; the times when they shall receive them; whether an option shall be an incentive or a non-qualified stock option; whether an SAR shall be granted separately, in tandem with or in addition to an option; the number of shares to be subject to each option and SAR; the term of each option and SAR; the date each option and SAR shall become exercisable; whether an option or SAR shall be exercisable in whole, in part or in installments and the terms relating to such installments; the exercise price of each option and the base price of each SAR; the form of payment of the exercise price; the form of payment by the Company upon the exercise of an SAR; whether to restrict the sale or other disposition of the shares of common stock acquired upon the exercise of an option or SAR; to subject the exercise of all or any portion of an option or SAR to the fulfillment of a contingency, and to determine whether such contingencies have been met; with the consent of the person receiving such option or SAR, to cancel or modify an option or SAR, provided such option or SAR as modified would be permitted to be granted on such date under the terms of the Stock Incentive Plan; and to make all other determinations necessary or advisable for administering the Plan.

During Fiscal 2004 the Compensation/Stock Option Committee met six (6) times. It did not grant any stock options in Fiscal 2004.

*Compensation/Stock Option Committee Interlocking And

No interlocking relationship existed or exists between any member of the Company's Compensation/Stock Option Committee and any member of the compensation committee of any other company, nor has any such interlocking relationship existed in the past. No member or nominee of the Compensation/Stock Option Committee is an officer or an employee of the Company.

Audit Committee

Clarke H. Bailey, Neal F. Harding and John A. Clendening are the members of the Audit Committee. Mr. Bailey is the Chairman of the Committee and the Board of Directors has determined that Mr. Bailey is an audit committee financial expert as defined by applicable Securities and Exchange Commission (SEC) regulations. Each of the members of the Audit Committee met the independence and experience requirements of the applicable laws, regulations and stock market rules, including the Sarbanes-Oxley Act, regulations and rules promulgated by the SEC and the American Stock Exchange. The Audit Committee adopted an Audit Committee Charter during fiscal 2001. In 2004, the Board adopted an amended Audit Committee Charter, a copy of which was included last year's proxy statement and is available on the Company's internet website, www.tengasco.com. The Audit Committee's functions are to review with management and the Company's independent auditors, the scope of the annual audit and quarterly statements, significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements; to review major changes to the Company's auditing and accounting principles and practices suggested by the independent auditors; to monitor the independent auditor's relationship with the Company; to advise and assist the Board of Directors in evaluating the independent auditor's examination; to supervise the Company's financial and accounting organization and financial reporting, and, to nominate, for approval of the Board of Directors, a firm of certified public accountants whose duty it is to audit the financial records of the Company for the fiscal year for which it is appointed. In addition, the Audit Committee has the responsibility to review and consider fee arrangements with, and fees charged by, the Company's independent auditors. The Audit Committee met six times in Fiscal 2004 with the Company's auditors, including to discuss the audit of the Company's year end financial statements for 2004. It is intended that if elected as directors, Messrs. Bailey, Harding and Clendening will continue to serve as members of the Audit Committee and Clarke H. Bailey will continue to be designated as the financial expert of the committee in 2005.

Audit Committee Report

The Audit Committee has:

- (a) Reviewed and discussed the Company's unaudited financial statements for the first three quarters of Fiscal 2004 and the Company's audited financial statements for the year ended December 31, 2004 with the management of the Company and the Company's independent auditors.
- (b) Discussed with the Company's independent auditors the matters required to be discussed by Statement of Auditing Standards No. 61, as the same was in effect on the date of the Company's financial statements; and
- (c) Received the written disclosures and the letter from the Company's independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as the same was in effect on the date of the Company's financial statements.

Based on the foregoing materials and discussions, the Audit Committee recommended to the Board of Directors that the unaudited financial statements for each of the first three quarters of Fiscal 2004 be included in the Quarterly Reports on Form 10-Q for those quarters and that the audited financial statements for the year ended December 31, 2004 be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004.

Nomination and Governance Committee

The Nomination and Governance Committee was formed in Fiscal 2004. The present members of the Committee are Neal F. Harding, Clarke H. Bailey and Carlos P. Salas, with Mr. Salas acting as Chairman. The Company believes that each member of the Committee is independent as that term is defined under the rules of the American Stock Exchange. As the Committee was recently formed it met only one time in Fiscal 2004. The Committee, among other duties, determines the slate of director candidates to be presented for election at the Company's annual meeting of shareholders. Although the Company does not presently have a nominating committee charter, on November 18, 2004, the Company's Board of Directors adopted procedures for annual director nominations by the Nomination and Governance Committee. Those procedures provide that the qualifications that should be met by any person recommended as a nominee for a position on the Company's Board of Directors should include one or more of the following: a background or experience in oil and gas exploration, production, transportation, geology, construction, finance or in another business, government service, or profession that would reasonably enable the nominee to provide seasoned and reputable service to the shareholders of the Company in the performance of the duties of a member of the Board of Directors. In addition to these qualifications, a nominee must be willing to serve without a right to receive compensation for such service.

The Company has no separate policy with regard to the consideration of any director candidates recommended by security holders. However, the Nomination Committee will consider director candidates recommended by security holders. Any person recommended by a security holder to serve on the Board of Directors is considered upon the same terms as candidates recommended by any other person.

Among the nominating procedures adopted were the following: (1) Any shareholder, officer, or director may recommend for nomination any person for the slate of candidates for membership on the Company's Board of Directors to be presented to the shareholders at the Company's annual meeting of shareholders. Such recommendations must be furnished in writing addressed to the Company's Board of Directors at the Company's principal offices. All such nominations will be furnished to the Nomination Committee which may conduct interviews, investigations or make other determinations as to the qualifications of such recommended persons. (2) Any then-current members of the Board of Directors desiring to stand for re-election may be placed on the slate of directors for re-election without further inquiry as to their qualifications. (3) The Nomination Committee will meet to determine the slate of candidates for the Board in such a manner and at such a time so as not to delay either the mailing of the proxy statement to the Company's shareholders or the annual meeting of shareholders. At such meeting, each recommended person including directors standing for re-election shall be subject to affirmative vote of half or more of the members of the Nomination Committee for inclusion on the slate of nominees. (4) The adopted procedures apply only to the determination of the slate of directors to be presented for election at the annual meeting of the shareholders. Any vacancies on the Board of Directors following the annual meeting of shareholders may be filled in the manner currently applicable under the Company's Charter, Bylaws, and applicable state law. (5) The procedures adopted may be amended from time to time by the Board of Directors or by the Nomination Committee, in order to comply with any applicable provision or interpretation of any rule, statute, or stock exchange rule of the exchange on which the Company's stock may be listed.

The nomination procedures adopted are posted on the Company's internet website at www.tengasco.com. In the event of any such amendment to the procedures, the Company intends to disclose the amendments on the Company's internet website within five business days following such amendment.

The other function of this Committee is to oversee the Company's compliance with the corporate governance requirements of the SEC and the American Stock Exchange. The Chairman of the Committee, Carlos P. Salas, is an attorney with experience in the area of securities law.

Other Committees

The Company's Board also has a frontier exploration committee. The members of this Committee in Fiscal 2004 were Jeffrey R. Bailey, John A. Clendening, Richard T. Williams and Carlos P. Salas. The Committee met three (3) times in Fiscal 2004 to discuss new areas of potential development for the Company.

Option Grants For Fiscal 2004

No stock options or stock appreciation rights were granted during fiscal year ended December 31, 2004 to the Chief Executive Officer. None of the Company's other executive officers earned compensation in excess of \$100,000 per annum for services rendered to the Company in any capacity during the fiscal year ended December 31, 2004.

None of the Company's other executive officers earned compensation in excess of \$100,000 per annum for services rendered to the Company in any capacity.

Compensation of Directors

The Board of Directors has resolved to compensate members of the Board of Directors for attendance at meetings at the rate of \$250 per day, together with direct out-of-pocket expenses incurred in attendance at the meetings, including travel. The Directors, however, have waived such fees due to them as of this date for prior meetings.

Members of the Board of Directors may also be requested to perform consulting or other professional services for the Company from time to time. The Board of Directors has reserved to itself the right to review all directors' claims for compensation on an ad hoc basis.

Directors who are on the Company's Audit, Compensation/Stock Option and Nomination and Governance Committees are independent and therefore, do not receive any consulting, advisory or compensatory fees from the Company. However, such Board members may receive fees from the Company for their services on those committees. A new plan to issue cash and/or shares of stock to independent directors for service on the various committees of the Board of Directors was authorized by the Company's Board on May 19, 2005 and is proposed to be approved by shareholders at the Annual Meeting. See, Proposal No. 3 in this proxy statement.

The Company adopted an employee health insurance plan in August 2001. The Company does not presently have a pension or similar plan for its directors, executive officers or employees. Management has considered adopting a 401(k) plan and full liability insurance for directors and executive officers. However, there are no immediate plans to do so at this time.

Employment Contracts

The Company had entered into an employment contract with its former Chief Executive Officer, Richard T. Williams for a period of two years through December 31, 2004 at an annual salary of \$80,000. Dr. Williams resigned as Chief Executive Officer of the Company at the expiration of his employment contract. There are presently no other employment contracts relating to any member of management. However, depending upon the Company's operations and requirements, the Company may offer long term contracts to directors, executive officers or key employees in the future.

CERTAIN TRANSACTIONS

Transactions with Management and Others

Except as set forth hereafter, there have been no material transactions, series of similar transactions or currently proposed transactions during 2004, to which the Company or any of its subsidiaries was or is to be a party, in which the amount involved exceeds \$60,000 and in which any director or executive officer or any security holder who is known to the Company to own of record or beneficially more than 5% of the Company's common stock, or any member of the immediate family of any of the foregoing persons, had a material interest.

The Company's Board of Directors has not adopted any general policy with respect to these transactions, many of which were effected on behalf of the Company by senior management prior to consideration of the transaction by the Board of Directors in light of senior management's perceived urgency of the funding requirements, the limited availability of alternative sources, and the belief that the terms of such transactions were at least as favorable to the Company as could have been obtained through arms-length negotiations with unaffiliated third parties. In each of the loans to the Company by Dolphin Offshore Partners, L.P. (Dolphin), which owns more than ten percent of the Company's outstanding Common Stock and whose general partner, Peter E. Salas, is a Director of the Company, Mr. Salas negotiated on behalf of Dolphin with senior management of the Company as to the terms thereof and did not participate in any Board action with respect thereto.

On February 2, 2004, Dolphin loaned the Company the sum of \$225,000 which was used for making payment of principal and interest to Bank One for February, 2004. This loan was evidenced by a promissory note bearing interest at the rate of 12% per annum, with payments of interest only payable quarterly and the principal balance payable on April 4, 2004. The obligations under the loan were secured by an undivided interest in the Company's Tennessee and Kansas pipelines.

In March, 2004, net proceeds from the Company's Rights Offering in the amount of \$3,850,000 were used to pay the principal amount plus accrued indebtedness owed by the Company to Dolphin for all loans previously made by Dolphin to the Company, including the loan made on February 2, 2004 described above.

The following table sets forth the number of shares of Common Stock purchased in connection with the Rights Offering by persons who at the time were either Directors and Officers of the Company or owners of more than ten percent of the Company's outstanding Common Stock.

Name	Position	Shares Purchased
Stephen W. Akos	Director	48,868
Jeffrey R. Bailey	Director; President	66,287

Richard T. Williams	Director; Chief Executive Officer	190,000
Dolphin Offshore Partners, L.P. ⁽¹⁸⁾	Shareholder	14,248,732 ⁽¹⁹⁾

On May 18, 2004, Dolphin loaned the Company \$2,500,000 bearing interest at 12% per annum with interest payable monthly beginning June 18, 2004 and principal payable on May 18, 2005. This loan is secured by a first lien on the Company's Tennessee and Kansas producing properties and the Tennessee pipeline. The proceeds of this loan were used to fund in part the Company's settlement of its litigation with Bank One.

On December 30, 2004, Neal F. Harding, a Director of the Company, pursuant to the offering made to all holders of the Company's Series A 8% Cumulative Convertible Preferred Stock (Series A Shares) exchanged all of his 1,985 Series A Shares for 4.48 units in the Company's Kansas drilling program.

On December 30, 2004 Dolphin loaned the Company \$550,000 bearing interest at 12% per annum with interest payable quarterly and principal payable on May 20, 2005. This loan is secured by a first lien on the Company's Tennessee and Kansas producing properties and the Tennessee pipeline. The proceeds of this loan were used to fund in part the Company's exchange of cash for a portion of the Company's outstanding Series A Shares.

On March 4, 2005, the Company sold its gas wells, associated gathering system, underlying leases and rights of way located on its Kansas Properties for \$2.4 million. The net proceeds from the sale were used to pay down the Company's note to Dolphin dated May 18, 2004 from its original amount of \$2,500,000 to \$150,000.

Indebtedness of Management

No officer, director or security holder known to the Company to own of record or beneficially more than 5% of the Company's common stock or any member of the immediate family of any of the foregoing persons is indebted to the Company.

Parent of the Issuer

The Company has no parent.

BOARD RECOMMENDATION AND VOTE REQUIRED

For Proposal No. 1 regarding the election of directors, votes may be cast in favor of all nominees, may be withheld with regard to all nominees or may be withheld only with regard to nominees specified by the stockholder. Directors will be elected by a plurality of the votes of the shares of the Company's common stock present in person or represented by proxy, and entitled to vote on the election of directors at a meeting at which a quorum is present. Abstentions are tabulated in determining the votes present at a meeting. Consequently, an abstention has the same effect as a vote against a director-nominee, as each abstention would be one less vote in favor of a director nominee. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter (i.e., a broker non-vote), those shares will not be considered as present and entitled to vote with respect to that matter. The Board of Directors recommends that stockholders vote FOR the nominees set forth above. Unless marked to the contrary, proxies received will be voted FOR the nominees set forth above.

PROPOSAL NO. 2

**APPROVAL OF AMENDMENT TO THE TENGASCO, INC.
STOCK INCENTIVE PLAN TO INCREASE THE
NUMBER OF SHARES THAT MAY BE
ISSUED UNDER THE PLAN**

The Board of Directors of the Company (the Board) on October 25, 2000 adopted the Tengasco, Inc. Stock Incentive Plan (the Plan) to provide an incentive to key employees, officers, directors and consultants of the Company and its present and future subsidiary corporations, and to offer an additional inducement in obtaining the services of such individuals. The plan was approved by the Company s shareholders on June 26, 2001. Under the Plan a maximum of 1,000,000 shares of the Company s \$.001 par value per share (Common Stock) are issuable. The Plan provides for the grant to employees of the Company of Incentive Stock Options, within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the Code), Nonqualified Stock Options to outside Directors and consultants to the Company and stock appreciation rights (SARs).

On May 19, 2005, the Board of Directors, upon recommendation of the Compensation/Stock Option Committee approved, subject to shareholder approval an amendment to the Plan, attached hereto as Appendix A, which provides for the an increase of the aggregate number of shares that may be issued under the Plan from 1,000,000 shares to 3,500,000 shares. All other terms of the Plan remain unchanged.

As of June 1, 2005, there were outstanding options to purchase 282,028 shares granted under the Plan. In addition, the Stock Option/Compensation Committee recently recommended subject to shareholder approval to amend the Plan, options to purchase 1,250,000 shares to Jeffrey R. Bailry, President; 400,000 shares to Mark A. Ruth, Chief Financial Officer; 400,000 shares to Cary V. Sorensen, Vice-President, General Counsel and Corporate Secretary; and, 200,000 shares to be issued to employees of the Company whose performance in the President s discretion warrant the award of such options. All options granted under the Plan were granted at an exercise price at least equal to the market price of the Common Stock on the date of the grant of such options.

Because the number of shares under the existing Plan are not sufficient to cover the options awarded, at the Annual Meeting, the shareholders will be asked to approve the amendment to the Plan. Shareholder approval of the proposed amendment is required pursuant to the terms of the Plan and the rules and policies of the American Stock Exchange. The purpose of this amendment to the Plan is to provide the Company with a greater ability to attract and retain qualified individuals as employees consultants, officers and directors by the granting of options and stock appreciations rights. In order to attract and retain such individuals the Company needs to be in a position to offer options to acquire shares of the Company s common stock in excess of the 1,000,000 share maximum under the current Plan.

The following summary description of the principal terms of the Plan, does not purport to be complete and is qualified in its entirety by the full text of the Plan, as amended, a copy of which may be obtained without cost upon written request to the Secretary of the Company.

TERMS OF THE PLAN

Administration

The Plan is administered by the Compensation/Stock Option Committee (the **Committee**) which is appointed by the Company's Board of Directors.

Eligibility

The Plan provides for the grant to employees of the Company of Incentive Stock Options, within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the **Code**), Nonqualified Stock Options to outside Directors and consultants to the Company and stock appreciation rights (**SARs**). The Plan is open to participation by any person or entity that renders bona fide services to the Company, including, without limitation, (i) a person employed by the Company in a key capacity; (ii) an officer or director (including advisory or other directors) of the Company; and (iii) a person or company engaged by the Company as a consultant or advisor.

In determining the persons to whom Options or SARs shall be granted (hereinafter an individual who receives a grant of an Option or SAR is referred to as the **Recipient**) and the number of shares to be covered by each Option or SAR, the Committee takes into account the duties of the respective persons, their past, present and potential contributions to the success of the Company, and such other factors as the Committee shall deem relevant to accomplish the purposes of the Plan.

A Recipient shall be eligible to receive more than one grant of an Option or SAR during the term of the Plan.

Without amending the Plan, the Board of Directors may grant Options and SARs under the Plan to employees of the Company who are foreign nationals or employed outside the United States, or both, on such terms and conditions different from those specified in the Plan but consistent with the purpose of the Plan, as it deems necessary and desirable to create equitable opportunities given differences in tax laws of other countries.

Termination of the Plan and Amendment

No options may be granted under the Plan after October 24, 2010. The Plan may be amended consistent with applicable laws and regulations, suspended or terminated at any time by the Committee. The Committee may decrease the number of shares subject to the Plan and may increase such number but only as a consequence of a stock split, reorganization, merger, recapitalization or other change in the corporate structure of the Company affecting all shares of Common Stock, as more specifically explained in the Plan. No termination or amendment of the Plan shall, without the consent of the Recipient of an existing Option or SAR, adversely affect his rights under such Option or SAR.

Grant of Options and SARs

Each option or SAR granted under the Plan shall be evidenced by a written agreement (the Agreement) between the Company and the Recipient which shall state the number of shares covered by the option or SAR; the exercise price for the option or the base price for the SAR; and, the period during and times at which the option or SAR shall be exercisable. The Fair Market Value of the Company's Common Stock on the date such Option and SAR is granted shall be the closing price per share of Common Stock on the American Stock Exchange on that day or if the Common Stock is not listed on a national securities exchange it shall be determined by the Committee.

The purchase price of a Nonqualified Stock Option may not be less than 85% of the Fair Market Value of shares of Common Stock underlying such option and the Committee and the Recipient shall also pay the full amount of any required Federal, state or local withholding tax. The Committee may permit the Recipient to pay the withholding tax by having the Company withhold Shares having a Fair Market Value at the time of exercise equal to the amount required to be withheld.

The purchase price of an Incentive Stock Option may not be less than 100% of the Fair Market Value of shares of Common Stock underlying such option and must be exercisable within ten years from the date it was granted. The aggregate Fair Market Value of the shares of Common Stock underlying an Incentive Stock Option which are exercisable during any calendar year during the term of such Option shall not exceed \$100,000.

The purchase price of any Incentive Stock Option granted to any Employee of the Company who owns more than 10% of the total combined voting power of all classes of stock of the Company shall be 110% of the Fair Market Value of the shares of Common Stock underlying such option on the date it is granted and such option must be exercisable within 5 years from the date it was granted.

In the event any Option granted as an Incentive Stock Option fails to conform to the applicable requirements, it shall be treated and honored by the Company as a Nonqualified Stock Option.

An SAR may be granted separately, in tandem with or in addition to any option, and may be granted before, simultaneously with or after the grant of an option hereunder.

The Company may, in its sole discretion and without the consent of the Recipient, elect at any time to convert any Option granted under the Plan to a SAR. In the event of such an election, any converted SAR shall remain in effect until the Option involved would have expired under the terms of the Agreement with the Recipient. The value of such a SAR shall be determined using the Fair Market Value of the Shares subject to the Option on the date the Option was first granted. Notice of such an election shall be provided to the Recipient as soon as feasible after the date of the election.

Exercise of Option or SAR

Upon the exercise of an Option, payment of the option purchase price shall be paid in full unless the Agreement permits installment payments. The purchase price for the option shall be paid in cash, or in shares of Common Stock having a Fair Market Value equal to such option price, or in property or in a combination of cash shares and property and, subject to approval of the Committee, may be effected in whole or in part with funds received from the Company at the time of exercise as a compensatory cash payment.

Upon the exercise of an SAR, the Committee shall issue to the Recipient either (1) Shares of Common Stock based on the Fair Market Value on the date of payment (with any fractional Shares to be paid in cash), (2) cash or (3) a combination of Shares and cash, equal in value to the amount payable under the SAR. Any cash payment to be made by the Company may, as determined by the Committee in its sole discretion, be payable in installments over a period of no more than 6 months.

Termination of Association with the Company

In the event a Recipient ceases to be an employee or Director of, or consultant to, the Company (other than for reasons of disability retirement or death) all Options and SARs granted to the Recipient prior to the date of termination may be exercised at any time within three months after the date of termination, but in no event after the term of the Option or SAR if it expires prior to the end of that three month period. In the event a Recipient's employment, consulting or other relationship is terminated for cause, all Options and SARs previously granted to such Recipient to the extent not previously exercised will terminate immediately.

Death, Disability or Retirement

If a Recipient retires or dies while he is associated with the Company or whose association with the Company is terminated by reason of a permanent and total disability (as defined in Section 22(e) (3) of the Code), any option or SAR granted to the Recipient may be exercised by the Recipient or by the Recipient's estate or by a person who acquired the right to exercise such options or SARs by reason of the death or Disability of the Recipient, at any time within one year after the date of death, disability or retirement of the Recipient unless the term of the Option or SAR expires prior to that time; provided, however, that in the case of an Incentive Stock Option such one-year period shall be limited to three months in the case of retirement.

Laws and Regulations

The obligation of the Company to issue and deliver shares following the exercise of an Option or payment upon the exercise of an SAR under the Plan shall be subject to the condition that the Company be satisfied that the sale and delivery thereof will not violate any Federal or state securities laws or any other applicable laws, rules or regulations.

Discretion as to Awards

The Committee shall have absolute discretion to determine when and to whom grants of Options or SARs under the Plan are to be made, and the number of shares and exercise prices to be awarded. No person shall have any tacit or other right to an award of an Option or SAR unless and until an explicit award under the Plan has been made.

Nature of the Plan

The Plan is strictly compensatory in nature and is not in the nature of savings, dividend reinvestment, profit-sharing or pension plan. Accordingly, the Plan has no assets or funds to be administered or invested by its administrators. Please note that participants do not and will not own any interest of any kind in the Plan itself.

Tax Matters

ERISA Applicability

The Plan, the award shares and option shares issuable thereunder, are not subject to the Employee Retirement Income Security Act of 1974, as amended.

Federal Income Tax Consequences

Recipients

Options

Options granted under the Plan may be either Nonqualified Stock Options or Incentive Stock Options qualifying under Section 422A of the Code.

Non Qualified Stock Options

A Recipient is not subject to Federal income tax upon the grant of a Nonqualified Stock Option. At the time of exercise, the Recipient will realize compensation income (subject to withholding) to the extent that the then Fair Market Value of the Option Shares exceeds the purchase price of the Option. The amount of such income will constitute an addition to the Recipient's tax basis in the Option Shares. Sale of the Shares will result in capital gain or loss (long-term or short-term) depending on the Recipient's holding period. The Company is entitled to a Federal tax deduction at the same time and to the same extent that the Recipient realizes compensation income.

Incentive Stock Options

Options granted under the Plan denominated as Incentive Stock Options are intended to constitute incentive stock options under Section 422A of the Code. A Recipient is not subject to Federal income tax upon either the grant or exercise of an Incentive Stock Option. If the Recipient holds the shares acquired upon exercise for at least one year after issuance of the Option Shares and until at least two years after grant of the Option (the Requisite Holding Period), then the difference between the amount realized on a subsequent sale or other taxable disposition of the shares and the option price will constitute long-term capital gain or loss. To obtain favorable tax treatment, an Incentive Stock Option must be exercised within three months after termination of employment (other than by retirement, disability, or death) with the Company or a 50% subsidiary. To obtain favorable tax treatment, an Incentive Stock Option must be exercised within three months of retirement or within one year of cessation of employment for disability (with no limitation in the case of death), notwithstanding any longer exercise period permitted under the terms of the Plan. The Company will not be entitled to a Federal tax deduction with respect to the grant or exercise of the Incentive Stock Option.

If the Recipient sells the Option Shares acquired under an Incentive Stock Option before the Requisite Holding Period, he or she will be deemed to have made a disqualifying disposition of the shares and will realize compensation income in the year of disposition equal to the lesser of the fair market value of the shares at exercise or the amount realized on their disposition over the option price of the shares. (However, if the disposition is by gift or by sale to a related party, the compensation income must be measured by the value of the shares at exercise over the option price.) Any gain recognized upon a disqualifying disposition in excess of the ordinary income portion will constitute either short-term or long-term capital gain. In the event of a disqualifying disposition, the Company will be entitled to a Federal tax deduction in the amount of the compensation income realized by the Recipient.

In addition to the federal income tax consequences described above, a Recipient may be subject to the alternative minimum tax, which is payable to the extent it exceeds the Recipient's regular tax. For this purpose, upon the exercise of an Incentive Stock Option, the excess of the Fair Market Value of the Option Shares over the exercise price for such shares is a tax preference item. In addition, the Recipient's basis in the Option Shares is increased by such amount for purposes of computing the gain or loss on the disposition of the shares for alternative minimum tax purposes. If a Recipient is required to pay an alternative minimum tax, the amount of such tax which is attributable to deferral preferences (including the incentive stock option preference) is allowed as a credit against the Recipient's regular tax liability in subsequent years. To the extent the credit is not used, it is carried forward.

SARs

SARs may be awarded with respect to both Incentive Stock Options and Nonqualified Stock Options under the Plan. A Recipient is not taxed upon the grant of an SAR. A Recipient exercising an SAR for cash will realize compensation income (subject to withholding) in the amount of the cash received. The Company is entitled to a tax deduction at the same time and to the same extent that the Recipient realizes compensation income.

The Company

The grant and exercise of Incentive Stock Options and Nonqualified Stock Options under the Plan generally have no direct tax consequences to the Company. The Company generally will be entitled to a compensation deduction with respect to any ordinary income recognized by a Recipient including income that results from the exercise of a Nonqualified Stock Option, SAR or a disqualifying disposition of an Incentive Stock Option. Any such deduction will be subject to the limitations of Section 162(m) of the Code which generally disallows a public company's tax deduction for compensation to covered employees in excess of \$ 1 million in any tax year beginning on or after January 1, 2004. Compensation that qualifies as performance-based compensation is excluded from the \$1 million deductibility cap, and therefore remains fully deductible by the company that pays it. The Company believes that the options and SARs it grants under the Plan will be considered performance-based and not subject to the deduction limitations of Section 162(m). Future changes in Section 162(m) or the regulations thereunder may adversely affect the Company's ability to ensure that grants under the Plan will qualify as performance-based compensation that is fully deductible by the Company.

The foregoing is only a summary of the effect of federal income taxation upon the Recipient and the Company with respect to grants under the Plan. It does not purport to be complete and does not discuss, among other things, the tax consequences arising in the event of a Recipient's death or the income tax laws of the municipality or state under which the Recipient's income may be taxable.

NEW PLAN BENEFITS

Other than the options previously granted under the Plan as set forth above, any future grants under the Plan are subject to the discretion of the Committee and therefore, are not determinable at this time. Each grant of an Incentive Stock Option will be made at fair market value on the date of the grant; the Company expects that each award other than an Incentive Stock Option will be made with an exercise price at or near the market value of the Company's Common Stock on the day of grant. The value of each such grant depends on the fair market value of the Company's Common Stock on the day of exercise and therefore, can not be determined or estimated at this time. Since neither future grants or the value of such grants under the Plan can be determined at this time a new benefits table, as described in the federal proxy rules, is not provided.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information regarding the number of shares of Common Stock that were subject to outstanding stock options or other compensation plan grants and awards at the end of Fiscal 2004. As of the end of Fiscal 2004, the only equity compensation awards granted by the Company have been pursuant to the Plan.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding, options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders	295,153	\$1.26	704,847
Equity compensation plans not approved by security holders	0	N/A	0
Total	295,153	\$1.26	704,847

BOARD RECOMMENDATION AND VOTE REQUIRED

The Board deems approval of the amendment to the Plan to be in the best interests of the Company and therefore, recommends a vote FOR the amendment to the Plan. If a quorum is present at the annual meeting, the amendment to the Plan will be approved upon the affirmative vote by a majority of votes cast on the proposal, provided that the total votes cast on the proposals represents a majority of the shares entitled to vote on the proposal. Unless otherwise directed by the stockholder giving the proxy, the proxy will be voted for the approval of the amendment to the Plan. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter (i.e., a

broker non-vote), those shares will not be considered as present and entitled to vote with respect to that matter. An abstention from voting by a stockholder present in person or by proxy at the meeting has the same legal effect as a vote against Proposal No. 2 because it represents a share present or represented at the meeting and entitled to vote, thereby increasing the number of affirmative votes required to approve this proposal.

PROPOSAL NO. 3

APPROVAL OF A PLAN FOR

COMPENSATION OF INDEPENDENT DIRECTORS

GENERAL

The Company's Board of Directors has adopted a resolution approving, declaring advisable and recommending to the stockholders for their approval, a proposal to approve and adopt a plan or arrangement (the "Plan") providing that the Board of Directors may in its discretion from time to time to compensate independent outside directors either in cash or in stock, provided that such compensation does not exceed the limits of compensation for determination of the independence of directors under rules and regulations of the Securities and Exchange Commission or the American Stock Exchange ("AMEX"). The approval of such a plan or arrangement by the stockholders is necessary to comply with the AMEX rule that any plan or arrangement whereby any director may be compensated in stock or other equity-based compensation requires prior shareholder approval, and to specifically allow grants to independent directors in the future under the Plan without additional shareholder action or approval.

REASONS FOR THE PLAN

The Board of Directors has approved the Plan and recommends its approval by the stockholders because such a plan is viewed as a minimum level of potential compensation that is necessary in order for the Company to attract or cause qualified individuals to serve on the Company's Board of Directors in the capacity of independent directors, with the attendant duties and obligations of service on the Company's Audit, Compensation/Stock Option, and Nominating and Corporate Governance committees. The corporate governance requirements of the Sarbanes-Oxley Act, the SEC and the American Stock Exchange emphasize the need and importance of the Company to be able to attract and retain qualified independent directors. Without such independent directors the Company's ability to comply with the foregoing rules and regulations would be severely and negatively impacted. The Company does not presently compensate any director, whether or not such director is considered independent, for service on the Board or on any committee of the Board.

OPERATION OF THE PLAN

The Plan will operate as follows:

At any time, and from time to time, the Board of Directors may grant compensation to any or all independent directors serving on the Company's Board of Directors as the Board may deem appropriate in the form of cash or Company stock, provided that the value of such compensation does not exceed the limits of compensation for determination of the independence of directors under rules and regulations of the Securities and Exchange Commission or the American Stock Exchange (AMEX) or such other exchange upon which shares of the Company may be listed. The Board may, but is not required, to consider the recommendations of the Compensation/Stock Option Committee with regard to any such cash or equity compensation to be awarded.

A determination to grant compensation in cash or in stock or combination thereof shall be made by a majority vote of the directors present at any regular or special meeting of the Board of Directors or in an action taken without meeting as provided by state law. Any independent director may, but shall not be required to, abstain from the vote upon any such determination of grant that may be a grant to that director; provided however that all directors shall vote on such determination if one or more abstention(s) by independent director(s) for this reason would reduce the number of directors present and voting to less than a majority of the directors present at the meeting. No vote by any independent director on any such proposal whether voluntary or required by the previous sentence shall be considered to be a conflict of interest under state law sufficient to invalidate the determination by the Board to make the grant.

The Board of Directors may award such cash or stock to any number of independent directors as it deems appropriate, and may but is not required to award cash or stock to all independent directors at such time any award to one or more independent directors is made. Such awards may be for past, present, or future service as the Board in its discretion may determine to be appropriate. Such awards may be made at any time, and from time to time in the future without need for any additional shareholder approval as to any future award under this Plan, as the Board in its discretion shall deem appropriate and necessary to adequately compensate one or more independent directors for service on the Board or its committees.

The Board of Directors is specifically authorized to issue upon shareholder approval of this Plan, 100,000 shares to Clarke H. Bailey; 100,000 shares to John Clendening; and 50,000 shares to Neal Harding in replacement of those shares previously authorized by the Board for service as independent directors, issued by the Company in December 2004, and returned to the Company as requested and thereafter cancelled by the Company. This authorization shall not prevent or affect the issuance of any additional cash or shares to these named persons as the Board may from time to time in the future deem to be appropriate.

The award of cash or stock pursuant to the Plan shall not affect any determination by the Compensation/Stock Option Committee to grant options to any independent director under the Tengasco, Inc. Stock Incentive Plan administered by that committee.

Any shares issued pursuant to an award under the Plan shall be unregistered shares and bear appropriate restrictions upon transfer, unless by further specific determination of the Board any stock to be awarded is to be an award of stock that is registered under federal securities laws or has become free of restrictions upon transfer by operation of securities laws (e.g. stock purchased by the Company on the open market).

The Plan shall terminate on the later of July 19, 2015 or ten years following the additional approval of the Plan by the shareholders of the Company at any annual or special meeting of the shareholders held after July 19, 2005.

BOARD RECOMMENDATION AND VOTE REQUIRED

The Board believes that approval of the proposed plan is in the best interests of the Company and recommends that you vote FOR the proposal. The affirmative vote of the holders of a majority of the shares present and voting at the meeting in person or by proxy will be required to approve the Plan. Unless otherwise directed by the stockholder giving the proxy, the proxy will be voted for the approval of the Plan. Shares voted as abstaining will count as votes cast. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter (i.e., a broker non-vote), those shares will not be considered as present and entitled to vote with respect to that matter. An abstention from voting by a stockholder present in person or by proxy at the meeting has the same legal effect as a vote against the Plan, because it represents a share present or represented at the meeting and entitled to vote, thereby increasing the number of affirmative votes required to approve this proposal.

PROPOSAL NO. 4

RATIFICATION OF SELECTION OF

RODEFER MOSS & CO, PLLC AS INDEPENDENT AUDITORS

Pursuant to its review of outside audit requirements, the Audit Committee of the Board of Directors of the Company requested proposals for its independent auditor services for the year ending December 31, 2005 (Fiscal 2005). After reviewing these proposals the Audit Committee on May 31, 2005 determined to engage Rodefer Moss & Co, PLLC, which has one of its offices in Knoxville, Tennessee, as independent certified public accountants, to audit the accounts for the Company for Fiscal 2005. The Company's prior accountants, BDO Seidman, LLP had audited the Company's financial statements for the fiscal years ended December 31, 2003 and 2004. The Company is advised that neither Rodefer Moss & Co, PLLC nor any of its partners has any material direct or indirect relationship with the Company. The Audit Committee considers Rodefer Moss & Co, PLLC to be well qualified for the function of serving as the Company's auditors. Tennessee law does not require the approval of the selection of auditors by the Company's stockholders, but in view of the importance of the financial statements to stockholders, the Board of Directors deems it desirable that they pass upon its selection of auditors. In the event the stockholders disapprove of the selection, the Board of Directors will consider the selection of other auditors.

Previous Independent Auditors

(a) BDO Seidman LLP's audit reports on the financial statements for the years ended December 31, 2003 and 2004 were qualified for an uncertainty as to the Company's ability to continue as a going concern. BDO Seidman LLP's audit reports for those periods contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to audit scope or accounting principles.

(b) During the two most recent fiscal years ended December 31, 2003 and 2004 and the subsequent interim period through May 31, 2005, there were no disagreements with BDO Seidman LLP on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure which, if not resolved to BDO Seidman LLP's satisfaction, would have caused them to make reference to the subject matter of the disagreement in connection with their reports.

(c) None of the reportable events set forth in Item 304(a)(1)(v) of Regulation S-K occurred within the years ended December 31, 2003 and 2004 or within the period from January 1, 2005 through May 31, 2005 except, as previously reported in the Company's Quarterly Report on Form 10-Q for the quarter ending September 30, 2004 and in its Annual Report on Form 10-K for the year ended December 31, 2004 for one matter in 2004 that the Company's disclosure controls and procedures were not effective with respect to that matter to ensure that material information was recorded, processed, summarized and reported by management of the

Company on a timely basis in order to comply with the Company's disclosure obligations under the Securities Exchange Act of 1934, and the rules and regulations thereunder. The matter involved an error in the calculation of the estimated fair value of the Company's mandatory preferred stock for presentation in accordance with Statement of Financial Accounting Standard No. 150 Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity. Management noted that the matter (i) related principally to the implementation of complex and new calculations under a newly implemented accounting standard, and (ii) that the error described did not result from the failure of the Company's disclosure controls and procedures to make known to the appropriate officials and auditors the facts concerning the Company's convertible preferred stock. Management after consulting with BDO determined that this could be remedied by continuing education and professional development of accounting staff on new accounting pronouncements and their application would be sufficient to prevent any similar reoccurrence. The Company is continuing to provide necessary and appropriate educational and professional development and such efforts have remediated the material weakness described herein.

(d) The Audit Committee of the Board of Directors participated in and approved the decision to change accountants.

(e) The Company has provided BDO Seidman LLP with a copy of the foregoing statements and requested that BDO furnish it with a letter addressed to the Securities and Exchange Commission stating whether or not it agrees with such statements. A copy of such letter dated June 3, 2005 is attached hereto as Appendix B.

New Independent Accountants

Prior to its engagement of Rodefer Moss & Co, PLLC as its new independent auditors, the Company did not consult with Rodefer Moss & Co, PLLC regarding (i) the application of accounting principles to a specified transaction, either completed or proposed; (ii) the type of audit opinion that might be rendered by Roderfer Moss & Co, PLLC on the Company's financial statements; or (iii) any other matter that was the subject of a disagreement between the Company and its former auditors as described in Item 304(a)(1)(iv) of Regulation S-K or a reportable event as that term is defined in Item 304(a)(1)(v).

AUDIT AND NON-AUDIT FEES

The following table presents the fees for professional audit services rendered by the Company's prior independent accountants, BDO Seidman, LLP, for the audit of the Company's annual consolidated financial statements for the fiscal years ended December 31, 2004 and December 31, 2003, and fees for other services rendered by BDO Seidman, LLP during those periods:

Fee Category	Fiscal 2004	Fiscal 2003
Audit Fees	\$ 155,000	\$ 209,310
Audit-Related Fees	\$ 0	\$ 0
Tax Fees	\$ 0	\$ 0
All Other Fees	\$ 12,000	\$ 7,250
Total Fees	\$ 167,000	\$ 216,560

Audit fees include fees related to the services rendered in connection with the annual audit of the Company's consolidated financial statements, the quarterly reviews of the Company's quarterly reports on Form 10-Q and the reviews of and other services related to registration statements and other offering memoranda. The audit fees in 2004 were substantially less than in 2003 due to the settlement of the Company's litigation with Bank One in May 2004.

Audit-related fees are for assurance and related services by the principal accountants that are reasonably related to the performance of the audit or review of the Company's financial statements.

Tax Fees include (i) tax compliance, (ii) tax advice, (iii) tax planning and (iv) tax reporting.

All Other Fees includes fees for all other services provided by the principal accountants not covered in the other categories such as litigation support, etc. In 2004, the amount of fees in this category were higher than in 2003 due to fees for services performed by BDO Seidman, LLP in connection with the Company's filing of a registration statement on Form S-1 with the SEC for the Rights Offering which offering was completed in March 2004.

All of the services for 2003 and 2004 were performed by the full-time, permanent employees of BDO Seidman, LLP.

All of the 2004 services described above were approved by the Audit Committee pursuant to the SEC rule that requires audit committee pre-approval of audit and non-audit services provided by the Company's independent auditors to the extent that rule was applicable during fiscal year 2004. The Audit Committee considered whether the provisions of such services, including non-audit services, by BDO Seidman, LLP was compatible with maintaining BDO Seidman, LLP's independence and concluded that it was.

BOARD RECOMMENDATION AND VOTE REQUIRED

The Board of Directors recommends that you vote in favor of the above proposal to ratify the appointment of Rodefer Moss & Co, PLLC as independent auditors of the Company for Fiscal 2005.

A representative of Rodefer Moss & Co, PLLC is expected to be present at the Annual Meeting with the opportunity to make a statement if he desires to do so, and is expected to be available to respond to appropriate questions.

Ratification will require the affirmative vote of a majority of the shares present and voting at the meeting in person or by proxy. In the event ratification is not provided, the Audit Committee and the Board of Directors will review the future selection of the Company's independent auditors.

Unless otherwise directed by the stockholder giving the proxy, the proxy will be voted for the ratification of the selection by the Board of Directors of Rodefer Moss & Co, PLLC as the Company's independent certified public accountants for Fiscal 2005. Shares voted as abstaining will count as votes cast. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter (i.e., a "broker non-vote"), those shares will not be considered as present and entitled to vote with respect to that matter. An abstention from voting by a stockholder present in person or by proxy at the meeting has the same legal effect as a vote against Proposal No. 3 because it represents a share present or represented at the meeting and entitled to vote, thereby increasing the number of affirmative votes required to approve this proposal.

STOCKHOLDERS PROPOSALS

Proposals of stockholders intended to be presented at the 2006 annual meeting must be received in writing, by the President of the Company at its offices by March 11, 2006 in order to be considered for inclusion in the Company's proxy statement relating to that meeting.

SEC rules and regulations provide that if the date of the Company's 2006 Annual Meeting is advanced or delayed more than 30 days from the date of the 2005 Annual Meeting, stockholder proposals intended to be included in the proxy materials for the 2006 Annual Meeting must be received by the Company within a reasonable time before the Company begins to print and mail the proxy materials for the 2006 Annual Meeting. Upon determination by the Company that the date of the 2006 Annual Meeting will be advanced or delayed by more than 30 days from the date of the 2005 Annual Meeting, the Company will disclose such change in the earliest possible Quarterly Report on Form 10-Q.
