**Item 1.01. Entry into a Material Definitive Agreement.**

On June 22, 2006, Array BioPharma Inc. (the Company) entered into a series of agreements involving the assignment to BioMed Reality L.P. (BioMed) of options the Company has acquired to purchase the facilities that it occupies in Boulder and Longmont, Colorado and the subsequent lease of those facilities from BioMed. Pursuant to an Assignment Agreement dated June 22, 2006 between Array and BioMed (the Assignment Agreement), BioMed has agreed to purchase the Company's facilities in both Boulder and Longmont.

As part of the transaction, the Company entered into an Option Agreement on June 22, 2006 with 3200 Walnut LL, LLC (Walnut LLC), pursuant to which the Company acquired an option to purchase the Boulder facility. Pursuant to the Assignment Agreement, the Company assigned this option to purchase the Boulder facility as well as its existing option to purchase the Longmont facility, which it exercised on June 22, 2006, to BioMed for a total of \$30 million, payable in part upon the purchase and sale of the Boulder facility by BioMed (the Boulder Closing) and the remainder upon the purchase and sale of the Longmont facility by BioMed (the Longmont Closing).

The Company also entered into an Absolute Triple Net Lease dated June 22, 2006 with Walnut LLC that will be terminated at the Boulder Closing. The Absolute Triple Net Lease has a term of 10 years, a rental rate of \$20.00 per square foot annually subject to 3% annual increases, a tenant improvement allowance of \$5.8 million, and the right of Array to extend the term for two additional 5-year terms. The Absolute Triple Net Lease term would commence on April 1, 2008, which is the expiration of the Company's Sublease Agreement with Amgen dated July 17, 1998 (the Amgen Sublease), but only if the Boulder Closing failed to consummate.

Upon the Boulder Closing, the Company's Absolute Triple Net Lease with Walnut LLC will terminate and its Amgen Inc. Sublease for the Boulder facility will also terminate, and the Company will enter into a 10-year lease agreement with BioMed for the Boulder facility. Upon the Longmont Closing, the Company's lease agreement with Circle Capital dated February 28, 2000, as amended, for the Longmont facility will terminate and the Company will enter into a 10-year lease agreement with BioMed for the Longmont facility.

Array will receive an additional \$2 million to be used for leasehold improvements under the terms of the lease agreements with BioMed. The base rent payable to BioMed will be \$6.7 million annually and will increase by 2% per year for the combined 228,000 square feet of facilities space. Array has the option to extend one or both of the BioMed leases for up to two additional five-year terms.

Both the Boulder Closing and the Longmont Closing are expected to conclude in the third quarter of calendar 2006, subject to customary closing conditions, at which time BioMed will pay Array a total of \$32 million, as described above.

The press release announcing these facilities transactions is furnished as [Exhibit 99.1](#) hereto and incorporated herein by reference.
