PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of BioClinica, Inc., a Delaware corporation, referred to as the Company or BioClinica, we, us or our, of proxies to be voted at the Annual Meeting of Stockholders of BioClinica to be held on May 16, 2012, referred to as the Meeting, at the Company's principal executive offices at 826 Newtown-Yardley Road, Newtown, Pennsylvania 18940, at 11:00 A.M., local time, and at any adjournment or adjournments thereof. Holders of record of common stock, \$0.00025 par value, referred to as our common stock, as of the close of business on March 30, 2012, will be entitled to notice of and to vote at the Meeting and any adjournment or adjournments thereof. As of that date, there were 15,662,259 shares of common stock issued and outstanding and entitled to vote. Each share of common stock is entitled to one vote on any matter presented at the Meeting. The aggregate number of votes entitled to be cast at the Meeting is 15,662,259.

If proxies in the accompanying form are properly executed and returned, the shares of common stock represented thereby will be voted in the manner specified therein. If not otherwise specified, the shares of common stock represented by the proxies will be voted: (i) FOR the election of the nine nominees named below as directors; (ii) FOR the approval to amend the 2010 Stock Incentive Plan; (iii) FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2012; and (iv) in the discretion of the persons named in the enclosed form of proxy, on any other proposals which may properly come before the Meeting or any adjournment or adjournments thereof. Proxies that are executed but undesignated may be voted by the Company, but may not be voted by brokers with respect to: (i) the election of the nine nominees named below as directors and (ii) the amendment of the Company's 2010 Stock Incentive Plan, without instructions from the beneficial owner as to how such shares of common stock represented thereon will be voted. Any stockholder who has submitted a proxy may revoke it at any time before it is voted, by written notice addressed to and received by the Secretary of BioClinica, by submitting a duly executed proxy bearing a later date or by electing to vote in person at the Meeting. The mere presence at the Meeting of the person appointing a proxy does not, however, revoke the appointment.

The presence, in person or by proxy, of holders of shares of common stock having, in the aggregate, a majority of the votes entitled to be cast at the Meeting shall constitute a quorum. The affirmative vote by the holders of a plurality of the shares of common stock represented at the Meeting is required for the election of directors (proposal one), provided a quorum is present in person or by proxy. Provided a quorum is present in person or by proxy, proposal two and proposal three require the approval of the affirmative vote of a majority of the shares represented in person or by proxy at the Meeting and entitled to vote thereon.

Abstentions are included in the shares present at the Meeting for purposes of determining whether a quorum is present, and are counted as a vote against for purposes of determining whether a proposal is approved. Broker non-votes (when shares are represented at the Meeting by a proxy conferring only limited authority to vote on certain matters and no authority to vote on other matters) are

included in the determination of the number of shares represented at the Meeting for purposes of determining whether a quorum is present but are not counted for purposes of determining whether a proposal has been approved and thus have no effect on the outcome. Brokers may vote on proposal three in their discretion but may only vote on proposals one and two as directed by the beneficial owner of the shares of common stock voted thereon.

This Proxy Statement, together with the related proxy card, is being mailed to our stockholders on or about April 9, 2012. Corporate Governance Guidelines

Our Board of Directors has long believed that good corporate governance is important to ensure that we are managed for the long-term benefit of our stockholders. During the past year, our Board of Directors has continued to review our governance practices in light of the Sarbanes-Oxley Act of 2002, the new rules and regulations of the Securities and Exchange Commission, or the SEC, and the new listing standards of the NASDAQ Stock Market, LLC, or NASDAQ.

Our corporate governance guidelines provide that directors are expected to attend the Annual Meeting of Stockholders. All of the directors attended the 2011 Annual Meeting of Stockholders.

Our Board of Directors has adopted corporate governance guidelines to assist it in the exercise of its duties and responsibilities and to serve the best interests of BioClinica and its stockholders. These guidelines, which provide a framework for the conduct of the Board of Directors business, include that:

- the principal responsibility of the directors is to oversee the management of BioClinica;
- a majority of the members of the Board of Directors shall be independent directors;
- the independent directors meet regularly in executive session;
- directors have full and free access to management and, as necessary and appropriate, independent advisors;
- new directors participate in an orientation program and all directors are expected to participate in continuing director education on an ongoing basis; and
- at least annually, the Board of Directors and its committees will conduct a self-evaluation to determine whether they are functioning effectively.

Board Determination of Independence

Under NASDAQ rules, a director will only qualify as an independent director if, in the opinion of our Board of Directors, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our Board of Directors has determined that each of Dr. Berg, Mr. Coyne, Mr. Davidoff, Ms. LoCastro, Dr. Nowicki, Dr. Olukotun, Mr. Parker and Mr. Repko do not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an independent director as defined under Rule 5605(a)(2) of the NASDAQ Marketplace Rules.

Each Audit Committee member is an independent member of the Board of Directors as defined under NASDAQ rules, including the independence requirements of Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act. As an independent director of our Board of Directors, each Audit Committee member is not an officer or employee of BioClinica or its subsidiaries and does not have a relationship which, in the opinion of our Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In addition, the Audit Committee was established in accordance with Section 3(a)(58)(A) of the Exchange Act.

Our Board of Directors has determined that Mr. Davidoff, Ms. LoCastro and Mr. Parker, current directors and members of the Audit Committee, are each an audit committee financial expert as defined in Item 407(d)(5)(ii) of Regulation S-K.

Compensation Committee Interlocks and Insider Participation

Except for Mr. Weinstein, none of our executive officers serves as a member of the board of directors or compensation committee, or other committee serving an equivalent function, of any other entity that has one or more of its executive officers serving as a member of our Board of Directors or Compensation Committee. None of the members of our Compensation Committee has ever been our employee or one of our officers.

Director Candidates

The process followed by the Nominating and Corporate Governance Committee to identify and evaluate director candidates includes requests to Board of Directors members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Nominating and Corporate Governance Committee and the Board of Directors. The Nominating and Corporate Governance Committee nominated each of the foregoing nominees to our Board of Directors, other than Mr. Repko who was designated by Covance Inc.

In considering whether to recommend any particular candidate for inclusion in the Board of Directors' slate of recommended director nominees, the Nominating and Corporate Governance Committee will apply the criteria contained in the Nominating and Corporate Governance Committee's charter. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, age, diversity, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. In addition, although we do not have a formal diversity policy, diversity is one of the criteria for nomination. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities.

Stockholders may recommend individuals to the Nominating and Corporate Governance Committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than \$2,000 in market value, or 1% of our common stock for at least one year as of the date such recommendation is made, to: Nominating and Corporate Governance Committee, c/o Corporate Secretary, BioClinica, Inc., 826 Newtown-Yardley Road, Newtown, Pennsylvania 18940. Assuming that appropriate biographical and background material has been provided on a timely basis, the Nominating and Corporate Governance Committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Board of Directors Leadership Structure and Role in Risk Oversight

The Board of Directors evaluates its leadership structure and role in risk oversight on an ongoing basis. The Company's Board of Directors leadership structure has separated the Chairman of the Board of Directors and President and Chief Executive Officer roles into two positions. Currently, David E. Nowicki, D.M.D. is the Chairman of the Board of Directors and Mark L. Weinstein is the President and Chief Executive Officer. The Board of Directors determines what leadership structure it deems appropriate based on factors such as the experience of the applicable individuals, the current business environment of the Company or other relevant factors. After considering these factors, the Board of Directors determined that continuing to separate the positions of Chairman of the Board of Directors and President and Chief Executive Officer is the appropriate Board of Directors leadership structure at this time.

The Board of Directors is also responsible for oversight of the Company's risk management practices while management is responsible for the day-to-day risk management processes. This division

of responsibilities is the most effective approach for addressing the risks facing the Company, and the Company's Board of Directors leadership structure supports this approach. The Board of Directors receives periodic reports from management regarding the most significant risks facing the Company. In addition, the Audit Committee assists the Board of Directors in its oversight role by receiving periodic reports regarding the Company's risk and control environment. Furthermore, the Compensation Committee and Audit Committee work together to review any potential short-term or long-term risks as a result of the current decisions of the Company's management.

Communicating with the Directors

Our Board of Directors will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. The Chairman of the Board of Directors, with the assistance of our outside counsel, is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he considers appropriate. Under procedures approved by a majority of the independent directors, communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the Chairman considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which the Company tends to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the Board of Directors should address such communications to: Board of Directors c/o Corporate Secretary, BioClinica, Inc., 826 Newtown-Yardley Road, Newtown, Pennsylvania 18940.

Code of Business Conduct and Ethics

We have adopted a written Code of Business Conduct and Ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or corporate controller, or persons performing similar functions. Our Code of Business Conduct and Ethics contains written standards designed to deter wrongdoing and to promote:

- honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;

- full, fair, accurate, timely, and understandable disclosure in reports and documents filed with the SEC;

- compliance with applicable governmental laws, rules and regulations;

- the prompt internal reporting of violations of our Code of Business Conduct and Ethics to an appropriate person or persons identified in our Code of Business Conduct and Ethics; and

- accountability for adherence to our Code of Business Conduct and Ethics.

Each of our employees, officers and directors completed a signed certification to document his or her understanding of and compliance with our Code of Business Conduct and Ethics. A copy of our Code of Business Conduct and Ethics may be obtained from our website at www.bioclinica.com.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee has furnished the following report:

To the Board of Directors of BioClinica, Inc.:

The Audit Committee of our Board of Directors is currently composed of four members and acts under a written charter adopted on September 1, 2000, and amended and restated on February 5, 2003, March 26, 2004 and December 13, 2011. The current members of the Audit Committee are independent directors, as defined by its charter and the rules of the NASDAQ Global Market, and possess the financial sophistication required by such charter and rules. The Audit Committee held six meetings during fiscal 2011.

Management is responsible for our financial reporting process including its system of internal controls and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. Our independent registered public accounting firm is responsible for auditing those financial statements. The Audit Committee's responsibility is to monitor and review these processes. As appropriate, the Audit Committee reviews and evaluates, and discusses with our management and our independent registered public accounting firm, the following:

- the plan for, and the independent registered public accounting firm's report on, each audit of our financial statements;
- the independent registered public accounting firm's review of our unaudited interim financial statements;
- our financial disclosure documents, including all financial statements and reports filed with the Securities and Exchange Commission or sent to stockholders;
- our management's selection, application and disclosure of critical accounting policies;
- changes in our accounting practices, principles, controls or methodologies;
- significant developments or changes in accounting rules applicable to us; and

Edgar Filing: BIOCLINICA INC - Form DEF 14A

- the adequacy of our internal controls and accounting and financial personnel.

The Audit Committee discussed with the independent registered public accountants the matters required to be discussed by Statement of Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. These standards require our independent registered public accounting firm to discuss with our Audit Committee, among other things, the following:

- methods used to account for significant unusual transactions;
- the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;
- the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors conclusions regarding the reasonableness of those estimates; and
- disagreements with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

The Audit Committee received from the independent registered public accountants the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accountants' communications with the Audit Committee concerning independence, discussed their independence with them and satisfied itself as to the independence of the independent registered public accountants. The Audit Committee also considered whether our independent registered public accounting firm's provision of certain other non-audit related services to the Company is compatible with maintaining our auditors' independence.

Based on our discussions with management and our independent registered public accounting firm, and our review of the representations and information provided by management and the independent registered public accounting firm, the Audit Committee recommended to our Board of Directors of directors that the audited financial statements referred to above be included in our Annual Report on Form 10-K for the year ended December 31, 2011.

(a) Mr. Repko, as the representative of Covance, Inc., declined and was not paid any compensation for his board service in the 2011 fiscal year. Mr. Repko would have earned fees of \$25,000 in cash and restricted stock units with a grant date fair value of \$52,800 had he not declined such compensation.

(b) Represents the cash retainer fees earned for service on the Board of Directors and Board of Directors committees during the 2011 fiscal year.

(c) Represents the grant-date fair value of the restricted stock units awarded to each non-employee director (other than Mr. Repko who did not receive any restricted stock unit awards) during the 2011 fiscal year. The applicable grant-date fair value of each award was determined in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 (FASB ASC Topic 718) and accordingly was calculated by multiplying the number of shares of our common stock subject to the award by the \$5.28 fair market value per share of our common stock on the award date, without any adjustment for estimated forfeitures related to such service vesting. These amounts reflect the Company's accounting expense and do not correspond to the actual value that will be realized by each non-employee director. For information on the valuation assumptions, refer to Note 9 Stock Based Compensation of the Notes to Financial Statements in our 2011 Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 27, 2012. Mr. Repko, as the representative of Covance, Inc., declined any compensation for his service on the Board of Directors.

Each restricted stock unit which vests will entitle the director to one share of common stock upon his or her cessation of Board of Directors service. The restricted stock units will vest as to one-twelfth (1/12) of the covered shares upon completion of each successive month of Board of Directors service over the twelve-month period measured from the grant date. The restricted stock units are subject to a pro-rata reduction if a director attends less than seventy-five percent (75%) of all Board of Directors meetings and all meetings of any committee on which he or she serves during the applicable vesting period.

All of our directors are reimbursed for their expenses for each Board of Directors meeting and each Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee meeting attended.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis details the principles underlying our compensation policies and decisions and the principal elements of compensation paid to our executive officers for fiscal 2011 and our plans for fiscal 2012. BioClinica's Chief Executive Officer, the CEO, the Chief Financial Officer, the CFO, and the other executive officers included in the Summary Compensation Table below will be referred to as the named executive officers for purposes of this discussion. The named executive officers are the only executive officers of BioClinica.

Compensation Objectives and Philosophy

The Compensation Committee, or the Committee, of our Board of Directors, is responsible for reviewing and approving the compensation payable to our named executive officers. As part of such process, the Committee seeks to accomplish the following objectives with respect to our executive compensation programs:

- Recruit, motivate and retain executives capable of meeting our strategic objectives;
- Provide incentives to ensure superior executive performance, successful financial results for BioClinica and the creation of value for our stockholders; and
- Align the interests of executives with the long-term interests of stockholders.

The Committee seeks to achieve these objectives by:

- Establishing a compensation structure that is both market competitive and internally fair;
- Linking a substantial portion of compensation to our achievement of financial objectives and the individual's contribution to the attainment of those objectives;
- Providing below target for underachievement and above target awards for overachievement of goals;
- Providing long-term, equity-based incentives and encouraging direct share ownership by our named executive officers; and
- Performance-based compensation in the form of short-term (including cash bonuses) and long-term incentives (including equity grants) on average constituted over 50% of fiscal 2011 total target compensation for our named executive officers.

Setting Executive Compensation

Edgar Filing: BIOCLINICA INC - Form DEF 14A

The Committee awards both short-term and long-term compensation for current performance, and also awards incentives to achieve short-term and long-term goals. Short-term compensation is typically in the form of base salary and annual cash incentive bonuses, and long-term compensation is typically in the form of equity with long-term vesting schedules. Because of the current condition of the economy, the nature of our business and the way we operate the business and implement our strategies, we may not witness for several years the positive results of many decisions made or actions taken by our named executive officers in the current fiscal year, including strategies implemented to manage risk and position us for future growth. Accordingly, the Committee, by seeking a balance of short-term and long-term compensation, seeks to motivate and reward named executive officers for their current decisions that may not produce immediate or short-term results, but will likely have a positive long-term effect on our business and financial results. The Committee also periodically reviews, along with the Audit Committee of the Board of Directors, any potential short-term or long-term risks as a result of our

compensation policies and decisions. Currently, the Committee believes that these risks are not reasonably likely to have a material adverse effect on our business. Nonetheless, the Committee, working with the Audit Committee, seeks to mitigate any such risks to the extent possible.

The Committee has the sole authority to approve independent compensation consultant fees and terms of engagement. For fiscal 2011, the Committee engaged J. Richard & Co., or J. Richard, a nationally recognized independent compensation consulting firm, to provide competitive compensation data and general advice on our compensation programs and policies for named executive officers. J. Richard also provides consulting on the compensation of the Board of Directors; other than this consulting, J. Richard does not provide any other service to BioClinica. During fiscal 2011, J. Richard performed a market analysis of the compensation paid by comparable peer group companies. J. Richard provided the Committee with recommended compensation ranges for the named executive officers based on the competitive data, which is derived from public filings and industry reports. In addition, the CEO provided the Committee with a detailed review of the performance of the other named executive officers and made recommendations to the Committee with respect to the compensation packages for those named executive officers, other than himself, for fiscal 2011. On an annual basis, the Committee reviews J. Richard's qualifications in order to determine whether J. Richard will be re-engaged to consult with respect to our compensation programs and policies for the upcoming fiscal year.

It is the Committee's objective to target the total direct compensation (salary, bonus potential and equity awards) of each named executive officer at a level comparable to and competitive with similar positions in our selected peer group. However, in determining the total direct compensation of each named executive officer, the Committee also considers a number of other factors, including recent BioClinica and individual performance, the CEO's recommendations as to compensation levels for named executive officers, other than himself, the named executive officer's level of responsibility, the cost of living in the Philadelphia and surrounding area and internal pay equity. There is no pre-established policy for allocation of compensation between the cash and equity components or between short-term and long-term components. Instead, the Committee determines the mix of compensation for each named executive officer based on its review of the data for comparable positions at competitive peer group companies and its analysis of that individual's performance and such individual's contribution to our financial performance and to BioClinica's long term growth.

The peer group used for competitive comparisons for fiscal 2011 reflects companies providing a similar mix of services as BioClinica and within a reasonable range of our revenues and consisted of the following companies: Accelrys, Inc., Caliper Life Sciences, Inc., Computer Programs & Systems, Inc., Demandtec, Inc., Enzo Biochem, Inc., eResearch Technology, Inc., Healthstream, Inc., Luminex Corporation, Medidata Solutions, Inc., Medware Information Systems, Inc., Medtox Scientific, Inc., Merge Healthcare Inc., Orchid Cellmark Inc., Vocus, Inc.

Components of Compensation

For fiscal 2011, our executive compensation program for the named executive officers was comprised of the following components:

- Base salary;
- Annual short-term cash incentive;
- Long-term equity incentive awards; and
- Customary benefits.

Base Salary

In General It is the Committee's objective to set a competitive rate of annual base salary for each named executive officer. The Committee believes competitive base salaries are necessary to attract and retain top quality executives, since it is common practice for public companies to provide their named executive officers with a component of compensation that provides a level of security and stability from year to year and is not dependent, to any material extent, on our financial performance. In addition, Messrs. Weinstein, Kaminer and Benton each have an existing employment agreement with BioClinica, which sets a minimum annual salary, subject to periodic upward adjustment at the discretion of the Committee or our Board of Directors. For fiscal 2009 and fiscal 2010, each named executive officer's base salary was not increased, based upon the recommendation of the CEO, because of the prevailing economic environment and in order to maintain our general and administrative expenses.

Fiscal 2012 - The Committee worked with J. Richard to establish salary bands, based on a review of compensation awarded for comparable positions at competitive peer group companies, for the named executive officers for fiscal 2012, with minimum to maximum opportunities that cover the normal range of market variability. The actual base salary for each named executive officer was then derived from those salary bands based on his responsibility, tenure and past performance and market comparability. The CEO also provided the Committee with recommendations for base salaries for the named executive officers, other than himself, for fiscal 2012. For fiscal 2012, this process, together with the Committee's recognition of the cost of living in the Philadelphia and surrounding area resulted in the Committee setting the base salaries of the named executive officers at a level comparable to and competitive with similar positions in our selected peer group and also as compared to the executive's total compensation.

The table below shows annual base salary rates for each named executive officer:

Name	Title	2011 Salary	2012 Salary	% Increase from 2011
Mark L. Weinstein (1)	President & CEO	\$ 415,000	\$ 449,000	8.2%
Ted I. Kaminer	Executive VP Finance & Administration & CFO	\$ 310,000	\$ 330,000	6.5%
Peter S. Benton	Executive VP, President eClinical Solutions	\$ 290,000	\$ 305,000	5.2%
David A. Pitler (2)	Executive VP, President Medical Imaging Solutions	\$ 280,000		
Garry D. Johnson (3)	Executive VP, Chief Technology Officer		\$ 290,000	

(1) In 2011, Mr. Weinstein received an additional benefit of a monthly car allowance of \$750, which was eliminated in 2012. This was taken into consideration when establishing Mr. Weinstein's 2012 annual base salary, therefore, excluding the adjustment for the elimination of this car allowance, his base salary increased by 6% over the prior year.

(2) Mr. Pitler was no longer a named executive officer on May 8, 2011.

(3) Mr. Johnson became a named executive officer on February 22, 2012.

Annual Short-Term Cash Incentives (Bonuses)

In General As part of their compensation package, our named executive officers have the opportunity to earn annual cash bonus awards under the Management Incentive Plan, or MIP. MIP cash awards are designed to reward superior executive performance while reinforcing our short-term strategic operating

and financial goals to maximize stockholder value. Each year, the Committee establishes a bonus target for each named executive officer set at a percentage of base salary that is the same percentage for all named executive officers, except for the CEO who has a higher percentage due to a higher level of responsibility with respect to our operations. The Committee also reviews the compensation metrics of the CEO versus the other named executive officers. Although certain percentages and allocations may differ, the overall cash and equity compensation package of the CEO is not materially greater than the overall cash and equity compensation package of each other named executive officer. It is the Committee's intention to target annual cash incentive awards at a level comparable to and competitive with similar positions in our selected peer group.

Fiscal 2011 Bonus Awards The Committee determined along with its compensation consultant that the 2011 bonus targets for the named executive officers should be weighted 37.5% to achievement of our non-GAAP operating income objectives, 37.5% to achievement of our service revenue objectives, and 25% to achievement of individual performance metrics and corporate goals. In 2011, the bonus structure was consistent with publicly disclosed guidance.

The actual bonus amount awarded to each named executive officer for fiscal 2011 was determined by the Committee on the basis of its review of both our performance and the individual named executive officer's performance. The CEO provided a review of performance by the named executive officers, other than himself, for fiscal 2011 for the Committee's consideration. The primary consideration which the Committee took into account in making such determination was the fact that we met certain targets for our service revenue and our non-GAAP operating income for fiscal 2011. Based on that assessment, the Committee determined in February 2012 to make the bonus awards for fiscal 2011 performance to the CEO and the other named executive officers as set forth in the table below.

The table below details fiscal 2011 annual bonus targets and actual payouts for each of the named executive officers.

Mark L. Weinstein	President & CEO	\$	207,500	50.0%	\$	207,500	50.0%
Ted I. Kaminer	Executive VP Finance & Administration & CFO	\$	139,500	45.0%	\$	139,500	45.0%
Peter S. Benton	Executive VP, President, eClinical Division	\$	130,500	45.0%	\$	130,500	45.0%

Fiscal 2012 Bonus Awards For fiscal year 2012, awards under the MIP, if any, will be based on achievement of pre-established BioClinica objectives and individual goals for each named executive officer and, for named executive officers other than the CEO, a review of that individual's performance. The Committee determined these objectives and financial goals to be consistent with financial guidance disclosed to the public, consistent with individual performance criteria and consistent with corporate objectives and shareholder return. The Committee determined along with its compensation consultant that the 2012 bonus targets for the named executive officers should be weighted 37.5% to achievement of our non-GAAP operating income objectives, 37.5% to achievement of our service revenue objectives, and 25% to achievement of individual performance metrics and corporate goals. Individual performance metrics and corporate goals may include total shareholder return, economic value added (EVA)

momentum, operational and financial metrics, delivery of specific programs, plans, and achievement of budgetary objectives identified and documented at the beginning of each fiscal year. It is the Committee's intention to base a greater percentage of the annual award payout on corporate objectives as opposed to individual performance for named executive officers.

For the fiscal year 2012 awards, the potential payout may range from 0 to 100% of 2012 salary. However, the Committee will have the discretion to increase the award for any named executive officer (other than the CEO) based on the CEO's recommendation for exceptional performance. The Committee has also retained the discretion to reduce the dollar amount of the awards otherwise payable to the named executive officers in connection with the underachievement of pre-established performance targets. The dollar amount of the 2012 target annual bonus for each named executive officer, other than the CEO, is 45% of their base salary. The dollar amount of the 2012 target annual bonus for the CEO is 50% of his base salary. The financial targets for 2012 are consistent with our publicly disclosed guidance for 2012.

CEO Compensation - The Committee also reviews the compensation metrics of the CEO versus the other named executive officers. Although certain percentages and allocations may differ, the overall cash and equity compensation package of the CEO is not materially greater than the overall cash and equity compensation package of each named executive officer.

Long-Term Incentive Equity Awards

In General - A portion of each named executive officer's compensation is provided in the form of long-term incentive equity awards. It is the Committee's belief that properly structured equity awards are an effective method of aligning the long-term interests of senior management with those of our stockholders.

The Committee establishes long-term incentive grant guidelines based on review of equity awards from competitive peer group companies. Actual issuance of the stock awards to the CEO are determined by the Committee based on his individual performance and our financial performance, usually measured in terms of the same financial metrics taken into account in determining the annual bonus award. The Committee can potentially award stock options and other equity awards to the named executive officers and other employees based on the recommendation of the CEO and the review of the Committee. Actual grants for such individuals are based on individual performance with respect to predetermined objectives, competitive total compensation amounts, internal equity pay considerations, the potential impact on stockholder dilution and compensation expense to us. The Committee follows a grant practice of tying equity awards to its annual year-end review of individual performance and its assessment of BioClinica performance. Accordingly, it is typical practice that any equity awards to the named executive officers will be made on an annual basis at the fair market value on the date of grant, which follows the release of our year end financials, which permits material information regarding our performance for the prior fiscal year to be disclosed to the public before any equity grants are made to our named executive officers.

It is the Committee's belief that restricted stock unit grants are essential to the retention of the named executive officers and crucial to our long-term financial success. The vesting schedules for the restricted stock units provide a meaningful incentive for the named executive officer to remain in our service and work to continuously increase shareholder value. These equity awards also serve as an important vehicle to achieve the Committee's objective of aligning management and stockholder interests. The Committee reviewed the equity awards in light of the total executive compensation.

Fiscal 2011 Awards On February 18, 2011, based upon our financial performance and the CEO's individual performance during fiscal 2010 and the recommendation from the Committee's compensation

consultant, the Committee awarded the CEO 60,000 restricted stock units that vest quarterly over three years, and the underlying common stock will be issued at the time the restricted stock units vest. On February 18, 2011, based upon our financial performance and the named executive officer's individual performance during fiscal 2010 and the recommendation of the CEO, as reviewed by the Committee's compensation consultant, the Committee also awarded each of the other named executive officers 40,000 restricted stock units that vest quarterly over four years, and the underlying common stock will be issued at the time the restricted stock units vest. The number of restricted stock units were calculated such that the grant date value of the equity awards would equal 25% to 50% of the executive's total compensation.

Fiscal 2012 Awards On February 10, 2012, based upon our financial performance and the CEO's individual performance during fiscal 2011 and the recommendation from the Committee's compensation consultant, the Committee awarded the CEO 75,000 restricted stock units that vest quarterly over three years, and the underlying common stock will be issued at the time the restricted stock units vest. On February 10, 2012, based upon our financial performance and the named executive officer's individual performance during fiscal 2011 and the recommendation of the CEO, as reviewed by the Committee's compensation consultant, the Committee also awarded each of the other named executive officers 60,000 restricted stock units that vest quarterly over four years, and the underlying common stock will be issued at the time the restricted stock units vest. The number of restricted stock units were calculated such that the grant date value of the equity awards would equal 25% to 50% of the executive's total compensation.

Other Benefits

In General The named executive officers are offered the same benefits that are provided to other employees and are not offered any additional benefits or perquisites. In 2011, Mr. Weinstein received an additional benefit of a monthly car allowance of \$750, which was eliminated in 2012, the elimination of which was considered in connection with setting Mr. Weinstein's base salary for 2012.

Other Benefits - All eligible employees, including named executive officers, are eligible to receive standard health, disability and life insurance, participation in the BioClinica Employees Savings Plan (401K), and professional development benefits.

Executive Retention Agreement and CEO Employment Agreement

Executive Retention Agreement - On December 31, 2008, we entered into an amended form of executive retention agreement with the named executive officers and certain of our other officers. The agreement generally provides for payments of up to 24 months salary and target bonus for the CEO and named executive officers in the event that the CEO and named executive officers are terminated or resign for good reason in connection with a change of control transaction. In addition, each unvested stock option or other equity award will vest immediately upon a change in control transaction. Each executive retention agreement is either reviewed annually or in connection with the renewal of the executive's employment agreement. The executive retention agreement has been designed to provide a level of financial security to the named executive officers that will assure their continued attention and commitment to our strategic business objectives, even in change in control situations where their continued employment may be uncertain. The severance benefits payable in connection with a change in control provide financial protection against any potential loss of employment that might otherwise occur as a result of an acquisition of BioClinica and will allow the named executive officers to focus their attention on acquisition proposals that are in the best interests of the stockholders, without undue concern as to their own financial situation. We also believe the vesting acceleration of their equity awards upon a

change in control is justified because those awards are designed to serve as the primary vehicle for the named executive officers to accumulate financial resources for retirement, and a change in control event is an appropriate liquidation point for awards intended for such purpose. We do not provide our named executive officers with any defined benefit pension plan or supplemental executive retirement plan, and the only other opportunities for the accumulation of retirement funds is through the limited deferral opportunities provided under BioClinica's 401(k) savings plan.

Employment Agreements We have existing employment agreement with Messrs. Weinstein, Kaminer and Benton. The principal terms of the employment agreements are summarized in the section of the proxy statement entitled Employment Contracts, Termination of Employment and Change-in-Control Arrangements. In addition, during 2012, the Committee will be reviewing its compensation practices and the existing employment agreements as a result of the Dodd-Frank Wall Street Reform Act in preparation of the new rules to be adopted by the SEC under the Dodd-Frank Act.

Tax Deductibility of Compensation

Under Section 162(m) of the Internal Revenue Code, a publicly-held company such as BioClinica is not allowed a federal income tax deduction for compensation paid to certain executive officers to the extent that compensation exceeds \$1.0 million per covered officer in any year. The limitation applies only to compensation that is not performance based. Non-performance based compensation paid to our covered executive officers for fiscal 2011 did not exceed the \$1.0 million limit per officer, and the Committee does not anticipate that the non-performance based compensation to be paid to our named executive officers for fiscal 2012 will exceed that limit. To qualify for an exemption from the \$1.0 million deduction limitation, the stockholders approved BioClinica's 2010 Stock Incentive Plan that imposed a limit on the maximum number of shares of common stock for which any one participant may be granted stock options per calendar year. As a result of that limitation, the compensation deemed paid to a named executive officer in connection with the exercise of options granted under the 2010 Stock Incentive Plan after that date with an exercise price equal to the fair market value of the option shares on the grant date should in most instances qualify as performance-based compensation that will not be subject to the \$1.0 million limitation.

However, the Committee believes that when establishing the cash and equity incentive compensation programs for our named executive officers, the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole governing factor. For that reason the Committee may deem it appropriate to provide one or more named executive officer with the opportunity to earn incentive compensation, whether through cash bonus programs tied to our financial performance, or equity incentive grants tied to the named executive officer's continued service (such as service-vesting restricted stock or restricted stock unit awards), which may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Internal Revenue Code. The Committee believes it is important to maintain cash and equity incentive compensation at the requisite level to attract and retain the named executive officers essential to our financial success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation.

On December 31, 2008, our Board of Directors approved an amended form of executive retention agreement for the Named Executive Officers and certain other officers of the Company. This agreement generally provides for payments of up to 24 months salary and target bonus in the event that the executive's employment is terminated or the employee resigns for good reason in connection with a change of control transaction. In addition, any outstanding unvested stock options or other equity awards held by the Named Executive Officers would become fully vested on the change in control date. Each executive retention agreement is either reviewed annually or in connection with the renewal of the executive's employment agreement.

Quantification of Benefits

The following table shows the potential incremental payments to the Named Executive Officers in the event of their termination in connection with a change in control of the Company. All values reflected in the table assume a termination date of December 31, 2011; and where applicable reflect the closing price of the Company's common stock on December 31, 2011.

Name	Cash Severance	Unvested Restricted Stock Units (a)(b)	Unvested Stock Options (a)(b)	Total
Mark L. Weinstein	\$ 1,660,000	\$ 318,750	\$	\$ 1,978,750
Ted I. Kaminer	\$ 883,500	\$ 233,750	\$ 14,100	\$ 1,131,350
Peter S. Benton	\$ 826,500	\$ 233,750	\$ 14,100	\$ 1,074,350

(a) Unvested restricted stock or restricted stock unit awards and unvested stock options will vest immediately upon a change in control, whether or not the Named Executive Officer's employment terminates at that time.

(b) Represents the intrinsic value of the portion of the restricted stock, restricted stock unit or stock option award that vests on an accelerated basis upon the change in control and is calculated by multiplying (i) the amount by which the fair market value per share at that time exceeds the exercise price (if any) payable per share by the (ii) the number of shares which vest on an accelerated basis.

On October 13, 1994, BioClinica and Covance Inc. entered into an agreement whereby Covance purchased: (i) 2,355,000 shares of our common stock; (ii) a warrant to purchase 250,000 shares of our common stock with an initial exercise price of \$1.25 per share; and (iii) a warrant to purchase 250,000 shares of our common stock with an initial exercise price of \$1.50 per share (the Warrants), for an aggregate purchase price of \$1,819,500. Pursuant to the above agreement, we have agreed to take all actions necessary to nominate and cause the election to the Board of Directors of up to three designees of Covance Inc. PROPOSAL TWO: APPROVE AMENDMENT TO THE 2010 STOCK INCENTIVE PLAN

The stockholders are being asked to vote on a proposal to approve an amendment to our 2010 Stock Incentive Plan (the 2010 Plan) to increase the number of shares of the Company s common stock available for issuance under the 2010 Plan by an additional 500,000 shares, from 1,233,509 shares of common stock to 1,733,509 shares of common stock..

The amendment that is the subject of this Proposal was adopted by our Board of Directors on February 22, 2012, subject to stockholder approval at the 2012 Annual Meeting.

The Board of Directors believes that the future success of the Company depends, in large part, upon the ability of the Company to maintain a competitive position in attracting, retaining and motivating key personnel. Incentive compensation programs play a pivotal role in our efforts to attract, retain and motivate key personnel, and we do not believe the current reserve provides the Company with sufficient authority and flexibility to adequately provide for future incentives to attract and retain employees at competitive levels.

The proposed amendment to the 2010 Plan is to increase the number of shares of the Company s common stock available for issuance by an additional 500,000 shares.

Summary Plan Description

The following is a summary of the principal terms and provisions of the 2010 Plan, as amended subject to stockholder approval of this Proposal Two. This summary is not intended to be a complete description of all the terms of the 2010 Plan and is qualified in its entirety by reference to the 2010 Plan. Any stockholder who wishes to obtain a copy of the actual plan document may do so upon written request to Investor Relations at our principal offices at 826 Newtown-Yardley Road, Newtown, PA 18940.

Type of Awards. Under the 2010 Plan, eligible persons may, at the discretion of the plan administrator, be granted options, stock appreciation rights, stock awards, restricted stock units, performance shares, cash incentive awards and dividend equivalent rights. The principal features of each type of award are described below.

Administration. The Compensation Committee of our Board of Directors has the exclusive authority to administer the 2010 Plan with respect to awards made to our executive officers and non-employee Board members, and also has the authority to make awards to all other eligible individuals. However, our Board of Directors may at any time appoint a secondary committee of one or more Board members to have separate but concurrent authority with the Compensation Committee to make awards under the 2010 Plan to individuals other than executive officers and non-employee Board members. In addition, the Board of Directors may delegate to one or more executive officers authority to grant options to employees (other than executive officers) within certain parameters.

Edgar Filing: BIOCLINICA INC - Form DEF 14A

The term plan administrator, as used in this summary, will mean our Compensation Committee, any secondary committee and any executive officer, to the extent each such entity or person is acting within the scope of its administrative authority under the 2010 Plan.

Eligibility. Officers and employees, non-employee Board members as well as consultants and independent advisors, in our employ or service or in the employ or service of our parent or subsidiary companies (whether now existing or subsequently established) are eligible to participate in the Plan. As

of March 30, 2012, approximately 540 persons (including 4 executive officers and 8 non-employee Board members) were eligible to participate in the 2010 Plan.

Securities Subject to 2010 Plan. If the proposed amendment is approved by our stockholders, then 1,733,509 shares of our Common Stock will be reserved for issuance over the term of the plan. Such share reserve will be comprised of (i) initial reserve under the 2010 Plan of 1,121,616 shares, (ii) an additional 111,893 shares that were subject to outstanding awards under the predecessor plan to the 2010 Plan and which were forfeited or cancelled following the May 12, 2010 effective date of the 2010 Plan, and (iii) the 500,000 share increase that is part of this Proposal.

As of March 30, 2012, the total number of options outstanding under all of our plans was 1,787,237 shares, with a weighted average exercise price of \$5.33 per share and a weighted average expiration term of 4.12 years. There were a total of 426,668 shares subject to outstanding restricted stock units under all our plans as of that date.

The shares of our common stock subject to outstanding awards made under the 2010 Plan will be available for subsequent award and issuance to the extent those awards subsequently expire, are forfeited or cancelled or terminate for any reason prior to the issuance of the shares of common stock subject to those awards. Unvested shares issued under the 2010 Plan and subsequently forfeited or repurchased by the Company will be added back to the reserve and available for subsequent award and issuance under the 2010 Plan. Should the exercise price of an option be paid in shares of our common stock, then the number of shares reserved for issuance under the 2010 Plan will be reduced by the gross number of shares for which that option is exercised, and not by the net number of shares issued under the exercised option. Upon the exercise of any stock appreciation right granted under the 2010 Plan, the share reserve will be reduced by the gross number of shares as to which such stock appreciation right is exercised, and not by the net number of shares actually issued upon such exercise. Should shares of common stock otherwise issuable under the 2010 Plan be withheld by us in satisfaction of the withholding taxes incurred in connection with the issuance, exercise, vesting or settlement of an award under the plan, then the number of shares of common stock available for issuance under the 2010 Plan will be reduced on the basis of the full number of shares that were issuable under the award, and not by the number of shares actually issued after any such share withholding.

To the extent outstanding awards made under the Company's 2002 Stock Incentive Plan (the predecessor plan to the 2010 Plan) subsequently expire, are forfeited or cancelled or terminate for any reason prior to the issuance of the shares of common stock subject to those awards, the number of shares of common stock subject to those awards are added to the share reserve under the 2010 Plan, up to a maximum of 250,000 shares. As of March 30, 2012 111,893 shares had been added to the 2010 Plan pursuant to the termination of awards under the predecessor plan.

The shares of common stock issuable under the 2010 Plan may be drawn from shares of the Company's authorized but unissued common stock or from shares of its common stock that the Company acquires, including shares purchased on the open market or in private transactions.

Award Limitations. Awards made under the 2010 Plan will be subject to the following per-participant limitations in order to provide the plan administrator with the opportunity to structure one or more of those awards as performance-based compensation under Section 162(m) of the Internal Revenue Code (Section 162(m)):

- For awards denominated in shares of our common stock at the time of grant (whether payable in such common stock, cash or a combination of both), a

participant in the 2010 Plan may not receive awards for more than 200,000 shares of our common stock in the aggregate in any calendar year. Such share limitations will be subject to adjustment from time to time for stock splits, stock dividends and similar transactions affecting the number of outstanding shares of our common stock.

- For performance-based awards denominated in cash at the time of grant (whether payable in cash, shares of our common stock, or both), a participant in the 2010 Plan may not receive awards that exceed in the aggregate more than \$1,000,000 dollars for each calendar year within the applicable performance measurement period.

Shareholder approval of this proposal will also constitute approval of those per participant limitations for purposes of Section 162(m).

Awards. The plan administrator will have complete discretion to determine which eligible individuals are to receive awards, the time or times when those awards are to be granted, the number of shares subject to each such award, the vesting and exercise schedule (if any) to be in effect for the award, the cash consideration (if any) payable per share subject to the award, the settlement of the awards, the maximum term for which the award is to remain outstanding and the status of any granted option as either an incentive stock option or a non-statutory option under the federal tax laws

Options. Each granted option will have an exercise price per share determined by the plan administrator, but the exercise price will not be less than one hundred percent of the fair market value of the option shares on the grant date. No granted option will have a term in excess of ten years. Each option will generally vest and become exercisable for the underlying shares in one or more installments over a specified period of service measured from the grant date. Upon cessation of service, the optionee will have a limited period of time in which to exercise his or her outstanding options to the extent they are at the time exercisable for vested shares. The plan administrator will have complete discretion to extend the period following the optionee's cessation of service during which his or her outstanding options may be exercised, provide for continued vesting during the applicable post-service exercise period and/or to accelerate the exercisability or vesting of such options in whole or in part. Such discretion may be exercised at any time while the options remain outstanding.

Stock Appreciation Rights. The 2010 Plan allows the issuance of two types of stock appreciation rights:

- Tandem stock appreciation rights granted in conjunction with stock options which provide the holders with the right to surrender the related option grant for an appreciation distribution from us in an amount equal to the excess of (i) the fair market value of the vested shares of common stock subject to the surrendered option over (ii) the aggregate exercise price payable for those shares.
- Stand-alone stock appreciation rights which allow the holders to exercise those rights as to a specific number of shares of our common stock and receive in exchange an appreciation distribution from us in an amount equal to the excess of (i) the fair market value of the shares of common stock as to which those rights are exercised over (ii) the aggregate exercise price in effect for those shares. The exercise price per share may not be less than the fair market value per share of our common stock on the date the stand-alone stock appreciation right is granted, and the right may not have a term in excess of ten years.

The appreciation distribution on any exercised tandem or stand-alone stock appreciation right may be paid in (i) cash, (ii) shares of our common stock or (iii) a combination of cash and shares of the Company's common stock. Upon cessation of service, the holder of a stock appreciation right will have a limited period of time in which to exercise such right to the extent exercisable at that time. The plan administrator will have complete discretion to extend the period following the holder's cessation of service during which his or her outstanding stock appreciation rights may be exercised, provide for continued vesting during the applicable post-service exercise period and/or to accelerate the exercisability or vesting of those stock appreciation rights in whole or in part. Such discretion may be exercised at any time while the stock appreciation right remains outstanding.

Repricing Prohibition. The plan administrator may not implement any of the following repricing programs without obtaining stockholder approval: (i) the cancellation of outstanding options or stock appreciation rights in return for new options or stock appreciation rights with a lower exercise price per share, (ii) the cancellation of outstanding options or stock appreciation rights with exercise prices per share in excess of the then current fair market value per share of our common stock for consideration payable in equity securities, or (iii) the direct reduction of the exercise price in effect for outstanding options or stock appreciation rights.

Stock Awards, Restricted Stock Units and Performance Shares. Shares may be issued under the 2010 Plan subject to performance or service vesting requirements established by the plan administrator. Shares may also be issued as a fully-vested bonus for past services without any cash outlay required of the recipient.

Shares of our common stock may also be issued under the 2010 Plan pursuant to restricted stock units which entitle the recipients to receive those shares upon the attainment of designated performance goals or the completion of a prescribed service period or upon the expiration of a designated time period following the vesting of those units, including (without limitation), a deferred distribution date following the termination of the recipient's service with us. Shares may be issued pursuant to performance share awards that vest upon the attainment of performance objectives over a specified performance period. Performance shares may be structured so that the award converts into shares of our common stock at a rate based on the attainment level of performance for each performance objective.

Outstanding stock awards will be forfeited and restricted stock units and performance share awards will automatically terminate, and no shares of our common stock will actually be issued in satisfaction of those awards, if the performance goals or service requirements established for such awards are not attained. However, the plan administrator will have the discretionary authority to vest or issue shares of our common stock in satisfaction of one or more outstanding awards as to which the designated performance goals or service requirements are not attained. In no event, however, will any vesting requirements tied to the attainment of performance objectives be waived with respect to awards which were intended at the time of issuance to qualify as performance-based compensation under Section 162(m), except in connection with a change in control of the company, as described under the heading *General Provisions - Change in Control*.

Performance Goals. In order to assure that the compensation attributable to one or more awards made under the 2010 Plan will qualify as performance-based compensation which will not be subject to the \$1 million limitation on the income tax deductibility of the compensation paid per executive officer which is imposed under Internal Revenue Code Section 162(m), the plan administrator also has the discretionary authority to structure one or more awards so that the shares of common stock subject to those awards will vest only upon the achievement of certain pre-established corporate performance goals based on one or more of the following criteria: (1) return on total stockholder equity; (2) earnings per

share of common stock; (3) net income or operating income (before or after taxes); (4) earnings before interest, taxes, depreciation and amortization; (5) earnings before interest, taxes, depreciation, amortization and charges for stock-based compensation, (6) sales or revenue targets; (7) return on assets, capital or investment; (8) cash flow; (9) market share; (10) cost reduction goals; (11) budget comparisons; (12) measures of customer satisfaction; (13) any combination of, or a specified increase in, any of the foregoing; (14) new product development or successful completion of research and development projects; and (15) the formation of joint ventures, research or development collaborations, or the completion of other corporate transactions intended to enhance the Company's revenue or profitability or enhance its customer base. In addition, such performance criteria may be based upon the attainment of specified levels of our performance under one or more of the measures described above relative to the performance of other entities and may also be based on the performance of any of our business units or divisions or any parent or subsidiary entity. Each applicable performance goal may include a minimum threshold level of performance below which no award will be earned, levels of performance at which specified portions of an award will be earned and a maximum level of performance at which an award will be fully earned.

Stockholder approval of this proposal will also constitute approval of the foregoing performance goals for purposes of establishing the specific vesting targets for one or more awards under the 2010 Plan that are intended to qualify as performance-based compensation under Section 162(m).

Cash Incentive Awards and Dividend Equivalent Rights. Cash incentive awards will vest over an eligible individual's designated service period or upon the attainment of pre-established performance goals. Such awards may be settled in cash, shares of our common stock or a combination of cash and shares.

Dividend equivalent rights may be issued as stand-alone awards or in tandem with other awards made under the 2010 Plan. Each dividend equivalent right award will represent the right to receive the economic equivalent of each dividend or distribution, whether in cash, securities or other property (other than shares of our common stock) which is made per issued and outstanding share of our common stock during the term the dividend equivalent right remains outstanding. Payment of the amounts attributable to such dividend equivalent rights may be made, in cash or shares of our common stock, either concurrently with the actual dividend or distribution made per issued and outstanding share of our common stock or may be made subject to a specified vesting schedule or a deferred payment date.

In order to assure that the compensation attributable to one or more cash incentive or dividend equivalent right awards will qualify as performance-based compensation which will not be subject to the \$1 million limitation on the income tax deductibility of the compensation paid per executive officer which is imposed under Internal Revenue Code Section 162(m), the plan administrator has the discretionary authority to structure one or more such awards so that those awards will vest only upon the achievement of certain pre-established corporate performance goals based on one or more of the performance goals described above.

The plan administrator has the discretionary authority at any time to accelerate the vesting of any and all cash incentive or dividend equivalent right awards. However, no vesting requirements tied to the attainment of performance objectives may be waived with respect to awards which were intended at the time of issuance to qualify as performance-based compensation under Section 162(m), except in connection with a change in control as described under the heading *General Provisions - Change in Control*.

New Plan Benefits

No awards will be made under the 2010 Plan on the basis of the 500,000 share increase that is the subject of this Proposal, unless and until the stockholders approve this Proposal at the Meeting.

General Provisions

Change in Control. In the event the Company should experience a change in control, each outstanding award may be assumed or otherwise continued in effect by the successor corporation or replaced with a cash incentive program which preserves the intrinsic value of the award and provides for the subsequent vesting and payout of that value in accordance with the same vesting schedule in effect for that award. In the absence of such assumption, continuation or replacement of the award, the award will accelerate in full upon the change in control. The plan administrator will have complete discretion to grant one or more awards which will vest upon a change in control or in the event the individual's service with the Company or the successor entity terminates within a designated period following a change in control transaction.

A change in control will be deemed to occur for purposes of the 2010 Plan in the event (a) the Company is acquired by merger or asset sale or (b) there occurs any transaction or series of related transactions pursuant to which any person or group of related persons acquires directly or indirectly beneficial ownership of securities possessing (or convertible into or exercisable for securities possessing) more than fifty percent (50%) of the total combined voting power of the Company's outstanding securities.

The plan administrator's authority above extends to any awards intended to qualify as performance-based compensation under Section 162(m), even though the accelerated vesting of those awards may result in their loss of performance-based status under Section 162(m).

Changes in Capitalization. In the event any change is made to the outstanding shares of the Company's common stock by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares, spin-off transaction or other change affecting the outstanding common stock as a class without the Company's receipt of consideration or should the value of the Company's outstanding shares of common stock be substantially reduced by reason of a spin-off transaction or extraordinary dividend or distribution, or should there occur any change in control transaction or any other merger, consolidation or other reorganization, equitable adjustments will be made to: (i) the maximum number and/or class of securities issuable under the 2010 Plan; (ii) the maximum number and/or class of securities by which the share reserve under the 2010 Plan may increase by reason of the expiration, forfeiture, cancellation or termination of awards under the 2002 Plan; (iii) the maximum number and/or class of securities that may be issued pursuant to incentive stock options granted under the 2010 Plan, (iv) the maximum number and/or class of securities for which any one person may be granted common stock-denominated awards under the 2010 Plan per calendar year; (v) the number and/or class of securities and the exercise price per share in effect for outstanding options and stock appreciation rights; (vi) the number and/or class of securities subject to each outstanding award (other than options and stock appreciation rights) under the 2010 Plan and the cash consideration (if any) payable per share; and (vii) the number and/or class of securities subject to our outstanding repurchase rights under the 2010 Plan and the repurchase price payable per share. Such adjustments will be made in such manner as the plan administrator deems appropriate, and such adjustments will be final, binding and conclusive.

Valuation. The fair market value per share of our common stock on any relevant date under the 2010 Plan will be deemed to be equal to the closing selling price per share on such date on the Nasdaq Global Market. On March 30, 2012, the fair market value of our common stock determined on such basis was \$5.55 per share, the closing price per share on that date on the Nasdaq Global Market.

Shareholder Rights and Transferability. No optionee will have any shareholder rights with respect to the option shares until such optionee has exercised the option and paid the exercise price for the purchased shares. The holder of a stock appreciation right will not have any shareholder rights with respect to the shares subject to that right unless and until such person exercises the right and becomes the holder of record of the shares of our common stock issued upon such exercise. Options are not assignable or transferable other than by will or the laws of inheritance following optionee's death, and during the optionee's lifetime, the option may only be exercised by the optionee. However, the plan administrator may structure one or more non-statutory options under the 2010 Plan so that those options will be transferable during optionee's lifetime by a gratuitous transfer to one or more members of the optionee's family or to a trust established for the optionee and/or one or more such family members or to the optionee's former spouse pursuant to a domestic relations order. Stand alone stock appreciation rights will be subject to the same transferability restrictions applicable to non-statutory options.

A participant will have full stockholder rights with respect to any shares of our common stock issued to him or her under the 2010 Plan, whether or not those shares are vested. A participant will not have any stockholder rights with respect to the shares of our common stock subject to a performance share or restricted stock unit award until that award vests and the underlying shares of common stock are actually issued. However, dividend-equivalent units may be paid or credited, either in cash or in actual or phantom shares of common stock, on outstanding performance share or restricted stock unit awards, subject to such terms and conditions as the plan administrator may deem appropriate.

Special Tax Election. The plan administrator may structure one or more awards so that shares of our common stock may be used as follows to satisfy all or part of the withholding taxes to which such holders of those awards may become subject in connection with the issuance, exercise, vesting or settlement of those awards:

We will automatically withhold, from the shares of common stock otherwise issuable upon the issuance, exercise, vesting or settlement of such award, a portion of those shares with an aggregate fair market value equal to the applicable withholding taxes. The shares so withheld will reduce the number of shares of common stock authorized for issuance under the 2010 Plan.

The holder of the award may be given the right to deliver to us, at the time of the issuance, exercise, vesting or settlement of such award, one or more shares of our common stock previously acquired by such individual with an aggregate fair market value equal to all or a portion of the required withholding taxes. The shares so delivered will neither reduce the number of shares of common stock authorized for issuance under the 2010 Plan nor be added to the number of shares authorized for issuance under the 2010 Plan.

Amendment and Termination. Our Board of Directors may amend or modify the 2010 Plan at any time subject to any stockholder approval required under applicable law or regulation or pursuant to the listing standards of the stock exchange on which our common stock is at the time primarily traded.

Unless sooner terminated by our Board of Directors, the 2010 Plan will terminate on the earliest of (i) May 12, 2020, (ii) the date on which all shares available for issuance under the 2010 Plan

have been issued as fully-vested shares or (iii) the termination of all outstanding awards in connection with certain changes in control or ownership.

Summary of Federal Income Tax Consequences

The following is a summary of the Federal income taxation treatment applicable to us and the participants who receive awards under the 2010 Plan.

Option Grants. Options granted under the 2010 Plan may be either incentive stock options which satisfy the requirements of Section 422 of the Internal Revenue Code or non-statutory options which are not intended to meet such requirements. The Federal income tax treatment for the two types of options differs as follows:

Incentive Options. No taxable income is recognized by the optionee at the time of the option grant, and no taxable income is recognized for regular tax purposes at the time the option is exercised, although taxable income may arise at that time for alternative minimum tax purposes. The optionee will recognize taxable income in the year in which the purchased shares are sold or otherwise made the subject of certain other dispositions. For Federal tax purposes, dispositions are divided into two categories: (i) qualifying, and (ii) disqualifying. A qualifying disposition occurs if the sale or other disposition is made more than two (2) years after the date the option for the shares involved in such sale or disposition is granted and more than one (1) year after the date the option is exercised for those shares. If the sale or disposition occurs before these two periods are satisfied, then a disqualifying disposition will result.

Upon a qualifying disposition, the optionee will recognize long-term capital gain in an amount equal to the excess of (i) the amount realized upon the sale or other disposition of the purchased shares over (ii) the exercise price paid for the shares. If there is a disqualifying disposition of the shares, then the excess of (i) the fair market value of those shares on the exercise date or (if less) the amount realized upon such sale or disposition over (ii) the exercise price paid for the shares will be taxable as ordinary income to the optionee. Any additional gain recognized upon the disposition will be a capital gain.

If the optionee makes a disqualifying disposition of the purchased shares, then we will be entitled to an income tax deduction, for the taxable year in which such disposition occurs, equal to the amount of ordinary income recognized by the optionee as a result of the disposition. We will not be entitled to any income tax deduction if the optionee makes a qualifying disposition of the shares.

Non-Statutory Options. No taxable income is recognized by an optionee upon the grant of a non-statutory option. The optionee will in general recognize ordinary income, in the year in which the option is exercised, equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares, and the optionee will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the optionee with respect to the exercised non-statutory option. The deduction will in general be allowed for our taxable year in which such ordinary income is recognized by the optionee.

Stock Appreciation Rights. No taxable income is recognized upon receipt of a stock appreciation right. The holder will recognize ordinary income in the year in which the stock appreciation right is exercised, in an amount equal to the excess of the fair market value of the underlying

Edgar Filing: BIOCLINICA INC - Form DEF 14A

shares of common stock on the exercise date over the exercise price, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction

equal to the amount of ordinary income recognized by the holder in connection with the exercise of the stock appreciation right. The deduction will be allowed for our taxable year in which such ordinary income is recognized.

Restricted Stock Awards. The recipient of unvested shares of common stock issued under the 2010 Plan will not recognize any taxable income at the time those shares are issued but will have to report as ordinary income, as and when those shares subsequently vest, an amount equal to the excess of (i) the fair market value of the shares on the vesting date over (ii) the cash consideration (if any) paid for the shares. The recipient may, however, elect under Section 83(b) of the Internal Revenue Code to include as ordinary income in the year the unvested shares are issued an amount equal to the excess of (i) the fair market value of those shares on the issue date over (ii) the cash consideration (if any) paid for such shares. If the Section 83(b) election is made, the recipient will not recognize any additional income as and when the shares subsequently vest. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the recipient with respect to the restricted stock award. The deduction will in general be allowed for the taxable year in which such ordinary income is recognized by the recipient.

Restricted Stock Units and Performance Shares. No taxable income is recognized upon receipt of restricted stock unit or performance share awards. The holder will recognize ordinary income in the year in which the shares subject to the awards are actually issued to the holder. The amount of that income will be equal to the fair market value of the shares on the date of issuance, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder at the time the shares are issued. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

Cash Incentive Awards. The payment of a cash award will result in the recipient's recognition of ordinary income equal to the dollar amount received. The recipient will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder at the time the cash award is paid. The deduction will be allowed for our taxable year in which such ordinary income is recognized.

Dividend Equivalent Rights. No taxable income is recognized upon receipt of a dividend equivalent right award. The holder will recognize ordinary income in the year in which a payment pursuant to such right, whether in cash, securities or other property, is made to the holder. The amount of that income will be equal to the fair market value of the cash, securities or other property received, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of the ordinary income recognized by the holder of the dividend equivalent right award at the time the dividend or distribution is paid to such holder. That deduction will be allowed for our taxable year in which such ordinary income is recognized.

Deductibility of Executive Compensation. We anticipate that any compensation deemed paid by us in connection with the exercise of non-statutory options or stock appreciation rights or the disqualifying disposition of incentive stock option shares will qualify as performance-based compensation for purposes of Section 162(m) and will not have to be taken into account for purposes of the \$1 million limitation per covered individual on the deductibility of the compensation paid to certain of our executive officers. Accordingly, the compensation deemed paid with respect to options and stock appreciation rights granted under the 2010 Plan will remain deductible by us without limitation under Section 162(m). However, any compensation deemed paid by us in connection with shares or cash issued under any other awards under the 2010 Plan will be subject to the \$1 million limitation, unless the

issuance of the shares or cash is tied to the attainment of one or more of the performance milestones described above.

Accounting Treatment. The accounting principles applicable to awards made under the 2010 Plan may be summarized in general terms as follows:

Pursuant to the accounting standards under established FASB Accounting Standards Codification Topic 718, we will be required to expense all share-based payments, including grants of stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares and all other stock-based awards under the 2010 Plan. Accordingly, stock options and stock appreciation rights which we grant to our employees and non-employee Board members and payable in shares of our common stock will have to be valued at fair value as of the grant date under an appropriate valuation formula, and that value will then have to be charged as a direct compensation expense against our reported earnings over the requisite service period. For shares issuable upon the vesting of restricted stock units or performance shares awarded under the 2010 Plan, we will be required to amortize over the requisite service period a compensation cost equal to the fair market value of the underlying shares on the date of the award. If any other shares are unvested at the time of their direct issuance, then the fair market value of those shares at that time will be charged to our reported earnings ratably over the requisite service period. Such accounting treatment for restricted stock units and direct stock issuances will generally be applicable whether vesting is tied to service periods or performance goals, although for performance-based awards, the grant date fair value will initially be determined on the basis of the probable outcome of performance goal attainment. The issuance of a fully-vested stock bonus will result in an immediate charge to our earnings equal to the fair market value of the bonus shares on the issuance date.

Dividends or dividend equivalents paid on the portion of an award that vests will be charged against our retained earnings. However, if the award holder is not required to return the dividends or dividend equivalents if they forfeit their awards, such dividends or dividend equivalents paid on instruments that do not vest will be recognized by us as additional compensation cost.

Finally, it should be noted that the compensation expense accruable for performance-based awards under the 2010 Plan will, in general, be subject to adjustment to reflect the actual outcome of the applicable performance goals, and any expenses accrued for such performance-based awards will be reversed if the performance goals are not met, unless those performance goals are deemed to constitute market conditions (i.e., because they are tied to the price of our common stock) under FASB Accounting Standards Codification Topic 718.

Vote Required

Should stockholder approval of the amendment to the 2010 Plan not be obtained, then the shares of the Company's common stock available for issuance under the plan will not be increased by 500,000 shares. However, the 2010 Plan will continue in full force and effect in accordance with its terms and additional awards may be made under the 2010 Plan based on the existing plan reserve until the earliest of (i) May 12, 2020, (ii) the date on which all shares available for issuance under the 2010 Plan have been issued as fully-vested shares or (iii) the termination of all outstanding awards in connection with certain changes in control or ownership.

The Board of Directors unanimously recommends a vote FOR the amendment to the 2010 Stock Incentive Plan that will increase the number of shares of the Company's common stock available for issuance under the plan by an additional 500,000 shares.

PROPOSAL THREE: RATIFICATION OF APPOINTMENT OF OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Pre-Approval Policies and Procedures

None of the audit-related fees billed in 2011 and 2010 related to services required pre-approval by the Audit Committee due to the de minimis exception to the Audit Committee pre-approval requirements.

The Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our independent auditor. This policy generally provides that we will not engage our independent auditor to render audit or non-audit services unless the service is specifically approved in advance by the Audit Committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

From time to time, the Audit Committee may pre-approve specified types of services that are expected to be provided to us by our independent auditor during the next 12 months. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

The Audit Committee has also delegated to the chairman of the Audit Committee the authority to approve any audit or non-audit services to be provided to us by our independent auditor. Any approval of services by a member of the Audit Committee pursuant to this delegated authority is reported on at the next meeting of the Audit Committee.

Section 16(a) Beneficial Ownership Reporting Compliance

Our directors, our executive officers and any persons who beneficially own more than 10% of our outstanding common stock are subject to the requirements of Section 16(a) of the Exchange Act, which requires them to file reports with the Securities and Exchange Commission with respect to their ownership and changes in their ownership of the Company's common stock. Based upon (i) the copies of Section 16(a) reports that we received from such persons for their transactions in 2011 in the common stock and their common stock holdings, and (ii) the written representations received from one or more of such persons that no annual Form 5 reports were required to be filed by them for 2011, we believe that all reporting requirements under Section 16(a) for such year were met in a timely manner by our directors, executive officers and beneficial owners of greater than 10% of our common stock.

STOCKHOLDERS PROPOSALS

If we do not receive notice of a stockholder proposal within this timeframe, our management will use its discretionary authority to vote the shares they represent, as our Board of Directors may recommend. We reserve the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these or other applicable requirements.

2010 STOCK INCENTIVE PLAN

(As Amended and Restated Effective February 22, 2012)

ARTICLE ONE

GENERAL PROVISIONS

I. PURPOSE OF THE PLAN

The 2010 Stock Incentive Plan is intended to promote the interests of BioClinica, Inc., a Delaware corporation, by providing eligible persons in the Corporation's service with the opportunity to acquire a proprietary interest, or otherwise increase their proprietary interest, in the Corporation as an incentive for them to remain in such service.

The Plan shall serve as the successor to the Corporation's 2002 Stock Incentive Plan (the "Predecessor Plan"), and no further stock option grants, restricted stock unit awards or other stock-based awards shall be made under the Predecessor Plan on or after the Plan Effective Date. However, all option grants and restricted stock unit awards outstanding under the Predecessor Plan on the Plan Effective Date shall continue in full force and effect in accordance with their terms, and no provision of this Plan shall be deemed to affect or otherwise modify the rights or obligations of the holders of those awards with respect to their acquisition of shares of Common Stock thereunder.

Capitalized terms shall have the meanings assigned to such terms in the attached Appendix.

II. STRUCTURE OF THE PLAN

The Plan shall consist of a Discretionary Grant Program under which eligible persons may, at the discretion of the Plan Administrator, be granted (i) options, (ii) stock appreciation rights, (iii) stock awards, (iv) restricted stock units, (v) performance shares, (vi) cash incentive awards and (vii) dividend equivalent rights.

III. ADMINISTRATION OF THE PLAN

Edgar Filing: BIOCLINICA INC - Form DEF 14A

A. The Compensation Committee shall have sole and exclusive authority to administer the Discretionary Grant Program with respect to Section 16 Insiders. Administration of the Discretionary Grant Program with respect to all other persons eligible to participate in that program may, at the Board's discretion, be vested in the Compensation Committee or a Secondary Board Committee, or the Board may retain the power to administer the program with

respect to all such persons. However, any discretionary Awards for members of the Compensation Committee must be authorized by a disinterested majority of the Board.

B. To the extent permitted by applicable law, the Board may delegate to one or more executive officers of the Corporation the power to grant options under the Plan to one or more Employees and to exercise such other powers under the Plan as the Board may determine; *provided, however*, that, the Board shall fix the terms of the option grants to be made by such executive officers (including the exercise price of any awarded options, which may include a formula by which such exercise price is to be determined, the applicable vesting schedules and the maximum option term) and the maximum number of shares for which options may be granted by such executive officers. In no event, however, shall any executive officer be authorized to make option grants to any Section 16 Insider.

C. Members of the Compensation Committee or any Secondary Board Committee and any executive officers delegated Plan administration authority by the Board shall serve for such period of time as the Board may determine and may be removed by the Board at any time. The Board may also at any time terminate the functions of any Secondary Board Committee or executive officers and reassume all powers and authority previously delegated to such committee or officers.

D. Each Plan Administrator shall, within the scope of its administrative functions under the Plan, have full power and authority (subject to the provisions of the Plan) to establish such rules and regulations as it may deem appropriate for proper administration of the Discretionary Grant Program and to make such determinations under, and issue such interpretations of, the provisions of that program and any outstanding Awards thereunder as it may deem necessary or advisable. Decisions of the Plan Administrator within the scope of its administrative functions under the Plan shall be final and binding on all parties who have an interest in the Discretionary Grant Program under its jurisdiction or any Award thereunder.

E. Service as a Plan Administrator by the members of the Compensation Committee or the Secondary Board Committee shall constitute service as Board members, and the members of each such committee shall accordingly be entitled to full indemnification and reimbursement as Board members for their service on such committee. No member of the Compensation Committee or the Secondary Board Committee shall be liable for any act or omission made in good faith with respect to the Plan or any Award thereunder.

IV. ELIGIBILITY

A. The persons eligible to participate in the Discretionary Grant Program are as follows:

(i) Employees,

(ii) non-employee members of the Board or the board of directors of any Parent or Subsidiary, and

(iii) consultants and other independent advisors who provide services to the Corporation (or any Parent or Subsidiary).

B. The Plan Administrator shall have full authority to determine which eligible persons are to receive Awards under the Plan, the time or times when those Awards are to be made, the number of shares to be covered by each such Award, the time or times when the Award is to become exercisable, the status of an option for federal tax purposes, the maximum term for which an option or stock appreciation right is to remain outstanding, the vesting and issuance schedules applicable to the shares which are the subject of the Award, the cash consideration (if any) payable for those shares and the form (cash or shares of Common Stock) in which the Award is to be settled and, with respect to performance based Awards, the performance objectives for each such Award, the amounts payable at designated levels of attained performance, any applicable service vesting requirements, and the payout schedule for each such Award.

V. STOCK SUBJECT TO THE PLAN

A. The stock issuable under the Plan shall be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Corporation on the open market. The number of shares of Common Stock reserved for issuance over the term of the Plan shall be limited to One Million Six Hundred Twenty-Two Thousand Six Hundred and Sixteen (1,622,616) shares. Such share reserve is comprised of (i) the number of shares of Common Stock estimated to remain available for issuance under the Predecessor Plan on the Plan Effective Date, including the portion of those shares subject to options and restricted stock units outstanding under the Predecessor Plan on that date, plus (ii) an additional Seven Hundred Fifty Thousand (750,000)-share increase which was approved by the Board on March 29, 2010, and by the stockholders at the 2010 Annual Meeting plus (iii) an additional Five Hundred Thousand (500,000)-share increase which was approved by the Board on February 22, 2012, subject to stockholder approval at the 2012 Annual Meeting.

B. To the extent any options outstanding under the Predecessor Plan on the Effective Date expire, are forfeited or cancelled or terminate unexercised or any unvested restricted stock unit awards outstanding under the Predecessor Plan on the Plan Effective Date are forfeited or cancelled, the number of shares of Common Stock at the time subject to those expired, forfeited, cancelled or terminated options and the number of shares of Common Stock at the time subject to those forfeited or cancelled restricted stock unit awards shall be added to the share reserve under this Plan and shall accordingly be available for award and issuance hereunder, up to a maximum of an additional Two Hundred Fifty Thousand (250,000) shares.

C. The maximum number of shares of Common Stock for which Incentive Stock Options may be granted over the term of the Plan shall be One Million Six Hundred Twenty-Two Thousand Six Hundred and Sixteen (1,622,616) shares increased by up to Two Hundred Fifty Thousand (250,000) shares for any increase in the share reserve by reason of the expiration, forfeiture, cancellation or termination of awards under the Predecessor Plan. Such limits shall be subject to adjustment under Section V.F. of this Article One.

D. Each person participating in the Plan shall be subject to the following limitations:

- for Awards denominated in terms of shares of Common Stock (whether payable in Common Stock, cash or a combination of both), the maximum number of shares of Common Stock for which such Awards may be made to such person in any calendar year shall not exceed in the aggregate Two Hundred Thousand (200,000) shares of Common Stock; and
- for Awards denominated in cash (whether payable in cash, Common Stock or a combination of both) and subject to one or more performance conditions, the maximum dollar amount for which such Awards may be made in the aggregate to such person shall not exceed One Million Dollars (\$1,000,000.00) for each calendar year within the applicable performance measurement period.

E. Shares of Common Stock subject to outstanding Awards made under the Plan shall be available for subsequent grant under the Plan to the extent those Awards expire or terminate for any reason prior to the issuance of the shares of Common Stock subject to those Awards. Unvested shares issued under the Plan and subsequently forfeited or repurchased by the Corporation, at a price per share not greater than the original issue price paid per share, pursuant to the Corporation's repurchase rights under the Plan shall be added back to the number of shares of Common Stock reserved for issuance under the Plan and shall accordingly be available for subsequent reissuance. Should the exercise price of an option under the Plan be paid with shares of Common Stock, then the authorized reserve of Common Stock under the Plan shall be reduced by the gross number of shares for which that option is exercised, and not by the net number of shares issued under the exercised stock option. Upon the exercise of any stock appreciation right under the Plan, the share reserve shall be reduced by the gross number of shares as to which such right is exercised, and not by the net number of shares actually issued by the Corporation upon such exercise. If shares of Common Stock otherwise issuable under the Plan are withheld by the Corporation in satisfaction of the withholding taxes incurred in connection with the exercise, vesting, issuance or settlement of an Award, then the number of shares of Common Stock available for issuance under the Plan shall be reduced on the basis of the gross number of shares issuable, vested or settled, calculated in each instance prior to any such share withholding.

F. If any change is made to the Common Stock by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares, spin-off transaction or other change affecting the outstanding Common Stock as a class without the Corporation's receipt of consideration, or should the value of outstanding shares of Common Stock be substantially reduced as a result of a spin-off transaction or an extraordinary dividend or distribution, then the Compensation Committee shall make equitable adjustments to: (i) the maximum number and/or class of securities issuable under the Plan; (ii) the maximum number and/or class of securities by which the share reserve under the Plan may increase by reason of the

expiration, forfeiture, cancellation or termination of awards under the Predecessor Plan; (iii) the maximum number and/or class of securities that may be issued under the Plan pursuant to Incentive Options; (iv) the maximum number and/or class of securities for which any one person may be granted Common Stock denominated Awards in the aggregate under the Plan per calendar year; (v) the number and/or class of securities and the exercise or base price per share in effect under each outstanding option or stock appreciation right; (vi) the number and/or class of securities subject to each outstanding Award under the Plan and the cash consideration (if any) payable per share; and (vii) the number and/or class of securities subject to the Corporation's outstanding repurchase rights under the Plan and the repurchase price payable per share. Such adjustments shall be made by the Compensation Committee in such manner as it deems appropriate, and the adjustments shall be final, binding and conclusive upon each person holding an Award under the Plan.

G. Outstanding Awards granted pursuant to the Plan shall in no way affect the right of the Corporation to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

ARTICLE TWO

DISCRETIONARY GRANT PROGRAM

I. OPTION TERMS

Each option shall be evidenced by one or more documents in the form approved by the Plan Administrator; *provided, however*, that each such document shall comply with the terms specified below. Each document evidencing an Incentive Option shall, in addition, be subject to the provisions of the Plan applicable to such options.

A. Exercise Price.

1. The exercise price per share shall be fixed by the Plan Administrator; provided, however, that such exercise price shall not be less than one hundred percent (100%) of the Fair Market Value per share of Common Stock on the grant date.

2. The exercise price shall become immediately due upon exercise of the option and shall, subject to the provisions of the documents evidencing the option, be payable in one or more of the forms specified below:

(i) cash or check made payable to the Corporation,

(ii) shares of Common Stock held for the requisite period (if any) necessary to avoid any resulting charge to the Corporation's earnings for financial reporting purposes and valued at Fair Market Value on the Exercise Date, or

(iii) to the extent the option is exercised for vested shares, through a special sale and remittance procedure pursuant to which the Optionee shall concurrently provide instructions to (a) a brokerage firm (reasonably satisfactory to the Corporation for purposes of administering such procedure in compliance with the Corporation's pre-clearance/pre-notification policies) to effect the immediate sale of the purchased shares and remit to the Corporation, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate exercise price payable for the purchased shares plus all applicable income and employment taxes required to be withheld by the Corporation by reason of such exercise and (b) the Corporation to deliver the certificates for the purchased shares directly to such brokerage firm on such settlement date in order to complete the sale.

Except to the extent such sale and remittance procedure is utilized, payment of the exercise price for the purchased shares must be made on the Exercise Date.

B. **Exercise and Term of Options.** Each option shall be exercisable at such time or times, during such period and for such number of shares as shall be determined by the Plan Administrator and set forth in the documents evidencing the option. However, no option granted under the Plan shall have a term in excess of ten (10) years measured from the option grant date.

C. **Effect of Termination of Service.**

1. The following provisions shall govern the exercise of any options granted pursuant to the Discretionary Grant Program that are outstanding at the time of the Optionee's cessation of Service or death:

(i) Any option outstanding at the time of the Optionee's cessation of Service for any reason shall remain exercisable for such period of time thereafter as shall be determined by the Plan Administrator and set forth in the documents evidencing the option, but no such option shall be exercisable after the expiration of the option term.

(ii) Any option held by the Optionee at the time of the Optionee's death may, to the extent vested and exercisable at that time, be subsequently exercised by the personal representative of the Optionee's estate or by the person or persons to whom the option is transferred pursuant to the Optionee's will or the laws of inheritance or by the Optionee's designated beneficiary or beneficiaries of that option.

(iii) Should the Optionee's Service be terminated for Misconduct or should the Optionee otherwise engage in Misconduct while holding one or more outstanding options granted under this Article Two, then all of those options shall terminate immediately and cease to be outstanding.

(iv) During the applicable post-Service exercise period, the option may not be exercised for more than the number of vested shares for which the option is at the time exercisable. No additional shares shall vest under the option following the Optionee's cessation of Service, except to the extent (if any) specifically authorized by the Plan Administrator in its sole discretion pursuant to an express written agreement with the Optionee. Upon the expiration of the applicable exercise period or (if earlier) upon the expiration of the option term, the option shall terminate and cease to be outstanding for any shares for which the option has not been exercised.

2. The Plan Administrator shall have complete discretion, exercisable either at the time an option is granted or at any time while the option remains outstanding, to:

(i) extend the period of time for which the option is to remain exercisable following the Optionee's cessation of Service from the limited exercise period otherwise in effect for that option to such greater period of time as the Plan Administrator shall deem appropriate, but in no event beyond the expiration of the option term,

(ii) include an automatic extension provision whereby the specified post-Service exercise period in effect for any option granted under this Article Two shall automatically be extended by an additional period of time equal in duration to any interval within the specified post-Service exercise period during which the exercise of that option or the immediate sale of the shares acquired under such option could not be effected in compliance with applicable federal and state securities laws, but in no event shall such an extension result in the continuation of such option beyond the expiration date of the term of that option, and/or

(iii) permit the option to be exercised, during the applicable post-Service exercise period, not only with respect to the number of vested shares of Common Stock for which such option is exercisable at the time of the Optionee's cessation of Service but also with respect to one or more additional installments in which the Optionee would have vested had the Optionee continued in Service.

D. **Stockholder Rights.** The holder of an option shall have no stockholder rights with respect to the shares subject to the option until such person shall have exercised the option, paid the exercise price and become a holder of record of the purchased shares. Notwithstanding the foregoing, in the event the outstanding shares of Common Stock are split by means of a stock dividend and the exercise price of and the number of shares subject to outstanding options under the Plan are to be adjusted as of the date of the distribution of the dividend (rather than as of the record date for such dividend), then an Optionee who exercises such an option between the record date and the distribution date for that stock dividend shall be entitled to receive, on the distribution date, the stock dividend with respect to the shares of Common Stock acquired upon the exercise of such Option, notwithstanding the fact that such shares were not outstanding as of the close of business on the record date for such stock dividend.

E. **Repurchase Rights.** The Plan Administrator shall have the discretion to grant options which are exercisable for unvested shares of Common Stock. Should the Optionee cease Service while such shares are unvested, the Corporation shall have the right to repurchase any or all of those unvested shares at a price per share equal to the *lower* of (i) the exercise price paid per share or (ii) the Fair Market Value per share of Common Stock at the time of repurchase. The terms upon which such repurchase right shall be exercisable (including the period and procedure for exercise and the appropriate vesting schedule for the purchased shares)

shall be established by the Plan Administrator and set forth in the document evidencing such repurchase right.

F. **Transferability of Options.** The transferability of options granted under the Plan shall be governed by the following provisions:

(i) **Incentive Options.** During the lifetime of the Optionee, Incentive Options shall be exercisable only by the Optionee and shall not be assignable or transferable other than by will or the laws of inheritance following the Optionee's death.

(ii) **Non-Statutory Options.** Non-Statutory Options shall be subject to the same limitation on transfer as Incentive Options, except that the Plan Administrator may structure one or more Non-Statutory Options so that the option may be assigned in whole or in part during the Optionee's lifetime, by gift or pursuant to a domestic relations order, to one or more Family Members of the Optionee or to a trust established exclusively for one or more such Family Members. The assigned portion may only be exercised by the person or persons who acquire a proprietary interest in the option pursuant to the assignment. The terms applicable to the assigned portion shall be the same as those in effect for the option immediately prior to such assignment and shall be set forth in such documents issued to the assignee as the Plan Administrator may deem appropriate.

(iii) **Beneficiary Designations.** Notwithstanding the foregoing, the Optionee may designate one or more persons as the beneficiary or beneficiaries of his or her outstanding options under this Article Two (whether Incentive Options or Non-Statutory Options), and those options shall, in accordance with such designation, automatically be transferred to such beneficiary or beneficiaries upon the Optionee's death while holding those options. Such beneficiary or beneficiaries shall take the transferred options subject to all the terms and conditions of the applicable agreement evidencing each such transferred option, including (without limitation) the limited time period during which the option may be exercised following the Optionee's death.

G. **Incentive Options.** The terms specified below shall be applicable to all Incentive Options. Except as modified by the provisions of this Paragraph G, all the provisions of Articles One, Two and Five shall be applicable to Incentive Options. Options which are specifically designated as Non-Statutory Options when issued under the Plan shall not be subject to the terms of this Paragraph G.

1. **Eligibility.** Incentive Options may only be granted to Employees.

2. **Dollar Limitation.** The aggregate Fair Market Value of the shares of Common Stock (determined as of the respective date or dates of grant) for which one or more options granted to any Employee under the Plan (or any other option plan of the Corporation or any Parent or Subsidiary) may for the first time become exercisable as Incentive Options during any one calendar year shall not exceed the sum of One Hundred Thousand Dollars (\$100,000).

To the extent the Employee holds two (2) or more such options which become exercisable for the first time in the same calendar year, then for purposes of the foregoing limitations on the exercisability of those options as Incentive Options, such options shall be deemed to become first exercisable in that calendar year on the basis of the chronological order in which they were granted, except to the extent otherwise provided under applicable law or regulation.

3. 10% Stockholder. If any Employee to whom an Incentive Option is granted is a 10% Stockholder, then the exercise price per share shall not be less than one hundred ten percent (110%) of the Fair Market Value per share of Common Stock on the option grant date, and the option term shall not exceed five (5) years measured from the option grant date.

II. STOCK APPRECIATION RIGHTS

A. Authority. The Plan Administrator shall have full power and authority, exercisable in its sole discretion, to grant stock appreciation rights in accordance with this Section II to selected Optionees under the Discretionary Grant Program.

B. Types. Two types of stock appreciation rights shall be authorized for issuance under this Section III: (i) tandem stock appreciation rights (Tandem Rights) and (ii) stand-alone stock appreciation rights (Stand-alone Rights).

C. Tandem Rights. The following terms and conditions shall govern the grant and exercise of Tandem Rights.

1. One or more Optionees may be granted a Tandem Right, exercisable upon such terms and conditions as the Plan Administrator may establish, to elect between the exercise of the underlying option for shares of Common Stock or the surrender of that option in exchange for a distribution from the Corporation in an amount equal to the excess of (i) the Fair Market Value (on the option surrender date) of the number of shares in which the Optionee is at the time vested under the surrendered option (or surrendered portion thereof) over (ii) the aggregate exercise price payable for such vested shares.

2. Any distribution to which the Optionee becomes entitled upon the exercise of a Tandem Right may be made in (i) shares of Common Stock valued at Fair Market Value on the option surrender date, (ii) cash or (iii) a combination of cash and shares of Common Stock, as specified in the applicable Award agreement.

D. Stand-Alone Rights. The following terms and conditions shall govern the grant and exercise of Stand-alone Rights:

1. One or more individuals eligible to participate in the Discretionary Grant Program may be granted a Stand-alone Right not tied to any underlying option. The Stand-alone Right shall relate to a specified number of shares of Common Stock and shall be

exercisable upon such terms and conditions as the Plan Administrator may establish. In no event, however, may the Stand-alone Right have a maximum term in excess of ten (10) years measured from the grant date. The provisions and limitations of Paragraphs C.1 and C.2 of Section I of this Article Two shall also be applicable to any Stand-Alone Right awarded under the Plan.

2. Upon exercise of the Stand-alone Right, the holder shall be entitled to receive a distribution from the Corporation in an amount equal to the excess of (i) the aggregate Fair Market Value (on the exercise date) of the shares of Common Stock underlying the exercised right over (ii) the aggregate base price in effect for those shares.

3. The number of shares of Common Stock underlying each Stand-alone Right and the base price in effect for those shares shall be determined by the Plan Administrator in its sole discretion at the time the Stand-alone Right is granted. In no event, however, may the base price per share be less than the Fair Market Value per underlying share of Common Stock on the grant date.

4. Stand-alone Rights shall be subject to the same transferability restrictions applicable to Non-Statutory Options and may not be transferred during the holder's lifetime, except for a gratuitous transfer to one or more Family Members of the holder or to a trust established for the holder and/or one or more such Family Members or a transfer to one or more such Family Members pursuant to a domestic relations order covering the Stand-alone Right as marital property. In addition, one or more beneficiaries may be designated for an outstanding Stand-alone Right in accordance with substantially the same terms and provisions as set forth in Section I.F. of this Article Two.

5. The distribution with respect to an exercised Stand-alone Right may be made in (i) shares of Common Stock valued at Fair Market Value on the exercise date, (ii) cash or (iii) a combination of cash and shares of Common Stock, as specified in the applicable Award agreement.

6. The holder of a Stand-alone Right shall have no stockholder rights with respect to the shares subject to the Stand-alone Right unless and until such person shall have exercised the Stand-alone Right and become a holder of record of the shares of Common Stock issued upon the exercise of such Stand-alone Right.

E. **Post-Service Exercise.** The provisions governing the exercise of Tandem and Stand-alone Rights following the cessation of the recipient's Service shall be substantially the same as those set forth in Section I.C.1 of this Article Two for the options granted under the Discretionary Grant Program, and the Plan Administrator's discretionary authority under Section I.C.2 of this Article Two shall also extend to any outstanding Tandem or Stand-alone Appreciation Rights.

III. CHANGE IN CONTROL

A. In the event of a Change in Control, each outstanding option and stock appreciation right may be (i) assumed by the successor corporation (or parent thereof) or otherwise to continued in full force and effect pursuant to the terms of the Change in Control transaction or (ii) replaced with a cash retention program of the successor corporation which preserves the spread existing at the time of the Change in Control on any shares as to which the Award is not otherwise at that time exercisable and provides for subsequent vesting and payout of that spread in accordance with the same exercise/vesting schedule applicable to that Award, but only if such replacement cash program would not result in treatment of the Award as an item of deferred compensation subject to Code Section 409A. However, to the extent the Award is not to be so assumed, continued or replace, the Award shall, immediately prior to the effective date of that Change in Control, become exercisable as to all the shares of Common Stock at the time subject to such Award and may be exercised as to any or all of those shares as fully vested shares of Common Stock, except to the extent the acceleration of such Award is subject to other limitations imposed by the Plan Administrator.

B. All outstanding repurchase rights under the Discretionary Grant Program shall automatically terminate, and the shares of Common Stock subject to those terminated rights shall immediately vest in full, in the event of a Change in Control, except to the extent: (i) those repurchase rights are to be assigned to the successor corporation (or parent thereof) or are otherwise to continue in full force and effect pursuant to the terms of the Change in Control transaction or (ii) such accelerated vesting is precluded by other limitations imposed by the Plan Administrator.

C. Immediately following the consummation of the Change in Control, all outstanding options and stock appreciation rights under the Discretionary Grant Program shall terminate and cease to be outstanding, except to the extent assumed by the successor corporation (or parent thereof) or otherwise continued in full force and effect pursuant to the terms of the Change in Control transaction.

D. Each option or stock appreciation right which is assumed in connection with a Change in Control or otherwise continued in effect shall be appropriately adjusted, immediately after such Change in Control, to apply to the number and class of securities which would have been issuable to the Optionee in consummation of such Change in Control had the Award been exercised immediately prior to such Change in Control. Appropriate adjustments to reflect such Change in Control shall also be made to (i) the exercise or base price payable per share under each outstanding option, provided the aggregate exercise or base price payable for such securities shall remain the same, (ii) the maximum number and/or class of securities available for issuance over the remaining term of the Plan and (iii) the maximum number and/or class of securities for which any one person may be granted Awards in the aggregate under the Plan per calendar year. To the extent the actual holders of the Corporation's outstanding Common Stock receive cash consideration for their Common Stock in consummation of the Change in Control, the successor corporation may, in connection with the assumption or

continuation of the outstanding options or stock appreciation rights under the Discretionary Grant Program, substitute one or more shares of its own common stock with a fair market value equivalent to the cash consideration paid per share of Common Stock in such Change in Control transaction.

E. The Plan Administrator shall have the discretionary authority to structure one or more outstanding options and stock appreciation rights under the Discretionary Grant Program so that those Awards shall, immediately prior to the effective date of a Change in Control, become exercisable as to all the shares of Common Stock at the time subject to those Awards and may be exercised as to any or all of those shares as fully vested shares of Common Stock, whether or not those options are to be assumed in the Change in Control transaction or otherwise continued in effect. In addition, the Plan Administrator shall have the discretionary authority to structure one or more of the Corporation's repurchase rights under the Discretionary Grant Program so that those rights shall immediately terminate upon the consummation of the Change in Control transaction, and the shares subject to those terminated rights shall thereupon vest in full.

F. The Plan Administrator shall have full power and authority to structure one or more outstanding options and stock appreciation rights under the Discretionary Grant Program so that those Awards shall become exercisable as to all the shares of Common Stock at the time subject to those Awards in the event the Optionee's Service is subsequently terminated by reason of an Involuntary Termination within a designated period following the effective date of any Change in Control transaction in which those Awards do not otherwise fully accelerate. In addition, the Plan Administrator may structure one or more of the Corporation's repurchase rights so that those rights shall immediately terminate with respect to any shares held by the Optionee at the time of such Involuntary Termination, and the shares subject to those terminated repurchase rights shall accordingly vest in full at that time.

G. The portion of any Incentive Option accelerated in connection with a Change in Control shall remain exercisable as an Incentive Option only to the extent the applicable One Hundred Thousand Dollar (\$100,000) limitation is not exceeded. To the extent such dollar limitation is exceeded, the accelerated portion of such option shall be exercisable as a Non-statutory Option under the Federal tax laws.

IV. PROHIBITION ON REPRICING PROGRAMS

The Plan Administrator shall not (i) implement any cancellation/regrant program pursuant to which outstanding options or stock appreciation rights under the Plan are cancelled and new options or stock appreciation rights are granted in replacement with a lower exercise or base price per share, (ii) cancel outstanding options or stock appreciation rights under the Plan with exercise or base prices per share in excess of the then current Fair Market Value per share of Common Stock for consideration payable in equity securities of the Corporation or (iii) otherwise directly reduce the exercise or base price in effect for outstanding options under the Plan, without in each such instance obtaining stockholder approval.

V. STOCK ISSUANCE TERMS

A. Shares of Common Stock may also be issued under the Discretionary Grant Program, either as vested or unvested shares, through direct and immediate issuances without any intervening option grants and with or without cash consideration payable for the shares. Each such stock issuance shall be evidenced by a Stock Issuance Agreement which complies with the terms specified below. Shares of Common Stock may also be issued pursuant to performance shares or restricted stock units which entitle the Participants to receive the shares underlying those Awards upon the attainment of designated performance goals or the satisfaction of specified Service requirements or upon the expiration of a designated time period following the vesting of those Awards. The terms and conditions of each such Award (including, without limitation, the applicable vesting schedule and vesting acceleration provisions) shall be determined by the Plan Administrator.

B. The Plan Administrator shall also have the discretionary authority, consistent with Code Section 162(m), to structure one or more restricted stock issuances or restricted stock unit or performance share awards so that the shares of Common Stock subject to those Awards shall vest (or vest and become issuable) upon the achievement of certain pre-established corporate performance goals based on one or more of the following criteria: (1) return on total stockholder equity; (2) earnings per share of Common Stock; (3) net income or operating income (before or after taxes); (4) earnings before interest, taxes, depreciation and amortization; (5) earnings before interest, taxes, depreciation, amortization and charges for stock-based compensation, (6) sales or revenue targets; (7) return on assets, capital or investment; (8) cash flow; (9) market share; (10) cost reduction goals; (11) budget comparisons; (12) measures of customer satisfaction; (13) any combination of, or a specified increase in, any of the foregoing; (14) new product development or successful completion of research and development projects; and (15) the formation of joint ventures, research or development collaborations, or the completion of other corporate transactions intended to enhance the Corporation's revenue or profitability or enhance its customer base. In addition, such performance goals may be based upon the attainment of specified levels of the Corporation's performance under one or more of the measures described above relative to the performance of other entities and may also be based on the performance of any of the Corporation's business units or divisions or any Parent or Subsidiary. Performance goals may include a minimum threshold level of performance below which no award will be earned, levels of performance at which specified portions of an award will be earned and a maximum level of performance at which an award will be fully earned.

C. Any new, substituted or additional securities or other property (including money paid other than as a regular cash dividend) which the Participant may have the right to receive with respect to the Participant's unvested shares of Common Stock by reason of any stock dividend, stock split, recapitalization, combination of shares, exchange of shares, spin-off transaction, extraordinary dividend or distribution or other change affecting the outstanding Common Stock as a class without the Corporation's receipt of consideration shall be issued subject to (i) the same vesting requirements applicable to the Participant's unvested shares of

Common Stock and (ii) such escrow arrangements as the Plan Administrator shall deem appropriate. Equitable adjustments to reflect each such transaction shall also be made by the Plan Administrator to the repurchase price payable per share by the Corporation for any unvested securities subject to its existing repurchase rights under the Plan; provided the aggregate repurchase price shall in each instance remain the same.

D. The recipient shall have full stockholder rights with respect to any shares of Common Stock issued to him or her under the Plan, whether or not the recipient's interest in those shares is vested. Accordingly, such individual shall have the right to vote such shares and to receive any dividends paid on such shares, subject to any applicable vesting requirements. The recipient shall not have any stockholder rights with respect to the shares of Common Stock subject to a performance share or restricted stock unit until that Award vests and the shares of Common Stock are actually issued thereunder. However, dividend-equivalent units may be paid or credited, either in cash or in actual or phantom shares of Common Stock, on outstanding performance share or restricted stock unit awards, subject to such terms and conditions as the Plan Administrator may deem appropriate.

E. Should the Participant cease to remain in Service while holding one or more unvested shares of Common Stock issued under the Plan or should the performance objectives not be attained with respect to one or more such unvested shares of Common Stock, then those shares shall be immediately surrendered to the Corporation for cancellation, and the Participant shall have no further stockholder rights with respect to those shares. To the extent the surrendered shares were previously issued to the Participant for consideration paid in cash or cash equivalent, the Corporation shall repay to the Participant the *lower* of (i) the cash consideration paid for the surrendered shares or (ii) the Fair Market Value of those shares at the time of cancellation.

F. The Plan Administrator may in its discretion waive the surrender and cancellation of one or more unvested shares of Common Stock which would otherwise occur upon the cessation of the recipient's Service or the non-attainment of the performance objectives applicable to those shares. Any such waiver shall result in the immediate vesting of the recipient's interest in the shares of Common Stock as to which the waiver applies. Such waiver may be effected at any time, whether before or after the recipient's cessation of Service or the attainment or non-attainment of the applicable performance objectives. However, no vesting requirements tied to the attainment of performance objectives may be waived with respect to shares which were intended at the time of issuance to qualify as performance-based compensation under Code Section 162(m), except in connection with a Change in Control.

G. Outstanding Awards of performance shares or restricted stock units shall automatically terminate, and no shares of Common Stock shall actually be issued in satisfaction of those Awards, if the performance goals or Service requirements established for those Awards are not attained or satisfied. The Plan Administrator, however, shall have the discretionary authority to issue vested shares of Common Stock under one or more outstanding Awards of performance shares or restricted stock units as to which the designated performance goals or

Service requirements have not been attained or satisfied. Any such waiver shall result in the immediate vesting of the recipient's interest in the shares of Common Stock as to which the waiver applies. However, no vesting requirements tied to the attainment of performance objectives may be waived with respect to Awards which were intended at the time of grant to qualify as performance-based compensation under Code Section 162(m), except in connection with a Change in Control

H. Each restricted stock, restricted stock units or performance share award outstanding on the effective date of an actual Change in Control transaction may be (i) assumed by the successor corporation (or parent thereof) or otherwise continued in full force and effect pursuant to the terms of the Change in Control transaction or (ii) replaced with a cash incentive program of the successor corporation which preserves the Fair Market Value of the underlying shares of Common Stock at the time of the Change in Control and provides for the subsequent vesting and payment of that value in accordance with the same vesting schedule in effect for those shares at the time of such Change in Control. However, to the extent any such Award outstanding under the Plan on the effective date of such Change in Control Transaction is not to be so assumed, continued or replaced, that Award shall vest in full immediately prior to the effective date of the actual Change in Control transaction and the shares of Common Stock underlying the portion of the Award that vests on such accelerated basis shall be issued in accordance with the applicable Stock Issuance Agreement, unless such accelerated vesting is precluded by other limitations imposed in the Stock Issuance Agreement.

I. Each such outstanding Award which is assumed in connection with a Change in Control or otherwise continued in effect shall be adjusted immediately after the consummation of that Change in Control so as to apply to the number and class of securities into which the shares of Common Stock subject to that Award immediately prior to the Change in Control would have been converted in consummation of such Change in Control had those shares actually been outstanding at that time, and appropriate adjustments shall also be made to the cash consideration (if any) payable per share thereunder, provided the aggregate amount of such cash consideration shall remain the same. To the extent the actual holders of the Corporation's outstanding Common Stock receive cash consideration for their Common Stock in consummation of the Change in Control, the successor corporation may, in connection with the assumption or continuation of the outstanding Awards and with the consent of the Plan Administrator obtained prior to the Change in Control, substitute one or more shares of its own common stock with a fair market value equivalent to the cash consideration paid per share of Common Stock in such Change in Control transaction.

J. The Plan Administrator shall have full power and authority to structure one or more restricted stock or restricted stock unit or performance share awards under the Plan so that those awards shall vest, and all the underlying shares shall become immediately issuable, upon the effective date of a Change in Control transaction or in the event the individual's Service is terminated by reason of an Involuntary Termination within a designated period following the effective date of the Change in Control transaction.

VI. CASH INCENTIVE AWARDS AND DIVIDEND EQUIVALENT RIGHTS

A. **Cash Incentive Awards.** The Plan Administrator shall have the discretionary authority under the Plan to make cash bonus awards (Cash Awards) which are to vest in one or more installments over the Participant s continued Service with the Corporation or upon the attainment of specified performance goals. Each such Cash Award shall be evidenced by one or more documents in the form approved by the Plan Administrator; *provided however*, that each such document shall comply with the terms specified below.

1. The elements of the vesting schedule applicable to each Cash Award shall be determined by the Plan Administrator and incorporated into the bonus award agreement.

2. The Plan Administrator shall also have the discretionary authority, consistent with Code Section 162(m), to structure one or more Cash Awards so that those Awards shall vest upon the achievement of pre-established corporate performance objectives based upon one or more Performance Goals measured over the performance period specified by the Plan Administrator at the time of the Award.

3. Outstanding Cash Awards shall automatically terminate, and no cash payment or other consideration shall be due the holders of those Awards, if the performance goals or Service requirements established for those Awards are not attained or satisfied. The Plan Administrator may in its discretion waive the cancellation and termination of one or more unvested Cash Awards which would otherwise occur upon the cessation of the Participant s Service or the non-attainment of the performance objectives applicable to those Awards. Any such waiver shall result in the immediate vesting of the Participant s interest in the Cash Award as to which the waiver applies. However, no vesting requirements tied to the attainment of Performance Goals may be waived with respect to Awards which were intended, at the time those Awards were made, to qualify as performance-based compensation under Code Section 162(m), except in connection with a Change in Control.

4. Cash Awards which become due and payable following the attainment of the applicable performance goals or satisfaction of the applicable Service requirement (or the waiver of such goals or Service requirement) may be paid in (i) cash, (ii) shares of Common Stock valued at Fair Market Value on the payment date or (iii) a combination of cash and shares of Common Stock, as set forth in the applicable Award Agreement.

B. **Dividend Equivalent Rights.** The Plan Administrator shall have the discretionary authority to grant dividend equivalent rights (DER Awards) under the Plan. Each such DER Award shall be evidenced by one or more documents in the form approved by the Plan Administrator; *provided however*, that each such document shall comply with the terms specified below.

1. The DER Awards may be made as stand-alone awards or in tandem with other Awards made under the Plan. The term of each such DER Award shall be

established by the Plan Administrator at the time of grant, but no DER Award shall have a term in excess of ten (10) years.

2. Each DER shall represent the right to receive the economic equivalent of each dividend or distribution, whether paid in cash, securities or other property (other than shares of Common Stock), which is made per issued and outstanding share of Common Stock during the term the DER remains outstanding. A special account on the books of the Corporation shall be maintained for each Participant to whom a DER Award is made, and that account shall, for each DER subject to the Award, be credited with each dividend or distribution made per issued and outstanding share of Common Stock during the term that DER remains outstanding.

3. Payment of the amounts credited to such book account may be made to the Participant either concurrently with the actual dividend or distribution made per issued and outstanding share of Common Stock or upon the satisfaction of any applicable vesting schedule in effect for the DER Award, or such payment may be deferred beyond the vesting date for a period specified by the Plan Administrator at the time the DER Award is made or selected by the Participant in accordance with the requirements of Code Section 409A.

4. Payment may be paid in (i) cash, (ii) shares of Common Stock or (iii) a combination of cash and shares of Common Stock, as set forth in the applicable Award Agreement. If payment is to be made in the form of Common Stock, the number of shares of Common Stock into which the cash dividend or distribution amounts are to be converted for purposes of the Participant's book account may be based on the Fair Market Value per share of Common Stock on the date of conversion, a prior date or an average of the Fair Market Value per share of Common Stock over a designated period, as set forth in the applicable award agreement.

5. The Plan Administrator shall also have the discretionary authority, consistent with Code Section 162(m), to structure one or more DER Awards so that those Awards shall vest only after the achievement of pre-established corporate performance objectives based upon one or more Performance Goals measured over the performance period specified by the Plan Administrator at the time the Award is made.

C. **Change in Control.** The Plan Administrator shall have the discretionary authority to structure one or more Cash Awards or DER Awards so that those Awards shall automatically vest in whole or in part immediately prior to the effective date of an actual Change in Control transaction or upon the subsequent termination of the Participant's Service by reason of an Involuntary Termination within a designated period following the effective date of such Change in Control. The Plan Administrator's authority under this Paragraph C shall also extend to any Award intended to qualify as performance-based compensation under Code Section 162(m), even though the actual vesting of that Award may result in the loss of performance-based status under Code Section 162(m).

ARTICLE THREE

MISCELLANEOUS

I. TAX WITHHOLDING

A. The Corporation's obligation to deliver shares of Common Stock upon the exercise, vesting or issuance of an Award shall be subject to the satisfaction of all applicable income and employment tax withholding requirements.

B. The Plan Administrator may, in its discretion, provide one or more participants in the Plan with the right to use shares of Common Stock in satisfaction of all or part of the Withholding Taxes to which such participants may become subject in connection with the exercise, vesting or issuance of those Awards. Such right may be provided to any such participant in either or both of the following formats:

Stock Withholding: The election to have the Corporation withhold, from the vested shares of Common Stock otherwise issuable upon the exercise, vesting, issuance or settlement of such Award, a portion of those shares with an aggregate Fair Market Value equal to the percentage of the Withholding Taxes (not to exceed one hundred percent (100%)) designated by such person.

Stock Delivery: The election to deliver to the Corporation, at the time the exercise, vesting, issuance or settlement of such Award, one or more shares of Common Stock previously acquired by such person (other than in connection with the option exercise or share vesting or issuance triggering the Withholding Taxes) with an aggregate Fair Market Value equal to the percentage of the Withholding Taxes (not to exceed one hundred percent (100%)) designated by such person.

II. SHARE ESCROW/LEGENDS

Unvested shares may, in the Plan Administrator's discretion, be held in escrow by the Corporation until the Participant's interest in such shares vests or may be issued directly to the Participant with restrictive legends on the certificates evidencing those unvested shares.

III. EFFECTIVE DATE AND TERM OF THE PLAN

A. The Plan became effective on the Plan Effective Date, and was approved by the stockholders at the 2010 Annual Meeting.

B. The Plan shall serve as the successor to the Predecessor Plan, and no further option grants or restricted stock unit awards shall be made under the Predecessor Plan following stockholder approval of the Plan at the 2010 Annual Meeting. Such stockholder approval shall not affect the option grants and restricted stock unit awards outstanding under the Predecessor Plan at the time of the 2010 Annual Meeting, and those option grants and restricted stock unit awards shall continue in full force and effect in accordance with their terms. However, should any of those options expire or terminate unexercised or any unvested restricted stock units be forfeited, the shares of Common Stock subject to those options at the time of expiration or termination and the shares subject to those forfeited restricted stock units shall be added to the share reserve of this Plan in accordance with the provisions of Section V.B of Article I.

C. The Plan was amended and restated effective February 22, 2012, subject to stockholder approval at the 2012 Annual Meeting to increase the number of shares of common stock available for issuance under Article One Section V.A. of the Plan by Five Hundred Thousand Shares to One Million Six Hundred Twenty-Two Thousand Six Hundred and Sixteen (1,622,616) shares.

D. The Plan shall terminate upon the earliest to occur of (i) May 12, 2020, (ii) the date on which all shares available for issuance under the Plan shall have been issued as fully vested shares or (iii) the termination of all outstanding Awards in connection with a Change in Control. Should the Plan terminate on May 12, 2020, then all Awards outstanding at that time shall continue to have force and effect in accordance with the provisions of the documents evidencing such Awards.

IV. AMENDMENT OF THE PLAN

A. The Board shall have complete and exclusive power and authority to amend or modify the Plan in any or all respects, except with regard to Article II, Section IV hereof. However, no such amendment or modification shall adversely affect the rights and obligations with respect to Awards at the time outstanding under the Plan unless the Optionee or Participant consents to such amendment or modification. In addition, amendments to the Plan will be subject to stockholder approval to the extent required under applicable law or regulation or pursuant to the listing standards of the Stock Exchange on which the Common Stock is at the time primarily traded.

B. Awards may be granted under the Plan that in involve shares of Common Stock in excess of the number of shares then available for issuance under the Plan, provided no shares shall actually be issued pursuant to those Awards until the number of shares of Common Stock available for issuance under the Plan is sufficiently increased by stockholder approval of an amendment of the Plan authorizing such increase. If stockholder approval is required and is not obtained within twelve (12) months after the date the first excess Award is made against such contingent increase, then any Awards granted on the basis of such excess shares shall terminate and cease to be outstanding.

V. USE OF PROCEEDS

Any cash proceeds received by the Corporation from the sale of shares of Common Stock under the Plan shall be used for general corporate purposes.

VI. REGULATORY APPROVALS

A. The implementation of the Plan, the granting of any Awards under the Plan and the issuance of any shares of Common Stock under the Plan shall be subject to the Corporation's procurement of all approvals and permits required by regulatory authorities having jurisdiction over the Plan, the Awards granted under it and the shares of Common Stock issued pursuant to it.

B. No shares of Common Stock or other assets shall be issued or delivered under the Plan unless and until there shall have been compliance with all applicable requirements of applicable securities laws, including the filing and effectiveness of the Form S-8 registration statement for the shares of Common Stock issuable under the Plan, and all applicable listing requirements of any Stock Exchange on which Common Stock is then listed for trading.

VII. NO EMPLOYMENT/SERVICE RIGHTS

Nothing in the Plan shall confer upon the Optionee or Participant any right to continue in Service for any period of specific duration or interfere with or otherwise restrict in any way the rights of the Corporation (or any Parent or Subsidiary employing or retaining such person) or of the Optionee or Participant, which rights are hereby expressly reserved by each, to terminate such person's Service at any time for any reason, with or without cause.
