Nord Resources Clarifies Merger Consideration to be Paid to Nord Stockholders.

TUCSON, Arizona, October 23, 2006 Nord Resources Corporation (Nord Resources) is issuing this news release in order to clarify the merger consideration that the stockholders of Nord Resources will receive in the proposed merger transaction with Platinum Diversified Mining, Inc. (Platinum) that was announced yesterday.

Upon completion of the merger, stockholders of Nord will receive:

- a cash amount based on the aggregate merger consideration to be paid Platinum net of a holdback of \$3,000,000. This cash amount is referred to as the **per share merger consideration** . Nord Resources estimates that the per share merger consideration will equal **\$1.20** per share. Payment of the per share merger consideration will be made upon consummation of the merger; and
- a contingent right to receive a pro rata share of the amount remaining, if any, of the \$3,000,000 holdback amount after the expiry of a six month holdback period, which is referred to as the **per share net holdback consideration** . Nord Resources estimates that the per share net holdback consideration will equal **\$0.07** per share, prior to deduction of fees and expenses associated with the escrow arrangement for the holdback, if there are no claims for damages made against the holdback amount. Payment of the per share net holdback consideration will be made upon expiry of the holdback or upon resolution of all claims for damages, if there are any claims for damages outstanding when the holdback period expires.

Accordingly, stockholders of Nord Resources will receive an aggregate of **\$1.27** per share, prior to deduction of fees and expenses associated with the escrow arrangement for the holdback, if there are no claims for damages made during the holdback period.

The foregoing description of the Merger and the Merger Agreement is not complete and is qualified in its entirety by reference to the Merger Agreement. Nord Resources plans to file a copy of the merger agreement as an exhibit to the Current Report on Form 8-K to be filed by Nord Resources with the SEC in connection with execution of the merger agreement.
