INFORMATION ABOUT THE BOARD AND CORPORATE GOVERNANCE

Corporate Governance Guidelines. The Board has adopted Corporate Governance Guidelines to promote the effective functioning of the Board and its committees, to promote the interests of all stockholders, and to ensure a common set of expectations as to how the Board, its various committees, individual directors and management should perform their functions. The Board believes that ethics and integrity cannot be legislated or mandated by directive or policy and that the ethics, character, integrity and values of the Corporation's directors and senior management remain the most important safeguards in quality corporate governance. The Corporate Governance Guidelines are posted on the Corporation's website, which is www.osg.com, and are available in print upon the request of any stockholder of the Corporation. Under the Corporate Governance Guidelines, each director is expected to attend all Board meetings and all meetings of committees of which he is a member. Meeting

Edgar Filing: OVERSEAS SHIPHOLDING GROUP INC - Form DEF 14A

materials are provided to Board and Committee members prior to meetings, and members are expected to review such materials prior to each meeting.

Independence. Under the Corporate Governance Guidelines, which incorporate the standards established by the New York Stock Exchange ("NYSE"), the Board must consist of a majority of independent directors. As determined by the Board, as of the date of this Proxy Statement, twelve of the thirteen nominees, namely Messrs. Oudi Recanati, Andreas, Batkin, Coleman, Fribourg, Komaroff, Merkin, Picket, Ariel Recanati, Robards, Vettier and Zimmerman, have been determined to be independent under the Corporate Governance Guidelines.

Meetings of the Board. The Board held five meetings during 2005. Each director attended all of the total number of meetings of the Board and Committees of which he was a member.

Annual Meetings of Stockholders. Directors are not required, but are strongly encouraged to attend the Annual Meeting of Stockholders. In 2005, all of the Directors attended the Annual Meeting of Stockholders.

Communications with Board Members. Stockholders may communicate with any director by sending a letter to such director's attention in care of the Corporation's Corporate Secretary, 666 Third Avenue, 5th Floor, New York, New York 10017. The Corporate Secretary opens and forwards all such correspondence (other than advertisements and other solicitations) to directors unless the director to whom the correspondence is addressed has requested that the Corporate Secretary forward correspondence unopened. Unless the context otherwise requires, the Corporate Secretary will provide any communication addressed to the Board to the director most closely associated with the nature of the request based on Committee membership and other factors.

Code of Ethics. The Corporation has adopted a code of ethics which is an integral part of the Corporation's business conduct compliance program and embodies the commitment of the Corporation and its subsidiaries to conduct operations in accordance with the highest legal and ethical standards. The Code of Ethics applies to all of the Corporation's officers, directors and employees. Each is responsible for understanding and complying with the Code of Ethics. The Code of Ethics is posted on the Corporation's website, which is www.osg.com, and is available in print upon the request of any stockholder of the Corporation.

Executive Sessions of the Board. To ensure free and open discussion and communication among the non-management directors, the Corporate Governance Guidelines provide that non-management directors meet in executive session at the end of each regular meeting of the Board; at least one of such executive sessions shall exclude non-management directors who do not qualify as independent. In accordance with the Guidelines, the non-executive Chairman of the Board of Directors chairs the executive sessions. Any non-management director can request that an additional executive session be scheduled.

Committees

The Corporation has three standing committees of its Board: the Audit Committee, the Corporate Governance and Nominating Committee and the Compensation Committee. Each of these committees has a charter that is posted on the Corporation's website, www.osg.com, and is available in print upon the request of any stockholder of the Corporation.

Audit Committee. The Audit Committee is required to have no fewer than three members all of whom must be and are independent directors. During 2005, the Audit Committee consisted of Messrs. Zimmerman (who was a member and Chairman of the Audit Committee until June 2005), Robards (who has been serving as Chairman since June 2005), Picket and Andreas. The Board determined that each of Messrs. Zimmerman (prior to June 2005) and Robards (from June 2005) is an

audit committee financial expert, as defined by rules of the SEC. The Audit Committee met five times during 2005.

The Audit Committee oversees the Corporation's accounting, financial reporting process, internal controls and audits and consults with management, internal auditors and the Corporation's independent registered public accounting firm on, among other things, matters related to the annual audit, and published financial statements and the accounting principles applied. As part of its duties, the Audit Committee retains the Corporation's independent registered public accounting firm, subject to stockholder ratification. It maintains direct responsibility for the compensation and oversight of the Corporation's independent registered public accounting firm and evaluates the independent registered public accounting firm's qualifications, performance and independence. In April 2006, the Audit Committee re-examined and revised the Audit Committee charter, a copy of which is attached to the Proxy Statement as Appendix A and is posted on the Corporation's website. The Audit Committee has established policies and procedures for the pre-approval of all services provided by the Corporation's independent registered public accounting firm.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee is required to have no fewer than two members, all of whom must be and are independent directors. During 2005, the Corporate Governance and Nominating Committee consisted of Messrs. Oudi Recanati (Chairman), Komaroff, Merkin and Zimmerman. The Committee is required to meet as many times as necessary each year. In 2005, the Corporate Governance and Nominating Committee met two times. The Corporate Governance and Nominating Committee considers and makes recommendations on matters related to the practices, policies and procedures of the Board and takes a leadership role in shaping the corporate governance of the Corporation. As part of its duties, the Committee assesses the size, structure and composition of the Board and Board committees, coordinates evaluation of Board performance and reviews Board compensation. The Committee also acts as a screening and nominating committee for candidates considered for election to the Board. In this capacity it concerns itself with the composition of the Board with respect to depth of experience, balance of professional interests, required expertise and other factors set forth in the Corporate Governance Guidelines. The Committee evaluates prospective nominees identified on its own initiative or referred to it by other Board members, management, stockholders or external sources and all self-nominated candidates. The Committee uses the same criteria for evaluating candidates nominated by stockholders and self-nominated candidates as it does for those proposed by other Board members, management and search consultants.

The Committee considers the following criteria for identifying and recommending qualified candidates for membership on the Board, seeking to maintain within these criteria appropriate diversity of individuals on the basis of gender, ethnic heritage, international background and life experiences:

judgment, character, age, integrity, expertise, tenure on the Board, skills and knowledge useful to the oversight of the Corporation's business;

status as "independent" or an "audit committee financial expert" or "financially literate" as defined by the NYSE or the SEC;

high level managerial, business or other relevant experience, including, but not limited to, experience in the industries in which the Corporation operates, and, if the candidate is an existing member of the Board, any change in the member's principal occupation or business associations;

absence of conflicts of interest with the Corporation;

status as a U.S. citizen; and

ability and willingness of the candidate to spend a sufficient amount of time and energy in furtherance of Board matters.

A stockholder may recommend a person as a nominee for director by writing to the Secretary of the Corporation. Recommendations must be received by December 31, 2006 in order for a candidate to be considered for election at the 2007 Annual Meeting. Each recommendation for nomination should contain the following information: (a) the name and address of the stockholder who intends to make the nomination and of the person or persons to be nominated; (b) a representation that the stockholder is a holder of record of stock of the Corporation entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (d) such other information regarding each nominee proposed by such stockholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had such nominee been nominated, or intended to be nominated, by the Board of Directors; and (e) the consent of each nominee to serve as a director of the Corporation if so elected. All the director nominees named in this proxy statement were evaluated under the criteria set forth above and recommended by the Corporate Governance and Nominating Committee for election by stockholders at the Annual Meeting.

All nominees for election at the Annual Meeting were previously elected to the Board by stockholders other than Mr. Vettier who was elected as of April 1, 2006 by the members of the Board of Directors after coming to the attention of the Corporate Governance and Nominating Committee through the recommendation of a member of such committee.

Compensation Committee. The Compensation Committee is required to have no fewer than two members, all of whom must be and are independent directors. During 2005, the Compensation Committee consisted of Messrs. Fribourg (Chairman), Oudi Recanati and Coleman. The Committee met six times during 2005. The Compensation Committee makes recommendations to the Board as to the Corporation's general compensation philosophy, determines which of the corporate goals and objectives established by the Board are relevant to the compensation of the Corporation's Chief Executive Officer ("CEO"), evaluates the performance of the CEO in light of those goals and objectives, and determines and approves the CEO's compensation level based on this evaluation; establishes annual compensation, including benefits and perquisites of all executive officers of the Corporation, and reports such determinations and actions to the Board; reviews and approves employment agreements, severance agreements, change of control agreements and other similar agreements relating to executive officers; and establishes and modifies incentive-compensation plans and equity-based plans, and monitors such plans and their administration. The Compensation Committee also prepares an Annual Report of the Compensation Committee on Executive Compensation for inclusion in the Corporation's annual proxy statement or Annual Report on Form 10-K in accordance with the applicable rules and regulations of the SEC.

Under the agreement, the Corporation granted Mr. Arntzen on the date of agreement 50,000 restricted shares of the Corporation's Common Stock, which shares vest in equal installments on the first four anniversaries of the date of grant, and also granted him at the same time options to purchase 100,000 shares of the Corporation's Common Stock at a price of \$35.70 per share, exercisable in equal installments on the day immediately prior to each of the first three anniversaries of the date of grant. If and to the extent that payments, benefits and other amounts received by Mr. Arntzen as a result of a change of control constitute "excess parachute payments" under Section 280G of the Internal Revenue Code of 1986, as amended (the "Code"), the excess parachute payments are subject to excise tax (and are not deductible to the

Corporation); in that event, the amounts to be paid to Mr. Arntzen under the terms of the agreement will be reduced such that no excise tax will apply.

The Corporation also is party to a Change of Control Protection Agreement, dated as of January 1, 2006, with each of Messrs. Itkin, Johnston and Edelson, each providing that if a Change of Control (as defined in the agreement) occurs and the executive's employment with the Corporation is terminated by the Corporation without Cause (as defined in the agreement) or by the executive for Good Reason (as defined in the agreement) at any time within two years after the Change of Control or if a Change of Control takes place within 90 days after an executive is terminated in an Anticipatory Termination (as defined in the agreement), the executive will receive the following payments and benefits from the Corporation: (i) incurred but unreimbursed business expenses, accrued but unpaid base salary, bonus, vacation pay or other compensation, and other amounts or vested benefits due under the then applicable employee benefit, equity or incentive plans of the Corporation then in effect; (ii) 2 times (for Messrs. Itkin and Johnston) and 1.5 times (for Mr. Edelson) the sum of (x) the executive's annual base salary rate in effect immediately prior to his termination plus (y) the executive's highest target annual incentive compensation in effect within 180 days prior to, or at any time after, the Change of Control; provided, that if no target annual incentive compensation is in effect during such period, then the executive's target incentive compensation will be deemed to be 50% of the executive's annual base salary rate in effect immediately prior to his termination; (iii) an amount equal to 24 months (for Messrs. Itkin and Johnston) and 18 months (for Mr. Edelson) of additional employer contributions under any qualified or nonqualified defined contribution pension plan or arrangement of the Corporation applicable to the executive; (iv) a pro rata target bonus for the year in which Executive is terminated based on the portion of the year the executive was employed, provided that, if no target annual incentive compensation is in effect during such period, then the executive's target incentive compensation will be deemed to be 50% of the executive's annual base salary rate in effect immediately prior to his termination; and (v) in the case of Messrs Itkin, Johnston and Edelson, continued healthcare benefits for up to 18 months.

Each executive agrees during the term of his employment with the Corporation and thereafter to (i) keep confidential all proprietary processes, trade secrets or other confidential data or information of the Corporation and (ii) fully cooperate with the Corporation in connection with any matter, investigation, proceeding or litigation regarding any matter in which the executive was involved during the executive's employment. During the executive's employment and, if he is receiving payments under the agreement, for the one year period following the termination of the executive's employment with the Corporation, the executive will not compete with any business conducted by the Corporation, will not solicit any employee of the Corporation to leave the employ of the Corporation and will not solicit or induce any customer of the Corporation to purchase services offered by the Corporation from another entity. Each executive agrees that he will not resign from the Corporation without Good Reason for at least 180 days from January 1, 2006 except this restriction will not apply if there is a Change of Control. The term of each agreement expires on December 31, 2008, unless extended by the parties.

On January 27, 2006, the Corporation adopted the Overseas Shipholding Group, Inc. Severance Protection Plan (the "Severance Plan") to offer protection for a possible loss of income to certain key employees including Messrs. Itkin, Johnston and Edelson, in the event their employment with the Corporation was terminated without Cause (as defined in the Severance Plan). The term of the Severance Plan began on January 1, 2006 and will continue until terminated on not less than one year's notice to the executives then participating in the Severance Plan. The Severance Plan provides that if employment with the Corporation is terminated without Cause, the executive will receive the following payments and benefits: (i) incurred but unreimbursed business expenses, accrued but unpaid base salary, bonus, vacation pay or other compensation, and other amounts or vested benefits due under the then applicable employee benefit, equity or incentive plans of the Corporation then in effect; (ii) an

amount equal to the executive's monthly base salary rate in effect prior to the termination for 24 months (for Messrs. Itkin and Johnston) and 18 months (for Mr. Edelson) after the executive's employment terminates; and (iii) continued healthcare coverage for up to 18 months.

Messrs. Itkin, Johnston and Edelson each agreed that during the term of his employment and thereafter he shall (i) keep confidential all proprietary processes, trade secrets or other confidential data or information of the Corporation, (ii) fully cooperate with the Corporation in connection with any matter, investigation, proceeding or litigation regarding any matter in which the executive was involved during the executive's employment and (iii) not disparage the Company or its employees, officers, directors, products or services. During the executive's employment and for the one year period following the termination of the executive's employment with the Corporation, the executive will not compete with any material business conducted by the Corporation on the date the executive is terminated and will not solicit or induce any customer of the Corporation to purchase services offered by the Corporation from another entity. During the executive's employment and for the two year period following the termination of the executive's employment, the executive will not solicit any employee of the Corporation to leave the employ of the Company. Each executive agrees that he will not resign from the Corporation for any reason for at least 180 days from the date the executive becomes eligible to participate in the Plan.

On March 14, 2006, the two subsidiaries of the Corporation with which Mr. Dienes has employment agreements entered into Change of Control Protection Supplements and Severance Protection Supplements with Mr. Dienes which provide for rights and obligations of the parties similar to those provided under Mr. Edelson's Change of Control Protection Agreement and the Severance Plan as it relates to Mr. Edelson.

PENSION PLAN

The Corporation's qualified defined benefit plan and supplemental defined benefit retirement plans were terminated effective December 31, 2005. It is anticipated that by the middle of 2007, all benefit obligations to the Named Executive Officers under the Corporation's qualified defined benefit plan will be settled through the distribution of plan assets or reinvestment of such assets in an account as directed by such Named Executive Officer, such as to an Individual Retirement Account. The amounts shown below are the amounts anticipated to be distributed to (or directed to be invested by) each of the Named Executive Officers, calculated as of January 1, 2006:

James I. Edelson	\$	163,693

COMPENSATION OF DIRECTORS

Non-employee directors of the Corporation receive a director's fee of \$30,000 per year, payable quarterly, and a fee of \$1,500 for each meeting of the Board of Directors they attend. The Chairman of the Board of Directors, a non-executive position, receives a fee of \$100,000 per year, payable quarterly. In addition, the Chairman of the Audit Committee receives a fee of \$10,000 per year, payable quarterly, and each member of the Audit Committee receives a fee of \$1,500 for each committee meeting he attends. Each member of the Corporate Governance and Nominating Committee and the Compensation Committee receives a fee of \$1,500 for each committee meeting attended. Each non-employee director also receives a fee of \$1,500 for each meeting of any committee of which he is not a member that he attends by invitation. The Chairmen of the Corporate Governance and Nominating Committee and the Compensation Committee are each entitled to an annual fee of \$7,500, payable quarterly, but each of them has waived his rights to such annual fee.

Under the 2004 Stock Incentive Plan (the "2004 Plan"), the Board has the discretion to grant various types of equity-based awards to non-employee directors. In 2005 and 2006 the Board elected to grant new non-employee directors (Mr. Robards in 2005 and Mr. Vettier in 2006) an option to purchase 7,500 shares under the 2004 Plan. The options were granted at the fair market value of the Common Stock on the date of grant and become exercisable in three equal annual installments commencing one year after the date of the option grant.

In June 2005, the Board granted 1,000 restricted stock units to each continuing non-employee director of the Corporation under the 2004 Plan. Each restricted stock unit represents a contingent right to receive one share of Common Stock upon such non-employee director's termination of service as a Board member. The restricted stock units vest on June 7, 2006. The restricted stock units have no voting rights, may not be transferred or otherwise disposed while the holder is a director and pay dividends in the form of additional restricted stock units at the same time dividends are paid on the Common Stock in an amount equal to the result obtained by dividing (i) the product of (x) the amount of units owned by the holder on the record date for the dividend on the Common Stock times (y) the dividend per share on the Common Stock by (ii) the closing price of a share of Common Stock on the payment date for the dividend on the Common Stock, which restricted stock units vest immediately upon payment.

**EXECUTIVE COMPENSATION
REPORT OF THE COMPENSATION COMMITTEE**

In accordance with rules of the SEC, the Report on Executive Compensation does not constitute "soliciting material" and is not incorporated by reference in any filings with the SEC made pursuant to the 1933 Act or the 1934 Act.

The Compensation Committee (the "Committee") of the Board of Directors reviews and determines compensation for members of senior management in accordance with the Committee's charter, which is posted on the Corporation's website, www.osg.com. The Committee is composed of three non-employee directors of the Corporation who meet all applicable independence requirements of the SEC and NYSE: Charles A. Fribourg, Oudi Recanati and Thomas B. Coleman. The Committee's compensation policies are designed to promote the following objectives:

to attract and motivate talented executives, and to encourage their long term tenure with the Corporation;

to compensate executives based upon the value of their individual contributions in achieving corporate goals and objectives; and

to motivate executives to maximize stockholder values.

In setting annual compensation levels, the Committee takes into account year-to-year comparisons of financial performance, as well as many other factors. Because the Corporation's results over a short term period are significantly affected by bulk shipping market dynamics beyond the Corporation's control, financial results attributable solely to rate changes are not the principal element in determining compensation. Instead, the Committee considers management's initiatives in enhancing the Corporation's financial results in all rate environments and in achieving other corporate objectives. In 2004, the Corporation adopted a strategic business plan which focuses on four business areas: crude oil tankers, Product Carriers, U.S. Flag business and Liquefied Natural Gas vessels. In 2005 the Corporation's objectives under its strategic business plan included: integrating the operations of Stelmar Shipping Ltd. ("Stelmar"), a leading international provider of petroleum and crude oil transportation services which the Corporation acquired in January 2005, with the operations of the Corporation; utilizing the Corporation's strong technical and operational capabilities to pursue growth opportunities, especially in the U.S. Flag business; conducting an active vessel purchase and sale program to acquire ships that offer attractive equity returns and to dispose of vessels whose expected financial returns are less than those of most of the Corporation's fleet; and improving the financial strength and flexibility of the Corporation.

In addition to base salary, the Corporation has adopted an Incentive Compensation Plan designed to reward employees at all levels for their performance as measured against individual goals. The Plan provides for significant enhancement of cash and equity based awards based on the Corporation's financial performance in attaining earnings thresholds established at the beginning of each year. The Committee believes that the Plan is an appropriate and effective means of motivating employees to help achieve the Corporation's key financial and operating objectives.

In setting executive compensation for 2005, the Committee noted that the Corporation achieved record earnings of \$464.8 million compared with \$401.2 million for 2004, which was the Corporation's highest annual net income until 2005. The Committee believes that such record results was primarily due to management's achievement in acquiring vessels through purchases, principally through the acquisition of Stelmar and its fleet of 40 vessels, and charters at favorable prices and charter rates as well as disposals of older tankers at attractive prices.

The Committee noted that the Stelmar acquisition, which added 24 Product Carriers to the Corporation's fleet of four Product Carriers, established the Corporation as a market leader in Product

Carriers, a strategic business goal. During 2005, management successfully integrated Stelmar's operations into the Corporation's business, generating significant cost savings in insurance, financing and purchasing. In addition, the Stelmar acquisition enabled the Corporation to improve the operation of its combined business by adoption of the best practices of both companies.

The Committee also noted that in June 2005, the Corporation signed definitive agreements to bareboat charter ten Jones Act Product Carriers to be constructed at the Aker Philadelphia yard for initial terms of five or seven years, with extension options for the life of the vessels. In November 2005, the Corporation entered into long-term charters with a major oil company for two of the vessels, which are scheduled to be delivered beginning in the last quarter of 2006. The Committee believes that this transaction represents a significant commitment by the Corporation to the U.S. Flag business and will enable the Corporation to establish the largest and most modern Jones Act Product Carrier fleet.

The Committee believes that active asset management improves bottom-line returns to the Corporation's stockholders. The Corporation sold or sold and leased back 20 vessels in 2005, generating \$283 million in gains, of which \$43 million was recognized in 2005. The most significant of these transactions was the Corporation's sale and lease back of seven vessels to Double Hull Tankers, Inc. ("DHT") in October 2005 in connection with DHT's initial public offering. The sale and lease back transactions were effected to capture a premium in the market for second-hand vessels, to transfer residual risk to third parties and to retain control of the vessels for a fixed period of time. The Committee believes that management's success in completing these sales and sale and lease backs, resulting in an owned international fleet that is entirely double hull, was an important achievement that materially strengthened the financial position of the Corporation.

The Committee also considered management's efforts to strengthen the Corporation's financial position. In particular, the Committee noted the Corporation's use of proceeds from the sales of vessels and application of cash from operating activities to reduce debt incurred to finance the Stelmar acquisition. These actions contributed to the strength of the Corporation's balance sheet which provides the Corporation with the financial flexibility needed to compete effectively and to pursue attractive growth opportunities. At December 31, 2005, the Corporation's liquidity adjusted debt to capital ratio stood at 24.5% compared with a pro forma 50.3% at December 31, 2004, adjusted to reflect the Stelmar acquisition and sales of Product Carriers in January 2005.

While the Committee took the foregoing accomplishments into account, the Committee's compensation determinations for the Corporation's executive officers are to some extent subjective and are not arrived at by application of any specific formula, except to the extent required under Section 162(m) of the Code and the Incentive Compensation Plan. The Committee also takes into account an executive's length of service and particular contributions over the executive's entire career with the Corporation. While the Committee considers many aspects of an individual's performance, it does not give particular weight to or quantify any one or more performance factors.

Mr. Arntzen's compensation reflects his leadership of the Corporation and his active participation in developing and implementing the Corporation's business initiatives. In his capacity as President and Chief Executive Officer of the Corporation, Mr. Arntzen led the successful effort to acquire and then integrate Stelmar into the Corporation's business. Mr. Arntzen was the principal leader in the bareboat charter of ten newbuild Jones Act Product Carriers and in the sale of seven vessels to DHT, both important achievements for the Corporation. Mr. Arntzen also has reshaped the senior management team through a combination of new hires and repositioning existing officers which has contributed to the Corporation's success in achieving its business and financial objectives. To a large extent Mr. Arntzen's compensation reflects an assessment of his performance based upon the subjective judgment of the Committee. The Committee believes that Mr. Arntzen's compensation and the benefits he receives under his employment agreement are appropriate and reasonable in light of his contribution to the growth and success of the Corporation.

The Committee believes that the interests of stockholders are best served by granting stock based incentives to employees and thereby giving them the opportunity to participate in appreciation in the Corporation's stock over an extended period. In this way, the profitability and value of the Corporation is enhanced for the benefit of stockholders by enabling the Corporation to offer employees stock based incentives in the Corporation in order to attract, retain and reward such individuals and strengthen the mutuality of interests between such individuals and the stockholders. The Corporation's 2004 Stock Incentive Plan, approved by the stockholders, is administered by the Committee. The Committee determines the persons to whom stock based incentives will be granted under the Plan and allocates the amounts to be granted to such persons. For 2005, the Committee granted to the Named Executives both shares of restricted stock, which vests in equal installments over a four year period, and stock options, which vests in equal annual installments over a three year period.

Pursuant to Section 162(m) of the Code, compensation exceeding \$1 million paid to the Corporation's executive officers may not be deducted by the Corporation unless such compensation is performance based and paid pursuant to criteria approved by the stockholders. The Corporation's general policy is to structure its incentive plans so that bonus and equity compensation paid to the Company's five most highly compensated executive officers qualify for the performance-based compensation exemption under Section 162(m) and are deductible for federal income tax purposes under Section 162(m), unless there is a valid compensation reason that would justify paying non-deductible amounts. Such action may be necessary in order for the Corporation to meet competitive market pressures and to ensure that it is able to attract and retain top talent to lead the organization successfully. The 2005 compensation of the executive officers qualifies for deductibility.

Audit fees incurred by the Corporation to Ernst & Young LLP in 2005 and 2004 for professional services rendered for the audit of the Corporation's annual financial statements for the years ended December 31, 2005 and 2004, the review of the financial statements included in the Corporation's Forms 10-Q, Sarbanes-Oxley Section 404 attestation procedures, statutory financial audits for subsidiaries of the Corporation as well as those services that only the independent registered public accounting firm reasonably could have provided and services associated with documents filed with the SEC and other documents issued in connection with securities offerings, were \$1,050,000 and \$770,000, respectively.

Audit-Related Fees. Audit-related fees incurred by the Corporation to Ernst & Young LLP in 2005 and 2004 for accounting consultations related to accounting, financial reporting or disclosure matters not classified as "Audit services", assistance with preparation of the registration statement and carve-out financial statements relating to the public offering by a subsidiary of the Corporation, and assistance with internal control reporting requirements, were \$325,525 and \$5,480, respectively.

Tax Fees. There were no tax fees incurred by the Corporation to Ernst & Young LLP in 2005. Total fees incurred by the Corporation to Ernst & Young LLP for tax compliance, tax advice and tax planning for 2004 was \$47,642.

All Other Fees. During 2005 and 2004, no services were performed by, or fees incurred to, Ernst & Young LLP other than as described above.

The Audit Committee considered whether the provision of services described above under "Tax Fees" is compatible with maintaining Ernst & Young LLP's independence.

The Audit Committee has established policies and procedures for pre-approving audit and permissible non-audit work performed by its independent registered public accounting firm. As set forth in the pre-approval policies and procedures, unless a type of service has received general pre-approval, it will require specific pre-approval by the Audit Committee if it is to be provided by the independent registered public accounting firm. The Audit Committee will annually review and pre-approve the services that may be provided by the independent registered public accounting firm without obtaining specific pre-approval from the Audit Committee. The Audit Committee will add to or subtract from the list of general pre-approved services from time to time, based on subsequent determinations. Any proposed services exceeding pre-approved cost levels or budgeted amounts will also require specific pre-approval by the Audit Committee. In each case, the Audit Committee sets a specific annual limit on the amount of such services the Corporation could obtain from its independent registered public accounting firm without seeking specific approval, and requires management to report each specific engagement to the Audit Committee on a quarterly basis.

The Board of Directors recommends that stockholders vote FOR the ratification of the appointment of Ernst & Young LLP as the Corporation's independent registered public accounting firm for the year ending December 31, 2006.

AUDIT COMMITTEE REPORT

Management has primary responsibility for maintaining effective internal control over financial reporting, for assessing the effectiveness of internal control over financial reporting and for preparation of the consolidated financial statements of the Corporation. The Corporation's independent registered public accounting firm is responsible for performing independent audits of the Corporation's consolidated financial statements in accordance with auditing standards generally accepted in the United States and the effectiveness of the Corporation's internal control over financial reporting based on criteria established by the Public Company Accounting Oversight Board (the "PCAOB"). The Audit Committee's responsibility is to monitor and oversee these processes on behalf of the Board of Directors. The Board has adopted a written Audit Committee Charter which is attached as Appendix A to this Proxy Statement and is posted on the Corporation's website at www.osg.com.

In fulfilling its oversight responsibilities, the Audit Committee has met and held discussions with management and the Corporation's independent registered public accounting firm concerning the quality of the accounting principles, the reasonableness of significant judgments and the adequacy of disclosures in the financial statements. Management represented to the Audit Committee that the Corporation's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee reviewed and discussed the consolidated financial statements with management and the Corporation's independent registered public accounting firm. The Audit Committee further discussed with the Corporation's independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), as amended and PCAOB Accounting Standard No. 2, "An Audit of Internal Control Over Financial Reporting Performed in Conjunction with an Audit of Financial Statements". The Audit Committee met five times during 2005. The members of the Audit Committee are considered to be independent because they satisfy the independent requirements for Board of Directors members prescribed by the NYSE listing standards and Rule 10A-3 under the 1934 Act.

The Corporation's independent registered public accounting firm also provided to the Audit Committee the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as amended, and the Audit Committee discussed with the independent registered public accounting firm their independence and considered the compatibility of nonaudit services with the registered public accounting firm's independence.

The Committee also reviewed management's report on its assessment of the effectiveness of the Corporation's internal control over financial reporting and the Corporation's independent registered public accounting firm's report on management's assessment and the effectiveness of the Corporation's internal control over financial reporting.

Based upon the Audit Committee's discussions with management and the Corporation's independent registered public accounting firm, the Audit Committee's review of the representations of management, the certifications of the Corporation's chief executive officer and chief financial officer which are required by the Securities and Exchange Commission and the Sarbanes-Oxley Act of 2002, and the report and letter of the independent registered public accounting firm provided to the Audit Committee, the Audit Committee recommended to the Board of Directors (and the Board of Directors approved) that the audited consolidated financial statements and management's assessment of the effectiveness of the Corporation's internal control over financial reporting referred to above be included in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the SEC. The Audit Committee has also approved, subject to stockholder ratification, the

selection of Ernst & Young LLP as the Corporation's independent registered public accounting firm for 2006.

In accordance with the rules of the SEC, the Audit Committee report does not constitute "soliciting material" and is not incorporated by reference in any filings with the SEC made pursuant to the 1933 Act or the 1934 Act.

AMENDING THE CORPORATION'S CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

The Board of Directors of the Corporation recommends that the Corporation's Certificate of Incorporation be amended to increase the number of authorized shares of Common Stock, par value \$1.00 per share, from 60,000,000 to 120,000,000 (such amendment is referred to as the "Certificate of Amendment"). The Corporation has no other class of stock authorized. The Board believes that the proposed increase to the authorized number of shares of Common Stock is necessary for the continued success and growth of the Corporation.

As of April 17, 2006, there were 40,788,767 shares of Common Stock issued, including treasury shares, and up to 2,696,282 shares reserved for issuance for various purposes including outstanding or future options, rights or other equity-based awards. As of April 17, 2006, the number of authorized shares of Common Stock that were not reserved for any specific use and available for issuance was 16,514,951. If the Certificate of Amendment is approved, taking into account the number of shares reserved for issuance, the Board of Directors will have the authority to issue approximately 76,514,951 additional shares of Common Stock without further stockholder approval, except as may be required for a particular transaction by applicable law, regulatory agencies or by the rules of the New York Stock Exchange or any other securities exchange on which the Corporation's securities may then be listed.

The additional shares of Common Stock may be used for such corporate purposes as may be determined by the Board of Directors from time to time to be necessary or desirable. These purposes may include, without limitation: raising capital through the sale of Common Stock; effecting a stock split or issuing a stock dividend; acquiring other businesses in exchange for shares of Common Stock; and attracting and retaining employees by the issuance of additional securities under the Corporation's equity compensation plans. At the present time, the Corporation has no commitments, agreements or undertakings to issue any such additional shares, except in connection with existing equity compensation plans and agreements.

The Board of Directors believes that the authorized number of shares of Common Stock should be increased to provide the Board of Directors with the ability to issue additional shares of Common Stock for the potential corporate purposes described above, without having to incur the delay and expense incident to holding a special meeting of the stockholders to approve an increase in the authorized shares of Common Stock at such time.

The authorization of the additional shares of Common Stock by this proposal would not have any immediate dilutive effect on the proportionate voting power or other rights of existing stockholders, but, to the extent that the additional authorized shares are issued in the future, they may decrease existing stockholders' percentage equity ownership and, depending on the price at which they are issued, could be dilutive to existing stockholders and have a negative effect on the market price of the Common Stock. Under the Corporation's Certificate of Incorporation, stockholders do not have

preemptive rights with respect to the issuance of shares of Common Stock, which means that current stockholders do not have a prior right to purchase any new issue of Common Stock in order to maintain their proportionate ownership of Common Stock.

The increase in the number of authorized shares of Common Stock could have unintended effects. For example, if the Board of Directors issues additional shares in the future, such issuance could dilute the stock ownership and voting power of, or increase the cost to, a person seeking to obtain control of the Corporation, thereby deterring or rendering more difficult a merger, tender offer, proxy contest or other extraordinary transaction. To the extent that it impedes any such attempts, the Certificate of Amendment may serve to perpetuate the Corporation's management. The Certificate of Amendment is not being proposed in response to any known effort or threat to acquire control of the Corporation.

Existing provisions of the Corporation's By-Laws may have a similar effect, including provisions that require stockholders to give the Corporation advance notice to nominate candidates for election to its Board or to make stockholder proposals at a stockholder meeting. Further, Section 203 of the Delaware General Corporation Law provides certain restrictions on business combinations between the Corporation and any party acquiring a 15 percent or greater interest in its voting stock. These provisions of the Corporation's By-Laws and Delaware law could discourage potential acquisition proposals and could delay or prevent a change of control of the Corporation, even if the stockholders support such proposals.

Approval of the Certificate of Amendment requires the affirmative vote of the holders of a majority of the issued and outstanding shares of Common Stock. The Certificate of Amendment will become effective on the date it is filed with the Secretary of State of the State of Delaware. It is anticipated that the appropriate filing to effect the share increase will be made as soon as practicable following approval of this proposal.

The Board of Directors recommends that stockholders vote FOR the amendment to the Corporation's Certificate of Incorporation to increase the number of authorized shares of Common Stock from 60 million to 120 million.

PROPOSALS FOR 2007 MEETING

Any proposals of stockholders that are intended to be presented at the Corporation's 2007 Annual Meeting of Stockholders must be received at the Corporation's principal executive offices no later than January 2, 2007, and must comply with all other applicable legal requirements, in order to be included in the Corporation's proxy statement and form of proxy for that meeting.

Stockholders who wish to propose a matter for action at the 2007 Annual Meeting, including the nomination of directors, but who do not wish to have the proposal or nomination included in the proxy statement, must notify the Corporation in writing of the information required by the provisions of the Corporation's amended and restated by-laws dealing with stockholder proposals. The notice must be delivered to the Corporation's Corporate Secretary between March 11, 2007 and April 10, 2007. Stockholders can obtain a copy of the Corporation's amended and restated by-laws by writing the Corporate Secretary at the following address: Corporate Secretary, Overseas Shipholding Group, Inc., 666 Third Avenue, New York, New York 10017.

GENERAL INFORMATION

The Board of Directors is not aware of any matters to be presented at the meeting other than those specified above. If any other matter should be presented, the holders of the accompanying proxy will vote the shares represented by the proxy on such matter in accordance with their best judgment.

All shares represented by the accompanying proxy, if the proxy is duly executed and received by the Corporation at or prior to the meeting, will be voted at the meeting in accordance with the instructions provided therein. If no such instructions are provided, the proxy will be voted for the

election of directors, for the ratification of the appointment of Ernst & Young LLP as the Corporation's independent registered public accounting firm and for the amendment to the Corporation's Certificate of Incorporation to increase the number of authorized shares of Common Stock from 60 million to 120 million. Under Delaware law and the Corporation's Certificate of Incorporation and By-Laws, if a quorum is present, directors are elected by a plurality of the votes cast by the holders of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. Ratification of the appointment of Ernst & Young LLP as the Corporation's independent registered public accounting firm for 2006 requires the affirmative vote (in person or by proxy) of the holders of a majority of the shares of the Common Stock entitled to vote present or represented at the Annual Meeting. Approval of the amendment to the Corporation's Certificate of Incorporation to increase the number of authorized shares of Common Stock from 60 million to 120 million requires the affirmation vote (in person or by proxy) of the holders of a majority of the shares of the Common Stock entitled to vote at the Annual Meeting. A majority of the outstanding shares entitled to vote, present in person or represented by proxy, constitutes a quorum. Shares represented by proxies or ballots withholding votes from one or more directors will not be counted in the election of that director but will be counted for purposes of determining a quorum. Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum. Abstentions will be counted in tabulations of the votes cast on each of the proposals presented at the Annual Meeting, whereas broker non-votes will not be counted for purposes of determining the number of votes cast.

If you are a participant in the Retirement Savings Plans of the Corporation (the "Retirement Savings Plans") and hold Common Stock in the Retirement Savings Plans, shares of Common Stock which are held for you under the Retirement Savings Plans, as applicable, may be voted through the proxy card accompanying this mailing. The Retirement Savings Plans are administered Vanguard Fiduciary Trust Company, as Trustee. The Trustee, as the stockholder of record of the Common Stock held in the Retirement Savings Plans, will vote the shares held for you in accordance with the directions you give on the enclosed proxy card, provided that you return the proxy card duly signed and dated to the address indicated on the enclosed envelope. If the proxy cards representing shares of Common Stock held under the Retirement Savings Plans are not returned duly signed and dated, the Trustee will vote the shares in the same proportion as it votes shares as to which directions have been received.

The cost of soliciting proxies for the meeting will be borne by the Corporation. Innisfree M&A Incorporated has been retained by the Corporation to assist with the solicitation of votes for a fee of \$7,500 plus reimbursement of expenses to be paid by the Corporation. The Corporation will also reimburse brokers and others who are only record holders of the Corporation's shares for their reasonable expenses incurred in obtaining voting instructions from beneficial owners of such shares. Directors and officers of the Corporation may solicit proxies personally or by telephone or telegraph but will not receive additional compensation for doing so.

The Corporation's Annual Report on Form 10-K for the fiscal year ended December 31, 2005 has been mailed to stockholders. The Annual Report does not form part of this Proxy Statement.

By order of the Board of Directors,
