The Corporation's Board of Directors has a Compensation Committee, a Nominating Committee and an Audit Committee.

In 2000, the Nominating Committee was composed of J. Allen Fine, David L. Francis and A. Scott Parker III. A slate of nominees for director to present to the shareholders is recommended by the Nominating Committee and determined by at least a majority vote of those directors whose terms do not expire during the year in which the election of directors will be made. The Committee will consider nominees recommended by the shareholders. Any shareholder wishing to make a recommendation regarding a nominee for election at the 2002 Annual Meeting should submit such recommendation to the Assistant Secretary, Investors Title Company, P.O. The Audit Committee met twice in 2000.

Audit Committee Report

The Audit Committee of the Board of Directors (the Committee) is comprised of the four directors named below. Each member of the Committee is an independent director as defined by Nasdaq's independent director and audit committee listing standards. The Committee has adopted a written charter which has been approved by the Board of Directors (Board) and which is set forth in the Appendix to this Proxy Statement. In accordance with its written charter, the Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company.

In connection with the audit process for 2000, the Audit Committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and the Company that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," discussed with the auditors any

relationships that may impact their objectivity and independence and satisfied

Edgar Filing: INVESTORS TITLE CO - Form DEF 14A

itself as to the auditors' independence. The Committee also discussed with management and the independent auditors the quality and adequacy of the Company's internal controls. The Committee reviewed with the independent auditors their audit plans, audit scope and identification of audit risks.

The Committee discussed and reviewed with the independent auditors all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees" and, with and without management present, discussed and reviewed the results of the independent auditors' examination of the financial statements.

The Committee discussed and reviewed the audited financial statements of the Company as of and for the year ended December 31, 2000, with management and the independent auditors. Management has the responsibility for the preparation of the Company's financial statements and the independent auditors have the responsibility for the examination of those statements.

Based on the above-mentioned review and discussions with management and the independent auditors, the Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2000, for filing with the Securities and Exchange Commission.

These options were immediately exercisable and will expire on May 9, 2010.

EXECUTIVE COMPENSATION

The Compensation Committee Report on Executive Compensation

The fundamental philosophy of Investors Title Company's compensation program is to provide competitive compensation opportunities for all employees based on the individual's personal performance, experience and contribution to the growth of the Company. In addition, it is the Company's goal to provide compensation opportunities that are comparable to those offered by other businesses in the area, thus allowing the Company to attract and retain experienced corporate officers and key employees with outstanding ability and to motivate them to perform to their fullest extent. The Company's compensation package is competitive with the compensation benefits of other employers of comparable size in its area of operation.

In evaluating the performance and establishing the incentive compensation of the Chief Executive Officer and other members of senior management, the Committee has reviewed management's success in maximizing its sales efforts by

Edgar Filing: INVESTORS TITLE CO - Form DEF 14A

expanding operations in other market areas.

In reviewing management performance and compensation, the Committee also has taken into account management's consistent commitment to the long-term success of the Company through new innovations and intra-Company restructuring.

Based upon the evaluation of these factors, the Committee believes that the senior management of the Company continues to be dedicated to achieving long-term growth and that the compensation approved by the Committee has contributed to achieving this end.

Compensation for each of the named executive officers, as well as other senior executives, consists of a base salary, a cash and/or stock bonus, incentive stock options and a contribution under a Simplified Employee Pension Plan. The Committee considers the total compensation of each of the named executive officers and other senior executives in establishing each element of compensation.

Each year, the Chief Executive Officer reviews with the Committee the proposed annual salaries, and the Committee recommends any modifications it deems appropriate. Salaries are recommended by the Chief Executive Officer based on industry standards, national surveys, individual contribution and performance. The Committee also fixes the base salary of the Chief Executive Officer based on the same criteria and the Committee's assessment of his past performance and expectations as to future leadership of the Company's business.

2

Stock and cash bonuses awarded to the executive officers named in the Summary Compensation Table appearing below and other senior executives are based on their performance throughout the year.

In determining the Chief Executive Officer's bonus award for 2000, the Committee considered, in addition to the factors discussed above pertaining to expanded markets and innovations, the performance of the Company's competitors, as well as more subjective criteria.

Periodically, the Committee considers the need to issue stock options, which are designed to link the concerns of the executives with those of the shareholders. Stock option grants provide an incentive that focuses the executive's attention on managing the Company from the perspective of an owner with an equity stake in the business. The Committee believes that past grants have successfully focused the Company's senior management on building profitability and shareholder value. The Chief Executive Officer is eligible to participate in the same executive compensation plans available to other senior executives.

In establishing grants of stock options, the Chief Executive Officer reviews with the Committee the proposed option awards. Executive officers, other than senior executives, also participate in the Company's compensation program.

Shareholder proposals to be presented at the 2002 Annual Meeting of Shareholders must be received by the Company on or before December 12, 2001 to be considered for inclusion in the Company's proxy materials relating to that meeting. ITEM 2 PROPOSAL TO APPROVE THE 2001 STOCK OPTION AND RESTRICTED STOCK PLAN

On February 12, 2001, the Board of Directors of the Company adopted,

Edgar Filing: INVESTORS TITLE CO - Form DEF 14A

subject to shareholder approval, the 2001 Stock Option and Restricted Stock Plan (the "Plan"). The following is a summary of the Plan, a copy of which was filed electronically with the Securities and Exchange Commission with this Proxy Statement.

The Plan is intended to induce those persons who are in a position to contribute materially to the success of the Company to remain with the Company, to offer them rewards in recognition of their contributions to the Company's progress and to offer them incentives to continue to promote its best interests. Under the Plan, the Company may grant incentive stock options, nonqualified stock options or restricted stock awards. For purposes of the Plan, the term 'Company' includes Investors Title Company and its subsidiaries. Grants under existing plans will continue in effect until exhausted or expired. Currently, the 1997 Stock Option and Restricted Stock Plan, which expires March 9, 2007, has 236,900 shares subject to outstanding grants and 28,600 shares available for grant; and the 1993 Incentive Stock Option Plan, which expires February 1, 2003, has 143,900 outstanding grants and 6,100 shares available for grant.

8

Description of the Plan

General. The Plan provides that up to 250,000 shares of the Company's Common Stock will be available for the grant of incentive stock options, nonqualified stock options and restricted stock awards. The total number of shares that may be issued to any one participant pursuant to options granted under the Plan may not exceed an aggregate of 50,000 shares of Common Stock. The Plan has a 10-year term and, unless sooner terminated as provided in the Plan, will terminate on February 11, 2001.

The number and class of shares available under the Plan and the purchase price per share will be adjusted appropriately in the event of stock splits and combinations, share dividends and similar changes in the capitalization of the Company.

The Plan will be administered by a compensation committee (the "Committee") appointed by the Board of Directors of the Company. The Committee will be comprised of at least two members of the Board of Directors, none of whom shall be a current employee of the Company, a former employee of the Company who receives compensation for prior services rendered during the taxable year, an individual receiving direct or indirect remuneration from the Company, within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), and any regulations promulgated thereunder, in any capacity other than as a director, or a former or current officer of the Company.

Awards may be granted under the Plan only to key employees (including statutory employees within the meaning of Section 3121(d)(3) of the Code), officers or directors of the Company. The Committee will determine those persons who will receive incentive stock options, nonqualified stock options and restricted stock awards under the Plan.

The Plan provides that the Board of Directors may terminate, amend or revise the terms of the Plan at any time, except that no amendment or revision shall (i) increase the maximum aggregate number of shares subject to the Plan, except as permitted by the Plan in order to make appropriate adjustments for stock splits, share dividends or similar changes in the Common Stock; (ii) change the minimum purchase price for shares subject to options granted under the Plan; (iii) extend the maximum duration of 10 years established under the Plan for any option or for a restricted stock award; or (iv) permit the granting of an option or a restricted stock award to anyone other than eligible recipients under the terms of the Plan.

Edgar Filing: INVESTORS TITLE CO - Form DEF 14A

The Plan provides that restricted stock awarded under the Plan may not be transferred in any manner prior to lapse of the restrictions and conditions imposed on such stock at the time of the award. Incentive stock options and nonqualified stock options granted under the Plan that have not been exercised may not be transferred except by will or the applicable laws of descent and distribution.

With respect to nonqualified stock options or restricted stock awards, the Committee is authorized under the terms of the Plan, in its discretion, to make loans or payments to optionees or restricted stock award recipients for the purpose of assisting such persons with payment of personal income taxes incurred upon exercise of nonqualified stock options or the lapse of restrictions to which restricted stock is subject. (See "Federal Income Tax Consequences" below.)

If the Company becomes a party to any merger or consolidation in which it is not the surviving entity or pursuant to which the shareholders of the Company exchange their Common Stock, or if the Company dissolves or liquidates or sells all or substantially all of its assets, all incentive stock options and nonqualified stock options outstanding under the Plan will, unless otherwise provided in the applicable option agreement, terminate on the effective date of such merger, consolidation, dissolution, liquidation or sale. However, prior to such effective date, the Committee may, in its discretion, make any or all outstanding options immediately exercisable, and may, with respect to Options that are terminated, (i) authorize a payment to any optionee that approximates the economic benefit that he would realize if his option were exercised immediately before such effective date, (ii) authorize a payment in such other amount as it deems appropriate to compensate any optionee for the termination of his Option, or (iii) arrange for the granting of a substitute Option to any optionee. The Committee also may, in its discretion, cause any or all restricted stock awards that are still subject to any restrictions and conditions to become immediately vested in full on the effective date of any such transaction, unless otherwise provided in the applicable agreement evidencing such restricted stock award.

Any shares of Common Stock that are subject to incentive stock options or nonqualified stock options granted under the Plan and that are not issued, and any share of Common Stock that are issued pursuant to restricted stock awards under the Plan and that are subsequently forfeited, may again be the subject of grants or awards under the Plan.

Nonqualified Stock Options. The Plan permits the granting of nonqualified stock options to such key employees (including statutory employees within the meaning of Section 3121(d)(3) of the Code), officers or directors of the Company as the Committee shall select from time to time in its discretion.

The price of shares subject to nonqualified stock options granted under the Plan will be determined by the Committee at the time of grant of the option, but may not be less than 100% of the fair market value of the Common Stock at the time of the grant. The Committee will determine at the time of grant the dates on which nonqualified stock options will become exercisable and may accelerate the scheduled exercise date of an option if deemed appropriate. No nonqualified stock option may expire later than 10 years from the date of grant.

Unexercised nonqualified stock options will terminate if an optionee ceases to be employed by the Company, or any parent or subsidiary corporation, for any reason other than death or disability, except that the applicable stock option agreement may allow such option to be exercised within a period not to exceed three months after the date of termination of employment. In the event an optionee

becomes disabled, a nonqualified stock option may be exercised at any time within three months after the date of termination of employment due to disability unless a longer or shorter period is provided in the applicable option agreement. If an optionee dies while employed by the Company, or any parent or any subsidiary corporation, his nonqualified stock options shall expire one year after the date of death, unless a longer or shorter period of exercise has been specifically provided in the applicable stock option agreement.

Incentive Stock Options. The Plan permits the granting of incentive stock options ("ISOs") only to key employees of the Company who qualify for the grant of an ISO under Section 422 of the Code.

The terms and conditions described above for nonqualified stock options also apply to ISOs granted under the Plan. The following additional terms and conditions will also be applicable with respect to ISOs: (i) no ISO may be granted to a person who owns, at the time of grant, stock representing more than 10% of the total voting power of all classes of stock of the Company unless the option price for the shares subject to such ISO is at least 110% of the fair market value on the date of grant and such ISO award is exercisable only within five years after its date of grant; (ii) the total fair market value of shares subject to ISOs which are exercisable for the first time by an optionee in a given calendar year may not exceed \$100,000, valued as of the date of the ISO's grant; and (iii) ISOs may not be granted more than 10 years after the date of adoption of the Plan by the Board.

Restricted Stock. Restricted stock may be issued under the terms of the Plan to eligible recipients who are selected from time to time by the Committee. Such restricted stock will be subject to such restrictions and conditions as may be determined by the Committee at the time of the award. These restrictions and conditions may include (but are not required to include) restrictions on transfer of the awarded shares of Common Stock, vesting conditions based on continued employment with the Company for a specified period of time following the award or satisfaction of individual or corporate performance criteria, or satisfaction of other vesting standards. The lapse of restrictions and conditions with respect to restricted stock may be accelerated at any time by the Board of Directors or the Committee in its discretion.

Certificates evidencing shares of restricted stock will be held by the Company and may not be sold or otherwise transferred by a restricted stock award recipient until the restrictions imposed on the stock have lapsed. Notwithstanding such restrictions, however, the award recipient will have other rights associated with ownership of such restricted stock, including the right to vote such shares and to receive dividends paid thereon. Restricted stock will be forfeited if an award recipient dies or terminates his employment with the Company, or any parent or subsidiary corporation, prior to lapse of the restrictions on the shares, unless otherwise provided in the applicable restricted stock agreement.

Restrictions and conditions imposed on shares of restricted stock shall lapse, in whole or in part, as provided in the applicable agreement evidencing the restricted stock award, but must lapse, if at all, not later than ten years from the date of the award.

Federal Income Tax Consequences

Incentive Stock Options. ISOs granted under the Plan are intended to qualify as "incentive stock options" under Section 422 of the Code. The grant of an ISO generally does not result in taxable income to the optionee at the time

Edgar Filing: INVESTORS TITLE CO - Form DEF 14A

of grant of the option or at the time of exercise. However, for any year in which Common Stock is purchased upon exercise of an ISO, the difference between the fair market value of the Common Stock at the time of exercise and its cost to the optionee will be an item of adjustment for purposes of computation of the optionee's alternative minimum taxable income under Section 55 of the Code. If the optionee exercises the ISO and then sells the Common Stock purchased under the option at a gain, the excess of the sales price of the Common Stock over its cost to the optionee will be taxable as a long-term capital gain if the sale is made more than two years from the granting of the option and more than one year from the transfer of the stock to the optionee. If the sale is made within two years after the granting of the ISO or within one year after the Common Stock is transferred to the optionee and if sales proceeds exceed the fair market value of the Common Stock on the date of exercise, the optionee generally will recognize ordinary income equal to the fair market value of the Common Stock on the date of exercise less the option price, and capital gain (long-term or short-term as the case may be), equal to the amount realized in excess of the fair market value of the Common Stock on the date of exercise. No tax deduction generally will be available to the Company as a result of the granting of ISOs, the exercise of such options, or the sale by optionees of the Common Stock purchased. However, the Company will be entitled to a deduction in an amount equal to the ordinary income, if any, recognized by an optionee on the sale of Common Stock purchased pursuant to the exercise of an ISO.

Nonqualified Stock Options. Nonqualified stock options granted under the Plan are not intended to qualify as ISOs under the Code. The grant of a nonqualified stock option will not result in taxable income to the optionee or a deduction to the Company. On the date any such option is exercised, an optionee generally will be deemed to recognize ordinary income equal to the amount by which the fair market value of the Common Stock on the exercise date exceeds the option price, and the Company will generally receive a deduction in the same amount.

Restricted Stock. In general, there will be no federal income tax consequences to either the Company or to the recipient of a restricted stock award upon the grant of restricted stock until the restrictions lapse and the restricted stock becomes nonforfeitable. At that time, the award recipient will recognize taxable income equal to the then fair market value of the Common Stock and the Company will generally receive a corresponding deduction. However, restricted stock award recipients may elect, within 30 days after the date of grant of a restricted stock award, to recognize ordinary income equal to the fair market value of the restricted stock on the date of grant and the Company will be entitled to a corresponding deduction at that time.

Any discussion herein pertaining to a deduction for the Company is qualified by application of Section 162(m) of the Code and the regulations thereunder. Section 162(m) limits to \$1,000,000 per year the allowable deduction for compensation paid to or accrued by the

chief executive officer and the four most highly compensated officers (other than the chief executive officer), except that such limit does not include "performance-based compensation," as that term is defined therein. If the Plan is approved by shareholders in the manner prescribed by applicable regulations, compensation realized upon the exercise of options will be "performance-based" if the exercise price is at least equal to the fair market value of the underlying stock on the date of grant. The Plan is intended to meet the provisions of Section 162(m) such that any deductions realized from stock option transactions thereunder will not be limited. Compensation derived from restricted stock awards granted under the Plan may be deemed "performance-based" if they are designated as such by the Committee and if the grant thereof is

Edgar Filing: INVESTORS TITLE CO - Form DEF 14A

subject to the attainment of certain performance goals that qualify under the Section 162(m) regulations. Compensation derived from restricted stock awards that are not "performance-based" will not be deductible by the Company beyond the prescribed \$1,000,000 limit.

Plan Benefits. Because the Plan is discretionary, it is not possible to determine or estimate the benefits or amounts that may be granted in the future to employees, officers or directors of the Company under the Plan. If the Plan had been in effect during 2000, the stock option awards received by the Company's executive officers would have been the same as the stock option awards actually received by the executive officers during 2000 under the 1997 Stock Option and Restricted Stock Plan. The Option Grants in Last Fiscal Year table in the Executive Compensation section above lists the stock option awards during 2000 for the executive officers named in the Summary Compensation Table. The Aggregated Option Exercises in Last Fiscal Year and FY-End Option Values table in the same section show all of the outstanding options held by those executive officers at December 31, 2000.

Vote Required. Section 422 of the Code provides that the Plan must be approved by the shareholders of the Company in order for incentive stock options granted under the Plan to receive the favorable tax treatment discussed above. Approval of the Plan will require a majority of the votes cast at a meeting at which a majority of the shares of the Company's Common Stock are present in person or by proxy and entitled to vote.

THE BOARD RECOMMENDS A VOTE 'FOR' THE PROPOSAL
TO APPROVE THE 2001 STOCK OPTION AND RESTRICTED STOCK PLAN.

INDEPENDENT AUDITORS

Deloitte & Touche LLP served as the independent auditors for the Company for 2000. The Company plans to solicit bids for the 2001 audit; therefore, the independent auditors have not been appointed. Representatives of Deloitte & Touche LLP are expected to attend the 2001 Annual Meeting of Shareholders. They will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Audit Fees: Investors Title Company paid to Deloitte & Touche LLP \$83,827 during 2000 for audit services provided by them.

All Other Fees: Investors Title Company paid to Deloitte & Touche LLP \$64,008 during 2000 for services other than audit services provided by them. These fees were principally for tax and actuarial services. The Audit Committee does not consider these fees to be inconsistent with the independent auditors' independence.

OTHER MATTERS TO COME BEFORE THE MEETING

Management does not know of any other matters that may come before the meeting. However, if any other matters do properly come before the meeting, it is the intention of the persons named as proxies to vote upon them in accordance with their best judgment.

APPENDIX
AUDIT COMMITTEE CHARTER

INVESTORS TITLE COMPANY

AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

CHARTER

Organization

There shall be a committee of the Board of Directors to be known as the Audit Committee. The Audit Committee shall be composed of directors who are independent of the management of the Company and any of its subsidiaries and are free of any relationship that, in the opinion of the Board of Directors, would interfere with their exercise of independent judgment as a Committee Member. All members of the Audit Committee must be able to read and understand fundamental financial statements, including a company's balance sheet, income statement and cash flow statement. At least one director must have past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background, including a current or past position as a chief executive or financial officer or other senior officer with financial oversight responsibilities.

Statement of Policy

The Audit Committee shall provide assistance to the Corporate Directors in fulfilling their responsibility to the shareholders, potential shareholders, and investment community relating to corporate accounting, reporting practices of the Company, and the quality and integrity of the financial reports of the Company. In so doing, it is the responsibility of the Audit Committee to maintain free and open means of communication between the directors, the independent auditors and the financial management of the Company.

Responsibilities

In carrying out its responsibilities, the Audit Committee believes its policies and procedures should remain flexible, in order to best react to changing conditions and to ensure to the Corporate Directors and shareholders that the Company's corporate accounting and reporting practices are in accordance with all requirements and are of the highest quality.

In carrying out these responsibilities, the Audit Committee will:

Review and recommend to the Board of Directors the independent auditors to be selected to audit the financial statements of the Company and its

Edgar Filing: INVESTORS TITLE CO - Form DEF 14A

subsidiaries.

Meet with the independent auditors and financial management of the Company to review the scope of the proposed audit for the current year and the audit procedures to be utilized, and at the conclusion thereof review such audit, including any comments or recommendations of the independent auditors.

Review the following items with the independent auditors: (1) the proficiency and cooperation of financial and accounting personnel, (2) the adequacy and effectiveness of the accounting and financial controls of the Company, and (3) elicit any recommendations for the improvement of such internal control procedures or particular areas where new or more detailed controls or procedures are desirable. Particular emphasis should be given to the adequacy of such internal controls to expose any payments, transactions, or procedures that might be deemed illegal or otherwise improper.

Review the financial statements contained in the Annual Report to Shareholders with management and the independent auditors to determine that management and the independent auditors are satisfied with the disclosure and content of the financial statements to be presented to the shareholders. Any changes in accounting principles should be reviewed.

Provide sufficient opportunity for the independent auditors to meet with the members of the Audit Committee without members of management present. Among the items to be discussed in these meetings are the independent auditors' evaluation of the Company's financial and accounting personnel, and the cooperation that the independent auditors received during the course of the audit.

Submit the minutes of all meetings of the Audit Committee to, or discuss the matters discussed at each committee meeting with, the Board of Directors.

Investigate any matter brought to its attention within the scope of its duties, with the power to retain outside counsel for this purpose if, in its judgment, that is appropriate.

committee (the "Committee") appointed by the Board of Directors of the Company (the "Board"). The Committee shall be comprised of not less than two members, all of whom must be persons who are both "Non-Employee Directors" within the meaning of Rule 16b-3 as promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934 and "outside directors" within the meaning of Section 162(m) of the Code and the regulations promulgated thereunder. The Board from time to time may appoint members of the Committee in substitution for or in addition to members previously appointed, and may fill vacancies in the Committee, however caused. Any action by the Committee shall be taken by majority vote at a meeting thereof called in accordance with procedures adopted thereby, or by unanimous written consent of the Committee.

Section 1.4 Authority of Committee.

(a) Subject to the other provisions of this Plan, the Committee shall have sole authority in its absolute discretion: to grant Options and Restricted Stock Awards under the Plan; to determine the officers, employees and directors to whom Options and/or Restricted Stock Awards shall be granted under the Plan; to determine the number of

1

shares subject to any Option or Restricted Stock Award under the Plan; to fix the option price and the duration of each Option; to establish corporate or individual performance or other vesting standards for Options or Restricted Stock Awards; to establish any other terms and conditions of Options and Restricted Stock Awards; and to accelerate the time at which any outstanding Option may be exercised or the time when restrictions and conditions on Restricted Stock Awards will lapse. The Board may also grant Options and/or Restricted Stock Awards from time to time to consultants who are not employees of the Company. No member of the Board or of the Committee shall be liable for any action or determination made in good faith with respect to the Plan or any Option or Restricted Stock Award granted thereunder. In addition, directors or former directors of the Company, including members or former members of the Committee, shall be entitled to indemnification by the Company to the extent permitted by applicable law and by the Company's Articles of Incorporation or Bylaws with respect to any liability or expense arising out of such person's participation in the administration of this Plan.

(b) Subject to the other provisions of this Plan, and with a view to effecting its purpose, the Committee shall have sole authority in its absolute discretion: to construe and interpret the Plan; to prescribe, amend, and rescind rules and regulations relating to the Plan; to make any other determinations relating to the Plan; and to do everything necessary or advisable to administer the Plan.

(c) All decisions, determinations, and interpretations made by the Committee shall be binding and conclusive on all optionees and holders of restricted stock and on their legal representatives, heirs and beneficiaries.

Section 1.5 Shares Subject to the Plan: Reservation of Shares. The

maximum aggregate number of shares of common stock of the Company available pursuant to the Plan for the grant of Options and for Restricted Stock Awards, subject to adjustments as provided in Section 1.7, shall be 250,000 shares of the Company's common stock, no par value (the "Common Stock"). The aggregate number of shares of Common Stock with respect to which Options and Restricted

Edgar Filing: INVESTORS TITLE CO - Form DEF 14A

Stock Awards under the Plan may be granted to any individual (including Options and Restricted Stock Awards that are subsequently cancelled) shall not exceed an aggregate of 50,000 shares of Common Stock. If any Option granted pursuant to the Plan expires or terminates for any reason before it has been exercised in full, the unpurchased shares subject to that Option shall again be available for the purposes of the Plan. If any shares issued pursuant to a Restricted Stock Award are forfeited, they shall again be available for the purposes of the Plan. The Company shall at all times reserve and keep available such number of shares of its Common Stock as shall be sufficient to satisfy the requirements of the Plan.

Section 1.6 Eligibility. Options and Restricted Stock Awards may be

granted under the Plan to such key employees (including statutory employees within the meaning of Section 3121(d) of the Code), officers, directors or consultants of the Company or a subsidiary of the Company, whether or not employees, as the Committee shall select from time to time in its discretion. Incentive Stock Options, however, may be granted under the Plan only to key employees of the Company or a subsidiary of the Company who qualify for the grant of an Incentive Stock Option under Section 422 of the Code.

2

Section 1.7 Adjustments. If the shares of Common Stock of the

Company are increased, decreased, changed into or exchanged for a different number or kind of shares or securities through merger, consolidation, combination, exchange of shares, other reorganization, recapitalization, reclassification, stock dividend, stock split or reverse stock split in which the Company is the surviving entity, an appropriate and proportionate adjustment shall be made in the maximum number and kind of shares as to which Options and Restricted Stock Awards may be granted under this Plan. A corresponding adjustment changing the number or kind of shares allocated to unexercised Options or unvested Restricted Stock Awards that shall have been granted prior to any such change shall likewise be made. Any such adjustment in outstanding Options shall be made without change in the aggregate purchase price applicable to the unexercised portion of any such Option, but with a corresponding adjustment in the price for each share covered by the Option, and shall be made in a manner as not to constitute a modification, within the meaning of Section 424(h) of the Code, of outstanding Incentive Stock Options. In making any adjustment pursuant to this Section 1.7, any fractional shares shall be disregarded.

In the event of a change in the Common Stock of the Company as presently constituted, which is limited to a change of all of its authorized shares with par value into the same number of shares with a different par value or without par value, the shares resulting from any such change shall be deemed to be Common Stock within the meaning of the Plan.

The grant of an Option or a Restricted Stock Award under the Plan shall not affect in any way the right or power of the Company to make adjustments, reclassifications, reorganizations or changes in its capital or business structure.

ARTICLE II

STOCK OPTIONS

Section 2.1 Grant. The Committee may cause the Company to grant

Edgar Filing: INVESTORS TITLE CO - Form DEF 14A

Stock Options for the purchase of shares of Common Stock to eligible participants under the Plan in such amounts as the Committee, in its sole discretion shall determine. Options granted pursuant to the Plan that are intended to qualify as "incentive stock options" under Section 422 of the Code shall be designated as such at the time of their grant and are referred to herein as Incentive Stock Options. Options not intended to qualify as Incentive Stock Options are referred to herein as Nonqualified Stock Options and shall be designated as such in the applicable option agreement.

Section 2.2 Terms and Conditions of Options. Options granted under

the Plan shall be evidenced by written agreements ("option agreements") in such form as the Committee may from time to time approve. The terms and conditions of Options granted under the Plan, including the satisfaction of corporate or individual performance or other vesting standards, may differ one from another as the Committee shall in its discretion determine, as long as all Options granted under the Plan satisfy the terms and conditions applicable to Options set forth in this Plan.

3

(a) Number of Shares; Designation. Each Option shall state the number

of shares of Common Stock to which it pertains and that it is either an Incentive Stock Option or a Nonqualified Stock Option.

(b) Option Price. Each Option shall state the option price, which

shall not be less than the fair market value (as hereinafter defined) per share of the Common Stock at the time the option is granted (except that for Incentive Stock Options granted to any employee who owns more than 10% of the combined voting power of all classes of stock of the Company, the option price shall not be less than 110% of fair market value). For the purpose of the Plan, the "fair market value" per share of Common Stock on any date of reference shall be the Closing Price of the Common Stock referred to in clauses (i), (ii) or (iii) below, whichever appropriate, on the business day immediately preceding such date. For this purpose, the Closing Price of the Common Stock on any business day shall be: (i) if the Common Stock is listed or admitted for trading on any United States national securities exchange, or if actual transactions are otherwise reported on the National Market System of the National Association of Securities Dealers Automated Quotation System ("NASDAQ") or other consolidated transaction reporting system, the last reported sale price of Common Stock on such exchange or reporting system on which the Common Stock is principally traded, as reported in any newspaper of general circulation; (ii) if clause (i) is not applicable and the Common Stock is otherwise quoted on NASDAQ, or any similar system of automated dissemination of quotations of securities prices in common use, the mean between the closing high bid and low asked quotations for the Common Stock on such system for such day; or (iii) if neither clause (i) nor (ii) is applicable, the mean between the high bid and low asked quotations for the Common Stock as reported by the National Quotation Bureau, Incorporated if at least two securities dealers have inserted both bid and asked quotations for Common Stock on at least five of the preceding ten days. If neither clause (i) nor clauses (ii) or (iii) are applicable, "fair market value" per share of Common Stock shall be such value as shall be determined by the Committee in its sole discretion, unless the Committee shall identify a different method for determining fair market value in a fair and uniform manner.

Edgar Filing: INVESTORS TITLE CO - Form DEF 14A

(c) Exercise of Options. Each Option shall be exercisable in one or

more installments during its term, as provided in the applicable Option agreement, and the right to exercise may be cumulative. No Option may be exercised for a fraction of a share of Common Stock. Unless otherwise provided by the applicable Option agreement, the purchase price of any shares purchased shall be paid in full in cash or by cashier's check payable to the order of the Company, by surrender of shares of Common Stock held by the grantee for more than six months and having a value at the exercise date equal to the exercise price, or through a cashless exercise through a broker-dealer registered with the Securities and Exchange Commission, or by a combination of any of the foregoing. If any portion of the purchase price is paid in shares of Common Stock, those shares shall be valued at their fair market value as of the day of delivery, as determined in accordance with Section 2.2(b). No optionee, or optionee's executor, administrator, legatee, or distributee, shall be deemed to be a holder of any shares subject to an Option unless and until a stock certificate or certificates for such are issued to such person(s) under the terms of the Plan. No adjustment shall be made for dividends (ordinary or extraordinary, whether in cash, securities or other property) or distributions or other rights for which the

4

record date is prior to the date such stock certificate is issued, except as provided in Section 1.7. The exercise of Options under the Plan shall be subject to the withholding requirements as set forth in Section 4.2.

(d) Written Notice Required. An Option granted pursuant to the terms

of this Plan shall be exercised when written notice of that exercise, stating the number of shares with respect to which the Option is being exercised, has been given to the Company at its principal office, from the person entitled to exercise the Option and full payment for the shares with respect to which the Option is exercised has been received by the Company.

(e) Options Not Transferable. Options granted pursuant to this Plan

may not be sold, pledged, assigned or transferred in any manner other than by will or the laws of descent or distribution and may be exercised during the lifetime of an optionee only by that optionee.

(f) Duration of Options. Each Option and all rights thereunder

granted pursuant to the terms of this Plan shall expire on the date specified in the applicable option agreement, but in no event shall any Option expire later than ten (10) years from the date on which the Option is granted; provided, however, that any Incentive Stock Option granted to an employee who owns more than 10% of the combined voting power of all classes of stock of the Company may not be exercisable after the date five (5) years from the date the Option is granted. In addition, each Option shall be subject to early termination as provided in this Plan or the applicable option agreement.

(g) Termination of Employment, Disability or Death.

(i) If an optionee ceases to be employed by the Company, or any subsidiary corporation, for any reason other than death or disability, any Option granted to such optionee that is unexercised or still subject to any restrictions or conditions shall be terminated and

forfeited, unless otherwise provided in the applicable option agreement.

(ii) If an optionee becomes disabled within the meaning of Section 22(e)(3) of the Code while employed by the Company, or any subsidiary corporation, any Option may be exercised at any time within three months after the date of termination of employment due to disability, unless a longer or shorter period is provided in the applicable option agreement.

(iii) If an optionee dies while employed by the Company, or any subsidiary corporation, any Option shall expire one year after the date of death, unless a longer or shorter period of exercise is provided in the applicable option agreement. During this period, the Option may be exercised, except as otherwise provided in the applicable option agreement, by the person or persons to whom the optionee's rights under the Option shall pass by will or by the laws of descent and distribution, but in no event may the Option be exercisable more than ten years from the date of grant.

5

(iv) Unless otherwise provided in the applicable option agreement, any Option that may be exercised for a period following termination of the optionee's employment may be exercised only to the extent it was exercisable immediately before such termination and in no event after the Option would expire by its terms without regard to such termination.

(v) If a nonemployee director ceases to serve the Company in that capacity, the optionee's rights upon such termination shall be governed in the manner of a optionee's rights upon termination of employment as set forth above.

(h) Reorganizations. If the Company shall be a party to any merger or

consolidation in which it is not the surviving entity or pursuant to which the shareholders of the Company exchange their Common Stock for other securities or for cash in any acquisition transaction, or if the Company shall dissolve or liquidate or sell all or substantially all of its assets, or upon consummation of a tender offer approved by the Board, all Options outstanding under this Plan, unless otherwise provided in the applicable option agreement, shall terminate on the effective date of such merger, consolidation, dissolution, liquidation, sale or tender offer; provided, however, that prior to such effective date, the Committee may, in its discretion, either (i) make any or all outstanding Options immediately exercisable, (ii) authorize a payment to any optionee that approximates the economic benefit that he would realize if his option were exercised immediately before such effective date, (iii) authorize a payment in such other amount as it deems appropriate to compensate any optionee for the termination of his Option, or (iv) arrange for the granting of a substitute Option to any optionee.

Section 2.3 Maximum Amount of Incentive Stock Options. The maximum

aggregate fair market value of Common Stock, determined as of the time the Incentive Stock Option is granted, with respect to which Incentive Stock Options are exercisable by an optionee for the first time during any calendar year, under this Plan and all other incentive stock option plans of the Company and any parent, subsidiary, and predecessor corporations, shall not exceed \$100,000. Any Option in excess of the foregoing limitation shall be deemed a Nonqualified

Stock Option to the extent of such excess.

ARTICLE III

RESTRICTED STOCK AWARDS

Section 3.1 Grant of Restricted Shares. The Committee may cause the Company to grant Restricted Stock Awards to eligible participants under the Plan in such amounts as the Committee, in its sole discretion, shall determine. Restricted Stock Awards may be issued either alone or in addition to Options granted under the Plan.

Section 3.2 Agreement. Each Restricted Stock Award shall be evidenced by a written agreement in such form and containing such provisions not inconsistent with the Plan as the Committee may from time to time approve. Each Restricted Stock Award shall be effective as of the date so stated in the resolution of the Committee making the award.

6

Section 3.3 Restrictions and Conditions. Shares of Common Stock awarded under this ARTICLE III shall be subject to such restrictions and conditions, if any, as may be imposed by the Committee at the time of making the award. Such restrictions and conditions may include, without limitation, the satisfaction of specified performance criteria by the Company or by the grantee of the Restricted Stock Award, or other vesting standards; provided, however, that no award shall require any payment of cash consideration by the grantee. Restrictions and conditions imposed on shares of Common Stock awarded under this ARTICLE III may differ from one award to another as the Committee shall, in its discretion, determine. Any restrictions and conditions shall lapse, in whole or in part, as provided in the agreement evidencing the Restricted Stock Award, but must lapse, if at all, not later than ten (10) years from the date of the award.

Shares with respect to which no restrictions or conditions are imposed and shares with respect to which the restrictions and conditions imposed thereon have lapsed are hereinafter referred to as "Unrestricted Shares." Shares with respect to which the restrictions and conditions imposed thereon have not lapsed are hereinafter referred to as "Restricted Shares."

Section 3.4 Rights as a Shareholder. A holder of Unrestricted Shares shall have all of the rights of a shareholder of the Company with respect thereto and shall be entitled to receive a stock certificate evidencing such Unrestricted Shares. Such certificate shall be issued without legend, except to the extent that a legend may be necessary for compliance with applicable securities laws.

A holder of Restricted Shares shall be the record owner thereof and shall, subject to the restrictions and conditions, have all of the rights of a shareholder with respect thereto, including, but not limited to, the right to receive all dividends paid on the Common Stock (ordinary or extraordinary, whether in cash, securities or other property) and the right to vote the Restricted Shares; provided, however, that each stock certificate evidencing Restricted Shares shall bear a conspicuous legend stating that the shares evidenced thereby are subject to restrictions as to transferability as provided

Edgar Filing: INVESTORS TITLE CO - Form DEF 14A

in Section 3.6 and to such other restrictions and conditions as have been imposed by the Committee, and each such certificate shall be deposited by the Holder with the Company or its designee together with a stock power endorsed in blank.

Section 3.5 Forfeiture. Unless otherwise provided in the applicable

Restricted Stock Award agreement, upon termination of the grantee's employment with the Company or any of its subsidiaries for any reason whatsoever (voluntarily or involuntarily, with or without cause), all Restricted Shares then owned by him shall automatically and without any action on his part be forfeited and transferred to the Company.

Section 3.6 Transferability. Restricted Shares held by a grantee

shall not be subject to alienation, sale, transfer, assignment, pledge, attachment or encumbrances of any kind, and any attempt to alienate, sell, transfer, assign, pledge or otherwise encumber any Restricted Shares shall be void. In addition, the Company may impose such restrictions on the transfer of Unrestricted Shares as it deems necessary or desirable to assure compliance with all applicable federal and state securities laws.

7

Section 3.7 Adjustments. If there is a change in the Common Stock of

the Company as described in Section 1.7 of this Plan, any stock or other securities or other property issued with respect to Restricted Shares shall be subject to the same restrictions and conditions as are applicable to such Restricted Shares, and the certificates or other evidence of such stock, securities or other property, together with an appropriate stock power or power of attorney, shall be delivered to the Company or its designee and held until such time as the restrictions and conditions applicable thereto lapse or until the stock, securities or other property is forfeited in accordance with the provisions of this ARTICLE III.

If the Company shall be a party to any merger or consolidation in which it is not the surviving company or pursuant to which the shareholders of the Company exchange their Common Stock for other securities or for cash in any acquisition transaction, if the Company shall dissolve or liquidate or sell all or substantially all of its assets, or upon consummation of a tender offer approved by the Board, the Committee may, in its discretion, cause all Restricted Stock Awards that are still subject to any restrictions and conditions to become immediately vested in full on the effective date of any such transaction, unless otherwise provided in the applicable agreement evidencing such Restricted Stock Award.

ARTICLE IV

MISCELLANEOUS PROVISIONS

Section 4.1 Tax Reimbursement Payments or Loans. In view of the

federal and state income tax savings expected to be realized by the Company upon exercise of a Nonqualified Stock Option or the lapse of restrictions and conditions imposed upon Restricted Shares, the Committee may, in its discretion, provide that the Company will make a cash payment or a loan or a combination thereof to the grantee of a Nonqualified Stock Option or the recipient of a Restricted Stock Award (or his personal representatives or heirs) for the

Edgar Filing: INVESTORS TITLE CO - Form DEF 14A

purpose of assisting such optionee or grantee in the payment of personal income taxes arising from such exercise or lapse of restrictions and conditions. The basis for determining the amount and conditions of such cash payment or loan or combination thereof and the terms and conditions of any such loan shall be specified in the agreement pursuant to which the grant or award is made or may be subsequently determined by the Committee. The Committee, in its discretion, may from time to time forgive any such loan in whole or in part.

Section 4.2 Tax Withholding. No optionee shall be entitled to

issuance of a stock certificate representing shares purchased upon exercise of a Nonqualified Stock Option, and no grantee of a Restricted Stock Award shall be entitled to issuance of a stock certificate evidencing Unrestricted Shares, until such optionee or grantee has paid, or made arrangements for payment, to the Company of an amount equal to the income and other taxes that the Company is required to withhold from such person as a result of his exercise of a Nonqualified Stock Option or his receipt of Unrestricted Shares. In addition, such amounts as the Company is required to withhold by reason of any tax reimbursement payments made pursuant to Section 4.1 may be deducted from such payments.

Section 4.3 Employment. Nothing in the Plan or in any Option or

Restricted Stock Award shall confer upon any eligible employee any right to continued employment by the

8

Company or any subsidiary of the Company, or limit in any way the right of the Company or any subsidiary of the Company at any time to terminate or alter the terms of that employment.

Section 4.4 Effective Date of Plan. This Plan shall be effective

February 12, 2001, the date of adoption of the Plan by the Board of Directors of the Company, subject to approval of the Plan by the shareholders of the Company by the majority of the votes cast at a meeting at which a majority of the Company's Common Stock is present either in person or by proxy held within 12 months of the date of adoption of the Plan by the Board.

Section 4.5 Termination and Amendment of Plan. The Plan may be

amended, revised or terminated at any time by the Board; provided, however, that no amendment or revision shall, without the approval of the Company's Shareholders, (a) increase the maximum aggregate number of shares subject to this Plan, except as permitted under Section 1.7; (b) change the minimum purchase price for shares subject to Options granted under the Plan; (c) extend the maximum duration established under the Plan for any Option or for a Restricted Stock Award; or (d) permit the granting of an Option or Restricted Stock Award to anyone other than those individuals described in Section 1.6 hereof. Unless sooner terminated, the Plan shall terminate on February 11, 2011. No Option or Restricted Stock Award shall be granted under the Plan after the Plan is terminated.

Section 4.6 Prior Rights and Obligations. No amendment, suspension,

or termination of the Plan shall, without the consent of the person who has received an Option or Restricted Stock Award, alter or impair any of that person's rights or obligations under any Option or Restricted Stock Award granted under the Plan prior to such amendment, suspension, or termination.

Section 4.7 Securities Laws. Shares of Common Stock issuable

pursuant to this Plan may, at the option of the Company, be registered under applicable federal and state securities laws, but the Company shall have no obligation to undertake such registrations and may, in lieu thereof, issue shares hereunder only pursuant to applicable exemptions from such registrations. In the event that no such registrations are undertaken, the shares shall be issued only to persons who qualify to receive such shares in accordance with the exemption from registration on which the Company relies. In connection with any award of shares or the reissuance of certificates under the Plan, the Committee may require appropriate representations from the recipient of such shares and take such other action as the Committee may deem necessary, including but not limited to placing restrictive legends on certificates evidencing such shares and placing stop transfer instructions in the Company's stock transfer records, or delivering such instructions to the Company's transfer agent, in order to assure compliance with any such exemptions. Notwithstanding any other provision of the Plan, no shares will be issued pursuant to the Plan unless such shares have been registered under all applicable federal and state securities laws or unless, in the opinion of counsel satisfactory to the Company, exemptions from such registrations are available.
