SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended March 31, 2017

OR
TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934.

For the transition period from _____ to _____
Commission file number 000-24525

Cumulus Media Inc.
(Exact Name of Registrant as Specified in its Charter)

Delaware 36-4159663
(State or Other Jurisdiction of (I.R.S. Employer
Incorporation or Organization) Identification No.)

3280 Peachtree Road, NW Suite 2300, 30305
Atlanta, GA
(Address of Principal Executive Offices) (ZIP Code)
(404) 949-0700
(Registrant’s telephone number, including area code)

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Website, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See the definitions of “large accelerated filer,” “accelerated filer” and “smaller reporting company” in Rule 12b-2 of the Exchange Act:

Large accelerated filer Accelerated filer
Non-accelerated filer (Do not check if a smaller reporting company) Smaller reporting company
Emerging growth company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes
" No ý

Table of Contents

If an emerging company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. "

As of May 8, 2017, the registrant had 29,306,374 outstanding shares of common stock consisting of: (i) 29,225,765 shares of Class A common stock; and (ii) 80,609 shares of Class C common stock.

Table of Contents

1. Description of Business, Interim Financial Data and Basis of Presentation:

Description of Business

Cumulus Media Inc. (and its consolidated subsidiaries, except as the context may otherwise require, "Cumulus," "Cumulus Media," "we," "us," "our," or the "Company") is a Delaware corporation, organized in 2002, and successor by merger to an Illinois corporation with the same name that had been organized in 1997.

Nature of Business

A leader in the radio broadcasting industry, Cumulus Media combines high-quality local programming with iconic, nationally syndicated media, sports and entertainment brands to deliver premium content choices to the 245 million people reached each week through its 447 owned-and-operated stations broadcasting in 90 US media markets (including eight of the top 10), more than 8,200 broadcast radio stations affiliated with its Westwood One network and numerous digital channels. Together, the Cumulus/Westwood One platforms make Cumulus Media one of the few media companies that can provide advertisers with national reach and local impact. Cumulus/Westwood One is the exclusive radio broadcast partner to some of the largest brands in sports, entertainment, news and talk, including the NFL, the NCAA, the Masters, the Olympics, the GRAMMYS, the Academy of Country Music Awards, the American Music Awards, the Billboard Music Awards, Westwood One News, and more. Additionally, it is the nation's leading provider of country music and lifestyle content through its NASH brand, which serves country fans nationwide through radio programming, exclusive digital content, and live events.

Interim Financial Data

The accompanying unaudited condensed consolidated financial statements should be read in conjunction with the consolidated financial statements of the Company and the notes related thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016. The accompanying unaudited condensed consolidated financial statements include the condensed consolidated accounts of Cumulus and its wholly-owned subsidiaries, with all intercompany balances and transactions eliminated in consolidation. The December 31, 2016 condensed balance sheet data was derived from audited financial statements. The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and notes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting only of normal, recurring adjustments) necessary for a fair statement of our results of operations for, and financial condition as of the end of, the interim periods have been made. The results of operations for the three months ended March 31, 2017, the cash flows for the three months ended March 31, 2017 and the Company's financial condition as of March 31, 2017, are not necessarily indicative of the results of operations or cash flows that can be expected for, or the Company's financial condition that can be expected as of the end of, any other interim period or for the fiscal year ending December 31, 2017.

Reverse Stock Split

On October 12, 2016, the Company effected a one-for-eight (1:8) reverse stock split (the "Reverse Stock Split"). As a result of the Reverse Stock Split, every eight shares of each class of the Company's outstanding common stock were combined into one share of the same class of common stock and the authorized shares of each class of the Company's common stock were reduced by the same ratio. No fractional shares were issued in connection with the Reverse Stock Split. The number and strike price of the Company's outstanding stock options and warrants were adjusted proportionally, as appropriate. The par value of the Company's common stock was not adjusted as a result of the Reverse Stock Split. All authorized, issued and outstanding stock and per share amounts contained within the accompanying unaudited condensed consolidated financial statements and these footnotes have been adjusted to reflect this Reverse Stock Split for all periods presented retroactively, as appropriate.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. On an on-going basis, the Company evaluates its estimates, including significant estimates related to revenue recognition, bad debts, intangible assets, income taxes, stock-based compensation, contingencies, litigation, and, if applicable, purchase price allocation. The Company bases its estimates on historical experience and on various assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual amounts and results may differ materially from these estimates.

Table of Contents

Assets Held for Sale

During the year ended December 31, 2015, the Company entered into an agreement to sell certain land in the Company's Washington, DC market to a third party. The closing of the transaction is subject to various conditions and approvals, which remain pending. The identified asset has been classified as held for sale in the accompanying unaudited condensed consolidated balance sheets at March 31, 2017 and December 31, 2016. The estimated fair value of the land to be disposed of is in excess of its carrying value.

Adoption of New Accounting Standards

ASU 2016-09. In March 2016, the FASB issued ASU 2016-09. The amendments in this ASU provide guidance for employee stock-based payment accounting. This update removes the requirement that reporting entities present tax benefits as excess cash flows from financing activities and cash flows from operating activities. As a result of this amendment, cash flows related to excess tax benefits will be classified only in operating activities. The Company adopted this ASU effective December 31, 2016. As a result of adoption, in the first quarter of 2017, the Company recorded an adjustment to retained earnings of approximately \$0.6 million to recognize net operating loss carryforwards attributable to excess tax benefits on stock compensation that had not been previously recognized in additional paid in capital. The Company is continuing its practice of estimating forfeitures and recording cash paid for withholding taxes as a financing activity.

ASU 2017-04. In January 2017, the FASB issued guidance to simplify the accounting for goodwill impairment. The guidance eliminates Step 2 of the goodwill impairment test, which requires a hypothetical purchase price allocation. Upon effectiveness of this update, a goodwill impairment will now be the amount by which a reporting unit's carrying value exceeds its fair value, not to exceed the carrying amount of goodwill. All other goodwill impairment guidance will remain largely unchanged. Entities will continue to have the option to perform a qualitative assessment to determine if a quantitative impairment test is necessary. The new standard is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for any impairment tests performed after January 1, 2017. The Company adopted this ASU effective January 1, 2017. The impact to our financial statements by not performing Step 2 to measure the amount of any potential goodwill impairment will depend on various factors. However, the elimination of Step 2 will reduce the complexity and cost of the Company's measurements of goodwill.

Recent Accounting Standards Updates

ASU 2014-09 and related updates. In May 2014, the FASB issued ASU 2014-09. The amended guidance under this ASU outlines a single comprehensive revenue model for entities to use in accounting for revenue arising from contracts with customers. The guidance supersedes most current revenue recognition guidance, including industry-specific guidance. The core principle of the single comprehensive revenue model is that "an entity recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services." In August 2015, the FASB issued ASU 2015-14, which delayed the effective date of ASU 2014-09 by one year. ASU 2014-09, as amended, is effective for fiscal years, and interim reporting periods within those years, beginning after December 15, 2017. Earlier application is permitted only as of annual reporting periods beginning after December 15, 2016, including interim reporting periods within that reporting period. In March 2016, the FASB issued ASU 2016-08 which clarifies the implementation guidance on principal versus agent considerations. In April 2016, the FASB issued ASU 2016-10 which amends the revenue recognition guidance on accounting for licenses of intellectual property and identifying performance obligations as well as clarifies when a promised good or service is separately identifiable. In May 2016, the FASB issued ASU 2016-12 which provides clarifying guidance in certain narrow areas such as an assessment of collectability, presentation of sales taxes, noncash consideration, and completed contracts and contract modifications at transition as well as adds some practical expedients. In December 2016, the FASB issued ASU 2016-20 which provides technical corrections and improvements to Topic 606. In March 2017, the FASB issued ASU 2017-05 which clarifies the scope of Subtopic 610-20 and adds guidance for partial sales of non-financial assets, including partial sales of real estate. The amendments in ASU 2014-09, ASU 2015-14, ASU 2016-08, ASU 2016-10, ASU 2016-12, ASU 2016-20 and ASU 2017-05 may be applied either retrospectively to each prior period presented or retrospectively with the cumulative effect of initially applying ASU 2014-09, ASU 2015-14, ASU 2016-08, ASU

2016-10, ASU 2016-12, ASU 2016-20 and ASU 2017-05 at the date of initial application.

The new standard permits adoption either by using (i) a full retrospective approach for all periods presented in the period of adoption or (ii) a modified retrospective approach with the cumulative effect of initially applying the new standard recognized at the date of initial application and providing certain additional disclosures. The new standard is effective for annual reporting periods beginning after December 15, 2017, with early adoption permitted for annual reporting periods beginning after December 15, 2016. The Company does not plan to early adopt, and accordingly, will adopt the new standard effective January 1, 2018.

Table of Contents

The Company is currently evaluating the adoption approach. The Company's final determination will depend on a number of factors, such as the significance of the impact of the new standard on our financial results, system readiness, and our ability to accumulate and analyze the information necessary to assess the impact on prior period financial statements and the Company's ability to maintain two sets of financials under current and new standards if we were to adopt the full retrospective approach. The Company is in the initial stages of our evaluation of the impact of the new standard on our accounting policies, processes, and system requirements. The Company has assigned internal resources to the evaluation to enable timely and accurate reporting under the new standard.

The Company continues to assess the potential impacts of the new standard, including in the areas described above, and anticipates this standard could have a material impact on our consolidated financial statements; however, the Company cannot reasonably estimate quantitative information related to the impact of the new standard on our financial statements at this time.

ASU 2016-01. In January 2016, the FASB issued ASU 2016-01. The amendments in this ASU enhance the reporting model for financial instruments including aspects of recognition, measurement, presentation and disclosure. The new guidance revises the accounting requirements related to the classification and measurement of investments in equity securities and the presentation of certain fair value changes for financial liabilities measured at fair value. The update also changes certain disclosure requirements associated with the fair value of financial instruments. These changes will require an entity to measure, at fair value, investments in equity securities and other ownership interests in an entity - including investments in partnerships, unincorporated joint ventures and limited liability companies that do not result in consolidation and are not accounted for under the equity method - and recognize the changes in fair value within net income. This ASU will be effective for fiscal years beginning after December 15, 2017, and interim periods thereafter. Early adoption is not permitted, except for certain amendments within the ASU. The Company is currently assessing the expected impact, if any, that this ASU will have on the consolidated financial statements.

ASU 2016-02. In February 2016, the FASB issued ASU 2016-02. The amendments in this ASU provide guidance for accounting for leases. This update requires lessees to recognize, on the balance sheet, assets and liabilities for the rights and obligations created by leases of greater than twelve months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. This ASU will be effective for fiscal years beginning after December 15, 2018, and interim periods thereafter. A modified retrospective transition method is required, with the option to elect a package of practical expedients. Early adoption is permitted. The Company is currently assessing the expected impact that this ASU will have on the consolidated financial statements.

ASU 2016-15. In August 2016, the FASB issued ASU 2016-15. The amendments in the ASU provide guidance for several new and/or revised disclosures pertaining to the classification of certain cash receipts and cash payments on the statement of cash flows, including contingent consideration payments made after a business acquisition. This ASU will be effective for fiscal years beginning after December 15, 2017, and interim periods thereafter. Early adoption is permitted. The Company does not expect adoption of this guidance to have a material impact on its financial condition, results of operation or disclosures.

ASU 2016-16. In October 2016, the FASB issued ASU 2016-16. The amendments in the ASU provide guidance for the accounting for the income tax consequences of intra-entity transfers of assets other than inventory when the transfer occurs between entities in different tax jurisdictions. This ASU will be effective for fiscal years beginning after December 15, 2017, and interim periods thereafter. Early adoption is permitted. The Company does not expect adoption of this guidance to have a material impact on its financial condition, results of operation or disclosures.

ASU 2016-18. In November 2016, the FASB issued ASU 2016-18. The amendments in the ASU provide guidance for the accounting for the disclosure of restricted cash on the Statement of Cash Flows. This ASU will be effective for fiscal years beginning after December 15, 2017, and interim periods thereafter. Early adoption is permitted. The Company does not expect adoption of this guidance to have a material impact on its financial condition, results of operation or disclosures. As of March 31, 2017 and December 31, 2016, the Company had \$8.0 million in restricted cash, in its consolidated balance sheets. Upon adoption of this ASU, restricted cash balances will be included along

with cash and cash equivalents as of the end of the period and beginning of the period, respectively, in our consolidated statement of cash flows for all periods presented; separate line items showing changes in restricted cash balances will be eliminated from our consolidated statement of cash flows.

ASU 2017-01. In January 2017, the FASB issued final guidance that revises the definition of a business. The definition of a business affects many areas of accounting (e.g., acquisitions, disposals, goodwill impairment, consolidation). According to feedback received by the FASB, application of the current guidance is commonly thought to be too complex and results in too many transactions qualifying as business combinations. The new standard is effective for fiscal years, and interim periods

Table of Contents

within those fiscal years, beginning after December 15, 2017. Early adoption is permitted. The Company does not expect adoption of this guidance to have a material impact on its financial condition, results of operation or disclosures.

2. Restricted Cash

As of March 31, 2017 and December 31, 2016, the Company's balance sheet included approximately \$7.8 million and \$8.0 million, respectively, in restricted cash. At March 31, 2017 and December 31, 2016, the Company held \$6.3 million and \$6.5 million, respectively, in restricted cash relating to collateralizing standby letters of credit pertaining to certain leases and insurance policies. In addition, \$1.5 million related to securing the maximum exposure generated by automated clearinghouse transactions in the Company's operating banks accounts and as dictated by the Company's banks' internal policies with respect to cash for both periods.

3. Intangible Assets and Goodwill

The following tables present goodwill and accumulated impairment losses on a segment and consolidated basis as of January 1, 2017 and March 31, 2017 (dollars in thousands):

Table of Contents

Radio Station Group

Goodwill:

Balance as of January 1, 2017:

Goodwill	\$1,278,526

Balance as of March 31, 2017:

Goodwill	304,280
Accumulated impairment losses (169,066)	
Total	\$135,214

Consolidated

Goodwill:

Balance as of January 1, 2017:

Goodwill	\$1,582,806
Accumulated impairment losses (1,447,592)	
Total	\$135,214

Balance as of March 31, 2017:

Goodwill	1,582,806
Accumulated impairment losses (1,447,592)	
Total	\$135,214

The following table presents the changes in intangible assets, other than goodwill, on a consolidated basis during the period December 31, 2016 to March 31, 2017, and balances as of such dates (dollars in thousands):

	FCC Licenses	Definite-Lived	Total
Intangible Assets:			
Balance as of December 31, 2016	\$1,540,183	\$ 116,499	\$1,656,682
Dispositions	(390)	—	(390)
Amortization	—	(9,092)	(9,092)
Balance as of March 31, 2017	\$1,539,793	\$ 107,407	\$1,647,200

The Company performs its annual impairment testing of FCC licenses and goodwill as of December 31, each year and on an interim basis if events or circumstances indicate that FCC licenses or goodwill may be impaired. The Company reviews the carrying value of its definite-lived intangible assets for recoverability prior to its annual impairment test of goodwill and whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. There

Table of Contents

were no triggering events as of March 31, 2017 to necessitate an interim impairment test as of such date, and the fair value of such assets exceeded their carrying value.

4. Long-Term Debt

The Company's long-term debt consisted of the following as of March 31, 2017 and December 31, 2016 (dollars in thousands):

	March 31, 2017	December 31, 2016
Term loan:		
Term loan	\$ 1,810,266	\$ 1,810,266
Less: unamortized term loan discount and debt issuance costs	(27,914)	(29,909)
Total Term loan	1,782,352	1,780,357
7.75% senior notes:	610,000	610,000
Less: unamortized debt issuance costs	(5,591)	(6,200)
Total 7.75% senior notes	604,409	603,800
Less: Current portion of long-term debt	—	—
Long-term debt, net	\$ 2,386,761	\$ 2,384,157

Amended and Restated Credit Agreement

On December 23, 2013, the Company entered into an Amended and Restated Credit Agreement (the "Credit Agreement"), among the Company, Cumulus Media Holdings Inc., a direct wholly-owned subsidiary of the Company ("Cumulus Holdings"), as borrower, and certain lenders and agents. The Credit Agreement consists of a \$2.025 billion term loan (the "Term Loan") maturing in December 2020 and a \$200.0 million revolving credit facility (the "Revolving Credit Facility") maturing in December 2018. Under the Revolving Credit Facility, up to \$30.0 million of availability may be drawn in the form of letters of credit.

Notwithstanding the stated maturity date of the Term Loan, if 91 days prior to the stated maturity date of the Company's 7.75% Senior Notes ("the 7.75% Senior Notes") due 2019 (the "Springing Maturity Date") the aggregate principal amount of 7.75% Senior Notes outstanding exceeds \$200.0 million, the Term Loan maturity date shall be accelerated to the Springing Maturity Date. The Company's 7.75% Senior Notes (defined below) mature on May 1, 2019.

Term Loan borrowings and borrowings under the Revolving Credit Facility bear interest, at the option of Cumulus Holdings, based on the Base Rate (as defined below) or the London Interbank Offered Rate ("LIBOR"), plus 3.25% on LIBOR-based borrowings and 2.25% on Base Rate-based borrowings. LIBOR-based borrowings are subject to a LIBOR floor of 1.0% under the Term Loan. Base Rate-based borrowings are subject to a Base Rate floor of 2.0% under the Term Loan. Base Rate is defined, for any day, as the rate per annum equal to the highest of (i) the Federal Funds Rate, as published by the Federal Reserve Bank of New York, plus 1/2 of 1.0%, (ii) the prime commercial lending rate of JPMorgan Chase Bank, N.A., as established from time to time, and (iii) 30 day LIBOR plus 1.0%. Amounts outstanding under the Term Loan amortize at a rate of 1.0% per annum of the original principal amount of the Term Loan, payable quarterly, with the balance payable on the maturity date. At March 31, 2017, the Term Loan bore interest at 4.25% per annum.

The representations, covenants and events of default in the Credit Agreement are customary for financing transactions of this nature. Events of default in the Credit Agreement include, among others: (a) the failure to pay when due the obligations owing thereunder; (b) the failure to comply with (and not timely remedy, if applicable) certain covenants; (c) certain defaults and accelerations under other indebtedness; (d) the occurrence of bankruptcy or insolvency events; (e) certain judgments against the Company or any of its restricted subsidiaries; (f) the loss, revocation or suspension of, or any material impairment in the ability to use one or more of, any material FCC licenses; (g) any representation

or warranty made, or report, certificate or financial statement delivered to the lenders subsequently proven to have been incorrect in any material respect; and (h) the occurrence of a Change in Control (as defined in the Credit Agreement). Upon the occurrence of an event of default, the lenders may terminate the loan commitments, accelerate all loans and exercise any of their rights under the Credit Agreement and the ancillary loan documents as a secured party.

In the event amounts are outstanding under the Revolving Credit Facility or any letters of credit are outstanding that have not been collateralized by cash as of the end of each quarter, the Credit Agreement requires compliance with a

Table of Contents

consolidated first lien leverage ratio covenant. The required ratio at March 31, 2017 was 4.5 to 1.0, and the first lien net leverage ratio covenant periodically decreases until it reaches 4.0 to 1 on March 31, 2018. At March 31, 2017, the Company's actual leverage ratio was in excess of the required ratio; however, the Company had no borrowings outstanding under the Revolving Credit Facility.

Certain mandatory prepayments on the Term Loan are required upon the occurrence of specified events, including upon the incurrence of certain additional indebtedness, upon the sale of certain assets and upon the occurrence of certain condemnation or casualty events, and from excess cash flow.

The Company's, Cumulus Holdings' and their respective restricted subsidiaries' obligations under the Credit Agreement are collateralized by a first priority lien on substantially all of the Company's, Cumulus Holdings' and their respective restricted subsidiaries' assets (excluding the Company's accounts receivable collateralizing the Company's revolving accounts receivable securitization facility (the "Securitization Facility") with Wells Fargo Capital Finance ("Wells Fargo") as described below) in which a security interest may lawfully be granted, including, without limitation, intellectual property and substantially all of the capital stock of the Company's direct and indirect domestic wholly-owned subsidiaries and 66% of the capital stock of any future first-tier foreign subsidiaries. In addition, Cumulus Holdings' obligations under the Credit Agreement are guaranteed by the Company and substantially all of its restricted subsidiaries, other than Cumulus Holdings.

At March 31, 2017, and December 31, 2016, the Company had \$1.810 billion outstanding under the Term Loan and no amounts outstanding under the Revolving Credit Facility.

7.75% Senior Notes

On May 13, 2011, the Company issued \$610.0 million aggregate principal amount of 7.75% Senior Notes due 2019 (the "7.75% Senior Notes"). Proceeds from the sale of the 7.75% Senior Notes were used to, among other things, repay the \$575.8 million outstanding under the term loan facility under the Company's prior credit agreement.

On September 16, 2011, the Company and Cumulus Holdings entered into a supplemental indenture with the trustee under the indenture governing the 7.75% Senior Notes which provided for, among other things, the (i) assumption by Cumulus Holdings of all obligations of the Company; (ii) substitution of Cumulus Holdings for the Company as issuer; (iii) release of the Company from all obligations as original issuer; and (iv) Company's guarantee of all of Cumulus Holdings' obligations, in each case under the indenture and the 7.75% Senior Notes.

Interest on the 7.75% Senior Notes is payable on each May 1 and November 1 of each year. The 7.75% Senior Notes mature on May 1, 2019.

Cumulus Holdings, as issuer of the 7.75% Senior Notes, may redeem all or part of the 7.75% Senior Notes at any time at a price equal to 100% of the principal amount, plus a "make-whole" premium. If Cumulus Holdings sells certain assets or experiences specific kinds of changes in control, it will be required to make an offer to purchase the 7.75% Senior Notes.

The indenture governing the 7.75% Senior Notes contains representations, covenants and events of default customary for financing transactions of this nature. At March 31, 2017, the Company was in compliance with all required covenants under the indenture governing the 7.75% Senior Notes.

In connection with the substitution of Cumulus Holdings as the issuer of the 7.75% Senior Notes, the Company also guaranteed the 7.75% Senior Notes. In addition, each existing and future domestic restricted subsidiary that guarantees the Company's indebtedness, Cumulus Holdings' indebtedness or indebtedness of the Company's subsidiary guarantors (other than the Company's subsidiaries that hold the licenses for the Company's radio stations) guarantees, and will guarantee, the 7.75% Senior Notes. The 7.75% Senior Notes are senior unsecured obligations of Cumulus Holdings and rank equally in right of payment to all existing and future senior unsecured debt of Cumulus Holdings and senior in right of payment to all future subordinated debt of Cumulus Holdings. The 7.75% Senior Notes guarantees are the Company's and the other guarantors' senior unsecured obligations and rank equally in right of payment to all of the Company's and the other guarantors' existing and future senior debt and senior in right of payment to all of the Company's and the other guarantors' future subordinated debt. The 7.75% Senior Notes and the guarantees are effectively subordinated to any of Cumulus Holdings', the Company's or the guarantors' existing and future secured debt to the extent of the value of the assets securing such debt. In addition, the 7.75% Senior Notes and the guarantees are structurally subordinated to all liabilities of the Company and its subsidiaries.

Table of Contents

Accounts Receivable Securitization Facility

On December 6, 2013, the Company entered into a 5-year, \$50.0 million Securitization Facility with Wells Fargo (as successor to General Electric Capital Corporation), as a lender, as swingline lender and as administrative agent (together with any other lenders party thereto from time to time, the “Lenders”).

In connection with the entry into the Securitization Facility, pursuant to a Receivables Sale and Servicing Agreement, dated as of December 6, 2013 (the “Sale Agreement”), certain subsidiaries of the Company (collectively, the “Originators”) sell and/or contribute their existing and future accounts receivable (representing up to all of the Company’s accounts receivable) to a special purpose entity and wholly owned subsidiary of the Company (the “SPV”). The SPV may thereafter make borrowings from the Lenders, which borrowings are secured by those receivables, pursuant to an Amended and Restated Receivables Funding and Administration Agreement, dated as of March 15, 2017 (the “Funding Agreement”). Cumulus Holdings services the accounts receivable on behalf of the SPV.

Advances available under the Funding Agreement at any time are based on advance rates relating to the value of the eligible receivables held by the SPV at that time. The Securitization Facility matures on December 6, 2018, subject to earlier termination at the election of the SPV. Advances bear interest based on either LIBOR plus 2.50% or the Index Rate (as defined in the Funding Agreement) plus 1.00%. The SPV is also required to pay a monthly fee based on any unused portion of the Securitization Facility. The Securitization Facility contains representations and warranties, affirmative and negative covenants, and events of default that are customary for financings of this type.

At March 31, 2017 and December 31, 2016, there were no amounts outstanding under the Securitization Facility.

Amortization of Debt Discount and Debt Issuance Costs

For the three months ended March 31, 2017, the Company recorded an aggregate of \$2.5 million of amortization of debt discount and debt issuance costs related to its Term Loan and 7.75% Senior Notes. For the three months ended March 31, 2016, the Company recorded an aggregate of \$2.4 million of amortization of debt discount and debt issuance costs related to its Term Loan and 7.75% Senior Notes.

5. Fair Value Measurements

The three levels of the fair value hierarchy to be applied when determining fair value of financial instruments are described below:

Level 1 — Valuations based on quoted prices in active markets for identical assets or liabilities that the entity has the ability to access;

Level 2 — Valuations based on quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable data for substantially the full term of the assets or liabilities; and

Level 3 — Valuations based on inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following table shows the gross amount and fair value of the Company’s Term Loan and 7.75% Senior Notes (dollars in thousands):

	March 31, 2017	December 31, 2016
Term Loan:		
Gross value	\$1,810,266	\$1,810,266
Fair value - Level 2	1,366,751	1,226,455
7.75% Senior Notes:		
Gross value	\$610,000	\$610,000
Fair value - Level 2	207,400	249,673

As of March 31, 2017, the Company used trading prices of 75.5% to calculate the level 2 fair value of the Term Loan and 34.0% to calculate the level 2 fair value of the 7.75% Senior Notes.

As of December 31, 2016, the Company used trading prices of 67.8% to calculate the level 2 fair value of the Term Loan and 40.9% to calculate the level 2 fair value of the 7.75% Senior Notes.

Table of Contents

6. Stockholders' Equity

For information on the Company's October 12, 2016 Reverse Stock Split and the resulting adjustments to authorized, issued and outstanding common stock, warrants and options, see Note 1, "Description of Business, Interim Financial Data and Basis of Presentation: Reverse Stock Split."

The Company is authorized to issue an aggregate of 268,830,609 shares of stock, each with a par value of \$0.01 per share, divided into four classes consisting of:

- (i) 93,750,000 shares designated as Class A common stock;
- (ii) 75,000,000 shares designated as Class B common stock;
- (iii) 80,609 shares designated as Class C common stock, and
- (iv) 100,000,000 shares of preferred stock.

Common Stock

Except with regard to voting and conversion rights, shares of Class A, Class B and Class C common stock are identical in all respects. The preferences, qualifications, limitations, restrictions, and the special or relative rights in respect of the common stock and the various classes of common stock are as follows:

Voting Rights. The holders of shares of Class A common stock are entitled to one vote per share on any matter submitted to a vote of the stockholders of the Company, and the holders of shares of Class C common stock are entitled to ten votes for each share of Class C common stock held. Generally, the holders of shares of Class B common stock are not entitled to vote on any matter. However, holders of Class B common stock and Class C common stock are entitled to a separate class vote on any amendment or modification of any specific rights or obligations of the holders of Class B common stock or Class C common stock, respectively, that does not similarly affect the rights or obligations of the holders of Class A common stock. The holders of Class A common stock and of Class C common stock vote together, as a single class, on all matters submitted to a vote to the stockholders of the Company.

Conversion. Each holder of Class B common stock and Class C common stock is entitled to convert at any time all or any part of such holder's shares into an equal number of shares of Class A common stock; provided, however, that to the extent that such conversion would result in the holder holding more than 4.99% of the Class A common stock following such conversion, the holder will first be required to deliver to the Company an ownership certification to enable the Company to (a) determine that such holder does not have an attributable interest in another entity that would cause the Company to violate applicable FCC rules and regulations and (b) obtain any necessary approvals from the FCC or the Department of Justice. There were no shares of Class B common stock issued or outstanding as of March 31, 2017 or December 31, 2016.

The holders of all classes of common stock are entitled to share ratably in any dividends that may be declared by the board of directors of the Company.

2009 Warrants

In June 2009, in connection with the execution of an amendment to the Company's then-existing credit agreement, the Company issued warrants to the lenders thereunder that allow them to acquire up to 156,250 shares of Class A common stock at an exercise price of \$1.17 per share (the "2009 Warrants"). The 2009 Warrants expire on June 29, 2019. The number of shares of Class A common stock issuable upon exercise of the 2009 Warrants is subject to adjustment in certain circumstances, including upon the payment of a dividend in shares of Class A common stock. None of such warrants were converted during the three months ended March 31, 2017 and, as of such date, 40,057 2009 Warrants remained outstanding.

Table of Contents

Company Warrants

As a component of the Company's September 16, 2011 acquisition of Citadel Broadcasting Corporation (the "Citadel Merger") and the related financing transactions, the Company issued warrants to purchase an aggregate of 9.0 million shares of Class A common stock (the "Company Warrants") under a warrant agreement dated September 16, 2011 (the "Warrant Agreement"). The Company Warrants are exercisable at any time prior to June 3, 2030 at an exercise price of \$0.01 per share with each Company Warrant providing the right to purchase one share. The number of shares for which the Company Warrants are exercisable is not subject to any anti-dilution protection, other than standard adjustments in the case of stock splits, dividends and certain other similar events. Pursuant to the terms and conditions of the Warrant Agreement, upon the request of a holder, the Company has the discretion to issue, upon exercise of the Company Warrants, shares of Class B common stock in lieu of an equal number of shares of Class A common stock and, upon request of a holder and at the Company's discretion, the Company has the right to exchange such warrants to purchase an equivalent number of shares of Class B common stock for outstanding warrants to purchase shares of Class A common stock.

Exercise of the Company Warrants is subject to compliance with applicable FCC regulations, and the Company Warrants are exercisable provided that ownership of the Company's securities by the holder does not cause the Company to violate applicable FCC rules and regulations relating to foreign ownership of broadcasting licenses

Holders of Company Warrants are entitled to participate ratably in any distributions on the Company's common stock on an as-exercised basis. No distribution will be made to holders of Company Warrants or common stock if (i) an FCC ruling, regulation or policy prohibits such distribution to holders of Company Warrants or (ii) the Company's FCC counsel opines that such distribution is reasonably likely to cause (a) the Company to violate any applicable FCC rules or regulations or (b) any holder of Company Warrants to be deemed to hold an attributable interest in the Company.

No Company Warrants were exercised during the three months ended March 31, 2017. Company Warrants to purchase 43,192 shares of Class A common stock were exercised during the three months ended March 31, 2016. At March 31, 2017, 31,955 Company Warrants remained outstanding.

Crestview Warrants

Also on September 16, 2011, but pursuant to a separate warrant agreement, the Company issued warrants to purchase 1.0 million shares of Class A common stock with an exercise price, as adjusted to date, of \$34.56 per share (the "Crestview Warrants"). The Crestview Warrants are exercisable until September 16, 2021, and the per share exercise price is subject to standard weighted average adjustments in the event that the Company issues additional shares of common stock or common stock derivatives for less than the fair market value per share, as defined in the Crestview Warrants, as of the date of such issuance. In addition, the number of shares of Class A common stock issuable upon exercise of the Crestview Warrants, and the exercise price of the Crestview Warrants, are subject to adjustment in the case of stock splits, dividends and certain other similar events. As of March 31, 2017, all 1.0 million Crestview Warrants remained outstanding.

7. Stock-Based Compensation Expense

The Company uses the Black-Scholes option pricing model to estimate the fair value on the date of grant of stock options issued. The determination of the fair value of stock options is affected by the Company's stock price, historical stock price volatility over the expected term of the awards, risk-free interest rates and expected dividends. With respect to restricted stock awards, the Company recognizes compensation expense over the vesting period equal to the grant date fair value of the shares awarded. To the extent non-vested restricted stock awards include performance or market vesting conditions, management uses the requisite service period to recognize the cost associated with the award.

During the three months ended March 31, 2017, the Company granted 75,000 stock options with a grant date aggregate fair value of \$0.1 million. During the three months ended March 31, 2016, the Company granted 50,000 stock options with a grant date aggregate fair value of \$0.1 million. The options granted in both periods range in

exercise price from \$0.97 to \$24.00 per share, and provide for vesting on each of the first four anniversaries of the date of grant, with 30% of the award vesting on each of the first two anniversaries thereof, and 20% of the award vesting on each of the next two anniversaries thereof.

For the three months ended March 31, 2017 and 2016, respectively, the Company recognized approximately \$0.5 million and \$0.9 million in stock-based compensation expense related to equity awards.

As of March 31, 2017, unrecognized stock-based compensation expense of approximately \$2.3 million related to equity awards is expected to be recognized over a weighted average remaining life of 2.12 years. Unrecognized stock-based compensation expense for equity awards will be adjusted for future changes in estimated forfeitures. There were no stock options exercised during the three months ended March 31, 2017 or March 31, 2016.

Table of Contents

8. Loss Per Share

For all periods presented, the Company has disclosed basic and diluted (loss) earnings per common share utilizing the two-class method. In accordance with, ASC Topic 260, "Earnings per Share," the presentation of basic and diluted EPS is required only for common stock and not for participating securities.

Non-vested restricted shares of Class A common stock are considered participating securities for purposes of calculating basic weighted average common shares outstanding in all periods. In addition, Company Warrants are accounted for as participating securities, as holders of such Warrants, in accordance with and subject to the terms and conditions of the Warrant Agreement, are entitled to receive ratable distributions of the Company's earnings concurrently with such distributions made to the holders of Class A common stock.

Basic (loss) earnings per common share is calculated by dividing net (loss) income available to common shareholders by the weighted average number of shares of common stock outstanding during the period. In accordance with the terms of the Company's certificate of incorporation, the Company allocates undistributed net (loss) income, after any allocation for preferred stock dividends, between each class of common stock on an equal basis per share. In accordance with the two-class method, earnings applicable to the non-vested restricted shares of Class A common stock and Company Warrants are excluded from the computation of basic EPS.

Diluted (loss) earnings per share is computed in the same manner as basic (loss) earnings per share after assuming issuance of common stock for all potentially dilutive equivalent shares, which includes stock options and certain warrants to purchase common stock. Antidilutive instruments are not considered in this calculation. Under the two-class method, net income is allocated to common stock to the extent that each security may share in earnings, as if all of the (loss) earnings for the period had been distributed. (Loss) earnings are allocated to each class of common stock equally per share. The following table sets forth the computation of basic and diluted (loss) earnings per common share for the three months ended March 31, 2017 and 2016 (amounts in thousands, except per share data):

	Three Months Ended March 31,	
	2017	2016
Basic Loss Per Share		
Numerator:		
Undistributed net loss from continuing operations	\$(7,395)	\$(14,429)
Less:		
Participation rights of the Company Warrants in undistributed earnings	—	—
Participation rights of unvested restricted stock in undistributed earnings	—	—
Basic undistributed net loss attributable to common shares	\$(7,395)	\$(14,429)
Denominator:		
Basic weighted average shares outstanding	29,306	29,256
Basic undistributed net loss per share attributable to common shares	\$(0.25)	\$(0.49)
Diluted Loss Per Share:		
Numerator:		
Undistributed net loss from continuing operations	\$(7,395)	\$(14,429)
Less:		
Participation rights of the Company Warrants in undistributed net earnings	—	—
Participation rights of unvested restricted stock in undistributed earnings	—	—
Basic undistributed net loss attributable to common shares	\$(7,395)	\$(14,429)
Denominator:		
Basic weighted average shares outstanding	29,306	29,256
Effect of dilutive stock options, warrants and restricted stock	—	—

Diluted weighted average shares outstanding	29,306	29,256
Diluted undistributed net loss per share attributable to common shares	\$(0.25)	\$(0.49)

9. Income Taxes

For the three months ended March 31, 2017, the Company recorded an income tax benefit of \$6.0 million on a pre-tax loss of \$13.4 million, resulting in an effective tax rate for the three months ended March 31, 2017 of approximately 44.9%. For the three months ended March 31, 2016, the Company recorded an income tax benefit of \$9.1 million on a pre-tax loss of \$23.6 million, resulting in an effective tax rate for the three months ended March 31, 2016 of approximately 38.8%.

The difference between the effective tax rate and the federal statutory rate of 35.0% for both the three months ended March 31, 2017 and 2016 primarily relates to state and local income taxes and the tax effect of certain statutory non-deductible items.

The Company continually reviews the adequacy of the valuation allowance and recognizes the benefits of deferred tax assets only as the reassessment indicates that it is more likely than not that the deferred tax assets will be recognized in accordance with ASC Topic 740, Income Taxes ("ASC 740"). As of March 31, 2017, the Company continues to maintain a partial valuation allowance on certain state net operating loss carryforwards which the Company does not believe will be able to meet the more likely than not recognition standard for recovery. The valuation of deferred tax assets requires judgment in assessing the likely future tax consequences of events that have been recognized in the Company's financial statements or tax returns as well as future profitability.

10. Commitments and Contingencies

Future Commitments

The radio broadcast industry's principal ratings service is Nielsen Audio ("Nielsen"), which publishes surveys for domestic radio markets. Certain of the Company's subsidiaries have agreements with Nielsen under which they receive programming ratings information. The remaining aggregate obligation under the agreements with Nielsen is approximately \$35.5 million and is expected to be paid in accordance with the agreements through December 2017.

The Company engages Katz Media Group, Inc. ("Katz") as its national advertising sales agent. The national advertising agency contract with Katz contains termination provisions that, if exercised by the Company during the term of the contract, would obligate the Company to pay a termination fee to Katz, calculated based upon a formula set forth in the contract.

The Company is committed under various contractual agreements to pay for broadcast rights that include sports and news services and to pay for talent, executives, research, weather information and other services.

The Company from time to time enters into radio network contractual obligations to guarantee a minimum amount of revenue share to contractual counterparties on certain programming in future years. Generally, these guarantees are subject to decreases dependent on clearance targets achieved. As of March 31, 2017, the Company believes that it will meet all such material minimum obligations.

On January 2, 2014 (the "Commencement Date"), Merlin Media, LLC ("Merlin") and the Company entered into a local marketing agreement ("LMA"). Under this LMA, the Company is responsible for operating two FM radio stations in Chicago, Illinois, for monthly fees payable to Merlin of approximately \$0.3 million, \$0.4 million, \$0.5 million and \$0.6 million in the first, second, third and fourth years following the Commencement Date, respectively, in exchange for the Company retaining the operating profits from these radio stations.

In connection therewith, the Company and Merlin also entered into an agreement pursuant to which the Company has the right to purchase these two FM radio stations until October 4, 2017 for an amount in cash equal to the greater of (i) \$70.0 million minus the aggregate amount of monthly fees paid by the Company on or prior to the earlier of the closing date or the date that is four years after the Commencement Date; or (ii) \$50.0 million, and Merlin has the right to require the Company to purchase these two FM radio stations at any time during a ten-day period commencing October 4, 2017 for \$71.0 million, minus the aggregate amount of monthly fees paid by the Company on or prior to

the earlier of the closing date and January 2, 2018.

The Company determined through its review of the requirements of ASC Topic 810, Consolidation ("ASC 810") that the Company is not the primary beneficiary of the LMA with Merlin, and, therefore, consolidation is not required.

On April 1, 2014, the Company initiated an exit plan for an office lease as part of a restructuring in connection with the acquisition of Westwood One (the "Exit Plan"), which included charges related to terminated contract costs. As of March 31,

16

Table of Contents

2017, liabilities related to the Exit Plan of \$0.2 million were included in the accounts payable and accrued expenses and are expected to be paid within one year, and \$1.1 million of non-current liabilities are included in other liabilities in the unaudited condensed consolidated balance sheet. We anticipate no additional future charges for the Exit Plan other than true-ups to closed facilities lease charges and accretion expense.

Legal Proceedings

In March 2011, the Company and certain of our subsidiaries were named as defendants along with other radio companies, including Beasley Broadcast Group, Inc., CBS Radio, Inc., Entercom Communications, Greater Media, Inc. and Townsquare Media, LLC in a patent infringement suit. The case, Mission Abstract Data L.L.C., d/b/a Digimedia v. Beasley Broadcast Group, Inc., et. al., Civil Action Case No: 1:99-mc-09999, U.S. District Court for the District of Delaware (filed March 1, 2011), alleges that the defendants have infringed on plaintiff's patents entitled "Selection and Retrieval of Music from a Digital Database." Plaintiff is seeking unspecified damages. This case has been stayed, and is awaiting further action by the court.

In August 2015, we were named as a defendant in two separate putative class action lawsuits relating to our use and public performance of certain sound recordings fixed prior to February 15, 1972 (the "Pre-1972 Recordings"). The first suit, ABS Entertainment, Inc., et. al. v. Cumulus Media Inc., was filed in the United States District Court for the Central District of California and alleged, among other things, copyright infringement under California state law, common law conversion, misappropriation and unfair business practices. On December 11, 2015, this suit was dismissed without prejudice. The second suit, ABS Entertainment, Inc., v. Cumulus Media Inc., was filed in the United States District Court for the Southern District of New York and claimed, among other things, common law copyright infringement and unfair competition. The New York lawsuit was stayed pending an appeal before the Second Circuit involving unrelated third parties over whether the owner of a Pre-1972 Recording holds an exclusive right to publicly perform that recording under New York common law. On December 20, 2016, the New York Court of Appeals held that New York common law does not recognize a right of public performance for owners of pre-1972 Recordings. As a result of that case (to which Cumulus Media, Inc., was not a party) the New York case against Cumulus Media, Inc., was voluntarily dismissed by the plaintiffs on April 3, 2017.

The pending suit seeks unspecified damages. The Company is evaluating the suit, and intends to defend itself vigorously. The Company is not yet able to determine what effect the lawsuit will have, if any, on its financial position, results of operations or cash flows.

The Company currently is, and expects that from time to time in the future it will be, party to, or a defendant in, various other claims or lawsuits that are generally incidental to its business. The Company expects that it will vigorously contest any such claims or lawsuits and believes that the ultimate resolution of any such known claim or lawsuit will not have a material adverse effect on the Company's consolidated financial position, results of operations or cash flows.

11. Supplemental Condensed Consolidated Financial Information

At March 31, 2017, Cumulus (the "Parent Guarantor") and certain of its 100% owned subsidiaries (such subsidiaries, the "Subsidiary Guarantors") provided guarantees of the obligations of Cumulus Holdings (the "Subsidiary Issuer") under the 7.75% Senior Notes. These guarantees are full and unconditional (subject to customary release provisions) as well as joint and several. Certain of the Subsidiary Guarantors may be subject to restrictions on their respective ability to distribute earnings to Cumulus Holdings or the Parent Guarantor. Not all of the subsidiaries of Cumulus and Cumulus Holdings guarantee the 7.75% Senior Notes (such non-guaranteeing subsidiaries, collectively, the "Subsidiary Non-guarantors").

The following tables present (i) unaudited condensed consolidated statements of operations for the three months ended March 31, 2017 and 2016, (ii) unaudited condensed consolidated balance sheets as of March 31, 2017 and December 31, 2016, and (iii) unaudited condensed consolidated statements of cash flows for the three months ended

March 31, 2017 and 2016, of each of the Parent Guarantor, Cumulus Holdings, the Subsidiary Guarantors, and the Subsidiary Non-guarantors.

Investments in consolidated subsidiaries are held primarily by the Parent Guarantor in the net assets of its subsidiaries and have been presented using the equity method of accounting. The “Eliminations” entries in the following tables primarily eliminate investments in subsidiaries and intercompany balances and transactions. The columnar presentations in the following tables are not consistent with the Company’s business groups; accordingly, this basis of presentation is not intended to present the Company’s financial condition, results of operations or cash flows on a consolidated basis.

17

Table of Contents

Revision to Prior Period Financial Statements

During the first quarter of 2017, the Company determined that it did not properly classify the investment in consolidated subsidiaries balance residing at the Parent Guarantor as a liability at December 31, 2016. The Company should have presented the investment in consolidated subsidiary balance as a liability as the balance was negative at December 31, 2016. In the following disclosure, a separate line item entitled “Accumulated losses in consolidated subsidiaries” is presented in the Condensed Consolidated Balance Sheet. This presentation misclassification was not material to the previously issued financial statements.

In accordance with accounting guidance found in ASC 250-10 (SEC Staff Accounting Bulletin No. 99, Materiality), the Company assessed the materiality of the errors and concluded that the errors were not material to any of the Company’s previously issued financial statements. As permitted by the accounting guidance found in ASC 250-10 (SEC Staff Accounting Bulletin No. 108, Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements), the Company has presented revised financial information for the three months ended March 31, 2017, and the year ended December 31, 2016.

Table of Contents

12. Segment Data

The Company operates in two reportable segments for which there is discrete financial information available and whose operating results are reviewed by the chief operating decision maker, the Radio Station Group and Westwood One. The Radio Station Group revenue is derived primarily from the sale of broadcasting time to local, regional and national advertisers. Westwood One revenue is generated primarily through network advertising. Corporate includes overall executive, administrative and support functions for each of our reportable segments, including programming, finance, legal, human resources, information technology and administrative functions.

The Company presents segment adjusted EBITDA ("Adjusted EBITDA") as the financial metric utilized by management and the chief operating decision maker to allocate resources of the Company and to analyze the performance of the Company's reportable segments. This measure isolates the amount of income generated by our core operations before the incurrence of corporate expenses. Management also uses this measure to determine the contribution of our core operations to the funding of our corporate resources utilized to manage our operations and our non-operating expenses including debt service and acquisitions. In deriving this measure, the Company excludes depreciation, amortization, and stock-based compensation expense, as these do not represent cash payments for activities directly related to our core operations. The Company also excludes any gain or loss on the exchange or sale of any assets or stations and any gain or loss on derivative instruments, early extinguishment of debt, and LMA Fees as they are not associated with core operations. Expenses relating to acquisitions and restructuring costs are also excluded from the calculation of Adjusted EBITDA as they are not directly related to our core operations. The Company excludes any costs associated with impairment of assets as they do not require a cash outlay.

Adjusted EBITDA should not be considered in isolation or as a substitute for net income (loss), operating income, cash flows from operating activities or any other measure for determining the Company's operating performance or liquidity that is calculated in accordance with GAAP. In addition, Adjusted EBITDA may be defined or calculated differently by other companies, and comparability may be limited.

The Company's financial data by segment is presented in the tables below:

	Three Months Ended March 31, 2017			
	Radio Station Group	Westwood One	Corporate and Other	Consolidated
Net revenue	\$ 173,603	\$ 89,855	\$ 572	\$ 264,030

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

In the following Management's Discussion and Analysis, we provide information regarding the following areas:

- I General Overview;
- I Results of Operations; and
- I Liquidity and Capital Resources.

General Overview

The following discussion of our financial condition and results of operations should be read in conjunction with our unaudited condensed consolidated financial statements and notes thereto included elsewhere in this quarterly report and our audited consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2016. This discussion, as well as various other sections of this quarterly report, contains and refers to statements that constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 and other federal securities laws. Such statements relate to our intent, belief or current expectations primarily with respect to our future operating, financial and strategic performance. Any such forward-looking statements are not guarantees of future performance and may involve risks and uncertainties. Actual results may differ from those contained in or implied by the forward-looking statements as a result of various factors including, but not limited to, risks and uncertainties relating to the need for additional funds to service our debt and to execute our business strategy, our ability to access borrowings under our revolving credit facility, our ability from time to time to renew one or more of our broadcast licenses, changes in interest rates, changes in the fair value of our investments, the timing of, and our ability to complete any acquisitions or dispositions pending from time to time, costs and synergies resulting from the integration of any completed acquisitions, our ability to effectively manage costs, our ability to drive and manage growth, the popularity of radio as a broadcasting and advertising medium, changing consumer tastes, the impact of general economic conditions in the United States or in specific markets in which we currently do business, industry conditions, including existing competition and future competitive technologies and cancellation, disruptions or postponements of advertising schedules in response to national or world events, our ability to generate revenues from new sources, including local commerce and technology-based initiatives, the impact of regulatory rules or proceedings that may affect our business from time to time, our ability to regain compliance with the listing standards for our Class A common stock to continue to be listed for trading on the NASDAQ stock market, the write

off of a material portion of the fair value of our FCC broadcast licenses and goodwill, and other risk factors described from time to time in our filings with the Securities and Exchange Commission, including our Form 10-K for the year ended December 31, 2016 (the “2016 Form 10-K”) and any subsequently filed Forms 10-Q and Forms 8-K. Many of these risks and uncertainties are beyond our control, and the unexpected occurrence or failure to occur of any such events or matters could significantly alter our actual results of operations or financial condition.

Table of Contents

For additional information about certain of the matters discussed and described in the following Management's Discussion and Analysis of Financial Condition and Results of Operations, including certain defined terms used herein, see the notes to the accompanying unaudited condensed consolidated financial statements included elsewhere in this quarterly report.

Our Business and Operating Overview

A leader in the radio broadcasting industry, Cumulus Media combines high-quality local programming with iconic, nationally syndicated media, sports and entertainment brands to deliver premium content choices to the 245 million people reached each week through our 447 owned-and-operated stations broadcasting in 90 US media markets (including eight of the top ten), more than 8,200 broadcast radio stations affiliated with its Westwood One network and numerous digital channels. Together, the Cumulus/Westwood One platforms make Cumulus Media one of the few media companies that can provide advertisers with national reach and local impact. Cumulus/Westwood One is the exclusive radio broadcast partner to some of the largest brands in sports, entertainment, news and talk, including the NFL, the NCAA, the Masters, the Olympics, the GRAMMYs, the Academy of Country Music Awards, the American Music Awards, the Billboard Music Awards, Westwood One News, and more. Additionally, it is the nation's leading provider of country music and lifestyle content through its NASH brand, which serves country fans nationwide through radio programming, exclusive digital content, and live events.

Liquidity Considerations

Historically, our principal needs for funds have been for acquisitions, expenses associated with our station, network advertising and corporate operations, capital expenditures, and interest and debt service payments. We believe that our funding needs in the future will be for substantially similar matters.

Our principal sources of funds have primarily been cash flow from operations and borrowings under credit facilities in existence from time to time. Our cash flow from operations is subject to factors such as changes in demand due to shifts in population, station listenership, demographics, audience tastes, and fluctuations in preferred advertising media. In addition, our cash flows may be affected if customers are not able to pay, or delay payment of, accounts receivable that are owed to us, which risks may be exacerbated in challenging or otherwise uncertain economic periods. In recent periods, management has taken steps to mitigate these risks through heightened collection efforts and enhancements to our credit approval process, although no assurances as to the longer-term success of these efforts can be provided. In addition, we believe that our national platform and extensive station portfolio representing a broad diversity in format, listener base, geography, and advertiser base helps us maintain a more stable revenue stream by reducing our dependence on any single demographic, region or industry. From time to time we have evaluated, and expect that we will continue to evaluate, opportunities to obtain additional public or private capital from the divestiture of radio stations or other assets that are not a part of, or do not complement, our strategic operations, as well as the issuance of equity and/or debt securities, in each case subject to market and other conditions in existence at that time.

We are party to various agreements intended to supplement our cash flows from operations. Our Amended and Restated Credit Agreement, dated as of December 23, 2013 (the "Credit Agreement"), consists of a \$2.025 billion term loan (the "Term Loan") maturing in December 2020 and a \$200.0 million revolving credit facility (the "Revolving Credit Facility") maturing in December 2018. Under the Revolving Credit Facility, up to \$30.0 million of availability may be drawn in the form of letters of credit.

The Company's outstanding \$610.0 million of 7.75% senior notes due 2019 (the "7.75% Senior Notes") mature on May 1, 2019. Notwithstanding the stated maturity date of the Term Loan, if 91 days prior to the stated maturity date of the Senior Notes (the "Springing Maturity Date") the aggregate principal amount of 7.75% Senior Notes outstanding exceeds \$200.0 million, the Term Loan maturity date will be accelerated to the Springing Maturity Date.

In the event amounts are outstanding under the Revolving Credit Facility or any letters of credit are outstanding that have not been collateralized by cash as of the end of each quarter, the Credit Agreement requires compliance with a consolidated first lien leverage ratio covenant. The required ratio at March 31, 2017 was 4.5 to 1.0, and that ratio periodically decreases until it reaches 4.0 to 1 on March 31, 2018. As we currently have no borrowings outstanding under the Revolving Credit Facility, we are not required to comply with that ratio. However, as of March 31, 2017, our actual leverage ratio was in excess of the required ratio.

We are also party to a 5-year, \$50.0 million revolving accounts receivable securitization facility entered into on December 6, 2013 (the "Securitization Facility") with Wells Fargo (as successor to General Electric Capital Corporation), as a lender, as swing line lender and as administrative agent (together with any other lenders party thereto from time to time, the

Table of Contents

“Lenders”). In connection with the entry into the Securitization Facility, pursuant to a Receivables Sale and Servicing Agreement, dated as of December 6, 2013 (the “Sale Agreement”), certain subsidiaries of the Company sell and/or contribute their existing and future accounts receivable to a special purpose entity and wholly owned subsidiary of the Company (the “SPV”). The SPV may thereafter make borrowings from the Lenders, which borrowings are secured by those receivables, pursuant to an Amended and Restated Receivables Funding and Administration Agreement, dated as of March 15, 2017.

At March 31, 2017, our long-term debt consisted of \$1.810 billion outstanding under the Term Loan and \$610.0 million in 7.75% Senior Notes. No amounts were outstanding under the Revolving Credit Facility or the Securitization Facility.

We have assessed the current and expected business climate, our current and expected needs for funds and our current and expected sources of funds, and have determined, based on our financial condition as of March 31, 2017, that cash on hand, cash expected to be generated from operating activities, and cash expected to be available from various financing sources, assuming we do not have access to borrowings under the Revolving Credit Facility, will be sufficient to satisfy our anticipated funding needs for working capital, capital expenditures, interest and debt service payments, and any repurchases of securities and other obligations for at least the next twelve months after the issuance of the consolidated financial statements included elsewhere in this Form 10-Q.

In order to service our significant indebtedness we will continue to require significant cash flows. If we are unable to maintain or derive a level of cash flows from operating and financing activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness, we may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful. If our cash flows and capital resources are insufficient to fund our debt service obligations, we could face substantial liquidity problems and could be forced to seek to dispose of material assets or operations, seek additional debt or equity capital or seek to restructure or refinance our indebtedness, although no assurances can be provided that any of these remedies could be successful.

We continually evaluate potential transactions and initiatives related to our capital structure that could reduce future interest requirements and amounts due at the maturity on our debt. For example, we have previously sought and in the future may from time to time seek, to refinance, retire, redeem, or repurchase our outstanding debt at or prior to its stated maturity through cash purchases and/or exchanges for other securities, in open market purchases, tender offers, privately negotiated transactions or otherwise, as well as equity or debt issuances, debt refinancing transactions (including extensions of maturity dates), asset sales, joint ventures, recapitalizations, business combinations and other strategic transactions, any of which may be commenced or suspended at any time. The amounts involved in any such transactions could be material and the specific timing, amount and terms of any such transactions, if any, would depend on prevailing market conditions, our liquidity sources and requirements, the ability and interest of other parties to participate in such transactions, our business and financial performance, contractual and regulatory restrictions and other factors that may be applicable from time to time. There can be no guarantee that any such transactions or initiatives would ultimately be successful or produce the desired outcome, which could affect us in a material and adverse manner.

As previously disclosed, on December 12, 2016, we launched a private exchange offer (the "Exchange Offer") to refinance the 7.75% Senior Notes and thereby reduce, and extend the maturity of our indebtedness.

In connection with the Exchange Offer, on December 12, 2016, we filed a complaint in the United States District Court in the Southern District of New York (the "Court") against J.P. Morgan Chase Bank, N.A., as Administrative Agent under the Credit Agreement, seeking, among other things, a declaratory judgment that the Company was authorized under the terms of the Credit Agreement to complete the Exchange Offer. On February 24, 2017, the Court granted summary judgment against the Company, finding that the Company could not refinance its 7.75% Senior

Notes with revolving loans under its Credit Agreement.

As a result of the Court's ruling, the Company concluded that the conditions to the Exchange Offer had not been, and would not be, satisfied. Accordingly, the Company terminated the Exchange Offer on March 10, 2017. On the same date, the Company also terminated the previously announced support agreement that the Company had entered into on December 6, 2016 with certain holders of the 7.75% Senior Notes. In connection with the termination of each of the Exchange Offer and refinancing support agreement, the Company abandoned the fourth amendment and restatement of the Company's certificate of incorporation (the "Fourth Amended Certificate"), which was approved by stockholders on January 26, 2017. Accordingly, the Fourth Amended Certificate will not be filed or take effect, and no shares of Class D common stock of the Company or Class E common stock of the Company will be authorized for issuance.

We expect to continue to evaluate alternatives to address our capital structure including through ongoing discussions with our stakeholders. While discussions may continue and result in an alternative transaction, there are no assurances that the

28

Table of Contents

parties will come to an agreement on an alternative transaction.

On March 21, 2017, the Company received a notification from the NASDAQ Stock Market LLC ("NASDAQ") indicating that the Company was not in compliance with NASDAQ Listing Rule 5550(b)(1) (the "Equity Listing Rule") because the Company's stockholder's equity was below the minimum required amount, and because the Company did not meet the alternative continued listing standards of that Rule. Separately, on April 5, 2017, the Company received a notification from the NASDAQ indicating that the Company was not in compliance with NASDAQ Listing Rule 5550(a)(2) (the "Bid Price Rule") because the bid price of the Company's Class A common stock had closed below \$1.00 per share for 30 consecutive business days.

On May 5, 2017, the Company submitted to NASDAQ a plan to regain compliance with the Equity Listing Rule. We remain in discussions with NASDAQ regarding this plan and, if accepted, NASDAQ could provide us a period up to September 17, 2017 to regain compliance with the Equity Listing Rule. In the event NASDAQ does not accept our plan, our Class A common stock will be subject to delisting from NASDAQ. In addition, in accordance with NASDAQ Listing Rule 5810(c)(3)(A) and assuming no prior action is taken to delist our Class A common stock pursuant to noncompliance with the Equity Listing Rule, the Company has until October 2, 2017 to regain compliance with the requirements under the Bid Price Rule. If, at any time before that date the bid price of the Company's Class A common stock closes at \$1.00 per share or more for a minimum of 10 consecutive business days, the Company will be deemed to be in compliance with the Bid Price Rule.

We continue to evaluate alternatives to regain compliance with applicable listing rules. Our inability to maintain the listing of our Class A common stock on the NASDAQ stock market may adversely affect the liquidity and market price of our Class A common stock.

Seasonality and Cyclicalities

Our operations and revenues tend to be seasonal in nature, with generally lower revenue generated in the first quarter of the year and generally higher revenue generated in the second and fourth quarters of the year. The seasonality of our business reflects the adult orientation of our formats and relationship between advertising purchases on these formats with the retail cycle. This seasonality causes and will likely continue to cause a variation in our quarterly operating results. Such variations could have a material effect on the timing of our cash flows and cash on hand at the end of any period.

Advertising Revenue and Adjusted EBITDA

Our primary source of revenue is the sale of advertising time. Our sales of advertising time are primarily affected by the demand from local, regional and national advertisers, which impacts the advertising rates charged by us. Advertising demand and rates are based primarily on the ability to attract audiences in the demographic groups targeted by such advertising, as measured principally by various ratings agencies on a periodic basis. We endeavor to provide compelling programming and form connections between our on-air talent and listeners in order to develop strong listener loyalty, and we believe that the diversification of our formats and programs, including non-music formats and proprietary content, helps to insulate us from the effects of changes in the musical tastes of the public with respect to any particular format.

We strive to maximize revenue by managing our on-air inventory of advertising time and adjusting prices based on supply and demand. The optimal number of advertisements available for sale depends on the programming format of a particular radio program. Each program has a general target level of on-air inventory available for advertising. This target level of advertising inventory may vary at different times of the day but tends to remain stable over time. We seek to broaden our base of advertisers in each of our markets by providing a wide array of audience demographic segments across each cluster of stations, thereby providing potential advertisers with an effective means to reach a targeted demographic group. Our advertising contracts are generally short-term. We generate most of our revenue from local and regional advertising, which is sold primarily by a station's sales staff.

In addition to local and regional advertising revenues, we monetize our available inventory in both national spot and network sales marketplaces using our national platform. To effectively deliver network advertising for our customers, we distribute content and programming through third party affiliates in order to reach a broader national audience. Typically, in exchange for the right to broadcast radio network programming, third party affiliates remit a portion of their advertising time to us, which is then aggregated into packages focused on specific demographic groups and sold by us to our advertiser clients that want to reach those demographic groups on a national basis.

In the broadcasting industry, we sometimes utilize trade or barter agreements that exchange advertising time for goods or services such as travel or lodging, instead of for cash. Trade revenue totaled \$11.3 million and \$10.0 million for the three months ended March 31, 2017 and 2016, respectively.

Table of Contents

Our advertising revenues vary by quarter throughout the year. As is typical with advertising revenue supported businesses, our first calendar quarter typically produces the lowest revenues of any quarter during the year, as advertising generally declines following the winter holidays. The second and fourth calendar quarters typically produce the highest revenues for the year. In addition, our revenues tend to fluctuate between years, consistent with, among other things, increased advertising expenditures in even-numbered years by political candidates, political parties and special interest groups. This political spending typically is heaviest during the fourth quarter. We continually evaluate opportunities to increase revenues through new platforms, including technology based initiatives. As a result of those revenue increasing opportunities through new platforms, our operating results in any period may be affected by the incurrence of advertising and promotion expenses that typically do not have an effect on revenue generation until future periods, if at all. In addition, as part of this evaluation we also from time to time reorganize and discontinue certain redundant and/or unprofitable content vehicles across our platform which we expect will impact our broadcast revenues in the future. To date inflation has not had a material effect on our revenues or results of operations, although no assurances can be provided that material inflation in the future would not materially adversely affect us.

Consolidated Adjusted EBITDA and segment Adjusted EBITDA are the financial metrics utilized by management to analyze the performance of the Company as a whole and each of our reportable segments, respectively. These measures isolate the amount of income generated by our core operations after the incurrence of corporate, general and administrative expenses. Management also uses this measure to determine the contribution of our core operations to the funding of our corporate resources utilized to manage our operations and our non-operating expenses including debt service and acquisitions. In addition, consolidated Adjusted EBITDA, excluding the impact of LMA fees, is a key metric for purposes of calculating and determining our compliance with certain covenants contained in our Credit Agreement.

In deriving this measure, the Company excludes depreciation, amortization and stock-based compensation expense, as these do not represent cash payments for activities directly related to our core operations. The Company also excludes any gain or loss on the exchange or sale of any assets and any gain or loss on derivative instruments, early extinguishment of debt, and LMA Fees as they are not associated with core operations. Expenses relating to acquisitions and restructuring costs are also excluded from the calculation of Adjusted EBITDA as they are not directly related to our ongoing core operations. The Company also excludes any costs associated with impairment of assets as they do not require a cash outlay.

Management believes that Adjusted EBITDA, although not a measure that is calculated in accordance with GAAP, is commonly employed by the investment community as a measure for determining the market value of a media company and comparing the operational and financial performance among media companies. Management has also observed that Adjusted EBITDA is routinely employed to evaluate and negotiate the potential purchase price for media companies. Given the relevance to our overall value, management believes that investors consider the metric to be extremely useful.

Adjusted EBITDA should not be considered in isolation or as a substitute for net income (loss), operating income, cash flows from operating activities or any other measure for determining the Company's operating performance or liquidity that is calculated in accordance with GAAP. In addition, Adjusted EBITDA may be defined or calculated differently by other companies, and comparability may be limited.

A quantitative reconciliation of Adjusted EBITDA to net income (loss), the most directly comparable financial measure calculated and presented in accordance with GAAP, follows in this section.

** Calculation is not meaningful

Three Months Ended March 31, 2017 Compared to the Three Months Ended March 31, 2016

Net Revenue

Net revenue for the three months ended March 31, 2017 decreased \$4.5 million, or 1.7%, to \$264.0 million, compared to \$268.5 million for the three months ended March 31, 2016. The decrease resulted from decreases of \$2.6 million, \$1.2 million and \$0.7 million in political advertising, license fees and other and broadcast advertising revenue, respectively. For a discussion of net revenue by segment and changes therein from the three months ended March 31, 2016 to the three months ended March 31, 2017, see the following discussion under "Segment Results of Operations."

Content Costs

Content costs consist of all costs related to the licensing, acquisition and development of our programming.

Content costs for the three months ended March 31, 2017 increased by \$1.8 million, or 1.8%, to \$101.8 million, compared to \$100.0 million for the three months ended March 31, 2016. The increase was primarily because of an increase in music license fees. In 2016 our license fees were impacted by a \$1.7 million credit and a \$0.7 million understatement of ASCAP and BMI fees which was corrected in the second quarter of 2016. Our content costs also increased because we began making payments at the beginning of 2017 to a new music performer rights organization, Global Music Rights. The increase in music license fees was partially offset by decreases in other programming costs.

Selling, General and Administrative Expenses

Selling, general and administrative expenses consist of expenses related to the distribution and monetization of our content across our platform and overhead expenses in our markets.

31

Table of Contents

Selling, general and administrative expenses for the three months ended March 31, 2017 decreased by \$2.8 million, or 2.4%, to \$114.4 million compared to \$117.2 million for the three months ended March 31, 2016. The decrease was primarily driven by a decrease in selling expenses at Westwood One.

Depreciation and Amortization

Depreciation and amortization for the three months ended March 31, 2017 decreased \$6.8 million, or 29.5%, to \$16.3 million, compared to \$23.1 million for the three months ended March 31, 2016. This decrease was primarily caused by a decrease in amortization expense on our definite-lived intangible assets, which resulted from the accelerated amortization methodology we have applied since acquisition of these assets that is based on the expected pattern in which the underlying assets' economic benefits are being consumed.

Corporate Expenses, Including Stock-based Compensation Expense

Corporate expenses consist primarily of compensation and related costs for our executive, finance, human resources, information technology and legal personnel, and fees for professional services. Professional services are principally comprised of outside legal, audit and consulting services.

Corporate expenses, including stock-based compensation expense, for the three months ended March 31, 2017 decreased \$1.7 million, or 13.4%, to \$11.0 million, compared to \$12.7 million for the three months ended March 31, 2016. This decrease was caused by decreases in stock-based compensation expense and restructuring costs.

Gain on Sale of Assets or Stations

During the three months ended March 31, 2017, we recorded a gain of \$2.6 million primarily related to the sale of land in our Salt Lake City market.

Interest Expense

Total interest expense for the three months ended March 31, 2017 decreased \$0.4 million, or 1.2%, to \$34.1 million compared to \$34.5 million for the three months ended March 31, 2016. The majority of the decrease was due to a reduction in total outstanding debt between the comparative periods.

The following summary details the components of our total interest expense (dollars in thousands):

	Three Months		2017 vs 2016		
	Ended March 31,		\$ Change	% Change	
	2017	2016			
7.75% Senior Notes	\$11,819	\$11,819	\$—	—	%
Bank borrowings – term loans and revolving credit facilities	19,234	19,756	(522)	(2.6)	%
Other, including debt issue cost amortization	3,010	2,906	104	3.6	%
Interest expense	\$34,063	\$34,481	\$(418)	(1.2)	%

Income Taxes

For the three months ended March 31, 2017, the Company recorded an income tax benefit of \$6.0 million on a pre-tax loss of \$13.4 million, resulting in an effective tax rate for the three months ended March 31, 2017 of approximately 44.9%. For the three months ended March 31, 2016, the Company recorded an income tax benefit of \$9.1 million on a pre-tax loss of \$23.6 million, resulting in an effective tax rate for the three months ended March 31, 2016 of approximately 38.8%.

The difference between the effective tax rate and the federal statutory rate of 35% for the three months ended March 31, 2017 primarily relates to state and local income taxes, an increase in the valuation allowance with respect to state net operating losses, the tax effect of certain statutory non-deductible items, enacted changes to state and local tax laws, and the tax effect of certain provision to tax return true-up adjustments.

The difference between the effective tax rate and the federal statutory rate of 35% for the three months ended March 31, 2016 primarily relates to state and local income taxes and the tax effect of certain statutory non-deductible items.

Table of Contents

The Company continually reviews the adequacy of the valuation allowance and recognizes the benefits of deferred tax assets only as the reassessment indicates that it is more likely than not that the deferred tax assets will be recognized in accordance with ASC Topic 740, Income Taxes ("ASC 740"). As of March 31, 2017, the Company continues to maintain a partial valuation allowance on certain state net operating loss carryforwards which the Company does not believe will be able to meet the more likely than not recognition standard for recovery. The valuation of deferred tax assets requires judgment in assessing the likely future tax consequences of events that have been recognized in the Company's financial statements or tax returns as well as future profitability.

Adjusted EBITDA

As a result of the factors described above, Adjusted EBITDA for the three months ended March 31, 2017 decreased \$3.2 million to \$38.7 million from \$41.9 million for the three months ended March 31, 2016.

Reconciliation of Non-GAAP Financial Measure

The following table reconciles Adjusted EBITDA to net loss (the most directly comparable financial measure calculated and presented in accordance with GAAP) as presented in the accompanying unaudited consolidated statements of operations (dollars in thousands):

	Three Months Ended March 31,		% Change Three Months Ended
	2017	2016	
GAAP net loss	\$(7,395)	\$(14,429)	48.7 %
Income tax benefit	(6,026)	(9,133)	(34.0)%
Non-operating expenses, net - including interest expense	33,943	33,676	0.8 %
LMA fees	2,707	5,388	(49.8)%
Depreciation and amortization	16,282	23,097	(29.5)%
Stock-based compensation expense	538	878	(38.7)%
(Gain) loss on sale of assets or stations	(2,606)	5	**
Acquisition-related and restructuring costs	1,150	2,266	(49.2)%
Franchise and state taxes	140	185	(24.3)%
Adjusted EBITDA	\$38,733	\$41,933	(7.6)%

** Calculation is not meaningful

Segment Results of Operations

The Company operates in two reportable segments, the Radio Station Group and Westwood One, for which there is discrete financial information available and whose operating results are reviewed by the chief operating decision maker. The Radio Station Group revenue is derived primarily from the sale of broadcasting time to local, regional and national advertisers. Westwood One revenue is generated primarily through network advertising. Corporate includes overall executive, administrative and support functions for each of our reportable segments, including programming, finance, legal, human resources, information technology and administrative functions.

As described above, the Company presents Adjusted EBITDA as the financial metric utilized by management to analyze the performance of each of our reportable segments. The reconciliation of segment Adjusted EBITDA to net loss is presented in Note 12, "Segment Data" of the notes to the condensed consolidated financial statements.

The Company's financial data by segment is presented in the tables below:

Table of Contents

	Three Months Ended March 31, 2017			
	Radio Station Group	Westwood One	Corporate and Other	Consolidated
Net revenue	\$173,603	\$89,855	\$ 572	\$264,030
% of total revenue	65.8	% 34.0	% 0.2	% 100.0
\$ change from three months ended March 31, 2016	\$(2,873)	\$(1,710)	\$ 83	\$(4,500)
% change from three months ended March 31, 2016	(1.6)%	(1.9)%	17.0 %	(1.7)%

	Three Months Ended March 31, 2016			
	Radio Station Group	Westwood One	Corporate and Other	Consolidated
Net revenue	\$176,476	\$91,565	\$ 489	\$ 268,530
% of total revenue	65.7	% 34.1	% 0.2	% 100.0

Net revenue for the three months ended March 31, 2017 decreased \$4.5 million, or 1.7%, to \$264.0 million, compared to \$268.5 million for the three months ended March 31, 2016. The decrease resulted from decreases of \$2.9 million and \$1.7 million in the Radio Station Group and Westwood One, respectively, partially offset by an increase of \$0.1 million in Corporate and Other. The decrease in revenue at the Radio Station Group was primarily a result of a decline of cyclical gross political revenue of \$2.6 million. The decrease in revenue at Westwood One was caused by a decline in non-core revenue streams of \$1.5 million, highlighted by the shut down of the print version of the NASH Country Weekly magazine and the restructuring of a contract with a content provider and other non-core revenue streams of \$0.4 million, which were partially offset by an increase of \$0.2 million in core advertising sales. Core advertising sales represented the majority of Westwood One revenue in the first quarter of 2017.

	Three Months Ended March 31, 2017			
	Radio Station Group	Westwood One	Corporate and Other	Consolidated
Adjusted EBITDA	\$39,042	\$ 8,969	\$(9,278)	\$ 38,733
\$ change from three months ended March 31, 2016	\$(4,677)	\$ 1,211	\$266	\$(3,200)
% change from three months ended March 31, 2016	(10.7)%	15.6 %	2.8 %	(7.6)%

	Three Months Ended March 31, 2016			
	Radio Station Group	Westwood One	Corporate and Other	Consolidated
Adjusted EBITDA	\$43,719	\$ 7,758	\$(9,544)	\$ 41,933

Adjusted EBITDA for the three months ended March 31, 2017 decreased \$3.2 million, or 7.6%, to \$38.7 million from \$41.9 million for the three months ended March 31, 2016. The decrease resulted from an Adjusted EBITDA decrease of \$4.7 million in the Radio Station Group offset by increases of \$1.2 million and \$0.3 million in Westwood One and Corporate and Other, respectively. The decrease in Adjusted EBITDA at the Radio Station Group was caused by an increase in operating expenses, which included an increase in content costs of \$1.8 million, and a decrease in revenue which included a \$2.6 million decrease in cyclical gross political revenue. The increase in Adjusted EBITDA in Westwood One was caused by a decrease in operating expenses.

The following tables reconcile segment net income (loss), the most directly comparable financial measure calculated and presented in accordance with GAAP, to segment Adjusted EBITDA, for the three months ended March 31, 2017 and 2016 (dollars in thousands):

Table of Contents

Three Months Ended March 31, 2017

	Radio Station Group	Westwood One	Corporate and Other	Consolidated
GAAP net income (loss)	\$28,538	\$ 2,265	\$(38,198)	\$(7,395)
Income tax benefit	—	—	(6,026)	(6,026)
Non-operating (income) expense, including net interest expense	(1)	142	33,802	33,943
LMA fees	2,707	—	—	2,707

Liquidity and Capital Resources

Cash Flows Provided by Operating Activities

(Dollars in thousands)	Three Months Ended March 31,	
	2017	2016
Net cash provided by operating activities	\$19,425	\$33,185

For the three months ended March 31, 2017 compared to the three months ended March 31, 2016, net cash provided by operating activities decreased \$13.8 million. The decrease was primarily a result of decreases related to the timing of our cash collections and payments of accounts payable and prepaid expenses, partially offset by an increase in net income and adjustments for depreciation and amortization of intangibles and debt issuance costs/discounts, gain (loss) on sale of assets or stations, deferred income taxes and stock-based compensation expense.

Table of Contents

Cash Flows Provided by (Used in) Investing Activities

	Three Months Ended March 31,	
(Dollars in thousands)	2017	2016
Net cash provided by (used in) investing activities	\$563	\$(5,971)

For the three months ended March 31, 2017 compared to the three months ended March 31, 2016, net cash provided by investing activities increased \$6.5 million. For the three months ended March 31, 2017 capital expenditures totaled \$5.7 million primarily related to ongoing maintenance and other routine expenditures which were offset by proceeds from the sales of certain assets and stations of \$6.1 million, the majority of which were the cash proceeds from the sale of land in our Salt Lake City market. Capital expenditures for the three months ended March 31, 2016 totaled \$4.2 million primarily related to ongoing maintenance and other routine expenditures.

Cash Flows (Used in) Provided by Financing Activities

	Three Months Ended March 31,	
(Dollars in thousands)	2017	2016
Net cash (used in) provided by financing activities	\$(94)	\$ 3

For the three months ended March 31, 2017 compared to the three months ended March 31, 2016, net cash provided by financing activities remained relatively flat as compared to March 31, 2016

For additional detail regarding the Company's material liquidity considerations, see "Liquidity Considerations" above.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

There have been no material changes to our market risks from those disclosed in Part II, Item 7A of our Annual Report on Form 10-K for the year ended December 31, 2016 (the “2016 Annual Report”).

Item 4. Controls and Procedures

We maintain a set of disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, the “Exchange Act”) designed to ensure that information we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms. Such disclosure controls and procedures are designed to ensure that information required to be disclosed in reports we file or submit under the Exchange Act is accumulated and communicated to our management, including our President and Chief Executive Officer (“CEO”) and Executive Vice President and Chief Financial Officer (“CFO”), as appropriate, to allow timely decisions regarding required disclosure. At the end of the period covered by this report, an evaluation was carried out under the supervision and with the participation of our management, including our CEO and CFO, of the effectiveness of the design and operation of our disclosure controls and procedures. Based on this evaluation, the CEO and CFO have concluded that our disclosure controls and procedures were effective at the reasonable assurance level as of March 31, 2017.

There were no changes to our internal control over financial reporting (as defined in Rule 13a-15(f) and 15d-15(f)) during the quarter ended March 31, 2017 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

In March 2011, the Company and certain of our subsidiaries were named as defendants along with other radio companies, including Beasley Broadcast Group, Inc., CBS Radio, Inc., Entercom Communications, Greater Media, Inc. and Townsquare Media, LLC in a patent infringement suit. The case, Mission Abstract Data L.L.C., d/b/a Digimedia v. Beasley Broadcast Group, Inc., et. al., Civil Action Case No: 1:99-mc-09999, U.S. District Court for the District of Delaware (filed March 1, 2011), alleges that the defendants have infringed on plaintiff’s patents entitled “Selection and Retrieval of Music from a Digital Database.” Plaintiff is seeking unspecified damages. This case has been stayed, and is awaiting further action by the court.

In August 2015, we were named as a defendant in two separate putative class action lawsuits relating to our use and public performance of certain sound recordings fixed prior to February 15, 1972 (the “Pre-1972 Recordings”). The first suit, ABS Entertainment, Inc., et. al. v. Cumulus Media Inc., was filed in the United States District Court for the Central District of California and alleged, among other things, copyright infringement under California state law, common law conversion, misappropriation and unfair business practices. On December 11, 2015, this suit was dismissed without prejudice. The second suit, ABS Entertainment, Inc., v. Cumulus Media Inc., was filed in the United States District Court for the Southern District of New York and claimed, among other things, common law copyright infringement and unfair competition. The New York lawsuit was stayed pending an appeal before the Second Circuit involving unrelated third parties over whether the owner of a Pre-1972 Recording holds an exclusive right to publicly perform that recording under New York common law. On December 20, 2016, the New York Court of Appeals held that New York common law does not recognize a right of public performance for owners of pre-1972 Recordings. As a result of that case (to which Cumulus Media, Inc., was not a party) the New York case against Cumulus Media, Inc., was voluntarily dismissed by the plaintiffs on April 3, 2017.

The pending suit seeks unspecified damages. The Company is evaluating the suit, and intends to defend itself vigorously. The Company is not yet able to determine what effect the lawsuit will have, if any, on its financial position, results of operations or cash flows.

The Company currently is, and expects that from time to time in the future it will be, party to, or a defendant in, various other claims or lawsuits that are generally incidental to its business. The Company expects that it will vigorously contest any such claims or lawsuits and believes that the ultimate resolution of any such known claim or lawsuit will not have a material adverse effect on the Company's consolidated financial position, results of operations or cash flows.

Table of Contents

Item 1A. Risk Factors

Please refer to Part I, Item 1A, "Risk Factors," in our 2016 Annual Report for information regarding known material risks that could affect our results of operations, financial condition and liquidity. Except as described below, these known risks have not changed materially. In addition to these risks, other risks that we presently do not consider material, or other unknown risks, could materially adversely impact our business, financial condition and results of operations in future periods.

We are currently not in compliance with the continued listing standards of NASDAQ, and if we do not regain compliance, our common stock may be delisted, which could have a material adverse effect on the liquidity of our common stock.

Our common stock is currently traded on the Nasdaq Capital Market. As described elsewhere in this Quarterly report on Form 10-Q, we are currently not in compliance with various continued listing standards of NASDAQ. There can be no assurance that we will be able to regain compliance with the continued listing standards and, if we do not regain compliance with these various listing standards within the time periods required by NASDAQ, our common stock will become subject to delisting. If our common stock were to be delisted, the liquidity of our common stock would be adversely affected and the market price of our common stock could decrease.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

On May 21, 2008, our Board of Directors authorized the purchase, from time to time, of up to \$75.0 million of our Class A common stock, subject to the terms and limitations obtained in any applicable agreements and compliance with other applicable legal requirements. During the three months ended March 31, 2017, we did not repurchase any shares of our Class A common stock.

Item 6. Exhibits
