UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended June 30, 2015

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from ____ to ____ .

Commission file number: 1-34167

ePlus inc.

(Exact name of registrant as specified in its charter)

Delaware 54-1817218
(State or other jurisdiction of incorporation or organization) (I.R.S. Employer Identification No.)

13595 Dulles Technology Drive, Herndon, VA 20171-3413
(Address, including zip code, of principal executive offices)

Registrant's telephone number, including area code: (703) 984-8400

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Website, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (Section 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer", "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Edgar Filing: EPLUS INC - Form 10-Q

Large accelerated filer

Accelerated filer

Non-accelerated filer (Do not check if a smaller reporting company) Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes No

The number of shares of common stock outstanding as of July 31, 2015 was 7,476,316

CAUTIONARY STATEMENT CONCERNING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains certain statements that are, or may be deemed to be, “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, or “Exchange Act,” and are made in reliance upon the protections provided by such acts for forward-looking statements. Such statements are not based on historical fact, but are based upon numerous assumptions about future conditions that may not occur. Forward-looking statements are generally identifiable by use of forward-looking words such as “may,” “should,” “would,” “intend,” “estimate,” “will,” “potential,” “possible,” “could,” “believe,” “expect,” “intend,” “plan,” “anticipate,” “hope,” “project,” and similar expressions. Readers are cautioned not to place undue reliance on any forward-looking statements made by us or on our behalf. Forward-looking statements are made based upon information that is currently available or management’s current expectations and beliefs concerning future developments and their potential effects upon us, speak only as of the date hereof, and are subject to certain risks and uncertainties. We do not undertake any obligation to publicly update or correct any forward-looking statements to reflect events or circumstances that subsequently occur, or of which we hereafter become aware. Actual events, transactions and results may materially differ from the anticipated events, transactions or results described in such statements. Our ability to consummate such transactions and achieve such events or results is subject to certain risks and uncertainties. Such risks and uncertainties include, but are not limited to, the matters set forth below:

- uncertainty and volatility in the global economy and financial markets;
- significant adverse changes in, reductions in, or losses of relationships with several of our larger customers or vendors;
- the creditworthiness of our customers and our ability to reserve adequately for credit losses;
- reduction of vendor incentives provided to us;
- we offer a comprehensive set of solutions— integrating information technology (IT) product sales, third-party software assurance and maintenance, our advanced professional and managed services, our proprietary software, and financing, and may encounter some of the challenges, risks, difficulties and uncertainties frequently faced by similar companies, such as:
 - o managing a diverse product set of solutions in highly competitive markets with a number of key vendors;
 - o increasing the total number of customers utilizing integrated solutions by up-selling within our customer base and gaining new customers;
 - o adapting to meet changes in markets and competitive developments;
 - o maintaining and increasing advanced professional services by retaining highly skilled personnel and vendor certifications;
 - o increasing the total number of customers who utilize our managed services and professional services and continuing to enhance our managed services offerings to remain competitive in the marketplace;
 - o maintain our proprietary software and update our technology infrastructure to remain competitive in the marketplace; and
 - o reliance on third parties to perform some of our service obligations;
- changes in the IT industry and/or rapid changes in product offerings, including the proliferation of the cloud, infrastructure as a service and software as a service;
- and our dependency on continued innovations in hardware, software, and services offerings by our vendors and our ability to partner with them;
- future growth rates in our core businesses;
- failure to comply with public sector contracts or applicable laws;
- changes to or loss of any members of our senior management team and/or failure to successfully implement succession plans;
- our dependence on key personnel, and our ability to hire, train, and retain sufficient qualified personnel;
- our ability to implement comprehensive plans for the integration of sales forces, cost containment, asset rationalization, systems integration and other key strategies;
- a possible decrease in the capital spending budgets of our customers or a decrease in purchases from us;

our contracts may not be adequate to protect us and our professional and liability insurance policies coverage may be insufficient to cover a claim;
our ability to secure our and our customers' electronic and other confidential information, and remain secure during a cyber-security attack;
our ability to raise capital, maintain or increase as needed our lines of credit with vendors or floor planning facility, or obtain debt for our financing transactions or the effect of those changes on our common stock or its holders;

3

Table of Contents

our ability to realize our investment in leased equipment;
our ability to successfully integrate acquired businesses;
the possibility of goodwill impairment charges in the future;
our ability to protect our intellectual property rights and successfully defend any challenges to the validity of our patents, and, when appropriate, license required technology;
exposure to changes in, interpretations of, or enforcement trends in legislation; and
significant changes in accounting standards including changes to the financial reporting of leases which could impact the demand for our leasing services, or misclassification of products and services we sell resulting in the misapplication of revenue recognition policies.

We cannot be certain that our business strategy will be successful or that we will successfully address these and other challenges, risks and uncertainties. For a further list and description of various risks, relevant factors and uncertainties that could cause future results or events to differ materially from those expressed or implied in our forward-looking statements, see the Item 1A, "Risk Factors" and Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations" sections contained elsewhere in this report, as well as other reports that we file with the Securities and Exchange Commission ("SEC").

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION — Our company was founded in 1990 and is a Delaware corporation. ePlus inc. is sometimes referred to in this Quarterly Report on Form 10-Q as “we,” “our,” “us,” or “ePlus.” The unaudited condensed consolidated financial statements include the accounts of ePlus inc. and its wholly-owned subsidiaries. All intercompany balances and transactions have been eliminated in consolidation.

INTERIM FINANCIAL STATEMENTS — The unaudited condensed consolidated financial statements for the three months ended June 30, 2015 and 2014 were prepared by us, without audit, and include all normal and recurring adjustments that, in the opinion of management, are necessary for a fair presentation of our financial position, results of operations, changes in comprehensive income and cash flows for such periods. Operating results for the three months ended June 30, 2015 and 2014 are not necessarily indicative of results that may be expected for any other interim period or for the full fiscal year ending March 31, 2016 or any other future period. These unaudited condensed consolidated financial statements do not include all disclosures required by the accounting principles generally accepted in the United States (“U.S. GAAP”) for annual financial statements. Our audited consolidated financial statements are contained in our annual report on Form 10-K for the year ended March 31, 2015 (“2015 Annual Report”), which should be read in conjunction with these interim financial statements.

USE OF ESTIMATES — The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting periods. Estimates are used when accounting for items and matters including, but not limited to, revenue recognition, residual values, vendor consideration, lease classification, goodwill and intangibles, reserves for credit losses, inventory obsolescence, and the recognition and measurement of income tax assets and other provisions and contingencies. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances. Actual results may differ from these estimates.

The notes to the consolidated financial statements contained in the 2015 Annual Report include additional discussion of the significant accounting policies and estimates used in the preparation of our consolidated financial statements. There have been no material changes to our significant accounting policies and estimates during the three months ended June 30, 2015.

CONCENTRATIONS OF RISK — A substantial portion of our sales of product and services are from sales of Cisco Systems, Hewlett-Packard, and NetApp products, which represented approximately 51%, 10% and 4% of our technology segment sales of product and services for the three months ended June 30, 2015, as compared to 47%, 7%, and 6% of our technology segment sales of product and services for the three months ended June 30, 2014. Any changes in our vendors’ ability to provide products could have a material adverse effect on our business, results of operations and financial condition.

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS NOT YET ADOPTED — In May 2014, FASB issued ASU 2014-09, Revenue from Contracts with Customers, which will supersede all current US GAAP on this topic. The principle of ASU 2014-09 is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which entity expects to be entitled in exchange for those goods or services. In July 2015, the FASB voted to approve a one-year deferral on the effective date of this standard. Including the one-year deferral, the new guidance becomes effective for us in our quarter ending June 30, 2018, and early adoption is permitted for us in our quarter ending June 30, 2017. The standard can be applied either

retrospectively to each period presented or as a cumulative-effect adjustment as of the date of adoption. We are currently evaluating the impact it will have on our financial statements and disclosures and have not yet selected our planned transition approach.

Table of Contents

2. FINANCING RECEIVABLES AND OPERATING LEASES

Our financing receivables and operating leases consist of assets that we financed for our customers, which we manage as a portfolio of investments. Equipment financed for our customers are accounted for as investments in direct financing, sales-type or operating leases in accordance with Accounting Standards Codification (“ASC”) Topic 840, Leases. We also finance third-party software, maintenance, and services for our customers, which are classified as notes receivables. Our notes receivables are interest bearing and are often due over a period of time that corresponds with the terms of the leased products.

FINANCING RECEIVABLES—NET

Our financing receivables, net consist of the following (in thousands):

	Notes Receivables	Lease-Related Receivables	Total Financing Receivables
June 30, 2015			
Minimum payments	\$ 72,462	\$ 82,449	\$ 154,911
Estimated unguaranteed residual value (1)	-	9,068	9,068
Initial direct costs, net of amortization (2)	647	628	1,275
Unearned income	-	(6,671)	(6,671)
Reserve for credit losses (3)	(3,540)	(915)	(4,455)
Total, net	\$ 69,569	\$ 84,559	\$ 154,128
Reported as:			
Current	\$ 48,624	\$ 44,924	\$ 93,548
Long-term	20,945	39,635	60,580
Total, net	\$ 69,569	\$ 84,559	\$ 154,128

(1) Includes estimated unguaranteed residual values of \$4,005 thousand for direct financing leases, which have been sold and accounted for as sales under Codification Topic, Transfers and Servicing.

(2) Initial direct costs are shown net of amortization of \$674 thousand.

(3) For details on reserve for credit losses, refer to Note 4, “Reserves for Credit Losses.”

	Notes Receivables	Lease-Related Receivables	Total Financing Receivables
March 31, 2015			
Minimum payments	\$ 59,943	\$ 66,415	\$ 126,358
Estimated unguaranteed residual value (1)	-	8,376	8,376
Initial direct costs, net of amortization (2)	429	495	924
Unearned income	-	(5,233)	(5,233)
Reserve for credit losses (3)	(3,573)	(881)	(4,454)
Total, net	\$ 56,799	\$ 69,172	\$ 125,971
Reported as:			
Current	\$ 33,484	\$ 33,425	\$ 66,909
Long-term	23,315	35,747	59,062
Total, net	\$ 56,799	\$ 69,172	\$ 125,971

(1) Includes estimated unguaranteed residual values of \$3,977 thousand for direct financing leases which have been sold and accounted for as sales under Codification Topic, Transfers and Servicing.

(2) Initial direct costs are shown net of amortization of \$647 thousand.

(3) For details on reserve for credit losses, refer to Note 4, “Reserves for Credit Losses.”

Table of Contents

OPERATING LEASES—NET

Operating leases—net represents leases that do not qualify as direct financing leases. The components of the operating leases—net are as follows (in thousands):

	June 30, 2015	March 31, 2015
Cost of equipment under operating leases	\$41,985	\$36,283
Accumulated depreciation	(19,831)	(18,354)
Investment in operating lease equipment—net (1)	\$22,154	\$17,929

(1) These totals include estimated unguaranteed residual values of \$4,913 thousand and \$4,340 thousand as of June 30, 2015 and March 31, 2015, respectively.

TRANSFERS OF FINANCIAL ASSETS

We enter into arrangements to transfer the contractual payments due under financing receivables and operating leases, which are accounted for as sales or secured borrowings in accordance with Codification Topic, Transfers and Servicing. For transfers accounted for as a secured borrowing, the corresponding investments serve as collateral for non-recourse notes payable. As of June 30, 2015 and March 31, 2015, we had financing receivables and operating leases of \$81.2 million and \$61.9 million, respectively, which were collateral for non-recourse notes payable. See Note 6, “Notes Payable and Credit Facility.”

For transfers accounted for as sales, we derecognize the carrying value of the asset transferred and recognize a net gain or loss on the sale, which is presented within net sales in the unaudited condensed consolidated statement of operations. During the three months ended June 30, 2015 and 2014, we recognized net gains of \$1.5 million and \$2.2 million, respectively. The fair value of assets received from these sales was \$24.3 million and \$56.2 million for the three months ended June 30, 2015 and 2014, respectively.

3. GOODWILL AND OTHER INTANGIBLE ASSETS

Our goodwill and other intangible assets consist of the following (in thousands):

	June 30, 2015			March 31, 2015		
	Gross Carrying Amount	Accumulated Amortization / Impairment Loss	Net Carrying Amount	Gross Carrying Amount	Accumulated Amortization / Impairment Loss	Net Carrying Amount
Goodwill	\$42,785	\$ (8,673)) \$34,112	\$42,785	\$ (8,673)) \$34,112
Customer relationships & other intangibles	12,056	(7,129)) 4,927	12,005	(6,560)) 5,445
Capitalized software development	2,693	(1,567)) 1,126	2,693	(1,452)) 1,241
Total	\$57,534	\$ (17,369)) \$40,165	\$57,483	\$ (16,685)) \$40,798

Goodwill represents the premium paid over the fair value of the net tangible and intangible assets that are individually identified and separately recognized in business combinations. Customer relationships and capitalized software development costs are amortized over an estimated useful life, which is generally between 3 to 6 years.

Edgar Filing: EPLUS INC - Form 10-Q

All of our goodwill as of June 30, 2015, and March 31, 2015, is related to our technology segment. The following table summarizes the amount of goodwill allocated to our reporting units (in thousands):

Reporting Unit	June 30, 2015	March 31, 2015
Technology	\$33,023	\$33,023
Software Document Management	1,089	1,089

Table of Contents

OTHER INTANGIBLE ASSETS

Total amortization expense for other intangible assets was \$0.7 million and \$0.3 million for the three months ended June 30, 2015 and 2014, respectively.

4. RESERVES FOR CREDIT LOSSES

Activity in our reserves for credit losses for the three months ended June 30, 2015 and 2014 were as follows (in thousands):

	Accounts Receivable	Notes Receivable	Lease-Related Receivables	Total
Balance April 1, 2015	\$ 1,169	\$ 3,573	\$ 881	\$5,623
Provision for credit losses	(149)	(33)	34	(148)
Write-offs and other	(77)	-	-	(77)
Balance June 30, 2015	\$ 943	\$ 3,540	\$ 915	\$5,398

	Accounts Receivable	Notes Receivable	Lease-Related Receivables	Total
Balance April 1, 2014	\$ 1,364	\$ 3,364	\$ 1,024	\$5,752
Provision for credit losses	(73)	199	(6)	120
Write-offs and other	(47)	-	-	(47)
Balance June 30, 2014	\$ 1,244	\$ 3,563	\$ 1,018	\$5,825

Our reserves for credit losses and minimum payments associated with our notes receivables and lease-related receivables disaggregated on the basis of our impairment method were as follows (in thousands):

	June 30, 2015		March 31, 2015	
	Notes Receivable	Lease- Related Receivables	Notes Receivable	Lease- Related Receivables
Reserves for credit losses:				
Ending balance: collectively evaluated for impairment	\$438	\$ 775	\$440	\$ 740
Ending balance: individually evaluated for impairment	3,102	140	3,133	141
Ending balance	\$3,540	\$ 915	\$3,573	\$ 881
Minimum payments:				
Ending balance: collectively evaluated for impairment	\$69,360	\$ 82,290	\$56,525	\$ 66,255
Ending balance: individually evaluated for impairment	3,102	159	3,418	160
Ending balance	\$72,462	\$ 82,449	\$59,943	\$ 66,415

The net credit exposure for the balance evaluated individually for impairment as of June 30, 2015 was \$3.2 million, \$3.2 million of which is related to one customer. During fiscal year 2012, we began selling and financing various products and services to a large law firm, which filed for bankruptcy in May 2012. As of June 30, 2015, we had \$3.2 million of notes and lease-related receivables from this customer and total reserves for credit losses of \$3.2 million, which represented our estimated probable loss. As of March 31, 2015, we had \$3.2 million of notes and lease-related receivables from this customer and total reserves for credit losses of \$3.2 million. The note and lease receivables associated with this customer are on non-accrued status.

Edgar Filing: EPLUS INC - Form 10-Q

Table of Contents

The age of the recorded minimum lease payments and net credit exposure associated with our investment in direct financing and sales-type leases that are past due disaggregated based on our internally assigned credit quality rating (“CQR”) were as follows as of June 30, 2015 and March 31, 2015 (in thousands):

	31-60 Days Past Due	61-90 Days Past Due	Greater than 90 Days Past Due	Total Past Due	Current	Unbilled Minimum Lease Payments	Total Minimum Lease Payments	Unearned Income	Non- Recourse Notes Payable	Net Credit Exposure
June 30, 2015										
High CQR	\$ 526	\$ 175	\$ 125	\$ 826	\$ 1,298	\$ 55,351	\$ 57,475	\$ (3,454)	\$ (25,881)	\$ 28,140
Average CQR	2	46	43	91	114	24,610	24,815	(2,002)	(10,754)	12,059
Low CQR	10	-	-	10	-	149	159	(19)	-	140
Total	\$ 538	\$ 221	\$ 168	\$ 927	\$ 1,412	\$ 80,110	\$ 82,449	\$ (5,475)	\$ (36,635)	\$ 40,339
March 31, 2015										
High CQR	\$ 70	\$ 185	\$ 133	\$ 388	\$ 430	\$ 41,213	\$ 42,031	\$ (2,340)	\$ (16,561)	\$ 23,130
Average CQR	15	68	19	102	75	24,047	24,224	(1,742)	(9,397)	13,085
Low CQR	-	-	-	-	-	160	160	(19)	-	141
Total	\$ 85	\$ 253	\$ 152	\$ 490	\$ 505	\$ 65,420	\$ 66,415	\$ (4,101)	\$ (25,958)	\$ 36,356

The age of the recorded notes receivable balance disaggregated based on our internally assigned CQR were as follows as June 30, 2015 and March 31, 2015 (in thousands):

	31-60 Days Past Due	61-90 Days Past Due	Greater than 90 Days Past Due	Total Past Due	Current	Unbilled Notes Receivable	Total Notes Receivable	Non-Recourse Notes Payable	Net Credit Exposure
June 30, 2015									
High CQR	\$ 52	\$ 58	\$ 1,894	\$ 2,004	\$ 3,281	\$ 49,185	\$ 54,470	\$ (32,944)	\$ 21,526
Average CQR	25	36	-	61	656	14,173	14,890	(9,367)	5,523
Low CQR	-	-	656	656	-	2,446	3,102	-	3,102
Total	\$ 77	\$ 94	\$ 2,550	\$ 2,721	\$ 3,937	\$ 65,804	\$ 72,462	\$ (42,311)	\$ 30,151
March 31, 2015									
High CQR	\$ 338	\$ 260	\$ 161	\$ 759	\$ 2,455	\$ 35,996	\$ 39,210	\$ (18,255)	\$ 20,955
Average CQR	57	-	-	57	376	16,882	17,315	(11,665)	5,650
Low CQR	-	-	656	656	-	2,762	3,418	-	3,418
Total	\$ 395	\$ 260	\$ 817	\$ 1,472	\$ 2,831	\$ 55,640	\$ 59,943	\$ (29,920)	\$ 30,023

We estimate losses on our net credit exposure to be between 0% - 5% for customers with highest CQR, as these customers are investment grade or the equivalent of investment grade. We estimate losses on our net credit exposure to be between 2% - 15% for customers with average CQR, and between 15% - 100% for customers with low CQR,

which includes customers in bankruptcy.

Table of Contents

5. PROPERTY, EQUIPMENT, OTHER ASSETS AND LIABILITIES

Our property, equipment, other assets and liabilities consist of the following (in thousands):

	June 30, 2015	March 31, 2015
<u>Other current assets:</u>		
Deposits & funds held in escrow	\$2,042	\$4,281
Prepaid assets	6,695	2,652
Other	606	480
Total other current assets	\$9,343	\$7,413
<u>Other assets:</u>		
Deferred costs	\$2,372	\$2,308
Property and equipment, net	6,133	6,127
Other	951	1,045
Other assets - long term	\$9,456	\$9,480
	June 30, 2015	March 31, 2015
<u>Other current liabilities:</u>		
Accrued expenses:	\$5,185	\$5,302
Deferred compensation	-	222
Other	6,818	8,051
Total other current liabilities	\$12,003	\$13,575
<u>Other liabilities:</u>		
Deferred revenue	\$2,691	\$2,923
Other	920	890
Total other liabilities - long term	\$3,611	\$3,813

6. NOTES PAYABLE AND CREDIT FACILITY

Non-recourse and recourse obligations consist of the following (in thousands):

	June 30, 2015	March 31, 2015
Recourse notes payable with interest rates ranging from 2.24% and 4.22% at June 30, 2015 and ranging from 2.24% and 4.13% at March 31, 2015.		
Current	\$4,272	\$889
Long-term	2,747	2,801
Total recourse notes payable	\$7,019	\$3,690

Non-recourse notes payable secured by financing receivables and investments in operating leases with interest rates ranging from 1.70% to 7.50% at June 30, 2015 and ranging from 1.70% to 10.00% as of March 31, 2015.

Current	\$54,645	\$28,560
Long-term	14,164	24,314
Total non-recourse notes payable	\$68,809	\$52,874

Principal and interest payments on the non-recourse notes payable are generally due monthly in amounts that are approximately equal to the total payments due from the customer under the leases or notes receivable that collateralize the notes payable. The weighted average interest rate for our non-recourse notes payable was 3.02% and 3.23%, as of June 30, 2015 and March 31, 2015, respectively. The weighted average interest rate for our recourse notes payable was 2.96% and 3.19%, as of June 30, 2015 and March 31, 2015, respectively. Under recourse financing, in the event of a default by a customer, the lender has recourse to the customer, the assets serving as collateral, and us. Under non-recourse financing, in the event of a default by a customer, the lender generally only has recourse against the customer, and the assets serving as collateral, but not against us.

Table of Contents

In May 2014, we entered into an agreement to repurchase the rights, title, and interest to payments due under a financing agreement. This financing agreement was previously assigned to a third party financial institution and accounted for as a secured borrowing. In conjunction with the repurchase agreement, we recognized a gain of \$1.4 million in the three months ended June 30, 2014, which is presented within other income in our unaudited condensed consolidated statement of operations.

Our technology segment, through our subsidiary ePlus Technology, inc., finances its operations with funds generated from operations, and with a credit facility with GE Commercial Distribution Finance Corporation (“GECDF”). This facility provides short-term capital for our technology segment. There are two components of the GECDF credit facility: (1) a floor plan component and (2) an accounts receivable component. Under the floor plan component, we had outstanding balances of \$110.4 million and \$99.4 million as of June 30, 2015 and March 31, 2015, respectively. Under the accounts receivable component, we had no outstanding balances as of June 30, 2015 and March 31, 2015. As of June 30, 2015, the facility agreement had an aggregate limit of the two components of \$225 million, and the accounts receivable component had a sub-limit of \$30 million, which bears interest assessed at a rate of the One Month LIBOR plus two and one half percent. On July 24, 2015, the facility was amended to increase the aggregate limit to \$250 million. The accounts receivable component sub-limit of \$30 million remains unchanged.

The credit facility has full recourse to ePlus Technology, inc. and is secured by a blanket lien against all its assets, such as receivables and inventory. Availability under the facility may be limited by the asset value of equipment we purchase or accounts receivable, and may be further limited by certain covenants and terms and conditions of the facility. These covenants include but are not limited to a minimum excess availability of the facility and minimum earnings before interest, taxes, depreciation and amortization (“EBITDA”) of ePlus Technology, inc. We were in compliance with these covenants as of June 30, 2015. In addition, the facility restricts the ability of ePlus Technology, inc. to transfer funds to its affiliates in the form of dividends, loans or advances with certain exceptions for dividends to ePlus inc. The facility also requires that financial statements of ePlus Technology, inc. be provided within 45 days of each quarter and 90 days of each fiscal year end and also includes that other operational reports be provided on a regular basis. Either party may terminate with 90 days’ advance notice. We are not, and do not believe that we are reasonably likely to be, in breach of the GECDF credit facility. In addition, we do not believe that the covenants of the GECDF credit facility materially limit our ability to undertake financing. In this regard, the covenants apply only to our subsidiary, ePlus Technology, inc. This credit facility is secured by the assets of only ePlus Technology, inc. and the guaranty as described below.

The facility provided by GECDF requires a guaranty of \$10.5 million by ePlus inc. The guaranty requires ePlus inc. to deliver its annual audited financial statements by certain dates. We have delivered the annual audited financial statements for the year ended March 31, 2015, as required. The loss of the GECDF credit facility could have a material adverse effect on our future results as we currently rely on this facility and its components for daily working capital and liquidity for our technology segment and as an operational function of our accounts payable process.

We have an agreement with First Virginia Community Bank to provide us with a \$0.5 million credit facility, which will mature October 26, 2015. The credit facility is available for use by us and our affiliates and the lender has full recourse to us. Borrowings under this facility bear interest at the Wall Street Journal U.S. Prime rate plus 1%. The primary purpose of the facility is to provide letters of credit for landlords, taxing authorities and bids. As of June 30, 2015 and March 31, 2015, we had no outstanding balance on this credit facility.

Fair Value

As of June 30, 2015, the fair value of our long-term recourse and non-recourse notes payable approximated their carrying value.

Table of Contents

7.COMMITMENTS AND CONTINGENCIES

Legal Proceedings

We had been the plaintiff in a lawsuit in the United States District Court for the Eastern District of Virginia (“the trial court”) in which, January 27, 2011, a jury unanimously found that Lawson Software, Inc. (“Lawson”) infringed certain ePlus patents. On May 23, 2011, the trial court issued a permanent injunction, which Lawson appealed. On November 21, 2012, the United States Court of Appeals for the Federal Circuit (the “Appeals Court”) reversed in part, vacated in part, affirmed in part, and remanded. On August 16, 2013, the trial court issued an order finding, by clear and convincing evidence, that Lawson was in contempt of the trial court’s May 23, 2011, injunction. Lawson appealed that order. While that appeal was pending, on April 3, 2014, the United States Patent and Trademark Office issued a notice canceling the patent at issue in the Lawson litigation. On July 25, 2014, the Appeals Court issued an Opinion vacating the injunction and contempt order. On June 18, 2015, the Appeals Court, in a 5-5 split opinion, denied our petition for rehearing. At this time, we are reviewing whether to pursue further legal action.

These types of cases are complex in nature, are likely to have significant expenses associated with them, and we cannot predict when any litigation will be resolved, whether we will be successful in our claim for a contempt finding or damages, whether any award ultimately received will exceed the costs incurred to pursue this matter, or how long it will take to bring this matter to resolution.

Other Matters

We may become party to various legal proceedings arising in the ordinary course of business including preference payment claims asserted in customer bankruptcy proceedings, claims of alleged infringement of patents, trademarks, copyrights and other intellectual property rights, claims of alleged non-compliance with contract provisions, employment related claims, claims by competitors, vendors or customers, claims related to alleged violations of laws and regulations, and claims relating to alleged security or privacy breaches. Although we do not expect that the outcome in any of these matters, individually or collectively, will have a material adverse effect on our financial condition or results of operations, litigation is inherently unpredictable. Therefore, judgments could be rendered or settlements entered that could adversely affect our results of operations or cash flows in a particular period. We provide for costs related to contingencies when a loss is probable and the amount is reasonably determinable.

8.EARNINGS PER SHARE

Basic earnings per share is computed by dividing net earnings attributable to common shares by the weighted average number of common shares outstanding for the period. Diluted net earnings per share include the potential dilution of securities that could participate in our earnings, but not securities that are anti-dilutive. Certain unvested shares of restricted stock awards (“RSAs”) contain non-forfeitable rights to dividends, whether paid or unpaid. As a result, these RSAs are considered participating securities because their holders have the right to participate in earnings with common stockholders. We use the two-class method to allocate net income between common shares and other participating securities. As of June 30, 2015, we had no unvested shares of RSAs that contained non-forfeitable rights to dividends. We no longer grant RSAs that contain non-forfeitable rights to dividends.

Table of Contents

The following table provides a reconciliation of the numerators and denominators used to calculate basic and diluted net earnings per common share as disclosed in our unaudited condensed consolidated statements of operations for the three months ended June 30, 2015 and June 30, 2014 (in thousands, except per share data).

	Three months ended June 30,	
	2015	2014
<u>Basic and diluted common shares outstanding:</u>		
Weighted average common shares outstanding — basic	7,225	7,504
Effect of dilutive shares	76	55
Weighted average shares common outstanding — diluted	7,301	7,559
<u>Calculation of earnings per common share - basic:</u>		
Net earnings	\$8,814	\$9,477
Net earnings attributable to participating securities	-	48
Net earnings attributable to common shareholders	\$8,814	\$9,429
Earnings per common share - basic	\$1.22	\$1.26
<u>Calculation of earnings per common share - diluted:</u>		
Net earnings attributable to common shareholders— basic	\$8,814	\$9,429
Add: undistributed earnings attributable to participating securities	-	-
Net earnings attributable to common shareholders— diluted	\$8,814	\$9,429
Earnings per common share - diluted	\$1.21	\$1.25

There were 118,974 and 78,165 unvested RSAs that were excluded from the computation of diluted earnings per share for the three months ended June 30, 2015 and 2014, respectively, as the impact of including these shares was anti-dilutive. As of June 30, 2015 and 2014, we had no unexercised stock options.

9. STOCKHOLDERS' EQUITY

On June 12, 2014, our board of directors authorized the Company to repurchase up to 500,000 shares of its outstanding common stock over a 12-month period which terminated as of June 15, 2015. The plan authorized purchases to be made from time to time in the open market, or in privately negotiated transactions, subject to availability. All repurchased shares were placed in the status of treasury shares and may be used, when needed, for general corporate purposes.

During the three months ended June 30, 2015, we did not purchase any shares of our outstanding common under the share repurchase plan; however, we did purchase 30,447 shares of common stock at a value of \$2.5 million to satisfy tax withholding obligations relating to the vesting of employees' restricted stock.

During the three months ended June 30, 2014, we repurchased 552,073 shares of our outstanding common stock at an average cost of \$49.31 per share for a total purchase price of \$27.2 million under the share repurchase plans. We also purchased 35,158 shares of common stock at a value of \$2.0 million to satisfy tax withholding obligations relating to the vesting of employees' restricted stock.

Since the inception of our initial repurchase program on September 20, 2001 to June 30, 2015, we have repurchased approximately 5.6 million shares of our outstanding common stock at an average cost of \$20.00 per share for a total purchase price of \$111.6 million.

Table of Contents

10. SHARE-BASED COMPENSATION

Share-Based Plans

As of June 30, 2015, we had share-based awards outstanding under the following plans: (1) the 2008 Non-Employee Director Long-Term Incentive Plan ("2008 Director LTIP"), and (2) the 2012 Employee Long-Term Incentive Plan ("2012 Employee LTIP"). As of June 27, 2015, all remaining share-based awards under the 2008 Employee LTIP were vested. All the share-based plans define fair market value as the previous trading day's closing price when the grant date falls on a date the stock was not traded.

For a summary of descriptions and vesting periods of the 2008 Director LTIP, and the 2012 Employee LTIP discussed above, refer to our 2015 Annual Report.

Restricted Stock Activity

For the three months ended June 30, 2015, we granted 212 restricted shares under the 2008 Director LTIP, and 118,974 restricted shares under the 2012 Employee LTIP. For the three months ended June 30, 2014, we granted 658 restricted shares under the 2008 Director LTIP, and 78,165 restricted shares under the 2012 Employee LTIP. A summary of the restricted shares is as follows:

	Number of Shares	Weighted Average Grant- date Fair Value
Nonvested April 1, 2015	176,514	\$ 52.75
Granted	119,186	\$ 81.91
Vested	(86,954)	\$ 48.15
Nonvested June 30, 2015	208,746	\$ 71.32

Upon each vesting period of the restricted stock awards, employees are subject to minimum tax withholding obligations. Under the 2012 Employee LTIP, we may purchase a sufficient number of shares due to the participant to satisfy their minimum tax withholding on employee stock awards.

Compensation Expense

We recognize compensation cost for awards of restricted stock with graded vesting on a straight line basis over the requisite service period and estimate the forfeiture rate to be zero, which is based on historical experience. There are no additional conditions for vesting other than service conditions. During the three months ended June 30, 2015 and 2014, we recognized \$1.2 million and \$1.0 million, respectively, of total share-based compensation expense. Unrecognized compensation expense related to non-vested restricted stock was \$14.1 million as of June 30, 2015, which will be fully recognized over the next sixty months.

We also provide our employees with a contributory 401(k) plan. Employer contribution percentages are determined by us and are discretionary each year. The employer contributions vest pro-ratably over a four-year service period by the employees, after which all employer contributions will be fully vested. For the three months ended June 30, 2015 and 2014, our estimated contribution expense for the plan was \$0.4 million and \$0.3 million, respectively.

Table of Contents

11. INCOME TAXES

We recognize interest and penalties for uncertain tax positions. As of June 30, 2015, our gross liability related to uncertain tax positions was \$72 thousand. At June 30, 2015, if the unrecognized tax benefits of \$72 thousand were to be recognized, including the effect of interest, penalties and federal tax benefit, the impact would be \$101 thousand. We also recognize accrued interest and penalties related to unrecognized tax benefits as a component of tax expense. We recorded interest expense of \$1 thousand for both the three months ended June 30, 2015 and 2014. We did not recognize any additional penalties. We had \$44 thousand and \$66 thousand accrued for the payment of interest at June 30, 2015 and June 30, 2015, respectively.

12. FAIR VALUE OF FINANCIAL INSTRUMENTS

We account for the fair values of our assets and liabilities in accordance with ASC Topic 820, Fair Value Measurement and Disclosure. The following table summarizes the fair value hierarchy of our financial instruments as of June 30, 2015 and March 31, 2015 (in thousands):

	Recorded Amount	Fair Value Measurement Using Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Gains (Losses)
<u>June 30, 2015:</u>					
Assets:					
Money market funds	\$ 65,004	\$65,004	\$ -	\$ -	\$ -
Liabilities:					
Contingent consideration	\$ 1,940	\$-	\$ -	\$ 1,940	\$ (110)

	Recorded Amount	Fair Value Measurement Using Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Gains (Losses)
<u>March 31, 2015:</u>					
Assets:					

Edgar Filing: EPLUS INC - Form 10-Q

Money market funds	\$ 25,004	\$ 25,004	\$ -	\$ -	\$ -
--------------------	-----------	-----------	------	------	------

Liabilities:

Contingent consideration	\$ 1,830	\$-	\$ -	\$ 1,830	\$ 150
--------------------------	----------	-----	------	----------	--------

For the three months ended June 30, 2015 there was an adjustment of \$110 thousand increasing the fair value of the contingent consideration, which is presented within general and administrative expenses in our unaudited condensed consolidated statement of operations. There was no adjustment in fair value recognized in the three months ended June 30, 2014.

Table of Contents

13. SEGMENT REPORTING

Our operations are conducted through two segments. Our technology segment includes sales of information technology products, third-party software, third-party maintenance, advanced professional and managed services and our proprietary software to commercial enterprises, state and local governments, and government contractors. Our financing segment consists of the financing of IT equipment, software and related services to commercial enterprises, state and local governments, and government contractors. Our reportable segment information was as follows (in thousands):

	Three Months Ended June 30,			2014		
	2015		Total	2014		Total
	Technology	Financing	Total	Technology	Financing	Total
Sales of product and services	\$259,696	\$-	\$259,696	\$261,356	\$-	\$261,356
Financing revenue	-	8,346	8,346	-	8,874	8,874
Fee and other income	1,811	13	1,824	2,047	27	2,074
Net sales	261,507	8,359	269,866	263,403	8,901	272,304
Cost of sales, product and services	207,718	-	207,718	212,908	-	212,908

14. BUSINESS COMBINATIONS

On August 18, 2014, our subsidiary, ePlus Technology, inc., acquired the operating assets and assumed certain liabilities of Granite Business Solutions, Inc. dba Evolve Technology Group (“Evolve”). Evolve was a provider of IT solutions in California, expanding ePlus’ presence in the western United States. Located in Sacramento, CA, Evolve provided information security, collaboration, virtualization and data center solutions to an established customer base of state, local and educational institutions, as well as commercial enterprises.

The total purchase price was \$10.5 million, which consists of cash paid, amounts to be paid to Evolve upon collection of certain accounts receivables, and the fair value of contingent consideration. We estimated the fair value of the contingent consideration to be \$2.0 million as of the acquisition date using a Monte Carlo simulation model. The maximum payout for contingent consideration is \$2.5 million over 3 years. The purchase price has been allocated to the assets acquired and liabilities assumed based on their estimated fair values on the transaction date, including identifiable intangible assets of \$4.0 million related to customer relationships with an estimated useful life of 6 years, and other net assets of \$0.6 million. We recognized goodwill related to this transaction of \$4.5 million, which was assigned to our technology reporting unit. The goodwill recognized in the acquisition is attributable to the acquired assembled workforce, their presence in the western United States, and expected synergies, none of which qualify for recognition as a separate intangible asset. Goodwill associated with the acquisition is deductible for tax purposes.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This discussion is intended to further the reader's understanding of our consolidated financial condition and results of operations. It should be read in conjunction with the financial statements included in this quarterly report on Form 10-Q and our annual report on Form 10-K for the year ended March 31, 2015 ("2015 Annual Report"). These historical financial statements may not be indicative of our future performance. This Management's Discussion and Analysis of Financial Condition and Results of Operations may contain forward-looking statements, all of which are based on our current expectations and could be affected by the uncertainties and risks described in Part I, Item 1A, "Risk Factors," in our 2015 Annual Report.

EXECUTIVE OVERVIEW

Business Description

We are a leading integrator of technology solutions for information technology (IT) lifecycle management. We enable organizations to optimize their IT infrastructure and supply chain processes by delivering world-class IT products from top vendors, providing a consultative approach to professional and managed services, providing our proprietary software, as well as flexible financing solutions for all our offerings. We have been in the business of selling, leasing, financing, and managing information technology and other assets for more than 24 years and have been licensing our proprietary software for more than 15 years.

Our primary focus is to deliver integrated technology solutions for our customers' data center, network, and collaboration needs, including hosted, on-premise, hybrid and cloud infrastructures. These solutions consist of services and products encompassing initial and periodic assessments, consultative engagements, architecture, design, and implementation of security, storage, cloud, mobility, hyper-converged infrastructure, and other advanced technologies. We design, implement and provide an array of IT solutions from multiple leading IT vendors. We are an authorized reseller from over 1,000 vendors including Check Point, Cisco Systems, Dell, EMC, FireEye, F5 Networks, Hewlett-Packard, Juniper, McAfee, NetApp, Nimble, Oracle, Palo Alto Networks, Pure Storage, and VMware, among many others. We possess top-level engineering certifications with a broad range of leading IT vendors that enable us to offer multi-vendor IT solutions that are optimized for each of our customers' specific requirements. Our proprietary software solutions are focused on giving our customers more control over their IT supply chain, by automating and optimizing the procurement and management of their assets.

Our scale and strong financial position have enabled us to invest in the engineering and technology resources required to deliver leading edge IT solutions. We believe we are a trusted IT advisor to our customers, delivering turn-key IT solutions that incorporate hardware, software, security and both managed and professional services. In addition, we offer a wide range of leasing and financing options for technology and other capital assets. We believe our offering of integrated IT products, services, financing, and our proprietary supply chain software, is unique in the industry. It allows us to offer a customer service strategy that spans the continuum from fast delivery of competitively priced products, services, subsequent management and upkeep, through to end-of-life disposal services. This selling approach also permits us to grow with our customers and solidify our relationships through hands-on engagement and understanding of their needs.

We focus exclusively on middle market and large enterprises. For the twelve months ended June 30, 2015, the percentage of revenue by customer end market within our technology segment include state and local government, and educational institutions, 23%; technology, 20%; telecommunications, media and entertainment, 18%; financial services, 10%; and healthcare, 10%. The majority of our sales were generated within the United States; however, we have the ability to support our customers nationally and internationally.

Our revenues are composed of sales of product and services, financing revenues and fee and other income. Our operations are conducted through two segments: technology and financing. Our technology segment accounts for 97% of our net sales, 86% of our operating income and our earnings before taxes, while our financing segment accounts for 3% of our net sales, 14% of our operating income and our earnings before taxes for the three months ended June 30, 2015.

Table of Contents

Key Business Metrics

Our management monitors a number of financial and non-financial measures and ratios on a regular basis in order to track the progress of our business. We believe that the most important of these measures and ratios include gross margin, gross margin on product and services, operating income margin, net earnings, net earnings per common share, non-GAAP Adjusted EBITDA, non-GAAP gross sales of product and services, non-GAAP gross cost of sales-product and service. We use a variety of operating and other information to evaluate the operating performance of our business, develop financial forecasts, make strategic decisions, and prepare and approve annual budgets. These key indicators include financial information that is prepared in accordance with GAAP and presented in our unaudited condensed consolidated financial statements as well as non-GAAP performance measurement tools.

A summary these key indicators which are not included in our unaudited condensed consolidated financial statements are presented as follows, (in thousands):

	Three Months Ended			
	June 30,		Change	
	2015	2014		
Consolidated gross margin	21.9	% 20.7	%	120 bps
Gross margin, product and services	20.0	% 18.5	%	150 bps
Operating income margin	5.6	% 5.4	%	20 bps
Non-GAAP Gross sales of product and services (1)	\$332,308	\$325,457	2.1	%
Non-GAAP Gross cost of sales, product and services (1)	\$280,330	\$277,009	1.2	%
Adjusted EBITDA (2)	\$16,274	\$15,613	4.2	%
Adjusted EBITDA margin (2)	6.0	% 5.7	%	5.0 %
Purchases of property and equipment used internally	\$618	\$342		
Purchases of equipment under operating leases	6,306	127		
Total capital expenditures	\$6,924	\$469		

We define non-GAAP gross sales of product and services as our sales of product and services calculated in accordance with GAAP, adjusted to exclude the costs incurred related to sales of third party software assurance, maintenance and services. We define non-GAAP gross cost of sales, product and services as our cost of sales, product and services calculated in accordance with GAAP, adjusted to include the costs incurred related to sales of (1) third party software assurance, maintenance and services. We have provided below a reconciliation of Non-GAAP Gross Sales of Product and Services to Sales of Product and Services, which is the most closely comparable financial measure to this non-GAAP financial measure. We have also provided below a reconciliation of Non-GAAP Gross Cost of Sales of Product and Services to Cost of Sales, Product and Services, which is the most closely comparable financial measure to this non-GAAP financial measure.

We use Non-GAAP Gross Sales of Product and Services and Non-GAAP Gross Cost of Sales, Product and Services as a supplemental measure of our performance to gain insight into the volume of business generated by our technology segment. Our use of Non-GAAP Gross Sales of Product and Services and Non-GAAP Gross Cost of Sales, Product and Services as analytical tools has limitations, and you should not consider them in isolation or as substitutes for analysis of our financial results as reported under GAAP. In addition, other companies, including companies in our industry, might calculate Non-GAAP Gross Sales of Product and Services and Non-GAAP Gross Cost of Sales, Product and Services or similarly titled measures differently, which may reduce their usefulness as comparative measures.

Table of Contents

	Three Months Ended June 30,	
	2015	2014
Sales of products and services	\$259,696	\$261,356
Costs incurred related to sales of third party software assurance, maintenance and services	72,612	64,101
Non-GAAP gross sales of products and services	\$332,308	\$325,457
Cost of sales, product and services	\$207,718	\$212,908
Costs incurred related to sales of third party software assurance, maintenance and services	72,612	64,101
Non-GAAP gross cost of sales, product and services	\$280,330	\$277,009

We define Adjusted EBITDA as net earnings calculated in accordance with GAAP, adjusted for the following: interest expense, depreciation and amortization, provision for income taxes, and other income. Certain operating expenses from the financing segment are excluded from the Adjusted EBITDA. We consider the interest on debt (2) from the financing segment, as well as depreciation of assets under lease, to be operating expenses. We have provided below a reconciliation of Adjusted EBITDA to net earnings, which is the most closely comparable to this non-GAAP financial measure. Adjusted EBITDA margin is our calculation of Adjusted EBITDA divided by net sales.

We use Adjusted EBITDA as a supplemental measure of our performance to gain insight into our operating performance. We believe that the exclusion of other income in calculating Adjusted EBITDA and Adjusted EBITDA margin provides management and investors a useful measure for period-to-period comparisons of our core business and operating results by excluding items that are not comparable across reporting periods. Accordingly, we believe that Adjusted EBITDA and Adjusted EBITDA margin provide useful information to investors and others in understanding and evaluating our operating results. However, our use of Adjusted EBITDA and Adjusted EBITDA margin as analytical tools has limitations, and you should not consider them in isolation or as substitutes for analysis of our financial results as reported under GAAP. In addition, other companies, including companies in our industry, might calculate Adjusted EBITDA and Adjusted ABITDA margin or similarly titled measures differently, which may reduce their usefulness as comparative measures.

	Three Months Ended June 30,	
	2015	2014
Net earnings	\$8,814	\$9,477
Provision for income taxes	6,252	6,699
Other income	-	(1,434)
Depreciation and amortization	1,208	894
Adjusted EBITDA	\$16,274	\$15,636

Consolidated Results of Operations

During the three months ended June 30, 2015, net sales decreased 0.9% to \$269.9 million, over the same period in the prior fiscal year. Non-GAAP gross sales of product and services were \$332.3 million compared to \$325.5 million during the three months ended June 30, 2014, an increase of 2.1% or \$6.9 million. Sales of product and services during the three months ended June 30, 2015 were \$259.7 million compared to \$261.4 million during the three months ended June 30, 2014, a decrease of 0.6%, as a higher proportion of our sales are comprised of revenues which are recognized on a net basis, such as third party software assurance, maintenance and services as we continue to expand in this area.

Consolidated gross margins were 21.9% for the three months ended June 30, 2015, compared to 20.7% for the three months ended June 30, 2014. Our gross margin for product and services was 20.0% during the three months ended June 30, 2015 compared to 18.5% during the three months ended June 30, 2014. The increase in gross margins was due to shifts in our product mix resulting from our continued focus on value added services for our customers, including the increase in sales of our professional and managed services, and the sale of third party maintenance agreements on core elements of our customers' IT environment. Revenues on the sale of third party services, such as software assurances and maintenance, are recognized on a net basis.

Table of Contents

Operating income for the quarter increased 2.2% to \$15.1 million, as compared to the three months ended June 30, 2014. Net earnings for the quarter decreased 7.0% to \$8.8 million, as compared to the three months ended June 30, 2014. Net earnings included other non-operating income of \$1.4 million for the three months ended June 30, 2014 related to a gain recognized on an arrangement we entered into to repurchase the rights, title, and interest to payments due under a financing arrangement. This financing arrangement was previously assigned to a third party financial institution and accounted for as a secured borrowing.

Adjusted EBITDA increased \$0.7 million, or 4.3%, to \$16.3 million and Adjusted EBITDA margin increased 30 basis points to 6.0% for the three months ended June 30, 2015, as compared to the prior period.

Diluted earnings per share decreased 3.2% to \$1.21 per share for the three months ended June 30, 2015, as compared to \$1.25 per share for the three months ended June 30, 2014.

Cash and cash equivalents increased \$12.6 million or 16.5% to \$88.8 million at June 30, 2015 compared to March 31, 2015. Our cash on hand, funds generated from operations, amounts available under our credit facility and the possible monetization of our investment portfolio provide sufficient liquidity for our business.

Segment Overview

Our operations are conducted through two segments: technology and financing.

Technology Segment

The technology segment sells IT equipment and software and related services primarily to corporate customers, state and local governments, and higher education institutions on a nationwide basis, with geographic concentrations relating to our physical locations. The technology segment also provides Internet-based business-to-business supply chain management solutions for information technology products.

Customers who purchase IT equipment and services from us may have customer master agreements, or CMAs, with our company, which stipulate the terms and conditions of the relationship. Some CMAs contain pricing arrangements, and most contain mutual voluntary termination clauses. Our other customers place orders using purchase orders without a CMA in place or with other documentation customary for the business. Often, our work with state and local governments is based on public bids and our written bid responses. Our service engagements are generally governed by statements of work, and are primarily fixed price (with allowance for changes); however, some service agreements are based on time and materials.

We endeavor to minimize the cost of sales through incentive programs provided by vendors and distributors. The programs we qualify for are generally set by our reseller authorization level with the vendor. The authorization level we achieve and maintain governs the types of products we can resell as well as such items as pricing received, funds provided for the marketing of these products and other special promotions. These authorization levels are achieved by us through purchase volume, certifications held by sales executives or engineers and/or contractual commitments by us. The authorization levels are costly to maintain and these programs continually change and, therefore, there is no guarantee of future reductions of costs provided by these vendor consideration programs.

Financing Segment

Our financing segment offers financing solutions to corporations, governmental entities, and educational institutions nationwide and also in Canada and Iceland. The financing segment derives revenue from leasing IT and medical equipment and the disposition of that equipment at the end of the lease. The financing segment also derives revenues from the financing of third-party software licenses, software assurance, maintenance and other services.

Financing revenue generally falls into the following three categories:

Portfolio income: Interest income from financing receivables and rents due under operating leases;

Transactional gains: Net gains or losses on the sale of financial assets; and

Post-contract earnings: Month-to-month rents; early termination, prepayment, make-whole, or buyout fees; and net gains on the sale of off-lease (used) equipment.

27

Table of Contents

Our financing segment sells the equipment underlying a lease to the lessee or a third-party other than the lessee. These sales occur at the end of the lease term and revenues from the sales of such equipment are recognized at the date of sale. We also recognize revenue from events that occur after the initial sale of a financial asset and remarketing fees from certain residual value investments.

Fluctuations in Revenues

Our results of operations are susceptible to fluctuations for a number of reasons, including, without limitation, customer demand for our products and services, supplier costs, changes in vendor incentive programs, interest rate fluctuations, general economic conditions, and differences between estimated residual values and actual amounts realized related to the equipment we lease. Operating results could also fluctuate as a result of a sale prior to the expiration of the lease term to the lessee or to a third-party or from post-term events.

We expect to continue to expand by opening new sales locations and hiring additional staff for specific targeted market areas in the near future whenever we can find both experienced personnel and desirable geographic areas. These investments may reduce our results from operations in the short term.

CRITICAL ACCOUNTING ESTIMATES

The preparation of financial statements in conformity with U.S. GAAP requires management to use judgment in the application of accounting policies, including making estimates and assumptions. If our judgment or interpretation of the facts and circumstances relating to various transactions had been different, or different assumptions were made, it is possible that alternative accounting policies would have been applied, resulting in a change in financial results. On an ongoing basis, we reevaluate our estimates, including those related to revenue recognition, residual values, vendor incentives, lease classification, goodwill and intangibles, reserves for credit losses and income taxes specifically relating to uncertain tax positions. We base estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. For all such estimates, we caution that future events rarely develop exactly as forecasted, and therefore, these estimates may require adjustment.

Our critical accounting estimates have not changed from those reported in Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our 2015 Annual Report.

SEGMENT RESULTS OF OPERATIONS

The three months ended June 30, 2015 Compared to the three months ended June 30, 2014

Technology Segment

The results of operations for our technology segment for the three months ended June 30, 2015 and 2014 were as follows (dollars in thousands):

	Three Months Ended June 30,			
	2015	2014	Change	
Sales of product and services	\$259,696	\$261,356	\$(1,660)	(0.6 %)
Fee and other income	1,811	2,047	(236)	(11.5 %)
Net sales	261,507	263,403	(1,896)	(0.7 %)
Cost of sales, product and services	207,718	212,908	(5,190)	(2.4 %)
Gross profit	53,789	50,495	3,294	6.5 %

Edgar Filing: EPLUS INC - Form 10-Q

Professional and other fees	1,262	1,586	(324)	(20.4%)
Salaries and benefits	32,952	30,670	2,282	7.4 %
General and administrative	6,529	5,758	771	13.4 %
Interest and financing costs	19	39	(20)	(51.3%)
Operating expenses	40,762	38,053	2,709	7.1 %
Segment earnings	\$13,027	\$12,442	\$585	4.7 %

28

Table of Contents

Net sales: Net sales for the three months ended June 30, 2015 were \$261.5 million compared to \$263.4 million during the three months ended June 30, 2014, a decrease of 0.7%, or \$1.9 million. Non-GAAP gross sales of product and services for the three months ended June 30, 2015 were \$332.3 million compared to \$325.5 million during the three months ended June 30, 2014, an increase of 2.1% or \$6.9 million. Sales of product and services during the three months ended June 30, 2015 were \$259.7 million compared to \$261.4 million during the three months ended June 30, 2014, a decrease of 0.6%, as a higher proportion of our sales are comprised of revenues which are recognized on a net basis, such as third party software assurance, maintenance and services as we continue to expand in this area.

Summarized below are the sequential and year over year changes in net sales of product and services:

Quarter Ended	Sequential	Year over Year
June 30, 2015	0.9 %	(0.6 %)
March 31, 2015	(13.0 %)	3.2 %
December 31, 2014	3.2 %	15.6 %
September 30, 2014	9.7 %	9.7 %
June 30, 2014	4.8 %	5.8 %

We rely on our vendors to fulfill a large majority of shipments to our customers. As of June 30, 2015, we had open orders of \$89.3 million and deferred revenue of \$34.8 million. As of June 30, 2014, we had open orders of \$91.2 million and deferred revenues of \$20.8 million.

Gross profit: Our gross margin on the sale of product and services increased to 20.0% for the three months ended June 30, 2015, from 18.5% in the prior year due to an increase in sales of third-party software assurance, maintenance, and services, for which the revenues are presented on a net basis, as well as increases in revenues from our professional and managed service. Vendor incentives earned as a percentage of sales of product and services for the three months ended June 30, 2015, declined 20 basis points from the prior year. There are ongoing changes to the incentive programs offered to us by our vendors. Accordingly, if we are unable to maintain the level of vendor incentives we are currently receiving, gross margins may decrease.

Operating expenses: Operating expenses were \$40.8 million for the current quarter or 7.1% higher than the three months ended June 30, 2014. These increases were due to increases in personnel, commissions, and general and administrative expenses.

Professional and other fees decreased \$0.3 million, or 20.4%, to \$1.3 million for the three months ended June 30, 2015, compared to \$1.6 million during the three months ended June 30, 2014. This decrease was primarily due to a decrease in fees related to the secondary offering of common stock in the prior year.

Salaries and benefits increased \$2.3 million, or 7.4%, to \$33.0 million during the three months ended June 30, 2015, compared to \$30.7 million during the three months ended June 30, 2014, of which 38% of the increase was due to variable compensation as a result of the increase in gross profit. The remainder of the increase was driven by increases in the number of employees and related benefits. Our technology segment had 946 employees as of June 30, 2015, an increase of 41 or 4.5% from 905 as of June 30, 2014, all of which were sales and engineering positions. We continue to invest in sales and engineering talent in order to expand our geographical presence in the continental U.S. as well as extend our advanced technology solutions offerings.

General and administrative expenses increased \$0.8 million, or 13.4% during the three months ended June 30, 2015 over the same period for the prior year. This increase was primarily due to incremental costs associated with the acquisition of Evolve and other costs related to the ongoing expansion of our business.

Segment earnings: As a result of the foregoing, segment earnings were \$13.0 million, an increase of \$0.6 million, or 4.7% for the three months ended June 30, 2015, as compared to the same period for the prior year.

Table of Contents
Financing Segment

The results of operations for our financing segment for the three months ended June 30, 2015 and 2014 were as follows (dollars in thousands):

	Three Months Ended June 30,				
	2015	2014	Change		
Financing revenue	\$8,346	\$8,874	\$(528))	(5.9 %)
Fee and other income	13	27	(14))	(51.9%)
Net sales	8,359	8,901	(542))	(6.1 %)
Direct lease costs	3,018	2,957	61		2.1 %
Gross profit	5,341	5,944	(603))	(10.1%)
Professional and other fees	256	247	9		3.6 %
Salaries and benefits	2,262	2,277	(15))	(0.7 %)
General and administrative	250	515	(265))	(51.5%)
Interest and financing costs	534	605	(71))	(11.7%)
Operating expenses	3,302	3,644	(342))	(9.4 %)
Operating income	2,039	2,300	(261))	(11.3%)
Other income	-	1,434	(1,434)	n/	a
Segment earnings	\$2,039	\$3,734	\$(1,695)		(45.4%)

Net sales: Net sales decreased by \$0.5 million, or 6.1%, to \$8.4 million for the three months ended June 30, 2015, as compared to the three months ended June 30, 2014 predominately due to lower transactional gains. During the quarters ended June 30, 2015 and 2014, we recognized net gains on sales of financial assets of \$1.5 million and \$2.2 million, respectively, and the fair value of assets received from these sales were \$24.3 million and \$56.2 million, respectively. Both portfolio earnings and post contract earnings increased \$0.1 million to \$4.6 million and \$2.2 million, respectively, for the three months ended June 30, 2015 over the prior year.

At June 30, 2015, we had \$176.3 million in financing receivables and operating leases, compared to \$158.4 million as of June 30, 2014, an increase of \$17.9 million or 11.3%.

Gross profit: Gross profit decreased \$0.6 million due to lower transactional gains in the three months ended June 30, 2015 as compared to same period in the prior year.

Operating expenses: For the three months ended June 30, 2015, operating expenses decreased \$0.3 million, or 9.4%, which was due primarily additional reserves for credit losses recorded in the prior year stemming from an increase in our portfolio balance. Salaries and benefits remained consistent with prior year, with lower salary expenses offset by higher commission expense. Our financing segment had 50 employees as of June 30, 2015, a decrease of 2 from 52 employees as of June 30, 2014.

Interest and financing costs decreased \$0.1 million for the three months ended June 30, 2015, compared to the prior year period due to a decrease in the average total notes payable outstanding and slightly lower interest rates for the three months ended June 30, 2015. Total notes payable were \$75.8 million as of June 30, 2015, an increase of \$9.7 million or 14.6% compared to \$66.2 million as of June 30, 2014. Our weighted average interest rate for non-recourse notes payable was 3.02% and 3.37%, as of June 30, 2015 and June 30, 2014, respectively.

Other income: During the three months ended June 30, 2014, we entered into an arrangement to repurchase the rights, title, and interest to payments due under a financing arrangement. This financing arrangement was previously assigned to a third party financial institution and accounted for as a secured borrowing. In conjunction with the repurchase agreement, we recognized a gain of \$1.4 million.

Segment earnings: As a result of the foregoing, earnings decreased \$1.7 million for the three months ended June 30, 2015, over the prior year period.

Table of Contents
Consolidated

Income taxes: Our provision for income tax expense is \$6.3 million for the three months ended June 30, 2015 as compared to \$6.7 million for the same period of the prior fiscal year. Our effective income tax rates for the three months ended June 30, 2015 was 41.6% as compared to 41.4% for the three months ended June 30, 2014.

Net earnings: The foregoing resulted in net earnings of \$8.8 million for the three months ended June 30, 2015, a decrease of 7.0%, as compared to \$9.5 million during the three months ended June 30, 2014.

Basic and fully diluted earnings per common share were \$1.22 and \$1.21, for the three months ended June 30, 2015, as compared to \$1.26 and \$1.25, respectively, for the three months ended June 30, 2014.

Weighted average common shares outstanding used in the calculation of basic and diluted earnings per common share for the three months ended June 30, 2015 were 7.2 million and 7.3 million, respectively. Weighted average common shares outstanding used in the calculation of basic and diluted earnings per common share for the three months ended June 30, 2014 were 7.5 million and 7.6 million.

LIQUIDITY AND CAPITAL RESOURCES

Liquidity Overview

Our primary sources of liquidity have historically been cash and cash equivalents, internally generated funds from operations, and borrowings, both non-recourse and recourse. We have used those funds to meet our capital requirements, which have historically consisted primarily of working capital for operational needs, capital expenditures, purchases of equipment for lease, payments of principal and interest on indebtedness outstanding, acquisitions and the repurchase of shares of our common stock.

Our subsidiary ePlus Technology, inc., part of our technology segment, finances its operations with funds generated from operations, and with a credit facility with GE Commercial Distribution Finance, or GECDF, with an aggregate credit limit of \$250 million, which was increased from the prior limit of \$225 million, by an amendment effective July 24, 2015. There are two components of this facility: (1) a floor plan component; and (2) an accounts receivable component. After a customer places a purchase order with us and we have completed our credit check, we place an order for the equipment with one of our vendors. Generally, most purchase orders from us to our vendors are first financed under the floor plan component and reflected in “accounts payable—floor plan” in our condensed consolidated balance sheets. Payments on the floor plan component are due on three specified dates each month, generally 30-60 days from the invoice date. On the due date of the invoices financed by the floor plan component, the invoices are paid by the accounts receivable component of the credit facility. The balance of the accounts receivable component is then reduced by payments from our available cash. The outstanding balance under the accounts receivable component is recorded as recourse notes payable on our condensed consolidated balance sheets. There was no outstanding balance at June 30, 2015 or June 30, 2014, while the maximum credit limit was \$30.0 million for both periods. The borrowings and repayments under the floor plan component are reflected as “net borrowings on floor plan facility” in the cash flows from financing activities section of our consolidated statements of cash flows.

Most customer payments in our technology segment are remitted to our lockboxes. Once payments are cleared, the monies in the lockbox accounts are automatically transferred to our operating account on a daily basis. On the due dates of the floor plan component, we make cash payments to GECDF. These payments from the accounts receivable component to the floor plan component and repayments from our cash are reflected as “net borrowings on floor plan facility” in the cash flows from financing activities section of our condensed consolidated statements of cash flows. We engage in this payment structure in order to minimize our interest expense and bank fees in connection with financing the operations of our technology segment.

We believe that cash on hand, and funds generated from operations, together with available credit under our credit facility, will be sufficient to finance our working capital, capital expenditures and other requirements for at least the next twelve calendar months.

Our ability to continue to fund our planned growth, both internally and externally, is dependent upon our ability to generate sufficient cash flow from operations or to obtain additional funds through equity or debt financing, or from other sources of financing, as may be required. While at this time we do not anticipate requiring any additional sources of financing to fund operations, if demand for IT products declines, our cash flows from operations may be substantially affected.

Table of Contents

Cash Flows

The following table summarizes our sources and uses of cash over the periods indicated (in thousands):

	Three Months Ended June 30,	
	2015	2014
Net cash provided by (used in) operating activities	\$21,756	\$(5,354)
Net cash used in investing activities	(26,425)	(695)
Net cash provided by (used in) financing activities	17,272	(7,294)
Effect of exchange rate changes on cash	3	16
Net (decrease) increase in cash and cash equivalents	\$12,606	\$(13,327)

Cash flows from operating activities. Cash provided by operating activities totaled \$21.8 million during the three months ended June 30, 2015. Net earnings adjusted for the impact of non-cash items was \$9.6 million. Net changes in assets and liabilities resulted in an increase of cash and cash equivalents of \$12.2 million, primarily due to reductions in accounts receivables of \$37.8 million, partially offset by reductions in accounts payable and accrued expenses of \$17.1 million, in increases in inventories of \$5.4 million, and deferred cost and other assets of \$3.1 million.

Cash used in operating activities totaled \$5.4 million during the three months ended June 30, 2014. Net earnings adjusted for the impact of non-cash items was \$7.1 million. Net changes in assets and liabilities resulted in a decrease of cash and cash equivalents of \$12.5 million, primarily due to cash used for financing receivables of \$12.2 million, as the changes in accounts receivable-trade, inventories and accounts payable-trade offset one another.

In order to manage our working capital, we monitor our cash conversion cycle for our Technology segment, which is defined as days sales outstanding (“DSO”) in accounts receivable plus days of supply in inventory (“DIO”) minus days of purchases outstanding in accounts payable (“DPO”). The following table presents the components of the cash conversion cycle for our Technology segment:

	As of June 30,	
	2015	2014
Days sales outstanding (1)	54	53
Days inventory outstanding (2)	8	9
Days payable outstanding (3)	(45)	(44)
Cash conversion cycle	17	18

Represents the rolling three-month average of the balance of trade accounts receivable-trade, net for our (1) Technology segment at the end of the period divided by non-GAAP gross sales of product and services for the same three-month period.

(2) Represents the rolling three-month average of the balance of inventory, net for our Technology segment at the end of the period divided by non-GAAP gross cost of sales, product and services for the same three-month period.

(3) Represents the rolling three-month average of the combined balance of accounts payable-trade and accounts payable-floor plan for our Technology segment at the end of the period divided by non-GAAP gross sales product and services for the same three-month period.

Our standard payment term for customers is between 30-60 days; however, certain customers are approved for extended payment terms. Invoices processed through our credit facility, or the A/P-floor plan balance, are typically paid within 45-60 days from the invoice date, while A/P trade invoices are typically paid within 30 days from the

invoice date. Our cash conversion cycle was 17 days as of June 30, 2015 and 18 days as of June 30, 2014.

Cash flows related to investing activities. Cash used in investing activities was \$26.4 million during the three months ended June 30, 2015, compared to cash used in investing activities of \$0.7 million during the same period last year. Cash used in investing activities during the three months ended June 30, 2015 was primarily driven by issuance of financing receivables of \$44.3 million, purchase of assets to be leased of \$9.4 million and purchases of property, equipment, and operating lease equipment of \$6.9 million, which was partially offset by cash proceeds from the repayment financing receivable of \$21.1 million and the sale of financing receivables of \$11.2 million.

Table of Contents

Cash used in investing activities was \$0.7 million during the three months ended June 30, 2014. Cash used in investing activities during the three months ended June 30, 2014 was primarily driven by issuance of financing receivables of \$16.7 million, purchase of assets to be leased of \$9.2 million, which was mostly offset by cash proceeds from the sale of financing receivable of \$10.0 million and the repayment of financing receivables of \$13.6 million.

Cash flows from financing activities. Cash provided by financing activities was \$17.3 million during the three months ended June 30, 2015, which was due to net borrowings on the floor plan facility of \$11.0 million and net borrowings of non-recourse and recourse notes payable of \$7.8 million. During the three months ended June 30, 2015, \$2.5 million in cash was used for the repurchase of common stock. In the prior year, cash used in financing activities was \$7.3 million during the three months ended June 30, 2014, which was due to the repurchase of treasury stock of \$29.2 million, partially offset by net borrowings on the floor plan facility of \$10.5 million and net borrowings of non-recourse and recourse notes payable of \$11.2 million.

Non-Cash Activities

We assign contractual payments due under lease and financing agreements to third-party financial institutions, which are accounted for as non-recourse notes payable. As a condition to the assignment agreement, certain financial institutions may request that the customer remit their contractual payments to a trust; rather than to us, and the trust pays the financial institution. Alternatively, if the structure of the agreement does not require a trustee, the customer will continue to make payments to us, and we will remit the payment to the financial institution. The economic impact to us under either assignment structure is similar, in that the assigned contractual payments are paid by the customer and remitted to the lender to pay down the corresponding non-recourse notes payable. However, these assignment structures are classified differently within our consolidated statements of cash flows. More specifically, we are required to exclude non-cash transactions from our consolidated statement of cash flows, so certain contractual payments made by the customer to the trust are excluded from our operating cash receipts and the corresponding repayment of the non-recourse notes payable from the trust to the third-party financial institution are excluded from our cash flows from financing activities. Contractual payments received by the trust and paid to the lender on our behalf are disclosed as a non-cash financing activity.

Liquidity and Capital Resources

We may utilize non-recourse notes payable to finance approximately 80% to 100% of the purchase price of the assets being leased or financed by our customers. Any balance of the purchase price remaining after non-recourse funding and any upfront payments received from the customer (our equity investment in the equipment) must generally be financed by cash flows from our operations, the sale of the equipment leased to third parties, or other internal means. Although we expect that the credit quality of our financing arrangements and our residual return history will continue to allow us to obtain such financing, such financing may not be available on acceptable terms, or at all.

The financing necessary to support our lease and financing activities has been provided by our cash and non-recourse borrowings. We monitor our exposure closely. Historically, we have obtained mostly non-recourse borrowings from third party banks and finance companies. We continue to be able to obtain financing through our traditional lending sources. Non-recourse financings are loans whose repayment is the responsibility of a specific customer, although we may make representations and warranties to the lender regarding the specific contract or have ongoing loan servicing obligations. Under a non-recourse loan, we borrow from a lender an amount based on the present value of the contractually committed lease payments under the lease at a fixed rate of interest, and the lender secures a lien on the financed assets. When the lender is fully repaid from the lease payments, the lien is released and all further rental or sale proceeds are ours. We are not liable for the repayment of non-recourse loans unless we breach our representations and warranties in the loan agreements. The lender assumes the credit risk of each lease, and the lender's only recourse, upon default by the lessee, is against the lessee and the specific equipment under lease.

At June 30, 2015, our non-recourse notes payable increased 30.1% to \$68.8 million, as compared to \$52.9 million at March 31, 2015. Recourse notes payable increased 90.2% to \$7.0 million as of June 30, 2015 compared to \$3.7 million as of March 31, 2015.

Whenever desirable, we arrange for equity investment financing, which includes selling lease payments, including the residual portions, to third parties and financing the equity investment on a non-recourse basis. We generally retain customer control and operational services, and have minimal residual risk. We usually reserve the right to share in remarketing proceeds of the equipment on a subordinated basis after the investor has received an agreed-to return on its investment.

Table of ContentsCredit Facility — Technology

Our subsidiary, ePlus Technology, inc., has a financing facility from GECDP to finance its working capital requirements for inventories and accounts receivable. There are two components of this facility: (1) a floor plan component; and (2) an accounts receivable component. This facility has full recourse to ePlus Technology, inc. and is secured by a blanket lien against all its assets, such as chattel paper, receivables and inventory. As of June 30, 2015, the facility had an aggregate limit of the two components of \$225.0 million with an accounts receivable sub-limit of \$30.0 million. On July 24, 2015, the facility was amended to increase the aggregate limit to \$250 million. The accounts receivable component sub-limit of \$30 million remained unchanged.

Availability under the facility may be limited by the asset value of equipment we purchase or accounts receivable, and may be further limited by certain covenants and terms and conditions of the facility. These covenants include but are not limited to a minimum excess availability of the facility and minimum earnings before interest, taxes, depreciation and amortization of ePlus Technology, inc. We were in compliance with these covenants as of June 30, 2015. Interest on the facility is assessed at a rate of the One Month LIBOR plus two and one half percent if the payments are not made on the three specified dates each month. The facility also requires that financial statements of ePlus Technology, inc. be provided within 45 days of each quarter and 90 days of each fiscal year end and also requires other operational reports be provided on a regular basis. Either party may terminate the facility with 90 days advance written notice.

We are not, and do not believe that we are reasonably likely to be, in breach of the GECDP credit facility. In addition, we do not believe that the covenants of the GECDP credit facility materially limit our ability to undertake financing. In this regard, the covenants apply only to our subsidiary, ePlus Technology, inc. This credit facility is secured by the assets of only ePlus Technology, inc. and the guaranty as described below.

The facility provided by GECDP requires a guaranty of \$10.5 million by ePlus inc. The guaranty requires ePlus inc. to deliver its annual audited financial statements by a certain date. We have delivered the annual audited financial statements for the year ended March 31, 2015, as required. The loss of the GECDP credit facility could have a material adverse effect on our future results as we currently rely on this facility and its components for daily working capital and liquidity for our technology segment and as an operational function of our accounts payable process.

Floor Plan Component

The traditional business of ePlus Technology, inc. as a seller of computer technology, related peripherals and software products, is in part financed through a floor plan component in which interest expense for the first thirty to sixty days, in general, is not charged. The floor plan liabilities are recorded as accounts payable—floor plan on our condensed consolidated balance sheets, as they are normally repaid within the fifteen to sixty-day time frame and represent assigned accounts payable originally generated with the manufacturer/distributor. In some cases we are able to pay invoices early and receive a discount, but if the fifteen to sixty-day obligation is not paid timely, interest is then assessed at stated contractual rates.

The respective floor plan component credit limits and actual outstanding balance payables for the dates indicated were as follows (in thousands):

Maximum Credit Limit at June 30, 2015	Balance as of June 30, 2015	Maximum Credit Limit at March 31, 2015	Balance as of March 31, 2015
\$225,000	\$110,401	\$225,000	\$99,418

Accounts Receivable Component

Included within the credit facility, ePlus Technology, inc. has an accounts receivable component from GECDF, which has a revolving line of credit. On the due date of the invoices financed by the floor plan component, the invoices are paid by the accounts receivable component of the credit facility. The balance of the accounts receivable component is then reduced by payments from our available cash. The outstanding balance under the accounts receivable component is recorded as recourse notes payable on our consolidated balance sheets. There was no balance outstanding for the accounts receivable component at June 30, 2015 or March 31, 2015, while the maximum credit limit was \$30.0 million for both periods.

Table of Contents

Credit Facility — General

First Virginia Community Bank, (formerly 1st Commonwealth Bank of Virginia), provides us with a \$0.5 million credit facility, which will mature on October 26, 2015. This credit facility is available for us and our affiliates and is full recourse to us. Borrowings under this facility bear interest at Wall Street Journal U.S. Prime rate plus 1%. The primary purpose of the facility is to provide letters of credit for landlords, taxing authorities and bids. As of June 30, 2015 and March 31, 2015, we had no outstanding balance on this credit facility.

Performance Guarantees

In the normal course of business, we may provide certain customers with performance guarantees, which are generally backed by surety bonds. In general, we would only be liable for the amount of these guarantees in the event of default in the performance of our obligations. We are in compliance with the performance obligations under all service contracts for which there is a performance guarantee, and we believe that any liability incurred in connection with these guarantees would not have a material adverse effect on our consolidated statements of operations.

Off-Balance Sheet Arrangements

As part of our ongoing business, we do not participate in transactions that generate relationships with unconsolidated entities or financial partnerships, such as entities often referred to as structured finance or special purpose entities, which would have been established for the purpose of facilitating off-balance sheet arrangements as defined in Item 303(a)(4)(ii) of Regulation S-K or other contractually narrow or limited purposes. As of June 30, 2015, we were not involved in any unconsolidated special purpose entity transactions.

Adequacy of Capital Resources

The continued implementation of our business strategy will require a significant investment in both resources and managerial focus. In addition, we may selectively acquire other companies that have attractive customer relationships and skilled sales and/or engineering forces. We may also start offices in new geographic areas, which may require a significant investment of cash. We may also acquire technology companies to expand and enhance the platform of bundled solutions to provide additional functionality and value-added services. We may continue to use our internally generated funds to finance investments in leased assets or investments in notes receivables due from our customers. As a result, we may require additional financing to fund our strategy, implementation and potential future acquisitions, which may include additional debt and equity financing.

Inflation

For the periods presented herein, inflation has been relatively low and we believe that inflation has not had a material effect on our results of operations.

Potential Fluctuations in Quarterly Operating Results

Our future quarterly operating results and the market price of our common stock may fluctuate. In the event our revenues or earnings for any quarter are less than the level expected by securities analysts or the market in general, such shortfall could have an immediate and significant adverse impact on the market price of our common stock. Any such adverse impact could be greater if any such shortfall occurs near the time of any material decrease in any widely followed stock index or in the market price of the stock of one or more public equipment leasing and financing companies, IT resellers, software competitors, major customers or vendors of ours.

Our quarterly results of operations are susceptible to fluctuations for a number of reasons, including, but not limited to, reduction in IT spending, any reduction of expected residual values related to the equipment under our leases, the timing and mix of specific transactions, the reduction of manufacturer incentive programs, and other factors. Quarterly operating results could also fluctuate as a result of our sale of equipment in our lease portfolio at the expiration of a lease term or prior to such expiration, to a lessee or to a third party and the transfer of financial assets. Sales of equipment and transfers of financial assets may have the effect of increasing revenues and net income during the quarter in which the sale occurs, and reducing revenues and net income otherwise expected in subsequent quarters. See Part I, Item 1A, "Risk Factors," in our 2015 Annual Report.

We believe that comparisons of quarterly results of our operations are not necessarily meaningful and that results for one quarter should not be relied upon as an indication of future performance.

Table of Contents

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Although a portion of our liabilities are non-recourse, fixed-interest-rate instruments, we utilize our line of credit and other financing facilities which are subject to fluctuations in short-term interest rates. These instruments, which are denominated in U.S. dollars, were entered into for other than trading purposes and, with the exception of amounts drawn under the GECDF facility, bear interest at a fixed rate. Because the interest rate on these instruments is fixed, changes in interest rates will not directly impact our cash flows. Changes in interest rates may affect our ability to fund or transfer our financing arrangements if the rate rises above the fixed rate of the instrument. Borrowings under the GECDF facility bear interest at a market-based variable rate. As of June 30, 2015, the aggregate fair value of our non-recourse notes payable approximated their carrying value.

We have financed certain customer leases for equipment which is located in Canada and Iceland. As such, we have entered into lease contracts and non-recourse, fixed-interest-rate financing denominated in Canadian dollars and Icelandic krona. To date, our Canadian and Icelandic operations have been insignificant and we believe that potential fluctuations in currency exchange rates will not have a material effect on our financial position. We also transact business in other foreign currencies which are subject to fluctuations, however, the dollar volume of these transactions is immaterial.

Item 4. Controls and Procedures

As of the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer (“CEO”) and our Chief Financial Officer (“CFO”), of the effectiveness of the design and operation of our disclosure controls and procedures, or “disclosure controls,” as defined in the Exchange Act Rule 13a-15(e). Disclosure controls are controls and procedures designed to reasonably ensure that information required to be disclosed in our reports filed under the Exchange Act, such as this quarterly report, is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms. Disclosure controls include, without limitation, controls and procedures designed to ensure that information required to be disclosed in our reports filed under the Exchange Act is accumulated and communicated to our management, including our CEO and CFO, or persons performing similar functions, as appropriate, to allow timely decisions regarding required disclosure. Our disclosure controls include some, but not all, components of our internal control over financial reporting. Based upon that evaluation, our CEO and CFO concluded that our disclosure controls and procedures were effective as of June 30, 2015.

Changes in Internal Controls

There have not been any changes in our internal control over financial reporting during the quarter ended June 30, 2015, which have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Limitations on the Effectiveness of Controls

Our management, including our CEO and CFO, does not expect that our disclosure controls or our internal control over financial reporting will prevent or detect all errors and all fraud. A control system cannot provide absolute assurance due to its inherent limitations; it is a process that involves human diligence and compliance and is subject to lapses in judgment and breakdowns resulting from human failures. A control system also can be circumvented by collusion or improper management override. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of such limitations, disclosure controls and internal control over financial reporting cannot prevent or detect all misstatements, whether unintentional errors or fraud. However, these inherent limitations are known features of the financial reporting process; therefore, it is possible to design into the process safeguards to reduce, though not eliminate, this

risk.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

We had been the plaintiff in a lawsuit in the United States District Court for the Eastern District of Virginia (“the trial court”) in which, January 27, 2011, a jury unanimously found that Lawson Software, Inc. (“Lawson”) infringed certain ePlus patents. On May 23, 2011, the trial court issued a permanent injunction, which Lawson appealed. On November 21, 2012, the United States Court of Appeals for the Federal Circuit (the “Appeals Court”) reversed in part, vacated in part, affirmed in part, and remanded. On August 16, 2013, the trial court issued an order finding, by clear and convincing evidence, that Lawson was in contempt of the trial court’s May 23, 2011, injunction. Lawson appealed that order. While that appeal was pending, on April 3, 2014, the United States Patent and Trademark Office issued a notice canceling the patent at issue in the Lawson litigation. On July 25, 2014, the Appeals Court issued an Opinion vacating the injunction and contempt order. On June 18, 2015, the Appeals Court, in a 5-5 split opinion, denied our petition for rehearing. At this time, we are reviewing whether to pursue further legal action.

Court calendars and rulings are inherently unpredictable, and we cannot predict when any litigation will be resolved, or the outcome thereof.

Other Matters

We may become party to various legal proceedings arising in the ordinary course of business including preference payment claims asserted in customer bankruptcy proceedings, claims of alleged infringement of patents, trademarks, copyrights and other intellectual property rights, claims of alleged non-compliance with contract provisions, employment related claims, claims by competitors, vendors or customers, claims related to alleged violations of laws and regulations, and claims relating to alleged security or privacy breaches. Although we do not expect that the outcome in any of these matters, individually or collectively, will have a material adverse effect on our financial condition or results of operations, litigation is inherently unpredictable. Therefore, judgments could be rendered or settlements entered that could adversely affect our results of operations or cash flows in a particular period. We provide for costs related to contingencies when a loss is probable and the amount is reasonably determinable.

Item 1A. Risk Factors

There have not been any material changes in the risk factors previously disclosed in Part I, Item 1A of our 2015 Annual Report.

Table of Contents

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

The following table provides information regarding our purchases of ePlus inc. common stock during the three months ended June 30, 2015.

Period	Total number of shares purchased (1)	Average price paid per share	Total number of shares publicly announced or programs	Maximum number (or approximate dollar value) of shares that may yet be purchased under the plans or programs
April 1, 2015 through April 30, 2015	-	-	-	351,960 (2)
May 1, 2015 through May 31, 2015	-	-	-	351,960 (3)
June 1, 2015 through June 15, 2015	18,284	\$ 82.63	-	351,960 (4)
June 16, 2015 through June 30, 2015	12,163	\$ 79.32	-	- (5)

(1) All shares acquired were in open-market purchases, except for 30,447 shares, which were repurchased to satisfy tax withholding obligations that arose due to the vesting of shares of restricted stock.

The share purchase authorization in place for the month ended April 30, 2015 had purchase limitations on the (2) number of shares of up to 500,000 shares. As of April, 2015, the remaining authorized shares to be purchased were 351,960.

The share purchase authorization in place for the month ended May 31, 2015 had purchase limitations on the (3) number of shares of up to 500,000 shares. As of May 31, 2015, the remaining authorized shares to be purchased were 351,960.

The share purchase authorization expired June 15, 2015 and had purchase limitations on the number of shares of up (4) to 500,000 shares. As of June 15, 2015, the remaining number of authorized shares that could have been purchased was 351,960.

(5) There is no share purchase authorization plan in place for the month ended June 30, 2015. The previous plan expired on June 15, 2015. As of June 30, 2015, there are no authorized shares to be purchased.

The timing and expiration date of the current stock repurchase authorizations are included in Note 9, "Stockholders' Equity" to our unaudited condensed consolidated financial statements included elsewhere in this report.
