Item 2.05 Costs Associated with Exit or Disposal Activities

On June 27, 2014 bebe stores, inc. (the Company) issued a press release announcing the exit of its 2b business. The Company estimates the pre-tax cost associated with closing its remaining 16 2b stores including e-commerce business will be approximately \$5-6 million. This includes an estimated \$0.8 million related to the write-off of the net book value of assets and between \$0.8-1.3 million for inventory liquidation write downs; both of these non-cash charges will be recorded in the fourth quarter of fiscal 2014. The \$5-6 million also includes an estimated \$3.4-3.9 million related to lease termination and employee termination costs, both of which are cash charges that the Company expects to incur as the stores close. The Company plans to close all remaining 2b stores in fiscal 2014. The Company's decision to close the 2b business will enable it to increase its focus on the core bebe brand's retail and outlet stores, e-commerce and international licensing business.

The press release relating to the planned closure of the 2b business is attached hereto as Exhibit 99.1 and is incorporated by reference herein.
