Details of the business to be conducted at the Annual Meeting are described in the attached Notice of 2019 Annual Meeting of Stockholders and Proxy Statement.

We believe this process enables us to provide stockholders with the information needed in connection with our Annual Meeting in a timely manner, while saving costs and conserving resources. The Notice contains instructions on how to access these documents over the Internet, as well as instructions on how to request a paper copy of the materials, if desired. All stockholders who do not receive a Notice should receive a paper copy of the proxy materials by mail.

Your vote is important, and we encourage you to vote whether or not you plan to attend the Annual Meeting. Please either vote by telephone or over the Internet or sign, date and return your proxy card, following the instructions on the Notice or proxy materials, so that your shares will be represented. If you are a stockholder of record and plan to attend the Annual Meeting, you may also vote in person.

We look forward to seeing you at the Annual Meeting.

2018 OPERATIONAL HIGHLIGHTS

Laredo Petroleum, Inc. (the "Company," "Laredo," "we," "us," or "our") is an independent energy company focused on the acquisition, exploration and development of oil and natural gas properties, and midstream and marketing services, primarily in the Permian Basin of West Texas. The oil and liquids-rich Permian Basin is characterized by multiple target horizons, extensive production histories, long-lived reserves, high drilling success rates and high initial production rates. As of December 31, 2018, we had assembled 120,617 net acres in the Permian Basin and had total proved reserves, presented on a three-stream basis, of 238,167 thousand barrels of oil equivalent ("BOE").

In 2018, despite continuing challenges in the energy industry, we successfully grew production of oil, natural gas and natural gas liquids ("NGL"). Among our operational highlights that we believe positively impacted current and future growth in the value of the Company are the following:

Produced a Company record average of 68,168 BOE per day for total production of 24.9 million BOE in 2018, resulting in production growth of 17% from 2017

Grew proved developed reserves organically by 13% in 2018

Grew the value of proved reserves by 19% in 2018

Increased cash margin per BOE to \$23.85 in 2018, an increase of 14% from 2017

Reduced unit cash general and administrative ("G&A") expense by 16% from 2017

Exceeded the originally budgeted well completions expectations by 14%

Reduced combined unit lease operating expense ("LOE") and unit cash G&A expense by 5% from 2017

Recognized approximately \$31.9 million of net cash benefits from Laredo Midstream Services LLC ("LMS") field infrastructure investments through reduced capital and operating costs and increased revenue

CORPORATE GOVERNANCE OVERVIEW

The Laredo Board of Directors (the "Board" or "Board of Directors") currently consists of nine directors, eight of whom are independent in accordance with NYSE listing standards and four of whom are designated financial experts as defined by the Securities and Exchange Commission (the "SEC"). Ms. Frances Powell Hawes and Ms. Pamela S. Pierce have been nominated for election at the 2019 Annual Meeting to serve three year terms. Mr. B.Z. (Bill) Parker has elected to voluntarily retire from the Board at the end of his term at the 2019 Annual Meeting, and Mr. Donald D. Wolf will leave the Board at the end of his term at the 2019 Annual Meeting due to age term limits contained in our corporate governance guidelines. After the Annual Meeting, assuming the stockholders elect the two nominees of the Board and consistent with our bylaws, the size of the Board will be reduced from nine to seven directors. The below table is a short summary of each director's expansive qualifications and expertise. For more detailed director biographies, see pages 19-24.

Board Oversight of Risk Management

The Board engages in Company-wide risk management oversight. Certain risk oversight is delegated to one of our three Board committees. The Board relies on senior management to supervise the risk management activities within the Company and provide reports directly to the Board or a Board committee as appropriate. The three Board committees outlined below regularly meet with and without management.

Audit Committee. Reviews and discusses with management and the independent registered public accountants the Company's financial statements, provides oversight of the Company's financial reporting, including consideration of the Company's internal controls and certifications and oversees the performance of the Company's internal audit function. Oversees and reviews the reserve report with the Company's independent reserve engineer. See page 67 for the Audit Committee Report.

Compensation Committee. Reviews and approves the Company's compensation goals and objectives, including annually evaluating the Chief Executive Officer's ("CEO") performance and administering the Company's equity-based compensation plans. See page 52 for the Compensation Committee Report.

Nomination and Corporate Governance Committee. Assists in identifying qualified members of the Board, develops and recommends corporate governance guidelines for the Company and oversees the evaluation of the Board and management of the Company. See page 69 for a detailed discussion of the Company's corporate governance.

Board Oversight of Compensation and Governance

The Board, in consultation with senior management and by recommendation from the Compensation Committee, establishes the Company's general compensation philosophy and objectives and regularly reviews and updates the compensation program. General best practices that have been implemented include the following:

WHAT WE DO

Stock Ownership Guidelines: Our Stock Ownership Guidelines require executives to own stock and/or have an interest in restricted stock units valued at a multiple of base salary ranging from one times salary for vice presidents to five times salary for our CEO. Directors are required to own an aggregate of \$400,000 worth of stock.

Pay for Performance: We design our compensation program to align executive compensation with corporate performance on both a short-term and long-term basis. The majority of our target total compensation for our executives is performance-based incentive compensation. The percentage of pay intended to be aligned with stockholders for our CEO and average for the other NEOs was 89% and 84%, respectively, of total target compensation for 2018.

Independent Compensation Consultant: The Compensation Committee has retained F.W. Cook ("FW Cook") since July 2012 to serve as its independent executive compensation consultant. FW Cook has not provided any other services to us.

Annual Board and Committee Self-Assessments: Each of our Committees and the Board engage in annual self-assessments including both a written report and oral discussion conducted in executive session. The Nominating and Corporate Governance Committee takes these results under advisement and utilizes them in suggesting improvement to our corporate governance.

Table of Contents

WHAT WE DON'T DO

- × **No Repricing of Underwater Stock Options:** We do not reprice, exchange or buy out underwater stock options.
- × **No Employment Agreements:** None of our employees, including our executive officers, has an employment agreement and all compensation is determined by the Compensation Committee.
- × **No Director Overboarding:** Our directors are prohibited from serving on more than four other public company boards.
- × **No Excise Tax Gross Ups:** Our Change in Control Plan does not provide for any excise to gross ups.
- × **No Pledging, Hedging, Short Sales or Derivative Transactions:** Our policies prohibit directors and employees from pledging, hedging, short-selling or trading in derivatives of our stock.

CHANGES TO 2019 COMPENSATION PROGRAM

Decreased the target for long-term incentive performance ("LTIP") awards for the CEO by 19% and certain other senior officers by 8% to better match the Company's revised, lower market capitalization peer group. Our CEO voluntarily agreed to decrease his LTIP target by 45% from the revised LTIP target due to the decline of our stock price for an overall reduction of 56% from his 2018 LTIP target as described on pages 46-47.

Updated the peer group used for salary and incentive compensation to better reflect our size and operations as described on page 44.

Updated the short-term incentive performance ("STIP") award metrics to better reflect the criteria important to our stockholders with an emphasis on return-based metrics as outlined below and described on pages 46-47.

CHANGES TO 2018 COMPENSATION PROGRAM

Changes to the compensation program in 2018 that will continue in 2019 include:

Consolidated our compensation and performance peer groups into a single peer group as described on page 36.

Eliminated stock options as part of the pay mix given to our management team as described on page 41.

Changed the criteria used to determine the payout for performance unit awards to include a focus on absolute shareholder return and return on average capital employed as described on pages 41-42.

Changed the weighting of our STIP award determination to 70% objective and 30% subjective from 60% objective and 40% subjective as described on pages 29 and 37.

Table of Contents**EXECUTIVE COMPENSATION SNAPSHOT**

CEO: Randy A. Foutch (age 67)

Key Elements of our Executive Compensation Program:

	Compensation Component	Delivery Method	Purpose
Fixed Compensation	Base Salary	Cash	To competitively compensate our CEO relative to our peers
	STIP	Cash	To provide a performance incentive focused on short-term one-year results based on metrics set by the Compensation Committee
Variable Compensation		Time-based restricted stock awards	To provide a retention and performance incentive by linking the ultimate award to share price movement
	LTIP	Performance unit awards	To provide a performance incentive focused on long-term three-year results based on metrics set by the Compensation Committee emphasizing shareholder return

Our 2018 STIP payout percentage was 90% of the STIP target percentage, which is reflective of the Company's performance against the 2018 bonus performance metrics (weighted 70%), as well as the Compensation Committee's subjective assessment of the Company's overall strategic performance in other areas (weighted 30%). The Company's performance in 2018 measured against the objective performance metrics qualified for a 110% payout of the STIP target percentage. The Compensation Committee exercised its discretion to set the subjective component to approximately 44% payout of the STIP target percentage based on the overall performance of the Company, including its stock price performance. This resulted in a total STIP payout of approximately 90% of the STIP target percentage as discussed more fully on pages 37-39.

In 2018, our CEO LTIP target percentage increased to more closely match the market median of the Company's adjusted peer group as more fully described on page 40. However, the Company's stock price has declined significantly. Subsequent to the 2018 LTIP awards, the Compensation Committee approved a new peer group to better align the Company with changing markets, which included removing peers with a larger market cap and adding peers with a similar size to Laredo. The 2019 LTIP target percentage for the CEO and certain other senior officers was reduced compared to 2018 to account for a decrease in the market median of the Company's new peer group. Additionally, our CEO voluntarily agreed to make an additional 45% reduction to his LTIP target percentage for 2019 as a result of the Company's overall performance and declining stock price. See pages 46-47.

The Company did not achieve the minimum shareholder return required for the 2016 performance unit awards, resulting in a 0% payout for our 2016 long-term incentive performance unit awards that matured at the end of 2018, as more fully described on pages 41-43.

STOCKHOLDER ENGAGEMENT

Laredo believes ongoing dialogue with its stockholders is a key element of good corporate governance. The members of the Board of Directors and management team regularly meet with stockholders on a variety of topics, and the valuable feedback gained during these discussions is then shared with the Board of Directors and management.

Furthermore, in addition to the Company's regular engagement with stockholders, in 2018, the Board specifically sought stockholder engagement regarding our compensation program. During 2018 and 2019, the Company actively reached out to its top 25 stockholders. The chair of the Compensation Committee, the general counsel and the vice president of investor relations participated on calls with stockholders representing more than 50% of our outstanding equity in aggregate to discuss the Company's compensation practices.

Increase the importance of return-based metrics in compensation criteria	Changed the performance criteria, in both 2018 and 2019, for both STIP and LTIP awards to further emphasize return-based metrics as outlined above and in the CD&A beginning on page 28.

SUSTAINABILITY

Laredo is a responsible operator of all of its properties and takes great pride in its environmental stewardship initiatives. Laredo owns and operates three water recycle facilities that allowed for the recycling and reuse of over 8.5 million barrels of water in 2018 alone, an approximately 12% increase from 2017. Numerous benefits are achieved in recycling our produced water, including, but not limited to, a significant reduction in disposing of produced water in third-party salt water disposal wells and a significant reduction in the utilization of fresh water.

Laredo also prides itself on its commitment to conduct all operations in a safe manner. Since February 1, 2018, Laredo has had zero employee recordable incidents, as defined by the Occupational Safety and Health Administration, and has maintained this rate for thirteen consecutive months through March 1, 2019.

Table of Contents

COMMUNITY OUTREACH

Laredo strives to be a good corporate citizen by actively seeking opportunities to contribute to the communities in which it operates and by supporting its employees' endeavors to do the same. Laredo donated \$3 million toward Tulsa's Gathering Place, a free state-of-the-art public park designed to be an inclusive place for all members of the community, which was recently named the best new attraction in the country by USA Today. Additionally, Laredo sponsors a Charitable Matching Gift Program to match donations of up to \$1,000 per employee to a non-profit organization of his or her choice and sponsors employee participation in certain walks or runs that raise awareness and funds. Laredo also participates in the Warburg Pincus volunteer week, in which Laredo employees dedicate time and effort to the American Heart Association and Habitat for Humanity Retail Store in Tulsa, Oklahoma; Meals-on-Wheels in Midland, Texas and the Concho Valley Home for Girls and Children's Emergency Center in the Garden City, Texas area. In addition to this community support, Laredo employees regularly host donation drives to collect Christmas presents and school supplies for the benefit of low-income households and schools within the community.

(4) An advisory vote approving the compensation of our named executive officers ("NEOs"); and

(5) Such other matters as may properly come before the Annual Meeting or any adjournments or postponements thereof.

Q. Why did I receive a Notice in the mail regarding the Internet availability of proxy materials this year instead of a full set of proxy materials?

A. As permitted by SEC rules, we are providing access to our proxy materials over the Internet. As a result, we are sending to most of our stockholders a Notice instead of a paper copy of the proxy materials. The Notice contains instructions on how to access the proxy materials over the Internet and how to request a paper copy. In addition, stockholders may request to receive future proxy materials in printed form by mail or electronically by e-mail. A stockholder's election to receive proxy materials by mail or e-mail will remain in effect until the stockholder terminates it.

Q. Why didn't I receive a Notice in the mail regarding the Internet availability of proxy materials?

A. We are providing certain stockholders, including those who have previously requested to receive paper copies of the proxy materials, with paper copies of the proxy materials instead of a Notice. If you would like to help reduce the costs we incur in mailing proxy materials, you can consent to receive all future proxy statements, proxy cards and annual reports electronically via e-mail or the Internet. To sign up for electronic delivery, please follow the instructions provided with your proxy materials and on your proxy card or voting instruction card to vote using the Internet. When prompted, indicate that you agree to receive or access stockholder communications electronically in the future.

Q. Can I vote my stock by filling out and returning the Notice?

A. No. However, the Notice will provide instructions on how to vote over the Internet, by telephone, by requesting and returning a paper proxy card or by submitting a ballot in person at the Annual Meeting.

Q. How can I access the proxy materials over the Internet?

A. Your Notice or proxy card will contain instructions on how to view our proxy materials on the Internet. Our proxy materials are also available on our website at: www.laredopetro.com.

You may vote by any of the following four methods:

(1) *Internet.* Vote over the Internet at www.proxyvote.com, the website for Internet voting. Simply follow the instructions on the Notice, or if you received a proxy card by mail, follow the instructions on the proxy card, and you can confirm that your vote has been properly recorded. If you vote on the Internet, you can request electronic delivery of future proxy materials. Internet voting facilities for stockholders of record will be available 24 hours a day and will close at 11:59 p.m. (Eastern Time) on May 15, 2019.

(2) *Telephone.* Vote by telephone by following the instructions on the Notice, or if you received a proxy card, by following the instructions on the proxy card. Easy-to-follow voice prompts allow you to vote your shares and confirm that your vote has been properly recorded. Telephone voting facilities for stockholders of record will be available 24 hours a day and will close at 11:59 p.m. (Eastern Time) on May 15, 2019.

Edgar Filing: Laredo Petroleum, Inc. - Form DEF 14A

Mail. If you received a proxy card by mail, vote by mail by completing, signing, dating and returning your proxy card in the pre-addressed, postage-paid envelope provided. If you vote by mail and your proxy card is returned unsigned, then your vote cannot be counted. If you vote

by mail and the returned proxy card is signed without indicating how you want to vote, then your proxy will be voted as recommended by the Board of Directors. If mailed, your completed and signed proxy card must be received by May 15, 2019.

(4)

Meeting. If you are a stockholder of record as of March 20, 2019, you may attend and vote at the Annual Meeting on May 16, 2019.

If you hold your Company shares in a brokerage account, your ability to vote over the Internet or by telephone depends on your broker's voting process. Please follow the directions on your proxy card or the voting instruction card from your broker carefully.

The Board of Directors recommends that you vote using one of the first three methods discussed above, as it is not practical for most stockholders to attend and vote at the Annual Meeting. Using one of the first three methods discussed above to vote will not limit your right to vote at the Annual Meeting if you later decide to attend in person.

Q.

How can I vote my shares in person at the Annual Meeting?

A.

Stockholders of Record. If your shares are registered directly in your name with the American Stock Transfer and Trust Company ("AST"), our "transfer agent," you are considered the stockholder of record with respect to those shares, and the Notice or proxy materials are being mailed to you. As the stockholder of record, you have the right to vote in person at the Annual Meeting. If you choose to do so, you can bring the proxy card or vote using the ballot provided at the Annual Meeting. Even if you plan to attend the Annual Meeting, we recommend that you vote your shares in advance as described above so that your vote will be counted if you decide later not to attend the Annual Meeting.

B.

Beneficial Owners. Most of our stockholders hold their shares in street name through a broker, bank or other nominee rather than directly in their own name. In that case, you are considered the beneficial owner of shares held in street name, and the proxy materials are being forwarded to you together with a voting instruction card. As the beneficial owner, you are also invited to attend the Annual Meeting. Because a beneficial owner is not the stockholder of record, you may not vote these shares in person at the Annual Meeting unless you obtain a "legal proxy" from the broker, bank or nominee that holds your shares, giving you the right to vote the shares at the Annual Meeting. You will need to contact your broker, bank or nominee to obtain a legal proxy, and you will need to bring it to the Annual Meeting in order to vote in person.

Q.

How does the Board of Directors recommend that I vote?

A.

Our Board of Directors recommends that you vote:

(1)

"FOR" the election of the Company's nominees to the Board of Directors.

(2)

"FOR" the Amendment to the Equity Incentive Plan to, among other items, increase the maximum number of shares of our common stock issuable under the plan from 24,350,000 shares to 29,850,000 shares.

(3)

"FOR" ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for the year ending December 31, 2019.

(4)

"FOR" the advisory resolution approving the compensation of our named executive officers as disclosed in this Proxy Statement (which disclosure includes the Compensation Discussion and Analysis, the executive compensation tables and the related footnotes and narrative accompanying the tables).

Table of Contents

Q.

What is the voting requirement to approve each of the items?

- A. Item One Election of directors The persons receiving the highest number of "FOR" votes at the Annual Meeting will be elected. As a result, the two nominees for election as Class III directors who receive the greatest number of votes will be elected directors. Abstentions, broker non-votes and withheld votes, if any, are not counted as votes cast and will have no effect on the outcome of this election.
- Item Two Amendment of the Equity Incentive Plan To be approved by the stockholders, this item must receive the "FOR" vote of a majority of the votes cast on this proposal at the Annual Meeting. Broker non-votes, if any, are not counted as votes cast and will have no effect on the outcome of this proposal. Abstentions, if any, have the same effect as votes against the matter.
- Item Three Ratification of appointment of independent public accounting firm To be approved by the stockholders, this item must receive the "FOR" vote of a majority of the votes cast on this proposal at the Annual Meeting. Broker non-votes, if any, will be counted as votes "FOR" this proposal. Abstentions, if any, have the same effect as votes against the matter.
- Item Four Advisory vote approving the compensation of our named executive officers To be approved by the stockholders, this item must receive the "FOR" vote of a majority of the votes cast on this proposal at the Annual Meeting. Abstentions and broker non-votes, if any, are not counted as votes cast and will have no effect on the outcome of this proposal. The results of the votes on this Item Four are not binding on the Board of Directors, whether or not the resolution is passed under these voting standards.

Q.

What happens if additional matters are presented at the Annual Meeting?

- A. Other than the four items of business described in this Proxy Statement, we are not aware of any other business to be acted upon at the Annual Meeting. If you grant a proxy, the persons named as proxies will have the discretion to vote your shares on any additional matters properly presented for a vote at the Annual Meeting.

Q.

What happens if I do not give specific voting instructions?

- A. If you are a stockholder of record, and vote without giving specific voting instructions, the proxyholders will vote your shares in the manner recommended by our Board of Directors on all matters presented in this Proxy Statement, and, with respect to any other matters that may properly come before the Annual Meeting, as the proxyholders may determine in their discretion.

Table of Contents

If you are the beneficial owner of shares held in the name of a broker, bank or other nominee and do not provide that broker, bank or other nominee with voting instructions in the proxy card, your broker may vote your shares only with respect to certain matters considered routine. For any matters that are not routine for which you do not provide voting instructions in the proxy card, your shares will constitute "broker non-votes" and are not considered entitled to vote on that proposal. With respect to the matters being voted on at the Annual Meeting, your broker may not vote on the election of directors, the amendment of the Equity Incentive Plan or the compensation of our named executive officers if you do not furnish instructions for these matters. Thus, assuming that a quorum is obtained, such broker non-votes will not affect the outcome of these matters. Your broker may, however, vote in its discretion on the ratification of the appointment of our independent public accounting firm.

Q.

What is the quorum requirement for the Annual Meeting?

A.

A majority of the Company's outstanding shares as of the Record Date must be present, in person or by proxy, at the Annual Meeting in order to hold the Annual Meeting and conduct business. This is called a quorum. Your shares will be counted for purposes of determining if there is a quorum, whether representing votes for, against, withheld or abstained, if you:

are present and vote at the Annual Meeting; or

properly submit a proxy card or vote over the Internet or by telephone.

Broker non-votes are counted as present for the purpose of determining the existence of a quorum at the Annual Meeting. If a quorum is not present, the chairman of the Annual Meeting may adjourn the meeting to another place, if any, date, or time.

Q.

How can I change my vote after I return my proxy card?

A.

If you are a stockholder of record, there are three ways you can change your vote or revoke your proxy after you have sent in your proxy card.

First, you may send a written notice to Laredo Petroleum, Inc., c/o Corporate Secretary, 15 W. Sixth Street, Suite 900, Tulsa, Oklahoma 74119, stating that you would like to revoke your proxy.

Second, you may complete and submit another valid proxy by mail, telephone or over the Internet that is later dated and if mailed, is properly signed, or if submitted by telephone or over the Internet is received by 11:59 p.m. Eastern Time on May 15, 2019. Any earlier proxies will be revoked automatically.

Third, you may attend the Annual Meeting and vote in person. Any earlier proxy will be revoked. However, attending the Annual Meeting without voting in person will not revoke your proxy.

If you hold your shares through a broker, bank or other nominee and you have instructed the broker, bank or other nominee to vote your shares, you must follow directions from your broker, bank or other nominee to change your vote.

Q.

Who will tabulate the votes?

A.

The Board of Directors has appointed our transfer agent, AST, to certify the tabulated vote, and AST will have a representative to act as the independent inspector of elections for the Annual Meeting. AST will be responsible for (i) determining the presence of a quorum at the Annual Meeting, (ii) receiving all votes and ballots, whether by proxy or in person, with regard to all matters voted upon at the Annual Meeting, (iii) counting and tabulating all such votes and ballots

Table of Contents

and (iv) determining and reporting the results with regard to all such matters voted upon at the Annual Meeting.

Q. Where can I find the voting results of the Annual Meeting?

A. We intend to announce preliminary voting results at the Annual Meeting and publish final results in a Current Report on Form 8-K to be filed with the SEC within four business days following the Annual Meeting.

Q. How can I obtain a separate set of proxy materials?

A. We have adopted a procedure approved by the SEC known as "householding." Under this procedure, multiple stockholders residing at the same address have the convenience of receiving a single copy of our Annual Report and Proxy Statement, unless they have notified us that they want to continue receiving multiple copies. Householding allows us to reduce the environmental impact of providing proxy materials as well as printing and mailing costs.

If you received a householded mailing this year and you would like to have additional copies of the Annual Report and/or Proxy Statement mailed to you, or you would like to revoke your consent to the householding of documents, please submit your request to Laredo Petroleum, Inc., c/o Corporate Secretary, 15 W. Sixth Street, Suite 900, Tulsa, Oklahoma 74119 or by calling (918) 513-4570.

Unfortunately, householding for bank and brokerage accounts is limited to accounts within the same bank or brokerage firm. For example, if you and your spouse each have an account containing our common stock at different brokerage firms, your household will receive two copies of our Annual Meeting materials - one from each brokerage firm. To reduce the number of duplicate sets of materials your household receives, you may wish to enroll some or all of your accounts in our electronic delivery program.

Q. Who pays for the cost of this proxy solicitation?

A. We will pay for the costs of the solicitation of proxies. We may reimburse brokerage firms and other persons for expenses incurred in forwarding the voting materials to their customers who are beneficial owners and obtaining their voting instructions. Laredo has retained the services of Georgeson LLC ("Georgeson") to aid in the solicitation of proxies from banks, brokers, nominees and intermediaries. Laredo will pay Georgeson a fee of approximately \$11,000 for its services, plus reasonable out of pocket expenses. In addition to soliciting proxies by mail, our Board of Directors, officers and employees may solicit proxies on our behalf, without additional compensation, personally or by telephone. Stockholders voting over the Internet should understand that there may be costs associated with electronic access, such as the usage charges from telephone companies and Internet access providers, that must be borne by the stockholder.

Q. Is there a list of stockholders entitled to vote at the Annual Meeting?

A. The names of stockholders of record entitled to vote at the Annual Meeting will be available at the Annual Meeting and for 10 days prior to the Annual Meeting at our principal executive offices between the hours of 9:00 a.m. and 5:00 p.m. Central Time for any purpose relevant to the Annual Meeting. To arrange to view this list during the times specified above, please contact the Corporate Secretary of the Company at Laredo Petroleum, Inc., c/o Corporate Secretary, 15 W. Sixth Street, Suite 900, Tulsa, Oklahoma 74119 or call (918) 513-4570.

Q.

What is the deadline to propose actions for consideration at next year's annual meeting?

A.

Stockholders who, in accordance with Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), wish to present proposals for inclusion in the proxy materials to be distributed in connection with the 2020 annual meeting of stockholders, must submit their proposals so that they are received at our principal executive offices no later than November 28, 2019, or, in the event the Company's 2020 annual meeting is advanced or delayed more than 30 days from the date of the Annual Meeting, within a reasonable time before the Company begins to print and mail the proxy materials for the 2020 annual meeting. As the SEC rules make clear, simply submitting a proposal does not guarantee that it will be included in the Company's proxy materials.

In addition, stockholders who wish to introduce a proposal from the floor of the 2020 annual meeting of stockholders (outside the processes of Rule 14a-8), must submit that proposal in writing to the Company's Corporate Secretary at our principal executive offices no earlier than January 12, 2020 and no later than February 11, 2020, or, in the event the Company's 2020 annual meeting of stockholders is advanced or delayed more than 30 days from the date of the anniversary of the Annual Meeting, not later than the later of (i) the 90th day before the 2020 annual meeting or (ii) the 10th day following the day on which public announcement of the date of the 2020 annual meeting is first made by the Company.

To be in proper form, a stockholder's notice must be timely delivered to Laredo Petroleum, Inc., c/o Corporate Secretary, 15 W. Sixth Street, Suite 900, Tulsa, Oklahoma 74119 and must include the information required by our Second Amended and Restated Bylaws (our "bylaws") with respect to each proposal submitted. The Company may refuse to consider any proposal that is not timely or otherwise fails to meet the requirements of our bylaws or the SEC's rules with respect to the submission of proposals.

You may obtain a copy of our bylaws by accessing our website (www.laredopetro.com) or submitting a request to Laredo Petroleum, Inc., c/o Corporate Secretary, 15 W. Sixth Street, Suite 900, Tulsa, Oklahoma 74119.

Q.

How do I nominate a candidate for election as a director?

A.

Stockholders who wish to nominate a candidate for election as a director at our 2020 annual meeting must submit their nomination in writing to the Company's Corporate Secretary at our principal executive offices no earlier than January 12, 2020 and no later than February 11, 2020, or, in the event the Company's 2020 annual meeting of stockholders is advanced or delayed more than 30 days from the date of the Annual Meeting, not later than the later of (i) the 90th day before the 2020 annual meeting or (ii) the 10th day following the day on which public announcement of the date of the 2020 annual meeting is first made by the Company.

In the event that the number of directors to be elected to the Board of Directors is increased and there has been no public announcement naming all of the nominees for director or indicating the increase made by the Company at least 10 days before the last day a stockholder may deliver a notice of nomination in accordance with the preceding sentence, a stockholder's notice will be considered timely, but only with respect to nominees for any new positions created by such increase, if it is received by the Corporate Secretary at the principal executive offices of the Company not later than the close of business on the 10th day following the day on which such public announcement is first made by the Company.

To be in proper form, a stockholder's notice must be timely delivered to Laredo Petroleum, Inc., c/o Corporate Secretary, 15 W. Sixth Street, Suite 900, Tulsa, Oklahoma 74119 and must include the information required by our bylaws with respect to the nomination and all other information

regarding the proposed nominee and the nominating stockholder required by Section 14 of the Exchange Act and the rules and regulations promulgated thereunder. The Company may refuse to consider any nomination that is not timely or otherwise fails to meet the requirements of our bylaws or the SEC's rules with respect to the submission of director nominations. A written statement from the proposed nominee consenting to be named as a candidate and, if nominated and elected, to serve as a director should accompany any stockholder nomination.

Q.

How can I communicate with the Board of Directors?

A.

Stockholders or other interested parties can contact any director, any committee of the Board of Directors, or the Company's non-management directors as a group, by writing to Laredo Petroleum, Inc., c/o Corporate Secretary, 15 W. Sixth Street, Suite 900, Tulsa, Oklahoma 74119. Comments or complaints relating to the Company's accounting, internal accounting controls or auditing matters will also be referred to members of the audit committee of our Board of Directors (the "Audit Committee"). All such communications will be forwarded to the appropriate member(s) of the Board of Directors.

ITEM ONE

ELECTION OF DIRECTORS

In accordance with the provisions of our Amended and Restated Certificate of Incorporation, our Board of Directors is divided into three classes, designated Class I, Class II and Class III, with each class serving staggered three-year terms and thereafter until their successors are duly elected and qualified. The individuals listed below currently serve, **or have been nominated to serve**, as the directors in the class indicated with a term expiring at the corresponding annual meeting of stockholders. As a result, approximately one-third of the director positions will be elected at each annual meeting of stockholders.

Class III With a term expiring 2022

Frances Powell Hawes

Pamela S. Pierce

Class I With a term expiring 2020

Randy A. Foutch

Peter R. Kagan

Edmund P. Segner, III

Class II With a term expiring 2021

James R. Levy

Dr. Myles W. Scoggins

Nominees for Class III (with a term expiring in 2022)

On the recommendation of the nominating and corporate governance committee of our Board of Directors (the "Nominating and Corporate Governance Committee"), the Board of Directors has nominated Frances Powell Hawes and Pamela S. Pierce for election to the Board as Class III directors of the Company and recommends that each of them be re-elected to the Board of Directors to serve as Class III directors, to hold office until the 2022 annual meeting of stockholders and thereafter until each of their successors is elected and qualified or his or her earlier resignation or removal.

The biographical information for both director nominees and our other directors is contained in the "Directors" section below.

Assuming the presence of a quorum, each of the director nominees receiving the affirmative vote "FOR" of a plurality of the shares voted at the Annual Meeting will be elected. Cumulative voting is not permitted in the election of directors. The Board of Directors recommends that you vote "FOR" the election of each of the nominees Frances Powell Hawes and Pamela S. Pierce.

Unless otherwise instructed, the proxyholders will vote the proxies received by them for the two nominees named above. The Board of Directors has no reason to believe that any of its nominees will be unable or unwilling to serve if elected. If a nominee becomes unable or unwilling to accept nomination or election, either the number of the Company's directors will be reduced or the proxyholders will vote for the election of a substitute nominee that the Board of Directors recommends.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE *FOR* THE ELECTION OF EACH OF FRANCES POWELL HAWES AND PAMELA S. PIERCE.

At such point, the Board of Directors of the Company will be Randy A. Foutch, Frances Powell Hawes, Peter R. Kagan, James R. Levy, Pamela S. Pierce, Dr. Myles W. Scoggins and Edmund P. Segner, III.

PETER R. KAGAN

Independent Director, since 2007
Warburg Pincus
Managing Director

Mr. Kagan also brings a wealth of experience in capital markets activity. Additionally, as a result of Warburg Pincus' extensive involvement in environmental, social and governance ("ESG") practices, including adherence to the Guidelines of Responsible Investment as established by the American Investment Council, and Warburg Pincus' internal establishment of its own "Green Council" to share best ESG practices among its portfolio companies, we receive the benefits associated with such programs as a result of Mr. Kagan's position on our Board of Directors. For these reasons, among others, we believe Mr. Kagan is qualified to serve as a director.

In addition, as our youngest director, he is able to provide a generational point of view at times different than others on our Board. Finally, as described more fully in Mr. Levy's biographical profile above, Mr. Levy's relationship with Warburg Pincus provides us with access to other programs and viewpoints, such as those related to the ESG area. For these reasons, we believe Mr. Levy is qualified to serve as a director.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following discussion and analysis contains statements regarding our named executive officers' past and future performance targets and goals. These targets and goals are disclosed in the limited context of our compensation programs and should not be understood to be statements of management's expectations or estimates of results or other guidance.

Introduction

The following compensation discussion and analysis describes the material elements of compensation for each of the individuals identified in the "Named Executive Officers" table, who we refer to in this "Compensation Discussion and Analysis" or "CD&A" as our "named executive officers" or "NEOs."

Named Executive Officers

For the 2018 fiscal year, our named executive officers were:

Chairman and Chief Executive Officer

Randy A. Foutch

Executive Vice President and Chief Financial Officer

Richard C. Buterbaugh

Senior Vice President and Chief Operating Officer

T. Karen Chandler

Senior Vice President Midstream, Marketing and Subsurface

Daniel C. Schooley

Senior Vice President Legal and Administration

Kenneth E. Dornblaser

Messrs. Foutch and Buterbaugh are named executive officers by reason of their positions as the principal executive officer ("PEO") and principal financial officer ("PFO"), respectively, of the Company during the year. Dr. Chandler, Mr. Schooley and Mr. Dornblaser are named executive officers as they are our three most highly compensated executive officers (other than our PEO and PFO) who were serving in such capacity at the end of 2018.

Stockholder Say-on-Pay Results, Stockholder Engagement and Management Responsiveness

Our executive compensation program received the support of 99.14% of shares voted at our 2018 annual meeting, which the Compensation Committee views as evidence of stockholder support of the Company's executive compensation decisions and policies. Despite this significant level of approval, the Compensation Committee, with the advice of FW Cook, its independent compensation advisor, continues to review the compensation program annually and modify it in ways that it believes will further align the interests of our executive officers with those of our stockholders.

Furthermore, in addition to the Company's regular engagement with stockholders, in 2018, the Board specifically sought stockholder engagement regarding our compensation program. Georgeson, our proxy solicitor, actively reached out to the Company's top 25 stockholders to provide details regarding the Company's compensation program and to invite them to participate in in-depth discussions with the Company Board of Directors and management team. During 2018, the chair of the Compensation Committee, the general counsel and the vice president of investor relations participated on calls with stockholders representing more than 50% of our outstanding equity in aggregate to discuss the compensation structure.

Edgar Filing: Laredo Petroleum, Inc. - Form DEF 14A

Based in part on the feedback received from stockholders and the advice given by FW Cook, the Compensation Committee recommended and the Board approved additional changes to the short and long-term compensation programs for 2019, including increasing the importance of return-based metrics

Table of Contents

in compensation criteria and reducing the LTIP target for our CEO for an overall reduction of 56% from the 2018 LTIP target and certain other of our senior officers an average of 8% from the 2018 LTIP target. See "Compensation Program for 2019".

The below table highlights recent stockholder-driven changes to the Company's compensation practices.

What We Heard	What We Did
Increase the importance of return-based metrics in compensation criteria.	In 2018 and 2019, changed the performance criteria for both STIP and LTIP awards to further emphasize return-based metrics.
Decrease the Board's discretion to determine STIP	Beginning in 2018, objective bonus metric results established 70% of the total STIP payout, while the remaining 30% was subjectively determined by the Compensation Committee. Previously, the STIP payout determination weighting was 60% based on objective performance metrics and 40% based on subjective criteria.
Decrease the use of stock options	Effective in 2018, no stock options were granted to our named executive officers. Instead, their long-term incentive awards consist of approximately 50% restricted shares and 50% performance unit awards.

The Compensation Committee will continue to review stockholder votes on our executive compensation and engage regularly with stockholders to determine whether to make changes to the program accordingly.

Fiscal Year 2018 Performance Highlights and Impact on Incentive Compensation

In 2018, the prices for oil, natural gas and NGL remained volatile while associated service costs increased. Despite this uncertain environment, we successfully grew our oil, natural gas and NGL reserves and production, while generating significant and repeatable efficiencies in our drilling program and cost controls in all areas of our operations.

Table of Contents

The following illustrates our 2018 performance highlights, how they were supported by our incentive programs and the resulting payouts showing the alignment between our incentive programs and execution of our strategy.

Our 2018 STIP payout percentage was 90% of the STIP target percentage, which is reflective of the Company's performance against the 2018 bonus performance metrics (weighted 70%), as well as the Compensation Committee's subjective assessment of the Company's overall strategic performance in other areas (weighted 30%). For 2018, the Company exceeded the stretch targets on two of the four objective performance metrics (cash flow return on average capital employed and production), while failing to achieve the minimum targets on the other two objective performance metrics (drilling ROR and proved developed reserves/debt-adjusted share). As a result, the Company's 2018 performance qualified for a potential STIP payout percentage of 110% of the STIP target percentage based on the 2018 objective performance metrics. The Compensation Committee exercised its discretion to set the subjective component to approximately 44% payout of the STIP target percentage based on the overall performance of the Company, including its stock price performance. This resulted in a total STIP payout of approximately 90% of the STIP target percentage. Historically, individual adjustments were made after considering Company performance in other areas as well as individual performance factors such as leadership, commitment, motivational effect, level of responsibility and overall contribution to the Company's success. For our named executive officers, no individual adjustments were made for 2018. For a more complete description of these targets, see "2018 Bonus Performance Metric Targets and Results."

The Company did not achieve the minimum shareholder return required for the 2016 performance unit awards resulting in a 0% payout for our 2016 LTIP performance unit awards that matured at the

Table of Contents

end of 2018 and were not converted into common stock but lapsed at vesting in the first quarter of 2019.

Summary of our Compensation Program

The key components of our compensation program and how each supports our compensation objectives are presented in the following table:

Element	Description	Objectives
Salary rate	Annual cash compensation	Salary rates are designed to provide a fixed level of cash compensation for services rendered during the year.
STIP awards	Cash bonus award, based primarily on overall Company performance, with consideration also given to relative individual performance	Annual cash bonus awards are a key part of each named executive officer's annual compensation package. The Compensation Committee believes that cash bonuses are an appropriate way to further the Company's goal of attracting, retaining and rewarding highly-qualified and experienced officers. Cash bonuses are generally awarded annually following completion of the service year for which bonuses are payable and based primarily on Laredo's performance relative to predetermined targets for such service year, with consideration also given to individual performance and specific contributions to Laredo's success and performance.
LTIP awards	For corporate officers, consists of approximately 50% performance units and 50% restricted stock	Our long-term plan-based incentive program is designed to provide our employees, including our named executive officers, with an incentive to focus on our long-term success and to act as a long-term retention tool by aligning the interests of our employees with those of our stockholders. In previous years, stock options were also included in the LTIP pay mix.

Compensation Best Practices

The Company maintains compensation arrangements intended to optimize returns to stockholders and include best practice features.

What We Do	What We Don't Do
Maintain robust equity ownership guidelines for directors and executives	Provide excise tax gross-ups for executives
Tie a significant portion of annual incentive compensation to Company performance and stock performance	Provide for "single trigger" change in control severance
Utilize an independent compensation consultant	Provide long-term employment agreements to executives
Perform an annual compensation risk assessment, including to ensure our compensation structure does not encourage unnecessary risk taking	Allow for option repricing without stockholder approval
Provide at least 50% of long-term incentives in the form of performance-based compensation	Allow directors or officers to pledge and/or hedge Company stock
Use a representative and relevant peer group	Provide excessive perquisites
Fully disclose incentive plan targets and results	Provide for maximum performance unit payout in the event of negative total shareholder return ("TSR")

Compensation Structure Supports Alignment Between Executives and Stockholders

Our executive compensation program is designed to be strongly aligned with Company performance, and the majority of our named executive officers' compensation is considered variable and at-risk. We balance the various components of our compensation program by tying significant portions of total compensation to short-and long-term financial and strategic goals, currently in the form of annual cash bonus awards and long-term plan-based incentive awards. We also attempt to set each officer's salary rate in line with comparable positions with our peers and to award an annual cash bonus based on the achievement of overall Company strategic goals and each individual's relative contribution to those goals. Our compensation philosophy is designed to align the interests of our employees with those of our stockholders.

Table of Contents

The following pie charts depict the allocation of target salary rate, target STIP awards and target LTIP awards of our CEO and average for the other NEOs for 2018 (assuming each such person receives his or her target percentage for STIP and LTIP awards).

Average NEO Pay Mix

In light of Dr. Chandler's new position as Senior Vice President and Chief Operating Officer effective October 17, 2018, we are using her 2019 salary rate, 2019 STIP target percentage and 2019 LTIP target percentage for the above pie chart. For further discussion regarding the salary rates, STIP in the form of annual cash bonus awards and long-term plan-based incentive awards see " Elements of Compensation."

The following table sets forth the approximate percentages of our named executive officers' total compensation as defined by the SEC in the form of salary, STIP award and LTIP equity awards during the fiscal year 2018 as set forth in the "Summary compensation table" that appears in " Summary Compensation."

- (2) The amounts used in these calculations were the actual amounts earned in 2018, even if paid in another year.
- (3) The equity awards amounts used in these calculations were the sum of the grant-date fair values of the restricted stock awards and share-settled performance unit awards computed in accordance with FASB ASC Topic 718. Please refer to Note 8 to our audited consolidated financial statements in our 2018 Annual Report for disclosures regarding fair value estimates of restricted stock awards and share-settled performance unit awards.
- (4) Effective October 17, 2018, our Board of Directors appointed Dr. Chandler as Senior Vice President and Chief Operating Officer, a newly created position. Dr. Chandler joined the Company in 2012 and has served as Vice President Operations since 2016. Dr. Chandler's 2018 rate was \$295,000 until her appointment, at which time it was increased to \$450,000, commensurate with her new position. Dr. Chandler's LTIP awards and one-time restricted stock award granted in 2018 were based on her 2018 salary rate of \$295,000 that was effective prior to the February 16, 2018 grant date.

CEO Target Compensation vs. Realized Compensation

In 2018, our CEO LTIP target percentage was increased to better match the market median of the Company's peer group. Subsequent to the grant of the 2018 LTIP awards, the Company's stock price declined significantly and the Compensation Committee approved a new peer group to better align with changing markets, which included removing peers with a larger market cap and adding peers with a similar size to Laredo. The 2019 LTIP target percentage for the CEO (reduced 19%) and certain other senior officers (reduced 8%) was reduced compared to 2018 to account for a decrease in the market median of the Company's new peer group. Additionally, the CEO voluntarily agreed to make a 45% reduction from the revised LTIP target for 2019 as a result of the Company's performance and declining stock price for an overall reduction of 56% from the 2018 LTIP target.

The following table shows a comparison of (i) the portion of CEO target compensation realized, indexed to a value of \$100, and (ii) the value earned by a stockholder with a \$100 investment in Laredo common stock made at the beginning of each respective period. For the cumulative three-year period, Mr. Foutch realized 49% of his target compensation, and the stockholder realized 45% of the original investment demonstrating a close alignment between our compensation program and stockholder interests.

Process for Determining Executive Compensation

Compensation philosophy and competitive market positioning

Our executive compensation program is designed to attract, retain and motivate highly-qualified and committed personnel by compensating them with both potential long-term incentive compensation in the form of equity, options and performance incentives, and short-term cash compensation comprised of salary and the possibility of annual bonuses. We intend for our mix of compensation incentives to enhance our ability to recruit, retain and motivate our executives and other employees and to accelerate the value recognition of our assets for the benefit of our stockholders. We believe that our pay mix enables us to provide a competitive pay package in order to recruit and retain executives, while placing a larger emphasis on at-risk, variable and return-based compensation.

Implementing our objectives

Executive compensation decisions are made on an annual basis by the Compensation Committee with input primarily from Messrs. Foutch and Buterbaugh. Although the Compensation Committee considers the input received from these executive officers, compensation decisions affecting our executive officers (including our named executive officers) and other officers are ultimately recommended by the Compensation Committee and approved by the Board of Directors.

Edgar Filing: Laredo Petroleum, Inc. - Form DEF 14A

With the approval of the Compensation Committee, Messrs. Foutch and Buterbaugh have routinely obtained and reviewed external market information (including that received from the Compensation Committee's independent compensation adviser, as more fully described below) to assess the

Table of Contents

Company's ability to provide competitive compensation packages to our executive officers and recommend an adjustment to the compensation levels when necessary. In making executive compensation recommendations, Messrs. Foutch and Buterbaugh consider both the Company's and the executive officers' performance during the year. Moreover, an executive officer's expanded role at the Company could also serve as a basis for adjustment. Specifically, Messrs. Foutch and Buterbaugh provide recommendations to the Compensation Committee regarding the compensation levels for our existing officers (provided that Mr. Foutch's compensation is solely determined by the Compensation Committee, and Mr. Buterbaugh's compensation is determined by the Compensation Committee based in part on the recommendations of Mr. Foutch) and our compensation program as a whole.

While the Compensation Committee gives considerable weight to Messrs. Foutch's and Buterbaugh's input on compensation matters, the Board of Directors, after considering the recommendations of the Compensation Committee, has the final decision-making authority on all executive (including on named executive) and other officer compensation matters. No other executive officers have a role in the evaluation, design or administration of our executive officer compensation program.

Competitive Benchmarking

In light of the ever-changing energy industry, we closely monitor the appropriateness of our peer groups. With the assistance of FW Cook, we review our peers annually to decide on their continued inclusion and consider possible additions or removals based on multiple factors, including revenue, operating cash flow, market capitalization and enterprise value. Beginning in 2018, FW Cook recommended that we consolidate our compensation group and performance group into a single group. FW Cook also suggested possible companies to add to the group. Our Compensation Committee reviewed and discussed these recommendations and ultimately adopted the recommended changes, which positioned the Company at the 49th percentile for revenue, 47th percentile for operating cash flow, 46th percentile for market capitalization and 47th percentile for enterprise value.

Elements of Compensation

Salary Rates

Process for Setting Salary Rates: Salary rates are typically reviewed annually and adjusted, if deemed warranted, in the first quarter of each year. In considering adjustments to salary rates, our Compensation Committee considers both our internal performance and external market factors.

In addition to providing a salary rate that we believe is competitive with peers, we also consider internal pay equity among each of our named executive officers' salary levels relative to the salary levels of our other officers so that it accurately reflects the officer's relative skills, responsibilities, experience and contributions to the Company. Annual salary adjustments are based on a subjective analysis of many individual factors, including:

the responsibilities of the officer;

the scope, level of expertise and experience required for the officer's position;

the strategic impact of the officer's position;

the potential future contribution of the officer; and

the actual performance of the officer during the year.

In addition to the individual factors listed above, we also take into consideration our overall business performance and implementation of Company objectives, as well as industry trends. While these factors generally provide context for making salary decisions, salary rate decisions do not depend

directly on attainment of specific goals or performance levels and no specific weighting is given to one factor over another.

The following table presents the salary rates of our named executive officers in 2017 and 2018:

Name	2017 salary rate	2018 salary rate	Percent change
Randy A. Foutch	\$ 848,000	\$ 848,000	%
Richard C. Buterbaugh	\$ 490,000	\$ 500,000	2%
T. Karen Chandler(1)	\$ 295,000	\$ 450,000	53%
Daniel C. Schooley	\$ 400,000	\$ 420,000	5%
Kenneth E. Dornblaser	\$ 365,000	\$ 375,000	3%

(1)

Effective October 17, 2018, our Board of Directors appointed Dr. Chandler as Senior Vice President and Chief Operating Officer, a newly created position. Dr. Chandler joined the Company in 2012 and has served as Vice President Operations since 2016. Dr. Chandler's 2018 rate was \$295,000 until her appointment, at which time it was increased to \$450,000, commensurate with her new position.

STIP Awards

Target Award Levels: The 2018 STIP target percentages for each named executive officer are listed below. The STIP target percentage varies by named executive officer and is based on differing job classifications and responsibilities. Each position is compared to similar positions in the market as well as our peer companies. The STIP award amount is determined by taking the salary earned during the performance year multiplied by the STIP target percentage multiplied by the STIP payout percentage, if any, approved by the Compensation Committee and the Board. The approved STIP payout percentage could range from 0% to 200% of the STIP target percentage.

Name	2017 STIP target percentage	2018 STIP target percentage
Randy A. Foutch	125%	125%
Richard C. Buterbaugh	90%	90%
T. Karen Chandler	70%	85%
Daniel C. Schooley	85%	85%
Kenneth E. Dornblaser	85%	85%

Plan Mechanics: For the 2018 calendar year performance, the STIP award payout percentage was determined in two parts at the sole discretion of the Compensation Committee for ultimate approval by the Board of Directors. The objective 2018 STIP Performance Metric Results (discussed below) established 70% of the total STIP awards, while the remaining 30% was subjectively determined by the Compensation Committee considering the Company's overall strategic performance in other areas. The Compensation Committee also considered individual adjustments for our named executive officers after receiving input provided by Messrs. Foutch and Buterbaugh regarding both Company performance in other areas, as well as individual performance factors such as leadership, commitment, motivational effect, level of responsibility and overall contribution to Laredo's success (provided that Mr. Foutch's performance was solely determined by the Compensation Committee, and Mr. Buterbaugh's performance was determined by the Compensation Committee based in part on the recommendations of Mr. Foutch). Although our short-term incentive program includes the Company 2018 STIP performance metrics, our Compensation Committee has the ultimate discretion to recommend to the Board of Directors whether to award any, and the amount of, STIP cash bonus awards.

Table of Contents

Objective 2018 STIP Performance Metrics Targets and Results: Our 2018 performance metrics capture several critical performance criteria that we believe provide a quantitative measure of overall Company performance. The targets were set based on the Company's 2018 business strategy, place a focus on capital efficiency and provide the type of incentives sought by our Board of Directors and investors. Each metric is relatively weighted, and for each metric, a minimum threshold, a target and a stretch target are established.

No credit is earned for a metric that fails to meet a minimum threshold. A 50% credit is earned for a metric that meets the minimum threshold, a 100% credit is earned for a metric that meets the target and a maximum of 200% credit is earned for a metric that meets or exceeds its stretch target (with intervals between directly interpolated).

For 2018, the Company exceeded the stretch targets on two of the four objective performance metrics, while failing to achieve the minimum targets on the other two objective performance metrics. As a result, based on the 2018 objective performance metrics, the Company's 2018 performance qualified for a potential STIP payout percentage of 110% of the STIP target percentage.

Each objective 2018 STIP Performance Metric and its minimum threshold, target, stretch target and relative weighting, together with its actual result from the Company's 2018 performance, is indicated in the table below.

2018 STIP performance metric	Minimum threshold	Target	Stretch target	Actual result	Actual result credit	Relative weighting	Potential payout
Cash Flow Return on Average Capital Employed(1)	18.0%	24.0%	30.0%	30.1%	200.0%	40.0%	80.0%

- (1) Compares 2018 cash flows from operations before changes in assets and liabilities, excluding the adjustment for accretion of asset retirement obligations, to total capital employed (the average of beginning and ending total net debt and total stockholders' equity, then adjusted for 2018 impairment expense and mark-to-market on commodity derivatives, each adjusted for income tax expense, if any).
- (2) Proved developed reserves are as of December 31, 2018. Debt-adjusted share is calculated as net debt at December 31, 2018 divided by the closing price of our common stock on the NYSE at December 31, 2018, plus common shares outstanding as of December 31, 2018.
- (3) Calculated using the total future cumulative net cash flows of our wells with first oil production in 2018, measured as a percentage of total 2018 drilling and completion capital invested for our wells with first oil production in 2018, utilizing and holding constant budget prices for oil, NGL and natural gas.

Subjective 2018 STIP Strategic Performance Accomplishments: As noted above, the remaining 30% of the STIP payout percentage was determined subjectively by the Compensation Committee, considering the Company's strategic performance in other areas. The Compensation Committee exercised its discretion to set the subjective component to approximately 44% payout of the STIP target percentage based on the overall Company's performance and declining stock price as set forth in the below table.

Performance metric result	110%
Objective weight of STIP payout	70%
Objective result	77%
Subjective strategic performance	44%
Subjective weight of STIP payout	30%
Subjective result	13%
2018 STIP Payout %	90%

Historically, individual adjustments were made after considering Company performance in other areas as well as individual performance factors such as leadership, commitment, motivational effect, level of responsibility and overall contribution to the Company's success. No individual adjustments to the CEO or NEO payouts were made for the 2018 calendar year performance.

STIP award payouts for 2018 performance

Following the Compensation Committee's review of the objective 2018 STIP Performance Metric results and the Compensation Committee's subjective assessment of the Company's overall strategic performance in other areas as described above, the Compensation Committee determined, in its discretion, that the Company's overall performance resulted in an STIP payout percentage of approximately 90% of the STIP target percentage. The STIP awards approved by the Compensation Committee for our named executive officers were approximately 90% of their STIP target. The Compensation Committee submitted its recommendations to our Board of Directors, which approved such recommendations. The individual awards to the named executive officers are identified in the following table and were paid out in cash. The amounts shown under the "Award payout" column were paid to the named executive officers on December 24, 2018.

Name	2018 salary earned	2018 STIP target percentage	2018 STIP target value	Award payout	Approved percent payout to target

Dr. Chandler's 2018 rate was \$295,000 until her appointment, at which time it was increased to \$450,000, commensurate with her new position.

Table of Contents*Long-term Plan-based Incentive Awards*

In connection with our initial public offering in late 2011, we adopted the Equity Incentive Plan, which was amended in 2016.

Target Award Levels: Following consultation with FW Cook and a review of data associated with our peer group and the industry in general, our Compensation Committee determined that our named executive officers were positioned below the market median and an adjustment was required to the LTIP target percentages of certain of our named executive officers in order to continue to meet our objective of targeting the market median. Prior to 2018, LTIP target percentages for our named executive officers remained flat for the prior four years. The LTIP target percentage varies by named executive officer and is based on differing job classifications and responsibilities. Each position is compared to similar positions in the market as well as our peer companies. The value of the LTIP awards to be granted is determined by taking the LTIP target percentage multiplied by the most recent salary rate prior to the grant date. LTIP target percentages for each named executive officer for 2017 and 2018 are listed below.

Name	2015 long-term incentive target percentage	2016 long-term incentive target percentage	2017 long-term incentive target percentage	2018 long-term incentive target percentage

Effective October 17, 2018, our Board of Directors appointed Dr. Chandler as Senior Vice President and Chief Operating Officer, a newly created position. Dr. Chandler joined the Company in 2012 and has served as Vice President Operations since 2016. Dr. Chandler's 2017 and 2018 long-term incentive target percentages were based on her previous position as Vice President Operations.

Long-Term Incentive Vehicles: For our named executive officers, the Company's LTIP awards granted in 2018 targeted a long-term incentive vehicle mix of approximately 50% restricted stock and 50% performance units. This mix of incentive vehicles, as well as the applicable vesting periods described below, were adopted by the Board of Directors following the recommendation of FW Cook and a review of comparable awards granted by our peer group and the industry in general. As more fully discussed above under "Compensation Structure Supports Alignment Between Executives and Stockholders," we believe that by tying significant portions of our officers' total compensation to awards that are directly impacted by the performance of our common stock, we align the interests of our officers with those of our stockholders. Long-term equity incentives are generally awarded in February following our Board meeting and the filing of our Annual Report on Form 10-K.

Restricted Stock: The restricted shares of our common stock are subject to forfeiture until vested. So long as the recipient of such shares is an employee of the Company, generally the shares granted to each recipient will vest, and the transfer restrictions thereon will lapse ratably, over three years. Each recipient will forfeit his or her unvested shares if the recipient's employment is terminated by us for any reason or if the recipient resigns (in either case, other than for death or disability). We believe that this vesting schedule is comparable to those utilized by the peer group and will assist us in attracting new talent and retaining existing personnel. Restricted shares of common stock may be granted to new employees upon hire to attract talent to the Company. All new hire employee grants must be approved by the Chairman and Chief

Table of Contents

Executive Officer, and all executive officer grants must be approved by the Compensation Committee.

Stock Options: For 2018 and 2019, no stock options were granted to our named executive officers. Stock options provide the opportunity to purchase our stock at a price that is fixed on the grant date regardless of the future market price. We consider stock options a form of performance-based compensation. If our stock price does not increase, then these stock options will have no economic value. Pursuant to the terms of the Equity Incentive Plan, the exercise price for each stock option is the closing price of a share of common stock on the NYSE on the grant date. In prior periods we have issued stock options to our named executive officers only on an annual basis, following the filing of our Annual Report on Form 10-K. Therefore, generally such stock options were issued at an exercise price equal to the market close on the second trading day following the filing of our Annual Report on Form 10-K.

Stock option awards typically vest ratably over four years. As with the restricted shares of our common stock, we believe that this vesting schedule is comparable to those utilized by our peer group. The unvested portion of a stock option award will expire upon termination of employment of the optionee, and the vested portion of a stock option award will remain exercisable for (i) one year following termination of employment by reason of the optionee's death or disability or (ii) 90 days for any other reason, other than for cause. Both the unvested and vested (but unexercised) portion of a stock option award will expire upon the termination of the optionee's employment by us for cause. Unless sooner terminated, the stock option award will expire if and to the extent it is not exercised within 10 years from the date of the grant.

Performance Units: The performance unit awards granted to each recipient in 2016, 2017 and 2018 are payable in common stock of the Company. The performance unit awards have a three-year cliff vest, if the Company meets performance thresholds established by the Compensation Committee over a three-year performance period. Each performance unit represents one share of common stock of the Company.

With respect to performance unit awards granted in 2016 and 2017, the amount of stock payable at the end of the performance period was and will be determined by multiplying the number of performance units by the applicable total shareholder return modifier ("TSR Modifier"). Each performance unit represent one share of common stock of the Company. The TSR Modifier is determined as follows:

Level of Performance	Relative TSR Performance	TSR Modifier(1)(2)
Below Threshold	<40th Percentile	0%
Threshold	40th Percentile	50%
Target	60th Percentile	100%
Maximum	≥80th Percentile	200%

(1) Amounts between percentages are interpolated on a straight-line basis.

(2) The recipient's maximum payout will be limited to 150% of TSR in the event our stock price has declined during the relevant performance period, even if our TSR among our performance peer group would otherwise call for a payout in excess of 150%.

With respect to performance unit awards granted in 2018, the amount of stock potentially payable at the end of the performance period will be determined based on three criteria:

- (i) 25% weighting on relative three-year total shareholder return comparing the Company's shareholder return to the shareholder return of the selected peer group ("RTSR Performance Percentage"),

Edgar Filing: Laredo Petroleum, Inc. - Form DEF 14A

Table of Contents

- (ii) 25% weighting on absolute three-year total shareholder return ("ATSR Appreciation") and
- (iii) 50% weighting on three-year return on average capital employed ("ROACE Percentage").

The RTSR Performance Percentage, ATSR Appreciation and ROACE Percentage will be used to identify the RTSR factor, the ATSR factor and ROACE factor, respectively, which are used to compute the "Performance Multiple" and ultimately to determine the final number of shares associated with each performance share unit granted at the maturity date (with all partial shares rounded, as appropriate). We refer you to our Form 8-K filed with the SEC on February 23, 2018 for a complete copy of the 2018 performance unit agreement, including Exhibit A thereto, which contains a more complete explanation of the performance goals and thresholds.

The following table shows the peer group used to measure the TSR for performance unit awards granted in 2016 and 2017 and the Performance Multiple for performance unit awards granted in 2018 (the "Performance Group"):

The share-settled performance unit awards granted on May 25, 2016 had a performance period of January 1, 2016 to December 31, 2018 and, as their market criteria were not satisfied, resulted in a TSR modifier of 0% based on the Company finishing in the ninth percentile of its peer group for relative TSR. As such, the granted units lapsed and were not converted into the Company's common stock during the first quarter of 2019.

Table of Contents

Each recipient will forfeit his or her performance unit awards if the recipient's employment with us is terminated by the Company for any reason or if the recipient resigns (in either case, other than for death or disability). If the employment is terminated due to death or disability, the recipient is entitled to receive a pro-rated performance unit. Generally, grants of performance unit awards will be made in the first quarter of each year, when our results of operations for the previous year have generally been determined and when our Compensation Committee is normally meeting to discuss short-term incentive payouts based on the prior-year results.

Long-term Plan-based Incentive Awards Granted in 2018

The value of the long-term incentive awards to be granted was determined by taking the LTIP target percentage multiplied by the most recent salary rate prior to the grant date ("Grant Value"). The total number of both the shares of stock and units of long-term incentive awards granted were calculated by dividing the Grant Value by the average closing price of our stock for the 10 trading days ended February 15, 2018 (the filing date of our 2017 Annual Report). This 10-day average closing price was \$8.28. The grant date and number of shares of restricted stock and units of share-settled performance units are presented in the following table. The grant-date fair values presented in the following table were computed in accordance with FASB ASC Topic 718 as described in Note 8 to our audited consolidated financial statements in our 2018 Annual Report, and not the Grant Value.

Name	Grant date	Restricted stock(1)		Share-settled performance units(2)	
		Number of shares of stock	Grant-date fair value (\$)	Number of units	Grant-date fair value (\$)

- (1) The restricted stock's grant-date fair value was computed in accordance with FASB ASC Topic 718 and was determined based on the closing price of our common stock on the NYSE on February 16, 2018, which was \$8.36 per share. These shares vest 33%, 33% and 34% on a time basis per year beginning on the first anniversary date of the grant.
- (2) The \$9.22 per unit grant-date fair value was computed in accordance with FASB ASC Topic 718 and consists of a (i) \$10.08 per unit grant-date fair value, determined utilizing a Monte Carlo simulation, for the combined (.25) RTSR Factor and (.25) ATSR Factor and (ii) \$8.36 per unit grant-date fair value for the (.50) ROACE Factor determined based on the closing price of our common stock on the NYSE on February 16, 2018. These share-settled performance units are payable in stock upon a three-year cliff vest for achievement of a "Threshold," "Target" or "Maximum" level of performance, and interpolated between levels, for each the RTSR performance, ASTR appreciation and ROACE percentage for the performance period of January 1, 2018 to December 31, 2020. For further discussion see "Grants of Plan-Based Awards for the Year Ended December 31, 2018."

Dr. Chandler joined the Company in 2012 and has served as Vice President Operations since 2016. Dr. Chandler's LTIP awards granted in 2018 were based on her \$295,000 2018 salary rate that was effective prior to the February 16, 2018 grant date.

In addition to the above recurring annual grants, we made the following one-time restricted stock awards. The one-time restricted stock awards were granted to recognize the successful sale of LMS' 49% interest in Medallion Gathering & Processing, LLC ("Medallion") reflecting the investment made previously in building and operating the Medallion system and an approximate return of three times our invested capital for the project. Named executive officer awards were paid in restricted stock with a one-year cliff vest instead of cash to further align management pay with our shareholders. The restricted stock's grant-date fair value was computed in accordance with FASB ASC Topic 718 and was determined based on the closing price of our common stock on the NYSE on February 16, 2018, which was \$8.36 per share. Our Compensation Committee provided this one-time award due to the extraordinary circumstances and does not anticipate making frequent awards of this type in the future.

Effective October 17, 2018, our Board of Directors appointed Dr. Chandler as Senior Vice President and Chief Operating Officer, a newly created position. Dr. Chandler joined the Company in 2012 and has served as Vice President Operations since 2016. Dr. Chandler's one-time restricted stock award was based on her \$295,000 2018 salary rate that was effective prior to the February 16, 2018 grant date.

Compensation Program for 2019***2019 Peer Group Changes***

As part of its annual compensation review, beginning in the fall of 2018 and continuing as part of ongoing discussions with our Compensation Committee, FW Cook again reviewed our peer group to consider its relevance for both general compensation elements and for our share-settled performance unit awards.

Due to the fact that Energen Corp., Newfield Exploration Co., Resolute Energy Corporate, RSP Permian, Inc., Sanchez Energy Corporation and Wildhorse Resource Development Corporation have been acquired, merged or have ceased to be traded, and based upon prior policies adopted by the Compensation Committee, FW Cook recommended that they should be removed from the peer group. FW Cook also recommended the following peers be removed from the peer group: (i) Diamondback Energy, Inc. due to its expanded size following the acquisition of Energen Corporation and (ii) EP Energy Corp. due to it having a significantly lower market capitalization in addition to a unique compensation design.

Our Compensation Committee reviewed and discussed these recommendations and ultimately adopted the recommended changes. As a result, with respect to compensation matters in 2019, our peer group consists of the 16 companies listed below:

Callon Petroleum Company Carrizo Oil & Gas, Inc. Centennial Resource Development Inc. Eclipse Resources Corp.(1) Extraction Oil & Gas Inc. Jagged Peak Energy Inc. Matador Resources Company Oasis Petroleum	Parsley Energy, Inc. PDC Energy, Inc. QEP Resources, Inc. Range Resources Corp. SM Energy Company SRC Energy, Inc. Whiting Petroleum Corp. WPX Energy, Inc.

- (1) Due to this peer combining with Blue Ridge Mountain Resources resulting in the formation of Montage Resources Corp. on February 28, 2019, the Compensation Committee approved to keep it in the Peer Group for performance unit awards granted in 2019 and its TSR be based on the 15-to-1 reverse stock split of Eclipse Resources Corp.'s common stock.

2019 Salary Rates

In February 2019, following an extended review of data provided by FW Cook with respect to target pay elements of our peer group, and in accordance with our compensation philosophy of targeting our officer salary rate at the market median, our Compensation Committee and our Board of Directors elected not to change the salary rates for 2019 for our named executive officers, as indicated in the table below. We believe the salary rates reflect the approximate median of our peer group.

The following table presents the salary rates of our named executive officers in 2018 and 2019:

Name	2018 salary rate	2019 salary rate	Salary rates' percent change
Randy A. Foutch	\$ 848,000	\$ 848,000	%
Richard C. Buterbaugh	\$ 500,000	\$ 500,000	%
T. Karen Chandler	\$ 450,000	\$ 450,000	%

2019 STIP Performance Metrics

Effective for 2019, following consultation with certain of our investors and FW Cook, our Compensation Committee recommended, which recommendation was approved by the Board of Directors, the objective STIP performance metrics and relative weightings for our STIP for the 2019 calendar year performance as reflected below. We believe that these updated metrics and relative weightings are aligned with our 2019 business strategy, place a focus on capital efficiency and provide the type of incentives sought by our Board of Directors and investors.

2019 STIP performance metric	Relative weighting
Cash Flow Return on Average Capital Employed(1)	30.0%
Drilling Rate of Return(2)	30.0%
Oil Production (MBbl)(3)	25.0%
Proved Developed Oil Reserves (Bbl)/Debt-Adjusted Share(4)	15.0%

- (1) Compares 2019 cash flows from operations before changes in assets and liabilities, excluding the adjustment for accretion of asset retirement obligations, to total capital employed (the average of beginning and ending total net debt and total stockholders' equity, then adjusted for 2019 impairment expense and mark-to-market on commodity derivatives, each adjusted for income tax expense, if any).
- (2) Calculated using the total future cumulative net cash flows of our wells with first oil production in 2019, measured as a percentage of total 2019 drilling and completion capital invested for our wells with first oil production in 2019, utilizing and holding constant budget prices for oil, NGL and natural gas.
- (3) We have updated this metric from our 2018 STIP performance metric for (i) oil production for the year ended December 31, 2019 from oil, NGL and natural gas production for the year ended December 31, 2018 and (ii) a relative weighting of 25.0% from 15.0%.
- (4) We have updated this metric from our 2018 STIP performance metric for (i) the metric's numerator to proved developed oil reserves as of December 31, 2019 from proved developed oil, NGL and natural gas reserves as of December 31, 2018, (ii) a relative weighting of 15.0% from 25.0% and (iii) the metric's denominator using the average closing price of our common stock for the last 30 trading days ending December 31, 2019 from the closing price of our common stock as of December 31, 2018. Debt-adjusted share is calculated as net debt at December 31, 2019 divided by the average closing price of our common stock on the NYSE for the last 30 trading days ending December 31, 2019, plus common shares outstanding as of December 31, 2019.

The objective 2019 STIP performance metric results establish 70% of the total STIP awards, while the remaining 30% is subjectively determined by the Compensation Committee considering the Company's overall strategic performance in other areas.

2019 Long-term Plan-based Incentive Target Award Levels

Following consultation with FW Cook and a review of data associated with our peer group and the industry in general, our Compensation Committee determined that an adjustment was required to the LTIP target percentages of certain of our named executive officers in order to continue to meet our objective of targeting the market median. The 2019 LTIP target percentage for the CEO was reduced by 19%, and the 2019 LTIP target percentage for certain other senior officers was reduced by 8%. Our CEO voluntarily agreed to decrease his LTIP target by 45% from the revised LTIP target due to the

decline of our stock price for an overall reduction of 56% from his 2018 LTIP target. The 2019 LTIP targets for our named executive officers are set out below.

Name	2018 long-term incentive target percentage	2019 long-term incentive target percentage
Randy A. Foutch	680%	300%
Richard C. Buterbaugh	520%	475%
T. Karen Chandler(1)	200%	450%
Daniel C. Schooley	515%	475%
Kenneth E. Dornblaser	300%	275%

- (1) Effective October 17, 2018, our Board of Directors appointed Dr. Chandler as Senior Vice President and Chief Operating Officer, a newly created position. Dr. Chandler joined the Company in 2012 and has served as Vice President Operations since 2016. Dr. Chandler's 2018 long-term incentive target percentage was based on her previous position as Vice President Operations.

Long-term Plan-based Incentive Awards Granted in 2019

Following discussion with and input from FW Cook, the Compensation Committee changed the form of payment of our LTIP awards program with respect to performance unit awards granted in 2019 to make them payable, if at all, in cash, in common stock or a combination of cash and common stock. The Board or its designee has sole discretion to determine the type of payment for the performance unit awards.

The number of shares of restricted stock and performance units granted on February 28, 2019 to our named executive officers pursuant to the reduced LTIP targets, are outlined below. These grants were calculated based on the average closing price of our stock for the 10 trading days ended February 28, 2019. This 10-day average closing price was \$3.65.

The grant date, number of shares of restricted stock, number of units of performance units and the grant-date fair values, made in accordance with the applicable accounting principles footnoted below, are presented in the following table:

Name	Grant date	Restricted stock(1)		Performance units(2)	
		Number of shares of stock	Grant-date fair value (\$)	Number of units	Grant-date fair value (\$)
Randy A. Foutch	2/28/2019	348,493	1,195,331	348,493	1,299,879
Richard C. Buterbaugh	2/28/2019	325,342	1,115,923	325,342	1,213,526
T. Karen Chandler	2/28/2019	277,397	951,472	277,397	1,034,691

Kenneth E. Dornblaser	2/28/2019	141,267	484,546	141,267	526,926

- (1) The restricted stocks' grant-date fair value is computed in accordance with FASB ASC Topic 718 and is determined based on the closing price of our common stock on the NYSE on February 28, 2019, which was \$3.43 per share. These shares vest 33%, 33% and 34% on a time basis per year beginning on the first anniversary date of the grant.
- (2) The \$3.73 per unit grant-date fair value was computed in accordance with FASB ASC Topic 718 and consists of a (i) \$4.03 per unit grant-date fair value, determined utilizing a Monte Carlo simulation, for the combined (.25) RTSR Factor and (.25) ATSR Factor and (ii) \$3.43 per unit grant-date fair value for the (.50) ROACE Factor determined based on the closing price of our

common stock on the NYSE on February 28, 2019. These performance units, which can be settled in cash or stock, or a combination of cash and stock, at the election of the Compensation Committee, have a three-year cliff vest and a performance period of January 1, 2019 to December 31, 2021.

Other Benefits

Health and welfare benefits.

Our named executive officers are eligible to participate in all of our employee health and welfare benefit plans on the same basis as other employees (subject to applicable law). These plans include medical, vision and dental insurance, dependent care flexible spending account, medical flexible spending account or health savings account, as well as short and long-term disability benefits. These benefits are provided in order to ensure that we are able to competitively attract and retain officers and other employees. This is a fixed component of compensation, and these benefits are provided on a non-discriminatory basis to all employees.

Retirement benefits.

Our named executive officers also participate in our defined contribution plan under Section 401(k) of the Internal Revenue Code of 1986, as amended (the "Code") on the same basis as our other employees. The plan allows eligible employees to make contributions up to 100% of their annual compensation, not to exceed annual limits established by the federal government. We make matching contributions in cash of up to 6% of an employee's eligible compensation and may make additional discretionary contributions in the form of cash.

Perquisites.

We believe that the total mix of compensation and benefits provided to our executive officers is currently competitive and, therefore, perquisites do not play a significant role in our executive officers' total compensation. Nevertheless, Laredo provides limited perquisites and benefits to its officers, including reimbursement for cell phone charges, information technology assistance and monthly dues at a downtown lunch/dinner club.

A charitable matching gift program is offered to all Laredo employees and members of our Board of Directors. This program is a way the Company can support employees and board members in their efforts to give back to the communities in which they work and live. The Company will match dollar-for-dollar contributions made by employees or members of our board of directors, up to \$1,000 per calendar year. Gifts will only be matched if they are requested for organizations eligible under Section 501(c)(3) of the Code. The minimum contribution that will be matched is \$100 per calendar year. In order for the Company to provide the matching gift, there can be no direct benefit, reward or consideration to the employee or board member when making the donation.

Other benefits.

Effective January 1, 2013, we entered into an aircraft lease with Lariat Ranch LLC ("Lariat Ranch"), the aircraft owner and an entity controlled by Mr. Foutch, and our Board of Directors adopted a revised aircraft use policy. Under this arrangement, as amended in 2014, 2015 and 2018, we pay an hourly rate for the use of the aircraft and also pay for all operating costs associated with our use of the aircraft, as well as expenses related to the flight crew and other expenses during such use. For further details, see the "Summary

Table of Contents

compensation table" in " Summary Compensation" and "TRANSACTIONS WITH RELATED PERSONS Other Related-Party Transactions."

Employment, Severance or Change in Control Agreements

We do not currently maintain any long-term employment agreements. On November 9, 2011, the Company adopted the Laredo Petroleum, Inc. Change in Control Executive Severance Plan (as amended, the "Change in Control and Executive Severance Plan"), which provides severance payments and benefits to our named executive officers and eligible persons with the title of vice president and above, as determined by our Compensation Committee. The policy provides an eligible participant with a lump-sum cash severance payment and continued health benefits in the event that the participant experiences a qualifying termination event within the 18-month period following the occurrence of a qualifying change in control event ("double trigger"). In the event that an eligible executive's employment is terminated without cause by the employer or for good reason by the executive within the 18-month period following the occurrence of a change in control, the executive would become entitled to receive 100% (in the case of our Chief Executive Officer, 300%, and in the case of our other named executive officers, 200%) of the executive's salary rate and 200% (in the case of our Chief Executive Officer, 300%, and in the case of our other named executive officers, 200%) of the executive's target STIP cash bonus and prorated amount of such target STIP cash bonus for the fiscal year in which the change of control payment is triggered. In addition, the executive would receive Company-paid COBRA continuation coverage for up to 18 months following the date of termination. The policy contains a modified cutback provision whereby payments payable to an executive may be reduced if doing so would put the executive in a more advantageous after-tax provision than if payments were not reduced and the executive became subject to excise taxes under Section 4999 of the Code and loss of deduction under Section 280G of the Code. We believe these severance levels are comparable to those utilized by our peer group.

We believe that our Change in Control Executive Severance Plan, including its requirement of a "double trigger," provides suitable incentive for our officers to remain with the Company in the event of a potential change in control through the consummation of any such transaction. We further believe such an incentive is to the benefit of our stockholders as well as any potential purchaser in connection with a change in control transaction, as it helps to ensure the continued operation and seamless transition of the Company prior to and through the conclusion of any such transaction. The compensation "multipliers" among the different categories of our officers were established based upon information provided by FW Cook regarding both our peer group and the industry in general.

Other Matters

Risk assessment

The Compensation Committee and management have reviewed our compensation policies as generally applicable to our employees and believe that our policies do not encourage excessive and unnecessary risk-taking, and that the level of risk that they do encourage is not reasonably likely to have a material adverse effect on us.

Our compensation philosophy and culture support the use of salary rate, short-term incentive cash bonuses and long-term incentive equity compensation that are generally uniform in design and operation throughout our organization and with all levels of employees. In addition, the following specific factors, in particular, reduce the likelihood of excessive risk-taking:

Our overall compensation levels are competitive with the market; and

Table of Contents

Our compensation mix is balanced among (i) fixed components such as salary rate and benefits, (ii) short-term incentive cash bonuses and (iii) long-term incentive equity awards that reward our employees based on long-term overall financial performance and operational measures.

Furthermore, prior to our initial public offering in 2011, we provided our officers the opportunity to invest in our equity, which all of our named executive officers who were with the Company at the time did, and now we provide our officers with the opportunity to be awarded long-term incentive equity that continues to align their interests with those of our stockholders.

In summary, because the Compensation Committee focuses on the Company's performance, with only some consideration given to the specific individual performance of the employee when making compensation decisions, we believe our historical compensation programs did not, and our current compensation programs do not, encourage excessive and unnecessary risk taking by executive officers (or other employees). These programs were and are designed to encourage employees to remain focused on both our short- and long-term operational and financial goals. We set performance goals that we believe are appropriate in light of our past performance and market conditions. The Compensation Committee will continue to monitor all levels of compensation to attempt to ensure that no element of compensation encourages excessive and unnecessary risk-taking.

Equity ownership guidelines

The Compensation Committee recommended, and the Board of Directors approved, stock ownership guidelines for directors and the executive management team in order to further align the interest of our directors and officers with those of our stockholders. Individuals have three years from their hire, promotion or appointment date to reach the following stock ownership guidelines (as a multiple of salary rate): (i) Chief Executive Officer: 5x; (ii) President and Chief Operating Officer: 3x; (iii) Executive and Senior Vice Presidents: 2x; (iv) Vice Presidents: 1x; and (v) directors: \$400,000 worth of Company stock. Stock actually owned, as well as stock awarded under restricted stock awards, is included for purposes of satisfying these guidelines. No stock potentially exercisable under stock option awards is included. Based on the highest closing price of our common stock since January 1, 2019 (\$4.19), all of our officers and directors have satisfied the stock ownership guidelines.

Compensation Consultant and Conflict of Interest Analysis

Since July 2012, the Compensation Committee has engaged FW Cook to serve as its independent compensation adviser. FW Cook did not provide any services to the Company outside of the scope of its engagement by the Compensation Committee. In accordance with the requirements of Item 407(e)(3)(iv) of Regulation S-K, the Compensation Committee considered the relationships that FW Cook has had with the Company, the members of the Compensation Committee and our executive officers, as well as the policies that FW Cook has in place to maintain its independence and objectivity, and determined that no conflicts of interest arose from the work performed by FW Cook. It is anticipated that the relationship will continue during 2019. The Compensation Committee's objective when engaging FW Cook was to assess our level of competitiveness for executive-level talent and provide recommendations for attracting, motivating and retaining key employees, including identifying industry best practices.

At the request of the Compensation Committee, FW Cook has undertaken comprehensive market reviews annually, which have been utilized by the Compensation Committee when making its recommendations to the Company's board of directors for the compensation programs, including adjustments to the current programs that were made in 2017 and later, as described above.

Table of Contents

Tax and accounting implications

In prior years, the Compensation Committee generally structured the Company's compensation program with the intent to preserve any deductions under Code Section 162(m), which generally limits the deductibility of annual compensation paid to a "covered employee" in excess of \$1 million, unless certain exceptions are met, such as the exception for qualified performance-based compensation. Pursuant to the Tax Cuts and Jobs Act of 2017 (the "Tax Act") as of January 1, 2018, the exception under Code Section 162(m) for qualified performance-based compensation was eliminated and the definition of "covered employee" was expanded to include the chief financial officer and certain former named executive officers of a Company. The Tax Act includes a transition rule under which the changes to Code Section 162(m) will not apply to compensation payable pursuant to a written binding contract that was in effect on November 2, 2017, and is not materially modified after that date. However, given the loss of the qualified performance-based compensation exception, non-grandfathered awards may result in non-deductible compensation amounts.

Policies against hedging and pledging stock

Under the terms of our Insider Trading Policy that is applicable to our directors and named executive officers, such persons are prohibited from engaging in hedging transactions that are designed to hedge or offset a decrease in market value of such person's common stock in the Company. We prohibit such conduct because to allow such activity, the director or officer could then no longer be exposed to the full risks of ownership and may no longer have the same objectives as the Company's other stockholders.

In addition, our directors and named executive officers may not hold their Company securities in a margin account and may not, without prior approval and in very limited circumstances, pledge Company securities as collateral for any other loan. The only exception to the prohibition on pledging securities may exist in the case of a non-margin loan where the director or officer was clearly able to demonstrate the financial ability to repay the loan without resort to the pledged securities, and only if such pledge was pre-approved by our General Counsel. No shares owned by our directors or named executive officers are currently pledged.

(1) The amounts presented in these columns reflect the actual amounts earned in 2018, 2017 and 2016, even if paid in another year.

(2) For the 2016 LTIP awards, on February 9, 2016 our board of directors approved the value for grants to the named executive officers. The closing price of our stock on this date was \$6.10. In accordance with prior practice, the number of shares of restricted stock awards, stock option awards and share-settled performance units to be issued pursuant to such approval were calculated based on the average closing price of our stock for the 10 trading days ended February 19, 2016 (two days after the filing of our 2015 Annual Report on Form 10-K). This 10-day average closing price was \$5.40. As previously noted, these grants were contingent on the subsequent approval of the amendment to our Equity Incentive Plan by our stockholders. If the grant of these shares had not been subject to subsequent stockholder approval, the shares would have been valued using the February 19, 2016 closing price of \$4.10 in compliance with applicable accounting principles. On May 25, 2016, our stockholders approved the amendment to our Equity Incentive Plan. On May 25, 2016 the closing price of our stock was \$12.36. In accordance with FASB ASC Topic 718, the restricted stock awards, stock option awards and share-settled performance unit awards were valued on the date of stockholder approval. For the 2018 and 2017 LTIP awards, the amounts presented in these columns reflect the grant-date fair value of the restricted stock awards, stock option awards and share-settled performance unit awards computed in accordance with FASB ASC Topic 718. The 2018 restricted stock awards' amounts include a one-time grant to recognize the successful sale of Medallion while aligning the equity award with the interests of stockholders. Please refer to Note 8 to our audited consolidated financial statements in our 2018 Annual Report for disclosures regarding fair value estimates of restricted stock awards, stock option awards and share-settled performance unit awards.

(3) The amounts presented in this column include the aggregate value of matching contributions to our 401(k) plan, the dollar values of life insurance coverage, charitable gifts made on behalf of named executive officers pursuant to our charitable gift matching program,

wellness reimbursements and health savings contributions. Each of our named executive officers received matching contributions to our 401(k) plan of \$16,500 for 2018. The amounts presented in this column for Mr. Foutch include the aggregate incremental cost of expenses that were paid by us pursuant to the terms of the Aircraft Lease (as defined below) and our aircraft use policy, which would otherwise have been paid by Lariat Ranch, an entity controlled by Mr. Foutch, for the use of Lariat Ranch's aircraft not directly related to Laredo's business. These payments during the years 2018, 2017 and 2016, were \$20,930, \$23,868 and \$23,442

respectively, and they represent only a portion of the total costs incurred by Lariat Ranch of flying the aircraft. For further details, please see "TRANSACTIONS WITH RELATED PERSONS Other Related-Party Transactions."

- (4) Effective October 17, 2018, our Board of Directors appointed T. Karen Chandler as Senior Vice President and Chief Operating Officer, a newly created position. Dr. Chandler joined the Company in 2012 and has served as Vice President Operations since 2016. Dr. Chandler's 2018 rate was \$295,000 until her appointment, at which time it was increased to \$450,000, commensurate with her new position. Dr. Chandler's LTIP awards granted in 2018 were based on her \$295,000 2018 salary rate that was effective prior to the February 16, 2018 grant date.

Realized Compensation

The calculation of total compensation, as shown in the Summary Compensation Table on page 52, includes items driven by accounting assumptions as defined by the SEC. As a result, total compensation as defined by the SEC differs substantially from the compensation actually realized by our named executive officers in a particular year. To supplement the SEC-required disclosure, the table below shows compensation actually realized by the named executive officers. These amounts are not a substitute for the amounts reported as total compensation as defined by the SEC. Realized compensation includes each named executive officer's earned salary, earned STIP cash bonus, value realized on vesting of stock awards, value realized on exercise of stock options, value realized on vesting of share-settled performance awards and all other compensation, which includes matching contributions to our 401(k) plan, the dollar values of life insurance coverage, charitable gifts made on behalf of named executive officers pursuant to our charitable gift matching program, wellness reimbursements and health savings contributions.

The following table summarizes, with respect to our named executive officers, information relating to the realized compensation earned for services rendered in all capacities during the fiscal years ended December 31, 2018, 2017 and 2016.

Name	Realized compensation		
	2018	2017	2016
Randy A. Foutch(1)	\$ 2,843,255	\$ 4,261,781	\$ 2,739,655
Richard C. Buterbaugh	\$ 1,366,139	\$ 1,971,210	\$ 1,257,081
T. Karen Chandler(2)	\$ 784,614	\$ 801,040	\$ 708,115
Daniel C. Schooley	\$ 1,002,804	\$ 1,318,351	\$ 1,005,663
Kenneth E. Dornblaser	\$ 1,105,162	\$ 1,274,237	\$ 895,537

- (1) The amounts presented for Mr. Foutch include the aggregate incremental cost of expenses that were paid by us pursuant to the terms of the Aircraft Lease (as defined below) and our aircraft use policy, which would otherwise have been paid by Lariat Ranch, an entity controlled by Mr. Foutch, for the use of Lariat Ranch's aircraft not directly related to Laredo's business. For further details, please see "TRANSACTIONS WITH RELATED PERSONS Other Related-Party Transactions."

- (2) Effective October 17, 2018, our Board of Directors appointed Dr. Chandler as Senior Vice President and Chief Operating Officer, a newly created position. Dr. Chandler joined the Company in 2012 and has served as Vice President Operations since 2016. Dr. Chandler's 2018 rate was \$295,000 until her appointment, at which time it was increased to \$450,000, commensurate with her new position.

The lower comparative realized compensation in 2018 and 2016 is mainly due to (i) the lower price of our common stock at the time of the vesting of stock awards during 2018 and 2016 and (ii) there being no performance awards vesting in 2018 and 2016, whereas there were share-settled performance awards vesting in 2017.

The grant-date fair values presented in the following table were computed in accordance with FASB ASC Topic 718 as described in Note 8 to our audited consolidated financial statements in our 2018 Annual Report, and not the Grant Value.

- (1) The restricted stock's grant-date fair value was computed in accordance with FASB ASC Topic 718 and was determined based on the closing price of our common stock on the NYSE on February 16, 2018, which was \$8.36 per share. These shares vest 33%, 33% and 34% on a time basis per year beginning on the first anniversary date of the grant.
- (2) The one-time restricted stock awards were granted to recognize the successful sale of LMS' 49% interest in Medallion Gathering & Processing, LLC ("Medallion") reflecting the investment made previously in building and operating the Medallion system and an approximate return of three times our invested capital for the project. Named executive officer awards were paid in restricted stock with a one-year cliff vest instead of cash to further align management pay with our shareholders. The restricted stock's grant-date fair value was computed in accordance with FASB ASC Topic 718 and was determined based on the closing price of our common stock on the NYSE on February 16, 2018, which was \$8.36 per share.
- (3) The \$9.22 per unit grant-date fair value was computed in accordance with FASB ASC Topic 718 and consists of a (i) \$10.08 per unit grant-date fair value, determined utilizing a Monte Carlo simulation, for the combined (.25) RTSR Factor and (.25) ATSR Factor and (ii) \$8.36 per unit grant-date fair value for the (.50) ROACE Factor determined based on the closing price of our common stock on the NYSE on February 16, 2018. These share-settled performance units are payable in stock upon a three-year cliff vest for achievement of a "Threshold," "Target" or "Maximum" level of performance, and interpolated between levels, for each the RTSR performance, ASTR appreciation and ROACE percentage for the performance period of January 1, 2018 to December 31, 2020.
- (4) In order to determine the "Threshold" number of units, an achievement over a three-year period of (.25) RTSR performance equaling the 30th percentile (12.5% of total performance units payable in stock) and (.25) ASTR performance equaling 10% (6.25% of total performance units payable in stock) were utilized. The (.50) ROACE portion of the award does not have an explicit "Threshold" level of performance. An ROACE % less than 10% receives an ROACE Factor of 0%. An ROACE % greater than 10% up to but not equal to 20% receives an ROACE Factor directly interpolated between 0% and 100%. An ROACE % of 20% up to 30% receives an ROACE Factor directly interpolated between 100% and 200%. In order to determine the "Threshold" number of units for the ROACE portion, performance equaling 20% is utilized (50% of total performance units payable in stock). All intervening percentages are directly interpolated.
- (5) In order to determine the "Target" number of units, an achievement over a three-year period of (.25) RTSR performance equaling the 60th percentile (25% of total performance units payable in stock), (.25) ASTR performance equaling 35% (25% of total performance units payable in stock) and (.50) ROACE performance equaling 20% (50% of total performance units payable in stock) were utilized. All intervening percentages are directly interpolated.

Edgar Filing: Laredo Petroleum, Inc. - Form DEF 14A

In order to determine the "Maximum" number of units, an achievement over a three-year period of (.25) RTSR performance equaling or exceeding the 90th percentile (50% of total performance units payable in stock), (.25) ASTR performance equaling or exceeding 60% (50% of total performance units payable in stock) and (.50) ROACE performance equaling or exceeding 30% (100% of total performance units payable in stock) were utilized. All intervening percentages are directly interpolated.

Dr. Chandler joined the Company in 2012 and has served as Vice President - Operations since 2016. Laredo Petroleum, Inc. Omnibus Equity Incentive Plan

Under the Equity Incentive Plan, awards of stock options, including both incentive stock options and non-statutory stock options, stock appreciation rights, restricted stock and restricted stock units, stock bonus awards, performance unit awards and performance compensation awards (payable in cash or otherwise) may be granted. Subject to adjustment for certain corporate events, 24,350,000 shares is

Table of Contents

currently the maximum number of shares of our common stock authorized and reserved for issuance under the Equity Incentive Plan. However, we are seeking stockholder approval to increase this amount to 29,850,000 shares. See "Item Two Approval of an Amendment to the Laredo Petroleum, Inc. Omnibus Equity Incentive Plan."

Eligibility. Our employees, consultants and directors and those of our affiliated companies, as well as those whom we reasonably expect to become our employees, consultants and directors or those of our affiliated companies are eligible for awards, provided that incentive stock options may be granted only to employees. A written agreement between us and each participant will evidence the terms of each award granted under the Equity Incentive Plan.

Shares subject to the Equity Incentive Plan. The shares that may be issued pursuant to awards are our common stock, \$0.01 par value per share, and currently the maximum aggregate amount of common stock that may be issued upon exercise of all awards under the Equity Incentive Plan, including incentive stock options, may not exceed 24,350,000 shares, subject to adjustment to reflect certain corporate transactions or changes in our capital structure. In addition, currently (i) the maximum number of shares with respect to which stock options and/or stock appreciation rights may be granted to any participant in any one-year period is limited to 14,350,000 shares, (ii) the maximum number of shares with respect to which incentive stock options may be granted under the Equity Incentive Plan may not exceed 14,350,000 shares, (iii) no more than 14,350,000 shares may be earned in respect of performance unit awards denominated in shares granted to any single participant for a single calendar year during a performance period, or in the event that the performance unit is paid in cash, other securities, other awards or other property, no more than the fair market value of 14,350,000 shares of common stock on the last day of the performance period to which the award related, and (iv) the maximum amount that can be paid to any single participant in one calendar year pursuant to a cash bonus award is \$5 million and awards in respect of no more than 1,435,000 shares may be granted to any non-employee director in a single calendar year, in each case, subject to adjustment for certain corporate events.

If any award under the Equity Incentive Plan expires or otherwise terminates, in whole or in part, without having been exercised in full, the common stock withheld from issuance under that award will become available for future issuance under the Equity Incentive Plan. If shares issued under the Equity Incentive Plan are reacquired by us pursuant to the terms of any forfeiture provision, those shares will become available for future awards under the Equity Incentive Plan. Awards that can only be settled in cash will not be treated as shares of common stock granted for purposes of the Equity Incentive Plan.

Administration. Our Board of Directors, or a committee of members of our board of directors appointed by our board of directors, may administer the Equity Incentive Plan, and that administrator is referred to in this summary as the "administrator." Currently, the Compensation Committee serves as the administrator. Among other responsibilities, the administrator selects participants from among the eligible individuals, determines the number of shares of common stock that will be subject to each award and determines the terms and conditions of each award, including exercise price, methods of payment and vesting schedules. Our Board of Directors may amend or terminate the Equity Incentive Plan at any time. Amendments will not be effective without stockholder approval if stockholder approval is required by applicable law or stock exchange requirements.

Adjustments in capitalization. Subject to the terms of an award agreement, if there is a specified type of change in our common stock, such as extraordinary cash dividends, stock splits, reverse stock splits, recapitalizations, reorganizations, mergers, consolidations, combinations, exchanges or other relevant changes in capitalization, appropriate equitable adjustments or substitutions will be made to the various limits under, and the share terms of, the Equity Incentive Plan and the awards granted thereunder, including the maximum number of shares reserved under the Equity Incentive Plan, the maximum number of shares with respect to which any participant may be granted awards and the

Table of Contents

number, price or kind of shares of common stock or other consideration subject to awards to the extent necessary to preserve the economic intent of the award. In addition, subject to the terms of an award agreement, in the event of certain mergers, the sale of all or substantially all of our assets, our reorganization or liquidation, or our agreement to enter into any such transaction, the administrator may cancel outstanding awards and cause participants to receive, in cash, stock or a combination thereof, the value of the awards.

Change in control. In the event of a change in control, all options and stock appreciation rights subject to an award will become fully vested and immediately exercisable and any restricted period imposed upon restricted awards will expire immediately (including a waiver of applicable performance goals). Accelerated exercisability and lapse of restricted periods will, to the extent practicable, occur at a time that allows participants to participate in the change in control. In the event of a change of control, all incomplete performance periods will end, the administrator will determine the extent to which performance goals have been met, and such awards will be paid based upon the degree to which performance goals were achieved.

Clawback policy. Awards granted under the Equity Incentive Plan are subject to any clawback policy adopted by the Company and to the provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act, as amended, and the rules, regulations and binding, published guidance thereunder, which legislation provides for the clawback and recovery of incentive compensation in the event of certain financial statement restatements.

Nontransferability. In general, each award granted under the Equity Incentive Plan may be exercisable only by a participant during the participant's lifetime or, if permissible under applicable law, by the participant's legal guardian or representative. Except in very limited circumstances, no award may be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a participant other than by will or by the laws of descent and distribution, and any such purported assignment, alienation, pledge, attachment, sale, transfer or encumbrance will be void and unenforceable against us. However, the designation of a beneficiary will not constitute an assignment, alienation, pledge, attachment, sale, transfer or encumbrance.

Section 409A. The provisions of the Equity Incentive Plan and the awards granted under the Equity Incentive Plan are intended to comply with or be exempt from the provisions of Section 409A of the Code and the regulations thereunder so as to avoid the imposition on any participant of an additional tax under Section 409A of the Code.

Registration Rights

We are a party to a registration rights agreement pursuant to which we have granted certain registration rights to entities affiliated with Warburg Pincus that received shares of our common stock in the corporate reorganization consummated prior to our IPO.

Pension Benefits

We maintain a 401(k) Plan for our employees, including our named executive officers, but at this time we do not sponsor or maintain a pension plan for any of our employees.

Nonqualified Deferred Compensation

We do not provide a deferred compensation plan for our employees at this time.

Potential Payments upon Termination or Change in Control

Severance

As described above, we do not maintain individual employment agreements. The Company has adopted the Change in Control Executive Severance Plan, which provides severance payments and

Table of Contents

benefits to our named executive officers and eligible persons with the title of vice president and above, as determined by our Compensation Committee. The policy provides an eligible participant with a lump sum cash severance payment and continued health benefits in the event that the participant experiences a qualifying termination within the 18-month period following the occurrence of a qualifying change in control event. In the event that an eligible executive's employment is terminated without cause by the employer or for good reason by the executive within the 18-month period following the occurrence of a change in control, the executive would become entitled to receive 100% (in the case of our Chief Executive Officer, 300%, and in the case of our other named executive officers, 200%) of the executive's salary rate and 200% (in the case of our Chief Executive Officer, 300%) of the executive's target STIP cash bonus and prorated amount of such target STIP cash bonus for the fiscal year in which the change of control payment is triggered. In addition, the executive would receive company paid COBRA continuation coverage for up to 18 months following the date of termination. The policy contains a modified cutback provision whereby payments payable to an executive may be reduced if doing so would put the executive in a more advantageous after-tax provision than if payments were not reduced and the executive became subject to excise taxes. In order to be eligible for severance benefits under the policy, our named executive officers have executed a confidentiality, non-disparagement and non-solicitation agreement.

Restricted Stock

The restricted stock may be affected by a named executive officer's termination of employment or the occurrence of certain corporate events. In the event of the termination of a named executive officer's employment by the Company, with or without cause, or the named executive officer's resignation for any reason, the named executive officer will generally forfeit all restricted stock to us.

If the named executive officer's employment with the Company is terminated upon the death of the named executive officer or because the named executive officer is determined to be disabled by the board of directors, then all of his or her restricted stock will automatically vest. A named executive officer will be considered to have incurred a "disability" in the event of the officer's inability to perform, even with reasonable accommodation, on a full-time basis the employment duties and responsibilities due to accident, physical or mental illness, or other circumstance; provided, however, that such inability continues for a period exceeding 180 days during any 12-month period.

In the event of a change of control, all restricted stock awards will become fully vested as of the date of the change of control, provided that the named executive officer remains employed by the Company through the date of such change of control. For purposes of these restricted stock awards, a "change of control" generally means: (i) any person acquires beneficial ownership of our securities representing 40% or more of the combined voting power of our outstanding securities (provided, however, that if the surviving entity becomes a subsidiary of another entity, then the outstanding securities shall be deemed to refer to the outstanding securities of the parent entity), (ii) a majority of the members of the Board of Directors who were directors as of the date of the corporate reorganization no longer serve as directors; or (iii) the consummation of a merger or consolidation of our company with any other entity, other than a merger or consolidation which would result in our voting securities outstanding immediately prior thereto continuing to represent more than 40% of the combined voting power of our voting securities outstanding immediately after such merger or consolidation.

Stock Options

Stock option awards may be affected by a named executive officer's termination of employment or the occurrence of certain corporate events. The unvested portion of a stock option award shall expire upon termination of employment, and the vested portion of a stock option award shall remain exercisable for (i) one year following termination of employment by reason of the holder's death or

Table of Contents

disability, but not later than the expiration of the option period, or (ii) 90 days following termination of employment for any reason other than the holder's death or disability, and other than the holder's termination of employment for cause. Both the unvested and the vested but unexercised portion of a stock option award shall expire upon the termination of the option holder's employment or service by the Company for cause.

In the event of a change of control (which for these purposes is the same as described for restricted stock above), provided that the named executive officer remains employed by the Company through the date of such change of control, all stock option awards will become fully vested and exercisable with respect to all shares of common stock covered thereby as of the date of the change of control.

Performance Unit Awards

Performance unit awards may be affected by a named executive officer's termination of employment or the occurrence of certain corporate events. If the executive's employment with the Company is terminated by the Company for any reason, with or without cause, or the executive resigns (in either case, other than by reason of death or disability) prior to the maturity date of the performance unit award, then no amount shall generally be issued in respect of the award. If, prior to the maturity date, the executive's employment with the Company terminates either by reason of death or because the executive is determined by the Board of Directors or the Compensation Committee to be subject to a disability, then the executive shall be eligible to receive a pro-rated performance unit award, taking into account the time that the executive was employed during the performance period prior to the date of such termination. The performance units granted to each recipient in 2017 and 2018 are payable in common stock of the Company, and the performance units granted to each recipient in 2019 are payable in cash, common stock or a combination of cash and common stock. The market criteria for the performance units awarded to each recipient in 2016 were not satisfied, and the awarded units lapsed and were not converted into common stock during the first quarter of 2019.

In the event of a change of control (which for these purposes is the same as described for restricted stock above), provided that the named executive officer remains employed by the Company through the date of such change of control, the "performance periods" in effect on the date the change of control occurs shall end on such date, and either the Board of Directors or the Compensation Committee shall determine the extent to which the performance goals with respect to each such performance period have been met, based upon such audited or unaudited financial information or other information then available as it deems relevant. The Board of Directors or Compensation Committee shall then cause each holder of performance unit awards to receive partial or full issuance of such awards for each performance period (including a potential range from 0% to 200%), based on the Board of Directors' or Compensation Committee's determination of the degree of attainment of the performance goals or that the applicable "target" levels of performance have been attained or on such other basis determined by the board of directors or Compensation Committee.

Potential Payments upon Termination or Change in Control Table for Fiscal Year 2018

The information set forth in the table below is based on the assumption that the applicable triggering event under the Change in Control Executive Severance Plan or the applicable restricted stock award, stock option award or performance unit award agreement to which each named officer was a party occurred on December 31, 2018, the last business day of fiscal year 2018. Accordingly, the information reported in the table indicates the amount of cash severance and benefits that would be payable, and the value of restricted stock awards, stock option awards and performance unit awards that would vest or become exercisable, by reason of a termination under the circumstances described above, or upon a change in control, and is our best estimation of our obligations to each named

Our Change in Control Executive Severance Plan, which was applicable to each of the named executive officers at December 31, 2018, provides that in the event that during the 18-month period following a change in control the employment of a named executive officer is terminated by the employer without cause or by the named executive officer for good reason, then the named executive officer is entitled to 200% (300% in the case of Mr. Foutch) of such named executive officer's salary rate and 200% (300% in the case of Mr. Foutch) of such named executive officer's STIP target cash bonus, plus a prorated STIP cash bonus in the year of termination, plus company paid COBRA continuation coverage for up to 18 months. In addition, the Equity Incentive Plan provides that in the event of a change in control, (i) with respect to restricted stock awards, the restricted period shall expire and restrictions applicable to outstanding restricted stock awards shall lapse and such awards shall become fully vested; (ii) with respect to stock option awards, all options will become fully vested and exercisable with respect to all shares of common stock covered thereby as of the date of the change of control; and (iii) with respect to performance units, the "performance periods" in effect on the date the change of control occurs shall end on such date, and either the board of directors or the Compensation Committee shall determine the extent to which the performance goals with respect to each such performance period have been met and shall then

Table of Contents

cause each holder of performance unit awards to receive partial, full issuance of such awards for each performance period. The STIP cash bonus amounts for each named executive officer do not include STIP cash bonus earned and paid in 2018. For purposes of determining the value of the restricted stock awards, the fair market value per share of our common stock was \$3.62 on December 31, 2018. For purposes of determining the value of the stock options, we utilized the Black-Scholes option pricing model at grant date.

- (2) At December 31, 2018, the only forms of equity awards held by the named executive officers consisted of restricted stock awards, stock option awards and performance unit awards. Each such award may be impacted by the termination of the holder's employment by the Company, depending on the reason for such termination, as follows: (i) the named executive officers' restricted stock awards provide that if the named executive officer's employment is terminated for any reason other than death or a determination of disability, but not later than the expiration of the option period, then the named executive officer forfeits his or her unvested shares. In the event of termination by death or disability, all unvested shares automatically vest; (ii) the stock option awards provide that the unvested portion of a stock option award shall expire upon termination of employment, and the vested portion of a stock option award shall remain exercisable for (a) one year following termination of employment by reason of the holder's death or disability, but not later than the expiration of the option period, or (b) 90 days following termination of employment for any reason other than the holder's death or disability, and other than the holder's termination of employment for cause; provided both the unvested and the vested but unexercised portion of a stock option award shall expire upon the termination of the option holder's employment or service by the Company for cause; and (iii) the performance unit awards provide that if the executive's employment with the Company is terminated by the Company for any reason, with or without cause, or the executive resigns (in either case, other than by reason of death or disability) prior to the maturity date of the performance unit award, then no amount shall be paid in respect of the award. If, prior to the maturity date the executive's employment with the Company either by reason of death or because the executive is determined by the Board of Directors or the Compensation Committee to be subject to a disability, then the executive shall be eligible to receive a pro-rated performance unit award, taking into account the time that the executive was employed during the performance period prior to the date of such termination.
- (3) For the purposes of this table, the performance period was assumed to have ended on December 31, 2018 for the February 16, 2018 and February 17, 2017 share-settled performance unit awards, and actually did end on December 31, 2018 for the May 25, 2016 share-settled performance unit awards. At December 31, 2018 (without consideration of any potential impact such change of control event may have), (i) the February 16, 2018 share-settled performance unit awards' RTSR Factor, ATSR Factor and ROACE Factor were all 0.00%, resulting in a Performance Multiple of 0.00% and (ii) the February 17, 2017 and May 25, 2016 share-settled performance unit awards' relative rankings of total shareholder return both resulted in TSR Modifiers of 0.00%. See pages 41-42 for further discussion of these performance unit awards.
- (4) Effective October 17, 2018, our Board of Directors appointed Dr. Chandler as Senior Vice President and Chief Operating Officer, a newly created position. Dr. Chandler joined the Company in 2012 and has served as Vice President Operations since 2016. Dr. Chandler's 2018 rate was \$295,000 until her appointment, at which time it was increased to \$450,000, commensurate with her new position.

CEO Pay Ratio

Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 requires most companies with publicly traded stock in the United States to identify the median total compensation of their worldwide employee population (other than the chief executive officer) and to compare that amount with the total compensation of their chief executive officer. Total compensation amounts are required to be calculated using the SEC's compensation disclosure rules applicable to reporting compensation in the summary compensation table of the proxy statement. Median employee compensation used to calculate the pay ratio is required to be the total compensation paid to an actual employee of the company. We identified our median employee using our total employee population, excluding our Chief Executive Officer, (339 people) as of December 31, 2018 by applying a consistently applied compensation measure across our employee population (all of whom are located in the United States), using the following factors:

Salary rate and wages paid during 2018;

Overtime paid during 2018;

STIP paid for 2018 performance; and

Grant-date fair value of all restricted stock awards and share-settled performance unit awards made during 2018.

We believe our consistently applied compensation measure represents the primary compensation components paid to all of our employees and therefore provides an accurate depiction of total earnings

Table of Contents

for the purpose of identifying our median employee. We then calculated the median employee's total annual compensation in accordance with the requirements of the summary compensation table. We did not use any material estimates, assumptions, adjustments or statistical sampling to determine the median employee.

Based on the criteria used to calculate our Summary Compensation Table, our median employee's 2018 compensation was \$158,562. Our Chief Executive Officer's total 2018 compensation was \$8,840,734 as reported in the summary compensation table on page 52. Accordingly, our 2018 CEO to median employee pay ratio was 56:1.

Please keep in mind that under the SEC's rules and guidance, there are numerous ways to determine the compensation of a company's median employee, including the employee population sampled, the elements of pay and benefits used, any assumptions made and the use of statistical sampling. In addition, no two companies have identical employee populations or compensation programs, and pay, benefits and retirement plans differ by country even within the same company. As such, our pay ratio may not be comparable to the pay ratio reported by other companies.

Compensation of Directors

Based on a competitive review by FW Cook of outside director compensation paid by our peers, which also included consideration of the significant time commitment our board of directors provides to the Company, in 2018 the non-employee members of our Board of Directors were paid based on the compensation arrangements described below.

Retainer \$90,000/year paid in stock awards or cash based on the election of the director; this award is payable ratably following each quarterly meeting of the board of directors.

Committee Chairman Fees

Chairman of Audit Committee: \$20,000/year paid in stock awards or cash based on the election of the director; this fee is payable ratably following each quarterly meeting of the board of directors.

Chairman of Compensation Committee: \$20,000/year paid in stock awards or cash based on the election of the director; this fee is payable ratably following each quarterly meeting of the board of directors.

Chairman of Other Committees: \$15,000/year paid in stock awards or cash based on the election of the director; this fee is payable ratably following each quarterly meeting of the board of directors.

Director Fees \$160,000/year paid in stock awards or in cash based on the election of the director; this fee is payable annually following the board meeting that accompanies our annual meeting of stockholders for all periods prior to May 17, 2018 and pro rata on a quarterly basis for all periods thereafter.

Lead Independent Director Fee \$30,000/year paid in stock awards or cash based on the election of the director; this fee is payable ratably following each quarterly meeting of the board of directors.

Entitled to receive up to 50% of their annual compensation in the form of cash (in part to provide the cash needed to pay taxes on stock awards that vest), assuming their individual stock ownership guidelines had been satisfied at the time of such election; this allows directors to potentially take a portion of their Director Fees in the form of cash.

A limitation on the number of shares of common stock that may be issued in respect of awards granted in a single calendar year of 1,435,000 shares.

- (3) The amounts shown represent either the value of fractional shares paid in cash to those directors electing to take stock awards in lieu of cash, or in the case of Mr. Segner, his elections to receive the following applicable cash payments with respect to each quarterly meeting: (i) Retainer, (ii) Chairman of Audit Committee Fee and (iii) Lead Independent Director Fee.

Table of Contents***Securities Authorized for Issuance under the Equity Incentive Plan***

At December 31, 2018, a total of 24,350,000 shares of common stock were authorized for issuance under the Equity Incentive Plan. In the table below, we describe certain information about these shares and the Equity Incentive Plan that provides for their authorization and issuance. You can find a description of the Equity Incentive Plan under " Laredo Petroleum, Inc. Omnibus Equity Incentive Plan." However, we are seeking stockholder approval to increase the amount of common stock authorized for issuance under the Equity Incentive Plan to 29,850,000 shares. See "Item Two Approval of an Amendment to the Laredo Petroleum, Inc. Omnibus Equity Incentive Plan."

Equity compensation plan approved by security holders(1)	2,533,492	\$ 12.69	9,114,237
Equity compensation plan not approved by security holders			
Total	2,533,492		9,114,237

(1) See " Laredo Petroleum, Inc. Omnibus Equity Incentive Plan" for more information.

(2) The share-settled performance unit awards granted on May 25, 2016 had a performance period of January 1, 2016 to December 31, 2018 and, as their market criteria were not satisfied, resulted in a TSR modifier of 0% based on the Company finishing in the ninth percentile of its peer group for relative TSR. As such, the granted units lapsed and were not converted into the Company's common stock during the first quarter of 2019. The formula for calculating the number of securities remaining available for future issuance excludes these May 25, 2016 share-settled performance unit awards and also assumes the February 17, 2017 and February 16, 2018 share-settled performance unit awards outstanding result in a maximum performance period level (200%) even though the actual performance period through December 31, 2019 for the February 17, 2017 share-settled performance unit awards, and through December 31, 2020 for the February 16, 2018 share-settled performance unit awards, are not complete. If the February 17, 2017 and February 16, 2018 share-settled performance unit awards were included at a TSR Modifier of 100% and at a Performance Multiple of 100%, respectively, the number of securities remaining available for issuance under the Equity Incentive Plan (excluding outstanding options), as of December 31, 2018 would be 11,047,283. See pages 41-42 for discussion of the May 25, 2016 and February 17, 2017 share-settled performance unit awards' TSR Modifier and the February 16, 2018 share-settled performance unit awards' Performance Multiple.

AUDIT COMMITTEE REPORT

The Company has determined that: (i) Messrs. Segner, Parker and Wolf, Dr. Scoggins and Ms. Powell Hawes and Ms. Pierce are independent, as defined in Section 10A of the Exchange Act and under the standards set forth by the NYSE; and (ii) all current Audit Committee members are financially literate. In addition, Messrs. Segner and Wolf, Dr. Scoggins and Ms. Pierce qualify as an audit committee financial expert under the applicable rules promulgated pursuant to the Exchange Act.

During the last fiscal year, and earlier this year in preparation for the filing with the SEC of the Company's Annual Report on Form 10-K for the year ended December 31, 2018, the Audit Committee:

reviewed and discussed the Company's audited consolidated financial statements as of and for the year ended December 31, 2018 with management and with the independent registered public accountants;

considered the adequacy of the Company's internal controls and the quality of its financial reporting, and discussed these matters with management and with the independent registered public accountants;

reviewed and discussed with the independent registered public accountants (i) their judgments as to the quality of the Company's accounting policies, (ii) the written disclosures and letter from the independent registered public accountants required by Public Company Accounting Oversight Board Independence Rules, and the independent registered public accountants' independence, and (iii) the matters required to be discussed by the Public Company Accounting Oversight Board's Auditing Standard No. 1301, Communications with Audit Committees;

evaluated the process by which the Company's Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer make the certifications required by the SEC in connection with the filing with the SEC of the Company's periodic reports, including reports on Forms 10-K and 10-Q;

pre-approved all auditing services and non-audit services to be performed for the Company by the independent registered public accountants as required by the applicable rules promulgated pursuant to the Exchange Act, considered whether the rendering of non-audit services was compatible with maintaining Grant Thornton LLP's independence, and concluded that Grant Thornton LLP's independence was not compromised by the provision of such services (details regarding the fees paid to Grant Thornton LLP in fiscal year 2018 for audit services, tax services and all other services, are set forth in "Audit and Other Fees" below); and

based on the reviews and discussions referred to above, recommended to the Board of Directors that the audited consolidated financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2018.

As recommended by the NYSE's corporate governance rules, the Audit Committee also considered whether, to assure continuing auditor independence, it would be advisable to regularly rotate the audit firm itself. The Audit Committee has concluded that the current benefits to the Company from continued retention of Grant Thornton LLP warrant retaining the firm at this time. The Audit Committee will, however, continue to review this issue on an annual basis.

Notwithstanding the foregoing actions and the responsibilities set forth in the Audit Committee Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's consolidated financial statements are complete and accurate and in accordance with generally accepted accounting principles. Management is responsible for the Company's financial reporting process, including its system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The independent registered public accountants are responsible for expressing an opinion on those

financial statements. Audit Committee members are not employees of the Company or accountants or auditors by profession. Therefore, the Audit Committee has relied, without independent verification, on management's representation that the consolidated financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States and on the representations of the independent registered public accountants included in their report on the Company's consolidated financial statements.

The Audit Committee meets regularly with management and the independent auditors, including private discussions with the independent registered public accountants, and receives the communications described above. The Audit Committee has also established procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and (ii) the confidential, anonymous submission by the Company's employees of concerns regarding questionable accounting or auditing matters. However, this oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent registered public accountants do not assure that the Company's consolidated financial statements are presented in accordance with generally accepted accounting principles or that the audit of the Company's consolidated financial statements has been carried out in accordance with generally accepted auditing standards.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

The Board of Directors believes that its fundamental responsibility is to promote the best interests of the Company and its stockholders by overseeing the management of the Company's business and affairs. Directors must exercise their business judgment and act in what they reasonably believe to be the best interests of the Company and its stockholders. The Board of Directors is elected by the stockholders to oversee management and to ensure that the long-term interests of the stockholders are being served. Directors must fulfill their responsibilities consistent with their fiduciary duties to the stockholders and in compliance with applicable laws and regulations.

The Board of Directors believes that sound governance practices and policies provide an important framework to assist it in fulfilling its duty to the Company's stockholders. The Company's Corporate Governance Guidelines cover the following principal subjects:

Board of Directors Composition and Selection; Director Qualifications

Board of Directors size

Selection of members of the Board of Directors

Determination of independence of directors

Selection of the Chairman and Chief Executive Officer

Term limits

Retirement

Other directorships

Change in status of directors

In recent years, the subjects of board composition and selection criteria have been given greater scrutiny by investors in general. We believe that in attempting to fill any available board position the guiding principle must be to find a fully qualified candidate that will act as a positive influence in overseeing the interests of the Company and its stockholders. The concept of "fully qualified" must also consider a complete array of criteria, including, but not limited to, diversity. Diversity itself can

Table of Contents

take many forms, including in the form of gender, race, age, ethnicity, geographic exposure and otherwise. Our Board is committed to the belief that a diverse board will help ensure that its decision-making capabilities as an entirety will lead to more thoughtful processing. Our current independent board members range in age from 43 to 75, with two female members. Our Board also provides relative broad geographic diversity, with members residing in New York, Denver and Houston and points in between. Our current Board lacks diversity in terms of race and ethnicity, but has made improvements regarding gender diversity with the addition of our second female director in December 2018.

Our Board recognizes these current traits, as well as the age of certain directors. As the opportunity arises, our Nominating and Corporate Governance Committee will be tasked with seeking new board members, and is committed to search for those fully qualified individuals who may also bring with them additional elements of diversity to strengthen the overall acumen and decision-making capabilities of the Board as a whole.

The "Corporate Governance Guidelines" are posted on our website at www.laredopetro.com. The Corporate Governance Guidelines are being reviewed annually by the Nominating and Corporate Governance Committee, and any proposed additions to or amendments of the Corporate Governance Guidelines will be presented to the board of directors for its approval.

The NYSE has adopted rules that require listed companies to adopt governance guidelines covering certain matters. The Company believes that the Corporate Governance Guidelines comply with the NYSE rules.

Code of Conduct and Business Ethics

The Board of Directors has adopted a Code of Conduct and Business Ethics applicable to our employees, directors and officers and a Code of Ethics for Senior Financial Officers, in accordance with applicable U.S. federal securities laws and the corporate governance rules of the NYSE. Any waiver of these codes may be made only by our Board of Directors and will be promptly disclosed as required by applicable U.S. federal securities laws and the corporate governance rules of the NYSE. A copy of the Code of Conduct and Business Ethics and Code of Ethics for Senior Financial Officers is available on our website at www.laredopetro.com.

Board of Directors Leadership

Mr. Foutch is Laredo's founder and has served as Laredo's Chairman and Chief Executive Officer since its inception. He also served as Laredo's President from October 2006 to July 2008.

The board of directors believes the combined role of Chairman and Chief Executive Officer promotes unified leadership and direction for the Company, which allows for a single, clear focus for management to execute the Company's strategy and business plans. As Chief Executive Officer, the Chairman is best suited to ensure that critical business issues are brought before the Board of Directors, which enhances the Board of Director's ability to develop and implement business strategies.

To ensure a strong and independent Board of Directors, as discussed herein, the board of directors has affirmatively determined that all directors of the Company, other than Mr. Foutch, are independent within the meaning of the NYSE listing standards currently in effect. Our Corporate Governance Guidelines provide that non-management directors shall meet in regular executive session without management present, and that the Chairman of the Audit Committee, Mr. Segner who serves as our lead independent director, shall act as the Chairman of such meetings. Additionally, Mr. Segner actively participates in establishing and setting board meeting agendas.

Communications with the Board of Directors

Stockholders or other interested parties can contact any director, any committee of the Board of Directors, or the Company's non-management directors as a group, by writing to them at Laredo Petroleum, Inc., c/o Corporate Secretary, 15 W. Sixth Street, Suite 900, Tulsa, Oklahoma 74119. Comments or complaints relating to the Company's accounting, internal accounting controls or auditing matters will also be referred to members of the Audit Committee. All such communications will be forwarded to the appropriate member(s) of the Board of Directors.

Director Independence

The Board of Directors annually reviews and determines the independence of each director. In making its determination, the Board of Directors carefully considers all facts and circumstances it deems relevant to the determination. Members of the board of directors have an affirmative obligation to promptly inform the Company's General Counsel of changes in their circumstances or any transactions or relationships that may impact their designation by the Board of Directors as "independent."

The Board of Directors has assessed the independence of each non-employee director under the Company's guidelines and the independence standards of the NYSE. The board of directors affirmatively determined that all of the non-employee directors serving in 2018 (Messrs. Kagan, Levy, Parker, Segner and Wolf, Dr. Scoggins and Ms. Powell Hawes and Ms. Pierce) are independent under the Company's guidelines and independence standards of the NYSE. This determination included specifically consideration of Warburg Pincus' stock ownership in the Company and Messrs. Kagan's and Levy's relationship with Warburg Pincus. Under the standards of the NYSE, the concern is "independence from management" and, therefore, the ownership of even a significant amount of stock is not, by itself, a bar to an independence finding.

In connection with its assessment of the independence of each non-employee director, the Board of Directors also determined that for 2018 Messrs. Segner, Parker and Wolf, Dr. Scoggins, Ms. Powell Hawes and Ms. Pierce, and for 2019, Mr. Segner, Dr. Scoggins, Ms. Powell Hawes and Ms. Pierce meet the additional independence standards of the NYSE and SEC applicable to members of the Audit Committee. Those standards require that the director not be an affiliate of the Company and that the director not receive from the Company, directly or indirectly, any consulting, advisory or other compensatory fees except for fees for services as a director.

Executive Sessions of the Board of Directors

Our independent directors meet regularly in executive session without management to review the performance of management and our Company and any related matters. The Chairman of our Audit Committee, Mr. Segner, serves as the Chair and lead independent director of such meetings. Generally, executive sessions are held in conjunction with regularly scheduled meetings of our Board of Directors. We expect our Board of Directors to have at least four executive sessions each year.

Financial Literacy of Audit Committee and Designation of Financial Experts

As a part of its annual self-assessment process, the board of directors evaluated each of the members of the Audit Committee for financial literacy and the attributes of a financial expert in March 2019. The Board of Directors determined that each of the Audit Committee members is financially literate and each of Messrs. Segner and Wolf, Dr. Scoggins and Ms. Pierce qualifies as a financial expert as defined by the SEC.

Oversight of Risk Management

The Board of Directors oversees an enterprise-wide approach to risk management, designed to support the achievement of the Company's objectives and to maintain stockholder value. The Audit Committee is primarily responsible for overseeing the Company's exposure to financial risk and reviewing the steps the Company's management has taken to monitor and control such exposure. The Audit Committee meets at least four times per year, in addition to periodic meetings with management and internal and independent auditors to accomplish its purpose. Additionally, each of the committees of the Board of Directors considers the risks within its area of responsibilities. We believe that the leadership structure of our Board of Directors supports its effective oversight of the Company's risk management.

Attendance at Annual Meetings

The Board of Directors encourages all directors to attend the annual meetings of stockholders, if practicable. All of our incumbent directors attended our last annual meeting. We anticipate that all of our directors will attend the Annual Meeting.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The executive officers and directors of the Company and persons who own more than 10% of the Company's common stock are required to file reports with the SEC, disclosing the amount and nature of their beneficial ownership in common stock, as well as changes in that ownership. Based solely on our review of reports and written representations that the Company has received, the Company believes that all required reports were timely filed during 2018.

TRANSACTIONS WITH RELATED PERSONS

Procedures for Review, Approval and Ratification of Related-Person Transactions

A "Related-Party Transaction" is a transaction, arrangement or relationship in which the Company or any of its subsidiaries was, is or will be a participant, the amount of which involved exceeds \$120,000, and in which any related person had, has or will have a direct or indirect material interest. A "Related Person" means:

any person who is, or at any time during the applicable period was, one of the Company's executive officers or one of its directors;

any person who is known by the Company to be the beneficial owner of more than 5.0% of the Company's common stock;

any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of a director, executive officer or a beneficial owner of more than 5.0% of the Company's common stock; and

any entity in which any of the foregoing persons (i) has direct or indirect control, (ii) is a partner or principal or in a similar position, (iii) has a 10.0% or greater beneficial ownership interest or (iv) is employed if (a) the person is directly involved in the negotiation of the Related-Party Transaction or will share or have primary responsibility for such transaction or (b) the person's compensation from the entity is directly tied to such transaction.

The Board of Directors has determined that the Audit Committee is best suited to review and approve Related-Party Transactions, although the Board of Directors may instead determine that a particular Related-Party Transaction should be reviewed and approved by a majority of disinterested directors. No member of the Audit Committee shall participate in the review or approval of any Related-Party Transaction with respect to which such member is a Related Person. In reviewing and approving any Related-Party Transaction, the Audit Committee shall:

Satisfy itself that it has been fully informed as to the material facts of the Related Person's relationship and interest and as to the material facts of the proposed Related-Party Transaction;

Take into account the extent of the Related Person's interest in the Related-Party Transaction; and

Determine that the Related-Party Transaction is fair to the Company and that the Related-Party Transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances.

At each Audit Committee meeting, management shall recommend any Related-Party Transactions, if applicable, to be entered into by the Company. After review, the Audit Committee shall approve or disapprove such transactions and at each subsequently scheduled meeting, management shall update the Audit Committee as to any material change to those proposed transactions. The Audit Committee shall establish such guidelines as it determines are necessary or appropriate for management to follow in its dealings with Related Persons in Related-Party

Transactions.

Table of Contents

Each director is required to affirmatively disclose any changes in his or her related party status in accordance with a standing agenda item at each committee meeting and each meeting of the Board of Directors. If management becomes aware of a proposed Related-Party Transaction or an existing Related-Party Transaction that has not been pre-approved by the Audit Committee, management shall promptly notify the Chairman of the Audit Committee and such transactions shall be submitted to the Audit Committee for their review, consideration and determination of whether to approve or ratify, as applicable, such transaction if the Audit Committee determines it is fair to the Company. If management, in consultation with the Company's Chief Executive Officer or Chief Financial Officer, determines that it is not practicable to wait until the next Audit Committee meeting, the Chairman of the Audit Committee has the delegated authority during the period between Audit Committee meetings, to review, consider and determine whether any such transaction is fair to the Company and whether the transaction should be approved, or ratified, as the case may be. The Chairman of the Audit Committee shall report to the Audit Committee any transactions reviewed by him pursuant to this delegated authority at the next Audit Committee meeting.

Additional information relating to the Company's policies regarding Related-Party Transactions is set forth in the "Policy Statement Regarding Related-Party Transactions" that is posted on the Company's website at www.laredopetro.com.

Registration Rights

On December 20, 2011, in connection with the closing of its initial public offering, the Company entered into a registration rights agreement (the "Registration Rights Agreement") with affiliates of Warburg Pincus and the other former unitholders of Laredo LLC. Under the terms of the Registration Rights Agreement, Warburg Pincus is the only remaining holder of registration rights under the Registration Rights Agreement. The Registration Rights Agreement requires the Company to file, within 30 days of receipt of a demand notice issued by Warburg Pincus, a registration statement with the SEC permitting the public offering of registrable securities. In addition, the Registration Rights Agreement grants Warburg Pincus the right to join the Company, or "piggyback", in certain circumstances, if the Company is selling its common stock in an offering at any time after its initial public offering. The Registration Rights Agreement also includes customary provisions dealing with indemnification, contribution and allocation of expenses.

Other Related-Party Transactions

On January 1, 2013, pursuant to a revised aircraft use policy adopted by our board of directors, we entered into a Non-Exclusive Aircraft Lease Agreement (as amended, the "Aircraft Lease") with Lariat Ranch, the aircraft owner and an entity controlled by Mr. Foutch, for a term of one year, automatically renewable for subsequent one-year terms subject to the parties' termination rights. The Aircraft Lease was amended effective January 1, 2014, effective January 1, 2015 and again effective July 1, 2018. Pursuant to the Aircraft Lease, we lease an airplane owned by Lariat Ranch at a rate of \$3,361.02 per flight hour, subject to quarterly redetermination by the parties, and are also responsible for all operating costs associated with our use of the aircraft, including flight crew costs and airport charges. The amendment to the Aircraft Lease in 2018 increased the hourly rate to properly capture fuel surcharges. Laredo incurred approximately \$1,383,482 in expenses for the year ended December 31, 2018 for business trips pursuant to this policy. The 2018 expense includes a one-time payment of \$901,673, for underpayment of fuel surcharges going back to the inception of the Aircraft Lease, as approved by the Audit Committee following consultation with outside independent experts in the field. In connection with the Aircraft Lease, our board of directors adopted a revised aircraft use policy, which also covers our reimbursement of expenses related to flight training and certification of Mr. Foutch and other related expenses, that would otherwise have been paid by Lariat Ranch for use of Lariat Ranch's aircraft not directly related to Laredo's business, which are included under "All other

compensation," in our "Summary compensation table" in the " Summary Compensation" section above.

Mr. Foutch and Company employees travel extensively for Company business, often on short notice and to areas that have limited access to direct commercial flights. Therefore, our Board of Directors has determined that the ability to have access when necessary to Lariat's dedicated aircraft is an efficient, safer and cost-effective option that is beneficial to us. Although Mr. Foutch is a fully qualified pilot with a single-pilot rating and has flown his aircraft solo for business while working for other companies in the past, we believe it is in our best interest to require the presence of a fully-licensed and qualified co-pilot with him, or two pilots, and certain specified safety and mechanical inspections to assure the airworthiness of the aircraft.

ITEM TWO

**APPROVAL OF AN AMENDMENT TO THE LAREDO PETROLEUM, INC.
OMNIBUS EQUITY INCENTIVE PLAN**

We adopted the Laredo Petroleum, Inc. Omnibus Equity Incentive Plan in connection with our initial public offering in 2011. Our Board of Directors, Compensation Committee and management all believe that the effective use of share-based long-term incentive compensation is vital to our continued ability to recruit, hire and retain the individuals required to successfully execute our business plans by providing a direct link between compensation and long-term stockholder value creation. Since our initial public offering in 2011, we amended and restated the plan in 2016 to increase the maximum number of shares of our common stock issuable under the plan from 10,000,000 shares to 24,350,000 shares, and to approve the performance-based compensation terms thereunder for purposes of complying with Section 162(m) of the Code, as amended (collectively "Equity Incentive Plan").

On March 20, 2019, our Compensation Committee recommended, and our Board of Directors adopted, an amendment (the "Second Amendment") to the Equity Incentive Plan, subject to approval of our stockholders. Pursuant to the Second Amendment, we are asking for approval to increase the number of shares of common stock authorized for issuance under the Equity Incentive Plan by 5,500,000 and extending the term of the Equity Incentive Plan until 2029 enabling the continued use of the Equity Incentive Plan for share-based awards.

By increasing the number of shares of common stock authorized for issuance under the Equity Incentive Plan and extending its term, we believe we will have the flexibility to continue to provide equity incentives in amounts determined to be appropriate by our Compensation Committee. Historically we have made grants under the Equity Incentive Plan to all of our employees, generally initially upon hire and then annually based on performance during the prior year. Beginning in 2015, we modified this policy so that grants are not made to all new employees upon their hire. Instead, grants awarded initially upon hire are made only to new employees specifically approved by the Chairman and Chief Executive Officer. Lack of available shares under the Equity Incentive Plan will severely limit our ability to attract, retain and motivate individuals integral to achieving our business objectives. Further, the current term of the Equity Incentive Plan expires in 2021. To continue to use the Equity Incentive Plan without interruption, we propose to extend the term of the Equity Incentive Plan until the tenth anniversary of the date it is approved by our stockholders.

In addition to the increase in the number of shares of common stock that may be issued under the Equity Incentive Plan and extending the term of the Equity Incentive Plan, we are proposing to make certain administrative changes to the Equity Incentive Plan.

Highlights of the Proposed Amendment

The Equity Incentive Plan authorizes the Board of Directors or the Compensation Committee to award stock options, stock appreciation rights, restricted stock, restricted stock units, stock bonus awards, performance compensation awards (which may include performance units, performance based shares and other equity and non-equity performance based awards) and other incentives payable in cash or in shares of our common stock for the purpose of attracting, retaining and motivating the caliber of employees and directors essential for achievement of our success.

We propose to increase the maximum aggregate number of shares of our common stock authorized for issuance under the Equity Incentive Plan by an additional 5,500,000 shares, increasing the maximum number of shares of our common stock issuable under the Equity Incentive plan from 24,350,000 shares to 29,850,000 shares, subject to stockholder approval of the proposed Second Amendment to the Equity Incentive Plan.

Table of Contents

As of March 20, 2019, approximately 678,800 shares of common stock remained available for future grants excluding the requested share increase, calculated as follows:

Shares currently authorized for issuance under the Equity Incentive Plan, minus	24,350,000
Shares subject to restricted stock awards granted, net of forfeitures, under the Equity Incentive Plan between inception and March 20, 2019, minus	(16,879,032)
Shares subject to stock option awards granted, net of forfeitures, cancellations and exercises, under the Equity Incentive Plan between inception and March 20, 2019, minus	(2,466,022)
Shares subject to February 17, 2017 and February 16, 2018 share-settled performance unit awards granted, net of forfeitures, under the Equity Incentive Plan, minus(1)	(3,866,092)
Shares issued from stock option exercises under the Equity Incentive Plan between inception and March 20, 2019, minus	(309,666)
Shares issued from share-settled performance unit awards as the market and vesting criteria were satisfied under the Equity Incentive Plan between inception and March 20, 2019	(150,388)
Shares remaining available for future grants under the Equity Incentive Plan, as of March 20, 2019	678,800

(1)

The February 17, 2017 and February 16, 2018 share-settled performance unit awards granted, net of forfeitures, are included at 200%. If these share-settled performance unit awards, net of forfeitures, were included at 100%, the shares remaining available for future grants under the Equity Incentive Plan, as of March 20, 2019 would be 2,611,846.

As of March 20, 2019, approximately 239,204,959 shares of our common stock were outstanding. If stockholders approve the proposed Second Amendment to our Equity Incentive Plan, as of March 20, 2019, approximately 8,111,846 shares of common stock would be available for future grants under the Equity Incentive Plan assuming all outstanding options will be exercised and assuming the share-settled performance unit awards granted are at 100%. Utilizing the previous statement scenario except assuming the share-settled performance unit awards granted are at 200%, as of March 20, 2019, the total number of shares of common stock available for future grants under the Equity Incentive Plan would be approximately 6,178,800 shares of common stock.

In recommending approval of the Second Amendment in order to increase the share reserve under the Equity Incentive Plan to 29,850,000 shares, the Compensation Committee considered the potential dilutive impact on our stockholders using the metrics of average burn rate (i.e., total shares used for equity awards in a year divided by the weighted-average outstanding shares for such year) and equity overhang (i.e., shares subject to outstanding awards or available for use in future awards, divided by fully diluted shares outstanding).

The principal features of the Equity Incentive Plan as it exists today and as it is proposed to be amended, subject to stockholder approval, are summarized below. This summary does not contain all information about the Equity Incentive Plan. A copy of the complete text of the Equity Incentive Plan, as amended to reflect the Second Amendment, is included in Appendix A to this Proxy Statement. The following description is qualified in its entirety by reference to the full text of the Equity Incentive Plan, as amended to reflect the Second Amendment, which is incorporated herein by reference.

Rationale for the Amendment and Why Our Board Recommends that You Vote for Its Approval

Equity Incentive Awards Are Critical to Long-Term Stockholder Value Creation. As discussed in the "Compensation Discussion & Analysis" section of this Proxy Statement, long-term equity-based incentive awards are central to our compensation program and constitute a significant portion of our

Table of Contents

named executive officers' total compensation. Our Board of Directors and our Compensation Committee believe that our ability to grant equity incentive awards to new and existing executive officers, directors, employees and eligible consultants who provide services to us has helped us to attract, retain and motivate professionals with superior ability, experience and leadership capability. Historically, we have issued equity incentive awards to these persons under the Equity Incentive Plan as our Board of Directors and Compensation Committee believe it aligns their interests with that of our stockholders, encourages retention and promotes actions that result in long-term stockholder value creation. We believe we must continue to offer a competitive equity compensation plan in order to attract, retain and motivate the industry-leading talent imperative to our continued growth and success.

Equity Incentive Awards Help Us Maintain Maximum Financial Flexibility. Our Board of Directors and Compensation Committee believe that compensation in the form of equity incentive awards under the Equity Incentive Plan in lieu of cash awards allows the Company to preserve cash and maintain financial flexibility, which is particularly important in the current low commodity price environment, while still allowing us to provide a competitive compensation package.

Director Compensation. Because our Board of Directors has the authority to set compensation for its own members, we believe including a specific annual limit on the number of shares of common stock that may be awarded to any non-employee director under the Equity Incentive Plan is in the best interests of both our Board of Directors and our stockholders.

Summary of the Equity Incentive Plan as Proposed to Be Amended

The following is a brief summary of the Equity Incentive Plan.

Purpose. The purpose of the Equity Incentive Plan is to provide a means for us to attract and retain key personnel and for our directors, officers, employees, consultants and advisors to acquire and maintain an equity interest in Laredo, thereby strengthening their commitment to the welfare of the Company and aligning their interests with those of our stockholders. Under the Equity Incentive Plan, awards of stock options, including both incentive stock options and nonstatutory stock options, stock appreciation rights, restricted stock and restricted stock units, stock bonus awards and performance compensation awards may be granted. Subject to adjustment for certain corporate events and assuming the proposed Second Amendment to the Equity Incentive Plan is approved by stockholders, 29,850,000 shares is the maximum number of shares of our common stock authorized and reserved for issuance under the Equity Incentive Plan.

Duration. The expiration date of the Equity Incentive Plan shall be the tenth anniversary of the date the Second Amendment is approved by the Company's stockholders unless sooner terminated by the Board.

Eligibility. Our employees, consultants and directors and those of our affiliated companies, as well as those whom we reasonably expect to become our employees, consultants and directors or those of our affiliated companies are eligible for awards, provided that incentive stock options may be granted only to employees. A written agreement between us and each participant will evidence the terms of each award granted under the Equity Incentive Plan. As of December 31, 2018, we had 340 full-time employees.

Shares subject to the Equity Incentive Plan. The shares that may be issued pursuant to awards will be our common stock, \$0.01 par value per share, and assuming the amendment to the Equity Incentive Plan proposed by this Item Two is approved by stockholders, the maximum aggregate amount of common stock which may be issued upon exercise of all awards under the Equity Incentive Plan, including incentive stock options, may not exceed 29,850,000 shares, subject to adjustment to reflect certain corporate transactions or changes in our capital structure. In addition, the maximum number of

shares with respect to which options and/or stock appreciation rights may be granted to any participant in any one year period is limited to 14,350,000 shares, the maximum number of shares with respect to which incentive stock options may be granted under the Equity Incentive Plan may not exceed 14,350,000 shares, no more than 14,350,000 shares may be earned in respect of performance compensation awards denominated in shares granted to any single participant for a single calendar year during a performance period, or in the event that the performance compensation award is paid in cash, other securities, other awards or other property, no more than the fair market value of 14,350,000 shares of common stock on the last day of the performance period to which the award related, and the maximum amount that can be paid to any single participant in one calendar year pursuant to a cash bonus award is \$5 million, in each case, subject to adjustment for certain corporate events. In addition, no more than 1,435,000 shares of common stock may be issued in respect of awards granted to any single participant who is a non-employee director for a single calendar year.

If any award under the Equity Incentive Plan expires or otherwise terminates, in whole or in part, without having been exercised in full, the common stock withheld from issuance under that award will become available for future issuance under the Equity Incentive Plan. If shares issued under the Equity Incentive Plan are reacquired by us pursuant to the terms of any forfeiture provision, those shares will become available for future awards under the Equity Incentive Plan. Awards that can only be settled in cash will not be treated as shares of common stock granted for purposes of the Equity Incentive Plan.

Administration. Our Board of Directors, or a committee of members of our Board of Directors appointed by our Board of Directors, may administer the Equity Incentive Plan, and that administrator is referred to in this summary as the "administrator." Among other responsibilities, the administrator selects participants from among the eligible individuals, determines the number of shares of common stock that will be subject to each award and determines the terms and conditions of each award, including exercise price, methods of payment and vesting schedules. Our Board of Directors may amend or terminate the Equity Incentive Plan at any time. Amendments will not be effective without stockholder approval if stockholder approval is required by applicable law or stock exchange requirements.

Stock options. Incentive and nonstatutory stock options may be granted under the Equity Incentive Plan pursuant to incentive and nonstatutory stock option agreements. Employees, directors, consultants and those whom the administrator reasonably expects to become employees, directors and consultants may be granted nonstatutory stock options, but only employees may be granted incentive stock options. The administrator determines the exercise price of stock options granted under the Equity Incentive Plan. The exercise price of an incentive or nonstatutory stock option shall be at least 100% (and in the case of an incentive stock option granted to a more than 10% stockholder, 110%) of the fair market value of the common stock subject to that option on the date that option is granted. The administrator determines the rate at which options vest and any other conditions with respect to exercise of the option. Options may not be exercisable for more than ten years from the date they are granted (five years in the case of an incentive stock option granted to a more than 10% stockholder).

Acceptable consideration for the purchase of our common stock issued upon the exercise of a stock option includes cash or certified or bank check and, as determined by the administrator, may include a broker-assisted cashless exercise, reduction of the number of shares deliverable upon exercise, and other legal consideration approved by the administrator.

Stock appreciation rights. The administrator may, in its discretion, grant stock appreciation rights to participants. Generally, stock appreciation rights permit a participant to exercise the right and receive a payment equal to the value of our common stock's appreciation over a span of time in excess of the fair market value of a share of common stock on the date of grant of the stock appreciation right. Stock appreciation rights may be settled in stock, cash or a combination thereof. The strike price per share of common stock for each stock appreciation right will not be less than 100% of the fair

Table of Contents

market value per share as of the date of grant. The administrator determines the rate at which stock appreciation rights vest and any other conditions with respect to exercise of stock appreciation rights granted under the Equity Incentive Plan.

Restricted awards. The administrator may grant restricted awards, including both restricted stock and restricted stock units (a hypothetical account that is paid in the form of shares of common stock or cash). The administrator will determine, in its sole discretion, the terms of each award. Shares of common stock acquired under a restricted award may be subject to forfeiture. Subject to the terms of the award, the participant generally shall have the rights and privileges of a stockholder with respect to the restricted stock, including the right to vote the stock and the right to receive dividends. A restricted award may, but need not, provide that the restricted award may not be sold, assigned, pledged or transferred during the restricted period. The administrator may also require recipients of restricted stock to execute escrow agreements whereby the company would hold the restricted stock pending the release of any applicable restrictions.

Stock bonus awards. The administrator may issue unrestricted shares of common stock, or other awards denominated in shares of common stock, under the Equity Incentive Plan to eligible persons, either alone or in tandem with other awards, in such amounts as the administrator shall from time to time in its sole discretion determine. Each stock bonus award granted under the Equity Incentive Plan will be subject to such conditions not inconsistent with the Equity Incentive Plan as may be reflected in the applicable award agreement.

Performance compensation awards. The administrator has the authority, at the time of grant of any restricted award or stock bonus award, to designate such award as a performance compensation award. The administrator also has the authority to make an award of a cash bonus to any participant and designate the award as a performance compensation award.

With regard to a particular performance period, the administrator has sole discretion to select the length of the performance period, the type(s) of performance compensation awards to be issued, the performance criteria that will be used to establish the performance goal(s), and the kind(s) and/or level(s) of the performance goal(s) to apply and the performance formula. Certain performance compensation awards that were previously granted were structured to comply with the exception under Section 162(m) with respect to qualified performance-based compensation. That exception was eliminated pursuant to the Tax Act and thus only applies to certain grandfathered awards meeting certain criteria.

Unless otherwise provided in the applicable award agreement, a participant must be employed on the date of payment with respect to a performance period to be eligible to receive payment in respect of a performance compensation award for the applicable performance period. The participant will be eligible to receive payment in respect of a performance compensation award only to the extent that: (A) the performance goals for the period are achieved; and (B) all or some of the portion of the participant's performance compensation award has been earned for the performance period based on the application of the performance formula to the performance goals.

Adjustments in capitalization. Subject to the terms of an award agreement, if there is a specified type of change in our common stock, such as dividends, stock splits, reverse stock splits, recapitalizations, reorganizations, mergers, consolidations, combinations, exchanges or other relevant changes in capitalization, appropriate equitable adjustments will be made to the various limits under, and the share terms of, the Equity Incentive Plan and the awards granted thereunder, including the maximum number of shares reserved under the Equity Incentive Plan, the maximum number of shares with respect to which any participant may be granted awards and the number, price or kind of shares of common stock or other consideration subject to awards to the extent necessary to preserve the economic intent of the award. In addition, subject to the terms of an award agreement, in the event of

Table of Contents

certain mergers, the sale of all or substantially all of our assets, our reorganization or liquidation, or our agreement to enter into any such transaction, the administrator may cancel outstanding awards and cause participants to receive, in cash, stock or a combination thereof, the value of the awards or provide for a substitution or assumption of awards, accelerating the exercisability of, lapse of restrictions on or termination of, awards, or providing for a period of time for exercise prior to the occurrence of such event.

Change in control. In general, in the event of a change in control, all options and stock appreciation rights subject to an award will become fully vested and immediately exercisable and any restricted period imposed upon restricted awards will expire immediately (including a waiver of applicable performance goals). Accelerated exercisability and lapse of restricted periods will, to the extent practicable, occur at a time which allows participants to participate in the change in control. In the event of a change of control, all incomplete performance periods will end, the administrator will determine the extent to which performance goals have been met, and such awards will be paid based upon the degree to which performance goals were achieved (or assuming that the applicable target levels of performance have been attained or on such other basis determined by the administrator, whichever is greater).

Nontransferability. In general, each award granted under the Equity Incentive Plan may be exercisable only by a participant during the participant's lifetime or, if permissible under applicable law, by the participant's legal guardian or representative. Except in very limited circumstances, no award may be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a participant other than by will or by the laws of descent and distribution, and any such purported assignment, alienation, pledge, attachment, sale, transfer or encumbrance will be void and unenforceable against us. However, the designation of a beneficiary will not constitute an assignment, alienation, pledge, attachment, sale, transfer or encumbrance.

Repricing. Without stockholder approval, the Equity Incentive Plan prohibits the committee from (a) making any amendment or modification that may reduce the exercise price of any option or the strike price of any stock appreciation right ("SAR"), (b) canceling any outstanding option or SAR and replacing it with a new option or SAR, another award or cash, and (c) taking any other action that is considered a "repricing" for purposes of the stockholder approval rules of the applicable securities exchange or inter-dealer quotation system on which our common stock is listed or quoted.

Section 409A. The provisions of the Equity Incentive Plan and the awards granted under the Equity Incentive Plan are intended to comply with or be exempt from the provisions of Section 409A of the Code and the regulations thereunder.

U.S. Federal Income Tax Consequences

The following is a general summary of the material U.S. federal income tax consequences to the Company and to recipients of certain awards under the Equity Incentive Plan. The summary is based on the Code and the U.S. Treasury regulations promulgated thereunder in effect as of the date of this Proxy Statement, all of which may change with retroactive effect. The summary is not intended to be a complete analysis or discussion of all potential tax consequences that may be important to recipients of awards under the Equity Incentive Plan, but is only a general summary of the material U.S. federal income tax consequences. This summary does not discuss state, local or non-U.S. tax consequences. This summary also does not discuss the effect of gift, estate or inheritance taxes. Moreover, this summary is not intended as tax advice. Recipients should consult with their personal tax advisors regarding individual circumstances and the tax consequences associated with receiving awards under the Equity Incentive Plan.

Incentive Stock Options. In general, a recipient should not have any income at the time an incentive stock option is granted. If shares of common stock are issued to a recipient pursuant to the exercise of an incentive stock option, then, generally (i) the recipient should not realize ordinary income with respect to the exercise of the option, (ii) upon sale of the underlying shares acquired upon the exercise of an incentive stock option, any amount realized in excess of the exercise price paid for the shares should be taxed to the recipient as long-term or short-term capital gain depending upon the length of time such shares were held by the recipient and (iii) the Company should not be entitled to a tax deduction. The amount by which the fair market value of the stock on the exercise date of an incentive stock option exceeds the exercise price generally should, however, constitute an item which increases the recipient's income for purposes of the alternative minimum tax. However, if the recipient disposes of the shares acquired on exercise (including using them in a subsequent stock option exercise) before the later of the second anniversary of the date of grant or one year after the receipt of the shares by the recipient (a "disqualifying disposition"), the recipient generally should include in ordinary income in the year of the disqualifying disposition an amount equal to the excess of the fair market value of the shares at the time of exercise (or, if less, the amount realized on the disposition of the shares), over the exercise price paid for the shares. If ordinary income is recognized due to a disqualifying disposition, the Company should generally be entitled to a tax deduction in the same amount. Subject to certain exceptions, an incentive stock option generally should not be treated as an incentive stock option if it is exercised more than three months following termination of employment. If an incentive stock option is exercised at a time when it no longer qualifies as an incentive stock option, it should be treated for tax purposes as a nonqualified stock option as discussed below.

Nonqualified Stock Options. In general, a recipient should not have any income at the time a nonqualified stock option is granted, nor should the Company be entitled to a tax deduction at that time. When a nonqualified stock option is exercised, the recipient generally should recognize ordinary income (whether the exercise price is paid in cash or by surrender of shares of common stock) in an amount equal to the excess of the fair market value of the shares to which the option exercise pertains over the exercise price of the option. The recipient's tax basis in any common shares received upon exercise of a nonqualified stock option should be the fair market value of the common shares on the date of exercise, and if the shares are later sold or exchanged, then the difference between the amount received upon such sale or exchange and the fair market value of such shares on the date of exercise should generally be taxable as long-term or short-term capital gain or loss (if the shares are a capital asset of the recipient) depending upon the length of time such shares were held by the recipient.

Stock Appreciation Rights. In general, a recipient should not have any income at the time a stock appreciation right is granted, nor should the Company be entitled to a tax deduction at that time. When a stock appreciation right is exercised, the recipient generally should recognize ordinary income in an amount equal to any cash and/or the fair market value of any shares of common stock received. The recipient's tax basis in any common shares received upon exercise of a stock appreciation right generally should be the fair market value of the common shares on the date of exercise, and if the shares are later sold or exchanged, then the difference between the amount received upon such sale or exchange and the fair market value of such shares on the date of exercise should generally be taxable as long-term or short-term capital gain or loss (if the shares are a capital asset of the recipient) depending upon the length of time such shares were held by the recipient.

Table of Contents

Restricted Stock. A recipient generally should not recognize any income at the time an award of restricted stock is granted. Instead, the recipient should recognize ordinary income at the time of vesting (i.e., when restricted stock becomes transferable or no longer subject to a substantial risk of forfeiture) or payout in an amount equal to the fair market value (on the vesting or payout date) of the shares or cash received minus any amount paid. A recipient's tax basis in the shares generally should equal their fair market value at the time the restrictions lapse, and the recipient's holding period for capital gains purposes should begin at that time. Any cash dividends paid on the restricted shares before the restrictions lapse generally should be taxable to the recipient as additional compensation (and not as dividend income).

Alternatively, pursuant to Section 83(b) of the Code, the recipient can file an election with the Internal Revenue Service to immediately recognize income upon the grant of the restricted stock award in an amount equal to the fair market value on the grant date minus any amount paid by the recipient to acquire the restricted stock. This election must be filed within the first 30 days after the restricted stock award's grant date. Any subsequent gain or loss recognized upon disposition of shares vested pursuant to a restricted stock award by a recipient who made an effective 83(b) election should be either long-term or short-term capital gain or loss depending on the length of time such shares were held by the recipient. If such an election is made, no additional taxable income should be recognized by such recipient at the time the restrictions lapse, the recipient should have a tax basis in the shares equal to their fair market value on the date of their award, and the recipient's holding period for capital gains purposes should begin at that time.

Restricted Stock Units. A recipient generally should not recognize any income at the time an award of restricted stock units is granted. Instead, the recipient should recognize ordinary income when cash is paid or common stock is transferred to the recipient following the vesting and settlement of the recipient's restricted stock units. In general, a recipient should be taxed at federal ordinary income tax rates on the aggregate fair market value of all cash paid and any shares of common stock transferred to the recipient upon such vesting and settlement. When a recipient sells shares of common stock that the recipient received on vesting and settlement of a restricted stock unit, the recipient generally should recognize a capital gain (or loss). Because the recipient likely would have recognized ordinary income when the shares were transferred to the recipient, the amount of this capital gain (or loss) generally is the difference between the price at which the recipient sells the shares and their fair market value on the date they were transferred to the recipient. The capital gain or loss is considered "long term" or "short term," depending on how long the recipient held the shares before the sale, and is taxed accordingly.

Stock Bonus Awards. Assuming the stock bonus award is unrestricted, the recipient generally should be taxed on the stock bonus award when the common stock subject to the award is transferred to the recipient. The recipient generally should be taxed on the aggregate fair market value of all shares of common stock transferred to the recipient.

Income Tax Consequences to the Company. The Company generally should be entitled to a federal income tax deduction in connection with certain performance compensation awards that were previously granted and that were structured to comply with the exception under Section 162(m) with respect to qualified performance-based compensation. That exception was eliminated pursuant to the Tax Act and thus only applies to certain grandfathered awards meeting certain criteria.

Table of Contents**ITEM THREE****RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANT**

The Audit Committee of the Board of Directors has selected Grant Thornton LLP as the independent registered public accounting firm of the Company for 2019. Grant Thornton LLP has audited Laredo's consolidated financial statements since its inception in 2007.

The Board of Directors is submitting the selection of Grant Thornton LLP for ratification at the Annual Meeting. The submission of this matter for approval by stockholders is not legally required, but the board of directors and the Audit Committee believe the submission provides an opportunity for stockholders through their vote to communicate with the Board of Directors and the Audit Committee about an important aspect of corporate governance. If the stockholders do not ratify the selection of Grant Thornton LLP, the Audit Committee will reconsider the selection of that firm as the Company's auditors.

The Audit Committee has the sole authority and responsibility to retain, evaluate and replace the Company's auditors. The stockholders' ratification of the appointment of Grant Thornton LLP does not limit the authority of the Audit Committee to change auditors at any time.

Audit and Other Fees

The table below sets forth the aggregate fees billed to Laredo by Grant Thornton LLP, the Company's independent registered public accounting firm, for the last two fiscal years:

	2018	2017
Audit fees(1)	\$ 585,000	\$ 565,000
Tax fees(2)	17,500	17,250
Total	\$ 602,500	\$ 582,250

(1) Audit fees represent fees for professional services provided in connection with: (a) the annual audit of Laredo's consolidated financial statements; (b) the review of Laredo's quarterly consolidated financial statements; and (c) the review of Laredo's other filings with the SEC, including review and preparation of registration statements, comfort letters, consents and research necessary to comply with generally accepted auditing standards for the years ended December 31, 2018 and 2017.

(2) Tax fees represent review of Laredo's tax return and consultation on tax matters for the years ended December 31, 2018 and 2017.

The Audit Committee Charter and its pre-approval policy require that the Audit Committee review and pre-approve the plan and scope of Grant Thornton LLP's audit and tax services. Laredo's Audit Committee pre-approved 100% of the services described above under the captions "Audit fees" and "Tax fees" for the years ended December 31, 2018 and 2017.

The Company expects that representatives of Grant Thornton LLP will be present at the Annual Meeting to respond to appropriate questions and to make a statement if they desire to do so.

ITEM FOUR

ADVISORY VOTE ON COMPENSATION OF NAMED EXECUTIVE OFFICERS

As required by Section 14A of the Exchange Act, which was added under the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are seeking stockholder approval on an advisory, non-binding basis of the compensation of our named executive officers as disclosed in the section of this Proxy Statement titled "Executive Compensation." In this proposal, stockholders are being asked to vote on the following advisory resolution:

"RESOLVED, that the stockholders approve, on an advisory basis, the compensation of our named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the compensation tables and the other narrative executive compensation disclosure in the Proxy Statement for our 2018 Annual Meeting of Stockholders."

Stockholders are urged to read the "Executive Compensation" section of this Proxy Statement, which discusses in detail how our compensation policies and procedures implement our compensation philosophy, and to refer to the related executive compensation tables. The compensation of our named executive officers is based on a philosophy that ties a substantial portion of an executive's compensation to our attainment of financial and other performance measures that, our Board of Directors believes, promote the creation of long-term stockholder value and position our company for long-term success. As described more fully in the "Compensation Discussion and Analysis," the mix of fixed- and performance-based compensation, as well as the terms of restricted stock awards, stock option awards and performance unit awards are designed to enable our Company to attract and retain top talent while, at the same time, creating a close relationship between our Company's performance and overall shareholder return and the named executive officers' compensation. Our Compensation Committee and Board of Directors believe that the philosophy of the program, and hence the compensation awarded to named executive officers under the current program, fulfills this objective.

Although the vote is advisory and non-binding, our board of directors and Compensation Committee value the opinions that our stockholders express in their votes and will consider the voting results in connection with their ongoing evaluation of our compensation program.

The affirmative "FOR" vote of a majority of the votes cast at the Annual Meeting is required to approve, on an advisory basis, the compensation of our named executive officers. Unless otherwise instructed on the proxy, properly executed proxies will be voted in favor of approving the advisory, non-binding basis of the compensation of our named executive officers.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE *FOR* THE ADVISORY RESOLUTION APPROVING THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

As the SEC rules make clear, simply submitting a proposal does not guarantee that it will be included in the Company's proxy materials.

In addition, stockholders who wish to introduce a proposal from the floor of the 2019 annual meeting of stockholders (outside the processes of Rule 14a-8), must submit that proposal in writing to the Company's Corporate Secretary at our principal executive offices no earlier than January 12, 2020 and no later than February 11, 2020, or, in the event the Company's 2020 annual meeting of stockholders is advanced or delayed more than 30 days from the date of the Annual Meeting, not later than the later of (i) the 90th day before the 2020 annual meeting or (ii) the 10th day following the day on which public announcement of the date of the annual meeting is first made by the Company.

To be in proper form, a stockholder's notice must include the information required by our bylaws with respect to each proposal submitted. The Company may refuse to consider any proposal that is not timely or otherwise does not meet the requirements of our bylaws or the SEC's rules with respect to the submission of proposals. You may obtain a copy of our bylaws by submitting a request to Laredo Petroleum, Inc., c/o Corporate Secretary, 15 W. Sixth Street, Suite 900, Tulsa, Oklahoma 74119.

Directors may be nominated by the board of directors or by stockholders in accordance with the bylaws of the Company. The Nominating and Corporate Governance Committee will review all nominees for the board of directors, including proposed nominees of stockholders, in accordance with its charter. In evaluating the suitability of candidates, the board of directors and the Nominating and Corporate Governance Committee take into account many factors, including the nominee's judgment, experience, independence, character, business acumen and such other factors as the Nominating and Corporate Governance Committee concludes are pertinent in light of the current needs of the Board of Directors. The Board of Directors believes that its membership should reflect a diversity of experience, gender, race, ethnicity and age. The Nominating and Corporate Governance Committee will select qualified nominees and review its recommendations with the Board of Directors, which will decide whether to invite the nominees to join the Board of Directors. When evaluating the suitability of an incumbent director for nomination or re-election, the Board of Directors and the Nominating and Corporate Governance Committee also consider the director's past performance, including attendance at meetings and participation in and contributions to the activities of the Board of Directors.

The Board of Directors and the Nominating and Corporate Governance Committee believe they have achieved the sought after balance described above through the representation on the Board of Directors of members having experience in the oil and gas industry, accounting and investment analysis, among other areas. The Board of Directors and the Nominating and Corporate Governance Committee do not discriminate based upon race, religion, sex, national origin, age, disability, citizenship or any other legally protected status.

In identifying potential director candidates, the Board of Directors and the Nominating and Corporate Governance Committee rely on any source available for the identification and recommendation of candidates, including current directors and officers. In addition, the Board of Directors and the Nominating and Corporate Governance Committee from time to time may engage a third-party search firm to identify or evaluate, or assist in identifying or evaluating potential candidates, for which the third party search firm will be paid a fee.

Table of Contents

The Board of Directors and Nominating and Corporate Governance Committee will also consider any nominee recommended by stockholders for election at the annual meeting of stockholders to be held in 2020 if that nomination is submitted in writing, between January 12, 2020 and February 11, 2020, or in the event the Company's 2020 annual meeting of stockholders is advanced or delayed more than 30 days from the date of the Annual Meeting, not later than the later of (i) the 90th day before the 2020 annual meeting or (ii) the 10th day following the day on which public announcement of the date of the annual meeting is first made by the Company. In the event that the number of directors to be elected to the board of directors is increased and there has been no public announcement naming all of the nominees for director or indicating the increase made by the Company at least 10 days before the last day a stockholder may deliver a notice of nomination in accordance with the preceding sentence, a stockholder's notice will be considered timely, but only with respect to nominees for any new positions created by such increase, if it is received by the Corporate Secretary at the principal executive offices of the Company not later than the close of business on the 10th day following the day on which such public announcement is first made by the Company.

As set forth in the Company's bylaws, with respect to each such nominee, the following information must be provided to the Company with the written nomination:

- a) the nominee's name, address and age;
- b) the nominee's written consent to serve as a director if elected;
- c) the name and address of the nominating stockholder;
- d) the number of shares of each class and series of stock of the Company held by the nominating stockholder; and
- e) all other information required to be disclosed pursuant to Regulation 14A of the Exchange Act.

Each submission must also include a statement of the qualifications of the nominee, a notarized consent signed by the nominee evidencing a willingness to serve as a director, if elected, and a written representation and agreement that such person (i) is not and will not become a party to any voting agreement or compensation agreement that has not been disclosed to the Company or that could limit or interfere with the nominee's ability to comply with their fiduciary duties under applicable law and (ii) will comply with all of the Company's applicable corporate governance, conflict of interest, confidentiality and stock ownership and trading policies and guidelines.

Written requests for inclusion of any stockholder proposal should be addressed to Laredo Petroleum, Inc., c/o Corporate Secretary, 15 W. Sixth Street, Suite 900, Tulsa, Oklahoma 74119. The Company suggests that any such proposal be sent by certified mail, return receipt requested.

(b) "*Award*" means, individually or collectively, any Incentive Stock Option, Nonqualified Stock Option, Stock Appreciation Right, Restricted Stock, Restricted Stock Unit, Stock Bonus Award, and Performance Compensation Award granted under the Plan.

(c) "*Board*" means the Board of Directors of the Company.

Any determination of whether Cause exists shall be made by the Committee in its sole discretion.

(b) Subject to the provisions of the Plan and applicable law, the Committee shall have the sole and plenary authority, in addition to other express powers and authorizations conferred on the Committee by the Plan, to: (i) designate Participants; (ii) determine the type or types of Awards to be granted to a Participant; (iii) determine the number of shares of Common Stock to be covered by, or with respect to which payments, rights, or other matters are to be calculated in connection with, Awards; (iv) determine the terms and conditions of any Award; (v) determine whether, to what extent, and under what circumstances Awards may be settled or exercised in cash, shares of Common Stock, other securities, other Awards or other property, or canceled, forfeited, or suspended and the method or methods by which Awards may be settled, exercised, canceled, forfeited, or suspended; (vi) determine whether, to what extent, and under what circumstances the delivery of cash, shares of Common Stock, other securities, other Awards or other property and other amounts payable with respect to an Award shall be deferred either automatically or at the election of the Participant or of the Committee; (vii) interpret, administer, reconcile any

(d) Unless otherwise expressly provided in the Plan, all designations, determinations, interpretations, and other decisions under or with respect to the Plan or any Award or any documents evidencing Awards granted pursuant to the Plan shall be within the sole discretion of the Committee, may be made at any time and shall be final, conclusive and binding upon all persons or entities, including, without limitation, the Company, any Affiliate, any Participant, any holder or beneficiary of any Award, and any shareholder of the Company.

The foregoing right of indemnification shall not be available to an Indemnifiable Person to the extent that a final judgment or other final adjudication (in either case not subject to further appeal) binding upon such Indemnifiable Person determines that the acts or omissions of such Indemnifiable Person giving rise to the indemnification claim resulted from such Indemnifiable Person's bad faith, fraud or willful criminal act or omission or that such right of indemnification is otherwise prohibited by law or by the Company's constituent documents. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such Indemnifiable Persons may be entitled under the Company's constituent documents, as a matter of law, or otherwise, or any other power that the Company may have to indemnify such Indemnifiable Persons or hold them harmless.

An Eligible Person may be granted more than one Award under the Plan, and Awards may be granted at any time or times during the term of the Plan. The grant of an Award to an Eligible Person shall not be deemed either to entitle that individual to, or to disqualify that individual from, participation in any other grant of Awards under the Plan.

(c) Use of shares of Common Stock to pay the required Exercise Price or tax obligations, or shares not issued in connection with settlement of an Option or SAR shall, notwithstanding anything herein to the contrary, not be available again for other Awards under the Plan. reflected in the applicable Award agreement. Incentive Stock Options shall be granted only to Eligible Persons who are employees of the Company and its Affiliates, and no Incentive Stock Option shall be granted to any Eligible Person who is ineligible to receive an Incentive Stock Option under the Code. No Option shall be treated as an Incentive Stock Option unless the Plan has been approved by the shareholders of the Company in a manner intended to comply with the stockholder approval requirements of Section 422(b)(1) of the Code, provided, that any Option intended to be an Incentive Stock Option shall not fail to be effective solely on account of a failure to obtain such approval, but rather such Option shall be treated as a Nonqualified Stock Option unless and until such approval is obtained. In the case of an Incentive Stock Option, the terms and conditions of such grant shall be subject to and comply with such rules as may be prescribed by Section 422 of the Code. If for any reason an Option intended to be an Incentive Stock Option (or any portion thereof) shall not qualify as an Incentive Stock Option, then, to the extent of such nonqualification, such Option or portion thereof shall be regarded as a Nonqualified Stock Option appropriately granted under the Plan.

(b) Exercise Price. The exercise price ("**Exercise Price**") per share of Common Stock for each Option shall not be less than 100% of the Fair Market Value of such share determined as of the Date of Grant; provided, however, that, in the case of an Incentive Stock Option granted to an employee who, at the time of the grant of such Option, owns shares representing more than 10% of the voting power of all classes of shares of the Company or any Affiliate, the Exercise Price per share shall not be less than 110% of the Fair Market Value per share on the Date of Grant.

(c) Vesting and Expiration. Subject to the last sentence of this Section 7(c), Options shall (i) vest and become exercisable in such manner and on such date or dates, and (ii) expire after such period, not to exceed ten years (the "**Option Period**"), in each case as may be determined by the Committee and as set forth in an Award agreement; provided, however, that the Option Period shall not exceed five years from the Date of Grant in the case of an Incentive Stock Option granted to a Participant who on the Date of Grant owns shares representing more than 10% of the voting power of all classes of shares of the Company or any Affiliate; provided, further, that notwithstanding any vesting dates set by the Committee in the Award agreement, the Committee may, in its sole discretion, accelerate the exercisability of any Option, which acceleration shall not affect the terms and conditions of such Option other than with respect to exercisability. Unless otherwise provided by the Committee in an Award agreement: (i) the unvested portion of an Option shall expire upon termination of employment or service of the Participant granted the Option, and the vested portion of such Option shall remain exercisable for (A) one year following termination of employment or service by reason of such Participant's death or Disability, but not later than the expiration of the Option Period or (B) ninety (90) days following termination of employment or service for any reason other than such Participant's death or Disability, and other than such Participant's termination of employment or service for Cause, but not later than the expiration of the Option Period and (ii) both the unvested and the vested portion of an Option shall expire upon the termination of the Participant's employment or service by the Company for Cause. Options that vest based on a Participant's continued service shall not become vested or exercisable prior to the first anniversary following the Date of Grant other than in connection with the Participant's death, Disability or pursuant to Section 12 of the Plan. Notwithstanding the foregoing, up to five percent (5%) of the available shares of Common Stock authorized for issuance pursuant to Section 5(a) of the Plan may be subject to Awards of Options and SARs that vest, partially or in full, prior to the first anniversary of the Date of Grant.

(d) Method of Exercise and Form of Payment. No shares of Common Stock shall be delivered pursuant to any exercise of an Option until payment in full of the Exercise Price therefor

is received by the Company and the Participant has paid to the Company an amount equal to any federal, state, local and non-U.S. income and employment taxes required to be withheld. Options that have become exercisable may be exercised by delivery of written notice of exercise or, if provided for, electronic notice of exercise, to the Company in accordance with the terms of the Option accompanied by payment of the Exercise Price. The Exercise Price shall be payable (i) in cash, check, cash equivalent and/or shares of Common Stock having a Fair Market Value on the date of exercise equal to the Exercise Price (including, pursuant to procedures approved by the Committee, by means of attestation of ownership of a sufficient number of shares of Common Stock in lieu of actual delivery of such shares to the Company), provided, that such shares of Common Stock are not subject to any pledge or other security interest and are held for the applicable period as determined by the Company's auditors to avoid adverse accounting charges, and (ii) by such other method as the Committee may permit in accordance with applicable law, in its sole discretion, including without limitation: (A) in other property having a fair market value on the date of exercise equal to the Exercise Price or (B) if there is a public market for the shares of Common Stock at such time, by means of a broker-assisted "cashless exercise" pursuant to which the Company is delivered a copy of irrevocable instructions to a stockbroker to sell the shares of Common Stock otherwise deliverable upon the exercise of the Option and to deliver promptly to the Company an amount equal to the Exercise Price or (C) by a "net exercise" method whereby the Company withholds from the delivery of the shares of Common Stock for which the Option was exercised that number of shares of Common Stock having a Fair Market Value equal to the aggregate Exercise Price for the shares of Common Stock for which the Option was exercised. Any fractional shares of Common Stock shall be settled in cash. The Committee may specify a reasonable minimum number of shares of Common Stock or a percentage of the shares subject to an Option that may be purchased on any exercise of an Option; provided, that such minimum number will not prevent Optionee from exercising the full number of shares of Common Stock as to which the Option is then exercisable.

(e) Notification upon Disqualifying Disposition of an Incentive Stock Option. Each Participant awarded an Incentive Stock Option under the Plan shall notify the Company in writing immediately after the date the Participant makes a disqualifying disposition of any shares of Common Stock acquired pursuant to the exercise of such Incentive Stock Option. A disqualifying disposition is any disposition (including, without limitation, any sale) of such shares of Common Stock before the later of (A) two years after the Date of Grant of the Incentive Stock Option or (B) one year after the date of exercise of the Incentive Stock Option. The Company may, if determined by the Committee and in accordance with procedures established by the Committee, retain possession of any shares of Common Stock acquired pursuant to the exercise of an Incentive Stock Option as agent for the applicable Participant until the end of the period described in the preceding sentence.

(f) Compliance With Laws, etc. Notwithstanding the foregoing, in no event shall a Participant be permitted to exercise an Option in a manner that the Committee determines would violate the Sarbanes-Oxley Act of 2002, if applicable, or any other applicable law or the applicable rules and regulations of the Securities and Exchange Commission or the applicable rules and regulations of any securities exchange or inter-dealer quotation system on which the securities of the Company are listed, traded or reported.

8. *Stock Appreciation Rights.*

(a) *Generally.* Each SAR granted under the Plan shall be subject to the conditions set forth in this Section 8, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award agreement. Any Option granted under the Plan may include tandem SARs. The Committee also may award SARs to Eligible Persons independent of any Option.

(b) *Strike Price.* The Strike Price per share of Common Stock for each SAR shall not be less than 100% of the Fair Market Value of such share determined as of the Date of Grant

(c) *Vesting and Expiration.* Subject to the last sentence of this Section 8(c), a SAR granted in connection with an Option shall become exercisable and shall expire according to the same vesting schedule and expiration provisions as the corresponding Option. A SAR shall (i) vest and become exercisable in such manner and on such date or dates, and (ii) expire after such period, not to exceed ten years (the "**SAR Period**"), in each case as may be determined by the Committee and as set forth in an Award agreement; provided, however, that notwithstanding any vesting dates set by the Committee in the Award agreement, the Committee may, in its sole discretion, accelerate the exercisability of any SAR, which acceleration shall not affect the terms and conditions of such SAR other than with respect to exercisability. Unless otherwise provided by the Committee in an Award agreement: (i) the unvested portion of a SAR shall expire upon termination of employment or service of the Participant granted the SAR, and the vested portion of such SAR shall remain exercisable for (A) one year following termination of employment or service by reason of such Participant's death or Disability, but not later than the expiration of the SAR Period or (B) ninety (90) days following termination of employment or service for any reason other than such Participant's death or Disability, and other than such Participant's termination of employment or service for Cause, but not later than the expiration of the SAR Period and (ii) both the unvested and the vested portion of a SAR shall expire upon the termination of the Participant's employment or service by the Company for Cause. SARs that vest based on a Participant's continued service shall not become vested or exercisable prior to the first anniversary following the Date of Grant other than in connection with the Participant's death, Disability or pursuant to Section 12 of the Plan. Notwithstanding the foregoing, up to five percent (5%) of the available shares of Common Stock authorized for issuance pursuant to Section 5(a) of the Plan may be subject to Awards of Options and SARs that vest, partially or in full, prior to the first anniversary of the Date of Grant.

(d) *Method of Exercise.* SARs that have become exercisable may be exercised by delivery of written or electronic notice of exercise to the Company in accordance with the terms of the Award, specifying the number of SARs to be exercised and the date on which such SARs were awarded. Notwithstanding the foregoing, if on the last day of the Option Period (or in the case of a SAR independent of an Option, the SAR Period), the Fair Market Value of a share of Common Stock exceeds the Strike Price, the Participant has not exercised the SAR or the corresponding Option (if applicable), and neither the SAR nor the corresponding Option (if applicable) has expired, such SAR shall be deemed to have been exercised by the Participant on such last day and the Company shall make the appropriate payment therefor.

(e) *Payment.* Upon the exercise of a SAR, the Company shall pay to the Participant an amount equal to the number of shares subject to the SAR that are being exercised multiplied by the excess, if any, of the Fair Market Value of a share of Common Stock on the exercise date over the Strike Price, less an amount equal to any federal, state, local and non-U.S. income and employment taxes required to be withheld. The Company shall pay such amount in cash, in shares of Common Stock with a Fair Market Value equal to such amount, or any combination thereof, as determined by the Committee in an Award agreement. Any fractional share of Common Stock shall be settled in cash.

9. *Restricted Stock and Restricted Stock Units.*

(a) Generally. Each such grant of Restricted Stock or Restricted Stock Units under the Plan shall be subject to the conditions set forth in this Section 9, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award agreement.

(b) Restricted Stock Accounts, Escrow or Similar Arrangement. Upon the grant of Restricted Stock, a book entry in a restricted account shall be established in the Participant's name at the Company's transfer agent and, if the Committee determines that the Restricted Stock shall be held by the Company or in escrow rather than held in such restricted account pending the release of the applicable restrictions, the Committee may require the Participant to additionally execute and deliver to the Company (i) an escrow agreement satisfactory to the Committee, if applicable, and (ii) the appropriate share power (endorsed in blank) with respect to the Restricted Stock covered by such agreement. If a Participant shall fail to execute an agreement evidencing an Award of Restricted Stock and, if applicable, an escrow agreement and blank share power within the amount of time specified by the Committee, the Award shall be null and void. Subject to the restrictions set forth in this Section 9 and unless otherwise set forth in an applicable Award agreement, the Participant generally shall have the rights and privileges of a shareholder as to such Restricted Stock, including without limitation the right to vote such Restricted Stock and the right to receive dividends, if applicable. To the extent shares of Restricted Stock are forfeited, any share certificates issued to the Participant evidencing such shares shall be returned to the Company, and all rights of the Participant to such shares and as a shareholder with respect thereto shall terminate without further obligation on the part of the Company.

(c) Vesting: Acceleration of Lapse of Restrictions. The Restricted Period shall lapse with respect to an Award of Restricted Stock or Restricted Stock Units at such times as provided by the Committee in an Award agreement, and the unvested portion of Restricted Stock and Restricted Stock Units shall terminate and be forfeited upon termination of employment or service of the Participant.

(d) Delivery of Restricted Stock and Settlement of Restricted Stock Units.

(i) Upon the expiration of the Restricted Period with respect to any shares of Restricted Stock, the restrictions set forth in the applicable Award agreement shall be of no further force or effect with respect to such shares, except as set forth in the applicable Award agreement. If an escrow arrangement is used, upon such expiration, the Company shall deliver to the Participant, or his beneficiary, without charge, the share certificate evidencing the shares of Restricted Stock that have not then been forfeited and with respect to which the Restricted Period has expired (rounded down to the nearest full share). Dividends, if any, that may have been withheld by the Committee and attributable to any particular share of Restricted Stock shall be distributed to the Participant in cash or, at the sole discretion of the Committee, in shares of Common Stock having a Fair Market Value equal to the amount of such dividends, upon the release of restrictions on such share and, if such share is forfeited, the Participant shall have no right to such dividends (except as otherwise set forth by the Committee in the applicable Award agreement).

(ii) Unless otherwise provided by the Committee in an Award agreement, upon the expiration of the Restricted Period with respect to any outstanding Restricted Stock Units, the Company shall deliver to the Participant, or his beneficiary, without charge, one share of Common Stock for each such outstanding Restricted Stock Unit; provided, however, that the Committee may, in its sole discretion, elect to (i) pay cash or part cash and part Common Stock in lieu of delivering only shares of Common Stock in respect of such Restricted Stock Units or (ii) defer the delivery of shares of Common Stock (or cash or part Common Stock and part cash, as the case may be) beyond the expiration of the Restricted Period if such

delivery would result in a violation of applicable law until such time as is no longer the case. If a cash payment is made in lieu of delivering shares of Common Stock, the amount of such payment shall be equal to the Fair Market Value of the shares of Common Stock as of the date on which the Restricted Period lapsed with respect to such Restricted Stock Units, less an amount equal to any federal, state, local and non-U.S. income and employment taxes required to be withheld.

10. *Stock Bonus Awards.* The Committee may issue unrestricted shares of Common Stock, or other Awards denominated in shares of Common Stock, under the Plan to Eligible Persons, either alone or in tandem with other awards, in such amounts as the Committee shall from time to time in its sole discretion determine. Each Stock Bonus Award granted under the Plan shall be subject to such conditions not inconsistent with the Plan as may be reflected in the applicable Award agreement.

11. *Performance Compensation Awards.*

(a) *Generally.* The Committee shall have the authority, at the time of grant of any Award described in Sections 9 or 10 of the Plan, to designate such Award as a Performance Compensation Award intended to qualify as "performance-based compensation" under Section 162(m) of the Code. The Committee shall also have the authority to make an award of a cash bonus to any Participant and designate such Award as a Performance Compensation Award intended to qualify as "performance-based compensation" under Section 162(m) of the Code. The Committee, in its sole discretion, shall determine the payment of any Performance Compensation Award, whether payable in cash, shares of Common Stock or a combination of cash and shares of Common Stock.

(b) *Discretion of Committee with Respect to Performance Compensation Awards.* With regard to a particular Performance Period, the Committee shall have sole discretion to select the length of such Performance Period, the type(s) of Performance Compensation Awards to be issued, the Performance Criteria that will be used to establish the Performance Goal(s), the kind(s) and/or level(s) of the Performance Goals(s) that is (are) to apply and the Performance Formula. Within the first 90 days of a Performance Period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code, if applicable), the Committee shall, with regard to the Performance Compensation Awards to be issued for such Performance Period, exercise its discretion with respect to each of the matters enumerated in the immediately preceding sentence and record the same in writing.

(c) *Performance Criteria.* The Performance Criteria that will be used to establish the Performance Goal(s) shall be based on the attainment of specific levels of performance of the Company (and/or one or more Affiliates, divisions, reportable segments or operational units, or any combination of the foregoing) and shall include one or more of the following: (i) net earnings or net income (before or after taxes); (ii) basic or diluted earnings per share (before or after taxes); (iii) net revenue or revenue growth; (iv) gross profit or gross profit growth; (v) operating income or profit (before or after taxes); (vi) return measures (including, but not limited to, return on assets, capital, invested capital, equity, or sales); (vii) cash flow (including, but not limited to, operating cash flow, free cash flow, and cash flow return on capital); (viii) earnings before or after taxes, interest, depreciation and/or amortization; (ix) gross or operating margins; (x) productivity ratios; (xi) share price (including, but not limited to, growth measures and total shareholder return (absolute or relative)); (xii) expense targets; (xiii) margins; (xiv) operating efficiency; (xv) working capital targets; (xvi) measures of economic value added; (xvii) enterprise value; (xviii) debt levels and net debt; (xix) combined ratio; (xx) timely launch of new facilities; (xxi) employee retention; (xxii) performance relative to budget; (xxiii) safety performance targets; (xxiv) objective measures of personal targets, goals or completion of projects; (xxv) drilling capital efficiency; (xxvi) drilling rate of return; (xxvii) production; (xxviii) new reserves; (xxix) direct lifting costs; and (xxx) SEC

finding costs. Any one or more of the Performance Criteria may be used on an absolute or relative basis to measure the performance of a Participant and the Company (and/or one or more Affiliates, divisions, reportable segments or operational units, or any combination of the foregoing), as the Committee may deem appropriate, or any of the above Performance Criteria may be compared to the performance of a selected group of comparison companies or a published or special index that the Committee, in its sole discretion, deems appropriate, or as compared to various stock market indices. The Committee also has the authority to provide for accelerated vesting of any Award based on the achievement of Performance Goals pursuant to the Performance Criteria specified in this paragraph. To the extent required under Section 162(m) of the Code, the Committee shall, within the first 90 days of a Performance Period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code), define in an objective fashion the manner of calculating the Performance Criteria it selects to use for such Performance Period and thereafter promptly communicate such Performance Criteria to the Participant.

(d) Modification of Performance Criteria/Goal(s). In the event that applicable tax and/or securities laws change to permit Committee discretion to alter the governing Performance Criteria without obtaining shareholder approval of such alterations, the Committee shall have sole discretion to make such alterations without obtaining shareholder approval. The Committee shall adjust or modify the calculation of a Performance Goal for a Performance Period, based on and in order to appropriately reflect the following events: (i) asset write-downs; (ii) litigation or claim judgments or settlements; (iii) the effect of changes in tax laws, accounting principles, or other laws or regulatory rules affecting reported results; (iv) any reorganization and restructuring programs; (v) extraordinary nonrecurring items as described in Accounting Principles Board Opinion No. 30 (or any successor pronouncement thereto) and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to shareholders for the applicable year; (vi) acquisitions or divestitures; (vii) any other specific unusual or nonrecurring events, or objectively determinable category thereof; (viii) foreign exchange gains and losses; and (ix) a change in the Company's fiscal year.

(e) Payment of Performance Compensation Awards.

(i) Condition to Receipt of Payment. Unless otherwise provided in the applicable Award agreement, a Participant must be employed by the Company or an Affiliate of the Company on the date of payment with respect to a Performance Period to be eligible to receive such payment in respect of a Performance Compensation Award for the preceding Performance Period.

(ii) Limitation. A Participant shall be eligible to receive payment in respect of a Performance Compensation Award only to the extent that: (A) the Performance Goals for such period are achieved; and (B) all or some of the portion of such Participant's Performance Compensation Award has been earned for the Performance Period based on the application of the Performance Formula to such achieved Performance Goals.

(iii) Certification. Following the completion of a Performance Period, the Committee shall review and certify in writing whether, and to what extent, the Performance Goals for the Performance Period have been achieved and, if so, calculate and certify in writing that amount of the Performance Compensation Awards earned for the period based upon the Performance Formula. The Committee shall then determine the amount of each Participant's Performance Compensation Award actually payable for the Performance Period and, in so doing, may apply Negative Discretion.

(iv) Use of Negative Discretion. In determining the actual amount of an individual Participant's Performance Compensation Award for a Performance Period, the Committee may reduce or eliminate the amount of the Performance Compensation Award earned under the Performance Formula in the Performance Period through the use of Negative Discretion if, in its

Table of Contents

sole judgment, such reduction or elimination is appropriate. The Committee shall not have the discretion, except as is otherwise provided in the Plan, to (A) grant or provide payment in respect of Performance Compensation Awards for a Performance Period if the Performance Goals for such Performance Period have not been attained; or (B) increase a Performance Compensation Award above the applicable limitations set forth in Section 5 of the Plan.

(f) Timing of Award Payments. Performance Compensation Awards granted for a Performance Period shall be paid to Participants as soon as administratively practicable following completion of the certifications required by this Section 11, but in no event later than two-and-one-half months following the end of the fiscal year during which the Performance Period is completed; provided, however, that such Performance Compensation Awards may be deferred and paid after such date so long deferrals are made in accordance with Section 409A of the Code and applicable guidance thereunder.

12. *Changes in Capital Structure and Similar Events.*

(a) Effect of Certain Events. In the event of (A) any dividend or other distribution (whether in the form of cash, shares of Common Stock, other securities or other property), recapitalization, stock split, reverse stock split, reorganization, merger, amalgamation, consolidation, split-up, split-off, combination, repurchase or exchange of shares of Common Stock or other securities of the Company, issuance of warrants or other rights to acquire shares of Common Stock or other securities of the Company, or other similar corporate transaction or event (including, without limitation, a Change in Control) that affects the shares of Common Stock, or (B) unusual or nonrecurring events (including, without limitation, a Change in Control) affecting the Company, any Affiliate, or the financial statements of the Company or any Affiliate, or changes in applicable rules, rulings, regulations or other requirements of any governmental body or securities exchange or inter-dealer quotation system, accounting principles or law, such that in either case an adjustment is determined by the Committee in its sole discretion to be necessary or appropriate, then the Committee shall make any such adjustments in such manner as it may deem equitable, including without limitation any or all of the following:

(i) adjusting any or all of (A) the number of shares of Common Stock or other securities of the Company (or number and kind of other securities or other property) that may be delivered in respect of Awards or with respect to which Awards may be granted under the Plan (including, without limitation, adjusting any or all of the limitations under Section 5 of the Plan) and (B) the terms of any outstanding Award, including, without limitation, (1) the number of shares of Common Stock or other securities of the Company (or number and kind of other securities or other property) subject to outstanding Awards or to which outstanding Awards relate, (2) the Exercise Price or Strike Price with respect to any Award or (3) any applicable performance measures (including, without limitation, Performance Criteria and Performance Goals);

(ii) providing for a substitution or assumption of Awards, accelerating the exercisability of, lapse of restrictions on, or termination of, Awards or providing for a period of time for exercise prior to the occurrence of such event; and

(iii) canceling any one or more outstanding Awards or portion thereof and causing to be paid to the holders thereof, in cash, shares of Common Stock, other securities or other property, or any combination thereof, the value of such Awards, if any, as determined by the Committee (which if applicable may be based upon the price per share of Common Stock received or to be received by other shareholders of the Company in such event), including without limitation, in the case of an outstanding Option or SAR, a cash payment in an amount equal to the excess, if any, of the Fair Market Value (as of a date specified by the Committee) of the shares of Common Stock subject to such Option or SAR over the aggregate Exercise Price or Strike Price of such Option or SAR, respectively (it being

Table of Contents

understood that, in such event, any Option or SAR having a per share Exercise Price or Strike Price equal to, or in excess of, the Fair Market Value of a share of Common Stock subject thereto may be canceled and terminated without any payment or consideration therefor);

provided, however, that in the case of any "equity restructuring" (within the meaning of the Financial Accounting Standards Board Statement of Financial Accounting Standards No. 123 (Revised 2004) and FASB Accounting Standards Codification Topic 718) or any successor rule, the Committee shall make an equitable or proportionate adjustment to outstanding Awards to reflect such equity restructuring. Any adjustment in Incentive Stock Options under this Section 12 (other than any cancellation of Incentive Stock Options) shall be made only to the extent not constituting a "modification" within the meaning of Section 424(h)(3) of the Code, and any adjustments under this Section 12 shall be made in a manner that does not adversely affect the exemption provided pursuant to Rule 16b-3 under the Exchange Act or the exemption under Section 409A, to the extent applicable. The Company shall give each Participant notice of an adjustment hereunder and, upon notice, such adjustment shall be conclusive and binding for all purposes.

(b) *Effect of Change in Control.* Unless specifically provided otherwise with respect to Change in Control events in an Award or in a then-effective written employment agreement between the Participant and the Company or an Affiliate, if, during the effectiveness of the Plan, a Change in Control occurs, (i) each Option and SAR which is at the time outstanding under the Plan shall automatically become fully vested and exercisable with respect to all shares of Common Stock covered thereby, (ii) the Restricted Period shall expire and restrictions applicable to all outstanding Restricted Stock Awards and Restricted Stock Units shall lapse and such Awards shall become fully vested and (iii) Performance Periods in effect on the date the Change in Control occurs shall end on such date and the Committee shall (A) determine the extent to which Performance Goals with respect to each such Performance Period have been met based upon such audited or unaudited financial information or other information then available as it deems relevant and (B) cause the Participant to receive partial or full payment of Awards for each such Performance Period based upon the Committee's determination of the degree of attainment of the Performance Goals, or assuming that the applicable "target" levels of performance have been attained or on such other basis determined by the Committee whichever is greater.

(c) The existence of this Plan and Awards granted hereunder shall not affect in any way the right or power of the Board or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of debt or equity securities ahead of or affecting Company Shares or the rights thereof, the dissolution or liquidation of the Company or any sale, lease, exchange or other disposition of all or any part of its assets or business or any other corporate act or proceeding.

13. *Amendments and Termination.*

(a) *Amendment and Termination of the Plan.* The Board may amend, alter, suspend, discontinue, or terminate the Plan or any portion thereof at any time; provided, that (i) no amendment to Section 11(c) or Section 13(b) (to the extent required by the proviso in such Section 13(b)) shall be made without shareholder approval and (ii) no such amendment, alteration, suspension, discontinuation or termination shall be made without shareholder approval if such approval is necessary to comply with any tax or regulatory requirement applicable to the Plan (including, without limitation, as necessary to comply with any rules or requirements of any securities exchange or inter-dealer quotation system on which the Common Stock may be listed or quoted or to prevent the Company from being denied a tax deduction under Section 162(m) of the Code); provided, further, that any such amendment, alteration, suspension, discontinuance or termination that would materially and adversely affect the rights of any Participant or any holder or beneficiary of any Award theretofore granted shall not to that extent be effective without the consent of the affected Participant, holder or beneficiary.

Table of Contents

(b) Amendment of Award agreements. The Committee may waive any conditions or rights under, amend any terms of, or alter, suspend, discontinue, cancel or terminate, any Award theretofore granted or the associated Award agreement, prospectively or retroactively; provided that any such waiver, amendment, alteration, suspension, discontinuance, cancellation or termination that would materially and adversely affect the rights of any Participant with respect to any Award theretofore granted shall not to that extent be effective without the consent of the affected Participant; provided, further, that without shareholder approval, except as otherwise permitted under Section 12 of the Plan, (i) no amendment or modification may reduce the Exercise Price or minimum vesting requirements of any Option or the Strike Price or minimum vesting requirements of any SAR, (ii) the Committee may not cancel any outstanding Option or SAR and replace it with a new Option or SAR, another Award or cash and (iii) the Committee may not take any other action that is considered a "repricing" for purposes of the shareholder approval rules of the applicable securities exchange or inter-dealer quotation system on which the Common Stock is listed or quoted.

14. *General.*

(a) Award Agreements. Each Award under the Plan shall be evidenced by an Award agreement, which shall be delivered to the Participant (whether in paper or electronic medium (including email or the posting on a web site maintained by the Company or a third party under contract with the Company)) and shall specify the terms and conditions of the Award and any rules applicable thereto, including without limitation, the effect on such Award of the death, Disability or termination of employment or service of a Participant, or of such other events as may be determined by the Committee.

(b) Nontransferability.

(i) Each Award shall be exercisable only by a Participant during the Participant's lifetime, or, if permissible under applicable law, by the Participant's legal guardian or representative. No Award may be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a Participant other than by will or by the laws of descent and distribution and any such purported assignment, alienation, pledge, attachment, sale, transfer or encumbrance shall be void and unenforceable against the Company or an Affiliate; provided that the designation of a beneficiary shall not constitute an assignment, alienation, pledge, attachment, sale, transfer or encumbrance.

(ii) Notwithstanding the foregoing, the Committee may, in its sole discretion, permit Awards (other than Incentive Stock Options) to be transferred by a Participant, without consideration, subject to such rules as the Committee may adopt consistent with any applicable Award agreement to preserve the purposes of the Plan, to: (A) any person who is a "family member" of the Participant, as such term is used in the instructions to Form S-8 under the Securities Act (collectively, the "**Immediate Family Members**"); (B) a trust solely for the benefit of the Participant and his or her Immediate Family Members; (C) a partnership or limited liability company whose only partners or stockholders are the Participant and his or her Immediate Family Members; or (D) any other transferee as may be approved either (I) by the Board or the Committee in its sole discretion, or (II) as provided in the applicable Award agreement (each transferee described in clauses (A), (B) (C) and (D) above is hereinafter referred to as a "**Permitted Transferee**"); provided, that the Participant gives the Committee advance written notice describing the terms and conditions of the proposed transfer and the Committee notifies the Participant in writing that such a transfer would comply with the requirements of the Plan.

(iii) The terms of any Award transferred in accordance with the immediately preceding sentence shall apply to the Permitted Transferee, and any reference in the Plan, or in any

Table of Contents

applicable Award agreement, to a Participant shall be deemed to refer to the Permitted Transferee, except that (A) Permitted Transferees shall not be entitled to transfer any Award, other than by will or the laws of descent and distribution; (B) Permitted Transferees shall not be entitled to exercise any transferred Option unless there shall be in effect a registration statement on an appropriate form covering the Common Stock to be acquired pursuant to the exercise of such Option if the Committee determines, consistent with any applicable Award agreement, that such a registration statement is necessary or appropriate; (C) the Committee or the Company shall not be required to provide any notice to a Permitted Transferee, whether or not such notice is or would otherwise have been required to be given to the Participant under the Plan or otherwise; and (D) the consequences of the termination of the Participant's employment by, or services to, the Company or an Affiliate under the terms of the Plan and the applicable Award agreement shall continue to be applied with respect to the Participant, including, without limitation, that an Option shall be exercisable by the Permitted Transferee only to the extent, and for the periods, specified in the Plan and the applicable Award agreement.

(c) Tax Withholding.

(i) A Participant shall be required to pay to the Company or any Affiliate, and the Company or any Affiliate shall have the right and is hereby authorized to withhold, from any cash, shares of Common Stock, other securities or other property deliverable under any Award or from any compensation or other amounts owing to a Participant, the amount (in cash, shares of Common Stock, other securities or other property) of any required withholding taxes in respect of an Award, its exercise, or any payment or transfer under an Award or under the Plan and to take such other action as may be necessary in the opinion of the Committee or the Company to satisfy all obligations for the payment of such withholding taxes.

(ii) Without limiting the generality of clause (i) above, the Committee may, in its sole discretion, permit a Participant to satisfy, in whole or in part, the foregoing withholding liability by (A) the delivery of shares of Common Stock (which are not subject to any pledge or other security interest and are held for the applicable period as determined by the Company's auditors to avoid adverse accounting charges) owned by the Participant having a fair market value equal to such withholding liability or (B) having the Company withhold from the number of shares of Common Stock otherwise issuable or deliverable pursuant to the exercise or settlement of the Award a number of shares with a fair market value equal to such withholding liability (but no more than the minimum required statutory withholding liability).

(d) No Claim to Awards; No Rights to Continued Employment; Waiver. No employee of the Company or an Affiliate, or other person, shall have any claim or right to be granted an Award under the Plan or, having been selected for the grant of an Award, to be selected for a grant of any other Award. There is no obligation for uniformity of treatment of Participants or holders or beneficiaries of Awards. The terms and conditions of Awards and the Committee's determinations and interpretations with respect thereto need not be the same with respect to each Participant and may be made selectively among Participants, whether or not such Participants are similarly situated. Neither the Plan nor any action taken hereunder shall be construed as giving any Participant any right to be retained in the employ or service of the Company or an Affiliate, nor shall it be construed as giving any Participant any rights to continued service on the Board. The Company or any of its Affiliates may at any time dismiss a Participant from employment or discontinue any consulting relationship, free from any liability or any claim under the Plan, unless otherwise expressly provided in the Plan or any Award agreement. By accepting an Award under the Plan, a Participant shall thereby be deemed to have waived any claim to continued exercise or vesting of an Award or to damages or severance entitlement related to non-continuation of the Award beyond the period provided under the Plan or any Award agreement, notwithstanding any

Table of Contents

provision to the contrary in any written employment contract or other agreement between the Company and its Affiliates and the Participant, whether any such agreement is executed before, on or after the Date of Grant.

(e) International Participants. With respect to Participants who reside or work outside of the United States of America and who are not (and who are not expected to be) "covered employees" within the meaning of Section 162(m) of the Code, the Committee may in its sole discretion amend the terms of the Plan or outstanding Awards (or adopt a subplan) with respect to such Participants in order to conform such terms with the requirements of local law or to obtain more favorable tax or other treatment for a Participant, the Company or its Affiliates.

(f) Designation and Change of Beneficiary. Each Participant may file with the Committee a written designation of one or more persons as the beneficiary(ies) who shall be entitled to receive the amounts payable with respect to an Award, if any, due under the Plan upon his death. A Participant may, from time to time, revoke or change his beneficiary designation without the consent of any prior beneficiary by filing a new designation with the Committee. The last such designation received by the Committee shall be controlling; provided, however, that no designation, or change or revocation thereof, shall be effective unless received by the Committee prior to the Participant's death, and in no event shall it be effective as of a date prior to such receipt. If no beneficiary designation is filed by a Participant, the beneficiary shall be deemed to be his or her spouse or, if the Participant is unmarried at the time of death, his or her estate. Notwithstanding anything herein to the contrary, to the extent that a Participant's beneficiary designation would result in a duplication of, or unintended, benefits payable under this Plan or would otherwise violate applicable law, the Committee shall have the authority to disregard such designation and payments shall be made in accordance with applicable law.

(g) Termination of Employment/Service. Unless determined otherwise by the Committee at any point following such event or as otherwise provided in an Award agreement, service shall not be considered terminated in the case of (i) any approved leave of absence, (ii) transfers among the Company, any Affiliate, or any successor, in any capacity of any employee, director or consultant, or (iii) any change in status as long as the individual remains in the service of the Company or an Affiliate in any capacity of employee, director or consultant. An approved leave of absence shall include sick leave, military leave, or any other authorized personal leave. For purposes of each Incentive Stock Option, if such leave exceeds three (3) months, and re-employment upon expiration of such leave is not guaranteed by statute or contract, then the Incentive Stock Option shall be treated as a Non-Qualified Stock Option on the day following the expiration of such three (3) month period.

(h) No Rights as a Stockholder. Except as otherwise specifically provided in the Plan or any Award agreement, no person shall be entitled to the privileges of ownership in respect of shares of Common Stock that are subject to Awards hereunder until such shares have been issued or delivered to that person.

(i) Government and Other Regulations.

(i) The obligation of the Company to settle Awards in shares of Common Stock or other consideration shall be subject to all applicable laws, rules, and regulations, and to such approvals by governmental agencies as may be required. Notwithstanding any terms or conditions of any Award to the contrary, the Company shall be under no obligation to offer to sell or to sell, and shall be prohibited from offering to sell or selling, any shares of Common Stock pursuant to an Award unless such shares have been properly registered for sale pursuant to the Securities Act with the Securities and Exchange Commission or unless the Company has received an opinion of counsel, satisfactory to the Company, that such shares may be offered or sold without such registration pursuant to an available exemption therefrom

and the terms and conditions of such exemption have been fully complied with. The Company shall be under no obligation to register for sale under the Securities Act any of the shares of Common Stock to be offered or sold under the Plan. The Committee shall have the authority to provide that all certificates for shares of Common Stock or other securities of the Company or any Affiliate delivered under the Plan shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the Plan, the applicable Award agreement, the federal securities laws, or the rules, regulations and other requirements of the Securities and Exchange Commission, any securities exchange or inter-dealer quotation system upon which such shares or other securities are then listed or quoted and any other applicable federal, state, local or non-U.S. laws, and, without limiting the generality of Section 9 of the Plan, the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions. Notwithstanding any provision in the Plan to the contrary, the Committee reserves the right to add any additional terms or provisions to any Award granted under the Plan that it in its sole discretion deems necessary or advisable in order that such Award complies with the legal requirements of any governmental entity to whose jurisdiction the Award is subject.

(ii) The Committee may cancel an Award or any portion thereof if it determines, in its sole discretion, that legal or contractual restrictions and/or blockage and/or other market considerations would make the Company's acquisition of shares of Common Stock from the public markets, the Company's issuance of shares of Common Stock to the Participant, the Participant's acquisition of shares of Common Stock from the Company and/or the Participant's sale of shares of Common Stock to the public markets, illegal, impracticable or inadvisable. If the Committee determines to cancel all or any portion of an Award in accordance with the foregoing, the Company shall pay to the Participant an amount equal to the excess of (A) the aggregate Fair Market Value of the shares of Common Stock subject to such Award or portion thereof canceled (determined as of the applicable exercise date, or the date that the shares would have been vested or delivered, as applicable), over (B) the aggregate Exercise Price or Strike Price (in the case of an Option or SAR, respectively) or any amount payable as a condition of delivery of shares of Common Stock (in the case of any other Award). Such amount shall be delivered to the Participant as soon as practicable following the cancellation of such Award or portion thereof.

(iii) Notwithstanding any provision in this Plan or any Award agreement to the contrary, Awards granted hereunder shall be subject, to the extent applicable, (A) to any clawback policy adopted by the Company, and (B) to the Dodd-Frank Wall Street Reform and Consumer Protection Act, as amended, and rules, regulations and binding, published guidance thereunder, which legislation provides for the clawback and recovery of incentive compensation in the event of certain financial statement restatements. If, pursuant to Section 10D of the Securities Exchange Act of 1934, as amended, the Company would not be eligible for continued listing, if applicable, under Section 10D(a) of the Exchange Act if it did not adopt policies consistent with Section 10D(b) of the Exchange Act, then, in accordance with those policies that are so required, any incentive-based compensation payable to a Participant under this Plan shall be subject to claw-back in the circumstances, to the extent, and in the manner, required by Section 10D(b)(2) of the Exchange Act, as interpreted by rules of the Securities Exchange Commission.

(j) *Payments to Persons Other Than Participants.* If the Committee shall find that any person to whom any amount is payable under the Plan is unable to care for his affairs because of illness or accident, or is a minor, or has died, then any payment due to such person or his estate (unless a prior claim therefor has been made by a duly appointed legal representative) may, if the Committee so directs the Company, be paid to his spouse, child, relative, an institution maintaining

or having custody of such person, or any other person deemed by the Committee to be a proper recipient on behalf of such person otherwise entitled to payment. Any such payment shall be a complete discharge of the liability of the Committee and the Company therefor.

(k) Nonexclusivity of the Plan. Neither the adoption of this Plan by the Board nor the submission of this Plan to the shareholders of the Company for approval shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including, without limitation, the granting of stock options or other equity-based awards otherwise than under this Plan, and such arrangements may be either applicable generally or only in specific cases.

(l) No Trust or Fund Created. Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company or any Affiliate, on the one hand, and a Participant or other person or entity, on the other hand. No provision of the Plan or any Award shall require the Company, for the purpose of satisfying any obligations under the Plan, to purchase assets or place any assets in a trust or other entity to which contributions are made or otherwise to segregate any assets, nor shall the Company maintain separate bank accounts, books, records or other evidence of the existence of a segregated or separately maintained or administered fund for such purposes. Participants shall have no rights under the Plan other than as unsecured general creditors of the Company, except that insofar as they may have become entitled to payment of additional compensation by performance of services, they shall have the same rights as other employees under general law.

(m) Reliance on Reports. Each member of the Committee and each member of the Board shall be fully justified in acting or failing to act, as the case may be, and shall not be liable for having so acted or failed to act in good faith, in reliance upon any report made by the independent public accountant of the Company and its Affiliates and/or any other information furnished in connection with the Plan by any agent of the Company or the Committee or the Board, other than himself.

(n) Relationship to Other Benefits. No payment under the Plan shall be taken into account in determining any benefits under any pension, retirement, profit sharing, group insurance or other benefit plan of the Company except as otherwise specifically provided in such other plan.

(o) Governing Law. The Plan shall be governed by and construed in accordance with the internal laws of the State of Delaware, without giving effect to the conflict of laws provisions thereof.

(p) Severability. If any provision of the Plan or any Award or Award agreement is or becomes or is deemed to be invalid, illegal, or unenforceable in any jurisdiction or as to any person or entity or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to the applicable laws, or if it cannot be construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award, such provision shall be construed or deemed stricken as to such jurisdiction, person or entity or Award and the remainder of the Plan and any such Award shall remain in full force and effect.

(q) Obligations Binding on Successors. The obligations of the Company under the Plan shall be binding upon any successor corporation or organization resulting from the merger, amalgamation, consolidation or other reorganization of the Company, or upon any successor corporation or organization succeeding to substantially all of the assets and business of the Company.

(r) Shareholder Approval. The Plan, as amended and restated herein, is effective as of ~~March 30, 2016~~ May 16, 2019, subject to approval by the Company's shareholders.

(s) Expenses: Gender: Titles and Headings. The expenses of administering the Plan shall be borne by the Company and its Affiliates. Masculine pronouns and other words of masculine gender shall refer to both men and women. The titles and headings of the sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings shall control.

(t) Other Agreements. Notwithstanding the above, the Committee may require, as a condition to the grant of and/or the receipt of shares of Common Stock under an Award, that the Participant execute lock-up, shareholder or other agreements, as it may determine in its sole and absolute discretion.

(u) Payments. Participants shall be required to pay, to the extent required by applicable law, any amounts required to receive shares of Common Stock under any Award made under the Plan.

(v) Section 409A. The Plan and the Awards hereunder are intended to either comply with, or be exempt from, the requirements of Section 409A of the Code. To the extent that the Plan or any Award is not exempt from the requirements of Section 409A of the Code, the Plan and any such Award intended to comply with the requirements of Section 409A of the Code shall be limited, construed and interpreted in accordance with such intent. Notwithstanding the foregoing, in no event whatsoever shall the Company be liable for any additional tax, interest or penalty that may be imposed by Section 409A of the Code or any damages relating to any failure to comply with Section 409A of the Code. To the extent required under Section 409A of the Code, (i) the provisions of Treasury Regulations Section 1.409A-3(i)(2) will apply to an Award granted hereunder and (ii) any reference to a "termination of employment or service" (or any similar term) shall mean a "separation from service" as defined in Section 409A of the Code.
