ABOUT THE MEETING

What is the purpose of the annual meeting?

The purpose of AMR's annual meeting of stockholders is to allow you to act upon matters which are outlined in the accompanying notice. These matters include the election of directors, the ratification of the selection of the Corporation's independent auditors and the consideration of two proposals that have been submitted by stockholders. Also, the Corporation's management will report on the performance of the Corporation during 2002.

How are votes counted?

Directors of the Corporation are elected by a plurality of the votes cast at the annual meeting. The other three matters submitted to a vote of the stockholders will be determined by a majority of the votes cast. Abstentions from voting (including broker non-votes) are not counted as votes cast and thus will have no impact on the outcome of the voting.

Who will bear the cost of soliciting votes for the meeting?

Edgar Filing: AMR CORP - Form DEF 14A

AMR will pay the cost of this solicitation. In addition to using regular mail, proxies may be solicited by directors, officers, employees or agents of the Corporation or its subsidiaries, in person or by telephone, facsimile or other means of electronic communication. AMR will also request brokers or nominees who hold common stock in their names to forward proxy materials to the beneficial owners of such stock at the Corporation's expense. To aid in the solicitation of proxies, the Corporation has retained

Morrow & Co., Inc., a firm of professional proxy solicitors, at an estimated fee of \$9,000 plus reimbursement of normal expenses.

Who is entitled to vote?

Stockholders of record at the close of business on the record date, March 24, 2003, are the only ones entitled to receive notice of the annual meeting and to vote the shares of common stock that they held on that date. On March 24, 2003, the Corporation had outstanding 156,359,955 shares of common stock. Each stockholder will be entitled to one vote in person or by proxy for each share of stock held.

How do I vote?

Please follow the Internet voting instructions found on the form you receive from your bank or broker.

If you elect to vote using the Internet, you may incur telecommunication and Internet access charges for which you are responsible.

How do I vote by telephone?

The Committee structure noted above was instituted in November 2002. Prior to that time, the standing Committees of the Board consisted of the Executive, Audit, Compensation/Nominating, Governance and Diversity Committees. In January 2003, the Corporation once more modified its Committee structure. As a result of the January 2003 changes, the Executive Committee was disbanded and assignments to the various Committees (except for the Audit Committee) were changed. Information relating to the January 2003 changes to the Committee structure will be furnished in conjunction with the 2004 proxy statement.

Board and Committee Meetings and Attendance

During 2002, the Board of Directors held eight regular meetings (one of which was by telephone conference) and held four special meetings by telephone conference.

The Audit Committee, composed entirely of outside directors, met seven times during 2002 with the Corporation's independent auditors, representatives of management and the internal audit staff. The Executive Committee met once during 2002. The Compensation/Nominating Committee, composed entirely of outside directors, met eight times in 2002. In March 2002, the Board approved the creation of a Diversity Committee. The Diversity Committee, comprised entirely of outside directors, met twice during 2002. The Governance Committee, composed entirely of outside directors met once in 2002.

In 2002, each director attended more than 75% of the Board meetings and Committee meetings of which he/she was a member.

In 2002, no member of the Audit Committee or Compensation/Nominating Committee (i) was a current or former employee or officer of the Corporation or any of its affiliates or (ii) had any interlocking relationship with any other corporation that requires specific disclosure.

Compensation of Directors

Cash/Deferred Compensation

Outside directors of the Corporation receive an annual retainer of \$20,000 for service on the Board of Directors, an annual retainer of \$3,000 for service on one or more standing Committees of the Board and \$1,000 for attending, or otherwise participating in, a Board or Committee meeting (provided, the maximum payment for meeting attendance is \$1,000 per day, regardless of the number of meetings actually attended in that day).

Directors may defer payment of all or any part of these retainers and fees pursuant to two deferral plans. Under the first of these deferral plans, the Corporation will pay interest on the amount deferred at the prime rate from time to time in effect at J. P. Morgan Chase & Co. Under the second deferral plan, compensation deferred during any calendar month is converted into stock equivalent units by dividing the total amount of deferred compensation by the average fair market value (as defined in the Corporation's 1998 Long Term Incentive Plan, as amended (the "LTIP")) of the Corporation's common stock during such month. At the end of the deferral period, the Corporation will pay to the director an amount in cash equal to the number of accumulated stock equivalent units multiplied by the average fair market value (see preceding definition) of the Corporation's common stock during the month in which the deferral period terminates. In 2002, Messrs. Bachmann, Brennan, Codina, Purcell, Rodgers and Staubach and Dr. Rodin elected to defer their cash compensation for services on the Board. Each elected to defer their cash compensation pursuant to the stock equivalent unit program.

Equity

Under the 1994 Directors Stock Incentive Plan, as amended (the "SIP"), outside directors each receive an annual award of 1,422 deferred shares of the Corporation's common stock. These shares will generally be delivered to the director within six months after the director ceases to be a member of the Board.

Pursuant to the SIP, the Corporation provides directors who were elected after May 15, 1996, an annual grant of 711 additional deferred shares of the Corporation's common stock. This additional grant is in lieu of their participation in a pension plan (described below, see "Other"). These shares will generally

11

be distributed to the director within six months after the director ceases to be a member of the Board. Messrs. Bachmann, Miles, Purcell and Staubach and Dr. Rodin each receive this additional grant.

In 1999 the Corporation adopted a Stock Appreciation Rights Plan for outside directors (the "SAR Plan"). Under the SAR Plan, each outside director receives an annual award of 1,185 stock appreciation rights ("SARs"). SARs entitle the director upon exercise to receive in cash the excess of the fair market value of the Corporation's common stock over the stock's fair market value as of the SARs' grant date. The SARs vest 100% on the first anniversary of their grant and expire on the tenth anniversary of their grant. The SARs may be exercised only during certain defined "window" periods (generally, the 20 business days following the Corporation's release of quarterly earnings).

Other

The Corporation provides directors who were elected on or before May 15, 1996, a pension benefit equal to 10% of the director's fees and retainers from the Corporation for his or her last twelve months of service on the Board, multiplied by the number of years of service on the Board, up to a maximum of \$20,000 per year. Messrs. Boren, Brennan, Codina, Graves and Rodgers and Mrs. Korologos are eligible to receive this benefit. Based upon each of these director's tenure on the Board, it can be anticipated that each will receive the maximum pension benefit (i.e., \$20,000 per year) upon his/her retirement from the Board. The pension benefit will be paid until the later to die of the director or the director's spouse.

An outside director, an outside director's spouse or companion, and an outside director's dependent children are provided transportation on American and American Eagle Airlines, Inc. and reimbursement for federal income taxes incurred thereon. The cost of such transportation for each outside director in 2002, including the reimbursement obligation for income tax liability, was as follows: John W. Bachmann \$44,763; David L. Boren \$21,931; Edward A. Brennan \$30,250; Armando M. Codina \$16,303; Earl G. Graves \$35,121; Ann McLaughlin Korologos \$31,436; Michael A. Miles \$18,525; Philip Purcell \$41,560; Joe M. Rodgers \$42,152; Judith Rodin \$42,087; and Roger T. Staubach \$18,197. Mr. Carty, as an employee of American, pays service charges for his use of employee travel privileges. These service charges are equal to those paid by all other employees.

Other Matters

Edgar Filing: AMR CORP - Form DEF 14A

During 2002, American advertised in, and sponsored events hosted by, *BLACK ENTERPRISE* magazine. Mr. Graves is Chairman of the Board and Chief Executive Officer of Earl G. Graves, Limited, which publishes that magazine.

In 2002, Morgan Stanley provided financial services to the Corporation. Mr. Purcell is Chairman and Chief Executive Officer of Morgan Stanley.

Stock Options Granted

The following table contains information about stock options granted during 2002 by the Corporation to the named executive officers. The hypothetical present values of stock options granted in 2002 are calculated under a Black-Scholes model, a mathematical formula used to value options. The actual amount, if any, realized upon the exercise of stock options will depend upon the amount by which the market price (NYSE) of the Corporation's common stock on the date of exercise exceeds the exercise price. There is no assurance that the hypothetical present values of stock options reflected in this table will actually be realized.

As of the date of this proxy statement, all of the options reflected in this table were substantially under-water.

If the hypothetical present values presented in this table represent the amounts actually realized upon exercise of the options, the corresponding increase in total stockholder value would be over \$2.1 billion.

(1) Options have a term of ten years and have an exercise price equal to the average market price of the Corporation's common stock on the date of grant. They become exercisable at the rate of 20% per year over a five-year period. Upon a change in control (as described on page 25), the vesting of the options will be accelerated and all options will become immediately exercisable.

(2) The Black-Scholes model used to calculate the hypothetical values of options at the date of grant considers a number of factors to estimate the option's present value. These factors include: (i) the stock's volatility prior to the grant date; (ii) the exercise period of the option; (iii) interest rates; and (iv) the stock's expected dividend yield. The assumptions used in the valuation of the options granted 2/27/02 were: stock price volatility 45%; exercise period 4.5 years; interest rate 4.3%; and dividend yield 0.0%. The assumptions used in the valuation of the options granted 4/2/02 were: stock price

volatility 46%; exercise period 4.5 years; interest rate 4.7%; and dividend yield 0.0%. The value of these grants under the Black-Scholes model as of December 31, 2002 were: Carty \$275,600; Arpey \$111,520; Garton \$44,520; Ris \$33,920; McNamara \$33,920; Gunn \$44,520.

The following table contains information about stock options exercised during 2002 by the named executive officers and the number and value of unexercised in-the-money options held at December 31, 2002. The actual amount, if any, realized upon exercise of stock options will depend upon the amount by which the market price (NYSE) of the Corporation's common stock on the date of exercise exceeds the exercise price. There is no assurance that the values of unexercised in-the-money stock options (whether exercisable or unexercisable) reflected in this table will actually be realized. As of December 31, 2002, all of the unexercised options held by the named executive officers were substantially under-water.

Pension Plan

American's basic pension program for management personnel consists of a fixed benefit retirement plan which complies with the Employee Retirement Income Security Act of 1974 ("ERISA") and qualifies for federal exemption under the Internal Revenue Code ("Code"). Officers of American are eligible for additional retirement benefits, to be paid by American under the Supplemental Executive Retirement Plan (the "SERP"). There is also a defined contribution plan (called "SuperSaver Plus") that includes a match by American. None of the named executive officers participate in SuperSaver Plus. The SERP provides pension benefits (calculated upon the basis of final average base salary, incentive compensation payments and performance returns as reflected in the Summary Compensation Table) to which officers of American would be entitled, but for the limit of \$160,000 on the maximum annual benefit payable under ERISA and the Code and the limit on the maximum amount of compensation which may be taken into account under American's basic pension program (\$200,000 for 2002).

The following table shows typical annual benefits payable under the basic pension program and the SERP, based upon retirement in 2002 at age 65, to persons in specified remuneration and credited years-of-service classifications.

Benefits are shown in the above table on a single-life annuity basis. At the time of the retirements of Messrs. Baker and Gunn each had accrued 37.8 and 36.3 years of credited service, respectively.

CORPORATE PERFORMANCE

The following graph compares the yearly change in the Corporation's cumulative total return on its common stock with the cumulative total return on the published Standard & Poor's 500 Stock Index, the cumulative total return on an index of airlines published by Standard & Poor's and an index comprised of nine major airlines, in each case over the preceding five-year period. The Corporation believes that while total stockholder return is an *indicator of corporate performance*, it is subject to the vagaries of the market.

* Defined as stock price appreciation plus dividends paid assuming reinvestment of dividends.

** Standard & Poor's Airline Index includes American Airlines, Delta Air Lines, and Southwest Airlines. It formerly included US Airways.

*** Nine Major Airlines is an index of American Airlines, Alaska Airlines, America West, Continental Airlines, Delta Air Lines, Northwest Airlines, Southwest Airlines, United Air Lines, and US Airways weighted by market capitalization.

OTHER MATTERS INVOLVING EXECUTIVE OFFICERS

Executive Termination Benefits Agreements/Employment Agreements

The Corporation has executive termination benefits agreements (the "Agreements") with 12 officers of American, including all of the named executive officers. The benefits provided by the Agreements are triggered by the termination of the individual who is a party to an Agreement: (i) within two years following a change in control of the Corporation, if the individual's employment with the Corporation is terminated other than for cause or if the individual terminates his or her employment with "good reason"; or (ii) within the 30 day period immediately following the first anniversary of a change in control of the Corporation, if the individual terminates his or her employment with the Corporation. Any termination of an individual (other than for cause) that occurs not more than 180 days prior to a change in control and following the commencement of any discussions with a third party that ultimately results in a change in control will be deemed to be a

termination of an individual after a change in control. If the individual's employment is terminated for cause or as a consequence of death or disability, the Agreement is not triggered. Under the terms of the Agreements, a change in control of the Corporation is deemed to occur: (i) if a third party acquires 15% or more of the Corporation's common stock; (ii) if the individuals who, as of the date of the Agreements, constitute the Board of Directors of the Corporation cease for any reason to constitute at least a majority thereof (provided that directors subsequent to the date of the Agreements whose election or nomination was approved by a majority of the incumbent board will be considered as if such members were members of the incumbent board); (iii) upon the consummation of a reorganization, merger, consolidation, sale or other disposition of all or substantially all of the assets of the Corporation or the acquisition of the assets of another corporation unless (a) more than 60% of the Corporation's voting stock remains in the hands of the same stockholders, (b) no person owns more than 15% of the common stock of the surviving corporation and (c) at least a majority of the members of the Board following the transaction are the same as the members of the Board who approved the transaction; or (iv) upon the approval by the stockholders of the Corporation of a complete liquidation or dissolution of the Corporation.

The Agreements provide that upon such termination the individual will receive: three times the sum of (i) the individual's annual base salary and (ii) the annual award paid under American's Incentive Compensation Plan, as well as certain other miscellaneous benefits. In addition, upon a change in control, the vesting and exercisability of stock awards will be accelerated (for example, deferred and restricted stock will immediately vest at target award levels and all stock options will become immediately exercisable). Finally, the individual will be reimbursed for excise taxes, if any, paid pursuant to Section 280G of the Code (or its successor provision) and for federal income tax paid on such excise tax reimbursement.

AUDIT COMMITTEE REPORT

The Audit Committee of the Corporation is composed of four directors (see page 9) and met seven times during 2002. The Committee operates under a written charter. Each member of the Committee is independent (as independence is defined under the listing standards of the New York Stock Exchange).

As detailed in the Committee's Charter, the management of the Corporation is responsible for the Corporation's internal controls and financial operating system. The independent auditors (Ernst & Young LLP, "E&Y") are responsible for performing an independent audit of the Corporation's consolidated financial statements in accordance with auditing standards generally accepted in the United States and issuing a report relating to this audit. The Committee's responsibility is to monitor and oversee these processes.

Throughout 2002 the Committee met and held discussions with management and E&Y. Throughout 2002, the Committee had meetings with E&Y in private without members of the Corporation's management present. The Committee also met in private (without members of the Corporation's management present) with the Corporation's internal auditor. Among other things, during these meetings the Committee reviewed and discussed the Corporation's consolidated financial statements with management and E&Y and the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended by Statement on Auditing Standards No. 90 (Audit Committee Communications).

E&Y has also provided the Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and the Committee has discussed with E&Y that firm's independence.

In reliance on the reviews and discussions referenced above, the Committee recommended that the Board of Directors include the audited consolidated financial statements in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2002. This report was filed with the Securities and Exchange Commission on April 15, 2003. Subject to stockholder approval at the 2003 annual meeting, the Committee has also selected E&Y as the Corporation's independent auditors for the year 2003. (See Proposal 2 on page 32).

The Committee provides the following information relating to fees paid to E&Y during the last two fiscal years:

	<i>(amounts in thousands)</i>	
	2002	2001
Audit Fees	\$ 2,179	\$ 1,777
Audit-Related Fees	626	1,787
Tax Fees	500	481

Edgar Filing: AMR CORP - Form DEF 14A

(amounts in thousands)

All Other Fees	40	310
	<u> </u>	<u> </u>
Total Fees	\$ 3,345	\$ 4,355

Audit Fees consist primarily of the audit and quarterly reviews of the consolidated financial statements, statutory audits of subsidiaries required by governmental or regulatory bodies, attestation services required by statute or regulation, comfort letters, consents, assistance with and review of documents filed with the SEC, and accounting and financial reporting consultations and research work necessary to comply with generally accepted auditing standards.

26

Audit-Related Fees consist primarily of due diligence, audits of the Company's employee benefit plans, and audits of subsidiaries and attestation services not required by statute or regulation.

Tax Fees include professional services provided for tax compliance, tax advice, and tax planning, except those rendered in connection with the audit.

All Other Fees consist of professional fees provided related to individual executive financial counseling provided by the Company.

The Committee has considered the compatibility of "Audit Related Fees", "Tax Fees", and "All Other Fees" paid to E&Y in connection with E&Y's independence.

COMPENSATION COMMITTEE REPORT

Overall Policy

The objectives of the Corporation's compensation policies are: (i) to attract and retain the best possible executive talent; (ii) to motivate its executives to achieve the Corporation's long term strategic goals; (iii) to link executive and stockholder interests through equity based compensation; and (iv) to provide a compensation package that appropriately recognizes both individual and corporate contributions. With these objectives in mind, the Corporation has developed an overall compensation strategy that links a very large portion of an executive's compensation to the Corporation's financial success.

The Compensation Committee (the "Compensation Committee" or the "Committee") is composed entirely of independent members of the Board of Directors. No member of the Committee is a current or former employee or officer of the Corporation or any of its affiliates. The Committee meets regularly throughout the year to review general compensation issues and determines the compensation of all of the officers of American (six of whom are also officers of the Corporation) including all of the named executive officers.

Once a year, the Compensation Committee conducts a comprehensive review of the Corporation's executive compensation program. This review includes (i) an internal report evaluating executive compensation throughout the Corporation to ensure consistency and program effectiveness and (ii) a comprehensive report from Hewitt Associates LLC ("Hewitt", an independent compensation consultant retained separately by the Committee) evaluating the competitiveness of executive compensation at the Corporation relative to other major public corporations employing similar executive talent. The Committee also regularly reviews data on the competitive marketplace, comparing total compensation and each element thereof with compensation opportunities at comparable positions at other companies. The Committee's policy is

28

Edgar Filing: AMR CORP - Form DEF 14A

to establish compensation ranges that are approximately at the median of those found at a comparator group made up of Fortune 500 companies across industries with whom the Corporation competes for executive talent (the "Comparator Group").¹

1

This group differs from the comparison group used for the calculation of the Corporate Performance Graph because the Corporation competes with a broader group of companies for executive talent.

An executive's compensation has the following components: (i) base salary; (ii) incentive compensation (a one year performance-based bonus component); (iii) stock options; and (iv) performance shares (a three year performance-based deferred stock component). The Committee believes that compensation paid to the named executive officers in 2002 will be fully deductible for federal income tax purposes.

In light of the economic difficulties facing the Corporation, a chief concern of the Committee over the past year has been the retention of its executive talent. Retention issues have become paramount in light of the fact that: (a) a bonus under the Corporation's incentive compensation plan has not been paid since the 2000 incentive compensation plan; (b) no distributions were made under the 2000/2002 Performance Share Plan (as noted below); and (c) stock options previously granted to the officers and other key employees are substantially under-water.

A cornerstone of the Corporation's compensation policy has been to compensate its officers and key employees with variable compensation tied to the performance of the Corporation. This philosophy has resulted in a drastic decrease in the overall compensation for the Corporation's key executive talent. As a consequence, the Corporation's key executives have received compensation substantially below the Comparator Group referred to above. In light of these circumstances, the Committee has designed short

28

term compensation strategies to retain its executive talent until such time that the Corporation's long term economic prospects improve.

Discussion

(a) Base Salary

The Committee annually reviews officers' salaries, including those of the named executive officers, and makes adjustments based on its subjective evaluation of the performance of the Corporation and the individual.

Upon his election as President and Chief Operating Officer of the Corporation and American, Mr. Arpey's base salary was increased in consideration of his additional responsibilities. Otherwise, there were no increases in the base salaries of any of the named executive officers in 2002. The last increase in base salaries of the named executive officers occurred in July 2001. Effective April 1, 2003, the salaries for the named executive officers were decreased. The salary decreases were as follows: Carty, 33%; Arpey, 14%; Garton, 14%; and Ris, 13%.

(b) Incentive Compensation Plan

American's incentive compensation plan is approved annually by the Committee in conjunction with the incentive compensation plans of the Corporation's other subsidiaries.

American's 2002 incentive compensation plan (the "2002 Plan") conditioned the payment of awards on several factors. Among these factors were the following: (a) a defined level of net income; (b) a defined level of operational performance; and (c) a defined level of achievement in employee survey results. Moreover, even if the foregoing factors were achieved the 2002 Plan was further conditioned upon a distribution under the following plans: (a) the variable compensation plan for pilots; and (b) American's general profit sharing plan for eligible employees.

Inasmuch as several of the aforementioned factors were not achieved in 2002, no awards were made under the 2002 Plan (including any payment to any of the named executive officers). Likewise in 2001, no payments were made under the 2001 incentive compensation plan. The last time payments were made under an incentive compensation plan was for the 2000 plan. It is currently anticipated that no awards will be made under the 2003 incentive compensation plan.

(c) Stock Based Compensation

Under the LTIP, stock based compensation (which may include stock options, restricted stock, deferred stock and other stock based awards) may be granted to officers and key employees of the Corporation and its affiliates. This equity participation aligns the interests of the officers and the Corporation's stockholders over the long term.

Stock Options

Stock options are issued to key employees and officers of American and the Corporation's other subsidiaries and are options to purchase the common stock of the Corporation. They are exercisable for ten years from the date of grant, have an exercise price equal to the average market price of the Corporation's common stock on the date of grant and vest in 20% increments over five years. The LTIP does not allow stock options to be priced below the fair market value of the Corporation's common stock on the date of grant. This structure provides an incentive to create stockholder value over the long term, since the full benefit of the stock option compensation package cannot be realized unless stock appreciation occurs over a number of years.

29

The Committee determines the number of options granted based upon a subjective evaluation of the executive with respect to four factors: (i) individual performance; (ii) where applicable, the executive's ability to perform multiple functions; (iii) the executive's retention value to the Corporation; and (iv) the executive's compensation relative to the compensation of similarly situated executives at the Comparator Group. The number of stock options awarded, if any, depends upon the executive's evaluation with respect to these factors.² The Committee generally does not take into account the number of stock options awarded in previous years.

2

See the Summary Compensation Table on page 16 for information regarding the number of stock options awarded to the named executive officers in 2002.

In February 2002, the Committee granted Mr. Carty options to purchase 520,000 shares of the Corporation's common stock at an exercise price of \$26.71, which represents the average market price (NYSE) of the Corporation's common stock on the date of grant. The number of stock options was determined based on the factors set forth in the immediately preceding paragraph and the Committee's subjective evaluation of Mr. Carty's service and strategic contributions. For the other named executive officers, the number of stock options granted in February 2002 was based upon the factors outlined in the immediately preceding paragraph (with consideration being given to Mr. Baker's retirement in April 2002). In addition, upon his election as President and Chief Operating Officer, Mr. Arpey received a grant of options to purchase 100,000 shares of the Corporation's common stock at an exercise price of \$24.46. The options were granted in consideration of Mr. Arpey additional responsibilities.

As of the date of this proxy statement, the exercise price of the options granted to the named executive officers in 2002 far exceeded the market price of the Corporation's common stock as quoted on the New York Stock Exchange. Moreover, as of the date of this proxy statement the exercise price of **all** options held by the named executive officers far exceeded the market price of the Corporation's common stock.

Performance Shares

Performance shares are shares of deferred stock which are granted to officers and key employees of American and the Corporation's other subsidiaries and are issued pursuant to the LTIP. A distribution under the Performance Share Plan for the period 2000 to 2002 (the "2000/2002 Plan") was contingent upon the Corporation's attainment of a return on investment objective over a three-year performance period. Since the Corporation's performance during the three-year performance period failed to satisfy certain minimum criteria, no payments were made under the 2000/2002 Plan. Deferred shares granted under the 2000/2002 Plan were forfeited and the shares returned to the LTIP for future grant under other compensatory arrangements.

In 2002 the Committee determined that shares granted under the 2002/2004 Performance Share Plan (the "2002/2004 Plan") would be contingent upon the Corporation's achieving certain levels of total shareholder return ("TSR") when compared with its competitors during the three years 2002/2004 (the competitors (collectively referred to as the "Competing Airlines") are Continental Airlines, Delta Air Lines, Northwest Airlines, Southwest Airlines, United Air Lines and US Airways). Under the 2002/2004 Plan, the shares will be distributed at 100% of target if the Corporation's TSR is third among the Competing Airlines. No shares will be distributed if the Corporation's TSR is last among the Competing Airlines. Finally, the shares will be distributed at 175% of target if the Corporation's TSR is first among Competing Airlines. For the 2002/2004 Plan, the Committee determined the number of performance shares to grant based upon a subjective evaluation of the executive with respect to four factors: (i) individual performance; (ii) where applicable, the executive's ability to perform multiple functions; (iii) the executive's retention value to the Corporation; and (iv) the executive's compensation relative to the compensation of similarly situated executives at the

Comparator Group.

30

In 2002, Mr. Carty was granted 52,000 performance shares under the 2002/2004 Plan based on the factors set forth in the immediately preceding paragraph and the Committee's subjective evaluation of Mr. Carty's service and strategic contributions. For the other named executive officers, the number of performance shares granted in 2002 under the 2002/2004 Plan was based upon the factors outlined in the immediately preceding paragraph (with consideration being given, at the time, to the contemplated retirements of Messrs. Baker and Gunn). For Messrs. Baker and Gunn and Ms. McNamara, each of whom is retired, distributions under the 2002/2004 Plan, if any, will be pro-rata to the date of retirement.

(d) Retention Agreements

Given the economic turmoil affecting the Corporation and the industry, in the first quarter of 2002 the Committee decided that it was necessary to offer certain key officers (including the named executive officers) retention agreements to ensure that the officers remained in the employ of the Corporation for two years. The agreements generally provided for a cash payment equal to a pre-determined multiple of the executive's base salary. The payment was to be made in two equal installments in 2004 and 2005. For Mr. Carty, however, the 2004 cash payment had been deferred until 2005. The retention agreements for the named executive officers and certain other executive officers of the Corporation and American have been cancelled. Thus, no payments will be made as originally contemplated by the retention agreements.

(e) SERP funding

As explained at page 23, American offers executives (including the named executive officers) a Supplemental Executive Retirement Plan ("SERP"). The SERP funds retirement benefits the executive would receive under the terms and conditions of American's defined benefit plan, but for limitations imposed by ERISA. In the fourth quarter of 2002, the Committee authorized the funding of the present value of these accrued SERP obligations by contributing an amount equal to such obligations to a trust created for the benefit of the executives participating in the SERP.

PROPOSAL 2 SELECTION OF AUDITORS

The Corporation's Audit Committee has selected Ernst & Young LLP to serve as the Corporation's independent auditors for the year ending December 31, 2003. The stockholders will be requested to ratify the Audit Committee's selection. Representatives of Ernst & Young LLP will be present at the annual meeting, will have the opportunity to make a statement, if they so desire, and will be available to answer appropriate questions.

Vote Required for Approval

The affirmative vote of a majority of the shares represented and entitled to vote is required to approve the Audit Committee's selection of independent auditors. If the stockholders do not ratify the selection of Ernst & Young LLP, the selection of independent auditors will be reconsidered by the Audit Committee.

The Board of Directors recommends a vote FOR approval of this proposal.

32

PROPOSAL 3 STOCKHOLDER PROPOSAL

Mrs. Evelyn Y. Davis, The Watergate Office Building, 2600 Virginia Ave., N.W., Suite 215, Washington, D.C. 20037, who owns 200 shares of stock, has given notice that she will propose the following resolution from the floor. The proposed resolution and statement in support thereof are set forth below. A majority of votes cast is necessary for approval of the proposal.

Resolved: That the stockholders of AMR assembled in Annual Meeting in person and by proxy, hereby recommend that the Corporation affirm its political non-partisanship. To this end the following practices are to be avoided:

- (a) The handing of contribution cards of a single political party to an employee by a supervisor.
- (b) Requesting an employee to send a political contribution to an individual in the Corporation for a subsequent delivery as part of a group of contributions to a political party or fund raising committee.
- (c) Requesting an employee to issue personal checks blank as to payee for subsequent forwarding to a political party, committee or candidate.
- (d) Using supervisory meetings to announce that contribution cards of one party are available and that anyone desiring cards of a different party will be supplied one on request to his supervisor.
- (e) Placing a preponderance of contribution cards of one party at mail station locations.

Reasons: The Corporation must deal with a great number of governmental units, commissions and agencies. It should maintain scrupulous political neutrality to avoid embarrassing entanglements detrimental to its business. Above all, it must avoid the appearance of coercion in encouraging its employees to make political contributions against their personal inclination. The *Troy (Ohio) Daily News* has condemned partisan solicitation for political purposes by managers in a local company (not AMR). And if the Company did not engage in any of the above practices, to disclose this to ALL shareholders in each quarterly report. Last year the owners of approximately 16% of shares voting, voted FOR my similar proposal.

If you agree, please mark your proxy FOR this resolution.

The Board of Directors opposes this proposal.

The Board of Directors recommends a vote against this proposal. The Corporation's own policies and procedures, in conjunction with federal and state regulations, adequately address the issues raised by Mrs. Davis. Inasmuch as the Corporation does not engage in, and has never engaged in, any of the practices set forth in the proposal, adoption of the proposal would not result in any appreciable benefit to the Corporation, its employees or its stockholders.

The Corporation does not endorse or engage in activities that would coerce its employees to make political contributions. Indeed, the Corporation has a strong record of supporting the political process in a

bipartisan manner. Moreover, the Corporation's employees are encouraged to exercise their responsibilities as citizens and to vote and be involved in the political process.

Edgar Filing: AMR CORP - Form DEF 14A

The Corporation does sponsor a political action committee (the American Airlines Political Action Committee, the "AAPAC") whose funds are supplied by voluntary contributions from employees. The AAPAC provides a means for employees to support candidates for public office whose views are consistent with the Corporation's long-term legislative and regulatory objectives.

The Corporation has adopted policies and procedures to ensure that contributions to the AAPAC are strictly voluntary. Contributions may not be solicited or secured through the use of job discrimination or financial reprisal, or the threat thereof, or as a condition of employment. The AAPAC is not affiliated with any political party or with any specific candidate for election.

Finally, the proposal's requirement that the Corporation state on a quarterly basis that it doesn't engage in the listed practices would be administratively burdensome and unnecessary. It would also introduce a new expense at a time when the Corporation is attempting to control its costs.

The Corporation believes that adoption of this proposal is contrary to the best interests of the Corporation and its stockholders and that the resolution is both unnecessary and administratively burdensome.

For these reasons, the Board of Directors recommends a vote AGAINST this proposal.

34

PROPOSAL 4 STOCKHOLDER PROPOSAL

Mr. John Chevedden, 2215 Nelson Avenue, No. 205, Redondo Beach, California, who owns 100 shares of stock, has given notice that he will propose the following resolution from the floor. The proposed resolution and statement in support thereof are set forth below. A majority of votes cast is necessary for approval of the proposal.

Shareholders request that the company annually submit to a shareholder vote any poison pill adopted since the previous annual meeting and/or currently in place.

This topic won one of the highest yes-votes of any shareholder proposal in 2002 91% according to "IRRC tally shows record support for shareholder proposals in 2002," IRRC June 14, 2002 news release.

Shareholder Value

Outside of management circles I believe a poison pill is often viewed as a devise which can injure shareholders by reducing management accountability and adversely affecting shareholder value. A poison pill can discourage a profitable buy-out offer for our stock in my view.

Specialists, with an investor perspective, believe that shareholders should have the right to vote on a poison pill, which could entrench existing management.

Harvard Supporting Report

A 2001 Harvard study found that good corporate governance (which took into account whether a company had a poison pill) was significantly and positively related to company value. This study, by both the Harvard Business School and the University of Pennsylvania's Wharton School, reviewed the relationship between the corporate governance index for 1,500 firms and firm performance from 1990 to 1999. The Harvard Business School report is titled, "Corporate Governance and Equity Prices," July 2001.

Council of Institutional Investors Recommendation

The Council of Institutional Investors, an organization of over 120 pension funds whose assets exceed \$1.5 trillion, has called for shareholder approval of poison pills. The Council of Institutional Investors' recommendation is validated in Council Policies, Corporate Governance Policies, General Principles, Shareholder Voting Rights, Item 5.b., approved March 25, 2002. In recent years, companies including McDermott

Edgar Filing: AMR CORP - Form DEF 14A

International and Columbia/HCA have been willing to redeem outstanding poison pills or seek shareholder approval for their poison pill plans. I believe that our company should follow suit.

Shareholder Vote on Poison Pills Yes on 4

The Board of Directors opposes this proposal.

First, the Corporation does not have a "poison pill." The Corporation's rights plan (which was adopted in May 1986) expired on its own terms in May 1996. Thus, there is nothing in place before the shareholders for a vote.

35

Second, to the extent the Corporation were to adopt a rights plan, at some point in the future, there are procedures in place to ensure that the shareholders interests will be considered. In May 1995, the Corporation entered into an agreement with the International Brotherhood of Teamsters Affiliates Pension Fund ("IBT", with the May 1995 letter being referenced the "IBT Letter", see attachment A). The IBT Letter specifically deals with the scenario envisioned by the Proponent, *i.e.*, the future adoption of a rights plan by the Corporation and the requirement to submit such plan to a shareholder vote.

The IBT letter (paragraph 4) sets forth the procedure to be followed in the event that the Corporation were to adopt a rights plan at some point in the future (the "Successor Plan"). In that instance, paragraphs 5 and 6 provide a means whereby the comments, opinions or suggestions of the IBT with respect to the Successor Plan will be considered by the Corporation. If the comments, opinions or suggestions are not incorporated into the Successor Plan, then the Successor Plan will be submitted for a stockholder vote. No shareholder vote would be required if the comments, opinions or suggestions or IBT were incorporated within the Successor Plan. The IBT Letter provides the assurances that are being sought by the Proponent with respect to the enactment of a Successor Plan.

Given the fact that the Corporation has no rights plan currently and given the presence of the IBT Letter, the Corporation maintains that the Proposal has been substantially implemented and therefore the resolution is unnecessary.

For these reasons, the Board of Directors recommends a vote AGAINST this proposal.

Attachment A to Proposal 4

May 16, 1995

Mr. William Patterson
Director Office of Corporate Affairs
25 Louisiana Avenue
Washington, D.C. 20001

Dear Mr. Patterson:

This letter, when countersigned by you, will represent our mutual understanding regarding Proposal No.4 submitted by the International Brotherhood of Teamsters Affiliates Pension Fund ("IBT") for inclusion in the 1995 Proxy Statement of AMR Corporation ("AMR") which proposal relates to AMR's Rights to Purchase Preferred Shares Plan ("Rights Plan").

1. The IBT agrees that Proposal No.4 is hereby withdrawn from AMR's 1995 Proxy Statement.

Edgar Filing: AMR CORP - Form DEF 14A

2. AMR will consult with, and consider the comments, suggestions and opinions of, the IBT with respect to any successor plan to the Rights Plan (the "Successor Plan"). On behalf of AMR, IBT's comments will be directed either to Charles D. MarLett or Anne McNamara, AMR's corporate secretary and general counsel, respectively (each an "AMR Representative"). IBT understands that AMR is under no obligation to accept, adopt or approve the comments, suggestions or opinions of IBT with respect to the Successor Plan. AMR agrees, though, to consider any such comments, suggestions, or opinions in good faith and to respond to such comments, suggestions or opinions in a meaningful and constructive manner. IBT agrees that it will designate no more than three individuals to convey its comments, suggestions or opinions to the AMR Representative.

3. In the event that AMR's Board of Directors approves a Successor Plan on or before October 18, 1995, an AMR Representative will (i) notify IBT of such action and (ii) provide IBT with a copy of such Successor Plan on or before November 1, 1995.

4. In the event that AMR's Board of Directors approves a Successor Plan after October 18, 1995, an AMR Representative will (i) notify IBT of such action and (ii) provide IBT with a copy of such Successor Plan within five business days of such plan's approval.

5. Upon receipt of the Successor Plan, as provided in Paragraphs 3 and 4, above, IBT will provide to an AMR Representative its comments, suggestions or opinions with respect to the Successor Plan. IBT agrees that its comments, suggestions or opinions must be received by an AMR Representative within 30 days of the IBT's receipt of the Successor Plan. IBT understands that AMR is under no obligation to accept, adopt or approve the comments, suggestions or opinions of IBT with respect to the Successor Plan. AMR agrees, though, that its Board of Directors will consider any such comments, suggestions, or opinions in good faith and that an AMR Representative will respond to such comments, suggestions or opinions in a meaningful and constructive manner.

(a) AMR will submit the Successor Plan for the approval of the stockholders of AMR at its next regularly scheduled annual meeting.

(b) in the case of Paragraph 3, IBT may provide AMR a statement in opposition to the Successor Plan for inclusion in the 1996 AMR Proxy Statement. Such statement (i) must be received by an AMR Representative on or before December 2, 1995 and (ii) must not exceed 500 words and must be in compliance with the requirements of SEC rule 14a-9 or its successor provision.

(c) in the case of Paragraph 4, IBT may provide AMR a statement in opposition to the Successor Plan for inclusion in the AMR Proxy Statement issued with respect to the next regularly scheduled annual meeting. Such statement (i) must be received by an AMR Representative within 30 days of receipt by the IBT of the Successor Plan and (ii) must not exceed 500 words and must be in compliance with the requirements of SEC rule 14a-9 or its successor provision.

7. Should the IBT have no comments, suggestions or opinions with respect to the Successor Plan or should the comments, suggestions or opinions of IBT be incorporated within the Successor Plan, to the sole satisfaction of the IBT, IBT will notify an AMR Representative and AMR will be under no obligation with respect to the IBT and this agreement to submit the Successor Plan to a vote of the stockholders of AMR at the next regularly scheduled annual meeting.

8. AMR agrees that in submitting the Successor Plan to its stockholders (as provided in Paragraph 6(a)) the decision of the stockholders as to the approval or disapproval of the Successor Plan shall be binding on AMR and that in determining such approval or disapproval (i) only the proxies of those stockholders indicating a vote "FOR" or "AGAINST" the Successor Plan will be included and (ii) approval will be obtained by achieving greater than 50% where the numerator is the number of votes "FOR" the Successor Plan and the denominator is the number of votes "FOR" and "AGAINST" the Successor Plan.

9. IBT agrees that nothing contained within this agreement is intended to prohibit the AMR Board of Directors from exercising its fiduciary duties with respect to the Rights Plan and any Successor Plan, whether such exercise is in the normal course of affairs or is in response to an unsolicited offer for AMR, as long as such exercise is in accordance with this agreement.
