The following employee communication was issued by Telephone and Data Systems, Inc. (TDS) on March 13, 2009:

To: The Associates and Employees of the TDS Family of Companies

You may have seen some recent media coverage about TDS and U.S. Cellular and proposals by some of our shareholders. Not surprisingly, some people have raised questions about this activity and so I write to give you my perspective.

TDS is a \$5 billion, Fortune 500® company that is very well positioned to continue to play a key role in the growth of the telecommunications industry. We have a great future, we are financially strong and we have the resources to take advantage of growth opportunities as they arise.

While, as a publicly traded company, we always welcome input from all of our shareholders, it is important to remember that our Company is unique in that it has a controlling shareholder. I believe firmly that by continuing to build and operate TDS, U.S. Cellular, TDS Telecom, and Suttle-Straus, and by continuing to provide outstanding service to our customers, we can grow the Company and increase long-term shareholder value. I want you to know that the Company remains as focused as ever on that goal.

While media stories can sometimes be distracting, I ask that you — our talented and dedicated associates and employees — remain focused on doing what you do best and that is to deliver the best quality service and networks to our customers.

If you receive any inquiries from the press or others outside the Company about media stories, please refer them to Mark Steinkrauss in Investor Relations at 312-592-5384 or mark.steinkrauss@teldta.com.

Thank you for your ongoing efforts and dedication.

Yours truly,

Ted Carlson
TDS President and CEO
