#### **Recent Executive Officer and Director Changes**

Dr. Ferdinand von Prondzynski was appointed as a director in November 2001.

On January 16, 2002, we announced that David C. Drummond, who has been our Executive Vice President and Chief Financial Officer since July 1999 and a member of our board of directors since February 1, 2001, would be stepping down from his position. His resignation from his executive officer position and his position as a member of the company's Board of Directors has become effective. SmartForce has transitioned Mr. Drummond's duties to other officers of the company. We have undertaken an executive search for a new Chief Financial Officer.

On April 8, 2002, Thomas F. McKeagney, who has been our Executive Vice President of Research and Development since 2001, stepped down from his executive officer position. His resignation from his executive officer position has become effective.

#### **SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires our officers (as defined in the rules under Section 16) and directors, and persons who own more than ten percent of a registered class of our equity securities, to file certain reports with the SEC and the NASD regarding ownership of, and transactions in, our securities. Such officers, directors and ten percent holders are also required by the SEC's rules to furnish to us copies of all Section 16(a) forms that they file.

Based solely on its review of the copies of such forms received by us or written representations from certain reporting persons we believe that our executive officers, directors and ten percent holders complied with all applicable Section 16(a) filing requirements during the last fiscal year except that a Form 3 was filed late for Mr. McKeagney and a Form 4 was not filed by Mr. Conway for three separate transactions on the same date for a total of 7,000 shares sold by trusts administered for each of Mr. Conway's children. Such transactions were subsequently reported on Mr. Conway's Form 5 for the fiscal year ended December 31, 2001.

#### **Director Compensation**

No director receives any cash compensation for his services as a member of our board of directors, although each director is reimbursed for his expenses in attending board of directors and related committee meetings. As described in the following paragraph, non-employee directors may receive stock compensation for their services as a member of our board of directors. Directors who serve on committees of the board of directors receive no additional compensation.

#### **2001 Director Option Plan**

Our board of directors adopted the 2001 Outside Director Option Plan, referred to as the Director Plan, in April 2001 and our shareholders initially approved the Director Plan in July 2001. The Director Plan provides for the periodic grant of nonstatutory stock options to our non-employee directors. As of March 18, 2002, a total of 350,000 shares were reserved for issuance under the Director Plan, of which options to acquire 100,000 shares were issued and outstanding as of this date. All grants of options to SmartForce's non-employee directors under the Director Plan are automatic. We will grant each non-employee director an option to purchase 25,000 shares upon the later of (i) the effective date of the Director Plan or (ii) when such person first becomes a non-employee director (except for those directors who became non-employee directors by ceasing to be employee directors). All

non-employee directors who have been directors for at least 6 months receive an option to purchase 10,000 shares on January 1st of each year. All options granted under our Director Plan have a term of ten years and an exercise price equal to fair market value on the date of grant. Each option becomes exercisable as to 25% of the shares subject to the option on each anniversary of the date of grant, provided the non-employee director remains a director on such dates. After termination as a non-employee director, an optionee must exercise an option at the time set forth in his or her option agreement. If termination is due to death or disability, the option will remain exercisable for 12 months. In all other cases, the option will remain exercisable for a period of 3 months. However, an option may never be exercised later than the expiration of its term. A non-employee director may not transfer options granted under the Director Plan other than by will or the laws of descent and distribution. Only the non-employee director may exercise the option during his or her lifetime. In the event of our merger with or into another corporation or a sale of substantially all of our assets, the successor corporation will assume or substitute each option. If such assumption or substitution occurs, the options will continue to be exercisable according to the same terms as before the merger or sale of assets. Following such assumption or substitution, if a non-employee director is terminated other than by voluntary resignation, the option will become fully exercisable and generally will remain exercisable for a period of 3 months. If the outstanding options are not assumed or substituted for, our board of directors will notify each non-employee director that he or she has the right to exercise the option as to all shares subject to the option for a period of 30 days following the date of the notice. The option will terminate upon the expiration of the 30-day period. Unless terminated sooner, the Director Plan will automatically terminate in 2011. Our board of directors has the authority to amend, alter, suspend, or discontinue the Director Plan, but no such action may adversely affect any grant made under the Director Plan.

**OPTION GRANTS IN LAST FISCAL YEAR**

The following table provides information with respect to stock options granted to the executive officers named in the SmartForce Summary Compensation Table in the last fiscal year. In addition, the table sets forth the hypothetical gains that would exist for the stock options based on assumed rates of annual compound stock price appreciation during the option term. No stock appreciation rights were granted to these individuals during the year.

Name	Number of Equivalent ADSs Over Which Options Were Granted(1)(2)	Percent of Total Options Granted to Employees in Last Fiscal Year	Exercise Price Per Equivalent ADS(3)	Expiration Date	Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term(4)	
					5%	10%
Gregory M. Priest	220,000	5.85%	\$ 19.0625	05-Apr-11	\$ 2,637,426.84	\$ 6,683,757.44
Jeffrey N. Newton	160,000	4.26%	\$ 19.0625	05-Apr-11	\$ 1,918,128.61	\$ 4,860,914.50
David C. Drummond(5)	130,000	3.46%	\$ 19.0625	05-Apr-11	\$ 1,558,479.50	\$ 3,949,493.03
Thomas F. McKeagney(6)	130,000	3.46%	\$ 19.0625	05-Apr-11	\$ 1,558,479.50	\$ 3,949,493.03
William B. Lewis(7)	40,000	1.06%	\$ 19.0625	05-Apr-11	\$ 479,532.15	\$ 1,215,228.63

- (1) All options in this table were granted under the 1994 Plan. The options expire ten years from the date of grant, subject to earlier termination in the event of the optionee's cessation of service with us. The 1994 Plan is currently administered by the Stock Option Committee of the board of directors, which has broad discretion and authority to amend outstanding options and to reprice options, whether through an exchange of options or an amendment thereto.
- (2) Unless otherwise indicated, options generally vest over four years such that 1/4th of the equivalent ADSs subject to the option vest one year from the respective date of grant, 1/4th vest on the second anniversary of the respective date of grant and 1/48th vest each month thereafter. Options granted to certain employees are exercisable in full at the date of grant, provided that if the employment of such employee is terminated, we may present before our shareholders at the next Annual General Meeting a vote to approve the repurchase of any shares relating to his or her unvested options that have been exercised. If our shareholders approve the vote, it may repurchase any unvested shares at the original price for such shares. Additionally, until the vote occurs, the terminated employee will be restricted from disposing of these shares.
- (3) Options were granted at an exercise price equal to the fair market value of our ADSs, as determined by reference to the closing price of the ADSs as reported on the Nasdaq National Market on the last trading day prior to the date of grant.
- (4) Potential realizable value assumes that the share price (based on the fair market value of the ADSs) increases from the date of grant until the end of the ten-year option term at the annual rate specified (5% and 10%). If the price of the ADSs were to increase at such rates from \$19.0625 per ADS, the price at the date of grant, over the next ten years, the resulting ADS price at 5% and 10% appreciation would be approximately \$31.05 and \$49.44, respectively. The assumed annual rates of appreciation are specified in SEC rules and do not represent estimates or projections of future share price. We do not necessarily agree that this method can properly determine the value of an option.
- (5) On January 16, 2002, we announced that Mr. Drummond would be stepping down from his position as Executive Vice President Finance, Chief Financial Officer of the company. His resignation from his executive officer position and his position as a member of the company's Board of Directors has become effective. SmartForce has transitioned Mr. Drummond's duties to other officers of the company. We have undertaken an executive search for a new Chief Financial Officer.

- (6) On April 8, 2002, Thomas F. McKeagney, our Executive Vice President of Research and Development, stepped down from his executive officer position. His resignation from his executive officer position has become effective.
- (7) On September 30, 2001, Mr. Lewis resigned his position as an executive officer.
