PROXY STATEMENT

Date, Time and Place of Meeting

This proxy statement is furnished in connection with the solicitation of proxies by and on behalf of the Board of Directors of Telkonet, Inc. for use at Telkonet's 2007 Annual Meeting of Stockholders, to be held at The Hampton Inn Germantown, located at 20260 Goldenrod Lane, Germantown, Maryland 20876, on Friday, December 21, 2007 at 10:00 a.m. local time, and at any adjournment or postponement of the annual meeting. This proxy statement, the accompanying proxy card and Telkonet's Annual Report to Stockholders for the fiscal year ended December 31, 2006 are first being sent to stockholders on or about November 28, 2007.

Solicitation and Voting

The solicitation of proxies is made by and on behalf of Telkonet's Board of Directors. The cost of the solicitation of proxies will be borne by Telkonet. In addition to solicitation of proxies by mail, employees of Telkonet or its affiliates may solicit proxies by telephone or facsimile.

The Board of Directors has fixed the close of business on October 26, 2007 as the record date for determining the holders of shares of common stock who are entitled to notice of, and to vote at, the annual meeting. At the close of business on October 26, 2007, Telkonet had outstanding 67,786,342 shares of common stock, par value \$0.001 per share. Each stockholder is entitled to one vote per share of Telkonet's common stock registered in such stockholder's name on Telkonet's books as of the close of business on October 26, 2007.

Shares of common stock represented by properly executed proxies received at or prior to the annual meeting that have not been revoked will be voted at the annual meeting in accordance with the instructions indicated on the proxies. Stockholders are requested to complete, sign, date and promptly return the enclosed proxy card in the enclosed postage-prepaid envelope to ensure that their shares are voted. If the enclosed proxy is signed and returned, the shares represented thereby will be voted in accordance with any specification made therein by the stockholder. In the absence of any such specification, the shares will be voted to elect each of the director nominees set forth under "Election of Directors" below, for the proposal set forth under "Ratification of Appointment of Independent Public Accountants," and in the discretion of management on any other matter which may properly come before the annual meeting.

Revocability of Proxy

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Attendance at the annual meeting will not, in and of itself, revoke a proxy. Proxies may be revoked by:

- Filing with the Secretary of Telkonet, at or before the taking of the vote at the annual meeting, a written notice of revocation dated later than the proxy;
- Executing a later dated proxy relating to the same shares of common stock and delivering it to the Secretary of Telkonet, including by facsimile, before the taking of the vote at the annual meeting; or
- Attending the annual meeting and voting in person.

Edgar Filing: TELKONET INC - Form DEF 14A

Any written revocation or subsequent proxy should be sent so as to be delivered to Telkonet, Inc., 20374 Seneca Meadows Parkway, Germantown, Maryland 20876, Attention: Corporate Secretary, or hand delivered to the Secretary of Telkonet or his representative at or before the taking of the vote at the annual meeting.

If the annual meeting is postponed or adjourned, proxies given pursuant to this solicitation will be utilized at any subsequent reconvening of the annual meeting, except for any proxies that previously have been revoked or withdrawn effectively, and notwithstanding that proxies may have been effectively voted on the same or any other matter previously.

Quorum

Telkonet's bylaws provide that the holders of a majority of the outstanding Telkonet shares, present in person or by proxy, will constitute a quorum, and that the affirmative vote of a majority of the shares represented at the annual meeting and constituting a quorum is required for approval of any proposal brought before the annual meeting, unless a greater proportion or number of votes is required by law or by Telkonet's certificate of incorporation or bylaws. The election of directors will require the affirmative vote of a majority of the shares present at the annual meeting and constituting a quorum. Abstentions and broker non-votes will be deemed present for purposes of constituting a quorum and will have the same legal effect as a vote "against" each nominee for the Board of Directors and all proposals presented at the annual meeting.

PROPOSAL 1. ELECTION OF DIRECTORS

Telkonet's bylaws establish the number of directors at not less than three members. Pursuant to the bylaws, the Board of Directors may increase or decrease the number of members of the Board of Directors. The Board of Directors has established the number of directors at seven. At the annual meeting, the shares represented by properly executed proxies, unless otherwise specified, will be voted for the election of the seven nominees named herein, each to serve until the next annual meeting and until his successor is duly elected and qualified. Proxies cannot be voted for more than seven nominees.

If for any reason any nominee is not a candidate when the election occurs (which is not expected), the Board of Directors expects that proxies will be voted for the election of a substitute nominee designated by the Board of Directors. The following information is furnished concerning each nominee for election as a director.

The affirmative vote of a majority of the shares of Telkonet's common stock represented at the annual meeting, either in person or by proxy, is required to elect the following nominees as Telkonet directors.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ELECTION OF EACH NOMINEE

Meetings of the Board and Committees

The Board of Directors held five meetings in 2006, which each member of the Board of Directors attended. Each member of the Board of Directors attended at least 75 percent of the meetings of the Board of Directors and the committees of which such director was a member. Telkonet has not established a formal policy requiring director attendance at all Board meetings, but the Company expects each director to attend such meetings, absent unusual circumstances. Telkonet expects its directors to attend the Annual Meeting of Stockholders (which is usually held the same day as a meeting of the Board of Directors). Two of Telkonet's directors attended the 2006 Annual Meeting of Stockholders.

Code of Ethics

The Board has approved, and Telkonet has adopted, a Code of Ethics that applies to all directors, officers and employees of Telkonet. This Code of Ethics was included as an Exhibit to Telkonet's Form 10-KSB filed with the Securities and Exchange Commission on March 30, 2004.

Director Independence

The Board of Directors has determined that the following Directors are "independent" under the listing standards of the American Stock Exchange (AMEX): Dr. Hall and Messrs. Lynch, Peeler and Paoni. Each of Dr. Hall, Mr. Peeler and Mr. Lynch serve on, and are the only members of, the Company's Audit Committee. Dr. Hall, Mr. Lynch and Mr. Paoni serve on, and are the only members of, the Company's Compensation Committee.

Communications with the Board of Directors

Stockholders can communicate directly with the Board, with any Committee of the Board, or specified directors by writing to: The Board of Directors of Telkonet, Inc., at the Company's principal business address or by calling at (240) 912-1800. All communications will be reviewed by management and then forwarded to the appropriate director, directors, committee, or to the full Board.

Committees of the Board of Directors

The Board has an Audit Committee and a Compensation Committee, but the Board does not presently have a Nominating Committee because the Board does not feel a Nominating Committee is necessary due to the Board's nomination procedures in effect as described below.

Director Nominations

Although Telkonet does not maintain a standing Nominating Committee, nominees for election as directors are considered and nominated by a majority of Telkonet's independent directors in accordance with the AMEX listing standards. "Independence" for these purposes is determined in accordance with Section 121(A) of the AMEX Rules and Rule 10A-3 under the Securities Exchange Act of 1934. Since Telkonet does not maintain a standing Nominating Committee, it has not adopted a formal Nominating Committee charter.

When considering potential candidates for election to Telkonet's Board of Directors, the independent directors evaluate various criteria, including, but not limited to, each candidate's business and professional skills, experience serving as management or on the board of directors of companies such as Telkonet, financial literacy and personal integrity in judgment. Candidates for vacant board seats will be considered if they are able to read and understand fundamental financial statements; have no identified conflicts of interest; have not been convicted in a criminal proceeding other than traffic violations during the five years before the date of selection; and are willing to comply with Telkonet's

Code of Ethics. One or more directors must have requisite financial expertise to qualify as an “audit committee financial expert” as defined by Item 401 of Regulation S-K promulgated under the Securities Exchange Act of 1934. The independent directors reserve the right to modify these minimum qualifications from time to time. Exceptional candidates who do not meet all of these criteria may still be considered.

The independent directors review the qualifications and backgrounds of the directors, as well as the overall composition of the Board from time to time. In the case of any candidate for a vacant Board seat, the independent directors will consider whether such candidate meets the applicable independence standards and the level of the candidate’s financial expertise. Any new candidates will be interviewed by the independent directors, and the full Board will approve the final nominations. The Chairman of the Board, acting on behalf of the full Board, will extend the formal invitation to become a nominee of the Board of Directors.

Stockholders may nominate director candidates for consideration by the Board of Directors by writing to the Chairman and providing to the Chairman the candidate's name, biographical data and qualifications, including five-year employment history with employer names and a description of the employer's business; whether such individual can read and understand fundamental financial statements; other board memberships (if any); and such other information as is reasonably available and sufficient to enable the Board to evaluate the minimum qualifications described above. The submission must be accompanied by the written consent of the individual to stand for election if nominated by the Board of Directors and to serve if elected by the stockholders. If a stockholder nominee is eligible, and if the nomination is proper, the independent directors then will deliberate and make a decision as to whether the candidate will be submitted to Telkonet's stockholders for a vote. The Board will not change the manner in which it evaluates candidates, including the applicable minimum criteria set forth above, based on whether the candidate was recommended by a stockholder.

Audit Committee

The Audit Committee is currently comprised of Messrs. Lynch and Peeler and Dr. Hall. Telkonet's Board of Directors has determined that each of Dr. Hall and Messrs. Lynch and Peeler is an "audit committee financial expert" as defined by Item 401 of Regulation S-K promulgated under the Securities Exchange Act of 1934. The Board of Directors also has determined that each of Dr. Hall and Messrs. Lynch and Peeler are "independent" as such term is defined in Section 121(A) of the AMEX Rules and Rule 10A-3 promulgated under the Securities Exchange Act of 1934.

The Audit Committee recommends annually to the Board of Directors the selection of independent auditors for each fiscal year, confirms and assures their independence and approves the fees and other compensation to be paid to the auditors. The Audit Committee recommends to the Board the advisability of having the independent auditors make specified studies and reports as to auditing matters, accounting procedures, tax or other matters. The Audit Committee also reviews, prior to its filing with the SEC, Telkonet's Form 10-K and annual report to stockholders. The Audit Committee provides an open avenue of communication among the independent auditors, management and the Board of Directors and will review any significant disagreement among management and the independent auditors in connection with the preparation of any of Telkonet's financial statements. The Audit Committee reviews, with Telkonet's legal counsel, legal and regulatory matters that may have a significant impact on Telkonet's financial statements. The Audit Committee held four meetings in 2006 and all of members of the Audit Committee attended at least 75 percent of these meetings.

The Board of Directors has adopted an Audit Committee Charter, which was ratified by the stockholders at the 2004 Annual Meeting of Stockholders. A copy of the Audit Committee Charter is attached as Appendix A to this proxy statement.

REPORT OF THE AUDIT COMMITTEE

Notwithstanding anything to the contrary set forth in any of Telkonet's previous filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate future filings or this proxy statement, the following report shall not be deemed to be incorporated by reference into any such filings. In addition, the following report shall not be deemed to be "soliciting material" or "filed" with the SEC.

The Audit Committee for the year ended December 31, 2006, whose members are identified below, has reviewed and discussed the audited financial statements as of and for the year ended December 31, 2006 with Telkonet's management and has discussed the matters required to be discussed by SAS 61 with Telkonet's independent auditors. The Audit Committee has also received the written disclosures and the letter from Telkonet's independent auditors required by Independent Standards Board Standard No. 1 and has discussed with the independent auditors the independent auditors' independence. Based upon its review of the foregoing materials and its discussions with Telkonet's management and independent auditors, the Audit Committee recommended to the Board of Directors that

the audited financial statements be included in Telkonet's Annual Report on Form 10-K for the year ended December 31, 2006. The Audit Committee also considered whether the provision of other non-audit services by the independent auditor to Telkonet is compatible with maintaining the independence of the independent auditor and concluded that the independence of the independent auditor is not compromised by the provision of such services.

The Audit Committee has a written charter which was adopted by the Board of Directors on October 3, 2003, a copy of which is filed as Appendix A to the proxy statement for the 2007 Annual Meeting of Stockholders. The Audit Committee has established procedures for the receipt, retention and treatment of any complaints received by Telkonet regarding accounting, internal accounting controls or auditing matters and the confidential, anonymous submission by Telkonet's employees of any concerns regarding questionable accounting or auditing matters.

By the Audit Committee.

Compensation Committee

Dr. Hall, Mr. Lynch and Mr. Paoni serve on Telkonet's Compensation Committee. In 2006 and through November 21, 2007, Mr. Musser also served on the Company's Compensation Committee. On November 21, 2007, Mr. Paoni was appointed to the Compensation Committee. The Compensation Committee oversees the Company's compensation programs, which are designed specifically for the Company's most senior executive officers, including the Chief Executive Officer, Chief Financial Officer and the other executive officers named in the Summary Compensation Table. Additionally, the Compensation Committee is charged with the review and approval of all annual compensation decisions relating to named executive officers. The Board of Directors has adopted a Compensation Committee charter. A copy of the Compensation Committee charter is attached as Appendix B to this proxy statement.

The Compensation Committee met two times in 2006, and all members of the Compensation Committee attended the meetings.

REPORT OF THE COMPENSATION COMMITTEE

Notwithstanding anything to the contrary set forth in any of Telkonet's previous filings under the Securities Act of 1933 or the Exchange Act that might incorporate future filings or this proxy statement, the following report shall not be deemed to be incorporated by reference into any such filings. In addition, the following report shall not be deemed to be "soliciting material" or "filed" with the SEC.

The base salary, bonus, benefits and other compensation payable to Telkonet's executive officers for the year ended December 31, 2006 were fixed under written employment agreements (except for Mr. Landry and Mr. Leimbach, who do not have written employment agreements) described below under the heading Employment Contracts and Termination of Employment Arrangements.

Prior to establishing Mr. Pickett's compensation pursuant to his employment agreement (as well as the compensation of the other executive officers), the Board of Directors reviewed compensation recommendations prepared by Telkonet's human resources director, which recommendations provide information regarding compensation at the tenth to fiftieth percentiles in peer companies.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis contained in this proxy statement with management and, based upon this review and these discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be include in this proxy statement.

Compensation Discussion and Analysis

Oversight of Executive Compensation Program

The Compensation Committee of the Board of Directors oversees the Company's compensation programs, which are designed specifically for the Company's most senior executives officers, including the Chief Executive Officer, Chief Financial Officer and the other executive officers named in the Summary Compensation Table (collectively, the "named executive officers"). Additionally, the Compensation Committee is charged with the review and approval of all annual compensation decisions relating to named executive officers.

The Compensation Committee is currently composed of three (3) independent, non-management, members of the Board of Directors. The Compensation Committee was composed of three (3) members in 2006. Mr. Paoni was appointed as an independent, non-management member, on November 21, 2007. Mr. Musser was the third member of the Compensation Committee in 2006. Mr. Musser resigned from the Compensation Committee on November 21, 2007. Each year the Company reviews any and all relationships that each director has with the Company and the Board of Directors subsequently reviews these findings.

The responsibilities of the Compensation Committee, as stated in its charter, include the following:

- annually review and approve for the CEO and the executive officers of the Company the annual base salary, the annual incentive bonus, including the specific goals and amount, equity compensation, employment agreements, severance arrangements, and change in control agreements/provisions, and any other benefits, compensation or arrangements.
- make recommendations to the Board with respect to incentive compensation plans, including reservation of shares for issuance under employee benefit plans.
- annually review and recommend to the Board of Directors for its approval the compensation, including cash, equity or other compensation, for members of the Board of Directors for their service as a member of the Board of Directors, a member of any committee of the Board of Directors, a Chair of any committee of the Board of Directors, and the Chairman of the Board of Directors.
- annually review the performance of the Company's Chief Executive Officer.
- make recommendations to the Board of Directors on the Company's executive compensation practices and policies, including the evaluation of performance by the Company's executive officers and issues of management succession.
- review the Company's compliance with employee benefit plans.
- make regular reports to the Board.
- annually review and reassess the adequacy of the Compensation Committee charter and recommend any proposed changes to the Board for approval.

The Compensation Committee is also responsible for completing an annual report on executive compensation for inclusion in the Company's proxy statement. In addition to such annual report, the Compensation Committee maintains written minutes of its meetings, which minutes are filed with the minutes of the meetings of the Board.

Overview of Compensation Program

In order to recruit and retain the most qualified and competent individuals as senior executives, the Company strives to maintain a compensation program that is competitive in the global labor market. The purpose of the Company's compensation program is to reward exceptional organizational and individual performance.

6

The following compensation objectives are considered in setting the compensation programs for our named executive officers:

- drive and reward performance which supports the Company's core values;
- provide a percentage of total compensation that is "at-risk," or variable, based on predetermined performance criteria;
- design competitive total compensation and rewards programs to enhance the Company's ability to attract and retain knowledgeable and experienced senior executives; and
- set compensation and incentive levels that reflect competitive market practices.

Compensation Elements and Rationale

Compensation for Named Executive Officers Other than the CEO

Compensation for the named executive officers, other than the CEO, are made in the CEO's sole and exclusive discretion. While the Compensation Committee provides its recommendations with respect to compensation for the named executive officers (other than the CEO) as described in greater detail below, the CEO is only required to consider the Compensation Committee's recommendations, but is not bound by its findings.

Compensation for the Company's CEO

To reward both short and long-term performance in the compensation program and in furtherance of the Company's compensation objectives noted above, the Company's compensation program for the CEO is based on the following objectives:

(i) Performance Goals

The Compensation Committee believes that a significant portion of the CEO's compensation should be tied not only to individual performance, but also to the Company's performance as a whole measured against both financial and non-financial goals and objectives. During periods when performance meets or exceeds these established objectives, the CEO should be paid at or more than expected levels. When the Company's performance does not meet key objectives, incentive award payments, if any, should be less than such levels.

(ii) Incentive Compensation

A large portion of compensation should be paid in the form of short-term and long-term incentives, which are calculated and paid based primarily on financial measures of profitability and stockholder value creation. The CEO has the incentive of increasing Company profitability and stockholder return in order to earn a major portion of his compensation package.

(iii) Competitive Compensation Program

The Compensation Committee reviews the compensation of chief executive officers at peer companies to ensure that the compensation program for the CEO is competitive. The Company believes that a competitive compensation program will enhance its ability to retain a capable CEO.

Financial Metrics Used in Compensation Programs

Several financial metrics are commonly referenced in defining Company performance for the CEO's executive compensation. These metrics include quarterly metrics to target cash flow break even and specific revenue goals to define Company performance for purposes of setting the CEO's compensation.

7

Compensation Benchmarking Relative to Market

The Company sets the CEO's compensation by evaluating peer group companies. Peer group companies are chosen based on size, industry, annual revenue and whether they are publicly or privately held. Based on these criteria, the Compensation Committee has identified 29 companies in the Company's peer group. These peer group companies include Catapult Communications Corp., Endwave Corp., Carrier Access Corp., Crystal Technology, Echelon Corp. and FiberTower Corp. The Compensation Committee has concluded that the CEO's compensation falls within the 50th percentile of compensation for chief executive officers within the peer group companies.

Review of Senior Executive Performance

The Compensation Committee reviews, on an annual basis, each compensation package for the named executive officers. In each case, the Compensation Committee takes into account the scope of responsibilities and experience and balances these against competitive salary levels. The Compensation Committee has the opportunity to meet with the named executive officers at least once per year, which allows the Compensation Committee to form its own assessment of each individual's performance. As indicated above, with the exception of the CEO, recommendations with respect to compensation packages for the named executive officers must be considered by the CEO in connection with establishing compensation for those named executive officers. However, the recommendations of the Compensation Committee with respect to the compensation paid to the named executive officers (other than the CEO) will not be binding on the CEO.

Components of the Executive Compensation Program

The Compensation Committee believes the total compensation and benefits program for named executive officers should consist of the following:

- base salary;
- stock incentive plan;
- retirement, health and welfare benefits;
- perquisites and perquisite allowance payments; and
- termination benefits.

Base Salaries

With the exception of the CEO, whose compensation is set by the Compensation Committee and approved by the Board of Directors, base salaries and merit increases for the named executive officers are determined by the CEO in his discretion after consideration of a competitive analysis recommendation provided by the Compensation Committee. The Compensation Committee's recommendation is formulated through the evaluation of the compensation of similar executives employed by companies in the Company's peer group.

Stock Incentive Plan

Under the Company's Stock Incentive Plan (the "Plan") incentive stock options and non-qualified options to purchase shares of the Company's common stock may be granted to key employees. An important objective of the long-term incentive program is to strengthen the relationship between the long-term value of the Company's stock price and the potential financial gain for employees as well as the retention of senior management and key personnel. Stock options

provide named executive officers with the opportunity to purchase the Company's common stock at a price fixed on the grant date regardless of future market price. Stock options generally vest ratably on a quarterly basis and become exercisable over a five-year vesting period. A stock option becomes valuable only if the Company's common stock price increases above the option exercise price (at which point the option will be deemed "in-the-money") and the holder of the option remains employed during the period required for the option to "vest," thus providing an incentive for an option holder to remain employed by the Company. In addition, stock options link a portion of an employee's compensation to stockholders' interests by providing an incentive to increase the market price of the Company stock.

The Company practice is that the exercise price for each stock option is equal to the fair market value on the date of grant. Under the terms of the Plan, the option price will not be less than the fair market value of the shares on the date of grant or, in the case of a beneficial owner of more than 5.0% of the Company's outstanding common stock on the date of grant, the option price will not be less than 110% of the fair market value of the shares on the date of grant.

There is a limited term in which Plan participants can exercise stock options, known as the “option term.” The option term is generally ten years from the date of grant. At the end of the option term, the right to purchase any unexercised options expires. Option holders generally forfeit any unvested options if their employment with the Company terminates.

Certain key executives may be a party to option agreements containing clauses that cause their options to become immediately and fully vested and exercisable upon a Change of Control, as defined in the Plan. Additionally, death or disability of the executive during his or her employment period may cause certain stock options to immediately vest and become exercisable per the terms outlined in the stock option award agreement.

The Compensation Committee awards options to named executive officers upon commencement of their employment with the Company, and for successfully achieving or exceeding predetermined individual and Company performance goals. In determining whether to award stock options and the number of stock options granted to a named executive officer, the Compensation Committee reviews the compensation of executives at peer group companies to ensure that the compensation program is competitive.

Retirement, Health and Welfare Benefits

The Company offers a variety of health and welfare and retirement programs to all eligible employees. The named executive officers generally are eligible for the same benefit programs on the same basis as the rest of the broad-based employees. The Company’s health and welfare programs include medical, dental, vision, life, accidental death and disability, and short and long-term disability insurance. In addition to the foregoing, the named executive officers are eligible to participate in the Company’s 401(k) Profit Sharing Plan.

401(k) Profit Sharing Plan

Telkonet maintains a defined contribution profit sharing plan for employees (the “Telkonet 401(k)”) that is administered by a committee of trustees appointed by the Company. All Company employees are eligible to participate upon the completion of six months of employment, subject to minimum age requirements. Contributions by employees under the Telkonet 401(k) are immediately vested and each employee is eligible for distributions upon retirement, death or disability or termination of employment. Depending upon the circumstances, these payments may be made in installments or in a single lump sum.

The Company’s subsidiary, MSTI Holdings, Inc. (MST) maintains a defined contribution profit sharing plan for employees (the “MST 401(k)”) that is administered by a committee of trustees appointed by the Company. All Company employees are eligible to participate upon the completion of three months of employment, subject to minimum age requirements. Each year the Company makes a contribution to the MST 401(k) without regard to current or accumulated net profits of the Company. These contributions are allocated to participants in amounts of 100% of the participants’ contributions up to 1% of each participant’s gross pay, then 10% of the next 5% of each participant’s gross pay (a higher contribution percentage may be determined at the Company’s discretion). In addition, the Company makes a one-time, annual contribution of 3% of each participant’s gross pay to each participant’s contribution account in the MST 401(k) plan. Participants become vested in equal portions of their Company contribution account for each year of service until full vesting occurs upon the completion of six years of service. Distributions are made upon retirement, death or disability in a lump sum or in installments.

The Company leases a vehicle for the use of Telkonet's CEO. This lease expires in September 2008. Additionally, in the first quarter of 2007 the Company began providing a monthly car allowance to certain executives of MST and Ethostream, LLC.

Telkonet compensates each non-management director: \$4,000 per month, 10,000 vested stock options per quarter and \$1,000 for each committee meeting of the Board of Directors such director attends.

Mr. Musser, as Chairman of the Board of Directors, is compensated \$8,333 per month (consisting of monthly payments in the amount of \$4,000, which payments are consistent with the monthly payments made to the other non-management directors, and \$4,333 per month, which payments are in lieu of the 10,000 vested stock options per quarter and \$1,000 for each committee meeting that the other non-management directors receive). Payments to Mr. Musser for Board services are made to The Musser Group pursuant to a consulting agreement described below under the heading "Certain Relationships and Related Transactions."

On July 1, 2005, the Company executed a consulting agreement with Mr. Blumenfeld pursuant to which Mr. Blumenfeld was issued 10,000 shares of Company common stock upon execution of the agreement, 10,000 shares of Company common stock per quarter for the first year (for a total 50,000 shares in the first year) and 5,000 shares of Company stock per quarter thereafter. Under the terms of the consulting agreement Mr. Blumenfeld was also entitled to receive a commission equal to 5% on all international sales generated by him having gross margins of 50% or more. This commission was payable in cash or common stock, at the Consultant's option. The agreement had a one year term, and was renewable annually upon both parties' agreement. The consulting agreement expired on June 20, 2006 and was not renewed. On March 16, 2007, the Board of Directors authorized a payment to Mr. Blumenfeld of \$24,000 for Board service between July 1 2006, and December 31, 2006, which payments were commensurate with the payments made to the other directors for Board service. Potential Payments upon Termination or Change in Control

In January 2003, the Company entered into an Employment Agreement with Mr. Sadle pursuant to which, in the event of a change in control, Mr. Sadle would continue to receive salary and benefits for a period of thirty-six months following such change in control. All of Mr. Sadle's options to purchase common stock would also immediately vest upon a change of control.

For purposes of Mr. Sadle's Employment Agreement, the term "change in control" meant the first to occur of the following events (a) any person or group of commonly controlled persons acquires, directly or indirectly, thirty percent (30%) or more of the voting control or value of the equity interests in the Company; or (b) the shareholders of the Company approve an agreement to merge or consolidate with another corporation or other entity resulting (whether separately or in connection with a series of transactions) in a change in ownership of twenty percent (20%) or more of the voting control or value of the equity interests in the Company, or an agreement to sell or otherwise dispose of all or substantially all of the Company's assets (including, without limitation, a plan of liquidation or dissolution), or otherwise approve of a fundamental alteration in the nature of the Company's business.

Rights under Mr. Sadle's Employment Agreement would be triggered in the event that, following a change in control, the executive's employment with the Company has terminated for any reason or no reason.

If a change of control had occurred on January 1, 2007, Mr. Sadle would have been entitled to \$515,616 in salary as well as benefits paid on the employee's behalf based upon Telkonet's internal policies for a period of 36 months. Mr. Sadle retired effective July 27, 2007 at which time his Employment Agreement was terminated. However, on September 19, 2007, the Board of Directors authorized Mr. Sadle to receive monthly payments in an amount equal to his monthly salary immediately prior to his retirement and benefits for a period of 18 months following his retirement date.

Each of Mr. Tienor's and Mr. Sobieski's Employment Agreements obligate the Company to continue to pay each executive's base salary and provide continued participation in employee benefit plans for the duration of the term of their employment agreements in the event such executive is terminated without "cause" by the Company or if the executive terminates his employment for "good reason." "Cause" is defined as the occurrence of any of the following: (i) theft, fraud, embezzlement, or any other act of dishonesty by the executive; (ii) any material breach by the executive of any provision of the employment agreement which breach is not cured within a reasonable time (but not to exceed thirty (30) days after written notification thereof to the executive by Telkonet; (iii) any habitual neglect of duty or misconduct of the executive in discharging any of his duties and responsibilities under the employment agreement after a written demand for performance was delivered to the executive that specifically identified the manner in which the board believed the executive had failed to discharge his duties and responsibilities, and the executive failed to resume substantial performance of such duties and responsibilities on a continuous basis immediately following such demand; (iv) commission by the executive of a felony or any offense involving moral turpitude; or (v) any default of the executive's obligations under the employment agreement, or any failure or refusal of the executive to comply with the policies, rules and regulations of Telkonet generally applicable to Telkonet employees, which default, failure or refusal is not cured within a reasonable time (but not to exceed thirty (30) days) after written notification thereof to the executive by Telkonet. If cause exists for termination, the executive shall be entitled to no further compensation, except for accrued leave and vacation and except as may be required by applicable law. "Good reason" is defined as the occurrence of any of the following: (i) any material adverse reduction in the scope of the executive's authority or responsibilities; (ii) any reduction in the amount of the executive's compensation or participation in any employee benefits; or (ii) the executive's principal place of employment is actually or constructively moved to any office or other location 50 miles or more outside of Milwaukee, Wisconsin.

In the event Telkonet fails to renew the employment agreements upon expiration of the term, then Telkonet shall continue to pay the executive's base salary and provide the executive with continued participation in each employee

benefit plan in which the executive participated immediately prior to expiration of the term for a period of three months following expiration of the term.

Each of Mr. Dukes' and Mr. Zirpoli's employment agreements obligate the Company to continue to pay the executive's base salary and provide continued participation in each Company benefit plan for a period of three months following the termination of the executive's employment without cause. CHARTER OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS
OF
TELKONET, INC.

I. PURPOSE

The primary function of the Audit Committee is to assist the Board of Directors (the "Board") of Telkonet, Inc. (the "Corporation") in fulfilling its oversight responsibilities by reviewing the financial reports and other financial information provided by the Corporation to any governmental body or the public; the Corporation's systems of internal controls regarding finance, accounting, legal compliance and ethics that management and the Board have established or may establish; and the Corporation's auditing, accounting and financial reporting processes generally. Consistent with this function, the Audit Committee should encourage continuous improvement of, and should foster adherence to, the Corporation's policies, procedures and practices at all levels. The Audit Committee's primary duties and responsibilities are to:

- o Serve as an independent and objective party to monitor the Corporation's financial reporting process and internal control system.
- o Review and appraise the audit efforts of the Corporation's independent accountants.
- o Provide an open avenue of communication among the independent accountants, financial and senior management and the Board.

The Audit Committee will fulfill these responsibilities by carrying out the activities enumerated in Section IV of this Charter and such other activities consistent with this Charter as may from time to time be necessary or appropriate.

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. This is the responsibility of management and the independent auditor. Nor is it the duty of the Audit Committee to conduct investigations, to resolve disagreements, if any, between management and the independent auditor or to assure compliance with laws and regulations and the Company's business guidelines.

II. COMPOSITION OF THE AUDIT COMMITTEE

The Audit Committee shall be comprised of two or more members of the Board as determined by the Board. The members of the Audit Committee shall be independent directors, and free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Audit Committee. For purposes of this Charter, the definition of independent directors will be based on the rules of the American Stock Exchange for audit committees, as amended, modified or supplemented from time to time. All members of the Audit Committee must be able to read and understand fundamental financial statements, including a balance sheet, income statement and cash flow statement or will become able to do so within a reasonable period of time after his or her appointment to the Audit Committee, and at least one member of the Committee must have past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background which results in such member's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities.

The members of the Audit Committee shall be elected by the Board at the annual organizational meeting of the Board and shall serve at the pleasure of the Board or until their successors shall be duly elected and qualified. Unless a chairman of the Audit Committee (the "Chairman") is elected by the Board, the members of the Committee may designate a Chairman by majority vote of the full Audit Committee membership.

III. MEETINGS

The Audit Committee shall meet from time to time as called by the Chairman or as requested by the independent accountants. The Audit Committee may ask members of management or others to attend meetings of the Audit Committee and provide pertinent information as necessary. As part of its responsibility to foster open communication, the Audit Committee shall meet at least annually with management and the independent accountants in separate executive sessions to discuss any matters that the Audit Committee or any of these groups believe should be discussed privately. In addition, the Audit Committee or its Chairman shall discuss with management the Corporation's quarterly financial statements consistent with Section IV.3. below. The Audit Committee shall maintain minutes or other records of meetings and activities of the Audit Committee.

IV. RESPONSIBILITIES AND DUTIES

The duties of the Audit Committee shall include the following:

Documents/Reports Review

1. Review this Charter periodically, but at least annually, and update this Charter as conditions dictate.
2. Review, prior to its filing or prior to its release, as the case may be, the Corporation's Form 10-K and annual report to stockholders.

3. Review the Corporation's Form 10-Q prior to its filing. The Chairman may represent the entire Audit Committee for purposes of this review.

4. Review such other reports or other financial information submitted to the Securities and Exchange Commission or the public as the Audit Committee shall deem appropriate. The Chairman may represent the entire Audit Committee for purposes of this review.

Independent Accountants

5. Recommend to the Board the selection of the independent accountants for each fiscal year, confirm and assure their independence and approve the fees and other compensation to be paid to the independent accountants. On an annual basis, the Audit Committee should review and discuss with the accountants all significant relationships which effect the accountants' independence and should receive the written statement from the independent accountants required by Independence Standards Board Standard No. 1, as amended, modified or supplemented from time to time.

6. Select, evaluate and, where appropriate, replace the independent accountants (or nominate the independent accountants to be proposed for shareholder approval in any proxy statement), as representatives of the shareholders, since the independent accountants are ultimately accountable to the Board and the Audit Committee.

7. Recommend to the Board the advisability of having the independent public accountants make specified studies and reports as to auditing matters, accounting procedures, tax or other matters.

8. Review the performance of the independent accountants and approve any proposed discharge of the independent accountants when circumstances warrant.

9. Periodically consult with the independent accountants out of the presence of management about internal controls and the completeness and accuracy of the Corporation's financial statements.

Financial Reporting Processes

10. Consider the independent accountants' judgments about the quality and appropriateness of the Corporation's accounting principles as applied in its financial reporting.

11. Review with the independent accountants and management major changes to the Corporation's auditing and accounting principles and practices.

Process Improvement

12. Establish regular and separate systems of reporting to the Audit Committee by each of management and the independent accountants regarding any significant judgments made in management's preparation of the financial statements and the view of each as to appropriateness of such judgments.

13. Following completion of the annual audit, review separately with each of management and the independent accountants any significant difficulties encountered during the course of the audit, including any restrictions on the scope of work or access to required information.

14. Review any significant disagreement among management and the independent accountants in connection with the preparation of any of the Corporation's financial statements.

15. Review with the independent accountants and management the extent to which changes or improvements in financial or accounting practices, as approved by the Audit Committee, have been implemented.

Legal Compliance

16. Review, with the Corporation's counsel, legal and regulatory matters that may have a significant impact on the Corporation's financial statements, including corporate securities trading policies.

Other Responsibilities
