(b) On May 12, 2015, Duke Energy Corporation ("Duke Energy") announced that Mr. Marc E. Manly, Executive Vice President and President, Commercial Portfolio, and Mr. B. Keith Trent, Executive Vice President - Grid Solutions and President, Midwest and Florida Regions, will leave Duke Energy, by June 30, 2015. In connection with a recent divestiture and changes in responsibilities, the executives will be eligible to receive severance benefits under the Duke Energy Executive Severance Plan. Both are also eligible for compensation and benefits accrued under Duke Energy's applicable retirement and benefit plans. Organizational changes related to the departures will be announced soon to assist with a smooth transition before June 30.

(e) On May 7, 2015, the shareholders of Duke Energy, upon recommendation of our Board of Directors, approved the Duke Energy Corporation 2015 Long-Term Incentive Plan (the "Plan"). A brief description of the Plan follows, but is subject to the full text of the Plan which is attached as Appendix C to our proxy statement dated March 26, 2015 and incorporated by reference to this Form 8-K.

The Plan authorizes the grant of equity-based compensation to our key employees and non-employee directors in the form of stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares, performance units, stock retainers and dividend equivalents. Duke Energy has reserved 10,000,000 shares of common stock for delivery under the Plan.

The Plan is administered by the Compensation Committee of the Board of Directors, which has authority to, among other things: construe and interpret the Plan, select participants and the types of awards to be granted, and establish the terms and conditions of awards.

The Compensation Committee may grant performance awards that are intended to qualify for the performance-based compensation exemption under Section 162(m) of the Internal Revenue Code ("Section 162(m)"), as well as performance awards that are not intended to so qualify. The performance criteria for a Section 162(m) qualified award, which may relate to Duke Energy, any subsidiary, any business unit or any participant, and may be measured on an absolute or relative to peer group or other market measure basis, shall be limited to: total shareholder return; stock price increase; return on equity; return on capital; earnings per share; EBIT (earnings before interest and taxes); EBITDA (earnings before interest, taxes, depreciation and amortization); ongoing earnings; cash flow (including operating cash flow, free cash flow, discounted cash flow return on investment, and cash flow in excess of costs of capital); EVA (economic value added); economic profit (net operating profit after tax, less a cost of capital charge); SVA (shareholder value added); revenues; net income; operating income; pre-tax profit margin; performance against business plan; customer service; corporate governance quotient or rating; market share; employee satisfaction; safety; reliability; reportable environmental events, significant operational events, employee engagement; supplier diversity; workforce diversity; operating margins; credit rating; dividend payments; expenses; operations and maintenance expenses; fuel cost per million BTU; costs per kilowatt hour; retained earnings; completion of acquisitions, divestitures and corporate restructurings; and individual goals based on objective business criteria underlying the goals listed above and which pertain to individual effort as to achievement of those goals or to one or more business criteria in the areas of litigation, human resources, information

services, production, inventory, support services, site development, plant development, building development, facility development, government relations, product market share or management. In the case of a performance award that is not intended to qualify for exemption under Section 162(m), the Compensation Committee shall designate performance criteria from among the foregoing or such other business criteria as it shall determine in its sole discretion.

The Plan will remain in effect until February 25, 2025, unless sooner terminated by the Board of Directors. Termination will not affect grants and awards then outstanding. The Plan replaces the Duke Energy Corporation 2010 Long-Term Incentive Plan and the Progress Energy, Inc. 2007 Equity Incentive Plan (the Prior Plans). No further awards will be made under the Prior Plans; however, awards granted under the Prior Plans prior to shareholder approval of the Plan will remain outstanding in accordance with their terms.
