REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrative Committee of the
Connecticut Natural Gas Corporation
Union Employee Savings Plan

We have audited the accompanying statement of net assets available for benefits of the Connecticut Natural Gas Corporation Union Employee Savings Plan (the Plan) as of December 31, 2004, and the related statement of changes in net assets available for benefits for the year ended December 31, 2004. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Connecticut Natural Gas Corporation Union Employee Savings Plan as of December 31, 2004, and the changes in its net assets available for benefits for the year ended December 31, 2004, in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of loans or fixed income obligations in default or classified as uncollectible, assets (held at end of year) and reportable transactions as of or for the year ended December 31, 2004, are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the United States Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The schedule of reportable transactions that accompanies the Plan's financial statements does not disclose the historical cost and net gain or loss on certain transactions. Disclosure of this information is required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974.

Report of Independent Registered Public Accounting Firm

To the Participants and Administrative Committee of the
Connecticut Natural Gas Corporation Union Employee Savings Plan

In our opinion, the accompanying statement of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Connecticut Natural Gas Corporation Union Employee Savings Plan (the "Plan") at December 31, 2003, and the changes in net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Connecticut Natural Gas Corporation
Union Employee Savings Plan
Notes to Financial Statements
December 31, 2004 and 2003

1. DESCRIPTION OF THE PLAN

The following description of the Connecticut Natural Gas Corporation (Company) Union Employee Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan was established by the Company under the provisions of Section 401(a) of the Internal Revenue Code (Code), and it includes a qualified cash or deferred arrangement as described in Section 401(k) of the Code for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974. The Plan Administrator is the Company and an Administrative Committee has been appointed to serve as manager of the Plan.

The Plan is a defined contribution thrift plan open to union employees of the Company, as well as the employees of Energy East Corporation's (Energy East) family of companies that elect to participate under the Plan's provisions. Energy East, the parent corporation of the Company, through its subsidiaries, delivers electricity and natural gas to retail customers and provides electricity, natural gas, energy management and other services to retail and wholesale customers in the Northeast.

Eligibility

Employees are eligible to participate in the Plan in the first payroll period beginning on or after the first day of the month following the employee's date of employment if they are at least age 21, are employed full time and are covered by a collective bargaining agreement between the Company and any union which provides for participation in the Plan.

Contributions

Eligible employees may elect to participate in the Plan and authorize payroll deductions of 1% to 50% of base pay, on a pre-tax basis, and between 1% and 10% of base pay on an after-tax basis as savings contributions to their accounts during each year, subject to the applicable collective bargaining agreement and to Code limitations. The upper limit of allowed savings contributions was changed from 16% to 50%, effective January 1, 2002. As of January 1, 2002, participants age 50 or over by the end of the Plan year, who have also made the maximum amount of pre-tax contributions permitted for the Plan year, can make an additional contribution to the Plan in accordance with and subject to the limitations of Section 414(v) of the Code. The maximum additional contribution in 2003 was \$2,000 and increases by \$1,000 a year until the additional contribution reaches a maximum of \$5,000 in 2006.

As of April 1, 2002, the Plan accepts rollovers from other qualified plans, as well as 403(b) and government 457 plans, traditional Individual Retirement Accounts (IRAs), conduit IRAs (but not Roth IRAs), after-tax distributions from employer retirement plans and spousal death benefit payments.

The Company will match a percentage of a participant's compensation depending on age or years of continuous service. The amount of the Company contribution will be determined

according to the schedule below. However, if a participant's elected contribution is less than the percentage contained in the schedule, the Company will match no more than the percentage contributed by the participant.

<u>Years of Continuous Service</u>	<u>Or</u>	<u>Age Is</u>	<u>The Company Will Contribute</u>
20 or more		45 or more	4 1/2% of compensation
10 but less than 20		35 but less than 45	3% of compensation

Less than 10

Under 35

2% of compensation

An exception to the above schedule exists for those Plan participants subject to the collective bargaining agreement between the Company and the employees in its Greenwich division. Each such participant who, as of April 1, 1998, had either (1) attained age 50 or (2) completed 30 years of continuous service is grandfathered with respect to a previous Plan provision entitling such individual to a matching contribution of up to 6% of compensation or the amount of the participant's contribution, if less.

Plan participants direct their contributions among various investment options in 1% increments, and they may elect to change their investment options at any time.

As of January 1, 2002, the Energy East Corporation Stock Fund was converted to an Employee Stock Ownership Plan (ESOP). Dividends from the ESOP may be reinvested or taken in cash.

Benefit Payments

Upon termination of employment due to retirement, disability or death, a participant (or the participant's beneficiary) may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in the participant's account as soon as practicable following the termination date or defer the distribution to some future date.

Participants may request the withdrawal of certain account balances prior to termination of employment. Application for withdrawal of after-tax contributions and employee IRA contributions may be made once a year, and there are no Plan penalties for such withdrawals.

Vesting

Participants are fully vested in their own contributions to the Plan. Participants who were employees of the Company or any of its parent, subsidiaries or other affiliates at the time of the merger of the Company's parent with Energy East, are also fully vested in the Company's matching contributions, as are any participants who, while they are employees of the Company or its affiliates, as described above, may die, become disabled or reach their 65th birthday. All other participants have a vested interest in their Company Matching Account in the Plan equal to 20% thereof for each full year of Continuous Service, as defined in the Plan, so that a participant shall be fully vested in such Account after five (5) full years of Continuous Service. If a participant leaves the Company prior to full vesting, the nonvested portion of the Company's contribution is forfeited. All forfeitures are used to reduce future Company contributions.

1. DESCRIPTION OF THE PLAN (Continued)

Participant Loans

A Plan participant may borrow a minimum of \$1,000 and up to a maximum of one-half of the participant's vested account balance or \$50,000, less the highest outstanding loan balance in the prior 12 months, whichever is less. Each loan carries an interest rate of prime plus 1%, established on the first day of the calendar quarter in which the loan is made. Security for each loan is provided by one-half of the Plan participant's vested account balance. Two types of loans are available to Plan participants - 'general purpose' and 'principal residence' loans. Full repayment of each of these types of loans is required within five and 15 years following loan origination, respectively, and loan refinancing is not permitted. All loans require level amortization with principal and interest payments made at least quarterly and, for those Plan participants who are active employees, payments are made ratably through payroll deductions. No Plan participant may have more than one 'general purpose' loan and one 'principal residence' loan outstanding at any time. If a participant's employment terminates for any reason, the loan will become immediately due and payable and must be paid within 90 days from the date of termination. The interest rate on loans outstanding at year end range from 5.00% to 10.50% for 2004 and 2003.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's share of the Plan's income, the participant's and the Company's contributions, and the participant's loan(s), if applicable. Allocations of Plan income are based on the share balances in the participants' accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements are prepared on an accrual basis and in conformity with accounting principles generally accepted in the United States of America, which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year end. Units of common/collective trust funds are valued at the net asset value of units held by the Plan at year end. The Energy East Corporation Stock Fund, comprised solely of Energy East common stock, is valued at its quoted market price at year end. Participant loans are valued at cost, which approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payments of Benefits

Benefits are recorded when paid.

Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it has the right to discontinue contributions at any time and terminate the Plan subject to the Company's collective bargaining agreement. In the event of termination of the Plan, the net assets of the Plan are set aside, first for payment of all Plan expenses and, second, for distribution to the participants, based upon the balances in their individual accounts.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

3. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2004 and 2003:

	2004	2003
Energy East Corporation Stock Fund	\$ 9,029,130	\$ 7,567,667

4. INCOME TAX STATUS

In 1994 the Plan was amended and restated to meet the requirements of the Tax Reform Act of 1986, and the Plan received a favorable determination letter from the Internal Revenue Service dated October 24, 1994. The Plan has been amended since receiving the determination letter. The Plan Administrator and management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

5. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of registered investment companies which were managed by Putnam Fiduciary Trust Company (Putnam) through December 30, 2004 and by T. Rowe Price Retirement Plan Services (T. Rowe Price) as of December 31, 2004. Putnam is the trustee as defined by the Plan through December 30, 2004 and T. Rowe Price became the trustee as defined by the Plan effective December 31, 2004; therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

6. ADMINISTRATIVE EXPENSES

Substantially all administrative expenses are paid for by the Company.
