PROXY STATEMENT

Annual Meeting of Stockholders
to be held on May 2, 2017

ABOUT THE 2017 ANNUAL MEETING AND VOTING AT THE MEETING

This Proxy Statement is being furnished to the stockholders of VSE Corporation, a Delaware corporation (“VSE” or the “Company”), in connection with the solicitation of proxies by VSE’s Board of Directors (the “Board”) for use at the annual meeting of VSE’s stockholders to be held on Tuesday, May 2, 2017, commencing at 10:00 a.m., Eastern Daylight Time, at the VSE Building, 6348 Walker Lane, Alexandria, Virginia 22310-3226, and at any adjournments thereof for the purposes specified in the accompanying notice of meeting (the “Annual Meeting”).

The mailing address of VSE’s principal executive office is 6348 Walker Lane, Alexandria, Virginia 22310-3226. VSE’s telephone number is (703) 960-4600. Your Annual Meeting materials, including the Notice of Annual Meeting, Proxy Statement, and proxy card from our Board are enclosed. The Notice of Annual Meeting, this Proxy Statement and the accompanying proxy card are first being sent or given to stockholders entitled to notice of, and to vote at, the Annual Meeting on or about April 4, 2017. If you received your Annual Meeting materials via e-mail, the e-mail contained voting instructions and links to our 2016 Annual Report to Stockholders and this Proxy Statement on the Internet, which are both available at <http://www.cstproxy.com/vsecorp/2017>.

The close of business on March 20, 2017 is the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. Holders of a majority of VSE’s outstanding common stock, par value \$.05 per share (“Stock” or “VSE Stock”), as of the close of business on March 20, 2017, must be present at the Annual Meeting, either in person or represented by properly executed proxy, to constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be counted solely for the purpose of determining whether a quorum is present. A proxy submitted by a broker that is not voted is sometimes referred herein to as a broker non-vote.

As of the close of business on March 20, 2017, there were 10,838,435 shares of Stock outstanding and approximately 256 stockholders of record. All share and per share amounts in this Proxy Statement have been adjusted to give retroactive effect to the two for one split of VSE Stock that became effective as of August 3, 2016. Each stockholder is entitled to one vote for each share of Stock held of record as of the close of business on March 20, 2017, on all matters that may be submitted to the stockholders at the Annual Meeting. All Stock represented by valid proxies will be voted at the Annual Meeting in accordance with the directions on the proxies. If you are a stockholder whose Stock is not registered in your own name, you will need appropriate documentation from the stockholder of record to vote in person at the Annual Meeting. If you want to vote your Stock that is held in street name in person at the Annual Meeting, you will need a written proxy card in your name from the broker, bank or other nominee who holds your Stock.

Matters for stockholder to consider:

As discussed in more detail in this Proxy Statement, the purpose of the Annual Meeting is (1) to vote for the election of nine directors to the Board; (2) to ratify the appointment of Ernst & Young LLP as VSE’s independent registered public accounting firm for the year ending December 31, 2017; (3) to provide a non-binding advisory vote on our executive compensation; (4) to provide a non-binding advisory vote on the frequency of the advisory vote on our

executive compensation; and (5) to transact any other business that may properly come before the Annual Meeting.

As of the date of this Proxy Statement, the Board does not intend to present, and has not been informed that any other person intends to present, any matter for action at the Annual Meeting other than those matters specifically referred to herein. If, however, any other matters are properly presented to the Annual Meeting for action, the proxy holders will vote the proxies, which confer authority on such holders to vote on such matters, in accordance with their best judgment. The persons named as attorneys-in-fact in the proxies are the Chairman of the Board and VSE's Corporate Secretary.

Recommendations of the Board

The Board recommends a vote:

1. “FOR” the election of each of the nine director nominees named in this Proxy Statement;
2. “FOR” the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2017;
3. “FOR” the approval by a non-binding advisory vote of our executive compensation; and
4. “FOR” a recommendation, by a non-binding advisory vote, to hold an advisory vote on our executive compensation on an annual basis.

Vote Required

Directors are elected by a plurality of votes cast, without regard to either broker non-votes or proxies as to which authority to vote for the nominees being proposed is withheld.

The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2017 will be determined by a majority of the outstanding Stock, present in person or represented by proxy, at the Annual Meeting and entitled to vote at the Annual Meeting. Abstentions will have the same effect as a vote against the ratification of the appointment of the independent registered public accounting firm. Broker non-votes will have no effect on the outcome of the ratification of the independent registered public accounting firm.

The approval of the advisory resolution on the Company’s executive compensation requires the affirmative vote of a majority of the Stock present, in person or by proxy, at the Annual Meeting and entitled to vote at the Annual Meeting. Abstentions will have the same effect as a vote against the advisory resolution. Broker non-votes will have no effect on the outcome of the advisory vote. The results of this vote are not binding on the Board.

The advisory vote on the frequency of advisory votes on the Company’s executive compensation will be determined based on a plurality of the votes cast. This means that the option that receives the most votes will be recommended by the stockholders to the Board. Abstentions and broker non-votes are not counted for the advisory vote on frequency of advisory votes on the Company’s executive compensation and, therefore, will have no effect on the outcome of the proposal. The results of this vote are not binding on the Board.

How to Vote

We make our proxy materials available to stockholders by mail and on the Internet. You may read, print and download our 2016 Annual Report to Stockholders (which includes our Form 10-K for 2016), 2017 Proxy Statement and proxy card at <http://www.cstproxy.com/vsecorp/2017>. On an ongoing basis, stockholders may request to receive proxy materials in printed form by mail or electronically by e-mail. You may vote your Stock by Internet, by regular mail or in person at the Annual Meeting. Each of these voting options is described in the notice and the proxy card.

You should complete and return your proxy card, or vote using the Internet voting option, to ensure that your vote is counted at the Annual Meeting, regardless of whether you plan to attend. If you return an executed Proxy Card without marking your instructions, your executed Proxy Card will be voted in accordance with the recommendations of the Board. In connection therewith, the Board has designated the Chairman of the Board, Clifford M. Kendall and VSE’s Corporate Secretary, Thomas M. Kiernan as proxies. If you indicate a choice with respect to any matter to be

acted upon on your proxy card or voting instruction card, your Stock will be voted in accordance with your instructions.

If you are a beneficial owner and hold Stock in street name through a broker or other nominee and do not return the voting instruction card, the broker or other nominee will vote your Stock on each matter at the Annual Meeting for which he or she has the requisite discretionary authority. Under applicable rules, brokers have the discretion to vote on routine matters, such as the ratification of the selection of independent registered public accounting firms, and do not have the discretion to vote on non-routine matters. Because the uncontested election of directors and any advisory vote regarding the Company's executive compensation are considered non-routine matters, brokers will not have the discretion to vote on such matters at the Annual Meeting.

Revocation of Proxies

A stockholder returning a proxy to VSE may revoke it at any time before it is exercised by granting a later proxy with respect to the same Stock or by communicating such revocation in writing to our Corporate Secretary. In addition, any stockholder who has executed a proxy but attends the Annual Meeting in person may cancel a previously given proxy by voting in person whether or not the proxy has been revoked in writing.

Board, Committees and Corporate Governance

All nine current Board members were elected by the stockholders in 2016. Except for Mr. Gauthier who serves as our chief executive officer, president and chief operating officer, all of our nominees for directors are "independent" as

defined by the applicable rules of The NASDAQ Stock Market, Inc. (“NASDAQ”). Because our Chairman of the Board has no affiliation with the Company other than serving as Chairman of the Board, we do not have a senior non-executive director. Our eight independent directors regularly have the opportunity to meet without any management members present. During 2016, there were five regular Board meetings. During 2016 each of our directors attended

4

at least 75% of the total number of Board meetings (in person or by telephone) and at least 75% of the meetings of Board committees on which he or she served (during the period that he or she served). We do not have a specific policy regarding attendance at the annual stockholders meeting. All directors, however, are encouraged to attend if available, and we try to ensure that at least one independent director attends the annual stockholders meeting and is available to answer stockholder questions. All nine directors, including our eight independent directors, attended our annual stockholders meeting in 2016.

The Board has an Audit Committee, a Nominating and Corporate Governance Committee, and a Compensation Committee. The current charters for each of the Board committees are available on our Internet website, www.vsecorp.com. The Board committee members, as of the date of this Proxy Statement, are identified in the following table.

Audit Committee

The primary purpose of the Audit Committee is to oversee our accounting and financial reporting processes and the audits of our financial statements. The Audit Committee is directly responsible for, among other things, the appointment, compensation, retention and oversight of our independent registered public accounting firm. The Audit Committee also reviews our guidelines and policies with respect to risk assessment and risk management, specifically our risk exposures in the areas of independent audit, financial reporting, internal controls and disclosure controls, and internal audit, and evaluating the action management has taken to identify, monitor and control such exposures.

All of the Audit Committee members during the past fiscal year were independent in accordance with applicable rules of the Securities and Exchange Commission (the "SEC") and NASDAQ. Each Audit Committee member is able to read and understand fundamental financial statements, including our consolidated balance sheet and consolidated statements of income, comprehensive income, stockholders' equity and cash flows. The Board has determined that Mr. Lafond is an "audit committee financial expert" as defined in SEC Regulation S-K Item 407(d) (5). The Audit Committee met seven times during 2016.

Compensation Committee

The primary purpose of the Compensation Committee is to oversee VSE's compensation structure, to review and provide guidance to the Board regarding the compensation of VSE's directors and officers, including the compensation of VSE's chief executive officer and other executive officers, to review and provide guidance regarding employment

agreements, to administer certain compensation plans, including restricted stock and deferred compensation plans, and to perform such other duties and responsibilities as are consistent with the committee's charter. The Compensation Committee reviews our guidelines and policies with respect to risk assessment and risk management, specifically our risk exposures related to compensation of directors, executives and management and the administration of our performance incentive and employee benefit plans, and evaluates the actions management has taken to identify, monitor and control such exposures. Each of the committee members is independent in accordance with applicable NASDAQ rules. The Compensation Committee met five times during 2016.

Matters recommended by the Compensation Committee, and any delegation of its authority, are subject to Board approval. If such approval is not received, the Compensation Committee will reconsider the recommendation or proposed delegation. The Compensation Committee has the authority to retain outside counsel or other experts or consultants as needed. Additional information on the role and responsibilities of the Compensation Committee is provided below in the “Compensation Discussion and Analysis” section.

Nominating and Corporate Governance Committee

The primary purpose of the Nominating and Corporate Governance Committee is to make recommendations to the Board with respect to nominees to be proposed for election as directors and with corporate policies regarding, among other things, business conduct, securities trading, indemnification of VSE directors and officers, and conflicts of interest involving VSE directors, officers and employees. The committee also reviews our guidelines and policies with respect to risk assessment and risk management, specifically our risk exposures in the areas of corporate governance, compliance and ethics, as well as succession planning for the directors and senior management, and the actions management has taken to identify, monitor and control such exposures.

Each of the committee members is independent in accordance with applicable NASDAQ rules. The Nominating and Corporate Governance Committee met two times during 2016.

Committee Structure and Risk

The Board has overall responsibility for oversight of our risk management plans, policies and practices. Each Board committee has been assigned oversight of certain risks associated with its respective activities as discussed in this document, and each committee’s charter has been revised to reflect these risk oversight responsibilities. The Board has approved a risk management policy that delineates the risk oversight responsibilities of management, the Board and its committees.

Director Nominations and Qualifications

Stockholders may recommend persons to be nominated for election as directors of VSE at the annual meeting of stockholders. To be considered, such recommendation must be submitted in accordance with VSE’s by-laws and must be received in writing by VSE’s Corporate Secretary no later than 90 days before the date in the year of the annual meeting that corresponds to the date on which the annual meeting was held during the immediate prior year. (Nominations for the year 2018-2019 should be received by the Corporate Secretary no later than February 1, 2018.) Such recommendation shall be accompanied by the proposing stockholder’s name, evidence that such stockholder is a beneficial owner of VSE Stock, and the candidate’s name, biographical data and qualifications.

The policy of the Nominating and Corporate Governance Committee is to consider properly submitted stockholder nominations for candidates for Board membership as described below. In evaluating such nominations, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board and to address the directorship criteria discussed below.

Under these criteria for Board nominations, Board members should have the highest professional and personal ethics and values, consistent with longstanding VSE values and standards. As a group, the Board should have diverse and broad experience at the policy-making level in business, government, education, technology or public interest. Board members should be committed to enhancing stockholder value and have sufficient time to satisfy their duties and provide insight and practical wisdom based on experience. A Board member’s service as a member of other boards of directors of publicly traded companies should be limited so that the director is able, given his or her individual circumstances, to perform responsibly all duties as a Board member. Each director must represent the interests of all

stockholders. While we do not have a formal policy regarding diversity of Board nominees or a formal definition of “diversity,” the Nominating and Corporate Governance Committee has discussed diversity considerations of potential Board nominees within the context of Board succession planning. Factors discussed as relevant to the selection of Board nominees may include nature and length of business experience, including experience in business areas related to our potential growth areas, race, gender, age and factors that promote alignment of the Board with the interests of stockholders. The Nominating and Corporate Governance Committee recently discussed potential retirement timeframes, transition planning with regard to succession, and optimal Board size.

The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. Such committee periodically assesses the appropriate size of the Board, and whether

any Board vacancies are expected due to retirement or otherwise. If vacancies are anticipated or otherwise arise, the Nominating and Corporate Governance Committee will consider various potential candidates for director. Candidates may come to the attention of the Nominating and Corporate Governance Committee through Board members, professional search firms, stockholders or other persons. These candidates are evaluated at regular or special meetings of the Nominating and Corporate Governance Committee and may be considered at any point during the year. As described above, the Nominating and Corporate Governance Committee will consider properly submitted stockholder nominations for candidates for Board membership. Following verification of the stockholder status of persons proposing candidates, recommendations will be aggregated and considered by the Nominating and Corporate Governance Committee at a regularly scheduled meeting. If any materials are provided by a stockholder in connection with the nomination of a director candidate, such materials will be forwarded to the Nominating and Corporate Governance Committee. Such committee also will review materials provided by professional search firms or other parties in connection with a nominee who is not proposed by a stockholder. The committee has not in the past retained any third party to assist in identifying nominees for Board membership.

The traits identified with respect to the current director nominees as qualifications to serve on the Board include:

Leadership Structure of the Board

The positions of Chairman of the Board and VSE's chief executive officer ("CEO") are separated at VSE. The Board believes that this separation of positions best serves the Company's current needs and effectively maintains independent oversight of management. The Board periodically reviews and considers if the positions of Chairman and CEO should be combined as part of its regular review of the effectiveness of our governance structure.

Communications with the Board

Code of Business Conduct and Ethics

The Board has adopted a Code of Business Conduct and Ethics that applies to all of its directors, officers, including VSE's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, and employees. The Code is posted on VSE's internet website at www.vsecorp.com. VSE intends to satisfy the disclosure requirements under Item 5.05 of Form 8-K under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), regarding any waiver or amendment of the Code with respect to VSE's principal executive officer, principal financial officer, and principal accounting officer or controller, or persons performing similar functions, by posting such required information on VSE's Internet website.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines, which together with the Company's certificate of incorporation, by-laws, committee charters and other key governance practices and policies, provide the framework for the Corporation's corporate governance. Additionally, the Corporate Governance Guidelines and the Nominating and Corporate Governance Committee charter were reviewed, amended and adopted by the Board on December 13, 2016. The charters of the Audit Committee and the Compensation Committee were reviewed, amended and adopted by the Board on October 26, 2016.

The guidelines, by-laws and committee charters are posted on VSE's website at www.vsecorp.com. The Board recognizes that ensuring that the Corporation observes good corporate governance practices is an ongoing endeavor. As a result, the guidelines are subject to annual review by the Board to determine if they continue to promote the best interests of the Company and its stockholders and comply with all applicable laws, regulations and NASDAQ requirements.

Compensation of Non-Employee Directors for 2016

In 2016, the Company paid each non-employee director a cash retainer of \$60,000 as a director's fee for the year. Each non-employee director also received for 2016 an award under our 2006 Restricted Stock Plan for such number of shares of our Stock equal to \$70,000 divided by the per share closing price of on the first trading day in 2016, rounded to the nearest 100 shares. Pursuant to the awards under the restricted stock plan, each non-employee director was granted 2,200 shares of restricted Stock on January 6, 2016. The closing price of our Stock was \$30.89 per share on January 4, 2016. Non-employee directors do not receive fees for attending Board or committee meetings.

The Chairmen of the Audit Committee, Compensation Committee and the Nominating and Corporate Governance Committee were each paid an additional annual fee of \$15,000, \$10,000 and \$7,500, respectively.

The Chairman of the Board was also paid \$60,000 for serving as Chairman.

Pursuant to our 2004 Non-Employee Directors Stock Plan approved by stockholders in 2004 and 2014, each non-employee director can elect that all or a portion of his or her annual cash compensation for services as a VSE director be paid in Stock at fair market value determined in accordance with the plan. Mr. Eberhart made such an election in 2016.

Stock issued to non-employee directors pursuant to our 2006 Restricted Stock Plan is fully vested when issued, but the certificates for such Stock bear a restrictive legend prohibiting the sale, transfer, pledge and assignment of such Stock for two years commencing on the issue date. When all restrictions on a certificate bearing a restrictive legend have lapsed, VSE issues a non-restrictive certificate to the directors (subject to any applicable securities law restrictions). In December 2016, the Compensation Committee approved a resolution to permit non-employee directors to designate, on a share per share basis, tradable VSE shares they own as the shares that will be subject to the two-

year transfer restriction under the 2006 Restricted Stock Plan in lieu of holding restrictive Stock that would otherwise be subject to the two-year transfer restriction, provided that the designating directors remain in compliance with the Board's stock retention guidelines.

No compensation is paid to any non-employee director for personal services rendered to VSE pursuant to a consulting or similar agreement between the director and VSE, or any of VSE's subsidiaries, unless authorized as a special assignment by the Board. No such authorization was requested for or on behalf of any director in 2016. The foregoing procedures do not restrict reimbursement for expenses incurred by a director for attending meetings of the Board or Board committees.

The following table provides information related to the compensation of each of the Company's non-employee directors for fiscal year 2016.

Proposal No. 2

APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Based on the recommendation of its Audit Committee, the Board has appointed the firm of Ernst & Young LLP to be VSE's independent registered public accounting firm for the year ending December 31, 2017, and recommends to stockholders that they vote for ratification of that appointment. Although not required to do so, the Board has determined that it would be desirable to request stockholders' approval of this appointment. The ratification of the appointment of VSE's independent registered public accounting firm will require the affirmative vote by the holders of a majority of the outstanding Stock, present in person or represented by proxy, at the Annual Meeting and entitled to vote. If such approval is not received, the Board will reconsider the appointment.

In 2016 and 2015, Ernst & Young LLP services included an audit of VSE's consolidated financial statements and reviews of the consolidated interim financial statements included in VSE's Forms 10-Q filed with the SEC for each of the quarters ended March 31, June 30, and September 30, 2016 and 2015. Ernst & Young LLP services also included an audit of the effectiveness of VSE's internal controls over financial reporting as of December 31, 2016 and December 31, 2015.

Policy on Audit Committee Approval of Audit and non-Audit Services

The Audit Committee approves in advance all audit and non-audit services provided by the independent auditors prior to their engagement with respect to such services. The Audit Committee has delegated to its chairman the authority to pre-approve additional audit-related and non-audit services not prohibited by law to be performed by VSE's independent auditors and associated fees up to a maximum for any one non-audit service equal to the lesser of \$30,000 or 25% of the audit fees for VSE's most recent completed fiscal year, provided that the committee's chairman shall report any decisions to pre-approve such audit-related or non-audit services and fees to the full Audit Committee at its next regular meeting. The Audit Committee approved in advance all of the audit and non-audit services provided by the independent auditors in 2016 and 2015.

A representative of Ernst & Young LLP is expected to attend the Annual Meeting, will have an opportunity to make a statement, if he or she desires to do so, and will be available to respond to appropriate questions.

The Board unanimously recommends that stockholders vote "FOR" the proposal to ratify the appointment of Ernst & Young LLP to serve as VSE's independent registered public accounting firm for the year ending December 31, 2017.

AUDIT COMMITTEE REPORT

The Audit Committee consists of five non-employee directors (Mr. Lafond, Mr. Harvey, Mr. Kendall, Mr. Stultz and Ms. Wachtel), each of whom is considered an “independent” director for the purposes of the applicable rules of the SEC and NASDAQ. The Audit Committee’s responsibilities are set forth in its charter, a copy of which is available on VSE’s website, www.vsecorp.com. The Board and the Audit Committee believe that the Audit Committee members are and were at the time of the actions described in this report “independent” directors as independence is defined by NASDAQ Rule 4200(a) (15).

The Audit Committee has implemented the requirements of the Sarbanes-Oxley Act of 2002 and the Marketplace Rules of The NASDAQ Stock Market, Inc. with respect to the responsibilities of audit committees of public companies. Among other matters, the Audit Committee reviews procedures on internal control over financial reporting with management and with Ernst & Young LLP, the Company’s independent registered public accounting firm. The Audit Committee also discussed with Ernst & Young LLP the Company’s internal controls and the overall scope and specific plans for their audit.

The Audit Committee has reviewed and discussed with management VSE’s audited consolidated financial statements as of and for the year ended December 31, 2016 and the results of management’s assessment of the effectiveness of the Company’s internal control over financial reporting as of December 31, 2016 and the independent registered public accounting firm’s audit of internal control over financial reporting, and has discussed with VSE’s independent registered accounting firm the matters required to be discussed under Public Company Accounting Oversight Board (PCAOB) Auditing Standard 1301, Communications with Audit Committees.

The Audit Committee has received and reviewed the written disclosures and the letter from the independent registered accounting firm required by PCAOB Rule 3526, Communication with Audit Committees Concerning Independence, regarding the independent registered public accounting firm’s communications with the Audit Committee concerning independence, and has discussed with the auditors the auditors’ independence and considered whether the provision of non-audit services by the auditors is compatible with maintaining their independence.

COMPENSATION DISCUSSION AND ANALYSIS

OVERVIEW

Introduction

Founded in 1959, VSE Corporation (“VSE” or the “Company”) serves as a centralized managing and consolidating company for our diversified business operations. VSE is dedicated to making our federal and commercial clients successful by delivering innovative solutions for vehicle, ship, and aircraft sustainment, supply chain management, logistics, platform modernization, mission enhancement, program management, energy, IT, and consulting services (“government and commercial services”). The Company has historically generated strong stockholder returns over the long-term and is committed to continued long-term value creation for its stockholders. The government and commercial services markets are highly competitive. The Company’s continued ability to create long-term stockholder value is dependent on, among other things, our ability to attract and retain highly qualified executives in the government and commercial services markets, including the named executive officers in this Proxy Statement. As discussed in the following Compensation Discussion and Analysis, VSE’s compensation program has been designed to align its management with the Company’s commitment to long-term success and enhanced stockholder value.

Compensation Committee Philosophy

The principal objectives of our Board’s Compensation Committee (the “Committee”) are to (a) develop an executive compensation program that will attract and retain executive officers capable of leading and growing the Company in complex, competitive and changing industries; (b) promote from within when warranted, (c) maintain a compensation structure that is competitive and performance based, and (d) link total compensation to corporate goals and performance.

Compensation Program Components

The three key elements of our executive compensation program are:

- Base salary to compensate executives for services performed during the fiscal year;
- Annual performance-based monetary incentive to promote achievement of the Company’s profitability and return on stockholders’ equity targets as calculated by dividing the Company’s net income for the year by its total stockholders’ equity at the beginning of the year (“ROE”); and
- Long-term incentives, including deferred supplemental compensation and restricted stock awards to compensate executives for their contributions to the Company’s profitability and ROE.

Basis for Compensation Decisions

For our executives as a group, we generally target total compensation, including long-term incentives, on numerous factors, including level of responsibility, individual performance, Company performance, market competitive data, and prior experience.

Leadership Structure

During 2016, the Company was led and managed by Maurice A. Gauthier, as chief executive officer (“CEO”), president and chief operating officer. Officers reporting directly to Mr. Gauthier during 2016 included Thomas R. Loftus, as the Company’s chief financial officer, Thomas M. Kiernan as vice president and general counsel, Chad M. Wheeler, as the president and chief operating officer of our subsidiary Wheeler Bros., Inc., which conducts our Supply Chain

Management Group operations, and Joseph “JR” Brown, as president of our Federal Services Group. The following compensation discussion and analysis outlines the processes, elements and decisions regarding compensation for 2016 of VSE’s “named executive officers” being VSE’s principal executive officer, principal financial officer, and three most highly compensated executive officers, other than the principal executive officer and principal financial officer, who are serving as executive officers at the end of 2016. The five named executive officers are Messrs. Gauthier, Loftus, Kiernan, Wheeler and Brown (the “NEOs”).

OVERSIGHT AND AUTHORITY OVER EXECUTIVE COMPENSATION

Compensation Committee Composition and Duties

The Committee is composed of four independent directors as defined by the NASDAQ listing standards and described above in the “Board, Committees and Corporate Governance” section.

The Committee is responsible for reviewing and recommending for Board approval the compensation of our CEO (principal executive officer), chief financial officer (principal financial officer), and other executive officers, including the three other NEOs. The Committee is governed by a written charter adopted by the Board. The full text of the charter is available on VSE’s corporate website at www.vsecorp.com in the “Investor Information” section under Corporate Governance.

The following is a summary of the Committee’s key responsibilities regarding executive compensation:

- To review and provide the Board with recommendations regarding compensation programs for the Company’s executive officers, including the NEOs;
- To review and approve corporate goals and objectives relevant to the compensation of the NEOs and make recommendations to the Board for approval of total compensation for NEOs; and
- To provide recommendations to the Board regarding compensation of VSE’s non-employee directors.

Annual Compensation Review

In December of each year, the Committee meets to review the performance and compensation of our CEO and other NEOs.

In consultation with the CEO, the Committee reviews and approves the compensation of all other NEOs based on recommendations submitted by the CEO. In submitting these recommendations, the CEO evaluates the performance and recommends salary adjustments, bonuses, benefit plan participation, and all other elements of compensation of the NEOs. The Committee also reviews the prior year’s stockholder advisory vote on executive compensation. At the 2016 annual stockholders meeting, the stockholders fully endorsed the Committee’s compensation policies with a 98.5% approval vote with no suggested changes. The Committee has discretion in approving, disapproving or modifying any recommended salary adjustments or proposed awards to NEOs, subject to final Board approval.

Compensation Committee Philosophy and Pay-Setting Process

Total executive compensation is structured to attract and retain a superior management team consistent with our corporate strategic goal of recruiting and retaining top level executives. This is an essential element of our strategy to “promote from within” when warranted. Our approach emphasizes investing in high performing internal candidates for career development and advancement. The strategic intent is to produce a stronger management team over time rather than incurring market driven attrition resolved through external recruitment.

The Committee believes it is important to maintain a compensation structure that is sufficiently competitive to attract and retain executives, while maintaining compensation rates that permit us to compete effectively in the markets we serve. We measure our competitiveness by comparing our prices for products and services against competitor prices and by monitoring our ability to recruit and retain highly qualified executives available in our chosen markets.

Because our chosen markets compel us to routinely compete against much larger companies for work and the executive talent required to prevail and succeed in those markets, the committee considers the total compensation offered by those companies as one factor in setting total compensation at VSE. However, the executives at larger peer competitor companies are compensated for leading larger organizations of similar complexity with larger staffs. The compensation of executives at larger peer companies is, however, only one of numerous factors considered in establishing the compensation of our equivalent executives. In considering such comparisons, we take into account other factors such as revenue, headcount and net income at comparable divisions.

The Committee also believes it is important to maintain a compensation structure that is performance-based, such that approximately two-thirds of the total compensation target for each of our NEOs is performance driven based on achieving and exceeding pre-established targets for profitability and return on beginning stockholders' equity (ROE).

The Committee considers multiple factors, including those described above under "Basis for Compensation Decisions," when determining compensation levels for NEOs. These considerations compel the Committee to consider other relevant factors such as industry conditions, client satisfaction and operational performance. The next step is to factor our competitive short-term and long-term performance incentives into the total compensation equation. VSE's targeted short-term and long-term incentive compensation constitutes about two-thirds of total targeted potential compensation.

For the three-year period ending December 31, 2016, the percentages of total actual compensation of each component of our NEO compensation were approximately as follows (see the "Summary Compensation Table" below for actual amounts):

Actual NEO Compensation Components as Percentage of Total Compensation 2014-2016 Table

Compensation Components	Percentage of Actual Total Compensation 2014 - 2016 (1)
Base Salaries	45%
Performance-based monetary incentives (bonus)	20%
Long-term incentives--	
Deferred Supplemental Compensation and Restricted Stock	34%
Other compensation--	
401(k) Match	1%

Note to Percentage of Total Compensation Table

1. While our target for total potential compensation is approximately two-thirds incentive based, the table reflects the percentage of actual compensation earned during the three-year period.

Role of Compensation Consultant

The Committee has the authority to engage independent compensation consultants to assist in evaluating the compensation of NEOs, as well as to provide periodic reviews of the effectiveness and competitiveness of VSE's executive compensation structure. During 2014, 2015 and 2016, the Committee selected and retained Semler Brossy, which subsequently advised the Committee on a variety of compensation-related matters, including:

- Recommendations to establish and modify the Company's peer group;
- The appropriateness of potential modifications to the Company's bonus and long-term incentive plans, taking into account market trends and competitive practices;
- Pay levels and compensation mix for NEOs;
- Compensation and compensation mix for non-employee directors; and
- Emerging compensation trends.

In 2016, Semler Brossy received approximately \$70,919 in fees from the Company for the services described above, and provided an analysis of both our non-employee director and NEO compensation. Other than providing the services described above as a consultant to the Compensation Committee, Semler Brossy provided no other services to the Committee or otherwise to the Company in 2016. Semler Brossy received approximately \$22,965 in fees from the Company in 2015, and \$46,601 in fees from the Company for 2014.

Peer Companies and Survey Data

The government and commercial products and services markets are complex and competitive. The Committee believes that a competitive compensation package is an important tool in our efforts to attract and retain qualified executives with government and commercial products and services contracting experience. In determining total compensation for our NEOs, we consider competitive market data for a peer group of publicly traded companies. The Committee does not apply a formulaic approach to setting individual elements of the NEOs' compensation or their total compensation amounts and does not set compensation levels at any specific level or percentile against the peer group data described below. However, the Committee periodically reviews market compensation levels to determine whether the total compensation opportunity for the NEOs is appropriate in view of factors such as the compensation arrangements for similarly situated executives in the market and may make recommendations to the board as the Committee determines appropriate.

The peer group has historically been selected on the basis of comparable service offerings, market capitalization, revenues and profit margins. The nature of our highly decentralized and diverse lines of business complicates identifying similar organizations for comparison. Because of our business diversity relative to our size, we have difficulty identifying peer competitors within our markets with substantially similar financial performance metrics. Therefore, we include some peer companies that are not an ideal competitive fit relative to our markets, because they do provide more comparable financial results. The Committee has elected to use a larger peer group that was determined by Institutional Shareholder Services, Inc. (ISS) beginning in 2012. ISS uses a methodology that identifies several publicly traded companies in the services industry that are comparable to our current market capitalization, revenues and profit margins. This group of similarly sized peers provides a wide set of financial and compensation data used to attract and retain qualified executives. Total compensation levels for our NEOs are established at a competitive level relative to this group of companies. During 2017, the Compensation Committee and management will review the potential peers that are more consistent with our pivot from government markets to more commercial markets, with emphasis on supply chain management and maintenance, repair and overhaul services. We will monitor and evaluate potential peer companies that reflect our markets as well as the financial considerations mentioned above.

For 2016, the Committee primarily used the ISS identified peer group from 2015 as listed below. Taking into consideration recommendations made by our independent compensation consultant, we included Superior Industries International, Inc. and West Marine, Inc. as supply chain management peers having a market capitalization and revenue similar to VSE's market capitalization and revenue. In total, we identified and evaluated 14 companies for our 2016 peer companies.

2016 Peer Group

CRA International, Inc.	Huron Consulting Group Inc.
Ennis, Inc.	ICF International, Inc.
Exponent, Inc.	Navigant Consulting, Inc.
Franklin Covey Co.	Resources Connection, Inc.
GP Strategies Corporation	RPX Corporation
Heidrick & Struggles International, Inc.	Superior Industries International, Inc.

Hill International, Inc.

West Marine, Inc.

18

Taking into consideration recommendations made by our independent compensation consultant, in 2015, Barrett Business Services, Inc., Metalico, Inc., and RCM Technologies were included as ISS designated peers, but were removed in 2016 because of their negative Return on Equity (ROE) and/or low market value as compared to the other peers and VSE. For 2016, Ennis Inc. is a new ISS designated peer company.

In preparing analyses of pay levels and compensation mix, we also refer to other commercially available survey sources such as the World@Work 2015/2016 Salary Budget Survey.

Consideration of Risk

Our compensation programs are discretionary, balanced and significantly focused on the long term. Under this structure, the highest amount of compensation can be achieved only through consistent superior performance over sustained periods of time. In addition, some compensation is deferred or only realizable upon retirement. This provides strong incentives to manage the Company for the long-term, while avoiding excessive risk-taking in the short-term. Likewise, the elements of our targeted compensation are balanced among current cash payments, deferred cash payment and equity awards.

Additionally, to further align the interests of our executive officers with those of our stockholders in pursuit of long-term value enhancement, the Committee recommended and the Board approved Stock retention guidelines for directors, executive officers and other participants in VSE's 2006 Restricted Stock Plan as described below in the "Stock Retention Guidelines" section.

The Committee reviews the relationship between our risk management policies and practices and the incentive compensation we provide to our NEOs to confirm that our incentive compensation encourages taking prudent and avoiding unnecessary and excessive risks. The Committee also reviews the relationship between risk management policies and practices, corporate strategy and senior executive compensation.

EXECUTIVE COMPENSATION COMPONENTS

The three key elements of our executive compensation program are (a) base salary, (b) performance-based monetary incentives (Performance Bonus Plan and Executive Officer Incentive Compensation Plan), and (c) long-term incentives (Deferred Supplemental Compensation and Restricted Stock).

Base Salary

The Committee believes that one of the most effective ways to compete in the government and commercial products and services markets is to offer our executive officers a competitive base salary. The Committee analyzes each executive officer's compensation using the following process:

- Review the key executive positions within the Company in terms of scope and responsibility, job complexity, knowledge, experience required, and other relevant factors;
- Rank the executive positions on the basis of these factors to establish a logical relationship among them; and
- For other executive positions, establish salary ranges by utilizing applicable industry surveys.

The Committee considers benchmarks for each executive against similarly situated positions within our selected peer group companies. To clarify, the Committee does not set compensation levels as specific target levels of our peer group, but rather compares (or benchmarks) compensation with our peer group companies. In addition to such external market considerations, the Committee also considers internal pay equity among our executives, including the NEOs, for base salary planning. While the foregoing discussion of how the Committee determines base salaries

summarizes the material factors considered by the Committee, it is not intended to be exhaustive. The Committee did not find it useful to, and did not attempt to, quantify, rank or otherwise assign relative weights to these factors. The Committee conducted an overall analysis of the factors described above and considered the totality of the information presented to it, including discussions with our senior management.

Largely based on the independent compensation consultant analysis of the peer groups relative to current market practice, the Committee recommended and the Board approved 2017 base salary increases for the NEOs. The decision to increase salaries for Messrs. Gauthier, Loftus, Kiernan, Wheeler and Brown was based, in part, on their demonstrated strong leadership in challenging markets, as well as a combination of peer group adjustments and merit-based increases, with total compensation serving as the basis for peer comparisons.

The base salary increases for 2017 are as follows: Mr. Gauthier from \$730,000 to \$780,000; Mr. Loftus from \$320,958 to \$337,006; Mr. Kiernan from \$256,649 to \$282,314; Mr. Wheeler from \$275,000 to \$301,125; and Mr. Brown from \$200,000 to \$220,000.

Base Salaries of Named Executive Officers 2015 - 2017 Table

Named Executive Officer	2015	2016	2017
Maurice A. Gauthier	700,000	730,000	780,000
Thomas R. Loftus	311,610	320,958	337,006
Thomas M. Kiernan	249,174	256,649	282,314
Chad M. Wheeler	250,000	275,000	301,125
Joseph R. Brown	170,110	200,000	220,000

Subsequent Committee Actions for 2017:

In December 2016, the Committee also approved the CEO’s recommendation to increase the non-NEO officers’ 2017 base salary compensation by 2.75%.

PERFORMANCE-BASED MONETARY INCENTIVE COMPENSATION

The actual incentive compensation payable under our Performance Bonus Plan and Executive Officer Incentive Compensation Plan, Deferred Supplemental Compensation Plan and Restricted Stock Plan described below reduces the Company’s consolidated net income that is used to calculate the aggregate incentive compensation amounts that are payable under each of such incentive plans.

Bonus Incentives

Performance based incentive compensation is awarded to VSE’s officers participating in either (but not both of) the Company’s performance bonus plan or executive officer incentive compensation plan (the “Executive Incentive Plan”). The Committee recommended and the Board adopted a performance bonus plan based on achieving annual financial results in excess of financial thresholds established by the Committee and approved by the Board at the beginning of each year (the “Bonus Plan”). After having been recommended by the Committee, the Executive Incentive Plan was approved by the Board in March 2016 and by the stockholders in May 2016. The Executive Incentive Plan is intended to provide specified executive officers with incentive compensation based on the Company’s financial performance to enhance stockholder value in a manner substantially similar to the Bonus Plan and to utilize the deductibility for VSE’s federal income tax purposes of any bonuses paid by the Company under such plan. Our bonus pool for corporate executives (except for group or subsidiary presidents), officers and corporate staff is determined by achieving a certain return on beginning stockholders’ equity calculated by dividing VSE’s net income for the year by the stockholders’ equity as of the beginning of the year (“ROE”). Each year the Committee recommends, and the Board approves, a ROE maximum target range, including minimum and maximum thresholds.

In December 2016, the Committee recommended and the Board approved, the awarding of performance bonuses to the NEOs under the Executive Incentive Plan for VSE’s fiscal year ending December 31, 2016. These bonus amounts ranged from 20% of base salary for achieving a ROE of 10% to a maximum 125% of base salary for Messrs. Gauthier, Loftus and Kiernan for achieving a ROE of 22% or more. Mr. Wheeler and Mr. Brown’s bonuses, also up to a maximum of 125% of base salary, are determined by operating income thresholds established for their respective groups. The maximum eligible bonus potential for the Executive Incentive Plan year 2016 is set forth below.

Name	Maximum Bonus Potential
Maurice A. Gauthier	\$912,500
Thomas R. Loftus	\$401,198
Thomas M. Kiernan	\$320,811
Chad M. Wheeler	\$343,750
Joseph R. Brown	\$250,000

In determining performance based incentive compensation for 2016, the Committee and the Board approved 11.7% as VSE’s actual ROE for 2016, as compared to the maximum ROE corporate target of 22%. The aggregate annual performance bonuses under the Bonus Plan and Executive Incentive Plan were approximately \$3.5 million. Specific amounts paid to NEOs under the Executive Incentive Plan are reported in the “Summary Compensation Table” below under the heading “Non-equity Incentive Plan Compensation.”

The goals consist principally of operating income targets for operating group executives, and ROE targets for corporate staff, corporate officers and corporate executives. The CEO, chief financial officer and three other NEOs participate in the Executive Incentive Plan. To participate in the Bonus Plan or Executive Incentive Plan, an executive must be an employee during the fiscal year that the bonus payment is earned and subsequently when the bonus payment is payable. During 2016 the pool thresholds were established as follows:

The bonus pool for operating group executives, including group presidents, is determined by each groups’ cumulative operating income thresholds. The groups’ cumulative operating income thresholds are based on a minimum ROE of 10%. Individual operating group executives’ bonuses are capped at 125% of salary.

The bonus pool for corporate staff, corporate officers, and corporate executives is determined as a percentage of salary based on a ROE at a 10% minimum threshold. Individual administrative bonuses are capped at 22% of salary for corporate staff, 80% of salary for a majority of the non NEO corporate officers and 125% of salary for NEOs, including the CEO and chief financial officer.

As ROE equals or increases above the 10% minimum threshold, the bonus pool is created and will continue to increase as ROE (net of all compensation costs) increases up to the maximum target of 22%. At year end, the Committee exercises its discretion in how much of the pool to allocate to both operations personnel and corporate staff based, in part, upon executive management’s recommendation and the Company’s overall performance. Because the actual ROE for 2016 was approximately 11.7% compared to the maximum bonus pool target based on a 22% ROE, the NEOs, other corporate officers and corporate staff received bonus amounts that were substantially less than their maximum bonus targets.

Subsequent Committee Actions for 2017:

In December 2016, the Board approved minimum and maximum ROE targets of 10% and 17%, respectively, for the 2017 bonus pool under the Bonus Plan and Executive Incentive Plan. For 2017, a ROE of less than 10% will

result in no performance bonus for the corporate staff, and non-operational officers or executive officers, including non-operational NEOs (Messrs. Loftus and Kiernan). For 2017 the pool thresholds were established as follows:

The bonus pool for corporate staff, corporate officers, and corporate executives is determined as a percentage of salary based on a minimum threshold of a 10% ROE for the performance year. Individual administrative bonuses are capped at 22% of salary for corporate staff, 85% of salary for a majority of the non NEO corporate officers, 125% of salary for group presidents and NEOs.

In consultation with the group presidents and the chief financial officer, the CEO will determine the threshold for establishing the annual bonus pool for each operating group based on their respective actual financial results from the prior year as well as other factors. Beginning in 2016, the individual operating group bonus pool is no longer correlated to the corporate ROE performance.

The CEO maintains discretion on annual performance bonus allocation (except for the CEO), which is principally based on ROE for all administrative NEO's and staff. Once the bonus pool is determined using the ROE methodology, the CEO will determine the amount distributed to each administrative NEO, taking into consideration performance execution and market factors. The CEO will determine operating income thresholds for each operating group which determines the bonus pool amount distributed to such operating group.

For 2016, although our subsidiary Wheeler Bros., Inc. (WBI), which conducts our Supply Chain Management Group operations, did not meet its minimum operating income threshold, the CEO recommended, and the Compensation Committee and Board approved, a reduced bonus pool compared to 2015 for WBI based on overall revenue and operating income contribution for the Company.

Long-Term Incentive Compensation

VSE provides long-term incentive compensation to its NEOs in consideration of their contributions to the Company's profitability and ROE. The two components of the Company's long-term incentive program are the Deferred Supplemental Compensation Plan and the 2006 Restricted Stock Plan.

Deferred Supplemental Compensation

VSE has a nonqualified Deferred Supplemental Compensation Plan ("DSC Plan") for certain VSE corporate officers, including NEOs and other key management representatives. The objective of the DSC Plan is to compensate executives for their contribution to VSE's profitability. The DSC Plan provides, at the Board's discretion, for an incentive pool to be created through an annual contribution to the plan not to exceed 12% of VSE's consolidated net income for the year. Each participant's potential allocation from the annual contribution bears the same percentage of the annual contribution as that participant's salary bears to total annual participant salaries.

Benefits are payable to participants on retirement or resignation, subject to a vesting schedule, two-year non-competition agreement and other plan provisions, or on a change of control of VSE as described in the "Employment Contracts and Severance Agreements" section below. The Board believes the vesting schedule and completion of the non-competition agreement prior to receiving a distribution create an additional benefit of promoting executive retention.

In December 2016, the Committee recommended and the Board approved an annual contribution of 8% of VSE's consolidated net income for 2016 to constitute the DSC Plan pool for 2016. Eight percent of VSE's 2016 net income as adjusted below, is approximately \$1.8 million, which was the amount authorized in December 2016 and allocated to 30 participant accounts, including a total of approximately \$570 thousand allocated to NEOs. The Committee recommended and the Board approved that the DSC awards may not exceed 32% of the participant's annual salary.

Subsequent Committee Actions for 2017:

In December 2016, the Committee recommended and the Board approved an annual contribution of 8% of VSE's consolidated net income for VSE's fiscal year ending December 31, 2017 to constitute the DSC Plan pool for 2017. The Committee recommended and the Board approved that the DSC awards may not exceed 32% of the participant's annual salary.

Restricted Stock

The Committee believes that compensating executives with restricted VSE Stock pursuant to VSE's 2006 Restricted Stock Plan promotes a long-term focus on the Company's operational and financial performance and provides our executives with a means to establish an equity stake in the Company that will further align their interests with our stockholders' interests. In addition, the vesting provisions and other restrictions on sale of the equity awards encourage executive retention. The Restricted Stock Plan for executives includes a three-year vesting schedule and two-year stock sales restriction period.

Under the Restricted Stock Plan, a dollar-denominated award equal to a percentage of a participant's base salary can be earned based on the Company's level of achievement of ROE targets. For 2016 the awards could range from 30% of base salary for a 10% ROE to 90% of the base salary for an ROE of 16% and higher for NEOs other than the CEO, and the award could range from 35% of base salary for a 10% ROE to 135% of base salary for the CEO for a ROE of 16% or higher.

For 2016, VSE's actual ROE was approximately 11.7% compared to the maximum target of 16%. The CEO was awarded restricted Stock equal to 60.5% of his base salary compared to the maximum target of 135% of his base salary for 2016 subject to vesting and other restrictions, as reported in the "Compensation of Chief Executive Officer" section below. NEOs other than the CEO were awarded restricted Stock under the Restricted Stock Plan equal to 47% of their base salary for 2016 compared to the maximum target of 90%, subject to vesting and other restrictions. Specific amounts awarded to the NEOs for 2016 under the Restricted Stock Plan are reported in the Summary Compensation Table below under the heading "Stock Awards." The following table displays potential restricted Stock Awards based on ROE performance for 2016.

Subsequent Committee Actions for 2017:

The following table displays potential restricted Stock awards based for 2017 on ROE performance for the NEOs other than the CEO and for the CEO.

In 2014, the Board and stockholders approved amendments to the Restricted Stock Plan that extended its term to May 2021, and increased by 500,000 shares the VSE stock authorized for issuance under the plan.

Awards made under the Restricted Stock Plan are subject to Committee authorization based on audited financial results, including total compensation costs, competitiveness of total executive compensation and other factors determined by the Committee and Board. The Committee may, in its sole discretion, reduce or totally eliminate an award to the extent it determines that such reduction or elimination is appropriate under facts and circumstances the Committee deems relevant.

Other Compensation

VSE executive officers, including NEOs, are eligible to participate in the VSE Employee 401(k) Plan, which is an Internal Revenue Service qualified plan available to all eligible employees.

During 2016, VSE paid a 401(k) matching contribution equal to 100% of the employee deferral on the first 3% of the employee pay deferred and 50% of the employee deferral on the next 2% of the employee pay deferred, with all such contributions fully vested when made.

Specific amounts contributed to the VSE 401(k) Plan on behalf of the NEOs are included in the “Summary Compensation Table” under the heading “All Other Compensation.”

VSE does not provide any of its executives, including the NEOs, with perquisites or other personal benefits having a total annual value in excess of \$10,000. The Committee periodically reviews the levels of perquisites and other personal benefits provided to the NEOs.

COMPENSATION OF CEO

Mr. Gauthier has served as VSE’s CEO, president, and chief operating officer since April 2008, and as a Board member since April 2009. His activities include leadership in developing and managing the Company’s strategies, overseeing all of the Company’s major business and staff units, and guiding and developing VSE’s senior management.

Compensation Awarded for 2016

In December 2015, the Committee recommended and the Board approved the following compensation for 2016 for Mr. Gauthier: (a) \$730,000 in base salary, (b) participation in the DSC Plan (subject to an aggregate annual contribution not to exceed 8% of its consolidated net income for 2016 and for all participants in the plan) and limiting awards so as not to exceed 32% of base salary, (c) a participation in the Executive Incentive Plan of up to 125% of Mr. Gauthier’s base salary for 2016 (or a maximum bonus of \$912,500), and (d) an award under the Restricted Stock Plan of restricted VSE Stock in an amount of up to 135% of his base salary for 2016 (or a maximum of \$985,500). Mr. Gauthier participated in the Executive Incentive Plan (but not in the Bonus Plan), as approved by the stockholders in May 2016.

Compensation Approved for 2017

In December 2016, the Committee recommended and the Board approved the following compensation for 2017 for Mr. Gauthier: (a) \$780,000 in base salary, (b) participation in the DSC Plan (subject to an aggregate annual contribution not to exceed 8% of its consolidated net income for the 2017 fiscal year and for all participants in the plan) and limiting awards so as not to exceed 32% of base salary, (c) a participation in the Executive Incentive Plan of up to 125% of Mr. Gauthier’s base salary for 2017 (or a maximum bonus of \$975,000), and (d) an award under the

Restricted Stock Plan of restricted VSE Stock in an amount of up to 135% of his base salary for 2017 (or a maximum of \$1,053,000).

OTHER COMPENSATION POLICIES

Employment Contracts and Severance Agreements

CEO

On December 14, 2016, VSE and Mr. Gauthier amended their employment agreement, dated December 6, 2013 to provide that Mr. Gauthier will continue to serve as VSE's CEO, president and chief operating officer until March 31, 2019, unless the amended agreement is terminated earlier. The employment agreement may be terminated earlier by Mr. Gauthier or the Company, with or without cause, upon prior notice.

If Mr. Gauthier's employment terminates by reason of his death or disability, he will be entitled to payment of (a) his base salary then in effect for 365 days following the date of his death or disability and (b) a lump sum equal to his annual bonus amount for the year in which termination occurs, based on an estimate of the Company's performance for the period before termination, as determined by the Committee and the terms of the Company's annual bonus or incentive plan, prorated to reflect the number of days out of 365 during which Mr. Gauthier was employed during the year of termination, subject to subsequent reconciliation with the Company's actual performance for the entire year in which termination occurs (the "Annualized Performance Bonus").

If Mr. Gauthier's employment is terminated without cause or if he resigns for good reason (other than during a change in control period), he will be entitled to receive a lump sum equal to (a) two times his base salary and (b) the Annualized Performance Bonus. If Mr. Gauthier's employment is terminated without cause or if he resigns for good reason during a change in control period, he will be entitled to receive a lump sum equal to (a) the lesser of three times his base salary or such lesser amount as would not trigger the application of Section 280G of the Internal Revenue Code and (b) the Annualized Performance Bonus. In either event, Mr. Gauthier would also be entitled to medical and hospitalization benefits for 18 months after termination, all compensation and other benefits accrued as of the termination date, the vesting of all outstanding restricted Stock and of all unvested rights under the DSC Plan. If Mr. Gauthier's employment agreement expires, such expiration would not be treated as a termination without cause for severance purposes.

Other NEOs

The Company has also entered into an employment agreement with Mr. Loftus and a severance agreement with Mr. Kiernan. These agreements are designed to promote stability and continuity of senior management. Information regarding applicable payments under these agreements is also summarized in the "Executive Compensation" section below under the caption "Potential Payments on Termination or Change of Control."

Payments Made On Termination

On termination of Mr. Loftus' or Mr. Kiernan's employment with VSE, he will be entitled to receive amounts earned during his term of employment, including salary through date of termination, unused vacation pay and reimbursement for company business and travel expenses. If VSE terminates Mr. Loftus' employment without cause before expiration of the term thereof under his employment agreement, Mr. Loftus will be entitled to a lump sum severance payment equal to his then annual base salary. If VSE terminates Mr. Kiernan's employment without "Cause" or he resigns for "Good Reason" (as such terms are defined in his severance agreement), Mr. Kiernan will be entitled to a severance benefit equal to continuation of his base salary for 12 months.

Mr. Loftus and Mr. Kiernan also will retain a vested interest in and will be entitled to receive payment in accordance with respective plan documents and other applicable procedures, restrictions (such as termination-for-cause), and expiration dates in respect of his 401(k) account, DSC Plan account and restricted Stock.

Mr. Loftus and Mr. Kiernan are also entitled to continue participation in our group health plans for a period of 18 months (COBRA continuation coverage) following termination on payment of 102% of the monthly premium charged to us for such coverage. We have no executive-only health benefit plans.

Payments Made On Death or Disability

In addition to the benefits listed under the headings “Payments Made On Termination” and “Payments Made On Retirement” above, in the event of Mr. Loftus’ death or disability, his designated beneficiary or he, as the case may be, will be paid his base salary then in effect for one full year following the date of death or disability.

Payments Made On Change of Control

VSE’s employment agreement with Mr. Loftus provides if a change of control of VSE occurs, Mr. Loftus may terminate the employment agreement on 30 days’ notice. If Mr. Loftus’ employment is terminated following a change of control, in addition to the benefits listed above under “Payments Made on Termination,” Mr. Loftus will receive a lump sum payment equal to his base salary; full vesting and payment of his DSC Plan account and Restricted Stock Plan benefits.

Pursuant to Mr. Loftus’ agreement, a change of control is deemed to have occurred on the occurrence of any of the following events:

- 30% or more of the outstanding VSE Stock is acquired beneficially by one or more persons acting together in concert or otherwise;
- A cash tender or exchange offer is completed for an aggregate of 40% or more of the outstanding VSE Stock;
- Our stockholders approve an agreement to merge, consolidate, liquidate, or sell all or substantially all of our assets, unless after the merger or consolidation, VSE is the surviving corporation and more than 50% of the outstanding VSE Stock is beneficially owned by existing VSE stockholders immediately before the merger, consolidation or asset sale; or
- Two or more directors are elected to the Board without having previously been nominated and approved by the Board members immediately prior to such election.

Executive Compensation Recovery

In March 2014, the Board approved a provision, sometimes referred to as a clawback provision, where in the event of a material misstatement of the Company’s financial statements, as determined by the Company and confirmed by the Company’s independent auditors, the Board, in its sole discretion, may direct the Company to recover all or a portion of incentive based compensation (including bonus payments, restricted Stock awards, and deferred supplemental compensation awarded to a current or former participant in the Plan). Notwithstanding the foregoing, this statement shall only apply to (a) a current or former participant who, as determined by the Board, was an “officer” (as defined in Section 16 of the Securities Exchange Act of 1934, as amended) of the Company at the time of the award or anytime thereafter, and (b) a material misstatement of the Company’s financial statements that occurred within three years preceding the date on which the Company is required to prepare a restatement.

STOCK RETENTION GUIDELINES

To ensure alignment of the interests of our directors and executive officers with those of our stockholders, the Committee recommended and the Board approved Stock Retention Guidelines for directors and Restricted Stock Plan participants. Beyond the normal vesting schedule and two-year Stock sales restriction period, it is the Board’s sense that the guidelines for restricted stock retention be phased in over time. It is also the Board’s intent that these

guidelines be subject to annual Board review and, under certain circumstances, be subject to Board waiver. The recommended guidelines for the retention of restricted Stock are as follows:

Directors: each current director will be expected to retain VSE Stock of market value equivalent to five years of the director's cash portion of his or her annual retainer. Any director appointed after the date of these guidelines will be expected to retain at least as much VSE Stock as the director's earned cumulative cash retainer until such time the market value of his or her VSE Stock is equal to at least five years of the director's cash portion of the retainer.

Management Team:

CEO: the CEO is expected to retain VSE Stock of market value equal to five years of the CEO's current base salary.

Other NEOs: Each of the other NEOs is expected to retain VSE Stock with a market value equal to three years of the NEO's current base salary.

Corporate Officers other than NEOs: Each of these officers is expected to retain VSE Stock with a market value equal to two years of his or her current base salary.

Other Restricted Stock Plan participants: Each of these officers is expected to retain VSE Stock with a market value equal to one year of his or her current base salary.

While both directors and officers are expected to maintain their VSE Stock positions as outlined above, these guidelines are not intended for directors or officers to be obligated to purchase stock on the open market to rebalance their holdings that may fall below the suggested guidelines referenced above as a result of unusual swings in the market value of VSE Stock during any particular period.

New directors and officers will be expected to retain their allocated stock to achieve over time the suggested holding thresholds referenced above, but they will not be required to purchase VSE Stock on the open market to achieve such thresholds.

If non-employee directors remain in compliance with the Stock Retention Guidelines, they are permitted to designate, on a share by share basis, tradable VSE shares they own that will be subject to the two-year restriction period under the Restricted Stock Plan in lieu of holding restrictive Stock that would otherwise be subject to the two-year transfer restrictive period.

Tax Deductibility

The Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended, which provides that companies may not deduct compensation of more than \$1,000,000 that is paid to certain individuals. We believe that compensation paid under our incentive plans is generally fully deductible for federal income tax purposes, except that a small portion of the CEO's compensation was not deducted for tax for 2015. However, in certain situations, the Committee may approve compensation that will not meet these requirements to ensure competitive levels of total compensation for its executive officers. For 2014, 2015 (except as noted above) and 2016, we believe that all compensation paid to the NEOs is deductible for federal income tax purposes, except for DSC contributions that may not be deducted until distributed in accordance with Internal Revenue Service regulations.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed the preceding Compensation Discussion and Analysis and the Chairman of the Committee has discussed its contents with VSE management. Based on the review and discussions, the Committee has recommended to the Board that this Compensation Discussion and Analysis be included in the Proxy Statement.

Notes to Outstanding Equity Awards Table

¹ All options that were granted to the NEOs under VSE's 2004 Stock Option Plan had been exercised or expired on or before December 31, 2009. Therefore, no option data appears in the Table.

As discussed above, the Restricted Stock Plan provides for dollar-denominated awards that are subject to a three-year vesting schedule: one-third of the award vests after completion of VSE's annual financial audit and one-third on each of the next two anniversaries of such initial vesting date. As each third of the dollar-denominated award vests, the award is converted into restricted VSE Stock based on the fair market value (closing market price) of VSE Stock at the date of conversion. Accordingly, the number of shares of restricted Stock that have not vested is not currently determinable (see discussion above under "Executive Compensation Components-Long-Term Incentive Compensation"). The aggregate dollar-denominated value of all such awards that have not vested as of December 31, 2016, is reported in column (j) of the table.

Narrative to Outstanding Equity Awards Table

On December 30, 2005, the Board discontinued awarding options to purchase VSE Stock. Options outstanding as of December 30, 2005, were not affected by this Board action and, as of December 31, 2009, all of such options had been exercised or had expired. See discussion above under “Executive Compensation Components-Long-Term Incentive Compensation.”

Mr. Brown-162 shares. The value realized on vesting reported in column (e) represents the number of vested shares acquired valued at the closing market price for VSE Stock (\$31.88 per share) on the vesting date (March 1, 2016), excluding the shares withheld for the minimum amount of taxes required to be withheld by the Company under applicable law.

Pension Benefits

VSE does not provide pension arrangements or post-retirement health coverage for executives and employees. VSE and each of its wholly owned subsidiaries sponsor participation in the VSE Employee 401(k) Plan and each of VSE subsidiaries Energetics Incorporated and Akimeka, LLC sponsors a profit sharing plan, but no money was contributed to either plan for 2016. Each of the plans are IRS-qualified, defined contribution, money-purchase plans. VSE also has a nonqualified deferred compensation plan as discussed below.

Joseph R. Brown	245,960	102

Narrative to Nonqualified Deferred Compensation Table

We have a nonqualified, noncontributory Deferred Supplemental Compensation Plan ("DSC Plan") for all of our officers, which was adopted by the Board in 1994. The DSC Plan provides, at the Board's discretion, for an annual

contribution to the plan not to exceed 12% of our consolidated net income for the year. Each officer's allocation from the annual contribution bears the same percentage to the annual contribution as that officer's salary bears to total annual officer salaries. For 2016 an annual contribution of 8% of our consolidated net income (approximately \$1.8 million, as adjusted) was authorized and allocated to 32 participant accounts, including a total of approximately \$570,400 allocated to the NEOs' accounts.

Benefits under the plan are payable to the participant on retirement or resignation, subject to a vesting schedule, non-competition agreement, and other plan provisions, or if a change of control of VSE occurs. Our contributions to the DSC Plan are irrevocable and shall be used to pay benefits under the plan, subject to the claims of our general creditors.

Our annual contribution to the DSC Plan is deposited in a plan trust. The aggregate annual contribution is allocated for the benefit of each of the participants and credited to each of their respective Employer Contribution Accounts. Participants make investment elections for their respective account balances and annual contributions from a group of life insurance (COLI) investment funds managed by Lincoln Financial Group.

Potential Payments on Termination or Change of Control Table

The following table sets forth potential payments to our NEOs on termination of employment or a change of control of VSE. The amounts shown assume that such termination or termination on change of control was effective as of December 31, 2016, and are estimates of the amounts that would be paid to the NEOs on their termination. The actual amounts to be paid can only be determined at the time of such NEO's separation from VSE or any of our subsidiaries.

Notes to Potential Payments on Termination or Change of Control Table

The table excludes information with respect to contracts, agreements, plans, or arrangements to the extent they do not discriminate in scope, terms, or operation in favor of executive officers and that are available generally to all salaried employees—for example, qualified benefit plan distributions and payment for unused vacation pay.

2. The information regarding Mr. Gauthier is based on his amended and restated employment agreement with VSE, effective as of January 1, 2014, which provides in the event of a termination on a change of control, that Mr. Gauthier would be paid (a) a severance payment equal to the lesser of (i) three times his base salary in effect as of the termination date or (ii) such amount as would not trigger the application of Section 280G of the Internal

Revenue Code and (b) an annualized performance bonus for the year in which the termination occurred, based on an estimate of VSE's performance for the period before the termination date, as determined by the Compensation Committee, and on the terms and conditions of VSE's annual bonus plan, and prorated to reflect the number of days out of 365 during which Mr. Gauthier was employed by VSE during the year of termination.

Proposal No. 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Securities Exchange Act of 1934, as amended (the “Exchange Act”) requires that we include in this Proxy Statement a non-binding advisory stockholders vote on our executive compensation as described in this Proxy Statement (commonly referred to as “Say-on-Pay”).

We encourage stockholders to review the “Compensation Discussion and Analysis” and the “Executive Compensation” sections of this Proxy Statement. VSE’s consistent stockholders’ value creation over the long term is reinforced by and aligned with the executive compensation program. We believe the program strikes the appropriate balance between utilizing responsible, measured pay practices and effectively incentivizing our executives to dedicate themselves fully to value creation for our stockholders. This balance is evidenced by the following:

We provide a significant part of executive compensation in performance based incentives, including bonus awards and performance VSE Stock. Payouts of performance Stock are based on achievement of financial objectives over three years and are capped at 100% of the Stock awards;

• We have annual award and three-year payout cycles for performance Stock;

• We respond to economic conditions appropriately, such as holding base salaries and bonuses of the NEOs in 2012, reflecting lower year-over-year results; and

• We do not provide tax gross-ups to our NEOs.

The Board strongly endorses the Company’s executive compensation program and recommends that the stockholders vote in favor of the following resolution:

RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the NEOs as described in this Proxy Statement under “Compensation Discussion and Analysis” and “Executive Compensation,” including the related tabular and narrative disclosure contained in this Proxy Statement.

Because the vote is advisory, it will not be binding upon the Board or the Compensation Committee and neither the Board nor the Compensation Committee will be required to take any action as a result of the outcome of the vote on this proposal. The Compensation Committee will, however, carefully consider the outcome of the vote when considering future executive compensation arrangements.

The approval of the advisory resolution on the Company’s compensation of executive officers requires the affirmative vote of a majority of the Stock present, in person or by proxy, and entitled to vote at the Annual Meeting.

The Board unanimously recommends that stockholders vote “FOR” the approval of the Company’s executive compensation.

Proposal No. 4

VOTE ON FREQUENCY OF ADVISORY VOTES ON EXECUTIVE COMPENSATION

As mentioned above, the Exchange Act requires that we include, at least every third year, a separate non-binding stockholder vote to advise on whether the Say-on-Pay vote should occur every one, two or three years. You have the option to vote for any one of the three options, or to abstain on the matter.

After careful consideration of this proposal, our Board has determined that an advisory stockholders vote on executive compensation that occurs once every year is the most appropriate alternative for our Company at this time, and therefore our Board recommends an annual stockholders vote for the advisory vote on executive compensation. Also, we welcome communications with our stockholders as frequently as possible to be advised on matters that concern them.

In formulating its recommendation, our Board considered that an annual advisory stockholders vote on executive compensation provides the highest level of communication with our stockholders by allowing them to provide us with their direct input on our NEOs, as disclosed in VSE's proxy statement, every year. Additionally, an annual advisory vote on executive compensation is consistent with our belief that engagement with our stockholders is a component of our corporate governance and our practice of seeking input from, and engaging in discussions with, our stockholders on corporate governance matters.

In the future we may determine that a less frequent advisory vote is appropriate, either in response to the vote of our stockholders on this proposal or for other reasons.

Stockholders may cast their vote on the preferred voting frequency by choosing the option of one year, two years, three years or abstain from voting when voting on this proposal. The option of one year, two years or three years that receives a majority of votes cast by stockholders will be the frequency for the advisory vote on executive compensation that has been recommended by stockholders. However, because this vote is advisory and not binding on our Board in any way, our Board may decide that it is in the best interests of our stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the option approved by our stockholders.

The Board unanimously recommends that stockholders vote to conduct an advisory stockholders vote the Company's on executive compensation every year.
