Yum! Brands Announces 2008 Expectations and Expanded U.S. Refranchising;

Hosts Annual Investor Update

Louisville, Ky. (December 6, 2007) Yum! Brands Inc. (NYSE: YUM) announced today that for the full year 2008, it expects EPS growth of at least 10%, which would mark the seventh straight year the company will have met or exceeded its annual target of at least 10% EPS growth.

Yum! Brands also announced the expansion of its U.S. refranchising, targeting company ownership potentially below 10% by year-end 2010, down from approximately 20% at year-end 2007, dependent on market and other conditions. Additional information will be provided at the company's investor update meeting on December 12.

Our four key strategies remain unchanged and are the key drivers of our record of consistency, global growth, and strong global cash generation. We expect to build on this track record in 2008 by continuing to execute against each of these strategies as outlined below:

BUILD LEADING BRANDS ACROSS CHINA IN EVERY SIGNIFICANT CATEGORY

- System-sales and revenue growth of at least 20% in mainland China, both on a local-currency basis.
- At least 425 new-restaurant openings in mainland China, including 310 KFCs, 85 Pizza Hut Casual Dining restaurants, 20 Pizza Hut Home Service restaurants, and 10 East Dawnings. At least 450 new China Division (including KFC Taiwan and Thailand) restaurants.
- China Division restaurant margin down slightly versus 2007 due to unusually high commodity inflation early in 2008.
- China Division operating-profit growth of at least 20%.

DRIVE AGGRESSIVE EXPANSION AND BUILD OUR BRANDS IN INTERNATIONAL MARKETS

- System-sales growth of at least 5%, and revenue growth expected to be even with 2007, both on a local-currency basis. Revenue growth is expected to be negatively impacted by approximately 5 percentage points due to refranchising activity for both 2007 and 2008, as sales from company restaurants are replaced by franchise royalties while reducing assets invested.
- At least 750 new YRI restaurant openings, including 450 new KFCs, 250 new Pizza Huts and approximately 15 Taco Bells. These new restaurants will be opened in at least 50 countries around the globe.
- Restaurant margin comparable to 2007.
- Franchise ownership at year-end 2008 of 87%.
- Operating-profit growth of 10%.

DRAMATICALLY IMPROVE U.S. BRAND POSITIONS, CONSISTENCY AND RETURNS

- We expect to meet our previously communicated guidance of 17% company ownership or lower by year-end 2008 from approximately 20% at year-end 2007. Furthermore, we plan to expand our refranchising of U.S. company-owned restaurants, with company ownership of the U.S. system to potentially reach below 10% by year-end 2010. Refranchising activity will continue to focus primarily on Pizza Hut, KFC, and Long

John Silver s. The actual timing and level of refranchising will be dependent on market conditions, identifying appropriate franchise partners, and performance of company operations. The expected financial impact through 2010, including cash proceeds and improvement in restaurant margin and ROIC, will be provided at our investor update meeting on December 12.

- 350 new-restaurant openings and system-sales growth of 3%. Revenues are expected to be flat as a result of refranchising activity during 2007 and 2008, which will negatively impact 2008 revenue growth by at least 4 percentage points.
- U.S. blended same-store-sales growth at company restaurants in the range of +2% to +3%.
- U.S. restaurant base down approximately 1% versus 2007, reflecting +1% to +2% net restaurant growth for Taco Bell, which will be offset by net closures at KFC, Pizza Hut and Long John Silver s.
- Restaurant margin comparable to 2007.
- Operating-profit growth of 5%.

DRIVE INDUSTRY-LEADING, LONG-TERM SHAREHOLDER AND FRANCHISEE RETURNS

- Return on invested capital to remain at about 18%.
- Reduction in average shares outstanding of about 6%, to about 510 million shares.
- Global gains from refranchising ranging from \$20 to \$50 million, with expected pre-tax proceeds of at least \$400 million, and a reduction in assets of approximately \$300 million.
- Growth in franchise fees of at least +8%, resulting from worldwide-restaurant expansion, same-store-sales growth, and refranchising in the U.S. and YRI.

Quarterly EPS results for 2008 will have the potential for sizeable swings from quarter to quarter. This would be due to factors such as our quarterly tax rate and timing of refranchising transactions, including any associated gains or losses. Other items that could have an impact on 2008 quarterly results include (1) one-time gain from the sale of our minority interest in KFC Japan (at least \$70 million before taxes in Q1 2008), (2) expenses related to U.S. business-growth initiatives (amount and timing to be determined), (3) charges related to G&A productivity initiatives, refranchising, and realignment of resources to drive stronger U.S. brand growth (up to \$20 million before taxes in Q1 2008 with impact to remaining quarters to be determined). Additional information will be provided at our investor update meeting on December 12.

Note: All preceding guidance is in as reported terms unless otherwise noted as local-currency basis.
