Section 3: Securities and Trading Markets

Item 3.01 - Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing.

On July 10, 2015, U.S. Energy Corp. (the "Company") received a letter from The Nasdaq Stock Market indicating that for 30 consecutive business days the Company's common stock had not maintained a minimum closing bid price of \$1.00 ("Minimum Bid Price Requirement") per share as required by Nasdaq Listing Rule 5550(a)(2). This notice of noncompliance has had no immediate impact on the continued listing or trading of the Company's common stock on the Nasdaq Capital Market.

Under Nasdaq Listing Rule 5810(c)(3)(A), if during the 180 calendar days following the date of the notification (the "Compliance Period") ending on January 6, 2016, the closing bid price of the Company's stock is at or above \$1.00 for a minimum of ten consecutive business days, the Company will regain compliance with the Minimum Bid Price Requirement and the common stock will continue to be eligible for listing on the Nasdaq Capital Market.

If the Company does not achieve compliance with the Minimum Bid Price Requirement by the end of the Compliance Period, under Nasdaq Listing Rule 5810(c)(3)(A)(ii), if on the last day of the Compliance Period, the Company is in compliance with the market value requirement for continued listing of its common stock on the Nasdaq Capital Market as well as all other listing standards for initial listing of its common stock on the Nasdaq Capital Market (other than the Minimum Bid Price Requirement), and the Company provides written notice of its intention to cure the deficiency during a second compliance period, Nasdaq may grant the Company an additional Compliance Period through July 5, 2016.

The Company intends to monitor the closing bid price of its common stock and may, if appropriate, consider implementing available options to regain compliance with the Minimum Bid Price Requirement under the Nasdaq Listing Rules. The Company's ability to regain compliance with the Minimum Bid Price Requirement and satisfy other Nasdaq Listing Rules is subject to numerous risks and uncertainties, including but not limited to risks associated with the possibility of an extended period of low commodity prices, operational and regulatory issues and general economic conditions.

On July 14, 2015, the Company issued a press release announcing its receipt of the Nasdaq deficiency letter. A copy of the please release is filed as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.
