As of that date, 10,173,746 shares of common stock, par value \$.01 per share (the *Common Stock*), of the Company were issued and outstanding and entitled to vote at the Meeting. The shares of Common Stock are the only outstanding voting securities of the Company. Stockholders are entitled to cast one vote for each share held of record.

An Annual Report to Stockholders, containing financial statements for the fiscal year ended December 31, 2006, is being mailed together with this proxy statement to all stockholders entitled to vote. All properly executed proxies returned in time to be counted at the Meeting will be voted as stated below under *Voting Procedures*. Any stockholder giving a proxy has the right to withhold authority to vote for any individual nominee to the Board of Directors by writing that nominee's name in the space provided on the proxy.

Stockholders should return properly executed proxies to the address on the proxy cards. Execution of a proxy will not in any way affect a stockholder's right to attend the Meeting and vote in person. A stockholder may revoke a proxy at any time before it is voted at the Meeting by notifying the Secretary of the Company in writing at the address set forth above, by submitting a properly executed proxy bearing a later date, or by revoking the proxy at the Meeting. Where a choice has been specified on the proxy with respect to these matters, the shares represented by the proxy will be voted in accordance with the specification and will be voted FOR these matters if no specification is indicated.

PROPOSAL 1**ELECTION OF DIRECTORS**

Each director of the Company is elected annually and holds office for the ensuing year and until his successor has been elected and qualified. The Company's By-laws state that the number of directors constituting the entire Board of Directors shall be determined by resolution of the Board of Directors. The Board of Directors has set the number of directors at five effective as of June 21, 2007.

Shares represented by all proxies received by the Board of Directors and not marked as withholding authority to vote for any individual director or for all directors will be voted FOR the election of all the nominees, unless one or more nominees is unable or unwilling to serve. The Board of Directors knows of no reason why any such nominee would be unable or unwilling to serve as a director, but if such should be the case, proxies may be voted for the election of some other person as the Board of Directors may recommend in his place, or for fixing the number of directors at a lesser number. The affirmative vote of a majority of the shares present, in person or by proxy, and entitled to vote on the election of directors is required to elect each member of the Board of Directors. See Voting Procedures.

THE BOARD OF DIRECTORS RECOMMENDS THE ELECTION OF MR. GRUVERMAN, MR. LITTLE, MR. ROY, MR. UVEGES AND MR. WALTERS AS DIRECTORS, AND PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR THEREOF UNLESS A STOCKHOLDER HAS INDICATED OTHERWISE ON THE PROXY.

Certain Relationships and Related Transactions

We are not now, nor have we been since the beginning of 2006, a party to any transaction, nor do we contemplate entering into any proposed transaction, with any related person (which term includes any of our directors or executive officers or any immediate family member of such directors or executive officers) the value of which exceeds \$65,150 (approximately one percent (1%) of the average of our total assets at year-end for the last three completed fiscal years), and in which any related person had or will have a direct or indirect material interest.

Policies And Procedures For Related Party Transactions

Our Board of Directors reviews, approves and/or ratifies all transactions involving related persons. The purpose of the review is to determine that such transactions are conducted on terms not materially less favorable to us than what would be usual and customary in transactions between unrelated persons and, in the case of transactions involving Directors, to determine whether such transactions affect the independence of a Director in accordance with the relevant rules and standards issued by the Securities and Exchange Commission. Our Code of Ethics provides guidance on business relations between us and our Directors, officers, and employees. We filed our Code of Ethics with our Annual Report on Form 10-K in 2005. The Code of Ethics is available on our website at <http://www.mficcorp.com/nethics.html>.

Based solely on a review of Forms 3, 4 and 5 and amendments thereto furnished to the Company by its reporting persons, no director, officer or beneficial owner of more than ten percent of any class of securities of the Company failed to file on a timely basis any report as required by Section 16(a) of the Exchange Act during the most recent fiscal year.

Board of Directors, Committees and Meetings

The business and affairs of the Company are managed on a day-to-day basis by the Company's management and executive officers, under the supervision and review of the Board of Directors. All stockholder communications are forwarded to the specific Director to whom it is addressed. If addressed to the Board of Directors as a whole, the Chairman of the Board of Directors reviews each communication and determines, in his judgment, whether to forward it to the Board of Directors as a whole. This process has been adopted by a majority of the Company's independent directors.

The Company expects, absent extraordinary circumstances, that each member of the Board of Directors will attend the Company's Annual Meeting of Stockholders. Last year, all members of the Board of Directors personally attended the 2006 Annual Meeting of Stockholders.

The Nominating and Corporate Governance Committee

The Board of Directors of the Company has a standing nominating and corporate governance committee comprised of Messrs. The Nominating and Corporate Governance Committee met 4 times and acted by unanimous written consent 0 times in 2006.

The Nominating and Corporate Governance Committee accepts and considers nominations by directors, executive officers, employees, advisors and consultants and security holders. The Company may hire an outside consultant to help in the search for a new director. Stockholders should submit nominations in writing to the Company's Board of Directors, which should be mailed to the Company's principal mailing address, addressed to the attention of the Corporate Secretary. When the Nominating and Corporate Governance Committee becomes aware of a vacant seat on the Board of Directors, whether because of retirement or resignation of a director or otherwise, the Nominating and Corporate Governance Committee, or a subcommittee thereof, reviews all nominations received, and recommends whether nominees should be submitted to the full Board of Directors. Neither the Nominating and Corporate Governance Committee nor the Board of Directors has established any specific minimum criteria or qualifications that a nominee must possess. The Nominating and Corporate Governance Committee and the Board of Directors review all nominees on the basis of the nominee's qualifications, including the nominee's independence, education and business experience. In addition, the Nominating and Corporate Governance Committee considers other factors, such as whether a nominee will have sufficient time to devote to being an active member of the Board of Directors.

Mr. Gruverman, who, with his spouse, is the holder of approximately 19.2% of the Company's outstanding securities, has previously recommended candidates for open director positions.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section discusses the material elements of compensation awarded to, earned by or paid to the executive officers identified in the Summary Compensation Table in this proxy statement (whom we refer to as our named executive officers) in 2006.

The Compensation Committee of our Board of Directors generally has responsibility for reviewing and determining on both an annual and an as-needed basis the compensation of our named executive officers and key employees and reporting to the Board regarding the foregoing. The Compensation Committee also has responsibility for administering our stock plans, determining the number of stock options, stock appreciation rights or shares of restricted stock, if any, to be granted under those plans and reporting to the Board regarding the foregoing. None of the named executive officers are members of the Compensation Committee. The current Compensation Committee members are Leo Pierre Roy (Chairman), James N. Little and George Uveges.

Overview of Compensation Programs and Objectives

The objectives of the Compensation Committee in recommending the levels and components of compensation for the named executive officers are to:

1. Attract, motivate and retain talented and dedicated executives;
2. Motivate performance to achieve our established goals and objectives; and

3. Provide both cash and equity incentives that align the interests of the named executive officers with the long-term interests of our stockholders.

The Compensation Committee reviews the achievement of corporate goals and individual contributions to our success. The Compensation Committee monitors the results of our executive compensation program to assure that the compensation paid to the named executive officers provides overall competitive pay levels and appropriately rewards superior performance. The Compensation Committee relies on judgment and not upon rigid guidelines or formulas in determining the amount or mix of compensation elements for each named executive officer. Factors affecting the Compensation Committee's judgment include performance compared to strategic goals, the nature of the named executive officer's responsibilities and his or her effectiveness in leading our initiatives to achieve our goals. Our Chief Executive Officer, or in the absence of a CEO our President, as the manager of the members of the executive team, assesses the executives' individual contributions to their respective departmental goals and makes recommendations to the Compensation Committee with respect to increases in base salary, discretionary bonus and long-term incentive awards, for each member of the executive team. The Compensation Committee evaluates, discusses and approves or modifies these recommendations. Each member of the Board who is independent in accordance with the standards of the Securities and Exchange Commission is permitted to attend the Compensation Committee meetings and participate in the discussion. However, approval of each named executive officer's compensation is made by the Compensation Committee and recommended to the Board for ratification. As described in more detail below, the material components of the named executive officers' compensation include base salary, discretionary bonus, long-term incentive awards, limited change-in-control benefits and related severance protection, and other employee benefits. The Compensation Committee believes that each element of our executive compensation program helps us to achieve one or more of our compensation objectives.

Base salaries, change-in-control benefits and other employee benefits are all primarily intended to attract and retain qualified executives. The value of these components in any given year is less dependent on performance than the other elements that comprise our executive compensation package. The Compensation Committee believes that we need to provide the named executive officers with a level of predictable compensation in order to attract and retain top-caliber executives and reward their continued services. The Compensation Committee's general philosophy is that discretionary bonuses and long-term incentive compensation should fluctuate with our success in achieving financial and other goals, and that we should continue to use long-term compensation such as stock options, restricted stock and stock appreciation rights to align stockholder and executives' interests. The Compensation Committee also believes that a mix of longer-term and short-term elements allows us to achieve the dual goals of attracting and retaining executives while motivating their continued performance and aligning their financial interests with those of our stockholders. In 2006, the Compensation Committee implemented a pay for performance approach to executive compensation, whereby the named executive officers, instead of receiving salary increases that we awarded to our other employees, could be eligible for participation in a bonus pool based on our achievement of certain financial criteria.

The Compensation Committee has used relevant data points for comparable companies, such as salary surveys, to assist it in determining the compensation for each of our named executive officers. The Compensation Committee has found it difficult to benchmark the compensation levels of our named executive officers within a peer group of comparable companies due to the nature of our business and technology. The Compensation Committee has evaluated the compensation practices of other high technology companies, including other publicly-held Massachusetts-based advanced materials, advanced technologies and small capital equipment manufacturing companies, in determining an appropriate level and mix of compensation. Among other sources, the Compensation Committee used the *Massachusetts Executive Compensation Report*, 2006, published by the Associated Industries of Massachusetts.

Current Material Elements

Base Salary. In determining the base salaries of our named executive officers in 2006, the Compensation Committee considered the performance of each named executive officer during the prior year, the nature of the named executive officer's responsibilities, the expectations for such named executive officer's performance in 2006 and our past compensation practice. Base salary is paid in cash.

The Compensation Committee customarily determines any adjustments to the base salary of each of our named executive officers at the end of the year preceding the year in which the adjustment will take effect or at the start of the year in which the adjustment will take effect. In December 2005, the Compensation Committee, after reviewing management's budget/forecast for 2006, recommended that the base salaries of our named executive officers remain unchanged for 2006. The Board adopted that position. The base salary that we paid to each of our named executive officers in 2006 is the amount reported for such officer in the Salary column of the Summary Compensation Table below.

Discretionary Bonuses. Discretionary bonuses, if any, for our named executive officers are paid in cash upon the achievement of certain goals. Such bonuses are structured either as payments on an individual basis to a particular named executive officer or as payments to some or all of the named executive officers from a bonus pool to which they are entitled to a certain percentage. The Compensation Committee customarily determines whether or not to grant discretionary bonuses to any of our named executive officers at the end of the year preceding the year in which the bonus is granted or at the start of the year in which the bonus is granted. In December 2005, the Compensation Committee recommended that our named executive officers participate in a bonus pool for possible payment during 2006 after actual financial performance became measurable. The pool was established as a function of our revenue and gross profit margin based on six-month and twelve-month results. The named executive officers' percentage of participation was to be determined pro rata based on their salaries. The Board adopted the Compensation Committee's recommendation. As a result, since our revenue for the six-months ended June 30, 2006 exceeded the Compensation Committee's threshold of \$6.6 million, with a minimum gross profit margin of 52%, and our revenue for the twelve-months ended December 31, 2006 exceeded the Compensation Committee's threshold of \$15.6 million, with a minimum gross profit margin of 52%, we placed \$15,000 and \$75,000, respectively, in the bonus pools for the six-month and twelve-month periods and allocated the bonuses among the named executive officers. The corresponding bonuses that we paid to each of our named executive officers for fiscal year 2006 are shown in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table below.

The Compensation Committee may recommend that discretionary bonuses be paid on an individual basis to a particular named executive officer using criteria which the Compensation Committee believes to be relevant, such as the performance of the particular officer or the accomplishment of specific objectives by such officer, as well as other factors such as our profitability, revenue, cash flow, customer generation, market share and industry position. The additional bonus that we paid to our President and Chief Operating Officer, Mr. Robert P. Bruno, as the result of our achievement of the revenue and gross profit margin for the twelve-months ended December 31, 2006 set forth above is shown in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table below.

Long-Term Incentive Compensation. Periodically, the Compensation Committee grants long-term incentive compensation to our named executive officers in order to provide a long-term incentive which is directly tied to the performance of our stock. These grants provide an incentive to maximize stockholder value by providing the executives an equity interest which further aligns their interests with those of the stockholders. Vesting periods associated with such grants are used to retain our named executive officers and to emphasize the long-term aspect of contribution and performance. In making grants of long-term incentive compensation to our named executive officers, the Compensation Committee considers a number of factors, including our performance, the performance of such persons, the achievement of specific delineated goals, the responsibilities of such persons, the number of stock options and other awards each such person currently possesses and the underlying value of the options and other awards held.

Our stockholders adopted our 2006 Stock Plan on June 20, 2006. Upon the adoption of the 2006 Stock Plan, we ceased granting new options and other awards under our 1988 Stock Plan and our 1989 Non-Employee Director Plan. The Compensation Committee will continue to administer our 1988 Stock Plan and our 1989 Non-Employee Director Plan so long as awards granted under such plans remain exercisable. Under the 2006 Stock Plan, the Compensation Committee may grant awards in the form of stock options, restricted share rights, performance share rights and stock appreciation rights.

Stock Options. Pursuant to the terms of the 2006 Stock Plan, stock options granted to our named executive officers usually have a term of ten years (five years in the case of Mr. Irwin J. Gruverman, due to his ownership of more than 10% of our shares). The exercise price of these grants is 100% of the closing price (110% in the case of Mr. Gruverman, due to his ownership of more than 10% of our shares) of the underlying Common Stock on the date of grant. In general, the options granted to our named executive officers vest in equal annual installments over a four-year period beginning one year after the date of grant. The Compensation Committee may, in certain instances, adjust the vesting period for performance-based options.

Restricted share rights, performance share rights and stock appreciation rights. Restricted share rights typically cliff vest, all at one time, at a date several years subsequent to their grant date. Performance restricted share rights vest upon the achievement of milestones as defined by the Compensation Committee. Stock appreciation rights, which may be paid in cash, allow the Compensation Committee to award units that derive their value from the appreciation in our stock without the issuance of additional shares. We did not issue any awards of restricted share rights, performance share rights or stock appreciation rights to our named executive officers in 2006. Awards of restricted stock and stock appreciation rights are not currently intended to comprise a major part of our long-term incentive compensation strategy. The Compensation Committee may elect, however, from time to time, to grant these types of awards as particular situations arise.

Equity Grant Practices. The Compensation Committee may grant awards to our named executive officers or other eligible participants under our 2006 Stock Plan at any time during the year, including in connection with the hiring or promotion of employees or based upon other special circumstances or performance. In accordance with longstanding policy, we do not backdate or reprice options or grant options retroactively. In addition, we do not coordinate grants of options so that they are made before announcements of favorable information, or after announcements of unfavorable information. Our options are granted at fair market value (deemed to be the closing price of the underlying Common Stock on the date of grant) on a fixed date or event (such as the first Board meeting following an employee's hire), with all required approvals obtained in advance of or on the actual grant date. Board and Compensation Committee meetings are generally scheduled months in advance and scheduling decisions are made without regard to our anticipated earnings or other major announcements. In 2006, we ceased our practice of granting options to new employees on, or effective as of, their date of hire and instead instituted a policy

whereby options are granted to such individuals effective as of the next regularly scheduled Board meeting following their date of hire.

Change-in-Control Benefits and Severance Protection. The change-in-control benefits and related severance protection provided to each of our named executive officers include the provisions in our 2006 Stock Plan that accelerate the vesting of certain awards upon our change in control. Pursuant to our 2006 Stock Plan, outstanding stock options, restricted stock and stock appreciation rights granted to a named executive officer may be assumed by a successor corporation or accelerated if not assumed. In addition, 50% of the unvested portion of an award will accelerate if, within 12 months following a change in control, the successor corporation for a reason other than cause terminates the employment of a named executive officer who holds an award pursuant to the 2006 Stock Plan. These change-in-control provisions apply not only to our named executive officers but to any participant in our 2006 Stock Plan.

Other Compensation and Benefits. Our named executive officers participate in the same group insurance and employee benefit plans as our other salaried employees. As a policy, we do not provide loans or other perquisites to our named executive officers. The lone exception to this policy is reflected in the *All Other Compensation* column of the Summary Compensation Table below, which notes the fact that we pay a quarterly premium for \$100,000 in additional life insurance for Mr. Bruno.

Employment Agreements

As of December 31, 2006, we do not have employment agreements or agreements providing for payments upon resignation, retirement, other termination or following a change in control with any of our named executive officers. Our named executive officers serve at the will of the Board, which enables us to terminate their employment with discretion as to the terms of any severance arrangement. As noted above, upon a change in control, the vesting of certain awards made to our named executive officers under the 2006 Stock Plan may accelerate.

Stock Ownership Guidelines

The Company currently does not require our directors or named executive officers to own a particular amount of our Common Stock. The Compensation Committee recommends stock and option holdings to our directors and named executive officers to provide motivation to this group and to align their interests with those of our stockholders. The majority of our directors and named executive officers are stockholders.

Return of Incentive Compensation by an Executive

In the case of a significant restatement of our financial results caused by a named executive officer's fraudulent or intentional misconduct, the Board may take action to seek reimbursement of any portion of performance-based or incentive compensation that was paid or awarded to such executive which would not have been paid or awarded if such compensation had been calculated based on the restated financial results. The Audit Committee of the Board will determine whether a financial restatement is significant and will make an initial determination of the cause of the restatement.

Compensation Consultant

Neither we nor the Compensation Committee has any contractual arrangement with any compensation consultant who has a role in determining or recommending the amount or form of named executive officer or director compensation. In the future, either we or the Compensation Committee may engage or seek the advice of one or more compensation consultants.

Compliance with Section 162(m)

The Compensation Committee currently intends for all compensation paid to our named executive officers to be tax deductible to us pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended (Section 162(m)). Section 162(m) provides that we cannot deduct for Federal income tax purposes compensation paid to our named executive officers in excess of \$1,000,000, unless, in general, (1) such compensation is performance-based, established by a committee of outside directors and objective, and (2) the plan or agreement providing for such performance-based compensation has been approved in advance by stockholders. The Compensation Committee believes that stockholder interests are best served by not restricting the Committee's discretion and flexibility in crafting compensation programs, even though such programs may result in certain non-deductible compensation expenses. Accordingly, in the future, the Compensation Committee may determine to adopt a compensation program that does not satisfy the conditions of Section 162(m) if in its judgment, after considering the additional costs of not satisfying Section 162(m), such program is appropriate. However, the Compensation Committee does not anticipate paying any named executive officers in excess of \$1,000,000 in the near term.

Discussion of Summary Compensation and Grants of Plan-Based Awards Tables

Our executive compensation policies and practices, pursuant to which the compensation set forth in the Summary Compensation Table and the Grants of Plan-Based Awards Table was paid or awarded, are described above under Compensation Discussion and Analysis. In 2006, we implemented a bonus pool for our named executive officers. The terms of our 2006 bonus pool are described above under Compensation Discussion and Analysis Current Material Elements Discretionary Bonuses. The bonuses paid in connection with this bonus pool are reported as Non-Equity Incentive Plan Compensation in the Summary Compensation Table. Additionally, in the Grants of Plan-Based Awards Table, the Estimated Future Payouts Under Non-Equity Incentive Plan Awards column for each of our applicable named executive officers relates to awards we granted to such named executive officers in 2006 that could result in bonuses earned by them in 2007. As in 2006, these bonuses will be determined as a function of our revenue and gross profit margin based on six-month and twelve-month results. The target levels recommended by the Compensation Committee and adopted by the Board of Directors are subject to change at the discretion of the Board of Directors at any time. To produce the maximum payout under the bonus pool for 2007, we would have to achieve revenue growth of approximately 27.5% and 18.2%, respectively, and improve gross profit margin by approximately 1 and 0 percentage points, respectively, for the six and twelve-month periods compared to the corresponding periods in 2006.

PROPOSAL 2

RATIFICATION OF THE BOARD OF DIRECTORS APPOINTMENT OF AUDITORS

The Board of Directors has approved the appointment by the Audit Committee of the firm of UHY LLP, independent auditors, to serve as auditors for the fiscal year ending December 31, 2007. UHY LLP (formerly Brown & Brown, LLP) served as the Company's independent auditors in 2006. Brown & Brown, LLP served as the Company's independent auditors from 2001 until 2006. The Board of Directors recommends that the stockholders approve this appointment, although such ratification is not required under Delaware law, or the Company's Certification of Incorporation or By-Laws. The directors have decided that an affirmative vote of a majority of the shares present, in person or represented by proxy, at the Meeting and entitled to vote be required to ratify such appointment. It is expected that a member of the firm of UHY LLP will be present at the Meeting. The representative will be given the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

In the event that ratification of the Board of Directors' appointment of UHY LLP is not obtained at the Meeting, the Board of Directors will reconsider their appointment.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF UHY LLP AS THE COMPANY'S AUDITORS, AND PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED IN FAVOR OF SUCH RATIFICATION UNLESS A STOCKHOLDER HAS OTHERWISE INDICATED ON THE PROXY CARD.

INDEPENDENT ACCOUNTANT FEES FOR FISCAL 2006

Audit Fees

The firm of UHY LLP (UHY) acts as the Company's principal independent registered public accounting firm. Through December 31, 2006, UHY had a continuing relationship with UHY Advisors, Inc. (Advisors) from which it leased auditing staff who were full time, permanent employees of Advisors and through which UHY's partners provide non-audit services. UHY has no full time employees and therefore, none of the audit services performed were provided by permanent full-time employees of UHY. UHY manages and supervises the audit services and audit staff, and is exclusively responsible for the opinion rendered in connection with its examination.

During the fiscal years ended December 31, 2006 and December 31, 2005, UHY LLP (UHY), formerly Brown & Brown, LLP, was paid approximately \$91,000 and \$87,000 respectively for the audit of the Company's financial statements and review of financial statements included in the Company's reports on Form 10-Q or services that are normally provided by UHY LLP in connection with statutory and regulatory filings or engagements for those fiscal years. All services were approved by the Audit Committee.

Audit-Related Fees

During the fiscal years ended December 31, 2006 and December 31, 2005, UHY received no payments for assurance and related services reasonably related to the performance of audit or review of the Company's financial statements and are not reported under Audit Fees above. All services were approved by the Audit Committee.

Tax Fees

During the fiscal years ended December 31, 2006 and December 31, 2005, UHY was paid approximately \$22,000 and \$16,000 respectively for tax compliance, tax advice and tax planning services. All services were approved by the Audit Committee.

All Other Fees

During the fiscal years ended December 31, 2006 and December 31, 2005, UHY was paid approximately \$46,000 and \$27,000, respectively, for non-audit services. All services were approved by the Audit Committee.

For each fiscal year, the Audit Committee reviews the proposed audit and audit-related services as well as proposed permissible non-audit services to be provided by the Company's independent public accountants and approves those services it believes to be necessary and advisable. During the year, situations may arise in which the Company desires to engage the independent public accountants to perform services that were not foreseeable at the time of the initial approval. The Audit Committee pre-approves any such additional services as required by the Securities and Exchange Commission. The Audit Committee may delegate authority to one or more of its members to pre-approve any audit or non-audit service, provided that any pre-approval decisions are reported to the Audit Committee at its next regularly scheduled meeting.

The Audit Committee has considered whether the provision of non-core audit services to the Company by the Company's principal auditor is compatible with maintaining independence and have affirmed in each instance that the provision of such services was compatible with the principal auditor's independent role.

VOTING PROCEDURES

The presence, in person or by proxy, of at least a majority of the outstanding shares of Common Stock entitled to vote at the Meeting is necessary to establish a quorum for the transaction of business. Shares represented by proxies pursuant to which votes have been withheld from any nominee for director, or which contain one or more abstentions or broker non-votes, are counted as present for purposes of determining the presence or absence of a quorum for the Meeting. A non-vote occurs when a broker or other nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the broker does not have discretionary voting power and has not received instructions from the beneficial owner.

For all matters being submitted to Stockholders at the Meeting, the affirmative vote of a majority of shares present, in person or represented by proxy, and entitled to vote on that matter is required for approval. Shares voted to abstain, since they are not affirmative votes for the matter, will have the same effect as votes against the matter, while broker non-votes, since they are not entitled to vote for the matter, have no effect on the vote.

OTHER BUSINESS

The Board of Directors knows of no business that will be presented for consideration at the Meeting other than that stated above. If any other business should come before the Meeting, votes may be cast pursuant to proxies in respect to any such business in the best judgment of the person or persons acting under the proxies.

STOCKHOLDER PROPOSALS

Under Rule 14a-8 promulgated under the Securities and Exchange Act of 1934, stockholders of the Company may present proper proposals for inclusion in the Company's proxy statement and for consideration at the next annual meeting of stockholders by submitting their proposals to the Company in a timely manner. In order to be considered for inclusion in the proxy statement distributed to stockholders prior to the annual meeting in the year 2008, a stockholder proposal must be received by the Company no later than December 27, 2007 and must otherwise comply with the requirements of Rule 14a-8. In order to be considered for presentation at the annual meeting of stockholders in the year 2008, although not included in the proxy statement, a stockholder proposal must comply with the requirements of the

Company's by-laws and be received by the Company no later than April 23, 2008. Stockholder proposals should be delivered in writing to Jack M. Swig, Secretary, MFIC Corporation, P.O. Box 9101, 30 Ossipee Road, Newton, Massachusetts 02464-9101.

EXPENSES AND SOLICITATION

The cost of solicitation of proxies will be borne by the Company. Proxies will be solicited principally through the mail. Directors, officers and regular employees of the Company may make further solicitation of proxies from some stockholders personally, by telephone, telegraph or special letter. No additional compensation, except for reimbursement of reasonable out-of-pocket expenses, will be paid for any such further solicitation. In addition, the Company may request banks, brokers, and other custodians, nominees and fiduciaries to solicit customers of theirs who have shares of the Company registered in the name of the nominee. The Company will reimburse any such persons for their reasonable out-of-pocket expenses. The Company may engage a proxy solicitor to which it would pay customary fees and expenses.
