The ratio will change from the current 1 ADR per 20 ordinary shares to 1 ADR per 5 ordinary shares, a 1:4 ADR split. To effect this change, ADR holders will receive three additional ADRs for every one ADR held as of December 27, 2004, the record date. Commenting on the ADR ratio change, Vassily Sidorov, MTS President and CEO, said: MTS ADR price has increased more than five times since the Company's IPO in June 2000. Our ADRs are now more expensive than the majority of other companies' ADRs traded on the NYSE. By implementing this new ADR ratio, the Company aims to appeal to a wider investor audience and increase its stock liquidity.
