Fellow Stockholders:

On behalf of the Board of Directors and management of Pacific Premier Bancorp, Inc. (the “Company”), you are cordially invited to attend the 2019 Annual Meeting of Stockholders of the Company (“Annual Meeting”). The Annual Meeting will be held on Monday, May 20, 2019, at 9:00 a.m., Pacific Time, at the Company’s corporate headquarters located at 17901 Von Karman Avenue, Suite 1200, Irvine, California 92614.

The attached Notice of the Annual Meeting (“Notice”) and Proxy Statement describe in greater detail all of the formal business that will be transacted at the Annual Meeting. Directors and officers of the Company will be present at the Annual Meeting to respond to any questions that you may have regarding the business to be transacted.

The Company’s Board of Directors has determined that each of the proposals that will be presented to the stockholders for their consideration at the Annual Meeting are in the best interests of the Company and its stockholders, and unanimously recommends and urges you to vote “FOR” each director nominee, “FOR” the approval, on a non-binding advisory basis, of the compensation of the Company’s named executive officers, and “FOR” ratification of Crowe LLP as the Company’s independent auditor for the fiscal year ending December 31, 2019. If any other business is properly presented at the Annual Meeting, the proxies will be voted in accordance with the recommendations of the Company’s Board of Directors.

We are distributing our proxy materials to stockholders via the Internet under the “Notice and Access” rules of the U.S. Securities and Exchange Commission. We believe this expedites stockholders’ receipt of proxy materials, lowers the annual meeting costs and conserves natural resources. As a result, we are mailing to many stockholders a Notice of Internet Availability of Proxy Materials (“Notice of Internet Availability”), rather than a paper copy of the Proxy Statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2018. The Notice of Internet Availability contains instructions on how to access the proxy materials online, vote online and obtain, if desired, a paper copy of our proxy materials. The Notice of Internet Availability is not a proxy card and cannot be used to vote your shares. You will not receive paper copies of the proxy materials unless you request the materials by following the instructions on the Notice of Internet Availability or on the website referred to on the Notice.

Your vote is very important. We encourage you to attend the Annual Meeting in person if it is convenient for you to do so. If you are unable to attend, we encourage you to vote via the Internet, telephone or sign and return your proxy card prior to the meeting, so that your shares of common stock will be represented and voted at the Annual Meeting even if you cannot attend.

On behalf of the Board of Directors and all of the employees of the Company, we thank you for your continued support.

Best Regards,
Steven R. Gardner
Chairman, President and Chief Executive Officer

PROXY STATEMENT

GENERAL INFORMATION

For the 2019 Annual Meeting of Stockholders
To Be Held on Monday, May 20, 2019

Our Board of Directors is soliciting proxies to be voted at our 2019 Annual Meeting of Stockholders (“Annual Meeting”) on May 20, 2019, at 9:00 a.m., Pacific Time, to be held at our corporate headquarters located at 17901 Von Karman Avenue, Suite 1200, Irvine, California 92614, for the purposes set forth in the Proxy Statement.

As used in this Proxy Statement, the terms “Company,” “we,” “us” and “our” refer to Pacific Premier Bancorp, Inc., the term “Bank” refers to Pacific Premier Bank and the terms “Board of Directors” and “Board” refers to the Board of Directors of the Company or the Bank, as the case may be.

Questions and Answers about these Proxy Materials and the Annual Meeting

Question: What is the Notice of Internet Availability of Proxy Materials that I received in the mail and why am I receiving it?

Answer: In accordance with rules adopted by the Securities and Exchange Commission (the “SEC”), except for stockholders who have requested otherwise, we have generally mailed to our shareholders a Notice of Internet Availability of Proxy Materials (the “Notice of Internet Availability”). The Notice of Internet Availability provides instructions either for accessing our proxy materials, including this Proxy Statement and the 2018 Annual Report, which includes our annual report on Form 10-K for the year ended December 31, 2018 (the “2018 Annual Report”), at the website address referred to in the Notice of Internet Availability, or for requesting printed copies of the proxy materials by mail or electronically by e-mail. If you would like to receive a paper or e-mail copy of our proxy materials either for this 2019 Annual Meeting or for all future meetings, you should follow the instructions for requesting such materials included in the Notice of Internet Availability we mailed to you.

Our Board provided the Notice of Internet Availability and is making the proxy materials available to you in connection with our 2019 Annual Meeting, which will take place on May 20, 2019. As a stockholder of record as of March 26, 2019 (the “Record Date”), you are invited to attend the 2019 Annual Meeting and are entitled to, and requested to, vote on the proposals described in this Proxy Statement.

Question: What information is contained in the Proxy Statement?

Answer: This information relates to the proposals to be voted on at the Annual Meeting, the voting process, compensation of our directors and most highly paid executives, and certain other required information.

Question: How can I access the Company’s proxy materials and annual report electronically?

Answer: The Proxy Statement, form of proxy and annual report are available at www.proxyvote.com and from our corporate website at www.ppbi.com using the “Investors” section. To view this material, you must have available the 16-digit control number located on the proxy card or, if shares are held in the name of a broker, bank or other nominee, the voting instruction form.

Question: Who is soliciting my vote pursuant to this Proxy Statement?

Answer: Our Board of Directors is soliciting your vote at the Annual Meeting.

Question: Who is entitled to vote?

Answer: Only stockholders of record at the close of business on the Record Date will be entitled to vote at the Annual Meeting.

Table of Contents

Question: How many shares are eligible to be voted?

Answer: As of the Record Date, we had 62,773,299 shares of common stock outstanding. Each outstanding share of our common stock will entitle its holder to one vote on each of the nine (9) director nominees to be elected and one vote on each other matter to be voted on at the Annual Meeting.

Question: What am I voting on?

Answer: You are voting on the following matters:

The election of nine (9) director nominees. Our director nominees are John J. Carona, Ayad A. Fargo, Steven R. Gardner, Joseph L. Garrett, Jeff C. Jones, M. Christian Mitchell, Michael J. Morris, Zareh H. Sarrafian, and Cora M. Tellez;

• The approval, on a non-binding advisory basis, of the compensation of the Company's named executive officers; and

• The ratification of the appointment of Crowe LLP as the Company's independent auditor for the fiscal year ending December 31, 2019.

Question: How does our Board of Directors recommend that I vote?

Answer: Our Board recommends that stockholders vote their shares as follows:

• "FOR" each director nominee;

• "FOR" the approval, on a non-binding advisory basis, of the compensation of the Company's named executive officers; and

• "FOR" the ratification of the appointment of Crowe LLP as the Company's independent auditor for the fiscal year ending December 31, 2019.

Question: How many votes are required to hold the Annual Meeting and what are the voting procedures?

Answer: Quorum Requirement: As of the Record Date, 62,773,299 shares of the Company's common stock were issued and outstanding. A majority of the outstanding shares entitled to vote at the Annual Meeting, present or represented by proxy, constitutes a quorum for the purpose of adopting proposals at the Annual Meeting. If you submit a properly executed proxy, then you will be considered part of the quorum.

Required Votes: Each outstanding share of our common stock is entitled to one vote on each proposal at the Annual Meeting.

If there is a quorum at the Annual Meeting, the matters to be voted upon by the stockholders require the following votes for such matter to be approved:

Election of Directors. Because the election of directors to occur at the Annual meeting is not contested, the vote required for the election of each of the nine (9) director nominees by the stockholders is the affirmative vote of a majority of the votes cast in favor of or against the election of such director nominee. There is no cumulative voting for our directors. If you indicate "ABSTAIN" for a particular nominee on your proxy card, your vote will not count either "FOR" or "AGAINST" the nominee. Abstentions are not counted in the election of directors and do not affect the

outcome.

Advisory Vote on Approval of Named Executive Officer Compensation. The affirmative vote of the holders of at least of a majority of the shares for which votes are cast on the proposal at the Annual Meeting is required to approve, on a non-binding advisory basis, the compensation of the Company's named executive officers. Abstentions will not be counted as votes cast and, therefore, will not affect the outcome.

Ratification of Independent Auditors. The affirmative vote of the holders of at least the majority of the shares for which votes are cast on the proposal at the Annual Meeting is required for ratification of the appointment of Crowe LLP as our independent auditor for the fiscal year ending December 31, 2019. Abstentions will not be counted as votes cast and, therefore, will not affect the outcome.

Table of Contents

If a broker indicates on its proxy that it submits to the Company that it does not have authority to vote certain shares held in “street name,” the shares not voted are referred to as “broker non-votes.” Broker non-votes occur when brokers do not have discretionary voting authority to vote certain shares held in “street name” on particular proposals under the rules of the New York Stock Exchange, and the “beneficial owner” of those shares has not instructed the broker how to vote on those proposals. If you are a beneficial owner and you do not provide instructions to your broker, bank or other nominee, your broker, bank or other nominee is permitted to vote your shares for or against “routine” matters such as Item 3, the ratification of the appointment of our independent registered public accounting firm. Brokers are not permitted to exercise discretionary voting authority to vote your shares for or against “non-routine” matters. All of the matters on which stockholders will be asked to vote on at the Annual Meeting, with the exception of Item 3, the ratification of the appointment of our independent registered public accounting firm, are “non-routine” matters.

Shares represented by proxies that are marked vote “abstain” with respect to the election of any nominee for director will not be considered in determining whether such nominee has received the affirmative vote of a majority of the votes cast in favor of or against the election of such director nominees.

Question: How may I cast my vote?

Answer: If you are the stockholder of record, you may vote by one of the following four methods (as instructed on the Notice of Internet Availability):

• in person at the Annual Meeting;

• via the Internet;

• by telephone; or

• by mail.

If you would like to vote in person at the Annual Meeting and would like to obtain directions to the Annual Meeting, please contact Investor Relations, Pacific Premier Bancorp, Inc., 17901 Von Karman Avenue, Suite 1200, Irvine, California 92614 at (949) 864-8000.

If you elect to vote by mail and you requested and received a printed set of the proxy materials, you may mark, sign, date and mail the proxy card enclosed with the proxy materials you received.

Whichever method of voting you use, the proxies identified on the proxy card will vote the shares of which you are the stockholder of record in accordance with your instructions. If you submit a proxy card properly voted and returned through available channels without giving specific voting instructions, the proxies will vote the shares as recommended by our Board of Directors.

If you own your shares in “street name,” that is, through a brokerage account or in another nominee form, you must provide instructions to the broker or nominee as to how your shares should be voted. Your broker or nominee will usually provide you with the appropriate instruction forms at the time you receive this Proxy Statement and our annual report. If you own your shares in this manner, you cannot vote in person at the Annual Meeting unless you receive a proxy to do so from the broker or the nominee, and you bring the proxy to our Annual Meeting.

Table of Contents

Question: How may I cast my vote over the Internet or by telephone?

Answer: Voting over the Internet: If you are a stockholder of record, you may use the Internet to transmit your vote up until 11:59 P.M., Eastern Time, May 19, 2019 by following the instructions provided either in the Notice of Internet Availability or on the proxy card or voting instruction form you received if you requested and received a printed set of the proxy materials.

Voting by Telephone: If you are a stockholder of record, you may call 1-800-690-6903 and use any touch-tone telephone to transmit your vote up until 11:59 P.M., Eastern Time, May 19, 2019 by following the instructions provided either in the Notice of Internet Availability or on the proxy card or voting instruction form you received if you requested and received a printed set of the proxy materials.

If you hold your shares in “street name,” that is through a broker, bank or other nominee, that institution will instruct you as to how your shares may be voted by proxy, including whether telephone or Internet voting options are available.

Question: How may a stockholder nominate someone at the Annual Meeting to be a director or bring any other business before the Annual Meeting?

Answer: The Company’s Amended and Restated Bylaws (the “Bylaws”) require advance notice to the Company if a stockholder intends to attend an annual meeting of stockholders in person and to nominate someone for election as a director or to bring other business before the meeting. Such a notice may be made only by a stockholder of record within the time period established in the Bylaws and described in each year’s Proxy Statement. See “Stockholder Proposals for the 2020 Annual Meeting” beginning on page 56.

Question: How may I revoke or change my vote?

Answer: If you are the record owner of your shares, and you completed and submitted a proxy card, you may revoke your proxy at any time before it is voted at the Annual Meeting by:

- submitting a new proxy card with a later date,
- delivering written notice to our Secretary on or before May 20, 2019, stating that you are revoking your proxy,
- attending the Annual Meeting and voting your shares in person, or
- if you are a record owner of your shares and you submitted your proxy by telephone or via the Internet, you may change your vote or revoke your proxy with a later telephone or Internet proxy, as the case may be.

Please note that attendance at the Annual Meeting will not, in itself, constitute revocation of your proxy.

If you own your shares in “street name,” you may later revoke your voting instructions by informing the bank, broker or other holder of record in accordance with that entity’s procedures.

Question: Who is paying for the costs of this proxy solicitation?

Answer: The Company will bear the cost of the solicitation of proxies. Officers and regular employees of the Company may, without being additionally compensated, solicit proxies personally and by mail, telephone, facsimile

or electronic communication. We have retained DF King & Co., Inc. to assist in the solicitation at a cost of approximately \$10,500, plus payment of reasonable out-of-pocket expenses incurred by DF King & Co., Inc.

Question: Who will count the votes?

Answer: Broadridge will receive and tabulate the ballots and voting instruction forms.

Question: How can I obtain the Company's Corporate Governance information?

Answer: Our Corporate Governance information is available from our website at www.ppbi.com under the "Investors" section. Our stockholders may also obtain written copies at no cost by writing to us at 17901 Von Karman Avenue, Suite 1200, Irvine, California 92614, Attention: Investor Relations Department, or by calling (949) 864-8000.

•visiting www.proxyvote.com,

•calling 1-800-690-6903, or

•sending an email to sendmaterial@proxyvote.com.

ITEM 1. ELECTION OF DIRECTORS

Board Nominees

Our Board of Directors has nominated each of the following persons for election as a director. Under our Bylaws, directors are elected by the stockholders each year at the annual meeting of stockholders and shall hold office until the next annual meeting or until their successors are elected and qualified. Each nominee is currently a director of the Company and each has indicated that he or she is willing and able to continue to serve as a director. We have provided biographical and other information on each of the nominees beginning on page 7 of this Proxy Statement.

John J. Carona M. Christian Mitchell
Ayad A. Fargo Michael J. Morris
Steven R. Gardner Zareh H. Sarrafian
Joseph L. Garrett Cora M. Tellez
Jeff C. Jones

Vote Required

Because the election of directors to occur at the Annual Meeting is not contested, the vote required for the election of each of the nine (9) director nominees by the stockholders is the affirmative vote of a majority of the votes cast in favor of or against the election of such director nominee. If the election of directors were a contested election, which it is not, director nominees would be elected by a plurality of the votes cast at a meeting of stockholders by the holders of shares entitled to vote in the election. There is no cumulative voting for our directors. If you indicate “abstain” for a particular nominee on your proxy card, your vote will not be considered in determining whether a nominee has received the affirmative vote of a majority of the votes cast in an uncontested election or a plurality of the votes cast in a contested election. The election of directors is considered a “non-routine” item upon which brokerage firms may not vote in their discretion on behalf of their clients if such clients have not furnished voting instructions. Therefore, broker “non-votes” will not be considered in determining whether a nominee has received the affirmative vote of a majority of the shares in an uncontested election or a plurality of the shares in a contested election.

If any nominee becomes unable or unwilling to serve, which is not anticipated, your proxy may be voted for the election of such other person as shall be designated by the Governance Committee (the “Governance Committee”) of our Board of Directors. Proxies granted may not be voted for a greater number of nominees than the nine (9) named above. Unless instructions to the contrary are specified in a proxy properly voted and returned through available channels, the proxies will be voted FOR each of the nominees listed above.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS
VOTE “FOR” EACH OF THE DIRECTOR NOMINEES.

Corporate Governance

We value strong corporate governance principles and adhere to the highest ethical standards. These principles and standards, along with our core values of fairness and caring, assist us in achieving our corporate mission. To foster strong corporate governance and business ethics, our Board of Directors continues to take many steps to strengthen and enhance our corporate governance practices and principles. To that end, we have adopted certain corporate governance guidelines, which are embodied in the Corporate Governance Policy that our Board has approved to achieve the following goals:

- to promote the effective functioning of the Board of Directors;
- to ensure that the Company conducts all of its business in accordance with the highest ethical and legal standards; and
- to enhance long-term stockholder value.

The full text of our Corporate Governance Policy is available from our website at www.ppbi.com under the Investors section. Our stockholders may also obtain a written copy of the guidelines at no cost by writing to us at 17901 Von Karman Avenue, Suite 1200, Irvine, California 92614, Attention: Investor Relations Department, or by calling (949) 864-8000.

The Governance Committee of our Board of Directors administers our Corporate Governance Policy, reviews performance under the guidelines and the content of the guidelines annually and, when appropriate, recommends that our Board approve updates and revisions to our Corporate Governance Policy.

Director Qualifications, Diversity and Nomination Process

Our Governance Committee is responsible for reviewing with the Board of Directors annually the appropriate skills and characteristics required of the Board members, and for selecting, evaluating and recommending nominees for election by our stockholders. The Governance Committee has authority to retain a third-party search firm to identify or evaluate, or assist in identifying and evaluating, potential nominees if it so desires, although it has not done so to date.

Table of Contents

In evaluating both the current directors and the nominees for director, the Governance Committee considers such other relevant factors, as it deems appropriate, including the current composition of the Board, the need for Audit Committee expertise, and the director qualification guidelines set forth in the Company's Corporate Governance Policy. Under the Company's Corporate Governance Policy, the factors considered by the Governance Committee and the Board in its review of potential nominees and directors include: integrity and independence; substantial accomplishments, and prior or current association with institutions noted for their excellence; demonstrated leadership ability, with broad experience, diverse perspectives, and the ability to exercise sound business judgment; the background and experience of candidates, particularly in areas important to the operation of the Company such as commercial banking, finance, bank regulation, enterprise risk management, government, law and education; the ability to make a significant and immediate contribution to the Board's discussions and decision-making; special skills, expertise or background that add to and complement the range of skills, including investment banking and mergers and acquisitions; expertise and background of the existing directors; career success that demonstrates the ability to make the kind of important and sensitive judgments that the Board is called upon to make; and the availability and energy necessary to perform his or her duties as a director. In addition, the Governance Committee and the Board believe the composition of the Board should reflect sensitivity to the need for diversity as to gender, ethnic background and experience, and are particularly mindful of this need for diversity as candidates are considered to fill current Board vacancies. Application of these factors involves the exercise of judgment by the Board and cannot be measured in any mathematical or routine way.

In connection with the evaluation of nominees, the Governance Committee determines whether to interview the prospective nominee, and if warranted, one or more members of the Governance Committee, in concert with the Company's CEO, interviews prospective nominees. After completing its evaluation, the Governance Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Governance Committee.

For each of the nominees to the Board and the current directors, the biographies shown above highlight the experiences and qualifications that were among the most important to the Governance Committee in concluding that the nominee or the director should serve or continue to serve as a director of the Company. The table below supplements the biographical information provided above. The vertical axis displays the primary attributes and qualifications reviewed by the Governance Committee in evaluating a board candidate, and the marks within the boxes indicate those particular attributes and qualifications that the Board determined each particular candidate possesses.

Board of Directors Independence

Each member of our Board and the Bank's Board is elected annually and will continue to serve until their successors are elected and qualified, or until their early resignation. Our Corporate Governance Policy requires that our Board consist predominantly of directors who are not currently, and have not been, during the most recent three years, employed by us (i.e. non-management directors). Currently, the Company's Chairman, President and CEO, Mr. Gardner, is the only director who is also a member of management.

In addition, our Corporate Governance Policy requires that a majority of our Board consist of "independent directors" as defined under the NASDAQ Stock Market ("NASDAQ") rules. No director will be "independent" unless the Board affirmatively determines that the director meets the categorical standards set forth in the NASDAQ rules and otherwise has no relationship with the Company that, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and has no material relationship with the Company, either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company. In addition, the Board of Directors considers the director independence guidelines established by institutional shareholder advisory services. The Board of Directors balances those guidelines with the independence standards established by NASDAQ rules and other important qualitative factors identified by the Board of Directors when evaluating whether an individual who otherwise satisfies the independence standards set forth in the NASDAQ rules also should be considered sufficiently independent for service on the Audit, Compensation and Governance Committees.

The Governance Committee is responsible for the annual review, together with the Board of Directors, of the appropriate criteria and standards for determining director independence consistent with NASDAQ rules. The Board of Directors has determined that Ayad A. Fargo, Joseph L. Garrett, Jeff C. Jones, M. Christian Mitchell, Michael Morris, Zareh H. Sarrafian, and Cora M. Tellez are independent under the NASDAQ rules and have no material relationships with the Company.

Responsibilities of the Board of Directors

In addition to each director's basic duties of care and loyalty, the Board of Directors has separate and specific obligations enumerated in our Corporate Governance Policy. Among other things, these obligations require directors to effectively monitor management's capabilities, compensation, leadership and performance, without undermining management's ability to successfully operate the business. Our Board and its committees have the authority to retain and establish the fees of outside legal, accounting or other advisors, as necessary to carry out their responsibilities.

The directors are expected to avoid any action, position or interest that conflicts with an interest of the Company, or gives the appearance of a conflict. As a result, our directors must disclose all business relationships with the Company and with any other person doing business with us to the entire Board and to recuse themselves from discussions and decisions affecting those relationships. We periodically solicit information from directors in order to monitor potential conflicts of interest and to confirm director independence. In addition, each director is subject to the Company's Related Party Transactions Policy, pursuant to which transactions between the Company or the Bank, on one hand, and any of our directors or certain of their affiliates, on the other hand, need to be approved or ratified by disinterested members of the Governance Committee, if not otherwise pre-approved under the terms of the policy. For more information, see "Related-Party Transactions" under "Transactions with Certain Related Persons."

Board of Directors Leadership Structure

Our Bylaws provide for a Board of Directors that will serve for one-year terms. Our Bylaws provide our Board with discretion to fix the number of directors by resolution. Currently, the Board size is fixed at eleven (11) members, with

nine (9) members currently serving and two vacancies resulting from recent director resignations. We currently are considering potential candidates to fill these vacancies, but are not prepared to nominate any candidates in connection with the Annual Meeting. Vacancies on the Board may be filled by a majority of the remaining directors. A director elected to fill a vacancy, or a new directorship created by an increase in the size of the Board, serves for a term expiring at the next annual meeting of stockholders.

The Board is committed to having a non-executive Chairman or a lead independent director. Our Corporate Governance Policy provides that either of these structures is appropriate to ensure independent Board leadership and that the Company is managed for the long-term benefit of its stockholders. Each year, the Board evaluates its leadership structure to ensure that it remains appropriate. Currently, the offices of Chairman of the Board of Directors and CEO are jointly held and the Board has designated a lead independent director to ensure independent director oversight of the Company.

Table of Contents

Mr. Jones currently serves as the Board's lead independent director. The lead independent director:

- serves as a liaison between the Chairman and the independent directors.

Board of Directors Risk Oversight

The understanding, identification and management of risk are essential elements for the successful management of our Company. The entire Board of Directors is responsible for oversight of the Company's risk management processes. The Board delegates many of these functions to the Audit and Enterprise Risk Committees. Under its charter, the Audit Committee is responsible for monitoring business risk practices and legal and ethical programs. In this way, the Audit Committee helps the Board fulfill its risk oversight responsibilities relating to the Company's financial statements, financial reporting process and regulatory requirements. The Audit Committee also oversees our corporate compliance programs, as well as the internal audit function.

Under its charter, the Enterprise Risk Committee reviews management's assessment of the Company's core risks and alignment of its enterprise-wide risk profile with the Company's strategic plan, goals, and objectives. The Enterprise Risk Committee also regularly reviews the Company's exposure to risk in specific key areas, including without limitation, credit risk, market risk and cyber risk. The Enterprise Risk Committee regularly receives and reviews reports on risk management from senior officers of the Company.

In addition to the Audit and Enterprise Risk Committees' work in overseeing risk management, our full Board regularly engages in discussions of the most significant risks that the Company is facing and how these risks are being managed. Further, our Board and its standing committees periodically request supplemental information or reports as they deem appropriate.

Communication with Directors

Individuals may submit communications to any individual director, including our presiding Chairman, our Board as a group, or a specified Board committee or group of directors, including our non-management directors, by sending the communications in writing to the following address: Pacific Premier Bancorp, Inc., 17901 Von Karman Avenue, Suite 1200, Irvine, California 92614. All correspondence should indicate to whom it is addressed. The Company's Corporate Secretary will sort the Board correspondence to classify it based on the following categories into which it falls: stockholder correspondence, commercial correspondence, regulatory correspondence or customer correspondence. All stockholder correspondence will then be forwarded to the Board members to whom it is directed.

Board Meetings and Executive Sessions

Our Board of Directors met nine times during 2018 and anticipates holding seven regularly-scheduled Board meetings in 2019, and any special meetings that may be necessary or appropriate. Directors, on average, attended approximately 94% of the Board and applicable Board committee meetings during 2018. All of our directors are encouraged to attend each meeting in person. Our management provides all directors with an agenda and appropriate written materials

sufficiently in advance of the meetings to permit meaningful review. Any director may submit topics or request changes to the preliminary agenda as he or she deems appropriate in order to ensure that the interests and needs of non-management directors are appropriately addressed. To ensure active and effective participation, all of our directors are expected to arrive at each Board and committee meeting having reviewed and analyzed the materials for the meeting.

It is the Company's policy that the independent directors of the Company meet in executive sessions without management at least twice on an annual basis in conjunction with regularly scheduled board meetings. Executive sessions at which the independent directors meet with the CEO also may be scheduled. During 2018, the independent directors met 8 times in executive sessions without the presence of management.

Our Code of Business Conduct and Ethics provides fundamental ethical principles to which these individuals are expected to adhere. Our Code of Business Conduct and Ethics operates as a tool to help our directors, officers, and employees understand and adhere to the high ethical standards required for employment by, or association with, the Company and the Bank. A copy of the Audit Committee charter can be found from the Company's website at www.ppbi.com under the Investors section.

Table of Contents

No member of the Audit Committee receives any consulting, advisory or other compensation or fee from the Company other than fees for service as a member of the Board of Directors, committee member or officer of the Board. Each of the Audit Committee members is considered “independent” under the NASDAQ listing standards and rules of the U.S. Securities and Exchange Commission (the “SEC”). The Board of Directors has determined that each of Messrs. Jones, Mitchell, Morris, Sarrafian and Ms. Tellez satisfies the requirements established by the SEC for qualification as an “audit committee financial expert,” and is independent under the NASDAQ listing standards and rules of the SEC.

Compensation Committee. The Compensation Committee reviews the amount and composition of director compensation from time to time and makes recommendations to the Board when it concludes changes are needed. In recommending director compensation, the Compensation Committee considers the potential negative effect on director independence if director compensation and perquisites exceed customary levels. The Compensation Committee also (i) has oversight responsibility for the Bank’s compensation policies, benefits and practices, (ii) approves all stock option, restricted stock and restricted stock unit grants, (iii) determines the annual salary, the annual bonus, stock options, and restricted stock grants of our CEO, CFO and other named executive officers, and (iv) approves the compensation structure for other members of our senior management team. Each of the Compensation Committee members is considered “independent” under the NASDAQ listing standards and rules of the SEC. A copy of the Compensation Committee charter can be found from the Company’s website at www.ppbi.com under the Investors section.

The Compensation Committee has the authority, in its sole discretion, to retain and terminate compensation advisors, including approval of the terms and fees of any such arrangement. In 2018, the Compensation Committee engaged Willis Towers Watson (“WTW”) to assist the Compensation Committee with its responsibilities related to our executive and Board compensation programs. WTW does not provide other services to the Company. Additionally, based on standards promulgated by the SEC and the NASDAQ to assess compensation advisor independence and the analysis conducted by WTW in its independence review, the Compensation Committee concluded that WTW is independent and a conflict-free advisor to the Company.

Governance Committee. The Governance Committee has oversight responsibility for nominating candidates as directors and to determine satisfaction of independence requirements, for overseeing our Board governance structure and policies, and for CEO succession planning. The Governance Committee has adopted a written charter. A copy of the charter and the Company’s Corporate Governance Guidelines can both be found from the Company’s website at www.ppbi.com under the Investors section.

The primary responsibilities of our Governance Committee include:

- assisting the Board in identifying and screening qualified candidates to serve as directors, including considering stockholder nominees;
- recommending to the Board candidates for election or reelection to the Board or to fill vacancies on the Board;
- aiding in attracting qualified candidates to serve on the Board;
- making recommendations to the Board concerning corporate governance principles;
- periodically assessing the effectiveness of the Board in meeting its responsibilities representing the long-term interests of the stockholders;
-

following the end of each fiscal year, providing the Board with an assessment of the Board's performance and the performance of the Board committees; and

•overseeing management planning and succession.

The ER Committee has adopted a written charter, a copy of which can both be found from the Company’s website at www.ppbi.com under the Investors section.

The primary responsibilities of our ER Committee include but are not limited to:

- reviewing Enterprise Risk Management framework at least annually and reviewing the effectiveness of the enterprise risk management activities across various functions, including loan review, compliance, information security, vendor and model risk management and business continuity programs;

Compensation of Non-Employee Directors

The Board of Directors, acting upon a recommendation from the Compensation Committee, annually determines the non-employee directors' compensation for serving on the Board of Directors and its committees. The Company does not pay director compensation to directors who are also employees. In establishing non-employee director compensation, the Board of Directors and the Compensation Committee are guided by the goals that compensation should:

- consist of a combination of cash and equity awards that are designed to fairly pay the directors for work required for a company of our size and scope;

- align the directors' interests with the long-term interests of the Company's stockholders; and

- assist with attracting and retaining qualified directors.

The Compensation Committee and the Board of Directors most recently completed this process in December 2018 and determined that, for the 2019 fiscal year, the cash compensation for non-employee directors serving on the Boards of Directors of the Company and the Bank will remain the same as 2018, and the value of the director equity compensation will remain the same from the 2018 compensation as detailed below. Below are the elements of compensation paid to non-employee directors for their service on the Board of Directors.

Cash Compensation

During the 2018 fiscal year, non-employee directors received the following cash payments for their service on the Boards of Directors of the Company and the Bank:

- an annual cash retainer of \$59,000, paid quarterly in arrears, for service on the Boards of Directors of the Company and the Bank;

- an additional annual cash retainer of \$15,000, paid quarterly in arrears, to the Chairman of the audit committee of the Company's Board;

- an additional annual cash retainer of \$2,500, paid quarterly in arrears, to the members of the audit committee of the Company's Board;

- an additional annual cash retainer of \$10,000, paid quarterly in arrears, to the Chairman of compensation committee of the Company's Board; and

- an additional annual cash retainer of \$1,000, paid quarterly in arrears, to members of the compensation committee of the Company's Board.

Commencing July 1, 2018, directors received cash payments for service on additional committees as follows:

- an additional annual cash retainer of \$10,000, paid quarterly in arrears, to the Chairman of the enterprise risk committee of the Company's Board;

- an additional annual cash retainer of \$1,000, paid quarterly in arrears, to the members of the enterprise risk committee of the Company's Board;

• an additional annual cash retainer of \$7,500, paid quarterly in arrears, to the Chairman of governance committee of the Company's Board; and

• an additional annual cash retainer of \$750, paid quarterly in arrears, to members of the governance committee of the Company's Board.

During 2018, the Company did not provide prerequisites to any director in an amount that is reportable under applicable SEC rules and regulations. All non-employee directors are entitled to reimbursement for travel expense incurred in attending Board and committee meetings.

Table of Contents

We have offered to our non-executive directors the opportunity to receive all or a portion of their annual cash retainer in the form of shares of restricted stock. During 2018, if a director elected to receive all or a portion of her or his annual cash retainer in restricted shares of our common stock, the director was granted on the first day of the subsequent quarter for which payment is owed a number of shares of restricted stock equal to the amount of retainer owed divided by the closing price of our common stock on the date of grant. These restricted shares vest on the last day of the same quarter in which they were granted. In 2018, we granted non-executive directors 4,140 shares of restricted stock in lieu of annual cash retainer payments.

Stock Compensation

Each non-employee director is eligible for a grant of shares of restricted stock issued from our Amended and Restated 2012 Long-Term Incentive Plan, as amended, as recommended by the Compensation Committee. The shares of restricted stock that the Company awards to its directors fully vest as of the first anniversary of the date of grant, subject to earlier vesting on termination of service in certain circumstances. On February 28, 2018, each of our non-employee directors was granted 1,427 shares of restricted stock, which had a value amounting to approximately \$60,000 as of the date of grant, based upon the closing price of the Company's common stock as of such date. On February 28, 2019, each of our non-employee directors was granted 2,010 shares of restricted stock, which had a value amounting to approximately \$60,000 as of the date of grant, based upon the closing price of the Company's common stock as of such date.

Stock Ownership Guidelines for Directors

The Board of Directors has adopted stock ownership guidelines for non-employee directors, which require that each non-employee director own shares of the Company's common stock having a value of at least equal to five times the director's annual cash retainer for service on the Board of the Company or the Bank Board (not including committee-related fees). New directors have five years after joining the Board of Directors or the Bank Board to meet the guidelines. Restricted stock and restricted stock units, and a portion of the shares that may be acquired by exercise of vested in-the-money stock options, are treated as stock ownership for this purpose. As of the date of this Proxy Statement, all directors met or exceeded the ownership guidelines to the extent applicable to them.

Deferred Compensation Plan

The Bank created a Directors' Deferred Compensation Plan in September 2006 which allowed non-employee directors to defer Board of Directors' fees and provided for additional contributions from any opt-out portion of the long-term care insurance plan. See "Health Insurance Benefits" under "Compensation of Non-Employee Directors." As of December 2016, the Directors' Deferred Compensation Plan was frozen such that no new contributions may be made and existing balances remain until distribution. The Directors' Deferred Compensation Plan is unfunded. The Company is under no obligation to make matching contributions to the Directors' Deferred Compensation Plan. The deferred compensation was credited with interest by the Bank at prime plus one percent through January 31, 2014, after which the rate was changed to prime minus one percent. The director's account balance is payable upon retirement or resignation. The table below shows the totals for the Deferred Compensation Plan contributions and earnings, for our Directors, for the year ended December 31, 2018.

Executive Summary and Stockholder Outreach

Considerations in Establishing Targeted 2018 NEO Compensation. When determining targeted 2018 NEO compensation at the beginning of the 2018 fiscal year, the Compensation Committee of our Board considered multiple factors, including our management team's execution on our 2017 strategic plan of growth through acquisitions as well as organic growth. The Compensation Committee felt that our disciplined and prudent growth during 2017, as evidenced by our continued strength in our asset quality results and remaining "well-capitalized" from a bank regulatory perspective, contributed to total stockholder returns in 2017 that exceeded our peer group and the 2017 KBW Nasdaq Regional Banking Index (the "KRX") without sacrificing asset quality or taking excessive risk. Our total assets grew 98.81% during 2017, while our non-performing loans-to-total-assets and net charge-offs-to-average-total-loans were 0.04% and 0.02%, respectively, at December 31, 2017.

In light of our stated strategy to grow through acquisitions, our Compensation Committee believes that, when making decisions concerning NEO compensation, our financial performance should be considered both before and after giving effect to adjustments for merger-related expenses and certain other one-time adjustments. Our return on average assets ("ROAA") was 0.99% and our return on average tangible common equity ("ROATCE") was 11.96% for the year ended December 31, 2017, or 1.3% and 15.49%, respectively, on an as-adjusted basis.

These factors, as well as other considerations, such as continued anticipated strategic growth and the competitiveness of our key executive compensation packages, were instrumental considerations in the decisions made by the Compensation Committee to approve targeted 2018 NEO compensation levels, which the Compensation Committee believed were in our best interests and the best interests of our stockholders. Notably, a significant portion of our targeted 2018 NEO compensation was comprised of performance-based equity incentive awards (30% of total targeted compensation for our CEO) that required satisfaction of certain performance metrics during a three-year performance period commencing in 2018 as a condition to vesting, which the Compensation Committee viewed as an important feature in aligning our NEO's interests with those of our stockholders over the long-term.

2018 Financial Highlights. The Company continued its strong operating performance in 2018, which was attributable in large part to management's effective implementation of the Company's strategic plan of organic growth and growth through acquisitions during the fiscal year. The Company was ranked 11th on the Forbes List of America's Best Banks. The annual list published by Forbes ranks the 100 largest publicly-traded banks and thrifts based on their growth, credit quality and profitability. The ten metrics used in the rankings are based on regulatory filings through September 30, 2018. In addition, S&P Global Market Intelligence recently ranked the Company 3rd among well-capitalized regional banking institutions with between \$10 billion and \$50 billion in total assets based on the performance in 2018 with respect to return on average tangible common equity, net interest margin, efficiency ratio, asset quality, adjusted Texas ratio and loan growth. We believe our financial performance contributed to strong returns for our stockholders. We ended 2018 with a three-year total stockholder return of 20.09%. Our three-year total stockholder return at December 31, 2018, as compared to our 2018 peer group and the KRX returns, is illustrated in the following chart:

¹ Three-year total stockholder return is calculated based on the difference between closing stock prices on December 31, 2018 and December 31, 2015.

We monitor and benchmark our performance in certain key financial measures that we believe are regularly monitored by our stockholders and industry analysts, and that we feel are key indicators of our overall operating performance and financial health. These key financial measures and our performance, both before and after adjusting for the effect of merger-related expenses, are set forth in the table below. We believe that these results position us to produce strong financial results in the future.

Our 2018 financial highlights below demonstrate how we have continued to grow and evolve into a leading commercial bank headquartered in Southern California:

• Acquired Grandpoint Capital, Inc. ("Grandpoint"), which added approximately \$3.1 billion in total assets on the date of acquisition;

• Produced total shareholder return of 20.09%, which exceeded the three-year total shareholder return of our peer group and the KBW Regional Bank Index (17.40% and 19.06%, respectively);

• Increased total assets \$3.46 billion, or 43.15% from 2017, to approximately \$11.5 billion as of December 31, 2018, increasing the size of the Company and representing a 60.29% compound average growth rate ("CAGR") during the three-year period ending December 31, 2018;

• Increased diluted earnings per share, as adjusted, for 2018 by \$0.45, or 21.83% from 2017, representing a 23.12% CAGR during the three-year period ending December 31, 2018;

• Increased year-end book value per share by 17.38% as compared to 2017, and tangible book value per share grew by 11.23% from 2017, representing a CAGR of 31.51% and 14.96%, respectively, during the three-year period ending December 31, 2018; and

• Strengthened and maintained asset quality, with loan delinquencies of 0.15% of total loans held for investment, and total non-performing assets of 0.04% of total assets as of December 31, 2018.

2018 Performance Outcomes and NEO Compensation. The performance structure for 2018 incorporates both annual and long-term incentives established from financial and operational metrics, with a focus on alignment with

stockholders' interests. Compensation of our NEOs is comprised of base salary, annual cash incentives awards and long-term equity incentive awards. We believe that the performance goals set by the Compensation Committee for 2018 were more challenging to achieve than those established in 2017 and were meaningfully higher than our actual performance in 2017. In part, this reflected the anticipated contribution to our 2018 performance from the acquisition of Grandpoint, which was completed early during the third quarter of 2018. However, the 2018 performance goals also required substantial organic growth in diluted earnings per share, net loan growth and core deposit growth in order to achieve the target levels set by the Compensation Committee.

Table of Contents

As a result of our solid financial and non-financial performance in 2017, including the successful integration of HEOP and Plaza Bancorp (“Plaza”), at the beginning of 2018 we increased the base salaries of each of our NEOs, as detailed below. As a result of our continued solid 2018 financial and nonfinancial results, including the successful integration of Grandpoint into our operations, as well as our achievement of targeted regulatory ratings, diluted earnings per share, and average net loan growth and average core deposit growth, we paid each of our NEOs annual cash incentives ranging between 61% and 122% of their base salaries. The Company’s total stockholder return for the three-year period ending December 31, 2018 was in the 50th percentile of its 2018 peer group, and as the following chart depicts, our CEO’s 2018 total direct realizable compensation was directionally aligned with total stockholder returns. As in past years, when compared to our 2018 peer group, our five-year total stockholder return percentile rank was higher than the CEO’s percentile rank of realizable compensation.

* “Total direct realizable compensation” is the sum of our CEO’s (i) actual base salary paid over the three-year period, (ii) actual short-term incentives (bonuses) paid based on performance over the three-year period, (iii) “in-the-money” value as of December 31, 2018 of any stock options granted over the three-year period, and (iv) the value as of December 31, 2018 of any unvested restricted stock or restricted stock units granted over the three-year period.

** The CEO compensation of the 2018 peer group is based on the fiscal years 2015 through 2017, because 2018 information for most of the 2018 peer group was not available at the time of this analysis. However, all equity awards granted during the period are valued as of December 31, 2018, including the value of performance-contingent shares granted in the

Stockholder Outreach and “Say-on-Pay”; NEO Compensation Plan Design and Governance Features for 2018. We provide our stockholders the ability to annually cast their advisory vote on the compensation of our NEOs. In 2018, we received a 97.14% affirmative vote for “say on pay”, which we believed was a strong endorsement of our NEO compensation practice and governance features. In an effort to maintain this high level of approval at our 2019 annual meeting, during 2018 we continued to review our NEO compensation plan design and governance practices with the view towards making advisable changes to the plan design and governance practices, as well as the composition of our peer group, in anticipation of 2019 NEO compensation decisions.

We provide our stockholders the ability to annually cast their advisory vote on the compensation of our NEOs. Based in part on our stockholder outreach initiatives over the past few years, which has included targeting our top 25 stockholders, we took certain actions to make sure our NEO compensation program more closely aligns our performance to stockholder interests, including implementing “double trigger” accelerated vesting provisions for our equity incentive awards and adopting and implementing an incentive compensation “clawback” policy, as well as extending our common stock ownership requirements to all of our NEOs. These features, and others, are discussed in greater detail below.

Summary of Our Executive Equity Incentive Compensation Practice Evolution. The enhancements to our NEO compensation program over the past few years demonstrate our commitment to ensuring that our NEO compensation program aligns our NEOs’ compensation with our annual and long-term performance and stockholder interests and, at the same time, provides the compensation and incentives needed to attract, reward and motivate key executives. The following table contains a brief summary of the NEO equity incentive compensation plan design features that we believe demonstrate our commitment to ensuring that our executive compensation program aligns our executives’ compensation with the Company’s annual and long-term performance and stockholder interests. We believe that focusing on a mix of equity incentive awards that vest ratably over three years, with awards that vest after three years based on the performance of our relative total stockholder return (“rTSR”) over the long term, provides direct alignment of our executive compensation with the interest of our stockholders.

Role of the Compensation Committee

The Compensation Committee of our Board of Directors annually reviews policies and practices with respect to our executive compensation program. As part of this review, the Compensation Committee evaluates several elements of

our executive compensation program, including the balanced mix between pay elements, annual and long-term incentive programs, the use of multiple performance measures and overall governance features. The Compensation Committee also evaluates the conformity of performance-based compensation criteria and targets with our risk profile and whether the proposed goals or the structure of the awards might have the inadvertent effect of encouraging excessive risk or other undesirable behavior. To that end, in 2018, the Compensation Committee engaged an independent third party to assist with this risk assessment. The Compensation Committee believes that its overarching risk management framework supports effective risk management of our incentive arrangements.

Executive Compensation Program Principles and Key Features.

Our Compensation Committee oversees our compensation program and incentive plans, including our NEO equity incentive plan. The Compensation Committee's compensation consultant advises the Compensation Committee on competitive benchmarking on pay level practices and governance trends, reviews and assists with peer group selection and analysis, and provides recommendations on plan design and business goals. Our management provides input on individual performance and results against our business goals. The components of compensation for each of our NEOs are designed in a way that we believe will maximize each NEO's contribution to achieving the Company's strategic goals and driving superior financial performance while minimizing overall risk to the Company. The various components of compensation allow our Compensation Committee to use both cash and equity to encourage and motivate NEOs to achieve both our annual and long-term business objectives.

Executive Compensation Program Principles. Our Compensation Committee has established three key principles that provide the framework for our executive compensation program: (i) our executives' interests should be aligned with our stockholders' interests; (ii) a significant portion of an executive's compensation should be linked to achieving our annual and long-term business goals; and (iii) our executive compensation program should be designed to attract and retain key executives who are capable and motivated to help us continue to grow and prudently manage our business. These three guiding principles are described in greater detail in the table below:

Executive Compensation Program Principles	How Principles are Reflected in Our Executive Compensation Program
Alignment with Stockholder Interests - NEO compensation is tied to financial performance and achievement of strategic goals	Our NEO incentive-based compensation plan is designed to align executive compensation with value creation for our stockholders. NEO compensation is tied to financial performance and achievement of strategic goals. Key components of compensation paid to our NEOs and other executive officers are paid only if certain financial and non-financial objectives that our Board and Compensation Committee have identified as value-enhancing are achieved.
Alignment with Stockholder Interests - NEO stock ownership requirements	Our executive stock ownership guidelines require our NEOs to accumulate and maintain a meaningful position in Company shares.
Alignment with Stockholder Interests - NEO disincentives for excessive risk-taking	We believe that our executive compensation program is designed to balance risk and financial results in a manner that does not encourage imprudent risk-taking. Key design features include our "clawback" policy and our restrictions against hedging and pledging of our stock.
Linkage to Achieving Short-Term and Long-Term Business Goals (Performance-Based Compensation)	We deliver incentive-based compensation both as annual cash and longer-term, equity-based awards predicated on achieving prospective financial goals. Focused on our key financial metrics and strategic plans, which may take several quarters or years to realize.
Attraction and Retention of Key Executives	Our Compensation Committee reviews executive compensation levels paid by members of our peer group based on available data with the dual goals of paying total compensation at a level commensurate with how well we perform compared to our peer group and rewarding our executives for achieving strategic goals while maintaining discipline and prudence.

2018 Program Features. We annually analyze the various elements of our executive compensation program in an effort to ensure that each element is designed in a way that is consistent with the program principles described above. The purpose and key characteristics of each element of our executive compensation program is summarized below.

Element	Relevant Program Principle	Purpose	Key Characteristics
Base Salary	Attraction and Retention of Key Employees	Provides a fixed level of compensation for performing essential job functions. The level of base salary reflects each NEO's level of responsibility, leadership, tenure, qualifications, and the competitive marketplace for executive talent in our industry.	Fixed compensation reviewed annually and adjusted, if appropriate.
Annual Cash Incentive Awards	Attraction and Retention of Key Employees Linkage to Achieving Short-Term Business Goals	Motivates NEOs to achieve our short-term business objectives while providing flexibility to respond to opportunities and market conditions.	In 2018, performance goals include diluted earnings per share (weighted 40%), average loan growth (weighted 20%), average core deposit growth (weighted 20%), and regulatory exam results of at least "satisfactory" (weighted 20%). 2018 Annual cash incentive awards are capped at 150% of target levels.
Long-Term Incentive Awards	Alignment with Stockholder Interests Linkage to Achieve Long-Term Business Goals Attraction and Retention of Key Executives	Motivates NEOs to achieve our long-term business objectives by tying incentive to long-term metrics.	Long-term incentive awards can be in the form of RSAs or RSUs. For 2018, 50% of each NEO's the long-term incentive award was in the form of RSAs and 50% was in the form of RSUs. For 2018, RSAs were awarded subject to three-year pro-rata annual vesting (i.e., 1/3 vesting on each of the first, second and third anniversary of the date of grant). For 2018, RSUs were awarded with vesting contingent on the attainment of a pre-established three year rTSR performance compared to the Keefe, Bruyette & Woods, Inc. ("KBW") Regional Bank Index, with the payout on the third anniversary of the date of grant ranging between 0% and 200% of a target award, depending on our actual three-year rTSR as compared to the KBW Regional Bank Index.
Other Compensation	Attraction and Retention of Key Executives	Provide benefits that allow NEOs to defer a portion of their compensation on a pre-tax basis to save for retirement and that promote employee health and	Indirect compensation consisting of a qualified retirement plan, health and welfare plans and minimal perquisites.

welfare, which assists in attracting
and retaining our NEOs.

We believe that a significant portion of our NEOs' total compensation should be "at risk," meaning that its payment or vesting is based upon the occurrence of a future event or determined based upon the achievement of certain performance metrics. As reflected in the chart that follows, 82% of our CEO's total 2018 compensation was "at risk", which compares to a weighted average of 71% for our remaining NEOs' total 2018 compensation being "at risk."

Role of the Independent Compensation Consultant

In 2017 and 2018, the Compensation Committee engaged independent consulting firm specializing in compensation program design and evaluation with significant experience in the financial services industry to assist the Compensation Committee in revising our compensation program for NEOs. In selecting WTW in 2017 and 2018, the Compensation Committee reviewed the independence of WTW under applicable NASDAQ listing standards and SEC rules and regulations. Based on its review and information provided by WTW regarding the provision of services, fees, policies and procedures, the presence of any conflicts of interest, ownership of the Company's stock, and other relevant factors, the Compensation Committee concluded that engaging WTW raised no conflicts of interest concerns, and WTW was deemed to be independent for purposes of its services as advisor to the Compensation Committee.

The Compensation Committee sought the assistance of WTW to maintain, and if and where appropriate, enhance the rigor of our compensation evaluation and design process, to ensure adherence to appropriate governance standards, and to ensure that our compensation program is competitive in terms of design, amount of compensation, and alignment of compensation determinations with the Company's performance. The Compensation Committee believes that the assistance of WTW was necessary and appropriate in helping the Compensation Committee respond to what it felt were valid points raised by stockholder representatives during our stockholder outreach process described above, as well as recent trends in executive compensation program design and governance features.

2018 Peer Group

WTW and the Compensation Committee, with assistance from our human resources team, developed a peer group consisting of 22 banking institutions for purposes of evaluating our 2018 NEO compensation (the “2018 Peer Group”). The 2018 Peer Group generally is comprised of publicly-traded institutions focused on commercial banking and having total assets generally between \$7.2 billion and \$24.4 billion. The final composition of the 2018 Peer Group was determined based upon a weighted score card that included as factors the institutions’ total asset size, return on assets, loan and deposit growth and total shareholder return. By way of comparison, the Company was in the 43rd percentile of the 2018 Peer Group on the basis of total assets. Those members of the 2017 peer group not appearing in the 2018 Peer Group were excluded for a variety of factors, including but not limited to having business models primarily focused on business lines other than commercial banking or having total asset size that was not within the standard of deviation the Company desired when compiling the 2018 Peer Group. The following companies comprised the 2018 Peer Group:

Banc of California, Inc.	Bank OZK*	Banner Corporation
Berkshire Hills Bancorp, Inc.*	Boston Private Financial Holdings, Inc.	Brookline Bancorp, Inc.
Cathay General Bancorp	Columbia Banking System, Inc.	Community Bank System, Inc.*

2018 Compensation Decisions

Set forth below is a summary of our executive compensation decisions and outcomes for 2018.

Base Salary. As discussed above, the Compensation Committee considers base salary levels as part of its process of ensuring that the NEO’s overall compensation is competitive, including annual and long-term incentives, the target amount of which is generally based on a percentage or multiple of base salary. The Compensation Committee determined that the increases in base salary from 2017 to 2018 were justified based on the Company’s 2017 financial performance and anticipated growth and talent competition during 2018.

The following table provides information regarding base salaries for our NEOs serving at year end 2017 and 2018:

Name	Title	2017 Base Salary	2018 Base Salary	% Change
Steven R. Gardner	Chairman of the Board, President and Chief Executive Officer of the Company and Chairman of the Board and Chief Executive Officer of the Bank	\$ 700,000	\$ 750,000	7.14 %
Edward Wilcox ⁽¹⁾	President and Chief Operating Officer of the Bank	400,000	465,000	16.25
		340,000	411,800	21.12

Thomas Rice ⁽²⁾	Senior Executive Vice President and Chief Innovation Officer of the Bank	325,000	365,000	12.31

Annual Cash Incentive Program. As discussed above, we use annual cash incentive awards to provide each NEO with a strong incentive to execute our business plan for the year. During the first quarter of the fiscal year, the Compensation Committee creates an annual cash incentive award opportunity for each NEO, providing for a range of potential payouts equal to a percentage or multiple of salary that is tied to the achievement of specific, pre-established performance goals for that year. Those performance goals are meant to focus the NEO on the key elements of our strategic and annual financial plan. At the same time, the Compensation Committee seeks to use an array of performance goals that broadly measure Company performance, so as to not encourage undue risk taking or distort management decisions that arise when executives are incentivized to achieve a narrow performance goal.

For a given performance goal, the target level of performance that must be achieved to earn the target annual cash incentive payout typically is set at a level based on the Company's Board-approved annual financial plan for the fiscal year. The Compensation Committee also specifies a "threshold" performance goal - the minimum level of performance required to earn a payout that is less than the target payout - and a maximum performance level that, if exceeded, will cap the above-target payout. Upon receipt of the Company's audited annual financial statements, the Compensation Committee determines the extent to which the just-ended year's performance goals have been achieved and the corresponding payout. Importantly, the Compensation Committee has discretion to reduce the level of payout based on its assessment of an NEO's individual performance and other circumstances relating to the Company's business.

For purposes of the 2018 annual cash incentive program, the Compensation Committee selected "growth" and "compliance" performance measures to measure the performance of our NEOs and to determine the value of each NEO's 2018 cash incentive award. In addition, the Compensation Committee believed that it was important to link our performance with respect to our internally-generated targets together with our overall profitability as compared to the broader industry, and to that end, the Compensation Committee approved a "profitability" modifier that can have the effect of enhancing or negatively affecting the amount of annual cash incentive payments made to our NEOs in a given year. Each of the "growth," "compliance" and "profitability" performance measure are described in greater detail below:

The "growth" and "compliance" components included diluted earnings per share (weighted 40%), average net loan growth (weighted 20%), average core deposit growth (weighted 20%), and achieving a "satisfactory" rating on safety and soundness regulatory exams (weighted 20%); and

The "profitability" component is a modifier based on our performance with respect to specific financial metrics as compared to the KRX. We multiply our weighted "growth" and "compliance" performance as compared to our targeted performance in those categories by the "profitability" modifier to determine the percentage of each NEO's targeted annual cash incentive that will be awarded. For 2018, our "profitability" modifier was based on ROAA (weighted 50%) and ROATCE (weighted 50%), in each case as adjusted to take into account merger-related expenses and other one-time adjustments and each as measured against the KRX in terms of percentile rank, calculated as follows:

Percentile Rank within KBW Regional Bank Index	Industry Modifier
90 th Percentile	200%
75 th Percentile	150%
50 th Percentile	100%
25 th Percentile	50%

For purposes of our 2018 "profitability" modifier calculations, we calculated each of adjusted ROAA and adjusted ROATCE consistent with the KRX.

We believe the performance metrics and goals set by the Compensation Committee for 2018 were more difficult to achieve than the 2017 performance metrics and goals and 2017 actual results. In part, this reflected the anticipated

contribution to our 2018 performance from the acquisition of Grandpoint, which was completed on July 1, 2018. However, the 2018 performance goals also required substantial organic growth in diluted earnings per share, net loan growth and core deposit growth in order to achieve the goals set by the Compensation Committee.

The dollar amounts of the annual cash incentive payments are shown in the Grants of Plan-Based Awards table on page 43 of this Proxy Statement. The table below shows the potential cash incentive amount (as a percentage of base salary) payable to each of our NEOs upon achievement of the relevant performance metric.

Name	Title	Cash Incentive as a % Base		
		Threshold	Target	Max.
Steven R. Gardner	Chairman of the Board, President and Chief Executive Officer of the Company and Chairman of the Board and Chief Executive Officer of the Bank	50 %	100 %	150 %
Edward Wilcox ⁽¹⁾	President and Chief Operating Officer of the Bank	45	90	135
Ronald J. Nicolas, Jr.	Senior Executive Vice President and Chief Financial Officer of the Company and the Bank	38	75	113
Michael S. Karr	Senior Executive Vice President and Chief Risk Officer of the Bank	25	50	75
Thomas Rice ⁽²⁾	Senior Executive Vice President and Chief Innovation Officer of the Bank	25	50	75

⁽¹⁾ Effective as of November 2018, Mr. Wilcox's title was updated to include Chief Operating Officer of the Bank, although his scope of responsibilities did not change.

⁽²⁾ Effective as of November 2018, Mr. Rice's title was changed from Chief Operating Officer to Chief Innovation Officer of the Bank, although his scope of responsibilities did not change.

For 2018, after applying the weighting described above for our "growth" and "compliance" components, we performed at 97.5% of target when compared to our targeted "growth" and "compliance" performance metrics. Our adjusted ROAA and adjusted ROATCE for 2018 ranked in the 70th and 55th percentiles, respectively, of the KRX, and as such our weighted "profitability" modifier was 125%, resulting in each NEO receiving an annual cash incentive payment equal to 122% of their targeted cash incentive amount. The table below shows the cash incentive amounts awarded to our NEOs based upon our 2018 performance:

Name	Title	2018 Cash Incentive Payment Award	
		as a % of Base	Amount of Award
Steven R. Gardner	Chairman of the Board, President and Chief Executive Officer of the Company and Chairman of the Board and Chief Executive Officer of the Bank	122 %	\$913,594
Edward Wilcox	President and Chief Operating Officer of the Bank	110	509,785
Ronald J. Nicolas, Jr.	Senior Executive Vice President and Chief Financial Officer of the Company and the Bank	92	376,218
Michael S. Karr	Senior Executive Vice President and Chief Risk Officer of the Bank	61	191,855
Thomas Rice	Senior Executive Vice President and Chief Innovation Officer of the Bank	61	222,308

The 2018 annual cash incentive awards were paid on March 4, 2019, following the completion of our audit for the fiscal year ended December 31, 2018. The payouts are reflected as 2018 compensation in the Summary Compensation Table on page 42 of this Proxy Statement in the column labeled "Non-Equity Incentive Plan Compensation."

Long-Term Equity Incentive Awards. The Compensation Committee grants long-term incentive awards to our NEOs and to a broader group of employees under our 2012 Long-Term Incentive Plan in order to align the interests of our

management team with the interests of our stockholders and to create substantial incentives for the team to achieve our long-term goals. These awards enable us to provide competitive compensation to help in the recruitment of executives and employees and also, through vesting provisions, help to promote retention and long-term service of executives and key employees.

Two forms of equity incentive awards were used for the annual 2018 equity awards: RSAs and RSUs. The RSAs are time-based awards and are subject to a three-year annual pro-rata vesting schedule (i.e., vest 1/3 on each of the first, second and third anniversaries of the grant date).

Table of Contents

The vesting of RSUs is contingent on the Company's stock performance over a three-year performance period. At the end of the three-year performance period, the Compensation Committee assesses the Company's performance and determines whether any RSUs vest and become payable. For the 2018-2020 performance period, the RSUs awarded in 2018 are subject to a three-year rTSR performance as compared to the KRX. At the end of the three-year performance period, RSU vesting can range from 0% to 200% based on the Company's three-year rTSR percentile rank compared to the KRX for that same period. If the Company's KRX rating for rTSR is below the 25th percentile (the "threshold level") at the end of the three-year performance period, no RSUs granted in 2018 will vest and they will be forfeited in their entirety. If the Company's KRX rating for rTSR reaches the 25th, 75th or 90th percentiles at the end of the three-year performance period, 100%, 150% or 200%, respectively, of the RSUs granted in 2018 will vest on the third anniversary of the 2018 grant date. Once the Company's rTSR percentile reaches the threshold level, the Compensation Committee will use straight-line interpolation between RSU vesting percentages to determine the vested number of RSUs for the three-year performance period, which in no event may exceed 200% of the targeted RSUs. If the Company's actual TSR is negative at the end of the three-year performance period, the maximum amount of RSUs that may vest is the target.

The following table provides information on the 2018 annual long-term incentive awards. The annual grants of long-term incentives are treated as an award earned by service in the prior year.

NEO Compensation Plan Governance Features

We believe that our executive compensation program incorporates many best practices, including the ones described below.

We Can Claw Back Incentive Compensation. If we restate our financial statements, or a financial statement or the calculation of a performance goal or metric is materially inaccurate, the Compensation Committee may require recoupment from our executive officers, including our NEOs, of the portion of any annual bonus, equity or equity-based incentive compensation paid, provided or awarded to any executive officer on or after January 1, 2018 that represents the excess over what would have been paid if such event had not occurred, as determined by the Compensation Committee in its sole discretion.

We Require Minimum Levels of Common Stock Ownership by Our Executives. Our common stock ownership requirement for our CEO and our executive officers is calculated as a multiple of base salary, as noted below:

Position	Minimum Ownership of Common Stock (Multiple of Base Salary)
CEO	5.0x
Other NEOs	3.0x

The Company's CEO is already subject to, and compliant with, the ownership requirement. The other NEOs and any new NEO must satisfy the ownership requirement within five years of the later of November 15, 2017, or the date of their appointment to the applicable position. We believe that the Stock Ownership Guidelines result in significant common stock ownership by our executive officers and align the interests of our executive officers with those of our stockholders.

Stock ownership is determined from the totals on Table 1 of Form 4 "Statement of Changes in Beneficial Ownership of Securities", as filed by the Company with the SEC on behalf of the Company's executive officers. Qualifying shares that count toward the ownership requirement include:

- shares owned outright (including shares in existing brokerage accounts, and shares acquired upon stock option exercises or the vesting of restricted stock units or performance share awards);
- restricted stock and restricted stock units issued and held, whether or not vested;
- shares acquired upon stock option exercises;
- shares or share equivalent units deferred; and
- vested stock options, where the attributed value will equal 50% of the in-the-money value of the outstanding option.

There may be instances where the share ownership policy would place a severe hardship. In such instances, the Compensation Committee will make the final decision that reflects both the intention of the policy and the personal circumstances of the individual seeking relief from the policy.

We Adopted Double-Trigger Change of Control Provisions for Our Equity Awards. In 2017, the Compensation Committee modified the terms of future equity awards to implement a double-trigger change in control provision. The terms of any equity awards granted after 2017 provide that the awards will vest only if: (i) we undergo a change in control and (ii) within two years after the change in control, the recipient of the award is terminated from employment without cause or terminates employment for good reason (for example, if his or her job duties have been significantly

diminished) (“double-trigger” vesting). The terms of our equity awards granted during or prior to 2017 provided that the awards would vest immediately upon a change in control of our Company (“single-trigger” vesting).

We Have an Anti-Hedging Policy. Our Share Ownership and Insider Trading and Disclosure Policy prohibits all directors and executive officers from purchasing financial instruments designed to hedge or offset any decrease in the market value of the Company’s equity securities. We believe that these instruments result in an individual no longer being exposed to the full risks of ownership of our stock and, accordingly, the interests of our directors and executive officers could be different from stockholder objectives.

Retirement Plans. The Company provides a 401(k) Plan to all employees of the Company, which allows employees to defer a portion of their compensation and contribute such amount to the plan on a pre-tax basis. For 2018, the Company matched 100% of employee contributions up to three percent of the employee's compensation and matched 50% of the employee contributions up to an additional two percent of compensation. The Company may also provide nonqualified, deferred compensation plans to NEOs, as designated by the Compensation Committee.

Other Benefits. Our compensation process focuses our executives on goals and objectives that are in the best interests of the Company and stockholders. Other than certain perquisites to our executive officers such as an automobile allowance or use of a company vehicle, reimbursement of relocation expenses, reimbursement of club dues for clubs that are used frequently for business purposes, and life, disability and long-term care insurance (which was eliminated in 2018), the Company does not provide any other compensation benefits. In addition, in 2018, we discontinued our NEO vacation policy, which resulted in the one-time payout of accrued and unused vacation in the amount of \$100,958 for Mr. Gardner, and \$62,594, \$53,877, \$42,402 and \$31,434 for Messrs. Wilcox, Nicolas, Karr and Rice, respectively.

Tax Deductibility of Compensation Expense. Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), generally places a \$1 million limit on the amount of compensation a company can deduct in any one year for certain executive officers. While the Compensation Committee considers the deductibility of awards as one factor in determining executive compensation, the Compensation Committee also looks at other factors in making its decisions, as noted above, and retains the flexibility to award compensation that it determines to be consistent with the goals of our executive compensation program even if the awards are not deductible by us for tax purposes.

Our 2017 annual cash incentive opportunities and performance-based awards granted to our executive officers were designed in a manner intended to be exempt from the deduction limitation of Section 162(m) because they are paid based on the achievement of pre-determined performance goals established by the Compensation Committee pursuant to our stockholder-approved equity incentive plan.

Following the Tax Cut and Jobs Act of 2017, Section 162(m) of the Code exempts qualifying performance-based compensation with respect to taxable years beginning on or before December 31, 2017 that is payable pursuant to a binding written agreement that was in effect on November 2, 2017. Thus, only performance-based awards outstanding on that date or awarded pursuant to a binding written agreement on that date may be exempt from the Section 162(m) of the Code deductibility cap. Effectively, the Tax Cut and Jobs Act of 2017 eliminated the ability to rely on the 'performance-based' exception under Section 162(m) of the Code with respect to new awards and compensation paid to our covered executive officers in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017. Despite the Compensation Committee's efforts to structure the executive team annual cash incentives and performance-based awards in a manner intended to be exempt from Section 162(m) and, therefore, not subject to its deduction limits, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) of the Code and the regulations issued thereunder, including the uncertain scope of the transition relief under the legislation repealing Section 162(m)'s exemption from the deduction limit, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will. Further, the Compensation Committee reserves the right to modify compensation that was initially intended to be exempt from Section 162(m) of the Code if it determines that such modifications are consistent with our business needs.

Despite the changes to Section 162(m) of the Code, the Compensation Committee and the Board believe that performance-based compensation rewards executive officers for the achievement of specific annual strategic goals, and promotes sustainable growth as well as creates long-term stockholder value even though some compensation awards may result in non-deductible compensation expenses and will continue to grant performance-based awards. Therefore, the Compensation Committee and the Board may grant awards and approve compensation that may not be

deductible for income tax purposes.

CEO Pay Ratio Disclosure

Our compensation and benefits philosophy and the overall structure of our compensation and benefit programs are broadly similar across the organization to encourage and reward all employees who contribute to our success. We strive to ensure the pay of each of our employees reflects the level of their job impact and responsibilities and is competitive within our peer group. Compensation rates are benchmarked and set to be competitive in the markets in which we operate. As a result of rules the SEC adopted under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”), we are providing the following disclosure about the ratio of the annual total compensation of our chief executive officer to the median annual total compensation of our employees. The paragraphs that follow describe our methodology and the resulting pay ratio for the year ended December 31, 2018.

Measurement Date. We identified the median employee using our employee population on December 31, 2018.

Consistently Applied Compensation Measure (CACM). Under the relevant rules, we were required to identify the median employee by use of a “consistently applied compensation measure,” or CACM. We chose a CACM that closely approximates the annual total direct cash compensation of our employees, which we gathered from payroll data. Specifically, we identified the median employee by looking at annual base pay, inclusive of overtime pay actually received. We did not consider equity awards as part of our CACM because those awards are not distributed widely among our employees. We did not perform adjustments to the compensation paid to part-time employees to calculate what they would have been paid on a full-time basis. We annualized the base salary paid to those full-time employees who commenced work with us during 2018 and therefore did not work for us the entire calendar year.

Methodology and Pay Ratio. We had 1,012 full-time and 13 part-time employees at the measurement date who all reside within the United States and therefore we did not exclude anyone based on the 5% foreign exemption rule. Using the salary plus overtime compensation data, we reviewed data for employees within +/-5% of the median. We then reviewed the total compensation of each of these employees based on Summary Compensation Table disclosure rules Item 402(c)(2)(x) of Regulation S-K and determined the median employee. The median employee earned \$88,480 in 2018.

Our CEO’s compensation as reported in the Summary Compensation Table was \$4,655,512 for the year ended December 31, 2018. Therefore, our CEO to median employee pay ratio is 53:1.

Our pay ratio is a reasonable estimate calculated based on rules and guidance provided by the Commission based on our payroll and employment records and the methodology described above. The Commission rules allow for varying methodologies for companies to identify their median employee; and other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios. Consequently, the pay ratios reported by other companies are unlikely to be relevant or meaningful for purposes of comparison to our pay ratio as reported here.

This information is being provided for compliance purposes. Neither the Compensation Committee nor management of the Company used the pay ratio measure in making compensation decisions.

GAAP RECONCILIATIONS

The Company uses certain non-GAAP financial measures to provide meaningful supplemental information regarding the Company's operational performance and to enhance investors' overall understanding of such financial performance. The non-GAAP measures used herein include net income, as adjusted, return on average assets, as adjusted, diluted earnings per share, as adjusted, return on average tangible common equity, return on average tangible common equity, as adjusted and tangible book value per share.

Management believes that the exclusion of such items from these financial measures provides useful information to an understanding of the operating results of our core business. However, these non-GAAP financial measures are supplemental and are not a substitute for an analysis based on GAAP measures. As other companies may use different calculations for these adjusted measures, this presentation may not be comparable to other similarly titled adjusted measures reported by other companies. ⁽¹⁾ These amounts represent the aggregate grant date fair value of restricted stock and RSUs granted in 2016, 2017 and 2018, calculated in accordance with Financial Accounting Standards Board Account Standards Codification Topic 718 ("FASB ASC Topic 718"). Assumptions used in the calculation of these amounts are discussed in Note 16 to our Consolidated Audited Financial Statements for the fiscal year ended December 31, 2018, included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018. Fair value is based on 100% of the closing price per share of our common stock on the date of grant for all but the 2018 RSUs, the vesting of which are based on the market performance of shares of our common stock as compared to the KRX and the valuation date fair value of

which is based on a Monte Carlo simulation used to account for the market condition. The number of awards granted in 2018 is reflected in the “Grants of Plan-Based Awards in 2018” table, below. The grant date fair value of the RSUs granted in 2017, which may be earned at varying levels based on performance over the period 2017-2019, is shown in this table assuming that the maximum level of RSUs will be earned by performance. The fair value of the RSUs granted in 2018 is shown in this table assuming the target level of RSUs will be earned.

(2) Amounts in this column are payouts of our annual cash incentive awards. See “Executive Compensation Discussion & Analysis – Annual Cash Incentive Program.” Awards earned in 2015 were paid in 2016, Awards earned in 2016 were paid in 2017 and Awards earned in 2017 were paid in 2018.

Pension Benefits

We do not have any pension benefit plans.

Nonqualified Deferred Compensation

The Bank implemented our Salary Continuation Plan in 2006 (amended in 2013). The Salary Continuation Plan is an unfunded nonqualified supplemental retirement plan for Mr. Gardner and Mr. Wilcox. The Salary Continuation Plan, as amended, provides for the annual benefit of \$200,000 for the CEO and \$100,000 for Mr. Wilcox upon a normal retirement at or after age 62, payable for 15 years. Such benefit would be paid in 12 monthly installments commencing the month after normal retirement. The Salary Continuation Plan also provides for a reduced annual benefit (at December 31, 2018, this annual amount was \$185,742 for Mr. Gardner and \$24,248 for Mr. Wilcox, payable for 15 years), payable upon termination before normal retirement age (including an early retirement or termination due to disability), and provides for accelerated payment of a specified lump sum amount upon the NEO's termination due to death or a change in control, as that term is defined under Code Section 409A. See "Summary of Potential Termination Payments" below.

The amount expensed in 2018 under the Salary Continuation Plan amounted to an aggregate of \$827,467, of which \$290,138 was for Mr. Gardner, and \$50,564 was for Mr. Wilcox (the remainder of the aggregate expense was associated with former executives of financial institutions that have been acquired by the Company). The Salary Continuation Plan was accounted for in accordance with FASB ASC Topic 715 as of December 31, 2018.

Employment Agreements, Salary Continuation Plans, Severance and Change-in-Control Payments

We have entered into employment agreements with each of our NEOs. We believe employment agreements serve a number of functions in that they (i) promote retention of our NEOs, (ii) promote complete and consistent documentation and mutual understanding of employment terms, (iii) mitigate uncertainty about future employment and continuity of management in the event of a change in control, (iv) help meet legal requirements under tax laws and other regulations, (v) avoid frequent renegotiation of employment terms, and (vi) protect the Company, the Bank and the Bank's customers through confidentiality and non-solicitation covenants. The employment agreements with Mr. Gardner and Mr. Nicolas are with the Company and the Bank. The remainder of our NEO employment agreements are between the Bank and the NEO. Set forth below is a summary of the material terms of our NEO employment agreements

Material Term	Summary
Term	Mr. Gardner's employment agreement has a term of three (3) years. The employment agreements for each of our other NEOs has a term of one (1) year. On each annual anniversary date of an NEO employment agreement, the term automatically is extended for an additional one-year period by either or both of the Company's and the Bank's Boards of Directors, as the case may be, unless the NEO, on the one hand, or either or both of the Company or the Bank, as the case may be, on the other hand, gives written notice to the other party of its election not to extend the term of NEO's employment agreement, with such notice to be given not less than ninety (90) days prior to any such anniversary date. If such notice is given by either party, then the NEO's employment agreement will terminate at the conclusion of its remaining term.
Base Salary	Each NEO employment agreement establishes a minimum base salary, which may be increased from time to time in such amounts as may be determined by either or both of the Company's and the Bank's Boards of Directors, as the case may be. The minimum base salaries for Messrs. Gardner, Wilcox, Nicolas, Karr and Rice are \$600,000, \$325,000, \$300,000, \$275,000 and \$275,000, respectively.
Discretionary Performance Bonus	Each NEO is eligible for a discretionary performance bonus based on his individual performance and the overall performance of the Company and the Bank, with eligibility and the amount of any such bonus to be at the discretion of the Compensation Committee of the Board of Directors. Maximum discretionary performance bonuses are determined as a percentage of annual base salary. The maximum discretionary performance bonus percentages are 150% for Mr. Gardner, 135% for Mr. Wilcox, 113% for Mr. Nicolas, and 75% for each of Messrs. Karr and Rice.
Other Benefits	Mr. Gardner receives the use of an automobile paid for by the Company and the Bank. Each NEO also is entitled to participate in any pension, retirement or other benefit plan or program given to employees and executives of either or both of the Company and the Bank, as the case may be, to the extent commensurate with the NEO's then duties and responsibilities as fixed by the Boards of Directors of either or both of the Company and the Bank, as the case may be.
Termination	Pursuant to each NEO's employment agreement, either or both of the Company and the Bank have the right, at any time upon prior notice of termination, to terminate the NEO's employment for any reason, including, without limitation, termination for "cause" or disability, and each NEO has the right, upon prior notice of termination, to terminate his employment with either or both of the Company and the Bank, as the case may be, for any reason.
Termination Following Change of Control	In the event that an NEO's employment is terminated (i) by either or both of the Company and the Bank, as the case may be, for other than cause, disability or the NEO's death, and such termination

in Control;
Termination for
Good Reason

occurs within two (2) years following a “change in control” (as defined in the relevant employment agreement), or (ii) by the NEO due to a material breach of his employment agreement by either or both of the Company and the Bank, as the case may be, or for “good reason”, then the NEO will be entitled to receive a lump sum cash severance amount equal to the product of (x) the sum of his base salary plus his incentive bonus for the previous year as in effect immediately prior to the date of termination (y) multiplied by three (3) in the case of Mr. Gardner, two and ninety-nine hundredths (2.99) in the case of Mr. Wilcox, and two (2) in the case of each other NEO, and in each case less taxes and other required withholding.

In addition, the NEO also will be entitled to receive for a period ending at the earlier of (i) the third anniversary of the date of termination with respect to Mr. Gardner, or the first anniversary of the date of termination with respect to each other NEO, or (ii) the date of his full-time employment by another employer, at no cost to him, the continued participation in all group insurance, life insurance, health and accident, disability and other employee benefit plans, programs and arrangements in which he was entitled to participate immediately prior to the date of termination, other than any stock option or other stock compensation plans or bonus plans of either or both of the Company and the Bank, as the case may be; provided, however, if an NEO’s participation in any such plan, program or arrangement is barred, then either or both of the Company and the Bank, as the case may be, will arrange to provide him with benefits substantially similar to those he was entitled to receive under such plans, programs and arrangements.

Termination Not
Following Change
in Control

In the event that an NEO’s employment is terminated by either or both of the Company and the Bank, as the case may be, for other than cause, disability or the NEO’s death, and such termination does not occur in conjunction with a change in control or two (2) years after a change in control, then the NEO will be entitled to receive a lump sum cash severance amount equal to the sum of (x) his base salary as in effect immediately prior to the date of termination multiplied by (y) three (3), in the case of Mr. Gardner, and one (1) in the case of each other NEO, and in each case less taxes and other required withholding. In addition, the NEO will be entitled to receive the benefits described in the second paragraph under “Termination Following a Change in Control; Termination for Good Reason” immediately above.

Termination for
Cause or Other
Than for
Disability or
Good Reason

In the event that an NEO’s employment is terminated by either or both of the Company and the Bank, as the case may be, for cause, or an NEO terminates his employment other than for disability or good reason, the NEO will have no right to compensation or other benefits for any period after the applicable date of termination other than for base salary accrued through the date of termination.

Termination as a
Result of Death or
Disability

In the event that an NEO’s employment is terminated as a result of disability or death during the term of his employment agreement, the NEO, or his estate in the event of his death, will receive the lesser of (i) his existing base salary as in effect as of the date of termination or death, multiplied by one year or (ii) his base salary for the duration of the term of employment, less taxes and other required withholding.

Material Term	Summary
Parachute Payments	<p>If the payments and benefits to an NEO upon termination would constitute a “parachute payment” under Section 280G of the Code, the payments and benefits payable by either or both of the Company and the Bank under an NEO’s employment agreement will be reduced by the amount, if any, which is the minimum necessary to result in no portion of the payments and benefits payable by either or both of the Company and the Bank to the NEO being non-deductible to either or both of the Company and the Bank pursuant to Section 280G of the Code and subject to the excise tax imposed under Section 4999 of the Code.</p>
Confidentiality and Non-Solicitation	<p>Each NEO has agreed that, during the term of his employment and after termination of his employment, he will not disclose to any other person or entity, other than in the regular course of business of the Company and the Bank, any confidential and proprietary information (as defined in the his employment agreement), other than pursuant to applicable law, regulation or subpoena or with the prior written consent of the Company and the Bank. Each NEO has agreed that during the term of his employment and for two (2) years after the date of termination, he will not solicit for hire or encourage another person to solicit for hire a “covered employee”, as determined in accordance with his employment agreement.</p>

(1) “Cause” means personal dishonesty or incompetence, willful misconduct, breach of fiduciary duty involving personal profit, intentional failure to perform stated duties, willful violation of any law, rule or regulation (other than traffic violations or other misdemeanor offenses) or final cease-and-desist order or material breach of any provision of the NEO’s employment agreement.

(2) “Change of Control” means the occurrence of any of the following events: (i) the acquisition of control of the Company or the Bank (as defined in the rules and regulations of the applicable banking regulators on the date of the employment agreement); (ii) an event that would be required to be reported in response to Item 5.01(a) of the Current Report on Form 8-K pursuant to Sections 13 or 15(d) of the Exchange Act, or any successor thereto, whether or not any class of securities of the Company is registered under the Exchange Act; (iii) any “person” (as such term is used in Sections 13(d) and 14(d) of the Exchange Act), after the date of the employment agreement, other than a trustee or other fiduciary holding securities under an employee benefit plan of the Company or any affiliate of the Company, is or becomes the “beneficial owner” (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing 25% or more of the combined voting power of the Company’s then outstanding securities; (iv) the sale or other disposition of all or substantially all of the assets of the Company or the transfer by the Company of greater than 25% of the voting securities of the Company; or (v) during any period of three consecutive years, individuals who at the beginning of such period constitute the Board of Directors of the Company cease for any reason to constitute at least a majority thereof, unless the election, or the nomination for election by stockholders, of each new director was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of the period.

(3) “Good Reason” means the NEO resigned within two years following a Change in Control based on (i) a material reduction by us of his functions, duties or responsibilities, (ii) a material reduction by us of his base salary, or (iii) our requirement that he be based at a location more than 50 miles from Irvine, California, without the NEO’s express written consent.

Salary Continuation Plans. Mr. Gardner and Mr. Wilcox participate in our salary continuation plan (the “Salary Continuation Plan”), which provides continued income for a 15-year period after retirement at or after age 62, in the amount of \$200,000 per year for Mr. Gardner and \$100,000 per year for Mr. Wilcox. A reduced benefit is payable for a pre-age 62 termination, including termination due to disability. However, in the event of a pre-age 62 termination within 12 months after a change in control (as defined under Code Section 409A) or upon death, Mr. Gardner would

receive a lump-sum payment of \$1,982,130 and Mr. Wilcox would receive a lump-sum payment of \$989,413. No benefits are payable under the plan if the NEO is terminated for cause, as defined in the Salary Continuation Plan. Neither Mr. Gardner's nor Mr. Wilcox's employment agreements will have an impact on the benefits they are entitled to receive pursuant to the Salary Continuation Plan.

Accelerated Vesting of Equity Awards. Restricted stock awards and unvested stock options granted prior to 2018 generally will vest in full in the event that the NEO's employment is terminated by us without cause or the NEO terminates for good reason (subject to achievement of the Adjusted NPA performance goal in the case of restricted stock), or if employment terminates due to the NEO's death or disability. In the event of a change in control, restricted stock and unvested stock options will vest in full if the NEO has been employed by us for at least six months at the time of the change in control. In the case of retirement at or after age 65, options that have been outstanding for at least two years vest in full. Restricted stock unit awards granted prior to 2018 will vest on an accelerated basis at the maximum level in the event that the NEO's employment terminates due to death or disability, or if, within two years after a change in control, the NEO's employment is terminated by us without cause or by the NEO for good reason.

Starting in 2018, restricted stock, restricted stock unit and incentive stock option awards will include a "double-trigger" rather than "single-trigger" accelerated vesting, meaning that the award vests in full if an employee is terminated without "cause" or resigns for "good reason" within 24 months of a change of control. "Cause," "good reason" and "change of control" are each defined in the 2012 Long Term Incentive Plan.

Summary of Potential Termination Payments

The following table reflects the value of termination payments and benefits that each of Messrs. Gardner, Wilcox, Nicolas, Karr and Rice, who were the NEOs serving at December 31, 2018, would receive under their employment agreements and the enhanced termination payments and benefits that Mr. Gardner and Mr. Wilcox would receive under the Salary Continuation Plan, as applicable, if they had terminated employment on December 31, 2018 under the circumstances shown. The table does not include accrued salary and benefits, or certain amounts that the executive would be entitled to receive under plans or arrangements that do not discriminate in scope, terms or operation, in favor of our executive officers and that are generally available to all salaried employees. In addition, the amounts accrued at December 31, 2018 for the account of Mr. Gardner and Mr. Wilcox under the Salary Continuation Plan, as shown above under the heading "Nonqualified Deferred Compensation" and previously reflected as compensation in the current and past Summary Compensation Tables, represents a nonqualified deferred compensation balance, so the table below only shows the extent of any enhancement of that benefit in those termination cases in which an enhancement is provided.

(1) Amounts in this column represents the incremental cost to the Company resulting from continuing participation by the individual, at no cost to him, in group insurance, life insurance, health and accident, disability and other employee benefit plans, programs and arrangements in which he was entitled to participate immediately prior to the date of termination (other than any stock option or other stock compensation plans or bonus plans of us), for a period ending at the earlier of (i) the third anniversary of the date of termination in the case of Mr. Gardner and the first anniversary of the date of termination in the case of Messrs. Wilcox, Nicolas, Karr and Rice, and (ii) the date of his full-time employment by another employer, provided that in the event the individual's participation in any such plan, program or arrangement is barred, we must arrange to provide him with benefits substantially similar to those he was entitled to receive under such plans, programs and arrangements prior to the date of termination.

(2) The accrual balance under the Salary Continuation Plan, at December 31, 2018, is shown above under the heading "Nonqualified Deferred Compensation." The enhanced benefit amount is the amount by which a lump-sum payout exceeds the accrual balance; such a lump sum would be payable within a specified period following termination. In the case of a termination at December 31, 2017 for which a non-enhanced annual payments would be made over 15 years, the annual amount of such payments would be \$185,742 for Mr. Gardner and \$24,248 for Mr. Wilcox.

(3) Amounts in this column reflect the value, based on the closing price of the Company's common stock on December 31, 2018, of the restricted stock or restricted stock units that would become vested upon the occurrence of the termination event stated in the left hand column.

(4) Represents the estimated incremental cost to the Company resulting in the individual's participation, at no cost to him, in all group insurance, life insurance, health and accident, disability and other employee benefit plans, programs and arrangements in which he was entitled to participate immediately prior to the date of termination (other than any stock option or other stock compensation plans or bonus plans of us), for a period ending at the third anniversary of the date of termination with respect to Mr. Gardner and the first anniversary of the date of termination with respect to Messrs. Wilcox, Nicolas, Karr and Rice (this period would end earlier if the individual commenced full-time

employment by another employer). If the individual's continued participation in any of our applicable plans, programs or arrangements is barred, we must arrange to provide him with benefits substantially similar to those he was entitled to receive under such plans, programs and arrangements prior to the date of termination.

⁽⁵⁾ The enhanced amount payable under the Salary Continuation Plan would be payable for any type of termination within 12 months after a change in control, but not for a termination in the second 12 months after a change in control. This amount together with the accrued benefit under the Salary Continuation Plan would be payable in a lump sum within a specified period following termination.

⁽⁶⁾ Payments for events relating to a change in control have been calculated assuming no reduction to cause such payments not to be subject to federal excise taxes under the "golden parachute" provisions under Sections 280G and 4999 of the Code. If aggregate payments would be subject to such "golden parachute" excise taxes, the payments will be reduced or delayed to the extent necessary so that the payments will not be subject to such excise taxes.

Related Transactions and Other Matters

Transactions with Certain Related Persons

Our Board has adopted a written policy governing the approval of related-party transactions (the “RPT Policy”). A “related party transaction” means any transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness), or any series of similar transactions, arrangements or relationships, in which (i) the Company or any of its subsidiaries is or will be a participant, (ii) the aggregate amount involved will or may be expected to exceed \$120,000 in any fiscal year, and (iii) any “related party” has or will have a direct or indirect material interest. Under the RPT Policy, the term “related party” includes an executive officer, director, nominee for director, any shareholder owning more than 5% of any class of the Company’s voting securities, or an immediate family member of the foregoing.

In summary, the RPT Policy provides that unless a transaction is deemed to be pre-approved, each transaction involving a related party that involves amounts greater than \$120,000 per year must be approved by disinterested members of the Governance Committee, which is comprised solely of independent directors. The list of transactions that are deemed pre-approved under the RPT Policy include, without limitation, indemnification payments, compensation paid to directors and executive officers for their services as directors and executive officers, and routine banking-related services such as a related party using the Bank’s services as a depository of funds.

The Bank provides deposit and other services to HOA’s and HOA management companies nationwide. The Bank’s HOA Banking Unit focuses exclusively on generating business banking relationships and servicing the specialized banking needs of HOA management companies and their respective clients. During 2018, the Bank entered into a new five-year Depository Services Agreement with Associa, covering various management company offices in which Associa has a controlling interest (the “Services Agreement”). The Services Agreement effectively replaced a pre-existing Depository Services Agreement between the same parties. Mr. Carona, who is a director of the Company and the Bank, is the sole shareholder, President and Chief Executive Officer of Associa. The Services Agreement governs the services provided by the Bank to HOA management companies indirectly controlled by Associa and those services provided by the HOA management companies to the Bank. Pursuant to the Services Agreement and the prior Depository Services Agreement, the Bank paid approximately \$3.1 million to Associa and entities controlled by Associa in 2018. These payments are attributable to Mr. Carona as a result of his ownership interest in Associa during 2018. The Company expects that such payments will continue to exceed \$120,000 in 2019.

Although the Bank receives deposits from HOA management companies not affiliated with Associa, the Company’s and the Bank’s relationship with Associa and its management companies is an important component of our successful HOA Banking Unit. Associa is the largest privately held HOA management company in the U.S. and operates a holding company that owns numerous subsidiary management companies. The Associa HOA management companies that maintain deposit relationships with the Bank represent thousands of HOAs and thousands of HOA accounts. The Banks’ relationship with the Associa HOA management companies offers the Bank the ability to take advantage of important efficiencies, cost savings and lower fees created by the role of the Associa management companies in the banking relationships the Bank maintains with the HOAs. Although we have depository relationships with HOA management companies affiliated with Associa, an entity controlled by Mr. Carona, and have a contractual relationship with Associa itself, we believe that we have adequate procedures in place to identify, minimize and manage any potential or actual conflicts of interest that may arise as a result of these relationships and Mr. Carona’s service on our Board.

Indebtedness of Management

Certain of our officers and directors, as well as their immediate family members and affiliates, are customers of, or have had transactions with us in the ordinary course of business. These transactions include deposits, loans and other financial services related transactions. Related party transactions are made in the ordinary course of business, on substantially the same terms, including interest rates and collateral (where applicable), as those prevailing at the time for comparable transactions with persons not related to us, and do not involve more than normal risk of collectability or present other features unfavorable to us. As of the date of this filing, no related party loans were categorized as nonaccrual, past due, restructured or potential problem loans.

ITEM 2. TO APPROVE, ON A NON-BINDING ADVISORY BASIS, THE
COMPENSATION OF THE COMPANY’S NAMED EXECUTIVE OFFICERS

The Dodd-Frank Act requires under Section 14A of the Exchange Act that companies provide their stockholders with the opportunity to cast an advisory vote to approve executive officer compensation, commonly referred to as a “Say-on-Pay” vote, at least once every three years. In a vote held at the 2018 Annual Meeting of Stockholders, our stockholders voted in favor of holding Say-on-Pay votes annually.

The Board believes that the Company’s compensation policies and procedures are appropriately aligned with the long-term interest of its stockholders. The Board also believes that both the Company and stockholders benefit from responsive corporate governance policies and constructive and consistent dialogue.

This Say-on-Pay proposal, gives you as a stockholder the opportunity to endorse or not endorse our executive pay program through the following resolution:

“RESOLVED, that the compensation paid to the Company’s Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby Approved.”

As described in detail in the Compensation Discussion and Analysis, we intend for our compensation program to align the interests of our executive officers with those of the stockholders by rewarding performance for implementing the Company’s various strategies, with the ultimate goal of improving long-term stockholder value. We evaluate both performance and compensation to ensure that we maintain our ability to attract and retain employees in key positions, and to ensure that compensation provided to key employees keeps these employees focused on franchise value creation. Our compensation program includes:

- base salary;
- annual cash incentive awards;
- long-term equity incentive awards;
- retirement plans and other benefits; and
- other executive benefits, such as perquisites and severance benefits.

Vote Required

Your vote on this proposal is an advisory vote, which means that the Company and the Board are not required to take any action based on the outcome of the vote. However, the Compensation Committee will consider the vote of our stockholders on this proposal when determining the nature and scope of future executive compensation programs.

The affirmative vote of holders of the majority of the shares for which votes on the proposal are cast at the Annual Meeting is needed to approve this proposal on a non-binding advisory basis. Abstentions and broker non-votes will not be counted as votes cast and, therefore, will not affect this proposal. Further, the failure to vote, either by proxy or in person, will not have an effect on this proposal. Unless instructions to the contrary are specified in a proxy properly voted and returned through available channels, the proxies will be voted FOR this proposal.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” APPROVAL OF THE COMPENSATION OF THE COMPANY’S NAMED EXECUTIVE OFFICERS.
