A: There are two ways you can vote your shares held by your nominee. Unless you have previously informed your nominee that you do not wish to receive material relating to the Meeting, you will have received this Circular from your nominee, together with a request for voting instructions for the number of shares you hold.

For your shares to be voted for you, please follow the voting instructions provided by your nominee. If you are a non-registered shareholder who has voted and want to change your mind and vote in person, contact your nominee to discuss whether this is possible and what procedure to follow.

Since the Corporation does not have access to the names of its non-registered shareholders, if you attend the Meeting, the Corporation will have no record of your shareholdings or of your entitlement to vote unless your nominee has appointed you as proxyholder. Therefore, if you are a non-registered shareholder and wish to vote in person at the Meeting, insert your own name in the space provided on the voting instruction form sent to you by your nominee. By doing so, you are instructing your nominee

to appoint yourself as proxyholder. Then sign and return the voting instruction form by following the signing and returning instructions provided by your nominee. Do not otherwise complete the voting instruction form as your vote will be taken at the Meeting. Please register with the transfer agent, CIBC Mellon Trust Company, upon arrival at the Meeting.

Q: WHAT RIGHTS OF APPRAISAL OR SIMILAR RIGHTS OF DISSENTERS DO I HAVE WITH RESPECT TO ANY MATTER TO BE ACTED UPON AT THE MEETING?

A: No action is proposed herein for which the laws of the Yukon Territory or By-laws of the Corporation provide a right of a shareholder to dissent and obtain appraisal of or payment for such shareholder's Common Shares.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The TSX has implemented rules requiring annual disclosure by corporations having shares listed on the TSX of their approach to corporate governance with specific reference to each of the 14 guidelines established by the TSX for effective corporate governance (the "TSX GUIDELINES"). In addition, there have been recent regulatory developments in the United States including the Sarbanes-Oxley Act of 2002 ("SOX") as well as the AMEX listing standards and corporate governance standards (collectively the "AMEX STANDARDS").

A detailed description on the Corporation's governance practices setting forth the Corporation's compliance with each of the 14 TSX Guidelines and certain requirements of the AMEX Standards is provided in SCHEDULE "A" to this Circular. The following is an overview of the Corporation's governance policies and practices, together with information regarding and reports of Board committees.

OVERVIEW OF CORPORATE GOVERNANCE PRACTICES

Assumption of Responsibilities by the Board of Directors

The Board participates fully in assessing and approving strategic plans and prospective decisions proposed by management. In order to ensure that the principal business risks borne by the Corporation are appropriate, the Board receives and comments on periodic reports from management of the Corporation's assessment and management of such risks. The Board regularly monitors the financial performance of the Corporation, including receiving and reviewing detailed financial information contained in management reports. The Board, directly and through the Audit and Finance Committee, assesses the integrity of the Corporation's internal control and management information systems. In 2003, the Board adopted a Disclosure Policy and appointed a Disclosure Policy Officer being an Assistant Secretary of the Corporation, to determine, among other things, the appropriateness and timing of the release of information with respect to developments at the Corporation.

Page 7

The Board regularly receives reports regarding the monitoring of senior management of the Corporation and its subsidiaries. Input is received at both the Compensation Committee and Board meetings regarding the performance of senior management. Both the Compensation Committee and the Board have specifically assumed responsibility for reviewing the performance of senior management.

The Board meets at least four times each calendar year, and more frequently as required. The frequency of meetings as well as the nature of the agenda items

Edgar Filing: APOLLO GOLD CORP - Form PRER14A

change depending on the state of the Corporation's affairs and in light of opportunities or risks which the Corporation faces from time to time. In 2003, the full Board held seven meetings.

Corporate Governance Principles

In 2003, the Board formally adopted a set of corporate governance principles. Those principles provide guidelines on Board size, independence of Board members, nominating and orientation of new directors, retirement and resignation of Board members, conduct of Board meetings, conflicts of interest, share ownership by directors, compensation review, assessing Board and committee performance, interaction with third parties and confidentiality. The principles also require each of the Board committees to adopt a written charter approved by the Board, as well as set out minimum numbers for committee meetings. In addition, in 2004, the Board created a Nominating Committee to comply with the AMEX Standards.

Composition of the Board of Directors

The TSX Guidelines define an "unrelated director" as a director who is independent of management of a company and free from any interest, and any business or other relationship, which could, or could reasonably be perceived to, materially interfere with the director's ability to act with a view to the best interests of the Corporation, other than interests and relationships arising from shareholding; a "related director" as a director who is not an unrelated director; and a "significant shareholder" as a shareholder with the ability to exercise a majority of the votes for the election of the board. Pursuant to the AMEX Standards, "independent director" means a person other than an officer or employee of the company or any parent or subsidiary who is affirmatively determined by the board of directors not to have a material relationship with the listed company that would interfere with the exercise of independent judgment. The Corporation's Board has determined that Mssrs. Hobart, Schissler, Stott, Thompson, Vaughn and Watts are independent directors.

The TSX Guidelines states that the board of directors of every corporation should be constituted with a majority of individuals who qualify as unrelated directors. As at April 8, 2004, the Board consisted of seven directors. Six of the proposed nominees for director are unrelated directors. Mr. Hobart and Mr. Vaughan are each partners of law firms that provide legal services to the Corporation but are otherwise "unrelated" to the Corporation. The sole related director is R. David Russell, the President and Chief Executive Officer of the Corporation. The AMEX Standards require that each listed company must have a sufficient number of independent directors on its board of directors such that at least a majority of such directors are independent directors subject to the certain exceptions. The Board has determined that six of the proposed nominees for directors, being all of the nominees other than R. David Russell, are independent directors.

The Corporation does not have any "significant shareholders" as that term is defined in the TSX Guidelines. The Board believes that the current size and composition of the Board serves the Corporation and its shareholders well. The Board believes that all of its directors, including its related director, make a valuable contribution to the Board and the Corporation. As indicated above, a majority of the Corporation's directors are unrelated. The related director possesses an extensive knowledge of the Corporation's business and has extensive business experience, both of which have proven to be beneficial to the other directors, and his participation as a director contributes to the effectiveness of the Board. The Board also believes that the directors are sensitive to conflicts of interest and excuse themselves from deliberations and voting in appropriate circumstances.

Committees

The Board has four committees: an Audit and Finance Committee, a Compensation Committee, a Technical Committee and a Nominating Committee. The Board committees are generally composed of outside directors, a majority of whom are unrelated directors in accordance with the provisions contained in the TSX Guidelines and are independent directors as stated in the AMEX Standards. The composition, mandate and certain activities of each committee are set out under "Statement of Corporate Governance Practices - Board Committees" of this Circular.

Board Functioning and Independence

In accordance with the TSX Guidelines and the AMEX Standards, the Corporation provides orientation to new recruits to the Board. Such orientation consists of orientation sessions with management, a review of prior Board activity, receipt of documentation including the Corporation's articles, by-laws, policies and procedures and personal meetings with directors and management of subsidiaries.

The Board has a formal policy that all acquisitions and divestitures of a material nature require the approval of the Board. In addition, Board policy requires that all major strategic decisions, including any change in the strategic direction of the Corporation be presented by management to the Board for approval. As part of its ongoing activity, the Board regularly receives and comments upon reports of management as to the performance of the Corporation's business and management's expectations and planned actions in respect thereto.

The Board reviews the adequacy and form of the compensation of directors to ensure the compensation realistically reflects the responsibility and risk involved in being an effective director. The Board has made it a priority to continue to examine and develop the processes which it follows in its deliberations in order that it will continue to fulfill its mandate.

The Board and the Chief Executive Officer engage in regular dialogue regarding the performance of the senior management team, including the Chief Executive Officer, in achieving the Corporation's strategic objectives as determined by management and the Board. As the Board has plenary power, any responsibility which is not delegated to management or a Board committee remains with the Board.

The Board conducts in-camera sessions without management present as it deems appropriate and also conducts in-camera sessions to review the recommendations of the Compensation Committee. The Compensation Committee also conducts part of its deliberations without management present. As well, the Audit and Finance Committee has a policy to meet annually with the Corporation's auditors without management present.

In accordance with the provisions of the TSX Guidelines and the AMEX Standards, the By-laws of the Corporation provide for a system which enables an individual director to engage an outside adviser at the expense of the Corporation in appropriate circumstances. Prior approval of the Audit and Finance Committee is required for the retention of such an adviser.

The Corporation has adopted a formal policy that all members of the Board are encouraged, but not required, to attend the annual meeting of shareholders of the Corporation. With the exception of one director who did not stand for re-election, all Board members attended the Corporation's 2003 annual and

Edgar Filing: APOLLO GOLD CORP - Form PRER14A

special meeting held on May 21, 2003.

Shareholder Communications

The Corporation endeavours to keep all shareholders well informed as to the financial performance of the Corporation, primarily by means of its annual and quarterly reports, and by press releases. The Board has specifically adopted a disclosure policy in furtherance of these goals.

Management of the Corporation is receptive to shareholder feedback in any form. It is the policy of the Corporation to receive and respond promptly to shareholder enquiries, while being guided by legal requirements as well as the Corporation's policies in respect to confidentiality and disclosure. Shareholders wishing to send communications to the Board of the Corporation should write to either the Chairman of the Board or the Secretary of the Corporation at the following address: Apollo Gold Corporation, 4601 DTC Boulevard, Suite 750, Denver, Colorado 80237-2571.

All such communication shall state the type and amount of Corporation securities held by the security holder and shall clearly state that the communication is intended to be shared with the Board, or if applicable, with a specific committee of the Board. The Chairman of the Board or the Secretary of the Corporation, as applicable, will forward all such communication to the members of the Board or specific Board committee.

The Board is satisfied that the Corporation's comprehensive governance program is consistent with, and in many instances goes beyond, the TSX Guidelines and the AMEX Standards. A detailed comparison of the Corporation's governance procedures compared with the TSX Guidelines and the AMEX Standards is set forth in SCHEDULE "A" to this Circular.

Code of Business Conduct and Ethics

In 2003, the Corporation formally adopted a Code of Business Conduct and Ethics and related policies, which sets high standards for ethical behaviour throughout the organization. The Code of Business Conduct and Ethics provides the entire organization with the same frame of reference for dealing with sensitive and complex issues such as conflicts of interest, use of information, confidentiality of personal information, confidentiality of business information, corporate opportunities, use of inside information, fair trading, protection and use of company assets, accounting practices, records retention, compliance with laws, rules and regulations, and duty to report and consequences.

In addition, in 2004 the Corporation formally adopted a Code of Ethics (the "CODE") pursuant to section 406 of SOX and the Rules of AMEX in order to provide written standards and guidance to the Corporation's directors, principal executive officer, principal financial officer, principal accounting officer or controller or those performing similar functions and any "executive officers" (as defined under Rule 16a-1(f) of the Securities Exchange Act of 1934, as amended) of the Corporation not named above. The purpose of the Code is to promote:

- honest, and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;

- compliance with applicable governmental laws, rules and regulations;
- full, fair, accurate, timely and understandable disclosure in reports and documents that the Corporation files with, or submits to, the Securities and Exchange Commission and in other public communications made by the Corporation;
- the prompt internal reporting of violations of the Code to an appropriate person or persons identified in the Code; and
- accountability for adherence to the Code.

The Code is posted on the Corporation's website at www.apollogold.com.

Whistleblower Policy

The Corporation's internal controls and corporate reporting and disclosure procedures are intended to prevent, deter and remedy any violation of the applicable laws and regulations that relate to corporate reporting and disclosure, accounting and auditing controls and procedures, securities compliance and other matters pertaining to fraud against shareholders. Even the best systems of control and procedures, however, cannot provide absolute safeguard against such violations.

In 2004, the Audit and Finance Committee of the Corporation formally adopted a Whistleblower Policy which governs the process through which employees and others, either directly or anonymously, can notify the Corporation's Compliance Officer or Audit and Finance Committee of potential violations or concerns.

The Whistleblower Policy also establishes a mechanism for responding to, and keeping records of, complaints from employees and others regarding such potential violations or concerns.

BOARD COMMITTEES

AUDIT AND FINANCE COMMITTEE

The Audit and Finance Committee is responsible for the Corporation's financial reporting process and the quality of its financial reporting. In discharging its responsibilities, the Audit and Finance Committee meets regularly with the Corporation's auditors and Chief Financial Officer.

The Audit and Finance Committee adopted a charter in 2002. To ensure compliance with SOX, in March 2004 the Audit and Finance Committee amended and restated its charter. A copy of the Audit and Finance Committee's amended and restated charter is attached hereto as SCHEDULE "C". The amended and restated charter is also posted on the Corporation's website at www.apollogold.com.

The Audit and Finance Committee's charter requires that all Audit and Finance Committee members satisfy the applicable independence requirements of the TSX and AMEX and other regulatory requirements. During the fiscal year of the Corporation ending December 31, 2003, the Audit and Finance Committee was comprised of Messrs. Thompson, Schissler and Watts, each meeting the independence and the financial literacy requirements of the TSX and AMEX. Mr. Watts was appointed as a member of the Audit and Finance Committee effective

Edgar Filing: APOLLO GOLD CORP - Form PRER14A

August 19, 2003. He was appointed as Chair of the Audit and Finance Committee effective upon the resignation of Mr. Neil Woodyer, who resigned as a director of the Corporation on November 13, 2003. The Board has determined that Mr. Watts serves as the Audit and Finance Committee's "financial expert" as defined in the AMEX Standards.

Report of the Audit and Finance Committee

In the performance of its oversight function, the Audit and Finance Committee reviewed and discussed the Corporation's audited consolidated financial statements as of and for the year ended December 31, 2003, with management and Deloitte & Touche LLP. Management and Deloitte & Touche LLP represented to the Audit Committee that the Corporation's audited consolidated financial statements as of and for the year ended December 31, 2003, were prepared in accordance with accounting principles generally accepted in Canada (except for Note 18, Differences Between Canadian and U.S. GAAP). The Audit and Finance Committee also discussed with Deloitte & Touche LLP the matters required to be discussed by Statement on Auditing Standards ("SAS") Nos. 61, 89 and 90 issued by the Auditing Standards Board of the American Institute of Certified Public Accountants. SAS Nos. 61, 89 and 90 set forth requirements pertaining to the independent auditor's communications with the Audit and Finance Committee regarding the conduct of the audit.

The Audit and Finance Committee received the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board ("ISB") Standard No. 1, Independence Discussions with Audit Committees, as amended. ISB Standard No. 1 requires the independent auditor to disclose in writing to the Audit and Finance Committee all relationships between the auditor and the Corporation that, in the auditor's judgment, reasonably may be thought to bear on independence and to discuss the auditor's independence with the Audit Committee. The Audit and Finance Committee discussed with Deloitte & Touche LLP its independence and considered in advance whether the provision of any non-audit services by Deloitte & Touche LLP is compatible with maintaining its independence.

Based on the reviews and discussions of the Audit and Finance Committee described above, in reliance on the unqualified opinion of Deloitte & Touche LLP dated March 5, 2004, regarding the Corporation's audited consolidated financial statements as of and for the year ended December 31, 2003, the Audit and Finance Committee recommended to the Board of Directors, and the Board of Directors approved, that such financial statements be included in the Corporation's annual report on Form 10-K for the year ended December 31, 2003, to be filed with the Securities and Exchange Commission.

In fulfilling its responsibilities in respect of monitoring compliance with laws and regulations and business conduct, the Audit and Finance Committee recommended the formal adoption of the Corporation's Code of Business Conduct and Ethics. Its mandate also includes monitoring among other things, related party transactions.

The Audit and Finance Committee met seven times in 2003 and is satisfied that it appropriately fulfilled its mandate to the best of its ability during the year ended December 31, 2003.

COMPENSATION COMMITTEE

The Compensation Committee was established by the Corporation in 2002 and formally adopted its charter at that time. To ensure compliance with SOX, on March 10, 2004, the Compensation Committee replaced its charter with a new charter. The charter is posted on the Corporation's website at www.apollogold.com.

Under its new charter, the main purposes of the Compensation Committee are:

- to establish, administer and evaluate the compensation philosophy, policies and plans for non-employee directors and executive officers; and
- to make recommendations to the board regarding director and executive compensation; and
- to review the performance and determine the compensation of the President and Chief Executive Officer, based on criteria including the Corporation's performance and accomplishment of long-term strategic objectives.

During the fiscal year of the Corporation ending December 31, 2003, the Compensation Committee was comprised of Messrs. Hobart, Schissler, Stott, Thompson and Vaughan, each meeting the independence requirements of the TSX and the AMEX Standards.

Report of the Compensation Committee

Compensation Philosophy

The Corporation's executive officer compensation policies are intended to provide an appropriate overall compensation package that will permit the Corporation to attract and retain highly qualified and experienced senior executive officers and to encourage superior performance by such senior executive officers. The Corporation's compensation policies are intended to motivate individuals to achieve results at the specific subsidiary at which they are employed as well as overall corporate results. In addition, the Corporation believes that directors, officers and employees should have their benefits aligned with both the short and long term interests of the shareholders.

The compensation of the Corporation's executive officers is comprised of three components: base salary, annual cash bonus, and long-term incentives in the form of stock options. It is structured to be competitive with a select group of comparative producing gold mining companies. The annual cash bonus is discretionary based on factors including attaining or exceeding certain budgeted goals for gold sales and the related cash production costs of such gold sales at each of the Florida Canyon and Montana Tunnels mines and targets an increase in the proven and probable gold reserves of the Corporation.

Cash bonuses and stock options are directly related to company performance and the individual's contribution thereto.

Base Salary

The base salary for the President and Chief Executive Officer and each Named

Edgar Filing: APOLLO GOLD CORP - Form PRER14A

Executive Officer is reviewed annually by the Compensation Committee within the context of individual and corporate performance and market competitiveness. The market assessment is based primarily on the compensation practices of producing gold mining companies for comparable positions.

Page 12

Stock Options

The Corporation has two stock option plans; a regular employee incentive stock option plan, as amended (the "INCENTIVE STOCK OPTION PLAN") and a stock option plan authorized by the shareholders pursuant to the terms of the Plan of Arrangement, (the "PLAN OF ARRANGEMENT STOCK OPTION PLAN"). The purpose of these stock option plans is to develop the interest and incentive of eligible employees, officers and directors in the Corporation's growth and development by giving an opportunity to purchase Common Shares on a favourable basis, thereby advancing the interests of the Corporation, enhancing the value of the Common Shares for the benefit of all shareholders and increasing the ability of the Corporation to attract and retain skilled and motivated individuals.

Stock options are granted in accordance with the Incentive Stock Option Plan at not less than the closing price of the Common Shares on the business day immediately prior to the date of grant. Stock options granted pursuant to the Plan of Arrangement Stock Option Plan have an exercise price of US\$0.80 per share, as approved by a special resolution of shareholders pursuant to the terms and conditions of the Plan of Arrangement effective June 25, 2002 whereby International Pursuit Corporation and Nevoro Gold Corporation amalgamated to form the Corporation.

President and Chief Executive Officer

The Compensation Committee and the Board continue to be of the view that Mr. Russell provides the leadership that permitted the Corporation to grow in 2003. In making their compensation decision they considered this as well as other factors, including his contribution to the business performance and anticipated future performance of the Corporation.

The President and Chief Executive Officer's compensation consists of a base salary, an annual cash bonus and various perquisites. In 2003, the base salary accounted for approximately 74% of all cash compensation paid to the President and Chief Executive Officer. Pursuant to the Corporation's bonus policies, bonus awards may be made to the President and Chief Executive Officer and other senior executives based upon several factors, including the Corporation's return on equity, the performance of the subsidiary with respect to which such senior executive has responsibility and the achievement of stipulated individual goals of such senior executive.

Going forward, the Compensation Committee and, as appropriate, the Board, will address other issues relating to executive compensation, including the relative emphasis on the components of executive compensation, including compensation for the Corporation's President and Chief Executive Officer.

In 2003 the Compensation Committee met on four occasions and is satisfied that it appropriately fulfilled its mandate to the best of its ability during the year ended December 31, 2003.

Page 20

The Compensation Committee that administers the Incentive Stock Option Plan has broad authority to fix the terms and conditions of individual agreements with Participants, including the duration of the award and any vesting requirements. Options to purchase 4,805,904 Common Shares are issuable pursuant to the Incentive Stock Option Plan. The number of Common Shares reserved for issuance to any one person pursuant to the grant of options under the Incentive Stock Option Plan may not exceed 5% of the Corporation's issued and outstanding shares. In addition, the issuance of Common Shares to any insider and his or her associates under the Incentive Stock Option Plan, within a one-year period, shall not exceed 5% of the Corporation's issued and outstanding shares. The exercise price of any option granted under the Incentive Stock Option Plan may not be less than the fair market value (e.g., the prevailing market price) of the Common Shares at the time the option is granted. Options issued under the Incentive Stock Option Plan may be exercised during a period determined by the Board which cannot exceed ten years and are subject to earlier termination upon the termination of the optionee's employment, upon the optionee ceasing to be an officer and/or director of the Corporation or upon the retirement, permanent disability or death of an optionee. Subject to compliance with applicable corporate and securities laws, the Board may at any time authorize the Corporation to loan money to a Participant in order to assist him or her to exercise options granted under the Incentive Stock Option Plan. Such loan shall

be provided on a non-recourse basis, shall be non-interest bearing and shall be on such other terms and conditions to be determined from time to time by the Board. The Board has not loaned any money to Participants and has no intention to do so in the future. The options are non-transferable.

Plan of Arrangement Stock Option Plan

Pursuant to the Plan of Arrangement, the Corporation established an arrangement stock option plan, (the "PLAN OF ARRANGEMENT STOCK OPTION PLAN"). The purpose of the Plan of Arrangement Stock Option Plan is to develop the interest of the senior officers, directors and key employees of the Corporation and its subsidiaries and affiliates, as well as any other person or company engaged to provide ongoing management and consulting services to the Corporation or to its subsidiaries and affiliates.

The Plan of Arrangement Stock Option Plan authorizes the issuance of up to 2,780,412 Common Shares at an exercise price of U.S.\$0.80 per share. In 2002, all of such 2,780,412 options were granted to eligible persons, at an exercise price of US\$0.80 per share, for a term of five years expiring on June 25, 2007. The options granted pursuant to the terms of the Plan of Arrangement Stock Option Plan vest over a period of two years and are subject to deduction if certain goals and objective are not attained. Such goals and objectives, include but are not limited to, attaining or exceeding certain budgeted goals for gold sales, cash production costs and increasing the proven and probable gold reserves of the Corporation. For the year ended December 31, 2002, such goals and objectives were met. Accordingly, an aggregate of 1,390,206 options, representing 50% of the options granted under the Plan of Arrangement Stock Option Plan vested effective December 31, 2002.

For the year ended December 31, 2003, all of the goals and objectives established for the Florida Canyon Mine and the Exploration department were met. Accordingly, an aggregate of 271,091 options, representing 100% of the previously unvested options granted to Florida Canyon Mine and Exploration department employees under the Plan of Arrangement Stock Option Plan, vested thereunder effective December 31, 2003. Some, but not all of the goals and objectives established for the Montana Tunnels Mine for the year ended December 31, 2003 were met, resulting in the cancellation of 10,252 options granted to Montana Tunnels Mines employees. Accordingly, an aggregate of 29,368 options, representing 75% of the previously unvested options granted to Montana Tunnels Mine employees under the Plan of Arrangement Stock Option Plan, vested thereunder effective December 31, 2003. In addition, an aggregate of 120,392 options granted to directors and senior officers of the Corporation were cancelled effective December 31, 2003 for failure of the Corporation to meet certain goals and objectives. Accordingly, an aggregate of 556,082 options, representing 80% of the previously unvested options granted to such officers and directors under the Plan of Arrangement Stock Option Plan, vested thereunder effective December 31, 2003.

PROPOSAL #2 - APPOINTMENT OF AUDITORS

Management recommends the re-appointment of Deloitte & Touche LLP Chartered Accountants, of Vancouver, British Columbia, the present auditors, as the

Edgar Filing: APOLLO GOLD CORP - Form PRER14A

auditors of the Corporation to hold office until the close of the next annual meeting of the shareholders. Deloitte & Touche LLP has served as the Corporation's auditors continuously since 2002. The Corporation believes that a representative of Deloitte & Touche LLP will attend this Meeting.

The following table shows the aggregate fees billed to the Corporation for professional services by Deloitte & Touche LLP for fiscal years 2003 and 2002 (in Cdn\$):

	FISCAL 2003	FISCAL 2002(1)
	-----	-----
Audit Fees	\$ 348,145	\$ 119,917
Audit-Related Fees	\$ 439,757	\$ 284,330
Tax Fees	\$ 9,600	\$ 0
All Other Fees	\$ 0	\$ 0
TOTAL	\$ 797,502	\$ 404,247

(1) Deloitte & Touche LLP was not engaged as our independent auditors until June 17, 2002. Therefore, the 2002 fees represent only a partial year.

Audit Fees. This category includes the aggregate fees billed for professional services rendered for the audits of our consolidated financial statements for fiscal years 2003 and 2002, for the reviews of the financial statements included

Page 29

in our quarterly reports on Form 10-Q during fiscal 2003 and 2002, and for other services that are normally provided by the independent auditors in connection with statutory and regulatory filings or engagements for the relevant fiscal years.

Audit-Related Fees. This category includes the aggregate fees billed in each of the last two fiscal years for assurance and related services by the independent auditors that are reasonably related to the performance of the audits or reviews of the financial statements and are not reported above under "Audit Fees," and generally consist of fees for other engagements under professional auditing standards, accounting and reporting consultations, internal control-related matters, and audits of employee benefit plans.

Tax Fees. This category includes the aggregate fees billed in each of the last two fiscal years for professional services rendered by the independent auditors for tax compliance, tax planning and tax advice. Of these amounts, \$0 was related to tax compliance services for review of federal and state tax returns for both 2003 and 2002.

All Other Fees. This category includes the aggregate fees billed in each of the last two fiscal years for products and services provided by the independent auditors that are not reported above under "Audit Fees," "Audit-Related Fees," or "Tax Fees."

In the past, the Board has reviewed and approved the fees to be paid to the auditors. Such fees have been based upon the complexity of the matters in question and the time incurred by the auditors. Management believes that the fees negotiated in the past with the auditors of the Corporation were reasonable in the circumstances and would be comparable to fees charged by other auditors providing similar services.

Edgar Filing: APOLLO GOLD CORP - Form PRER14A

As discussed in the "Report of the Audit and Finance Committee" in this Circular, the Audit and Finance Committee has reviewed and considered whether the provision of services other than audit services is compatible with maintaining the auditors' independence. Commencing in 2003, the Audit and Finance Committee considered and pre-approved expenditure limits for the Corporation's auditors and reviewed and pre-approved the provision of non-audit services by the Corporation's auditors to ensure they are consistent with maintaining the auditor's independence.

IT IS INTENDED THAT ON ANY BALLOT THAT MAY BE CALLED RELATING TO THE APPOINTMENT OF AUDITORS, THE SHARES REPRESENTED BY PROXIES IN FAVOUR OF THE MANAGEMENT NOMINEES WILL BE VOTED IN FAVOUR OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS AUDITORS OF THE CORPORATION AND THE RESOLUTION AUTHORIZING THE DIRECTORS TO FIX REMUNERATION OF THE AUDITORS, UNLESS A SHAREHOLDER HAS SPECIFIED IN HIS PROXY THAT HIS SHARES ARE TO BE WITHHELD FROM VOTING ON THE APPOINTMENT OF AUDITORS.

PROPOSAL #3 - ADVANCED SHAREHOLDER APPROVAL FOR THE ISSUANCE OF COMMON SHARES BY PRIVATE PLACEMENT

It is anticipated that the Corporation may need additional funds to conduct its ongoing activities in the coming year. The Corporation from time to time evaluates opportunities to raise financing on advantageous terms. The Corporation may undertake one or more such financings over the next year which may include private placement equity financings. The terms of the equity financings, if any, to be authorized, including dividend or interest rates, conversion prices, voting rights, redemption prices, maturity dates, and similar matters will be determined by the Board. Under the rules of the TSX, the aggregate number of shares of a listed company which may be issued or made subject to issuance (i.e. issuable under a share purchase warrant or option or other convertible security) by way of one or more private placement transactions during any particular six month period must not exceed 25% of the number of shares outstanding (on a non-diluted basis) prior to giving effect to such transactions (the "TSX 25% RULE"), unless there has been shareholder approval of such transactions.

The application of the TSX 25% Rule may restrict the availability to the Corporation of funds which it may wish to raise in the future by private placement of its securities.

In particular, management of the Corporation considers it to be in the best interests of the Corporation to solicit private placement funds for working capital and its operations. The TSX has a working practice that it will accept

Page 30

advance approval by shareholders in anticipation of private placements that may exceed the TSX 25% Rule, provided such private placements are completed within 12 months of the date such advance shareholder approval is given. In the event the Corporation conducts private placement equity financings, the existing shareholders will experience dilution of their equity interest.

The Corporation's issued and outstanding share capital as of March 26, 2004 was 79,017,575 Common Shares and the Corporation proposes that the maximum number of Common Shares which either would be issued or made subject to issuance under one or more private placements in the 12-month period commencing on May 20, 2004, would not exceed 79,017,575 Common Shares in the aggregate, or 100% of the Corporation's issued and outstanding shares.

Any private placement proceeded with by the Corporation under the advance approval being sought at the Meeting would be subject to the following

Edgar Filing: APOLLO GOLD CORP - Form PRER14A

additional restrictions:

- (a) it must be substantially with parties at arm's length to the Corporation;
- (b) it cannot materially affect control of the Corporation;
- (c) it must be completed within a 12 month period following the date the shareholder approval is given; and
- (d) it must comply with the private placement pricing rules of the TSX which generally require that the issue price per common share must not be lower than the closing market price of such common shares on the TSX on the trading date prior to the date notice of the private placement is given to the TSX (the "MARKET PRICE"), less the applicable discount, which generally is as follows:

Market Price	Maximum Discount
-----	-----
Over \$2.00	15%
\$0.51 to \$2.00	20%
Up to \$0.50	25%

(for these purposes, a private placement of unlisted convertible securities is deemed to be a private placement of the underlying securities at an issue price equal to the lowest possible price at which the securities are convertible by the holders thereof).

In any event, the TSX retains the discretion to decide whether or not a particular placement is "substantially" at arm's length or will materially affect control, in which case specific shareholder approval may be required.

In anticipation that the Corporation may wish to enter into one or more private placements in the next 12 months that will result in it issuing and/or making issuable 79,017,575 Common Shares taking into account any Common Shares that may be issued upon exercise of any warrants, options or other rights granted in connection with the private placements, that will exceed the TSX 25% Rule, management is requesting shareholders to pass, with or without variation, the resolution set forth in SCHEDULE "B" attached hereto (the "PRIVATE PLACEMENT RESOLUTION").

The directors of the Corporation believe the passing of the Private Placement Resolution is in the best interests of the Corporation and recommends that the shareholders vote in favour of the resolution. In the event the resolution is not passed, the TSX will not approve any private placements that result in the issuance or possible issuance of a number of Common Shares which exceed the TSX 25% Rule without specific shareholder approval. Such restriction could impede the Corporation's timely access to required funds on favourable terms.

In order to approve the Private Placement Resolution, a majority of the votes cast at the Meeting must be voted in favour thereof. THE BOARD HAS UNANIMOUSLY APPROVED THE PRIVATE PLACEMENT RESOLUTION AND RECOMMENDS THAT SHAREHOLDERS VOTE FOR SUCH RESOLUTION. PROXIES RECEIVED IN FAVOUR OF MANAGEMENT WILL BE VOTED IN FAVOUR OF THE PRIVATE PLACEMENT RESOLUTION, UNLESS THE SHAREHOLDER HAS SPECIFIED IN THE PROXY THAT HIS OR HER COMMON SHARES ARE TO BE VOTED AGAINST THE RESOLUTION.

APPROVAL

The contents and the sending of this Circular have been approved by the directors of the Corporation.

OTHER MATTERS

Management knows of no amendment, variation or other matter to come before the Meeting other than the matters referred to in the Notice. However, if any other matter properly comes before the Meeting, the accompanying proxy will be voted on such matter with the best judgement of the person or persons voting the proxy.

SHAREHOLDER PROPOSALS

SHAREHOLDER PROPOSALS FOR INCLUSION IN PROXY STATEMENT FOR 2005 ANNUAL MEETING OF SHAREHOLDERS

To be considered for inclusion in the Corporation's proxy statement for the 2005 annual meeting of shareholders, a shareholder proposal must be received by the Corporation no later than the close of business on February 21, 2005. The Corporation will not be required to include in its proxy statement any shareholder proposal that does not meet all the requirements for such inclusion established by applicable law.

OTHER SHAREHOLDER PROPOSALS FOR PRESENTATION AT 2005 ANNUAL MEETING OF SHAREHOLDERS

For any proposal that is not submitted for inclusion in the Corporation's proxy statement for the 2005 annual meeting of shareholders, but is instead sought to be presented directly at the meeting, the SEC's rules permit management to vote proxies in its discretion if: (1) the Corporation receives notice of the proposal before the close of business on March 2, 2005, and advises shareholders in the proxy statement about the nature of the matter and how management intends to vote on such matter; or (2) the Corporation does not receive notice of the proposal prior to the close of business on March 2, 2005. Notices of intention to present proposals at the 2005 annual meeting of shareholders should be sent to Secretary of the Corporation at the following address: Apollo Gold Corporation, 4601 DTC Boulevard, Suite 750, Denver, Colorado 80237-2571.

The Committee will also assist the Board in fulfilling its responsibilities in reviewing the Corporation's process for monitoring compliance with laws and regulations and its own code of business conduct. In performing its duties, the Committee will maintain effective working relationships with the Board of directors, management, and the external auditors and monitor the independence of those auditors. The Committee will also be responsible for reviewing the Corporation's financial strategies, its financing plans and its use of the equity and debt markets.

To perform his or her role effectively, each Committee member will obtain an understanding of the responsibilities of Committee membership as well as the Corporation's business, operations and risks.

(c) is not an "affiliated person" of the Corporation or any of its subsidiaries as defined by rules of the Securities and Exchange Commission (the "SEC"), including rules promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and applicable stock exchange listing rules (the "Listing Rules"); and

(d) he or she meets all other requirements for independence imposed by law and the Listing Rules from time to time and any requirements imposed by any Canadian body having jurisdiction over the Corporation.

2. All members of the Committee shall have a practical knowledge of finance and accounting and be able to read and understand fundamental financial

statements from the time of their respective appointments to the Committee. In addition, members may be required to participate in continuing education if required by applicable law or the Listing Rules.

3. At least one member of the Committee shall be a "financial expert" as defined by Item 401(h) of Regulation S-K, unless otherwise determined by the Board, and at least one member shall meet the financial sophistication standards under the Listing Rules.

4. Each member of the Committee shall be appointed by the Board and shall serve until the earlier to occur of the date on which he or she shall be replaced by the Board, resigns from the Committee, or resigns from the Board.

MEETINGS

1. The Committee shall meet as frequently as required, but no less than four times annually and at least quarterly. The Board shall name a chairperson of the Committee, who shall prepare and/or approve an agenda in advance of each meeting and shall preside over meetings of the Committee. In the absence of the chairperson, the Committee shall select a chairperson for that meeting. A majority of the members of the Committee shall constitute a quorum and the act of a majority of the members present at a meeting where a quorum is present shall be the act of the Committee. The Committee may also act by unanimous written consent of its members. The Committee shall maintain minutes or other records of meetings and activities of the Committee.

The Committee shall, through its chairperson, report regularly to the Board following the meetings of the Committee, addressing such matters as the quality of the Corporation's financial statements, the Corporation's compliance with legal or regulatory requirements, the performance and independence of the outside auditors, the performance of any internal audit function and other matters related to the Committee's functions and responsibilities.

3. The Committee shall at least annually meet separately with each of the Corporation's management, the Corporation's chief financial officer and the Corporation's outside auditors in separate executive sessions to discuss any matters that the Committee or each of these groups believes should be discussed privately.

The Corporation's management is responsible for preparing the Corporation's financial statements, and the Corporation's outside auditors are responsible for auditing and/or reviewing those financial statements. In carrying out these oversight responsibilities, the Committee is not providing any expert or special assurance as to the Corporation's financial statements or any professional certification as to the outside auditors' work.

2. The designation or identification of a member of the Committee as an "audit committee financial expert" does not impose on such person any duties, obligations, or liability that are greater than the duties, obligations, and liability imposed on such person as a member of the Committee and Board of Directors in the absence of such designation or identification; and (ii) the designation or identification of a member of the Committee as an "audit committee financial expert" does not affect the duties, obligations, or liability of any other member of the Committee or Board of Directors.
