We included the following earnings guidance in our February 10, 2003 press release announcing our 2002 fourth quarter results of operations:

Earnings Guidance

Management continues to provide written earnings guidance in order to improve communications with its shareholders and the investment community.

The 13 analysts that report to First Call have consensus estimates for 2003 that range from \$1.54 to \$1.67 per share. The Company believes that FFO results for 2003 will be affected by international, national and regional economic trends and conditions, the acquisition and/or disposition of apartment communities and other factors. Given current expectations and judgment, management believes that FFO estimates for 2003 should be set at a range of \$1.51 to \$1.59 per share. During the conference call on February 11, 2003, management will review and discuss its guidance for 2003.

Management estimates that recurring capital expenditures for 2003 will be \$435 per apartment home or \$0.25 per share.
