Independent Auditors' Report

To the Retirement Committee of the

Hartco Flooring Company

Bargaining Employees' Retirement Savings Plan:

We have audited the accompanying statements of net assets available for benefits of the Hartco Flooring Company Bargaining Employees Retirement Savings Plan as of December 31, 2002 and 2001, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 1 to the financial statements, on December 6, 2000, Armstrong World Industries, Inc. filed a voluntary petition for relief under Chapter 11 of the U.S. Bankruptcy Code in order to use the court-supervised reorganization process to achieve a resolution of its asbestos liability.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Hartco Flooring Company Bargaining Employees' Retirement Savings Plan as of December 31, 2002 and 2001, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

HARTCO FLOORING COMPANY

BARGAINING EMPLOYEES RETIREMENT SAVINGS PLAN

Notes to Financial Statements

(1) General Information

The Hartco Flooring Company Bargaining Employees Retirement Savings Plan (the Plan) was a defined contribution plan established for the purpose of providing eligible hourly-paid employees a means for long-term savings intended for the accumulation of retirement income. The Plan was established on January 1, 1985. On June 28, 1996, Armstrong Wood Products, Inc. (formerly known as Triangle Pacific Corp.) (the Company or Plan Administrator) acquired all of the stock of Hartco Flooring Company from Premark International, Inc. The Company assumed responsibility for administering and sponsoring the Plan, and agreed to continue the Plan without interruption by amending and restating the Plan in its entirety effective June 28, 1996, to change the sponsoring employer.

On July 22, 1998, the Company was acquired by Armstrong World Industries, Inc. (a subsidiary of Armstrong Holdings, Inc.). On December 6, 2000, Armstrong World Industries, Inc. (Armstrong) filed a voluntary petition for relief under Chapter 11 of the U.S. Bankruptcy Code in Wilmington, DE in order to use the court-supervised reorganization process to achieve a resolution of its asbestos liability. Management does not believe that Armstrong s bankruptcy filing had an adverse impact on the operations of the Plan.

(2) Plan Merger

On October 17, 2002, Armstrong s Retirement Committee unanimously passed a resolution to merge the Plan into the Retirement Savings Plan for Hourly-Paid Employees of Armstrong World Industries, Inc. on or around December 16, 2002. Effective December 20, 2002, all plan assets and liabilities were transferred out of the Plan.

In the Retirement Savings Plan for Hourly-Paid Employees of Armstrong World Industries, Inc., separate balances are maintained for contributions made by or on behalf of each participant. The balances in each fund reflect the participants contributions together with dividends, interest, other income, and realized and unrealized gains and losses allocated thereon.

(3) Plan Description

The following description of the Plan provides only general information. Participants should refer to the Plan document for more detailed information.

(a) General

The Plan was a defined contribution plan which provided retirement benefits to employees of Hartco Flooring Company, a division of Armstrong Wood Products, Inc., who were members of a collective bargaining agreement and whose customary employment was for at least 1,000 hours during a 12-month period. Employees were eligible to participate in the Plan on the first day of the month coincident with or

Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form 11-K

following the completion of six months of service. All eligible employees whose customary employment was not for at least 1,000 hours during a year participated in the Plan on the first day of the month coincident with or following the 12-month period after their employment or any plan year thereafter, provided 1,000 hours of service were completed during this time period. However, employees were prohibited from being active participants in any other defined contribution plan to which the Company or any subsidiary contributed on their behalf. The Plan was administered by Armstrong Wood Products, Inc. and advised by the Administrative Committee appointed by the board of directors. The Plan was subject to the provisions of the *Department of*

Notes to Financial Statements

Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Participants were permitted to contribute from 1% to 16% of their eligible compensation to the Plan, as defined by the Plan documents and were subject to the Internal Revenue Service limitations. Participants elected to invest their contributions in any of the available investment funds offered by Fidelity Management Trust Company, the Trustee. The Company provided a 50% match of active participants' contributions, for up to 6% of the participant's eligible compensation. Effective January 1, 2000, the Plan was amended to include an annual Company profit sharing contribution of 1% of a participant's eligible compensation. Profit sharing contributions for the years ended December 31, 2002 and 2001 were \$140,071 and \$145,388, respectively. Due to the Plan's merger (Note 2), the 2002 profit sharing contribution was deposited into the Retirement Savings Plan for Hourly-Paid Employees of Armstrong World Industries, Inc. in March 2003.

(c) Participant Accounts

Separate balances were maintained for contributions made by or on behalf of each participant. The balances in each fund reflected the participants' contributions together with dividends, interest, and realized and unrealized gains and losses allocated thereon.

(d) Vesting

As a result of the Plan merger, all active participants became 100% vested in the balances in all of his or her accounts. Any participant who was inactive as of the Plan merger date was not eligible for the 100% vesting in the Company match, but was subject to previous vesting rules:

Years of Vesting Service	Vested Percentage
less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Active participants who were age 65 or over were automatically 100% vested in the value of Company contributions and related earnings credited to their account. In addition, if a participant's employment terminated due to death or disability, the participant became fully vested with respect to Company contributions.

(e) *Participant Loans*

Participants were allowed to borrow from the Plan an amount greater than \$1,000 but less than 50% of the participant's vested account balance. In no event could the participant borrow more than \$50,000. Loans issued prior to the plan merger (Note 2) were charged an interest rate at 1% above the prime rate of interest being charged by local banks at the time the loan was authorized.

Notes to Financial Statements

(f) Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant elected to receive the vested value of his or her account as a lump-sum distribution, a rollover into another investment, or by purchasing an annuity under the terms of an annuity contract. For termination of service due to other reasons, a participant received the value of the vested interest in his or her account as a lump-sum distribution. Active employees were allowed to make hardship withdrawals from their vested account balance, subject to the determination by the Plan administrator that the withdrawal was required to meet an immediate and heavy financial need.

(g) Forfeitures

Company contributions forfeited by terminating employees (\$27,113 in 2002 and \$5,979 in 2001) were used to reduce future Company contributions to the Plan. The Company reinstated forfeited balances to the accounts of participants who rejoined the Company within five years of their termination.

(4) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from estimates recorded.

(b) Investments in Master Trust

The money market portfolio is stated at cost, which approximates fair value. The value of the participant loans represents the unpaid principal of employee loans. The value of all other investments is based on the net asset value.

Securities transactions are recognized on the settlement date (that date on which payment for a buy or sell order is made or received), since adjustment to a trade-date basis would not be material. Dividend income is recorded on the ex-dividend date. Interest income on participant loans is recorded when paid.

Realized gains and losses on investments are determined by the average cost method.

(c) Administrative Expenses

In accordance with the provisions of the Plan, unless paid by the Company, all costs of administering the Plan are charged to the Plan. During 2002 and 2001, all significant expenses were paid by the Company.

(5) Investments in Master Trust

Assets were held in a Master Trust administered by Fidelity Management Trust Company, as Trustee, and were segregated into seven investment options. Certain Plan investments were shares of mutual funds

managed by Fidelity Management Trust Company, and therefore, transactions related to these shares qualified as party-in-interest transactions.

The following is a brief description of the investment funds to which Plan participants elected to allocate their contributions. Participants should refer to fund prospectuses for more complete information regarding the investment funds.

1. **Armstrong Holdings, Inc. common stock** Effective April 1, 1999, the Plan was amended to include Armstrong World Industries, Inc. common stock as one of the investment options. Amounts invested in this fund, along with dividend earnings thereon, are invested in Armstrong common stock. On May 1, 2000, Armstrong Holdings, Inc. acquired the stock of Armstrong World Industries, Inc. An indirect holding in Armstrong World Industries, Inc. makes up substantially all of the assets of Armstrong Holdings, Inc. On December 6, 2000, Armstrong World Industries, Inc. filed a voluntary petition for relief under Chapter 11 of the U.S. Bankruptcy Code in Wilmington, DE in order to use the court-supervised reorganization process to achieve a resolution of its asbestos liability. As of December 19, 2000, the Plan was amended to eliminate the Armstrong Holdings, Inc. Common Stock fund as an investment option effective with contributions made on or after December 27, 2000 and transfers processed on or after January 1, 2001. Such common stock shares held by the fund at December 31, 2002 and 2001 were 0 and 41,818, respectively.
2. **Fidelity Magellan Fund** This fund invests in common stocks of companies having substantial growth prospects as determined by independent investment managers.
3. **Fidelity Equity Income Fund** This fund has a primary objective of seeking moderate income levels by investing 65% of total assets in foreign and domestic income producing securities, such as stocks, bonds, and other debt securities. The fund also seeks capital appreciation when consistent with its primary objective.
4. **Fidelity Intermediate Bond Fund** This fund has a primary objective of seeking high current income by investing in U.S. dollar-dominated investment grade debt securities with maturities between three to ten years. The Lehman Brothers Intermediate Government/Corporate Bond Index is used as a guide in structuring the fund and selecting the investments.
5. **Fidelity Overseas Fund** This fund invests in securities of issuers whose principal business activities are outside the U.S. Investments may include common stock and securities convertible into common stock, as well as debt instruments.
6. **Fidelity Asset Manager Fund** This is an asset allocation fund which invests in a portfolio of stocks, bonds, and short-term instruments. The fund has a balanced investment strategy with a goal of high total return with reduced risk over the long term.
7. **Fidelity Retirement Money Market Portfolio** This fund invests in short-term (less than one year maturity) fixed income instruments such as U.S. Treasury Bills, bank certificates of deposit, and high-grade commercial paper.

Edgar Filing: ARMSTRONG WORLD INDUSTRIES INC - Form 11-K

Participant loans represent the unpaid principal balance of loans to Plan participants in accordance with established loan provision guidelines. As of the Plan merger date, the interest rates ranged between 4.75% and 10.5%. At December 31, 2001, the interest rates ranged between 7.0% and 10.5%.

(6) Federal Income Taxes

The Internal Revenue Service has determined and informed the Company by a letter dated May 21, 2003, that the Plan was designed in accordance with the applicable provisions of the Internal Revenue Code and therefore was exempt from federal income taxes.

(7) Obligation for Benefits

All of the funds in the Plan were held by investing institutions appointed by the Company under a trust agreement. Benefits under the Plan were payable only out of these funds. The Company had no legal obligation to make any direct payment of benefits accrued under the Plan. Neither the Company nor any investing institution guaranteed the funds of the Plan against any loss or depreciation or guaranteed the payment of any benefit.
