Compensatory Arrangements of Certain Officers.

NeoGenomics, Inc. (the “Company”) today announced that Ms. Stephanie Bywater, age 47, has been appointed Chief Compliance Officer to serve effective May 1, 2018. Ms. Bywater replaces Steven Jones in this position. Mr. Jones has served as an Officer and Director of the Company for 15 years and will continue to serve as Executive Vice President and as a member of our Board of Directors, but consistent with the Company’s amended agreement with Mr. Jones, dated November 4, 2016, he has reduced his time commitment to the Company to 30% of his working time and attention, effective May 1, 2018.

Ms. Bywater has served the Company since May 2017 as the Compliance Officer. Prior to joining the Company, Ms. Bywater was the Global Compliance Operations & Americas Compliance Officer at Varian Medical Systems Inc., a radiation oncology medical device company. In this role, she was responsible for developing strategy for and overseeing global compliance operations and served as the compliance officer for one of three global regions, with a focus on international anti-corruption and anti-competition laws from 2015 to 2017. Prior to Varian, Ms. Bywater was the Compliance and Privacy Officer for Myriad Genetic Laboratories, where she implemented and provided oversight for programs supporting Anti-kickback Statute, Stark Law, billing and reimbursement, FDA, research, and global data privacy and protection requirements from 2010 to 2015. In addition to her private sector experience, since 2016, Ms. Bywater has served on the Advisory Board for the Center for Genomic Interpretation, a non-profit organization, where she consults and advises on compliance related matters. Ms. Bywater has a Bachelor of Science degree in Healthcare Administration from Northern Illinois University and is a Certified Healthcare Professional (CHP), Certified in Healthcare Privacy (CHP), and a Certified Internal Auditor (CIA).

The Company and Ms. Bywater entered into a letter of employment in May 2017, which provided that Ms. Bywater's salary would be \$200,000 per year, which was subsequently increased to \$207,000. Ms. Bywater is also eligible to receive a performance based bonus which was targeted at 20% of her base salary and subsequently increased to 25% of her base salary upon completion of specific metrics for such fiscal year. In the event that Ms. Bywater's performance exceeds the thresholds for the target bonus, she may be eligible to receive up to 150% of the target bonus. Ms. Bywater is entitled to participate in all medical and other benefits that the Company has established for its employees and is eligible for up to 4 weeks of paid time off per year.

Upon hire, Ms. Bywater was granted an option to purchase up to 50,000 shares of the Company’s common stock. Subsequently, Ms. Bywater was granted an additional option to purchase up to 24,000 shares of the Company’s common stock. Both option grants have an exercise price equal to the closing price per share at which such stock was quoted on the NASDAQ Stock Market on the date prior to the grant date. The option grants each have five year terms, subject to continued employment, and will vest ratably over the first three anniversary dates of the grant date.

Ms. Bywater does not have any family relationships with any of the Company’s other officers or directors.
