NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

- (1) GENERAL. OptimumBank Holdings, Inc. (the "Holding Company") is a one-bank holding company and owns 100% of OptimumBank (the "Bank"), a state (Florida)-chartered commercial bank (collectively, the "Company"). The Holding Company's only business is the operation of the Bank. The Bank's deposits are insured by the Federal Deposit Insurance Corporation. The Bank offers a variety of community banking services to individual and corporate customers through its three banking offices located in Broward County, Florida.

In the opinion of the management, the accompanying condensed consolidated financial statements of the Company contain all adjustments (consisting principally of normal recurring accruals) necessary to present fairly the financial position at June 30, 2005, and the results of operations for the three- and six-month periods ended June 30, 2005 and 2004, and cash flows for the six-months periods ended June 30, 2005 and 2004. The results of operations for the three and six months ended June 30, 2005, are not necessarily indicative of the results to be expected for the full year.

- (3) REGULATORY CAPITAL. The Company and the Bank are required to maintain certain minimum regulatory capital requirements. The following is a summary at June 30, 2005 of the regulatory capital requirements and the Company's and the Bank's capital on a percentage basis:

Edgar Filing: OptimumBank Holdings, Inc. - Form 10QSB

Diluted earnings per share were computed based on the weighted-average number of shares outstanding plus the effect of outstanding stock options, computed using the treasury stock method. Earnings per common share have been computed based on the following:

	THREE MONTHS ENDED JUNE 30,		
	2005 -----	2004 -----	
Weighted-average number of common shares outstanding used to calculate basic earnings per common share	2,658,585	2,633,020	2,

Both incentive stock options and nonqualified stock options may be granted under the Plan. The exercise price of the stock options is determined by the board of directors at the time of grant, but cannot be less than the fair market value of the common stock on the date of grant. The options vest over three and five years. The options must be exercised within ten years from the date of grant.

The following table illustrates the effect on net earnings if the Company had applied the fair value recognition provisions of Statement of Financial Accounting Standards No. 123 Accounting for Stock-Based Compensation, as amended by SFAS No. 148, Accounting for Stock-Based Compensation Transition and Disclosure to stock-based employee compensation (in thousands, except per share amounts).

REVIEW BY INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Hacker, Johnson & Smith PA, the Company's independent registered public accounting firm, have made a limited review of the interim financial data as of June 30, 2005, and for the three- and six-month periods ended June 30, 2005 and 2004, presented in this document, in accordance with standards established by the Public Company Accounting Oversight Board.

Their report furnished pursuant to Article 10 of Regulation S-X is included herein.

9

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

OptimumBank Holdings, Inc.
Plantation, Florida:

We have reviewed the accompanying condensed consolidated balance sheet of OptimumBank Holdings, Inc. and Subsidiary (the "Company") as of June 30, 2005, and the condensed consolidated statements of earnings for the three- and six-month periods ended June 30, 2005 and 2004 and the related condensed consolidated statements of stockholders' equity and cash flows for the six-month periods ended June 30, 2005 and 2004. These interim financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public

Edgar Filing: OptimumBank Holdings, Inc. - Form 10QSB

Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying interim condensed consolidated financial statements for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board, the consolidated balance sheet as of December 31, 2004, and the related consolidated statements of earnings, stockholders' equity and cash flows for the year then ended (not presented herein); and in our report dated February 22, 2005, we expressed an unqualified opinion on those financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheet as of December 31, 2004, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

COMPARISON OF JUNE 30, 2005 AND DECEMBER 31, 2004

LIQUIDITY AND CAPITAL RESOURCES

The Company's primary sources of cash during the six months ended June 30, 2005 were from net deposit inflows of approximately \$14.1 million, principal repayments of securities held to maturity of approximately \$2.9 million and Federal Home Loan Bank advances and other borrowings of \$11.6 million. Cash was used primarily for net loan originations of approximately \$25.3 million and purchases of securities held to maturity of approximately \$7.8 million. At June 30, 2005, the Company had time deposits of approximately \$53.0 million that mature in one year or less. At June 30, 2005, the Company exceeded its regulatory liquidity requirements. Management believes that, if so desired, it can adjust the rates on time deposits to retain or attract deposits in a changing interest-rate environment.

The following table shows selected information for the periods ended or at the dates indicated:

Edgar Filing: OptimumBank Holdings, Inc. - Form 10QSB

OPTIMUMBANK HOLDINGS, INC. AND SUBSIDIARY

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS, CONTINUED

OFF-BALANCE SHEET ARRANGEMENTS

The Company is a party to financial instruments with off-balance-sheet risk in the normal course of business to meet the financing needs of its customers. These financial instruments include commitments to extend credit and undisbursed loans in process. These instruments involve, to varying degrees, elements of credit and interest-rate risk in excess of the amounts recognized in the consolidated balance sheet. The contract or notional amounts of those instruments reflect the extent of the Company's involvement in particular classes of financial instruments.

The Company's exposure to credit loss in the event of nonperformance by the other party to the financial instrument for commitments to extend credit and undisbursed loans in process is represented by the contractual amount of those instruments. The Company uses the same credit policies in making commitments as it does for on-balance-sheet instruments.

Commitments to extend credit are agreements to lend to a customer as long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination

Edgar Filing: OptimumBank Holdings, Inc. - Form 10QSB

clauses and may require payment of a fee. Since many of the commitments are expected to expire without being drawn upon, the total committed amounts do not necessarily represent future cash requirements. The Company evaluates each customer's creditworthiness on a case-by-case basis. The amount of collateral obtained, if it is deemed necessary by the Company upon extension of credit, is based on management's credit evaluation of the counter party.

A summary of the amounts of the Company's financial instruments, with off-balance sheet risk at June 30, 2005, follows (in thousands):

	CONTRACT AMOUNT
Commitments to extend credit	\$ 9,861
Undisbursed loans in process	\$ 4,115

Management believes that the Company has adequate resources to fund all of its commitments and that substantially all its existing commitments will be funded in the next twelve months.

COMPARISON OF THE THREE-MONTH PERIODS ENDED JUNE 30, 2005 AND 2004

GENERAL. Net earnings for the three months ended June 30, 2005, were \$388,000 or \$.15 per basic and \$.14 per diluted share compared to net earnings of \$391,000 or \$.15 per basic and \$.14 per diluted share for the period ended June 30, 2004. This decrease in the Company's net earnings was primarily due to an increase in noninterest expenses and the provision for loan losses which was partially offset by an increase in net interest income and noninterest income, all of which were due to the overall growth of the Company.

INTEREST INCOME. Interest income increased to \$2.8 million for the three months ended June 30, 2005 from \$2.1 million for the three months ended June 30, 2004. Interest income on loans increased to \$2.4 million due primarily to an increase in the average loan portfolio balance and an increase in the average yield earned for the three months ended June 30, 2005. Interest on securities increased to \$338,000 due primarily to an increase in the average balance of the securities portfolio in 2005.

INTEREST EXPENSE. Interest expense on deposits increased to \$892,000 for the three months ended June 30, 2005, from \$679,000 for the three months ended June 30, 2004. Interest expense on borrowings increased to \$531,000 for the three months ended June 30, 2005 from \$264,000 for the three months ended June 30, 2004 due to an increase in the average balance of borrowings and an increase in the average rate paid on borrowings during 2005.

PROVISION FOR LOAN LOSSES. The provision for loan losses is charged to earnings to bring the total allowance to a level deemed appropriate by management and is based upon historical experience, the volume and type of lending conducted by the Company, industry standards, the amount of nonperforming loans, general economic conditions, particularly as they relate to the Company's market areas, and other factors related to the estimated collectibility of the Company's loan portfolio. The provision for the three months ended June 30, 2005, was \$112,000 compared to \$25,000 for the same period in 2004. Management believes the balance in the allowance for loan losses of \$773,000 at June 30, 2005, is adequate.

NONINTEREST EXPENSES. Total noninterest expenses increased to \$855,000 for the three months ended June 30, 2005 from \$690,000 for the three months ended June 30, 2004, primarily due to an increase in salaries and employee benefits of \$61,000, an increase in occupancy and equipment of \$49,000, and an increase in professional fees of \$22,000 all due to the continued growth of the Company.
