NEWS RELEASE

SHAW EXTENDS DIGITAL PHONE COVERAGE

Calgary, Alberta (April 27, 2005) Earlier this week Shaw Communications announced the launch of Shaw Digital Phone service in the Edmonton market. This is the second major center in which the new service is available, following the introduction of Shaw Digital Phone in Calgary on February 14.

In a short period of time, we have already introduced Shaw Digital Phone service to approximately 25% of our homes passed. Over the coming months we will be making further announcements and, by the end of this calendar year, we expect Digital Phone will be available in all of our major centers, said Jim Shaw, CEO of Shaw Communications Inc.

We are pleased to offer our customers in Calgary and Edmonton a reliable, high quality alternative for their telephone services.

Shaw Digital Phone combines local, long distance and the most popular calling features into a simple package for a fixed monthly fee. The service includes a local residential line, unlimited anytime long distance calling within Canada and the Continental U.S., and six convenient calling features: Voicemail, Call Display, Call Forwarding, 3-Way Calling, Call Return and Call Waiting. Professional installation, enhanced-911, directory and operator services, and 24/7/365 customer support are all part of the Shaw Digital Phone service at no additional cost. Customers also have the option of keeping their current home phone number and the service works with existing telephones in a customer's home, so no additional equipment is required.

Shaw Digital Phone is a primary line telephone service that uses Shaw's managed broadband network, not the public Internet, allowing Shaw to offer a consistent level of quality and reliability to its telephone customers. Shaw Digital Phone is priced at \$55.00 per month when bundled with any other Shaw services.

Shaw Communications Inc. is a diversified Canadian communications company whose core business is providing broadband cable television, Internet, Digital Phone and satellite direct-to-home (DTH) services to approximately 3.0 million customers. Shaw is traded on the Toronto and New York stock exchanges and is a member of the S&P/TSX 60 index (Symbol: TSX SJR.NV.B, NYSE SJR).
