We use several abbreviations in this statement. We may refer to our company as "us," "we," "Imergent" or the "Company." The terms "meeting," and "annual meeting," refer to our 2003 Annual Meeting of Stockholders.

The enclosed annual report to stockholders is not to be regarded as proxy soliciting material. If you would like an additional copy of the report, please contact us at 754 E. Technology Avenue, Orem, Utah 84097, Attn: Investor Relations, telephone: (801) 227-0004.

Record Date and Voting Securities

Our Board of Directors has fixed the close of business on October 27, 2003 as the record date for the determination of stockholders entitled to

Edgar Filing: IMERGENT INC - Form DEF 14A

receive notice of and to vote at the meeting and any adjournment or postponement of the meeting. Only holders of record of our common stock on October 27, 2003 are entitled to vote at the meeting. If your shares are owned of record in the name of a broker or other nominee, you should follow the voting instructions provided by your nominee. Each holder of record of common stock at the close of business on the record date is entitled to one vote per share on each matter to be voted upon by the stockholders at the meeting. As of October 27, 2003, there were 11,309,719 shares of our common stock issued and outstanding.

Voting and Revocability of Proxies

You may vote by completing and returning the enclosed proxy or by voting in person at the annual meeting. Our Board of Directors is soliciting the accompanying proxy for use at the meeting. The proxy may be revoked at any time prior to its use by: (1) delivering to our secretary a signed notice of revocation or a later dated proxy, (2) attending the annual meeting and voting in person, or (3) giving notice of revocation of the proxy at the annual meeting. Attendance at the meeting will not in itself constitute the revocation of a proxy. Prior to the meeting, any written notice of revocation should be sent to Imergent, Inc., 754 East Technology Avenue, Orem, Utah, 84097, Attention: Corporate Secretary. Any notice of revocation that is delivered at the meeting should be hand delivered to our secretary at or before the vote is taken. A stockholder may be requested to present identification documents for the purpose of establishing such stockholder's identity.

Our shares of common stock, represented by properly executed proxies, will be voted in accordance with the instructions indicated on such proxies. If no specific instructions are given, the shares will be voted FOR the election of the nominees for director set forth herein and FOR approval of the other proposals listed in the proxy. In addition, if other matters come before the annual meeting, the persons named in the accompanying form of proxy will vote in accordance with their best judgment with respect to such matters.

One or more inspectors of election, duly appointed for that purpose, will count and tabulate the votes cast and report the results of the votes at the meeting to our management. Your vote at the meeting will not be disclosed except as needed to permit the inspector to tabulate and certify the votes, or as is required by law.

Please fill in, sign and date the enclosed Proxy and return it promptly in the enclosed envelope. No postage will be required for you to return the Proxy in the enclosed envelope if you mail it in the United States. You will be able to revoke your Proxy and vote in person if you decide to attend the meeting. The last valid vote you submit chronologically will supercede your prior vote(s).

Quorum, Voting Requirements and Effect of Abstentions and Non-Votes

At the meeting, the inspector of election will determine the presence of a quorum and tabulate the results of the voting by stockholders. The holders of a majority of the total number of outstanding shares of stock that are entitled to vote at the meeting, at least 5,654,860 shares, must be present in person or by proxy in order to have the quorum that is necessary for the transaction of business at the annual meeting. Shares of common stock represented in person or by proxy (including shares that abstain or do not vote with respect to one or more of the matters to be voted upon) will be counted for purposes of determining whether a quorum exists. If a quorum is not present, the meeting will be adjourned until a quorum is obtained.

The nominees for director who receive a plurality of the votes cast by the holders of our common stock, in person or by proxy at the meeting, will be

Edgar Filing: IMERGENT INC - Form DEF 14A

elected. Broker "non- votes" are not counted for purposes of the election of directors. A "non-vote" occurs, with respect to a proposal, when a broker or nominee holding shares for a beneficial owner does not have discretionary voting power and has not received instructions from the beneficial owner. The affirmative vote of the holders of a majority of the common shares present in person or represented by proxy and entitled to vote is required to approve the other proposals. An abstention is counted as a vote against a proposal. A broker "non-vote" is not counted for purposes of approving a proposal. Stockholders have no dissenters' or appraisal rights in connection with the proposals to be presented at the meeting.

Expense of Solicitation of Proxies

We will pay the cost of soliciting proxies for our annual meeting. In addition to solicitation by mail, our directors, officers and employees, without additional pay, may solicit proxies by telephone, telecopy or in person. Arrangements will be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy material to their principals, and we will reimburse them for their expenses in so doing.

BENEFICIAL OWNERSHIP OF SHARES

The following table sets forth, as of October 27, 2003, the number of shares of common stock beneficially owned by each of the following persons and groups and the percentage of the outstanding shares owned by each person and group: (i) each person who is known by us to be the owner of record or beneficial owner of more than 5% of the outstanding common stock; (ii) all of our current directors and executive officers as a group.

With respect to certain of the individuals listed below, we have relied upon information set forth in statements filed with the Securities and Exchange Commission pursuant to Section 13(d) or 13(g) of the Securities Exchange Act of 1934. PROPOSAL I
Election of Directors

At the meeting, three (3) Class II directors are to be elected for a term ending at the annual meeting of our stockholders for fiscal year 2005, or until each of their respective successors has been duly elected and qualified. In May 2000, our stockholders approved an amendment to our Bylaws that provided for a classified board and two-year staggered terms of the members of our board of directors. The amendment contemplates the election of one-half of the directors at each annual meeting and was originally intended to significantly extend the time required to effect a change in control of our Board of Directors. Since our last annual meeting, one of our Class I directors resigned, and Mr. Thomas Scheiner was appointed by the Board of Directors to fill this vacancy. Also since our last annual meeting, our Board of Directors appointed two additional directors, each of whom were designated as Class II directors. These two directors, Messrs. Fredericks and Gladstein, along with Mr. Brandon Lewis, constitute our Class II directors and have been nominated by the Board of Directors to stand for election at this annual meeting.

It is intended that valid proxies received will be voted, unless contrary instructions are given, to elect the three (3) nominees named in the following table to serve as Class II directors. Should any nominee decline or be unable to accept such nomination to serve as a director, an event that we do not currently anticipate, the persons named in the enclosed proxy reserve the right, in their discretion, to vote for a lesser number of or for substitute nominees designated by the board of directors, to the extent consistent with our certificate of incorporation and our bylaws.

Nominees of the Board

Our Board of Directors has nominated the following individuals to serve on our Board of Directors until our next annual meeting or until their respective successors are elected. Each of the nominees has agreed to be named in this Proxy Statement and to serve if elected.

PROPOSAL II

Ratification of Amendment to our 1998 Stock Option Plan for Senior Executives

In December 1998, our Board of Directors adopted, and our stockholders approved, the 1998 Stock Option Plan for Senior Executives. This plan provided for the grant of options to purchase up to 500,000 shares of common stock. In April 2003 our Board of Directors approved an increase of 500,000 in the number of shares available for grant under the plan, bringing the total to 1,000,000. Since this amendment was approved, options covering a total of 190,625 shares have been granted out of the 500,000 additional shares. These option grants are not conditioned on the approval of this proposal. Shareholder ratification of this action is being sought at the annual meeting.

Edgar Filing: IMERGENT INC - Form DEF 14A

The increase in the number of authorized shares under the 1998 Stock Option Plan for Senior Executives was necessary to enable us to continue to issue options under the plan. The Board of Directors believes that stock option grants are an important element in attracting and retaining highly qualified individuals and, therefore, believes that it is in the best interest of our company for the stockholders to ratify the authorization of additional shares under the 1998 Stock Option Plan for Senior Executives. There are no requirements under this plan concerning how the 500,000 additional shares are to be allocated among qualified individuals. The affirmative vote of the holders of a majority of the shares of our common stock present or represented and voting at the annual meeting will be required to approve this proposal. If the stockholders do not approve this proposal and do not approve Proposal IV concerning the 2003 Equity Incentive Plan then the Board will reconsider whether it will continue to make grants under this plan.

Description of Plan

This plan is now administered by the Compensation Committee of the Board of Directors. The Compensation Committee determines, among other things, the individuals who will receive options, the time period during which the options may be partially or fully vested and exercisable, the number of shares of common stock issuable upon the exercise of each option and the option exercise price. Options may be either incentive stock options or non-qualified stock options under Federal tax laws except that none of the options granted out of the 500,000 share increase may be incentive stock options.

The exercise price per share of common stock subject to an incentive option may not be less than the fair market value per share of common stock on the date the option is granted. The per share exercise price of the common stock subject to a non qualified option may be established by the compensation committee, but shall not be less than 50% of the fair market value per share of common stock on the date the option is granted. The aggregate fair market value of common stock for which any person may be granted incentive stock options which first become exercisable in any calendar year may not exceed \$100,000 on the date of grant.

No stock option may be transferred by an optionee other than by will or the laws of descent and distribution or, if permitted, pursuant to a qualified domestic relations order and, during the lifetime of the optionee, the option will be exercisable only by the optionee. In the event of termination of employment by reason of death, disability or by us for cause, as defined in each optionee's employment agreement, the optionee will have no more than 365 days after such termination during which the optionee shall be entitled to exercise the vested options, unless otherwise determined by the board of directors. Upon termination of employment by us without cause or by the optionee for good reason, the optionee's options remain exercisable to the extent the options were exercisable on the date of such termination until the expiration date of the options pursuant to the option agreement.

We may grant options under this plan within ten years from the effective date of the plan. The effective date of this plan is December 31, 1998. Holders of incentive stock options granted under this plan cannot exercise these options more than ten years from the date of grant. Payment of the exercise price may be made by (1) delivery of cash or a check, bank draft or money order, in United States dollars, payable to our order, (2) through delivery to us of shares of common stock already owned by the optionee with an aggregate fair market value on the date of exercise equal to the total exercise price, (3) by having shares with an aggregate fair market value on the date of exercise equal to the total exercise price (A) withheld by us or (B) sold by a broker dealer under the circumstances meeting the requirements of 12 C.F.R. ss.

Edgar Filing: IMERGENT INC - Form DEF 14A

220 or any successor thereof, (4) by any combination of the above methods of payment or (5) by any other means determined by the board of directors. Therefore, if it is provided in an optionee's option agreement, the optionee may be able to tender shares of common stock to purchase additional shares of common stock and may theoretically exercise all of his stock options with no additional investment other than the purchase of his original shares.

Any unexercised options that expire or terminate upon an optionee's ceasing to be employed by us become available again for reissuance under this plan. As of October 27, 2003, options exercisable for an aggregate of 257,570 shares of common stock were outstanding pursuant to this plan at a weighted average exercise price of \$11.95 per share. As of October 27, 2003 the per share market value of our common stock was \$5.90.

If Proposal IV is adopted then no additional awards will be made under the 1998 Stock Option Plan for Senior Executives.

The Board of Directors recommends a vote "FOR" the proposal to ratify the amendment of the 1998 Stock Option Plan for Senior Executives.

PROPOSAL III

Ratification of Amendment to our 1999 Stock Option Plan for Non-Executives

In July 1999, our Board of Directors adopted the 1999 Stock Option Plan for Non-Executives. This Plan was approved by our stockholders in May 2000. This plan had provided for the grant of options to purchase up to 500,000 shares of common stock. In April 2003 our Board of Directors approved an increase of 500,000 in the number of shares available for grant under the plan, bringing the total to 1,000,000. Since this amendment was approved a total of 5,726 options have been granted out of the 500,000 additional shares. These option grants are not conditioned on the approval of this proposal. Shareholder approval of this action is being sought at the annual meeting.

The increase in the number of authorized shares under the 1999 Stock Option Plan for Non-Executives was necessary to enable us to continue to issue options under this plan. The Board of Directors believes that stock option grants are an important element in attracting and retaining highly qualified individuals and, therefore, believes that it is in the best interest of our company for the stockholders to ratify the authorization of additional shares under the 1999 Stock Option Plan for Non-Executives. There are no requirements concerning how the 500,000 additional shares are to be allocated among qualified individuals. The affirmative vote of the holders of a majority of the shares of our common stock present or represented and voting at the annual meeting will be required to approve this proposal. If the stockholders do not approve this proposal and do not approve Proposal IV concerning the 2003 Equity Incentive Plan then the Board will reconsider whether it will continue to make grants under this plan.

Description of Plan

This plan is now administered by the Compensation Committee of the Board of Directors. The Compensation Committee determines, among other things, the individuals who will receive options, the time period during which the options may be partially or fully vested and exercisable, the number of shares of common stock issuable upon the exercise of each option and the option exercise price.

The exercise price per share of common stock subject to an option is determined on the date of grant, and is generally fixed at 100% of the fair

Edgar Filing: IMERGENT INC - Form DEF 14A

market value per share at the time of grant. The exercise price of any option granted to an optionee who owns stock possessing more than 10% of the voting power of our outstanding capital stock must equal at least 110% of the fair market value of the common stock on the date of grant. Payment of the exercise price may be made by (1) delivery of cash or a check, bank draft or money order in United States dollars, payable to our order, (2) through delivery to us of shares of common stock already owned by the optionee with an aggregate fair market value on the date of exercise equal to the total exercise price (3) by having shares with an aggregate fair market value on the date of exercise equal to the total exercise price (A) withheld by us or (B) sold by a broker-dealer under circumstances meeting the requirements of 12 C.F.R. ss. 220 or any successor thereof, (4) by any combination of the above methods of payment or (5) by any other means determined by the board of directors.

Options granted to employees under this plan generally become exercisable in increments, based on the optionee's continued employment with us, over a period of up to three years. The form of option agreement generally provides that options granted under the plan are not transferable by the optionee, other than by will or the laws of descent and distribution, and are exercisable during the optionee's lifetime only by the optionee. In the event of termination of employment for reasons other than the death or disability of the optionee, the option shall terminate immediately; provided, however, that the board of directors may, in its sole discretion, allow the option to be exercised, to the extent exercisable on the date of termination of employment or service, at anytime within 60 days from the date of termination of employment or service. In the event of termination of employment by reason of the death or disability of the optionee, the option may be exercised, to the extent exercisable on the date of death or disability, within one year from such date. Generally, in the event of our merger with or into another corporation or a sale of all or substantially all of our assets, all outstanding options under the plan shall accelerate and become fully exercisable upon consummation of such merger or sale of assets. The Board may accelerate the exercisability of any option or waive any condition or restriction pertaining to such option at any time.

Any unexercised options that expire or that terminate upon an optionee's ceasing to be employed by us become available for reissuance under this plan. As of October 27, 2003, options exercisable for an aggregate of 154,851 shares of common stock were outstanding pursuant to this plan at a weighted average exercise price of \$16.66.

If Proposal IV is adopted then no additional awards will be made under the 1999 Stock Option Plan for Non-Executives.

The Board of Directors recommends a vote "FOR" the proposal to ratify the amendment of the 1999 Stock Option Plan for Non-Executives.

PROPOSAL IV
Approval of 2003 Equity Incentive Plan

On October 21, 2003, our Board of Directors adopted our 2003 Equity Incentive Plan (the "Plan"), subject to approval by our stockholders. This plan provides for the issuance of a maximum of 1,000,000 shares of our common stock pursuant to the exercise of stock options granted under the plan to employees, directors and consultants. The number of shares potentially awardable to employees, directors, consultants or to any group thereof is not limited under the except that no employee the Company shall receive an award in excess of 500,000 shares in any year. The purposes of this plan are to are to advance the interests of the Company, further our long-term growth by providing incentives to directors, officers and other key employees and consultants who are or will

Edgar Filing: IMERGENT INC - Form DEF 14A

be responsible for such interests and growth, and to assist us in attracting and retaining directors, officers, employees and consultants with experience and ability.

The Board of Directors believes that adoption of this plan will be an important element in attracting and retaining highly qualified executives, directors and consultants and, therefore, believes that it is in the best interest of our company for the stockholders to approve the adoption of this plan. The affirmative vote of the holders of a majority of the shares of our common stock present or represented and voting at the annual meeting will be required to approve this proposal.

The following summary of this plan is subject to the specific provisions contained in the complete text of the plan attached as Appendix A to this Proxy Statement.

The plan provides for the issuance of both nonqualified and incentive stock options as well as other stock-based awards, which may include shares of common stock and stock appreciation rights. This plan shall be administered by a Committee made up of at least two non-employee members of our Board of Directors. The Committee may delegate its authority to make grants under the Plan, other than to officers, subject to such conditions as may be determined by the Committee.

This plan authorizes the Committee to grant awards under the plan to employees, directors and consultants of the Company and its affiliates. In granting awards, the Committee has discretion to consider the nature of the services rendered by such persons, their present and potential contribution to our success in relation to certain predetermined performance goals, and such other factors as the Committee may deem relevant. Awards will become exercisable at the times, at the prices and times and upon the conditions that the Committee may determine, as reflected in the applicable agreement. The exercise period will be determined by the Committee but may not exceed 10 years from the date of grant. The amount of consideration, if any, to be received by us in connection with any award shall be determined by the Committee. The Committee has the authority to accelerate the vesting and/or exercisability of any outstanding Awards at such times and under such circumstances as it, in its sole discretion, deems appropriate. In the event of a Change in Control, as that term is defined in the plan, any options not assumed by an acquiring or successor corporation would become immediately vested and exercisable.

This plan has a term of ten years, and the number of shares available for issuance under the plan is subject to adjustment in the event of a stock split, reclassification, merger, consolidation, etc. Unless otherwise provided in the Award, in the event of a change of control of the Company, any outstanding awards under this plan that are not assumed by the entity that has acquired control of the Company will become immediately vested and exercisable.

The Board of Directors may at any time and from time to time alter, amend, suspend or terminate the Plan in whole or in part. However, any such amendment will be subject to shareholder approval if and to the extent such shareholder approval is required in order to comply with Section 162(m) of the Internal Revenue Code of 1986, by applicable law or regulation or the rules of any securities exchange on which the common stock is principally traded. Notwithstanding the foregoing, no amendment, suspension or termination may affect adversely any of the rights of any person who has received an award under the Plan, without such person's consent. Unless earlier terminated by the Board pursuant to the provisions of the Plan, the Plan will terminate on the tenth anniversary of the effective date. No awards may be granted under the Plan after such termination date. Since the 2003 Equity Incentive Plan has not been approved by stockholders, no grants have been made under it.

Edgar Filing: IMERGENT INC - Form DEF 14A

If this proposal is adopted then no additional awards will be made under the 1998 Stock Option Plan for Senior Executives or the 1999 Stock Option Plan or Non-Executives.

The Board of Directors recommends a vote "FOR" the proposal to approve the 2003 Equity Incentive Plan.

PROPOSAL V

Ratification of Appointment of Auditors

At the meeting we will ask the stockholders to ratify the appointment of the firm Grant Thornton LLP as independent auditors to audit our consolidated financial statements for the fiscal year ending June 30, 2004. A representative of Grant Thornton is not expected to be present at the Annual Meeting.

Stockholder ratification of the selection of Grant Thornton LLP as our independent auditors is not required by our Bylaws or other applicable legal requirement. However, our Board of Directors is submitting the selection of Grant Thornton LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Board of Directors at its discretion may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in our best interests and in the best interests of our stockholders.

The affirmative vote of the holders of a majority of the shares of our common stock present or represented and voting at the 2003 Annual Meeting will be required to approve this proposal.

The Board of Directors recommends a vote "FOR" the proposal to ratify the appointment of Grant Thornton LLP as our independent auditors for the fiscal year ending June 30, 2004.

Disclosure of Audit and Non-Audit Fees

Audit Fees

The aggregate fees billed by Grant Thornton, LLP for professional services rendered for the audit of our annual financial statements for the fiscal year ended June 30, 2003 and for the review of financial statements included in our quarterly reports on Form 10-Q for the fiscal year were \$132,000. In addition, we incurred aggregate fees of \$11,500 during the fiscal year ended June 30, 2003 from Eisner, LLP (formerly Richard A. Eisner, LLP) for their review and consent to our audited financial statements for the fiscal year ended June 30, 2001 included in our report on form 10-K for the fiscal year ended June 30, 2003.

Financial Information Systems Design and Implementation Fees

During fiscal 2003, we did not engage our independent public accountants to perform financial information systems design and implementation.

All Other Fees of Independent Public Accountants

During fiscal 2003, all other fees of our independent public accountants amounted to \$64,000, which primarily consisted of accounting and tax consultation services. The Board of Directors considered whether the provision of non-audit services is consistent with maintaining the auditor's independence.

Edgar Filing: IMERGENT INC - Form DEF 14A

Recent Changes in Accountants

On February 4, 2002, we engaged Grant Thornton LLP as our independent auditor following our dismissal, effective January 31, 2002, of Eisner LLP (formerly known as Richard A. Eisner & Company, LLP) ("Eisner"). Our board of directors approved the engagement of Grant Thornton LLP and the dismissal of Eisner.

Eisner had served as our independent accountants since April 4, 2001. Eisner's auditors' report on our consolidated financial statements as of and for the year ended June 30, 2001 contained a separate paragraph stating that it had substantial doubt about our ability to continue as a going concern. Our financial statements did not include any adjustments that might result from the outcome of this uncertainty. Except as noted above, Eisner's report on our financial statements for the fiscal year ended June 30, 2001 contained no adverse opinions or disclaimer of opinions, and were not qualified as to audit scope, accounting principles, or uncertainties.

We notified Eisner that during the most recent fiscal year and the interim period from July 1, 2001 through January 31, 2002, we were unaware of any disputes between us and Eisner as to matters of accounting principles or practices, financial statement disclosure, or audit scope or procedure, which disagreements, if not resolved to the satisfaction of Eisner, would have caused it to make a reference to the subject matter of the disagreements in connection with its reports.

Effective February 4, 2002, we engaged Grant Thornton LLP as our independent auditors with respect to our fiscal year ending June 30, 2002. We had previously retained Grant Thornton LLP on an interim basis during our previous fiscal year, from January 22, 2001 to April 4, 2001. Grant Thornton LLP had reviewed our interim financial statements for the quarter ended December 31, 2000, but did not issue any reports thereon. Other than this limited engagement, during our most recent fiscal year and through February 4, 2002, we had not consulted with Grant Thornton LLP regarding either: (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements, and neither a written report was provided to us nor was oral advice provided that Grant Thornton LLP concluded was an important factor considered by us in reaching a decision as to the accounting, auditing or reporting issue; or (ii) any matter that was either the subject of a disagreement, as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K, or a reportable event, as that term is defined in Item 304 (a)(1)(v) of Regulation S-K.

EXECUTIVE COMPENSATION

On June 28, 2002, our stockholders approved amendments to our Certificate of Incorporation to change our corporate name to "Imergent, Inc." and to effect a one-for-ten reverse split of the issued and outstanding shares of our common stock and reduce the authorized number of shares of common stock from 250,000,000 to 100,000,000. These changes were effected July 2, 2002. References herein to numbers of shares and prices of shares have been adjusted to reflect the reverse stock split.

Stock Option Plans

In addition to the 1999 Stock Option Plan for Non-Executives and the 1998 Stock Option Plan for Executives, described elsewhere in this proxy statement, shares of our common stock are issuable pursuant to the 1998 Stock Compensation Program and pursuant to our merger in 2000 with Galaxy Enterprises, Inc. under the Galaxy Enterprises 1997 Employee Stock Option Program.

In July 1998, our Board of Directors adopted the 1998 Stock Compensation Program. Our stockholders approved the program in December 1998. This program provides for the grant of options to purchase up to 100,000 shares of common stock to officers, employees, directors and independent contractors and agents. Options may be either incentive stock options or non-qualified stock options under Federal tax laws.

The Compensation Committee now administers this program. The Compensation Committee determines, among other things, the individuals who will receive options, the time period during which the options may be partially or fully vested and exercisable, the number of shares of common stock issuable upon the exercise of each option and the option exercise price.

The exercise price per share of common stock subject to an incentive option may not be less than the fair market value per share of common stock on the date the option is granted. The aggregate fair market value of common stock for which any person may be granted incentive stock options which first become exercisable in any calendar year may not exceed \$100,000 on the date of grant.

No stock option may be transferred by an optionee other than by will or the laws of descent and distribution or, if permitted, pursuant to a qualified domestic relations order and, during the lifetime of the optionee, the option will be exercisable only by the optionee. In the event of termination of employment for reasons other than the death or disability of the optionee, the option shall terminate immediately; provided, however, that the Board of Directors may, in its sole discretion, allow the option to be exercised, to the extent exercisable on the date of termination of employment or service, at anytime within 60 days from the date of termination of employment or service. In the event of termination of employment by reason of the death or disability of the optionee, the option may be exercised, to the extent exercisable on the date of death or disability, within one year from such date.

We may grant options under this program within ten years from the effective date of the plan. The effective date of this program is July 31, 1998. Holders of incentive stock options granted under this program cannot exercise these options more than ten years from the date of grant. Payment of the

Edgar Filing: IMERGENT INC - Form DEF 14A

exercise price may be made by (1) delivery of cash or a check, bank draft or money order, in United States dollars, payable to our order, (2) through delivery to us of shares of common stock already owned by the optionee with an aggregate fair market value on the date of exercise equal to the total exercise price, (3) by having shares with an aggregate fair market value on the date of exercise equal to the total exercise price (A) withheld by us or (B) sold by a broker dealer under the circumstances meeting the requirements of 12 C.F.R. ss. 220 or any successor thereof, (4) by any combination of the above methods of payment or (5) by any other means determined by the board of directors. Therefore, if it is provided in an optionee's option agreement, the optionee may be able to tender shares of common stock to purchase additional shares of common stock and may theoretically exercise all of his stock options with no additional investment other than the purchase of his original shares.

This program permits us to grant, in addition to incentive stock options and non-qualified stock options: (i) rights to purchase shares of our common stock to employees; (ii) restricted shares of our common stock; (iii) stock appreciation rights; and (iv) performance shares of common stock. However, we have not issued any other type of compensation under this program other than non-qualified stock options and have agreed not to do so in the future.

Any unexercised options that expire or that terminate upon an optionee's ceasing to be employed by us become available again for reissuance under this program. As of June 30, 2003, options exercisable for an aggregate of 8,432 shares of common stock were outstanding pursuant to this program at a weighted average exercise price of \$33.19 per share.

Pursuant to the terms of the merger with Galaxy Enterprises, Inc., each outstanding option to purchase shares of Galaxy Enterprises common stock under Galaxy Enterprises' 1997 Employee Stock Option Plan was assumed by us, whether or not vested and exercisable. We assumed options exercisable for an aggregate of 166,582 shares of common stock of Galaxy Enterprises. As at June 30, 2003, outstanding options assumed in the Galaxy merger were exercisable for 57,239 shares of our common stock at a weighted average exercise price of \$16.20.

Federal Tax Consequences of Equity Incentive Plans

The following general summary describes the typical U.S. federal income tax consequences of awards granted under our various equity incentive plans based upon provisions of the Internal Revenue Code of 1986, as amended (the "Code"), as in effect on the date hereof, current regulations promulgated and proposed thereunder, and existing public and private administrative rulings of the Code, all of which are subject to change (possibly with retroactive effect). This is not intended to be a complete analysis and discussion of the federal income tax treatment of Awards, and does not discuss estate or gift taxes or the income tax laws of any municipality, state, or foreign country. We generally will be entitled to withhold any required taxes in connection with the exercise or payment of an award, and may require the participant to pay such taxes as a

Edgar Filing: IMERGENT INC - Form DEF 14A

condition to exercise of an award.

Stock Options. ISOs and non-qualified stock options ("NQSOs") are treated differently for federal income tax purposes. ISOs are intended to satisfy the requirements of Section 422 of the Code. NQSOs need not satisfy such requirements.

A participant is not taxed on the grant or, except as described in the next sentence, the exercise of an ISO. The difference between the exercise price and the fair market value of the shares on the exercise date, however, will be a preference item for purposes of the alternative minimum tax, and thus a participant could be subject to the alternative minimum tax as a result of the exercise of an ISO. If a participant holds the shares acquired upon exercise of an ISO for at least two years following the option grant date and at least one year following exercise, the participant's gain, if any, upon a subsequent disposition of such shares is long-term capital gain. The measure of the gain is the difference between the proceeds received on disposition and the participant's basis in the shares (which generally equals the exercise price).

If a participant disposes of shares acquired pursuant to exercise of an ISO before satisfying the one and two-year holding periods described above, then: (i) if the proceeds received exceed the exercise price of the ISO, the participant will recognize capital gain equal to the excess, if any, of the proceeds received over the fair market value of the shares on the date of exercise, and will recognize ordinary income equal to the excess, if any, of the lesser of the proceeds received or the fair market value of the shares on the date of exercise over the exercise price of the ISO; or (ii) if the proceeds received are less than the exercise price of the ISO, the participant will recognize a capital loss equal to the excess of the exercise price of the ISO over the proceeds received. Capital gains (or losses) recognized upon a disqualifying disposition will be taxable as long term capital gains (or losses) if the participant held the shares for more than one year after the exercise of the ISO, or otherwise as short-term capital gains (or losses).

We are is not entitled to an income tax deduction on the grant or exercise of an ISO or on the participant's disposition of the shares after satisfying the holding period requirements described above. If the holding periods are not satisfied, we will be entitled to a deduction in the year the participant disposes of the shares in an amount equal to the ordinary income recognized by the participant.

The recipient of an NQSO will not realize any taxable income upon the grant of the option. Upon exercise of such option, the participant will realize ordinary income in an amount generally measured by the excess, if any, of the fair market value of the shares on the date of exercise over the option exercise price. We will generally be entitled to a deduction in the same amount as the ordinary income realized by the participant. Upon the sale of such shares, the participant will realize short-term or long-term capital gain or loss, depending upon the length of time the shares are held. Such gain or loss will be measured by the difference between the sale price of the shares and the fair market value on the date of exercise.

Special rules will apply in cases where a recipient of an award pays the exercise or purchase price of the award or applicable withholding tax obligations by delivering previously owned shares or by reducing the number of shares otherwise issuable pursuant to the award. The surrender or withholding of such shares will in certain circumstances result in the recognition of income with respect to such shares or a carryover basis in the shares acquired, and may constitute a disposition for purposes of applying the ISO holding periods discussed above.

Stock Appreciation Rights. There will be no federal income tax

Edgar Filing: IMERGENT INC - Form DEF 14A

consequences to either the participant or us on the grant of a stock appreciation right or while the right remains outstanding. Upon the exercise of such right, the participant will recognize ordinary income in an amount equal to the amount of cash and/or the fair market value, at the date of such exercise, of the shares received by such participant as a result of such exercise. We will generally be entitled to a corresponding tax deduction.

Restricted Stock. The federal income tax consequences of a grant of restricted stock depend upon whether or not a participant elects to be taxed at the time of the grant of such shares under Section 83(b) of the Code (an "83(b) election"). If no 83(b) election is made, the participant will not recognize taxable income at the time of the grant of the restricted stock. When the restrictions on the shares lapse, the participant will recognize ordinary taxable income in an amount equal to the fair market value of the restricted stock at that time. If the 83(b) election is made, the participant will recognize taxable income at the time of the grant of the restricted stock in an amount equal to the fair market value of such shares at that time, determined without regard to any of the restrictions. If the shares are forfeited before the restrictions lapse, the participant will be entitled to no deduction on account thereof.

The participant's tax basis in the restricted stock is the amount recognized by him or her as income attributable to such shares. Gain or loss recognized by the participant on a subsequent disposition of any such shares is capital gain or loss if the shares are otherwise capital assets.

We will be entitled to a tax deduction in the same amount as the income recognized by the participant as a result of the grant of restricted stock or lapse of restrictions in the taxable year in which the participant recognizes such income.

Restricted Stock Units/ Other Stock Unit Awards. Participants will not have taxable income upon the grant of restricted stock units or other stock unit awards. Recognition of taxable income is postponed until the restrictions on the units lapse. At that time, the participant will recognize taxable income equal to the then fair market value of the shares or other property issuable in payment of such restricted stock units or other stock unit awards, and such amount will be the tax basis for such shares. We will be entitled to a tax deduction in the same amount as the income recognized by the participant as a result of the lapse of restrictions in the taxable year in which the participant recognizes such income.

Deferred Awards. If a participant defers payment of any awards, the participant generally will be taxed at the time of actual payment on the amount of cash and the fair market value of any other property received. We generally will be entitled to a corresponding tax deduction at that time.

Transfers of Awards. Transferring an award to a family member or another permitted transferee does not change the federal income tax consequences of the award. Rather, the participant is taxed at the same time he or she would have been taxed if he or she held the property directly (e.g., upon exercise of an NQSO). The family member's tax basis in any shares received will be increased by the amount the employee or his or her estate recognizes as income, and we will be entitled to a corresponding tax deduction.

Other Tax Issues. Awards under our plans may qualify as "performance-based compensation" under Section 162(m) of the Code in order to preserve federal income tax deductions by us with respect to any compensation required to be taken into account under Section 162 of the Code that is in excess of \$1,000,000 and paid to a Covered Employee (as defined in Section 162). Compensation for any year that is attributable to an award granted to a Covered Employee and that does not so qualify may not be deductible by us to the extent

Edgar Filing: IMERGENT INC - Form DEF 14A

such compensation, when combined with other compensation paid to such employee for the year, exceeds \$1,000,000.

As noted above, the Committee or the Board of Directors, in its sole discretion, may accelerate the payment or vesting or release any restrictions on any awards in the event of a change in control (as defined in the relevant plan). If a participant's award vests as a result of certain changes in control and the participant is an officer, shareholder or highly-compensated employee, such acceleration could be subject to the "golden parachute" provisions of Sections 280G and 4999 of the Code. In that event, we could be denied all or part of our tax deduction and the participant could be subject to excise tax.

Compensation Committee Interlocks and Insider Participation

During fiscal 2003, the Compensation Committee of the Board of Directors comprised the entire Board. On September 19, 2003 the Board of Directors appointed a Compensation Committee of independent directors consisting of Pete Fredericks, Chairman, Gary S. Gladstein and Thomas Scheiner. No interlocking relationships existed between our Compensation Committee and the board of directors or compensation committee of any other company, nor has any such interlocking relationship existed in the past. There are no interlocking relationships between us and other entities that might affect the determination of the compensation of our directors and executive officers.

Board Compensation Committee Report on Executive Compensation

The Compensation Committee of our Board of Directors believes that the compensation levels of our executive officers should consist of (i) base salaries that are commensurate with executives of other comparable e-commerce companies and (ii) cash bonus opportunities based on achievement of objectives set by the compensation committee with respect to the chief executive officer and the president, and by the chief executive officer and the president, in consultation with the Compensation Committee, with respect to our other executive officers. The Compensation Committee also believes that it is important to provide our executive officers with significant stock-based incentive compensation that increases in value in direct correlation with improvement in the performance of our common stock, thereby aligning management's interest with that of our stockholders.

The Compensation Committee considered the following factors (ranked in order of importance) when determining compensation of our executive officers: (i) our performance measured by attainment of specific strategic objectives, stock price performance and operating results; (ii) the individual performance of each executive officer, including the achievement by the executive (or the executive's functional group) of identified goals; and (iii) historical cash and equity compensation levels.

The salaries of some of our executive officers were initially set by their respective employment agreements. As stated above, the compensation of executive officers is now based upon individual performance and comparative industry compensation levels. Typically, early in each year, a performance plan is established. Each plan sets forth overall goals to be achieved by us, as well as specific performance goals to be achieved by each of our executive officers according to his or her duties and responsibilities, for the relevant year. These overall compensation goals include: (i) the meeting of targets relating to the gross revenues from operations; (ii) the meeting of targets relating to new customers in each of our targeted markets and to additional sales to existing customers in each of those markets; (iii) the acquisition of technologies and businesses consistent with our business and product goals and the successful integration of the acquired businesses and technologies; (iv) the enhancement of strategic relationships; (v) the meeting of cash flow, expense and other budgetary targets; and (vi) the achievement of appreciation in our stock price.

Edgar Filing: IMERGENT INC - Form DEF 14A

Bonus compensation for each executive, when awarded, was determined based on the executive's achievement of overall corporate goals and individual and functional area goals. Other executive officers received salary increases and bonuses based on their achievement of overall corporate goals and individual and functional area goals. On average, the compensation committee believes the cash compensation for our executive officers is comparable to industry salary and bonus levels.

The full Board of Directors and, upon formation of the Compensation Committee, the Compensation Committee, administer and authorize all grants and awards made under the 1998 Stock Compensation Program, the 1998 Stock Option Plan for Senior Executives and the 1999 Stock Option Plan for Non-Executives. In some instances, awards have been authorized for new employees as incentives to join us. In determining whether and in what amount to grant stock options or other equity compensation to executive officers, the Board of Directors or the non-employee members of the Compensation Committee have considered the amount and date of vesting of then-currently outstanding incentive equity compensation granted previously to each executive officer. The Compensation Committee believes that continued grants of equity compensation to key executives are necessary to retain and motivate exceptionally talented executives who are necessary to achieve our long-term goals, especially at a time of significant growth and competition in our industry.

During recent fiscal years, the Board of Directors or non-employee members of the Compensation Committee have approved grants of equity compensation to all the executive officers named in the Summary Compensation Table above and approved grants of equity compensation to certain of the other executive officers, consistent with the overarching policy of the Board and Compensation Committee of granting equity compensation to key executives and to our employees in general.

Respectfully submitted,

Peter Fredericks, Chairman
Thomas Schneiner
Gary S. Gladstein

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

John J. Poelman, our former Chief Executive Officer and a former director, was the sole owner of Electronic Commerce International, Inc. ("ECI") during the fiscal years ended June 30, 2002 and 2001 and during the three months ended September 30, 2002. During this period, we purchased a merchant account solutions product from ECI that provided on-line, real-time processing of credit card transactions and resold this product to our customers. We also formerly utilized the services of ECI to provide a leasing opportunity to customers who purchased our products at our Internet training workshops. Effective October 1, 2002, Mr. Poelman sold certain assets and liabilities of ECI, including ECI's corporate name and its relationship with us, to an unrelated third party. Total revenue generated by us from the sale of ECI's merchant account solutions product, while ECI's business was owned by Mr. Poelman, was \$1,453,612, \$5,106,494 and \$6,403,478 for the years ended June 30, 2003, 2002 and 2001, respectively. AUDIT COMMITTEE REPORT

In accordance with its written charter adopted by the Board of Directors on May 24, 2000, a copy of which is set out in Appendix B to this proxy statement, the Audit Committee is responsible for reviewing and discussing the Company's audited financial statements with management, discussing information with the Company's auditors relating to the auditors' judgments about the quality of our accounting principles, recommending to the Board of Directors that the audited financials be included in the Company's Annual Report on Form 10-K and overseeing compliance with the Securities and Exchange Commission requirements for disclosure of auditors' services and activities. During fiscal year 2003 and until August 12, 2003, the Audit Committee consisted of our Board of Directors. On August 12, 2003 an Audit Committee consisting of Gary S. Gladstein (Chairman), Thomas Scheiner and Peter Fredericks was

Edgar Filing: IMERGENT INC - Form DEF 14A

appointed. The Board of Directors has determined that each of these persons is independent. The Audit Committee is currently evaluating our Audit Committee Charter with a view to revising and restating it in light of recent corporate governance initiatives. In the event the Audit Committee adopts a new charter, this charter will be published on our website.

The Company's management has the primary responsibility for the Company's financial statements as well as its financial reporting process, principles and internal controls. The Company's independent auditors are responsible for performing an audit of our financial statements and expressing an opinion as to the conformity of such financial statements with generally accepted accounting principles. The Audit Committee is responsible for, among other things, reviewing the results of the audit engagement with our independent auditors; reviewing the adequacy, scope and results of the internal accounting controls and procedures; reviewing the degree of independence of the auditors; reviewing the auditors' fees; and recommending the engagement of auditors to the full board of directors.

In this context, the Audit Committee reviewed and discussed the audited financial statements of the Company as of and for the year ended June 30, 2003 with management and the independent auditors. The Audit Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as currently in effect. In addition, the Audit Committee received the written Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect, and discussed with the auditors their independence from the Company. The Audit Committee has also considered whether the independent auditor's provisions of non-audit services to us is compatible with maintaining the auditor's independence.

The members of the Audit Committee are not engaged in the accounting or auditing profession. In the performance of their oversight function, the members of the Audit Committee necessarily relied upon the information, opinions, reports and statements presented to them by management of the Company and by the independent auditors. As a result, the Audit Committee's oversight and the review and discussions referred to above do not assure that management has maintained adequate financial reporting processes, principles and internal controls, that our financial statements are accurate, that the audit of such financial statements has been conducted in accordance with generally accepted auditing standards or that our auditors meet the applicable standards for auditor independence.

Based on the reports and discussions above, the Audit Committee recommended that the audited financial statements be included in our Annual Report on Form 10-K for the year ended June 30, 2003.

The above report of the Audit Committee will not be deemed to be incorporated by reference to any filing by us under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that we specifically incorporate the same by reference.

accounting principles.

"Plan" shall mean the Imergent 2003 Equity Incentive Plan.

"Subsidiary" shall mean any company of which the Company owns, directly or indirectly, fifty percent (50%) or more of the stock.

3. Administration.

The Plan shall be administered and interpreted by the Committee, as designated by the Board, of not less than two members of the Board as appointed from time to time by the Board. Unless otherwise determined by the Board, the Committee shall consist solely of members who are "nonemployee directors" within the meaning of Rule 16b-3, as from time to time amended, promulgated under Section 16 of the Exchange Act and "outside directors" within the meaning of Section 162(m) of the Code and shall be constituted to satisfy any applicable corporate governance or national securities exchange requirements or regulations, the rules and regulations of any governing governmental agencies and any other applicable law. The Committee may delegate its authority to make grants under the Plan, subject to conditions determined by the Committee, to such person(s) as the Committee shall determine, provided that in no event shall the Committee delegate the authority to make or approve Awards to Employees who are officers of the Company.

Subject to the express provisions of the Plan, the Committee shall have the authority to (1) designate Participants; (2) determine the type or types of Awards to be granted to a Participant; (3) determine the number of shares of Common Stock to be covered by Awards; (4) determine the terms and conditions of any Award, including but not limited to whether the vesting or payment of all or any portion of any Award may be made subject to one or more Performance Goals; (5) determine whether, to what extent, and under what circumstances Awards may be settled or exercised in cash, Common Stock, other securities, other Awards or other property, or cancelled, forfeited, or suspended and the method or methods by which Awards may be settled, exercised, cancelled, forfeited, or suspended; (6) interpret and administer the Plan and any instrument or agreement relating to, or Award made under, the Plan; (7) establish, amend, suspend, or waive such guidelines, rules and regulations and appoint such agents as it shall deem appropriate for the proper administration of the Plan; and (8) make any other determination and take any other action that the Committee deems necessary or desirable for the administration of the Plan. Notwithstanding the foregoing, neither the Committee nor its delegate shall have the authority to price (or cancel and regrant) any Option or, if applicable, other Award at a lower exercise, base or purchase price without first obtaining the approval of the Company's stockholders. The terms of Awards need not be consistent with one another. The granting of Awards by the Committee shall be entirely discretionary and nothing in this Plan shall be deemed to give any Employee any right to receive awards. The Committee's determinations with respect to the Plan and any Award shall be binding and conclusive on all parties.

The Committee is also specifically authorized, in the event of a public solicitation, by any person, firm or corporation other than the Company, of tenders of 50% or more of the then outstanding Common Stock (known conventionally as a "tender offer"), to accelerate exercisability of and lift any restrictions with respect to some or all Awards held by Participants so that such Award will immediately become exercisable, vested, and transferable in full; provided that such accelerated exercisability and lifting of restrictions shall continue

Edgar Filing: IMERGENT INC - Form DEF 14A

in effect only until expiration, termination or withdrawal of such tender offer, whereupon such Awards will be (and continue thereafter to be) exercisable, vested, and transferable only to the extent that they would have been if no such acceleration of exercisability and lifting of restrictions had been authorized.

4. Eligibility.

Any Employee, consultant to the Company or member of the Board who is determined by the Committee to be making or to be expected to make a contribution to the success of the Company shall be eligible to receive Awards under the Plan.

5. Stock.

Authorized Shares. A maximum of 1,000,000 shares of Common Stock shall be reserved for issuance in accordance with the terms of the Plan. Such reserved shares may be authorized but unissued shares or any issued shares which have been acquired by the Company and are held in its treasury, as the Board may from time to time determine.

Individual Limits. No Employee may be granted Awards covering more than 300,000 shares of Common Stock during any fiscal year of the Company.

Adjustments. In the event that the Committee determines that any dividend or other distribution (whether in the form of cash, Common Stock, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Common Stock or other securities of the Company, issuance of warrants or other rights to purchase Common Stock or other securities of the Company, or other similar corporate transaction or event affects the Common Stock such that an adjustment is determined by the Committee to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Committee shall, in such manner as it may deem equitable, adjust the number and kind of shares reserved for Awards, the individual limit set forth above, the number and kind of shares subject to outstanding Awards and the exercise, base or purchase price, as appropriate, of such shares, or, if deemed appropriate, make provision for a cash payment to the holder of an outstanding Award.

Reuse of Shares. Unless the Committee determines otherwise, if an Award granted under the Plan is forfeited, expires, lapses or for any other reason ceases to be vested or exercisable in whole or in part, the shares which were subject to any such Award, but as to which the Award ceases to be vested or exercisable, shall again be available for the purposes of this Plan.

6. Options. The Committee may grant Options as follows:

General. Subject to the provisions of the Plan, the Committee shall have sole and complete authority to determine the persons to whom and the time or times at which Options shall be granted, the number of shares of Common Stock to be subject to such Options and all other conditions of such Awards, including whether the vesting of such Options may be based on the attainment of one or more Performance Goals. Notwithstanding the generality of the foregoing, unless otherwise determined by the Committee, the exercise price per share for each Option granted shall not be less than the Fair Market Value of the shares on the date the Option is granted. No shares subject to an Option shall be issued or transferred to a Participant until such

Edgar Filing: IMERGENT INC - Form DEF 14A

Option is exercised in accordance with its terms and such shares have been purchased, and a Participant shall have none of the rights of a stockholder with respect to such shares until the certificates therefor are registered in the name of such Participant upon exercise of the Option. Options shall be exercised by a Participant in accordance with the methods approved by the Committee.

Nonqualified or Incentive Stock Options. With respect to any grant of an Option, the Option agreement entered into by the Participant shall identify the grant as an Incentive Stock Option or a Nonqualified Stock Option. Incentive Stock Options may be granted only to persons who are employed by the Company or one of its Subsidiaries. Incentive Stock Options shall be subject to such additional terms and conditions as are necessary to preserve their status as Incentive Stock Options. To the extent that an Option intended to be an Incentive Stock Option does not comply with the applicable rules of the Code, it shall be treated as a Nonqualified Stock Option.

7. Other Stock-Based Awards.

The Committee may, in its discretion, grant other forms of Awards ("Other Stock-Based Awards") valued in whole or in part by reference to, or otherwise based on, Common Stock, either alone or in addition to other Awards under the Plan. Other Stock-Based Awards may include, but are not limited to, restricted shares of Common Stock, Stock Appreciation Rights, unit awards having a value based on the value of Common Stock and any other securities that are payable in, valued in whole or in part by reference to, or otherwise based on Common Stock. Subject to the provisions of the Plan, the Committee shall have sole and complete authority to determine the persons to whom and the time or times at which such Awards shall be granted, the number of shares of Common Stock to be subject to such Awards and all other conditions of such Awards, including whether the vesting and/or payment of such Awards may be based on the attainment of one or more Performance Goals. If the Committee shall designate any Award granted under this Section 7 as an Award intended to qualify as "performance-based compensation" within the meaning of Section 162(m) of the Code, such Award shall be designed and administered by the Committee so to qualify, including, but not limited, to conditioning the vesting and/or payment of such Award upon the achievement of one or more Performance Goals and certifying in writing that such conditions have been satisfied prior to the payment of, or vesting with respect to, such Award.

8. Termination of Employment or Service.

The terms and conditions applicable to Awards with respect to the termination for any reason of a Participant's employment or service with the Company and its Affiliates shall be determined by the Committee in its discretion and shall be set forth in the agreement evidencing such Award.

9. Transferability of Awards.

Except to the extent permitted by the Committee, no Award shall be transferable other than by will or the laws of descent and distribution, and each Option shall be exercisable during the Participant's lifetime only by the Participant or by the Participant's guardian or legal representative.

10. Laws and Regulations.

No shares of Common Stock shall be issued under this Plan unless and

Edgar Filing: IMERGENT INC - Form DEF 14A

until all legal requirements applicable to the issuance of such shares have been complied with to the satisfaction of the Committee. The Committee may provide, in the Award agreement or otherwise, that in the event that a Participant is required to pay to the Company any amount to be withheld in connection with the vesting or exercise of an Award that is payable in shares of Common Stock, the Participant may satisfy such obligation (in whole or in part) by electing to have the Company withhold a portion of the shares to be received upon the vesting or exercise of the Award equal in value to the minimum amount required to be withheld. The value of the shares to be withheld shall be their Fair Market Value on the date that the amount of tax to be withheld is determined. The termination or any modification or amendment of the Plan shall not, without the consent of a Participant, adversely affect such Participant's rights under an Award previously granted to such Participant.

13. Miscellaneous.

Date of Grant. The date on which the Committee approves the granting of any Award, or approves the modification of any Award, shall for purposes of the Plan be deemed the date on which such Award is granted or modified, regardless of the date on which the Agreement evidencing the same is executed.

The Plan and Award agreements issued under the Plan shall be construed, administered, and governed in all respects under the laws of the State of Delaware, without giving effect to the principles of conflicts of laws thereof. The Committee has the authority to retain, at the Company's expense, special legal counsel, or accounting or other experts it deems necessary in the performance of its duties.

While the Committee has the powers and responsibilities set forth in this Charter and the Company's Certificate of Incorporation, it is not the responsibility of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate or are in compliance with generally accepted accounting principles, which is the responsibility of management and the outside auditor. Likewise, it is not the responsibility of the Committee to
