PROXY STATEMENT

INTRODUCTION

The accompanying proxy is solicited by the Board of Directors of Genesis Microchip Inc., a Delaware corporation (we, us, Genesis or the Company), for use at our 2002 annual meeting of stockholders to be held on Tuesday, September 17, 2002 at 2:00 p.m. local time, or any adjournment thereof, for the purposes set forth in this Proxy Statement and the accompanying Notice of Annual Meeting. The annual meeting will be held at our offices at 2150 Gold Street, Alviso, California 95002.

These proxy solicitation materials were mailed on or about August 16, 2002 to all stockholders entitled to vote at our annual meeting.

**QUESTIONS AND ANSWERS ABOUT
THE PROXY MATERIALS AND THE ANNUAL MEETING**

Why did you send me this proxy statement?

We sent you this proxy statement and the enclosed proxy card because our Board of Directors is soliciting your proxy to vote at our annual meeting of stockholders. That meeting is scheduled to take place on Tuesday, September 17, 2002. This proxy statement summarizes information concerning the proposals to be voted on at that meeting. This information will help you to make an informed vote at the annual meeting.

What proposals will be voted on at the meeting?

We have scheduled three proposals to be voted on at the meeting:

1. The election of two Class I directors, each to serve for a term of three years expiring on the date of our 2005 annual meeting of stockholders or until a successor is elected;
2. The ratification of the appointment of independent accountants for fiscal 2003; and
3. The approval of an amendment to the 1997 Employee Stock Purchase Plan to increase the maximum number of shares of common stock authorized for issuance under that plan.

What is the voting recommendation?

Your Board of Directors recommends that you vote your shares **FOR** the election of each of the nominees to the Board and **FOR** each of the other proposals.

Who is entitled to vote?

Only stockholders of record of our common stock at the close of business on July 26, 2002 are entitled to notice of and to vote at our annual meeting. As of the close of business on the record date, there were 31,257,686 shares of our common stock outstanding and entitled to vote. Each stockholder is entitled to one vote for each share of common stock held as of the record date.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Most stockholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of record

If your shares are registered directly in your name with our transfer agent, Mellon Investor Services LLC, then you are considered to be the stockholder of record with respect to those shares, and we are sending these proxy materials directly to you. As the stockholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the meeting. We have enclosed a proxy card for you to use.

Beneficial owner

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and your broker or nominee is forwarding these proxy materials to you. Your broker or nominee is considered to be the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker how to vote and are also invited to attend the meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the meeting. Your broker or nominee has enclosed a voting instruction card for you to use in directing the broker or nominee how to vote your shares.

How can I vote my shares in person at the meeting?

Shares held directly in your name as the stockholder of record may be voted in person at the annual meeting. If you choose to do so, please bring the enclosed proxy card or proof of identification.

Even if you currently plan to attend the annual meeting, we recommend that you also submit your proxy as described below so that your vote will be counted if you later decide not to attend the meeting. You may vote shares held in street name in person only if you obtain a signed proxy from the record holder giving you the right to vote the shares.

How can I vote my shares without attending the meeting?

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct your vote without attending the meeting.

Stockholder of record

You may vote by granting a proxy. Please refer to the summary voting instructions included on your proxy card. You may vote by mail by signing your proxy card and mailing it in the enclosed postage prepaid and addressed envelope. If you provide specific voting instructions, your shares will be voted as you instruct. If you sign the card but do not provide instructions, your shares will be voted as described below in How are votes counted?

Beneficial owner

For shares held in street name, refer to the voting instruction card included by your broker or nominee.

Can I change my vote after I submit my proxy?

Yes. You can change your vote at any time before we vote your proxy at the annual meeting.

Stockholder of record

If you are a stockholder of record you can change your vote by:

Sending a written notice to our Secretary at our principal executive offices in Alviso, California stating that you would like to revoke your proxy,

Completing a new proxy card and sending it to our Secretary. The new proxy card will automatically replace any earlier-dated proxy card that you returned, or

Attending the annual meeting and voting in person.

If you choose to revoke your proxy by attending the annual meeting, you must vote at the meeting in accordance with the rules for voting at the annual meeting. Attending the annual meeting will not, by itself, constitute revocation of your proxy.

Beneficial owner

If you instructed a broker or nominee to vote your shares, follow your broker or nominee's directions for changing those instructions.

How are votes counted?

In the election of directors, you may vote FOR all of the nominees or your vote may be WITHHELD with respect to one or more of the nominees. For the other proposals, you may vote FOR, AGAINST or ABSTAIN. Shares may also be counted as broker non-votes. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because the broker has not received voting instructions from the beneficial owner and the broker lacks discretionary voting power to vote such shares.

The inspector of election appointed for the meeting, who will separately tabulate affirmative votes, negative votes, abstentions and broker non-votes, will tabulate all votes. Shares that are voted FOR, AGAINST or WITHHELD on a proposal will be treated as being present at the meeting for purposes of establishing a quorum. Shares that are voted FOR or AGAINST will also be treated as votes cast on the proposal. Shares that abstain from voting on a proposal, and shares held by a broker nominee in street name where the broker indicates on a proxy that it does not have discretionary authority to vote on the proposal, will be treated as shares that are present at the meeting for purposes of establishing a quorum, but will not be treated as votes cast on the proposal. Although not considered as votes cast, abstentions and broker non-votes may prevent a proposal from receiving the affirmative vote of a majority of the required quorum and, in that case, would have the same effect as votes against the proposal.

If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board (FOR all of our nominees to the Board, FOR all other items described in this proxy statement and in the discretion of the proxy holders on any other matters that properly come before the meeting).

What vote is required to approve each of the proposals?

With respect to the proposal to elect two Class I directors, the two nominees receiving the greatest number of votes will be elected, even if the votes they receive are less than a majority of shares present and entitled to vote. Abstentions are not counted towards the tabulation of votes cast for the election of directors.

All other proposals require the affirmative FOR vote of a majority of those votes cast; that majority must also constitute at least a majority of the required quorum.

What does it mean if I receive more than one proxy or voting instruction card?

It means your shares are registered differently or are in more than one account. Please provide voting instructions for each proxy and voting instruction card you receive.

Where can I find the voting results of the meeting?

We will announce preliminary voting results at the annual meeting and publish final results in our quarterly report on Form 10-Q for the second quarter of fiscal year 2003, which ends September 30, 2002.

What happens if additional proposals are presented at the meeting?

Other than the proposals described in this proxy statement, we do not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate(s) as may be nominated by the Board of Directors.

Must a minimum number of stockholders vote or be present at the annual meeting?

A quorum of stockholders is necessary to hold a valid meeting. Our bylaws provide that a majority of all of the shares of our stock entitled to vote, whether present in person or represented by proxy, will constitute a quorum for the transaction of business at the annual meeting. Shares that are voted FOR, AGAINST, WITHHELD or ABSTAIN on any proposal, as well as broker non-votes, will be treated as being present and entitled to vote for purposes of establishing a quorum.

Is cumulative voting permitted for the election of directors?

Stockholders may not cumulate votes in the election of directors.

Who will bear the cost of soliciting votes for the meeting?

We will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. If you choose to access the proxy materials and/or vote over the Internet, however, you are responsible for Internet access charges you may incur. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We also have hired Mellon Investor Services LLC to assist us in the distribution of proxy materials and the solicitation of votes. We will pay Mellon a fee of \$7,500 plus expenses for those services. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to our beneficial stockholders.

PROPOSAL 1 ELECTION OF DIRECTORS**Terms of directors**

We have a classified board of directors, with overlapping terms of office. The term for the Class I directors expires at the 2002 annual meeting. The term for the Class II directors expires at the 2003 annual meeting and the term for the Class III directors expires at the 2004 annual meeting. Each director serves for a three-year term or until his successor is duly elected and qualified.

Management's nominees for election by the stockholders as Class I directors are Mr. Tim Christoffersen and Mr. Robert H. Kidd, both of whom are currently directors of the Company. If elected, the two nominees will serve as directors until our 2005 annual meeting or until a successor is duly elected and qualified. If either of the nominees declines to serve, proxies may be voted for a substitute nominee as we may designate.

If a quorum is present and voting, the two nominees for Class I directors receiving the highest number of votes **FOR** will be elected as the Class I directors. The persons named in the enclosed proxy intend to vote the shares represented by those proxies for the election of these two nominees.

The Board of Directors recommends a vote **FOR the election of Mr. Tim Christoffersen and Mr. Robert H. Kidd.**

Meetings of our Board of Directors and its committees

Our Board of Directors has standing compensation and audit committees. We currently have no standing nominating committee or committee performing similar functions.

The compensation committee reviews and evaluates the compensation and benefits of our officers, reviews general policy matters relating to compensation and benefits of our employees and makes recommendations concerning these matters to the Board of Directors. The compensation committee also administers our stock option plans and stock purchase plan.

On June 25, 2002 Mr. Fisher resigned as a director. On July 22, 2002 the Board of Directors disbanded the executive committee. This committee held no meetings prior to being disbanded.

Compensation of directors

Directors who are not our employees receive \$2,000 per quarter as a retainer, \$1,000 for each meeting of the Board of Directors attended in person, \$500 for each meeting of the Board of Directors attended by teleconference and \$500 for each committee meeting attended. Directors who are our employees receive no separate compensation for services rendered as a director. All directors are reimbursed for reasonable expenses to attend meetings.

Non-employee directors automatically receive stock options under the terms of our 1997 Non-Employee Stock Option Plan. These grants are made annually on the first day of the month following our annual meeting of stockholders. Each non-employee director receives an option to purchase 5,000 shares of our common stock plus 2,500 shares of our common stock for each committee that the director serves on. The options are granted with an exercise price equal to the closing price of our stock on the day preceding the date of the grant and vest over twelve months. In addition, upon first joining the board, non-employee directors receive an option to purchase 15,000 shares of our common stock. Those options are granted with an exercise price equal to the closing price of our stock on the last trading day before joining the board.

The following table summarizes the retainers and attendance fees and the automatic stock option grants that were made to non-employee directors in fiscal 2002.

Name	Annual Option Grants	Initial Option Grants	Retainers and Attendance Fees

The annual stock option grants were made on October 1, 2001 at an exercise price of \$28.14 per share. Mr. Diamond's initial stock option grant was made at an exercise price of \$12.73 per share on April 23, 2001, and Mr. N.D. Reddy's initial stock option grant was made at an exercise price of \$44.76 per share on February 19, 2002.

Non-employee directors may also be granted stock options under the terms of our 2000 Non-Statutory Stock Option Plan or our 2001 Non-Statutory Stock Option Plan. During the year ended March 31, 2002 Mr. Lushtak was granted an option to purchase 50,000 shares of our common stock under our 2000 Non-Statutory Stock Option Plan. This option was granted on April 23, 2001 at an exercise price of \$12.73 per share and vested over twelve months. No other stock option grants were made to non-employee directors in fiscal 2002.

PROPOSAL 2 APPOINTMENT OF INDEPENDENT ACCOUNTANTS

You are being asked to ratify the appointment of KPMG LLP as independent accountants for the fiscal year ending March 31, 2003.

We have selected KPMG LLP as our independent accountants for the 2003 fiscal year. KPMG LLP or their predecessor firms have served as our independent accountants since our inception in 1987. Representatives of KPMG LLP are expected to be present at the annual meeting. They will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from you.

The approximate fees billed to us by KPMG LLP for services rendered with respect to fiscal year 2002 were as follows:

Audit fees	\$144,000
Financial information systems design and implementation fees	
Other fees:	
Related to acquisition activities	505,000
Tax planning and compliance	628,000

The audit committee has determined that the provision of non-audit services performed during fiscal 2002, including work related to acquisition activities and for tax planning and compliance purposes, is compatible with maintaining the independence of KPMG LLP.

The resolution must be passed by a majority of the votes cast at our annual meeting (which majority must also constitute at least a majority of the required quorum) to be approved. The persons named in the enclosed proxy intend to vote the shares represented by those proxies in favor of this resolution.

The Board of Directors recommends a vote FOR the ratification of the appointment of KPMG LLP as our independent accountants for the fiscal year ended March 31, 2003.

PROPOSAL 3 AMENDMENTO 1997 EMPLOYEE STOCK PURCHASE PLAN

We established the 1997 Employee Stock Purchase Plan under which any of our full time employees may authorize payroll deductions of up to 15% of their compensation, as defined in the plan. Those payroll deductions are accumulated and are used to purchase our common stock at a price equal to 85% of the lower of the fair market value of our common stock as of the beginning or the end of an offering period. Pursuant to the plan, the accumulated payroll contributions are used to purchase shares of our common stock semi-annually. The plan includes a provision that potentially increases the number of shares of common stock available for issuance each year up to an approved amount, which is currently 200,000 shares.

Our stockholders initially approved this plan on November 14, 1997. At a stockholders meeting held on September 14, 2000 our stockholders voted to amend the plan in order to increase the maximum number of shares available for issuance each year from 100,000 to 200,000 shares or a lesser amount determined by our Board. At the 2002 annual meeting you are being asked to approve an amendment to increase the maximum number of shares of common stock available for issuance each year under the plan from 200,000 to 500,000 shares or a lesser amount determined by our Board. We believe this change is necessary as a result of the increase in our employee base, principally as a result of our acquisition of Sage, Inc. in February 2002 and the growth in our business.

Specifically, we propose to amend section 13 of the plan to read as follows:

13. Shares.

(a) Subject to adjustment upon changes in capitalization of the Company as provided in Section 19 hereof, the maximum number of Shares which shall be made available for sale under the Plan shall be 500,000, plus an annual increase to be added on each anniversary date of the adoption of the Plan equal to the lesser of (i) the number of Shares needed to restore the maximum aggregate number of Shares available for sale under the Plan to 500,000, or (ii) a lesser amount determined by the Board. If, on a given Exercise Date, the number of Shares with respect to which options are to be exercised exceeds the number of Shares then available under the Plan, the Company shall make a pro rata allocation of the Shares remaining available for purchase in as uniform a manner as practicable and as it shall determine to be equitable.

No changes to section 13 of the plan are proposed apart from changing the maximum number of shares of common stock available for issuance under the plan from 200,000 to 500,000 shares or a lesser amount determined by our Board.

Summary of the 1997 Employee Stock Purchase Plan

The essential terms of the plan are summarized as follows:

Purpose

The purpose of the plan is to provide eligible employees with an opportunity to purchase our common stock through accumulated payroll deductions.

Administration

The plan provides for administration by our Board of Directors or a committee appointed by the Board and is currently administered by the Compensation Committee of the Board of Directors. All questions of interpretation or application of the plan are determined by the Board of Directors or its appointed committee, and its decisions are final and binding upon all participants. No charge for administrative or other costs may be made against the payroll deductions of a participant in the plan. Directors receive no additional compensation for their services in connection with the administration of the plan.

Offering Periods

The plan has a series of consecutive, overlapping 24-month offering periods, with each offering period consisting of four six-month purchase periods. Offering periods begin on the first trading day on or after June 30 and December 31 of each year. The Board of Directors has the power to alter the duration of the offering periods, including the commencement dates, without stockholder approval if such change is announced at least five days prior to the affected offering period.

Eligibility to Participate in the Plan

Any person who has been an employee since the first day of each offering period and whose customary employment with us (or a designated subsidiary of us) is at least 20 hours per week and more than five months in any calendar year is eligible to participate in the plan. Eligible employees become participants in the plan by delivering to our payroll office a subscription agreement authorizing payroll deductions. An employee who becomes eligible to participate in the plan after the commencement of an offering may not participate in the plan until the commencement of the next offering period.

Employees will not be eligible to participate in an offering under the plan if (i) immediately after the commencement of an offering, the employee owns stock or holds outstanding options to purchase stock representing five percent (5%) or more of the total combined voting power or value of all classes of our stock or (ii) the employee's rights to purchase stock under the plan (and all other plans of ours and our subsidiaries) accrue at a rate that exceeds \$25,000 worth of shares (determined at the fair market value of our common stock on the date the option is granted) for each calendar year in which the option is outstanding at any time.

Purchase Price

The price at which shares are sold to participating employees is 85% of the fair market value per share of our common stock on (i) the first trading day of the offering period or (ii) the last trading day of the purchase period, whichever is lower. The fair market value of our common stock on a given date is determined by reference to the closing sales price of the Nasdaq National Market. The closing sale price per share of our common stock on the Nasdaq National Market on June 28, 2002 (the last trading day of the most recent offering period) was \$8.34.

To the extent permitted by any applicable laws, regulations or stock exchange rules, if the fair market value of our common stock is lower on the last trading day of the applicable purchase period than the fair market value of our common stock on the first day of the offering period to which such purchase period applies, then all participants in the offering period are automatically withdrawn from such offering period immediately after the exercise of their option and automatically re-enrolled in the immediately following offering period.

Payment of Purchase Price; Payroll Deductions

The purchase price of the shares is accumulated by payroll deductions over the offering period. Payroll deductions may not exceed 15% of a participant's compensation. A participating employee may discontinue his or her participation in the plan at any time during the offering period. A participant may increase or decrease the rate of payroll deductions during a purchase period, but the Board of Directors may limit the number of changes during any offering period. Payroll deductions will commence on the first payday following the offering date and will continue at the same rate until the end of the offering period unless sooner terminated as provided in the plan.

Purchase of Stock; Exercise of Option

By executing a subscription agreement to participate in the plan, the employee is entitled to have shares placed under option to him or her. The maximum number of shares placed under option to a participant in a

single purchase period is 20,000. Within this limit, the number of shares purchased depends on the fair market value of our common stock on the first business day of the offering period and the last business day of the purchase period and the cumulative amount of an employee's contributions at the end of the purchase period. On the option exercise date, an employee's accumulated contributions will be used to purchase whole shares at the purchase price.

If the number of shares which would otherwise be placed under option at the beginning of an offering period exceeds the number of shares then available under the plan, a pro rata allocation of the shares remaining will be made in as equitable a manner as is practicable.

Withdrawal

A participant may withdraw from the plan at any time by delivering to us a notice of withdrawal. Such withdrawal may be elected at any time prior to the end of the applicable purchase period. Any withdrawal by an employee during a given offering period automatically terminates the employee's interest in that offering period, and the employee may not participate in the plan until the next offering period begins.

Termination of Employment

Termination of a participant's employment for any reason, including retirement or death, cancels his or her participation in the plan immediately. In such event, the payroll deductions credited to the participant's account will be returned without interest.

Capital Changes

In the event of any changes in our capitalization, such as stock splits or stock dividends, resulting in an increase or decrease in the number of shares of common stock, effected without receipt of consideration by us, appropriate adjustment will be made by us in the shares subject to purchase and in the purchase price per share.

Dissolution or Liquidation

In the event of the proposed dissolution or liquidation of our Company, the offering period then in progress will be shortened by setting a new exercise date and the participant's option will be exercised automatically on such date. The plan will terminate immediately prior to the consummation of such proposed dissolution or liquidation, unless provided otherwise by the Board of Directors.

Merger or Asset Sale

In the event of a merger or proposed sale of all or substantially all of the assets of our Company, each outstanding option under the plan will be assumed or an equivalent option substituted by the successor corporation or a parent or subsidiary of the successor corporation. In the event the successor corporation refuses to assume or substitute outstanding options, any purchase periods then in progress will be shortened by setting a new exercise date and the participant's option will be exercised automatically on such date. Any offering periods then in progress will end on such new exercise date.

Nonassignability

No rights or accumulated payroll deductions of an employee under the plan may be pledged, assigned or transferred for any reason (other than upon death) and any such attempt may be treated by us as an election to withdraw from the plan.

Amendment and Termination of the Plan

The Board of Directors may at any time amend or terminate the plan. Except as described above, such termination will not affect options previously granted nor may any amendment make any changes in an option granted prior thereto which adversely affects the rights of any participant. To the extent necessary to comply with Section 423 of the Internal Revenue Code of 1986, as amended (the Code), the Company will obtain stockholder approval for such amendment or termination.

Certain United States Federal Income Tax Information

The plan is intended to qualify as an employee stock purchase plan within the meaning of Section 423 of the Code. Under Sections 421 and 423 of the Code, no income will be taxable to a participant until the shares purchased under the plan are sold or otherwise disposed of. Upon sale or other disposition of the shares, the participant will generally be subject to tax and the amount of the tax will depend upon the holding period. If the shares are sold or otherwise disposed of more than two years from the first day of the offering period and more than one year from the date of the shares are purchased, the participant will recognize ordinary income measured as the lesser of (a) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price, or (b) the excess of the fair market value of the shares at the time the option was granted over the option price. Any additional gain will be treated as long-term capital gain.

If the shares are sold or otherwise disposed of before the expiration of the above holding periods, the participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss of such sale or disposition will be long-term or short-term capital gain or loss, depending on the holding period. We are not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent that we are entitled to a deduction for ordinary income recognized by participants upon a sale or disposition of shares prior to the expiration of the holding periods described above.

The foregoing is only a summary of the effect of federal income taxation upon the participant and us with respect to the shares purchased under the plan. Reference should be made to the applicable provisions of the Code. In addition, the summary does not discuss the tax consequences of a participant's death or the income tax laws of any state or foreign country in which the participant may reside.

Incorporation by Reference

The foregoing is only a summary of the plan and is qualified in its entirety by reference to its full text, a copy of which is attached to this Proxy Statement as Appendix B.

Participation in the 1997 Employee Stock Purchase Plan

As of July 26, 2002, approximately 340 persons were eligible employees under the plan. Participation in the plan is voluntary and the number of shares purchased with respect to each purchase period is dependent on each participant's level of payroll deductions. Accordingly, future purchases under the plan are not determinable. Non-employee directors are not eligible to participate in the plan.

Vote Required and Board Recommendation

The amendment must be passed by a majority of the votes cast at the annual meeting (which majority must also constitute at least a majority of the required quorum) to be approved. The persons named in the enclosed proxy intend to vote the shares represented by those proxies in favor of amending the plan.

The Board of Directors recommends a vote FOR the approval of an amendment to increase the maximum number of shares of common stock available for issuance each year under the 1997 Employee Stock Purchase Plan from 200,000 to 500,000 shares, or a lesser amount determined by the Board of Directors.

TRANSACTION OF OTHER BUSINESS

We know of no other proposals to be presented at the meeting. If any other proposal is presented, the shares represented by the proxies we receive will be voted according to the best judgment of the persons named in the proxies. It is the intention of the persons named in the form of proxy to vote the shares that those proxies represent as the Board of Directors recommends.

Summaries of the stock option plans not formally approved by our stockholders are as follows:

2000 Non-Statutory Stock Option Plan

Purpose

The purposes of the plan are to attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentive to employees and consultants and to promote the success of our business.

Administration

The plan provides for administration by our Board of Directors or a committee appointed by the Board and is currently administered by the Compensation Committee of the Board of Directors. All questions of interpretation or application of the plan are determined by the Board of Directors or its appointed committee, and its decisions are final and binding upon all participants. Directors receive no additional compensation for their services in connection with the administration of the plan.

Eligibility to Participate in the Plan

Nonstatutory stock options may be granted to our employees, consultants and directors.

Number of Shares Covered by the Plan

The aggregate number of shares of common stock authorized for issuance under the plan is 1,500,000 shares plus an annual increase to be added on the first day of each fiscal year equal to the lesser of (i) 2,000,000 shares, (ii) 3.5% of the Company's outstanding shares of common stock on such date, or (iii) a lesser amount determined by the Board.

Awards Permitted under the Plan

The plan authorizes the granting of nonstatutory stock options only.

Terms of Options

The plan's administrator determines the exercise price of options granted under the plan and the term of those options. The options that are currently outstanding under the plan vest and become exercisable over periods of from one to four years beginning on the grant date. Payment of the exercise price may be made by cash, check, promissory note, other shares of our common stock, cashless exercise, any other form of consideration permitted by applicable law or any combination of the foregoing methods of payment. Options may be made exercisable only under the conditions the Board of Directors or its appointed committee may establish. If an optionee's employment terminates for any reason, the option remains exercisable for a period fixed by the plan administrator up to the remainder of the option's term; if a period is not fixed by the plan administrator, the exercise period is three (3) months, or twelve (12) months in the case of death or disability.

Capital Changes

In the event of any changes in our capitalization, such as stock splits or stock dividends, resulting in an increase or decrease in the number of shares of common stock, effected without receipt of consideration by us, appropriate adjustment will be made by us in the number of shares available for future grant and in the number of shares subject to previously granted but unexercised options.

Dissolution or Liquidation

In the event of the proposed dissolution or liquidation of our Company, the option holders will be notified of such event, and the plan administrator may, in its discretion, permit each option to fully vest and be exercisable until ten (10) days prior to such event, at which time the options will terminate.

Merger, Asset Sale or Change of Control

With respect to options granted on or before October 16, 2001, in the event of a merger of our Company with or into another corporation, or any other capital reorganization in which more than fifty percent (50%) of the outstanding voting shares of the Company are exchanged (other than a reorganization effected solely for the purpose of changing the situs of the Company's incorporation), each outstanding option under the plan will fully vest and be exercisable for a period of ten (10) days prior to the closing of such transaction, and the unexercised options will terminate prior to the closing of such transaction.

With respect to options granted after October 16, 2001 (as well as certain options granted before such date, with the consent of the optionees), in the event of a merger or proposed sale of all or substantially all of the assets of our Company, each outstanding option under the plan will be assumed or an equivalent option substituted by the successor corporation or a parent or subsidiary of the successor corporation. In the event the successor corporation refuses to assume or substitute outstanding options, the plan administrator will notify each optionee that his or her options will vest and be exercisable for a period of twenty (20) days from the date of such notice, and the unexercised options will terminate upon the expiration of such period.

Nonassignability

Options may not be assigned or transferred for any reason (other than upon death), except that the plan administrator may permit options to be transferred during the optionee's lifetime to members of the optionee's immediate family or to trusts, LLCs or partnerships for the benefit of such persons.

Amendment and Termination of the Plan

The plan provides that the Board of Directors may amend or terminate the plan without stockholder approval, but no amendment or termination of the plan or any award agreement may adversely affect any award previously granted under the plan without the written consent of the optionee.

Certain United States Federal Income Tax Information

An optionee generally will not recognize any taxable income at the time he or she is granted a nonstatutory stock option. However, upon its exercise, the optionee will recognize ordinary income generally measured as the excess of the then fair market value of the shares purchased over the purchase price. Any taxable income recognized in connection with an option exercise by one of our employees is subject to tax withholding by us. Upon resale of such shares by the optionee, any difference between the sales price and the optionee's purchase price, to the extent not recognized as taxable income as described above, will be treated as long-term or short-term capital gain or loss, depending on the holding period.

Generally, we will be entitled to a tax deduction in the same amount as the ordinary income realized by the optionee with respect to shares acquired upon exercise of the nonstatutory stock option.

The foregoing is only a summary of the effect of federal income taxation upon the optionee and us with respect to the grant and exercise of options granted under the plan and does not purport to be complete. In addition, the summary does not discuss the tax consequences of an optionee's death or the income tax laws of any state or foreign country in which the optionee may reside.

**SIGNIFICANT RELATIONSHIPS AND TRANSACTIONS WITH DIRECTORS,
OFFICERS OR PRINCIPAL STOCKHOLDERS**

VM Labs, Inc.

We won a public auction of the assets of VM Labs, Inc. that culminated in a federal Bankruptcy Court proceeding held on February 28, 2002 (the Auction) and we closed the transaction on March 22, 2002 (the Closing). We acquired those assets for a price of \$13.6 million in cash and the assumption of certain liabilities. Three of our directors had indirect interests in VM Labs as a result of their relationship with VM Labs' secured creditor. All three directors divested their interests prior to the Closing without realizing profit except for the receipt of accrued interest on their promissory notes, as described below.

One of the parties bidding at the Auction was Paradise IV, Inc., a secured creditor of VM Labs, Inc. Three of our directors, Messrs. Lushtak, Diamond and Chandrashekar M. Reddy, had interests in Paradise IV. In November 2001, Messrs. Lushtak, Diamond and C. M. Reddy loaned \$1,000,000, \$750,000 and \$400,000, respectively, to Paradise IV pursuant to promissory notes due June 2002, which accrued interest at an annual rate of 6% and which included warrants to purchase 800,000 shares, 600,000 shares and 320,000 shares, respectively, of common stock of Paradise IV at a price of \$.001 per share, representing a total of 24.57% of the fully diluted equity interests in Paradise IV. Also, prior to the Auction, Mr. Lushtak was Chairman of the Board and Chief Executive Officer of Paradise IV and owned 22.86% of the common stock of Paradise IV, which he acquired for an aggregate of \$1,600.

At the time that our board of directors began its evaluation of the VM Labs assets, Messrs. Lushtak, Diamond and C. M. Reddy disclosed their interests in Paradise IV to our board and recused themselves from the evaluation of the VM Labs assets. On the date that our board approved the submission of a bid in the Auction, Mr. Lushtak resigned from his positions as Chairman and Chief Executive Officer of Paradise IV, and Paradise IV redeemed all of Mr. Lushtak's equity interest in Paradise IV at cost. Prior to the Closing, each of Messrs. Lushtak, Diamond and C. M. Reddy (i) delivered his promissory note to Paradise IV for repayment of the face amount of such note plus accrued interest through the date of repayment and (ii) surrendered his warrant to Paradise IV for cancellation. None of Messrs. Lushtak, Diamond or C. M. Reddy received any additional consideration for the cancellation of their notes or the surrender of their warrants.

In November 2001, Assured Space Access Corporation loaned \$500,000 to Paradise IV, and received a warrant to purchase 400,000 shares of common stock of Paradise IV, on similar terms as the notes and warrants discussed above. Mr. Lushtak does not control Assured Space Access, although he and his wife together own approximately 13% of the equity in Assured Space Access, and Mr. Lushtak is a director of that company. Also in November 2001, Lushtak Family Limited Partnership I loaned \$500,000 to Paradise IV, and received a warrant to purchase 400,000 shares of common stock of Paradise IV, on similar terms as the notes and warrants discussed above. The adult sons of Mr. Lushtak, none of whom reside with him, are partners in the partnership. Mr. Lushtak does not have an economic interest in the partnership and does not control any voting rights or dispositive rights with respect to the partnership.

SEVERANCE AGREEMENT WITH MR. FISHER

We entered into a Severance Agreement and Release with Mr. Amnon Fisher, our former Chief Executive Officer and President, in connection with his resignation in June 2002. Under the agreement, Mr. Fisher was entitled to receive as severance a lump-sum payment equal to one year's base salary, as well as reimbursement for (i) one year of COBRA payments, (ii) one year of premiums on a \$500,000 term life insurance policy and (iii) legal fees and costs incurred in the preparation of the agreement. Mr. Fisher was also entitled to a maximum of 12 months of additional vesting on his outstanding options to purchase our common stock, which will continue to vest over a 12-month period subject to certain restrictions, and which may vest immediately upon a change in control of the Company. Mr. Fisher's right to exercise vested options was also extended to July 30, 2003. Mr. Fisher agreed to release all claims he may have had against the Company.

EMPLOYMENT AGREEMENT WITH MR. DONEGAN

In June 2002, we appointed James E. Donegan as our Chief Executive Officer. Under the terms of his employment, Mr. Donegan will receive an annual base salary of \$275,000 and was granted options for 200,000 shares of our common stock. Those options will vest over 48 months unless there is a change of control of the Company. In that event, half of any options that were unvested as of the change of control will immediately vest.

Options granted in the year ended March 31, 2002

The following table contains information about stock option grants made during the year ended March 31, 2002 to our Chief Executive Officer and to our four other most highly compensated executive officers in fiscal 2002. Only one of these individuals, Mr. Tafazzoli, was granted stock options in fiscal 2002, and no stock appreciation rights were granted. The stock options were granted under our 1997 Employee Stock Option Plan and our 2001 Non-Statutory Stock Option Plan. They have a maximum term of ten years, subject to earlier termination upon cessation of service.

The 5% and 10% assumed annual rates of compounded stock price appreciation are mandated by rules of the Securities and Exchange Commission. There is no assurance that the actual stock price appreciation over the option terms will be at the assumed 5% and 10% levels or at any other defined level. Unless the market price of our common stock appreciates over the term of the option, no value will be realized from the option grants made to the executive officer.

The value of an in-the-money stock option represents the difference between the aggregate estimated fair market value of the underlying stock and the aggregate exercise price of the stock option. We have used the reported closing price of \$26.00 per share on The Nasdaq National Market on March 28, 2002 as the estimated fair market value of our common stock in determining the value of unexercised options. Our closing stock price on July 26, 2002, the record date, was \$6.05.

COMPENSATION COMMITTEE'S REPORT ON EXECUTIVE COMPENSATION

To our Stockholders:

We are responsible for reviewing and/or establishing the compensation programs that relate to Genesis's executive officers, senior management and other key employees and for establishing the specific short- and long-term compensation elements thereunder. We oversee the general compensation structure for all of Genesis's employees and we administer the stock option and stock purchase plans. We are both independent, non-employee directors.

The executive compensation program that has been established is designed to provide levels of compensation in formats that assist Genesis in attracting, motivating and retaining qualified executives by providing a competitive compensation package geared to individual and corporate performance. We strive to establish performance criteria, evaluate performance and establish base salary, annual bonuses and long-term incentives for our key decision makers based upon performance and designed to provide appropriate incentives for maximization of our short- and long-term financial results for the benefit of our stockholders.

In order to meet our objectives, we have chosen four basic components for Genesis's executive compensation program to meet our compensation philosophy. Base salaries, which are the fixed regular component of executive compensation, are based upon:

base salary levels among a competitive peer group,

Genesis's past financial performance and future expectations,

the general and industry-specific business environment, and

individual performance.

Annual bonuses, which are directly linked to Genesis's performance, are designed to provide additional incentive cash compensation based on short-term performance of Genesis and its employees. Stock option grants, under the long-term component of executive compensation, are designed as an incentive to reward executive officers and employees for delivering value to our stockholders over a longer, measurable period of time. Historically, Genesis has used the grant of stock options that vest over some measurable period of time, generally four years, to accomplish this objective.

The base salary for our Chief Executive Officer in fiscal 2002, Mr. Amnon Fisher, was determined with reference to base salaries for chief executive officers of other comparable technology companies. Mr. Fisher's annual bonus in fiscal 2002 was determined based on the Company having surpassed the revenue and profitability targets that had been set at the start of the fiscal year. As a result of the financial performance of the Company relative to those expectations, Mr. Fisher was paid the maximum amount of bonus to which he was entitled for the year, which was calculated as a percentage of his annual base salary. No stock options were granted to Mr. Fisher in fiscal 2002.

3. Eligibility.

- (a) Any Employee who shall be employed by the Company on a given Enrollment Date shall be eligible to participate in the Plan.
- (b) Any provisions of the Plan to the contrary notwithstanding, no Employee shall be granted an option under the Plan (i) to the extent that, immediately after the grant, such Employee (or any other person whose shares would be attributed to such Employee pursuant to Section 424(d) of the Code) would own shares of the Company and/or hold outstanding options to purchase such shares possessing five percent (5%) or more of the total combined voting power or value of all classes of shares of the Company or of any Subsidiary, or (ii) to the extent that his or her rights to purchase shares under all employee stock purchase plans of the Company and its subsidiaries accrues at a rate which exceeds Twenty-Five Thousand Dollars (\$25,000) (U.S. dollars) worth of shares (determined at the fair market value of the shares at the time such option is granted) for each calendar year in which such option is outstanding at any time.

4. Offering Periods.

The Plan shall be implemented by consecutive, overlapping Offering Periods with a new Offering Period commencing on the first Trading Day on or after June 30 and December 31 of each year, or on such

other date as the Board shall determine, and continuing thereafter until terminated in accordance with Section 20 hereof; provided, however, that the first Offering Period under the Plan shall commence with the first Trading Day on or after the date on which the Securities and Exchange Commission declares the Company's Registration Statement effective and shall end on the last Trading Day on or before December 31, 1999. The Board shall have the power to change the duration of Offering Periods (including the commencement dates thereof) with respect to future offerings without shareholder approval if such change is announced at least five (5) days prior to the scheduled beginning of the first Offering Period to be affected thereafter.

5. Participation.

(a) An eligible Employee may become a participant in the Plan by completing a subscription agreement authorizing payroll deductions in the form of Exhibit A to this Plan and filing it with the Company's payroll office prior to the applicable Enrollment Date.

(b) Payroll deductions for a participant shall commence on the first payroll following the Enrollment Date and shall end on the last payroll in the Offering Period to which such authorization is applicable, unless sooner terminated by the participant as provided in Section 10 hereof.

6. Payroll Deductions.

(a) At the time a participant files his or her subscription agreement, he or she shall elect to have payroll deductions made on each pay day during the Offering Period in an amount not exceeding 15% of the Compensation which he or she receives on each pay day during the Offering Period.

(b) All payroll deductions made for a participant shall be credited to his or her account under the Plan and shall be withheld in whole percentages only. A participant may not make any additional payments into such account.

(c) A participant may discontinue his or her participation in the Plan as provided in Section 10 hereof, or may increase or decrease the rate of his or her payroll deductions during the Offering Period by completing or filing with the Company a new subscription agreement authorizing a change in payroll deduction rate. The Board may, in its discretion, limit the number of participation rate changes during any Offering Period. The change in rate shall be effective with the first full payroll period following five (5) business days after the Company's receipt of the new subscription agreement unless the Company elects to process a given change in participation more quickly. A participant's subscription agreement shall remain in effect for successive Offering Periods unless terminated as provided in Section 10 hereof.

(d) Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code and Section 3(b) hereof, a participant's payroll deductions may be decreased to zero percent (0%) at any time during a Purchase Period. Payroll deductions shall recommence at the rate provided in such participant's subscription agreement at the beginning of the first Purchase Period which is scheduled to end in the following calendar year, unless terminated by the participant as provided in Section 10 hereof.

(e) At the time the option is exercised in whole or in part, or at the time some or all of the Shares issued under the Plan are disposed of, the participant must make adequate provision for the Company's federal, state, or other tax withholding obligations, if any, which arise upon the exercise of the option or the disposition of the Shares. At any time, the Company may, but shall not be obligated to, withhold from the participant's compensation the amount necessary for the Company to meet applicable withholding obligations, including any withholding required to make available to the Company any tax deductions or benefits attributable to sale or early disposition of Shares by the Employee.

7. Grant of Option.

On the Enrollment Date of each Offering Period, each eligible Employee participating in such Offering Period shall be granted an option to purchase on each Exercise Date during such Offering Period (at the

applicable Purchase Price) up to a number of Shares determined by dividing such Employee's payroll deductions accumulated prior to such Exercise Date and retained in the Participant's account as of the Exercise Date by the applicable Purchase Price; provided that in no event shall an Employee be permitted to purchase during each Purchase Period more than 20,000 Shares (subject to any adjustment pursuant to Section 19) on the Enrollment Date, and provided further that such purchase shall be subject to the limitations set forth in Sections 3(b) and 12 hereof. Exercise of the option shall occur as provided in Section 8 hereof, unless the participant has withdrawn pursuant to Section 10 hereof. The option shall expire on the last day of the Offering Period.

8. Exercise of Option.

Unless a participant withdraws from the Plan as provided in Section 10 hereof, his or her option for the purchase of Shares shall be exercised automatically on the Exercise Date, and the maximum number of full Shares subject to option shall be purchased for such participant at the applicable Purchase Price with the accumulated payroll deductions in his or her account. No fractional Shares shall be purchased; any payroll deductions accumulated in a participant's account which are not sufficient to purchase a full Share shall be retained in the participant's account for the subsequent Purchase Period or Offering Period subject to earlier withdrawal by the participant as provided in Section 10 hereof. Any other monies left over in a participant's account after the Exercise Date shall be returned to the participant. During a participant's lifetime, a participant's option to purchase Shares hereunder is exercisable only by him or her option.

9. Delivery.

As promptly as practicable after each Exercise Date on which a purchase of Shares occurs, the Company shall arrange the delivery to each participant as appropriate, of a certificate representing the Shares purchased upon exercise of his or her option.

10. Withdrawal.

(a) A participant may withdraw all but not less than all the payroll deductions credited to his or her account and not yet used to exercise his or her option under the Plan at any time by giving written notice to the Company in the form of Exhibit B to this Plan. All of the participant's payroll deductions credited to his or her account shall be paid to such participant promptly after receipt of notice of withdrawal and such participant's option for the Offering Period shall be automatically terminated, and no further payroll deductions for the purchase of Shares shall be made for such Offering Period. If a participant withdraws from an Offering Period, payroll deductions shall not resume at the beginning of the succeeding Offering Period unless the participant delivers to the Company a new subscription agreement.

(b) A participant's withdrawal from an Offering Period shall not have any effect upon his or her eligibility to participate in any similar plan which may hereafter be adopted by the Company or in succeeding Offering Periods which commence after the termination of the Offering Period from which the participant withdraws.

11. Termination of Employment.

Upon a participant's ceasing to be an Employee, for any reason he or she shall be deemed to have elected to withdraw from the Plan and the payroll deductions credited to such participant's account during the Offering Period but not yet used to exercise the option shall be returned to such participant or, in the case of his or her death, to the person or persons entitled thereto under Section 15 hereof, and such participant's option shall be automatically terminated. The preceding sentence notwithstanding, a participant who receives payment in lieu of notice of termination of employment shall be treated as continuing to be an Employee for the participant's customary number of hours per week of employment during the period in which the participant is subject to such payment in lieu of notice.

12. Interest.

No interest shall accrue on the payroll deductions of a participant in the Plan.

13. Shares.

(a) Subject to adjustment upon changes in capitalization of the Company as provided in Section 19 hereof, the maximum number of Shares which shall be made available for sale under the Plan shall be 200,000, plus an annual increase to be added on each anniversary date of the adoption of the Plan equal to the lesser of (i) the number of Shares needed to restore the maximum aggregate number of Shares available for sale under the Plan to 200,000, or (ii) a lesser amount determined by the Board. If, on a given Exercise Date, the number of Shares with respect to which options are to be exercised exceeds the number of Shares then available under the Plan, the Company shall make a pro rata allocation of the Shares remaining available for purchase in as uniform a manner as practicable and as it shall determine to be equitable.

(b) The participant shall have no interest or voting right in Shares covered by his option until such option has been exercised.

(c) Shares to be delivered to a participant under the Plan shall be registered in the name of the participant or in the name of the participant and his or her spouse.

14. Administration.

The Plan shall be administered by the Board or a committee of members of the Board appointed by the Board. The Board or its committee shall have full and exclusive discretionary authority to construe, interpret and apply the terms of the Plan, to determine eligibility and to adjudicate all disputed claims filed under the Plan. Every finding, decision and determination made by the Board or its committee shall, to the full extent permitted by law, be final and binding upon all parties.

15. Designation of Beneficiary.

(a) A participant may file a written designation of a beneficiary who is to receive any Shares and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to an Exercise Date on which the option is exercised but prior to delivery to such participant of such Shares and cash. In addition, a participant may file a written designation of a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death prior to exercise of the option. If a participant is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective.

(b) Such designation of beneficiary may be changed by the participant at any time by written notice. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such Shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such Shares and/or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

16. Transferability.

Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive Shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in Section 15 hereof) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds from an Offering Period in accordance with Section 10 hereof.

17. Use of Funds.

All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.

18. Reports.

Individual accounts shall be maintained for each participant in the Plan. Statements of account shall be given to participating Employees at least annually, which statements shall set forth the amounts of payroll deductions, the Purchase Price, the number of Shares purchased and the remaining cash balance, if any.

19. Adjustments Upon Changes in Capitalization, Dissolution, Liquidation, Merger or Asset Sale.

(a) Changes in Capitalization. Subject to any required action by the shareholders of the Company, the Reserves, the maximum number of Shares each participant may purchase each Purchase Period (pursuant to Section 7), as well as the price per Share and the number of Shares covered by each option under the Plan which has not yet been exercised shall be proportionately adjusted for any increase or decrease in the number of issued Shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Shares, or any other increase or decrease in the number of Shares effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of any class, or securities convertible into shares of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of Shares subject to an option.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Offering Period then in progress shall be shortened by setting a new Exercise Date (the New Exercise Date), and shall terminate immediately prior to the consummation of such proposed dissolution or liquidation, unless provided otherwise by the Board. The New Exercise Date shall be before the date of the Company's proposed dissolution or liquidation. The Board shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

(c) Merger or Asset Sale. In the event of a proposed sale of all of substantially all of the assets of the Company, or the merger of the Company with or into another corporation, each outstanding option shall be assumed or an equivalent option substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the option, any Purchase Periods then in progress shall be shortened by setting a new Exercise Date (the New Exercise Date) and any Offering Periods then in progress shall end on the New Exercise Date. The New Exercise Date shall be before the date of the Company's proposed sale or merger. The Board shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

20. Amendment or Termination.

(a) The Board may at any time and for any reason terminate or amend the Plan. Except as provided in Section 19 hereof, no such termination can affect options previously granted, provided that an Offering Period may be terminated by the Board on any Exercise Date if the Board determines that the termination of the Plan is in the best interests of the Company and its shareholders. Except as provided in Section 19 hereof, no amendment may make any change in any option theretofore granted which adversely affects the

rights of any participant. To the extent necessary to comply with Section 423 of the Code (or any successor rule or Provision or any other applicable law, regulation or stock exchange rule), the Company shall obtain shareholder approval in such a manner and to such a degree as required.

(b) Without shareholder consent and without regard to whether any participant rights may be considered to have been adversely affected, the Board (or its committee) shall be entitled to change the Offering Periods, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Shares for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other limitations or procedures as the Board (or its committee) determines in its sole discretion advisable which are consistent with the Plan.

21. Notices.

All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

22. Conditions Upon Issuance of Shares.

Shares shall not be issued with respect to an option unless the exercise of such option and the issuance and delivery of such Shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, the Securities Act (Ontario), the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the Shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

23. Term of Plan.

The Plan shall become effective upon the effective date of its adoption by the Board. It shall continue in effect for a term of ten (10) years unless sooner terminated under Section 20 hereof.

24. Automatic Transfer to Low Price Offering Period.

To the extent permitted by any applicable laws, regulations, or stock exchange rules, if the Fair Market Value of the Shares on any Exercise Date in an Offering Period is lower than the Fair Market Value of the Shares on the Enrollment Date of such Offering Period, then all participants in such Offering Period shall be automatically withdrawn from such Offering Period immediately after the exercise of their option on such Exercise Date and automatically re-enrolled in the immediately following Offering Period as of the first day thereof.
