- . *Continued gross margin improvement to 54.7%*
- . *Q3 GAAP EPS of \$0.28 fully diluted, up 33% versus Q3:03*

Ra`anana, Israel, November 3, 2004 - NICE Systems (NASDAQ: NICE), a global provider of advanced solutions that enable organizations to extract the value hidden within multimedia interactions to drive performance today announced results for the quarter ending September 30, 2004.

Revenue for the third quarter of 2004 was a record \$63.5 million, up 14% from the same quarter of 2003 and up 4% sequentially due to continued strong sales to enterprise customers and better traction in the public sector markets including video surveillance, public safety solutions, and lawful interception.

Net income increased 48% to \$5.2 million, or \$0.28 per fully diluted share, compared with \$3.5 million, or \$0.21 per fully diluted share in the third quarter of 2003. EPS increased 17% sequentially.

Commenting on the quarter, Haim Shani, president and CEO of NICE, said, "We again achieved record revenues and we were particularly pleased to see that we are beginning to get some traction in the public sector where revenues were up 18% year over year and up 17% sequentially."

Gross margin increased to 54.7% from 53.0% in Q3 of 2003 and 54.3% in Q2 of 2004, primarily due to increased volume.

"As planned, we continued to spend on our key strategic initiatives, including the launch of NICE Perform," continued Mr. Shani. "Even with this continued investment, we were able to substantially increase our operating profit."

The company reported a Q3 operating profit of \$5.1 million, up 118% from \$2.3 million in the year earlier period, and up 31% from \$3.9 million in the second quarter of 2004. Operating margin increased to 8.1% from 4.2% in Q3 of 2003 and 6.4% in Q2 of 2004.

Total cash and equivalents at September 30, 2004 rose to \$146.0 million, compared with \$135.8 million at June 30, 2004. DSO for the third quarter was 68 days, at the low end of the target range.

"Demand for VoIP products remains strong, also contributing to our growing orders. During the quarter NICE filed a lawsuit against Witness Systems seeking an injunction preventing the sale by Witness of any solution which infringes NICE's VoIP patent. Witness has, in retaliation, filed a patent infringement suit claiming that NICE has infringed two of its patents relating to

screen capture. We believe the suit is without merit and will defend ourselves vigorously against this retaliatory claim.

Commenting on the outlook, Mr. Shani said, "Similar to last year, we expect a very strong fourth quarter. We continue to experience strong bookings with over a 1:1 book to bill ratio, and we were gratified that Q3 bookings included 8 deals for our new NICE Perform suite which was launched at the beginning of the quarter. No revenue from these deals was recognized in Q3.

"We reiterate our guidance for the year, and expect revenues in Q4 to grow to between \$67 million and \$70 million, with EPS between \$0.44 and \$0.49. 2005 promises to be another year of growth in both the enterprise and public sectors with excellent operating leverage that will enable our EPS to grow substantially faster than revenue," continued Mr. Shani. Our preliminary guidance for 2005 calls for revenues between \$275 and \$280 million and EPS of \$1.40 to \$1.50."
