REFLECT SCIENTIFIC, INC.

Notes to the Consolidated Financial Statements September 30, 2004 and December 31, 2003

NOTE 1 - BASIS OF FINANCIAL STATEMENT PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared by the Company pursuant to accounting principles generally accepted in the United States of America. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted in accordance with such rules and regulations. The information furnished in the interim condensed consolidated financial statements include normal recurring adjustments and reflects all adjustments, which, in the opinion of management, are necessary for a fair presentation of such financial statements. Although management believes the disclosures and information presented are adequate to make the information not misleading, it is suggested that these interim condensed consolidated financial statements be read in conjunction with the Company's most recent audited consolidated financial statements and notes thereto included in its December 31, 2003 financial statements. Operating results for the nine months ended September 30, 2004 are not necessarily

indicative of the results that may be expected for the year ending December 31, 2004.

NOTE 2 - ACQUISITION OF REFLECT SCIENTIFIC

On December 30, 2003, pursuant to an agreement and plan of reorganization, the Company completed a reverse merger with the shareholder of Reflect Scientific, Inc. in which it acquired 100% of Reflect Scientific, Inc., a California Company in exchange for 22,914,949 common shares of the Company. The terms of the acquisition are detailed in an 8-K filing dated December 31, 2003. Under the terms of the agreement, the President of Reflect Scientific, Inc. became the President of the Company and was elected to the Board of Directors, the acquisition was accounted for as a recapitalization of Reflect Scientific, Inc. controlled the Company after the acquisition. Reflect Scientific, Inc. was treated as the acquiring entity for accounting purposes and Cole, Inc. was the surviving entity for legal purposes. There was no adjustment to the carrying values of the assets or liabilities of Reflect Scientific, Inc. and no goodwill was recorded.

Item 2. Management's Discussion and Analysis or Plan of Operation.

Results of Operations.

Our revenues increased during the quarter ended September 30, 2004, to \$522,600 from \$457,067 for the quarter ended September 30, 2003, primarily as a result of a general improvement in sales across several new product lines and improving market conditions.

Our cost of goods increased in the period ending September 30, 2004, as compared to September 30, 2003, to \$319,435 from \$254,829. The difference was partly as a result of an increase in sales, increased raw material costs and increased labor costs.

General and administrative expenses increased to \$88,124 during the quarter ended September 30, 2004, from \$35,374 during the quarter ended September 30, 2003. This increase was due to the addition of one full-time employee, increased payroll and increased operational expenses, like legal and accounting fees.

Liquidity and Capital Resources.

Our cash resources at September 30, 2004, were \$34,668, with accounts receivable of \$319,129. We have relied on revenues and lines of credit for our cash resources. At September 30, 2004, we had utilized \$268,985 of our \$400,000 line of credit. These funds should be adequate for the next 12 months for continuing operations; however, plans for expansion will require additional capital of between \$500,000 and \$750,000.

Forward-Looking Statements.

The Private Securities Litigation Reform Act of 1995 (the "Act") provides a safe harbor for forward-looking statements made by or on behalf of our Company. Our Company and its representatives may from time to time make

written or oral statements that are "forward- looking," including statements contained in this Quarterly Report and other filings with the Securities and Exchange Commission and in reports to our Company's stockholders. Management believes that all statements that express expectations and projections with respect to future matters, as well as from developments beyond our Company's control including changes in global economic conditions are forward-looking statements within the meaning of the Act. These statements are made on the basis of management's views and assumptions, as of the time the statements are made, regarding future events and business performance. There can be no assurance, however, that management's expectations will necessarily come to pass. Factors that may affect forward-looking statements include a wide range of factors that could materially affect future developments and performance, including the following:

Changes in Company-wide strategies, which may result in changes in the types or mix of businesses in which our Company is involved or chooses to invest; changes in U.S., global or regional economic conditions, changes in U.S. and global financial and equity markets, including significant interest rate fluctuations, which may impede our Company's access to, or increase the cost of, external financing for our operations and investments; increased competitive pressures, both domestically and internationally, legal and regulatory developments, such as regulatory actions affecting environmental activities, the imposition by foreign countries of trade restrictions and changes in international tax laws or currency controls; adverse weather conditions or natural disasters, such as hurricanes and earthquakes, labor disputes, which may lead to increased costs or disruption of operations.

This list of factors that may affect future performance and the accuracy of forward-looking statements is illustrative, but by no means exhaustive. Accordingly, all forward-looking statements should be evaluated with the understanding of their inherent uncertainty.

Item 3. Controls and Procedures.

As of the end of the period covered by this Quarterly Report, we carried out an evaluation, under the supervision and with the participation of our President and Treasurer, of the effectiveness of our disclosure controls and procedures. Based on this evaluation, our President and Treasurer concluded that our disclosure controls and procedures are effective in timely alerting them to material information required to be included in our periodic Securities and Exchange Commission reports. It should be noted that the design of any system of controls is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how remote. In addition, we reviewed our internal controls over financial reporting, and there have been no changes in our internal controls or in other factors in the last fiscal quarter that has materially affected or is reasonably likely to materially affect our internal control over financial reporting.
