When used in the Filings the words "anticipate," "believe," "estimate," "expect," "future," "intend," "plan" or the negative of these terms and similar expressions as they relate to Registrant or Registrant's management identify forward-looking statements. Such statements reflect the current view of Registrant with respect to future events and are subject to risks, uncertainties, assumptions and other factors relating to Registrant's industry, Registrant's operations and results of operations and any businesses that may be acquired by Registrant. ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

On November 26, 2014, Aethlon Medical, Inc. (the "Registrant") entered into a Securities Purchase Agreement to sell up to \$3,300,000 of units, comprised of common stock and warrants (the "Units"), to one institutional investor (the "Purchaser") at a price of \$0.30 per Unit (the "Agreement"). Each Unit consists of one share of common stock, \$0.001 par value per share, and 1.2 five-year warrants (the "Warrants"), each to purchase one share of common stock at an exercise price of \$0.30 per share (the "Financing"). Accordingly, up to 11,000,000 shares of common stock and warrants to purchase 13,200,000 shares of common stock may be issued pursuant to the Agreement.

This Financing is expected to close no later than December 2, 2014, subject to customary closing conditions. Roth Capital Partners served as sole placement agent for the Financing and will receive 550,000 Warrants for its services upon the close of the Financing. The Registrant intends to use the proceeds of the Financing to fund the clinical advancement of the Aethlon Hemopurifier, debt reduction and general corporate purposes.

As part of the terms of the Agreement, the Registrant entered into a Registration Rights Agreement with the Purchaser pursuant to which the Registrant has agreed to file a registration statement to register for resale the shares of common stock sold in the Financing, including the shares of common stock underlying the Warrants, within 20 calendar days following the closing of the Financing. Subject to certain exceptions, in the event the registration statement does not become effective within certain time periods set forth in the Registration Rights Agreement, the Registrant would be required to pay the Purchaser in the Financing an amount in cash equal to two percent (2.0%) of the aggregate purchase price every month until such time as the registration statement becomes effective or the shares of common stock (and shares of common stock underlying the Warrants) sold in the Financing may be sold by the Purchaser pursuant to Rule 144 without any restrictions or limitations.
