COBALIS CORP. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SIX MONTHS ENDED SEPTEMBER 30, 2006 AND 2005
(UNAUDITED)

NOTE 1 - BASIS OF PRESENTATION

The unaudited consolidated financial statements have been prepared by Cobalis Corp. (the "Company"), pursuant to the rules and regulations of the Securities and Exchange Commission. The information furnished herein reflects all adjustments (consisting of normal recurring accruals and adjustments) which are, in the opinion of management, necessary to fairly present the operating results for the respective periods. Certain information and footnote disclosures normally present in annual consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been omitted pursuant to such rules and regulations. These consolidated financial statements should be read in conjunction with the audited consolidated financial statements and footnotes for the year ended March 31, 2006 included in the Company's Annual Report on Form 10-KSB. The results of the six months ended September 30, 2006 are not necessarily indicative of the results to be expected for the full year ending March 31, 2007.

Going Concern

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, which contemplate continuation of the Company as a going concern. The Company has incurred a net loss of \$5,348,854 for the six months ended September 30, 2006 and as of September 30, 2006, the Company had a working capital deficit of \$5,842,234 and a stockholder deficit of \$5,798,370. In addition, as of September 30, 2006, the Company has not developed a substantial source of revenue.

These conditions raise substantial doubt as to the Company's ability to continue as a going concern. These consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty. These consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

The Company is currently attempting to raise additional financing for operating purposes. The Company is also attempting to partner with a large pharmaceutical company for research and development, marketing and distribution of its product.

The Company requires substantial capital to pursue its operating strategy and currently has limited cash for operations. Until the Company can obtain revenues or obtain funding through debt and equity financing sufficient to fund working capital needs and additional research and development costs necessary to obtain the regulatory approvals for commercialization, the Company will be dependent upon external sources of financing.

There can be no assurances that sufficient financing will be available on terms acceptable to the Company, or at all. If the Company is unable to obtain such financing, the Company will be forced to scale back operations, which could have an adverse effect on the Company's financial condition and results of operations. These factors raise substantial doubt about the Company's ability to continue as a going concern.

Management believes that actions presently being taken to revise the Company's operating and financial requirements provide the opportunity for the Company to continue as a going concern.

Stock Options

The Company adopted SFAS No. 123 (Revised 2004), *Share Based Payment* ("SFAS No. 123R"), under the modified-prospective transition method on January 1, 2006. SFAS No. 123R requires companies to measure and recognize the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value. Share-based compensation recognized under the modified-prospective transition method of SFAS No. 123R includes share-based compensation based on the grant-date fair value determined in accordance with the original provisions of SFAS No. 123, *Accounting for Stock-Based Compensation*, for all share-based payments granted prior to and not yet vested as of January 1, 2006 and share-based compensation based on the grant-date fair-value determined in accordance with SFAS No. 123R for all share-based payments granted after January 1, 2006. SFAS No. 123R eliminates the ability to account for the award of these instruments under the intrinsic value method prescribed by Accounting Principles Board ("APB") Opinion No. 25, *Accounting for Stock Issued to Employees*, and allowed under the original provisions of SFAS No. 123. Prior to the adoption of SFAS No. 123R, the Company accounted for our stock option plans using the intrinsic value method in accordance with the provisions of APB Opinion No. 25 and related interpretations.

As a result of adopting SFAS No. 123R, the Company recognized \$590,592 in share-based compensation expense for the six months ended September 30, 2006 related to options granted to employees in May 2006. The impact of this share-based compensation expense on the Company's basic and diluted earnings per share was \$0.02 per share. The fair value of our stock options was estimated using the Black-Scholes option pricing model.

For periods presented prior to the adoption of SFAS No. 123R, pro forma information regarding net income and earnings per share as required by SFAS No. 123R has been determined as if the Company had accounted for its employee stock options under the original provisions of SFAS No. 123. The fair value of these options was estimated using the Black-Scholes option pricing model. There was no pro forma expense to recognize during the six months ended September 30, 2005.

Patent Costs

Patent costs are carried at cost less accumulated amortization, which is calculated on a straight-line basis, over the estimated economic life of the patent. In accordance with SFAS No. 142, "Goodwill and Other Intangible Assets," the Company evaluates intangible assets and other long-lived assets (including patent costs) for impairment, at least on an annual basis and whenever events or changes in circumstances indicate that the carrying value may not be recoverable from its estimated future cash flows. Recoverability of intangible assets and other long-lived assets is measured by comparing their net book value to the related projected undiscounted cash flows from these assets, considering a number of factors including past operating results, budgets, economic projections, market trends and product development cycles. If the net book value of the asset exceeds the related undiscounted cash flows, the asset is considered impaired, and a second test is performed to measure the amount of impairment loss. During the year ended March 31, 2004, the Company recognized an impairment expense of \$111,522 related to one of its patents as it determined that this patent had no future value based on its assessment of expected future cash flows to be generated by this patent and the results of an independent appraisal done in April 2004. Amortization expense related to these patents for the six months ended September 30, 2006 and 2005 was \$26,932 and \$26,932, respectively. Projected amortization expense approximates \$54,000, \$53,000, \$53,000, \$53,000 and \$53,000, respectively, for each of the five years ended March 31, 2011. The weighted-average life of the remaining patents is approximately 15.2 years.

Recently Issued Accounting Pronouncements

In February 2006, FASB issued SFAS No. 155, “*Accounting for Certain Hybrid Financial Instruments*”. SFAS No. 155 amends SFAS No 133, “*Accounting for Derivative Instruments and Hedging Activities*”, and SFAS No. 140, “*Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities*”. SFAS No. 155, permits fair value remeasurement for any hybrid financial instrument that contains an embedded derivative that otherwise would require bifurcation, clarifies which interest-only strips and principal-only strips are not subject to the requirements of SFAS No. 133, establishes a requirement to evaluate interest in securitized financial assets to identify interests that are freestanding derivatives or that are hybrid financial instruments that contain an embedded derivative requiring bifurcation, clarifies that concentrations of credit risk in the form of subordination are not embedded derivatives, and amends SFAS No. 140 to eliminate the prohibition on the qualifying special-purpose entity from holding a derivative financial instrument that pertains to a beneficial interest other than another derivative financial instrument. SFAS 155 is effective for all financial instruments acquired or issued after the beginning of the Company’s first fiscal year that begins after September 15, 2006. Management believes that this statement will not have a significant impact on the consolidated financial statements.

In March 2006 FASB issued SFAS 156 “*Accounting for Servicing of Financial Assets*”. SFAS No. 156 amends FASB Statement No. 140, *Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities*, with respect to the accounting for separately recognized servicing assets and servicing liabilities. This Statement: (1) requires an entity to recognize a servicing asset or servicing liability each time it undertakes an obligation to service a financial asset by entering into a servicing contract, (2) requires all separately recognized servicing assets and servicing liabilities to be initially measured at fair value, if practicable; (3) permits an entity to choose the ‘amortization method’ or ‘fair value measurement method’ for each class of separately recognized servicing assets and servicing liabilities; (4) at its initial adoption, permits a one-time reclassification of available-for-sale securities to trading securities by entities with recognized servicing rights, without calling into question the treatment of other available-for-sale securities under Statement 115, provided that the available-for-sale securities are identified in some manner as offsetting the entity’s exposure to changes in fair value of servicing assets or servicing liabilities that a servicer elects to subsequently measure at fair value; and (5) requires separate presentation of servicing assets and servicing liabilities subsequently measured at fair value in the statement of financial position and additional disclosures for all separately recognized servicing assets and servicing liabilities. SFAS 156 is effective as of the beginning of the Company’s first fiscal year that begins after September 15, 2006. Management believes that this statement will not have a significant impact on the consolidated financial statements.

In September 2006, the FASB issued SFAS No. 157, “*Fair Value Measurements*.” This statement clarifies the definition of fair value, establishes a framework for measuring fair value and expands the disclosures on fair value measurements. SFAS No. 157 is effective for fiscal years beginning after November 15, 2007. Management has not determined the effect, if any, the adoption of this statement will have on the financial statements.

COBALIS CORP. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SIX MONTHS ENDED SEPTEMBER 30, 2006 AND 2005
(UNAUDITED)

In September 2006, the FASB issued SFAS No. 158, "Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans—an amendment of FASB Statements No. 87, 88, 106, and 132(R)". One objective of this standard is to make it easier for investors, employees, retirees and other parties to understand and assess an employer's financial position and its ability to fulfill the obligations under its benefit plans. SFAS No. 158 requires employers to fully recognize in their financial statements the obligations associated with single-employer defined benefit pension plans, retiree healthcare plans, and other postretirement plans. SFAS No. 158 requires an employer to fully recognize in its statement of financial position the overfunded or underfunded status of a defined benefit postretirement plan (other than a multiemployer plan) as an asset or liability and to recognize changes in that funded status in the year in which the changes occur through comprehensive income. This Statement also requires an employer to measure the funded status of a plan as of the date of its year-end statement of financial position, with limited exceptions. SFAS No. 158 requires an entity to recognize as a component of other comprehensive income, net of tax, the gains or losses and prior service costs or credits that arise during the period but are not recognized as components of net periodic benefit cost pursuant to SFAS No. 87. This Statement requires an entity to disclose in the notes to financial statements additional information about certain effects on net periodic benefit cost for the next fiscal year that arise from delayed recognition of the gains or losses, prior service costs or credits, and transition asset or obligation. The Company is required to initially recognize the funded status of a defined benefit postretirement plan and to provide the required disclosures for fiscal years ending after December 15, 2006. Management believes that this statement will not have a significant impact on the financial statements.

NOTE 2 - LOSS PER SHARE

The Company reports loss per share in accordance with SFAS No. 128, "Earnings per Share." Basic loss per share is computed by dividing loss available to common shareholders by the weighted average number of common shares available. Diluted loss per share is computed similar to basic loss per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive. Diluted loss per share has not been presented since the effect of the assumed exercise of options and warrants to purchase common shares would have an anti-dilutive effect. There were 11,192,600 and 6,094,167 common equivalent shares outstanding related to the options and warrants at September 30, 2006 and 2005, respectively. In addition, as of September 30, 2006, 508,333 shares of common stock are issuable upon the conversion of the convertible note payable and convertible preferred stock.

NOTE 3 - PROPERTY AND EQUIPMENT

The cost of property and equipment at September 30, 2006 consisted of the following:

Furniture and fixtures	\$ 73,203
Office equipment	42,120
	115,323
Less accumulated depreciation and amortization	(110,896)
	\$ 4,427

Depreciation expense for the six months ended September 30, 2006 and 2005 was \$3,992 and \$18,998, respectively.

NOTE 4 - ACCRUED LEGAL SETTLEMENTS

Former Landlord

In March 2003, the Company vacated its office space. The landlord then filed suit against the Company in the County of Orange, Superior Court of California, for unpaid rent. In January 2006, this matter was settled and the Company is to pay a total of \$200,000 over the next year. As of September 30, 2006, the balance due under this settlement was \$125,000, with the July 31, 2006 payment being missed. This amount was collateralized by 513,851 shares owned by the Company's President and one of its directors, Chaslav Radovich, which may be sold to satisfy the amount owed if not paid by December 31, 2006.

Gryphon Master Fund LP

On March 31, 2006, the Company reached a settlement with Gryphon Master Fund LP related to two investments (See Notes 8 and 10) in the Company by Gryphon in September 2003 totaling \$1,600,000. The settlement agreement requires the Company to pay a maximum of \$1,600,000 which will be reduced to \$1,400,000 if the Company is able to pay the judgment on or before October 1, 2006. Full repayment is due under the settlement agreement on or before April 1, 2007. The settlement agreement also provides for Gryphon to convert its two investments (convertible debenture and convertible preferred stock) in the Company totaling \$1,600,000 into 716,667 shares of the Company common stock as per the terms of the original investment agreements. In addition the settlement agreement provides for a reduction of the exercise price to \$0.01 for the 194,167 warrants currently held by Gryphon. During the six months ended September 30, 2006, Gryphon did a cashless exercise of these warrants and received a total of 192,997 shares of the Company's common stock and converted a total of \$442,500 worth of preferred stock into 208,333 shares of the Company's common stock.

As of September 30, 2006, the full \$1,600,000 was still due under the settlement agreement, which must be paid by April 1, 2007.

NOTE 5 - RELATED PARTY TRANSACTIONS

On July 18, 2006, the Company entered into an Accord and Satisfaction Agreement ("Agreement") with several related party creditors, arranging to settle debt of \$5,194,553 including interest accrued through June 30, 2006, in exchange for the issuance of 3,995,809 shares of the Company's \$.001 par value common stock. This debt was incurred in the form of related party advances and services rendered to the Company over recent months. The conversion rate was \$1.30 per share, representing a premium on the market price of the Company's closing share price on Monday, July 17, 2006 of \$1.00 per share.

The related parties that are owed funds include Radul Radovich, the Company's Chairman of the Board of Directors, and several entities owned and controlled by Mr. Radovich. The amounts owed were as follows: Mr. Radovich was owed \$952,611 principal along with interest of \$127,509, for a total of \$1,084,120, which is to be converted to 833,938 restricted shares of the Company's common stock; St. Petka Trust, a majority shareholder of the Company, and of which Mr. Radovich is the beneficiary and trustor, was owed \$1,585,500 principal, along with interest of \$211,335, for a total of \$1,796,835, which is to be converted to 1,382,180 restricted shares of the Company's common stock; R and R Holdings, Inc. a Nevada corporation owned by Mr. Radovich, was owed \$471,507 principal, along with interest of \$62,848, for a total of \$534,355, which is to be converted to 411,042 restricted shares of the

NOTE 6 - PROMISSORY NOTES

In June 2005, the Company converted a total of \$205,174 of amounts due for clinical trials into nine promissory notes that accrued interest at a rate of 10% per annum and were due on December 27, 2005. During the three months ended March 31, 2006 and June 30, 2006, respectively, the Company converted \$131,042 and \$27,319 of these promissory notes plus accrued interest into 105,250 and 27,200 shares of the Company's common stock. At September 30, 2006, \$46,813 of these notes was still outstanding.

NOTE 7 - NOTES PAYABLE

In August 2006, the Company issued a note payable to MDC Enterprises Ltd. in the amount of \$250,000 that accrues interest at 40% per annum and is due on December 29, 2006. In addition, the Company also issued to MDC Enterprises Ltd. a warrant to purchase 150,000 shares of the Company's common stock for \$0.75 per shares.

The fair value of these warrants totaling \$102,464 was computed using the Black-Scholes model under the following assumptions: (1) expected life of 5 years; (2) volatility of 199%, (3) risk free interest of 4.50% and (4) dividend rate of 0%. The face amount of the note payable of \$250,000 was proportionately allocated to the note payable and the warrants in the amount of \$177,323 and \$72,677, respectively. The amount allocated to the warrants of \$72,677 was recorded as a discount on the note payable and is being amortized over the term of the debenture. During the three months ended September 30, 2006, the Company amortized \$18,169 of the discount to interest expense. At September 30, 2006, the balance of the note payable is shown net of unamortized discount of \$54,508 in the consolidated balance sheet.

In September 2006, the Company issued a note payable in the amount of \$50,000 to an investor. The note bears interest at 10% per annum and is payable upon demand.

NOTE 8 - CONVERTIBLE NOTES PAYABLE

Gryphon Master Fund, LP (See Note 4)

In September 2003, the Company sold a \$600,000, six-year, 8% convertible note payable to Gryphon Master Fund, LP, which is convertible into shares of the Company's common stock at the initial conversion price of \$2.00 per share. This price is subject to adjustment should the Company issue shares of its common stock at a price less than \$1.75 per share. The convertible note payable was sold with detachable six-year warrants to purchase 90,000 shares of the Company's common stock at \$2.88 per share. The warrant exercise price is also subject to adjustment based on sales of the Company's common stock below the current fair market value on the contract date.

COBALIS CORP. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SIX MONTHS ENDED SEPTEMBER 30, 2006 AND 2005
(UNAUDITED)

The fair value of these warrants totaling \$169,630 was computed using the Black-Scholes model under the following assumptions: (1) expected life of 3 years; (2) volatility of 104%, (3) risk free interest of 4.39% and (4) dividend rate of \$0%. In addition, since this debt is convertible into equity at the option of the note holder at beneficial conversion rates, an embedded beneficial conversion feature was recorded as a debt discount and amortized using the effective interest method over the life of the debt in accordance with Emerging Issues Task Force No. 00-27, "Application of Issue No. 98-5 to Certain Convertible Instruments." Since the intrinsic value of the beneficial conversion feature and relative fair value of the warrants exceeds the proceeds of the convertible debt, the amount of the discount assigned to the beneficial conversion feature and warrants is limited to the amount of the net proceeds of the convertible debt. Therefore, the Company recorded a discount of \$516,500 (consisting of relative fair value of the warrants of \$169,630 and beneficial conversion features of \$346,870), the net proceeds received by the Company after the debt discount of \$83,500. During the year ended March 31, 2005, the Company fully amortized the debt discount associated with the \$600,000 convertible note payable due to the lawsuit filed by the holder of the convertible note payable.

On March 31, 2006, the Company reached a settlement with Gryphon Master Fund LP related to two investments in the Company by Gryphon in September 2003 totaling \$1,600,000 (See Notes 4 and 9). The settlement agreement requires the Company to pay a maximum of \$1,600,000 which will be reduced to \$1,400,000 if the Company is able to pay the judgment on or before October 1, 2006. No payment was made by October 1, 2006. Full repayment is due under the settlement agreement on or before April 1, 2007. The settlement agreement also provides for Gryphon to convert its two investments (convertible debenture and convertible preferred stock) in the Company totaling \$1,600,000 into 716,667 shares of the Company common stock as per the terms of the original investment agreements. In addition the settlement agreement provides for a reduction of the exercise price to \$0.01 for the 194,167 warrants currently held by Gryphon.

During the six months ended September 30, 2006, Gryphon did a cashless exercise of these warrants and received a total of 192,997 shares of the Company's common stock and converted a total of \$442,500 worth of preferred stock into 208,333 shares of the Company's common stock.

Tejeda and Tejeda, Inc.

On June 13, 2005, the Company entered into a loan agreement with Tejeda and Tejeda, Inc. in the amount of \$100,000. The loan is due on or before the 12-month anniversary and accrues interest at the rate of 10% per annum. The note is personally guaranteed by Mr. Radul Radovich, the Company's Chairman, and Mr. Chaslav Radovich the Company's CEO. On the 12-month anniversary, the holder of the note may elect to convert the loan into shares of the Company's common stock at \$1.75 per shares or at a price equal to a 25% discount to the closing bid price on the day of conversion at maturity. If such conversion is elected, the loan shall be considered paid in full. In July 2006, Tejeda and Tejeda, Inc. elected to convert the note plus accrued interest into 200,000 shares of the Company's common stock. The Company recognized an additional expense of \$91,583 related to the conversion of this note and accrued interest into shares of common stock.

In July 2006, the Company issued notes payable in the aggregate amount of \$250,000 to three investors. The notes bear interest at 5% per month and were due on September 14, 2006. The Company exercised its option to extend the due date to October 14, 2006 and issued to the investors a total of 25,000 warrants. The warrants have an exercise price of \$1.50 per shares and expire in September 2011. The value of these warrants of \$15,307 has been expensed as financing costs. The fair value of these warrants of \$15,307 was computed using the Black-Scholes model under the

following assumptions: (1) expected life of 5 years; (2) volatility of 199%, (3) risk free interest of 4.50% and (4) dividend rate of \$0%. These notes currently have not been repaid.

NOTE 9 - SENIOR DEBENTURE

On October 26, 2005, the Company issued a senior debenture to the Brad Chisick Trust in the amount of \$250,000 that accrues interest at 10% per annum and is due on October 26, 2007. In addition, the Company also issued to the Brad Chisick Trust a warrant to purchase 500,000 shares of the Company's common stock for \$1.75 per shares.

The fair value of these warrants totaling \$276,827 was computed using the Black-Scholes model under the following assumptions: (1) expected life of 5 years; (2) volatility of 194%, (3) risk free interest of 4.50% and (4) dividend rate of \$0%. The face amount of the senior debenture of \$250,000 was proportionately allocated to the senior debenture and the warrants in the amount of \$118,635 and \$131,365, respectively. The amount allocated to the warrants of \$131,365 was recorded as a discount on the senior debenture and is being amortized over the term of the debenture. During the six months ended September 30, 2006, the Company amortized \$32,932 of the discount to interest expense. At September 30, 2006, the balance of the debenture is shown net of unamortized discount of \$70,361 in the consolidated balance sheet. In addition, on October 26, 2005, the Company issued to the Brad Chisick Trust 125,000 shares of its common stock valued at \$72,500 as pre-payment of the accrued interest on this senior debenture. The prepaid interest will be amortized to interest expense over the two year term of the senior debenture.

NOTE 10 - CONVERTIBLE PREFERRED STOCK

In September 2003, the Company sold 1,000 shares of its 7.5% convertible preferred stock (the "Convertible Preferred Stock") to Gryphon Master Fund, LP, for \$1,000,000, less direct issuance costs of \$115,000, which were netted against the proceeds of the offering. The Convertible Preferred Stock carries voting rights equivalent to the number of shares of common stock into which it can be converted, and has liquidation preference of \$1,000 per share. The Convertible Preferred Stock is convertible into shares of the Company's common stock at the initial conversion price of \$2.40 per share. This price is subject to change should the Company issue shares of its common stock at a price less than \$1.75 per share. Included with the Convertible Preferred Stock were detachable three-year warrants to purchase 104,167 shares of the Company's common stock at the price of \$2.88 per share (the "Preferred Warrants"). The warrant exercise price is also subject to adjustment based on sales of the Company's common stock below the current fair market value on the contract date.

The fair value of these warrants totaling \$181,849 was computed using the Black-Scholes model under the following assumptions: (1) expected life of 3 years; (2) volatility of 112%, (3) risk free interest of 4.1% and (4) dividend rate of \$0%. In addition, since this convertible preferred stock is convertible into equity at the option of the stockholder at beneficial conversion rates, an embedded beneficial conversion feature was recorded as a discount to additional paid in capital in accordance with Emerging Issues Task Force No. 00-27, "Application of Issue No. 98-5 to Certain Convertible Instruments." Since the intrinsic value of the beneficial conversion feature and relative fair value of the warrants exceeds the proceeds of the convertible debt, the amount of the discount assigned to the beneficial conversion feature and warrants is limited to the amount of the proceeds of the convertible preferred stock. The discount was recorded as a preferred stock dividend at the date of issuance. The Company recognized \$885,000 of preferred dividends related to the discount.

6,325,000	

The fair value for the options issued during the three months ended June 30, 2006 was estimated at the date of grant using a Black-Scholes option pricing model with the following weighted-average assumptions: risk-free interest rate of 4.50%; dividend yields of 0%; volatility factors of the expected market price of the Company's common shares of 188%; and a weighted average expected life of the option of 5 years.

The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options which have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility. Because the Company's employee stock options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of employee stock options.

NOTE 12 - LITIGATION

Former Leased Office Space: The Company a defendant in a suit brought by its former landlord for breach of lease agreement and alleged unpaid rent in the County of Orange, Superior Court of California, Case #03CC02904. In January 2006, this matter was settled and the Company is to pay a total of \$200,000 over the next year, of which the Company paid the first \$75,000 on January 31, 2006. This leaves a total of \$125,000 owing, of which \$75,000 is due on July 31, 2006, and \$50,000 is due on December 31, 2006. The July 31, 2006 payment was not made. The amount owed was collateralized by 513,851 shares owned by the Company's President and one of its directors, Chaslav Radovich, a portion of which may be sold to satisfy the amount owed if not paid by December 31, 2006.

Marinko Vekovic: On March 9, 2006, Marinko Vekovic, a former consultant, filed a Complaint against the Company alleging a breach of a written consulting agreement, specific performance of common stock warrants and the "reasonable value of work and labor performed," seeking damages in excess of \$700,000, and specific performance of an alleged obligation to issue 600,000 free trading warrants at a \$1.75 share price. The lawsuit, entitled Vekovic vs. Cobalis, is pending in Orange County Superior Court, Central Justice Center, Case No. 06CC03923. The next hearing date for this case is scheduled for March 2007.

On April 18, 2006, the Company filed an Answer to the Complaint, denying the allegations by Mr. Vekovic. On the same date, the Company also filed a Cross-Complaint for rescission of the consulting agreement, on grounds that Mr. Vekovic made numerous material misrepresentations intended to fraudulently induce the Company to enter the consulting agreement and to issue to Vekovic 112,500 shares of the Company's S-8 common stock. Through the Company's Cross-Complaint, the Company seeks to rescind the consulting agreement and seeks restitution from Mr. Vekovic in an amount no less than the price for which Mr. Vekovic sold the 112,500 shares of the Company's S-8 common stock, plus all or some portion of the compensation paid to Mr. Vekovic, given that Mr. Vekovic substantially failed to perform the consulting services which were the subject of the consulting agreement. The Company also seeks to recover attorneys' fees incurred in the defense of the Complaint and the prosecution of the Company's Cross-Complaint, pursuant to the attorneys' fee provision in the consulting agreement.

The Company believes that it will prevail in defending Mr. Vekovic's Complaint and that its liability to Mr. Vekovic, if any, would not be material. Furthermore, the Company believes that it has a good chance of prevailing on its Cross-Complaint, such that the Company would recover a monetary award from Mr. Vekovic. However, as is the case with any litigation, the Company cannot guarantee the outcome of the case.

(UNAUDITED)

Europacific Consulting, Inc. This action was filed on May 23, 2006 in the Supreme Court of New York, County of New York, Case No. 601830/06. *Europacific Consulting, Inc.* (“*Europacific*”) is a New York corporation whose sole shareholder and director is Antonio Treminio, who are suing for alleged breach of oral contract and damages of \$250,000. *Europacific* alleges that Cobalis orally engaged *Europacific* to perform certain services for the Company, including introductions to potential board members, qualified investors and strategic alliances for the Company’s product line. The Company issued 20,000 shares to *Europacific* in January 2005, and canceled those shares in May 2005, after what it contends is *Europacific*’s fraudulent inducement and failure to perform. The Company believes the claim for \$250,000 is without basis since the consideration for *Europacific*’s services was 20,000 shares, which at a current market value of \$1.10 per share, would equal approximately only \$22,000. Subsequent to the period covered by this report, the Company agreed to settle this claim by reissuing the 20,000 disputed shares.

In the ordinary course of business, the Company is generally subject to claims, complaints, and legal actions. At September 30, 2006, management believes that the Company is not a party to any action which would have a material impact on its financial condition, operations, or cash flows.

NOTE 13 - SUBSEQUENT EVENTS

Subsequent to September 30, 2006, the Company issued unregistered equity securities to the following:

- October 11, 2006 - 1,000,000 shares issued to Chaim Stern for cash of \$500,000 and
- October 16, 2006 - 150,000 shares issued to Irina Aronson and Yuly Aronson Irrevocable Trust for cash of \$75,000.

In addition, the Company filed an Form S-8 and issued 1,113,695 share of common stock for past due employee compensation of \$1,056,586.

Item 2. Management's Discussion and Analysis or Plan of Operations

This following information specifies certain forward-looking statements of management of the company. Forward-looking statements are statements that estimate the happening of future events and are not based on historical fact. Forward-looking statements may be identified by the use of forward-looking terminology, such as “may”, “shall”, “could”, “expect”, “estimate”, “anticipate”, “predict”, “probable”, “possible”, “should”, “continue”, variations of those terms or the negative of those terms. The forward-looking statements specified in the following information have been compiled by our management on the basis of assumptions made by management and considered by management to be reasonable. Our future operating results, however, are impossible to predict and no representation, guaranty, or warranty is to be inferred from those forward-looking statements.

The assumptions used for purposes of the forward-looking statements specified in the following information represent estimates of future events and are subject to uncertainty as to possible changes in economic, legislative, industry, and other circumstances. As a result, the identification and interpretation of data and other information and their use in developing and selecting assumptions from and among reasonable alternatives require the exercise of judgment. To the extent that the assumed events do not occur, the outcome may vary substantially from anticipated or projected results, and, accordingly, no opinion is expressed on the achievability of those forward-looking statements. No assurance can be given that any of the assumptions relating to the forward-looking statements specified in the following information are accurate, and we assume no obligation to update any such forward-looking statements.

Our Management's Discussion and Analysis of Financial Condition and Results of Operations section discusses our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these financial statements requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. On an on-going basis, we evaluate our estimates and judgments, including those related to revenue recognition, accrued expenses, financing operations, and contingencies and litigation. We base our estimates and judgments on historical experience and on various other factors that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. The most significant accounting estimates inherent in the preparation of our financial statements include estimates as to the appropriate carrying value of certain assets and liabilities which are not readily apparent from other sources, primarily valuation of patent costs and stock-based compensation. The methods, estimates and judgments we use in applying these most critical accounting policies have a significant impact on the results we report in our consolidated financial statements.

OVERVIEW

As discussed above, we were incorporated in 1997 and on July 6, 2004 changed our name to Cobalis Corp., having previously used the BioGentech Corp. In 2003, we acquired our operational subsidiary, BioGentech Incorporated,(BioGentec). To distinguish between parent and subsidiary, a slight spelling difference was utilized. BioGentec, a private Nevada corporation, was incorporated on November 21, 2000 according to the laws of Nevada, under the name St Petka, Inc. On May 4, 2001, St. Petka, Inc. changed its name to BioGentec Incorporated. On July 2, 2003, BioGentec was merged into Togs for Tykes Acquisition Corp., a wholly owned subsidiary formed for the purpose of acquiring BioGentec. As allowed under SFAS 141, “Business Combinations” (“SFAS 141”), we designated a date of convenience of the closing for accounting purposes as June 30, 2003. Under the terms of the merger agreement, all of BioGentec's outstanding common stock (19,732,705 shares of \$0.001 par value stock) was exchanged for 19,732,705 shares newly issued shares of \$0.001 par value stock of Cobalis Corp. common stock. This transaction was consummated with the filing of the Articles of Merger with the State of Nevada on July 2, 2003.

BioGentec shareholders then effectively controlled approximately 95% of the issued and outstanding common stock of Cobalis. Since the shareholders of BioGentec obtained control of Cobalis, according to SFAS 141, this acquisition was treated as a recapitalization for accounting purposes, in a manner similar to reverse acquisition accounting.

GOING CONCERN

The accompanying consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which contemplate continuation as a going concern. We incurred a net loss of \$5,348,854 for the six months ended September 30, 2006 and as of September 30, 2006; we had a working capital deficit of \$5,842,234 and a stockholder deficit of \$5,798,370. In addition, as of September 30, 2006, we have not developed a substantial source of revenue. These conditions raise substantial doubt as to our ability to continue as a going concern. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty. The consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might be necessary should we be unable to continue as a going concern.

We are currently attempting to raise additional debt and equity financing for operating purposes. We require substantial capital to pursue our operating strategy, which includes commercialization of our products, and we currently have limited cash for operations. Until we can obtain revenues sufficient to fund working capital needs and additional research and development costs necessary to obtain the regulatory approvals for commercialization, we will be dependent upon external sources of financing.

We believe that actions presently being taken to revise our operating and financial requirements provide the opportunity for us to continue as a going concern. There can be no assurances that sufficient financing will be available on terms acceptable to us, or at all. If we are unable to obtain such financing, we will be forced to scale back operations, which could have an adverse effect on our financial condition and results of operations.

CRITICAL ACCOUNTING POLICY AND ESTIMATES

Our Management's Discussion and Analysis of Financial Condition and Results of Operations section discusses our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of the consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. On an on-going basis, management evaluates its estimates and judgments, including those related to revenue recognition, accrued expenses, financing operations, and contingencies and litigation. Management bases its estimates and judgments on historical experience and on various other factors that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. The most significant accounting estimates inherent in the preparation of our consolidated financial statements include estimates as to the appropriate carrying value of certain assets and liabilities which are not readily apparent from other sources, primarily valuation of patent costs and stock-based compensation. The methods, estimates and judgments we use in applying these most critical accounting policies have a significant impact on the results we report in our consolidated financial statements.

Patent Cost Valuation. The determination of the fair value of certain acquired assets and liabilities is subjective in nature and often involves the use of significant estimates and assumptions. Determining the fair values and useful lives of intangible assets requires the exercise of judgment. While there are a number of different generally accepted valuation methods to estimate the value of intangible assets acquired, we primarily use the weighted-average probability method outlined in SFAS 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." This method requires significant management judgment to forecast the future operating results used in the analysis. In addition, other significant estimates are required such as residual growth rates and discount factors. The estimates we have used are consistent with the plans and estimates that we use to manage our business, based on available historical information and industry averages. The judgments made in determining the estimated useful lives assigned to each class of assets acquired can also significantly affect our net operating results.

Stock-based Compensation. We adopted SFAS No. 123 (Revised 2004), *Share Based Payment* ("SFAS No. 123R"), under the modified-prospective transition method on January 1, 2006. SFAS No. 123R requires companies to measure and recognize the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value. Share-based compensation recognized under the modified-prospective transition method of SFAS No. 123R includes share-based compensation based on the grant-date fair value determined in accordance with the original provisions of SFAS No. 123, *Accounting for Stock-Based Compensation*, for all share-based payments granted prior to and not yet vested as of January 1, 2006 and share-based compensation based on the grant-date fair-value determined in accordance with SFAS No. 123R for all share-based payments granted after January 1, 2006. SFAS No. 123R eliminates the ability to account for the award of these instruments under the intrinsic value method prescribed by Accounting Principles Board ("APB") Opinion No. 25, *Accounting for Stock Issued to Employees*, and allowed under the original provisions of SFAS No. 123. Prior to the adoption of SFAS No. 123R, we accounted for our stock option plans using the intrinsic value method in accordance with the provisions of APB Opinion No. 25 and related interpretations.

Estimate of Litigation-based Liability. We are a defendant in certain claims and litigation in the ordinary course of business. We accrue liabilities relating to these lawsuits on a case-by-case basis. We generally accrue attorney fees and interest in addition to the liability being sought. Liabilities are adjusted on a regular basis as new information becomes available. We consult with our attorneys to determine the viability of an expected outcome. The actual amount paid to settle a case could differ materially from the amount accrued.

LIQUIDITY AND CAPITAL RESOURCES

We had cash and cash equivalents of \$66,120 and prepaid expenses and other current assets of \$32,991 at September 30, 2006. Our total current assets at September 30, 2006 were \$99,111. We also had the following long term assets: \$4,427 in property and equipment, net; \$1,239 in net website development costs; \$647,791 represented by net value of our patents; and \$12,546 in deposits. Our total assets as of September 30, 2006 were \$765,114.

Our total current liabilities were \$5,941,345 at September 30, 2006, which was represented by accounts payable of \$437,105; accrued expenses of \$536,192; accrued clinical trials costs of \$1,004,032; accrued legal settlements of \$1,725,000; accrued salaries of \$1,096,711; promissory notes of \$46,813; notes payable of \$495,492 and convertible notes payable of \$600,000.

In June 2005, we converted a total of \$205,174 of amounts due for clinical trials into nine promissory notes that accrued interest at a rate of 10% per annum and were due on December 27, 2005. During the three months ended March 31, 2006 and June 30, 2006, respectively, we converted \$131,042 and \$27,319 of these promissory notes plus accrued interest into 105,250 and 27,200 shares of our common stock. At September 30, 2006, \$46,813 of these notes was still outstanding.

We also had \$179,639 represented by a senior debenture, making our total liabilities \$6,120,984, and a convertible preferred stock liability of \$442,500. Our liabilities exceeded our assets by \$5,355,870.

On July 18, 2006, we entered into an Accord and Satisfaction Agreement (“Agreement”) with several related party creditors, arranging to settle debt of \$5,194,553 including interest accrued through June 30, 2006, in exchange for the issuance of 3,995,809 shares of our \$.001 par value common stock. This debt was incurred in the form of related party advances and services rendered to the company over recent months. The conversion rate was \$1.30 per share, representing a premium on the market price of our closing share price on Monday, July 17, 2006 of \$1.00 per share.

The related parties that are owed funds include Radul Radovich, our Chairman of the Board of Directors, and several entities owned and controlled by Mr. Radovich. The amounts owed were as follows: Mr. Radovich was owed \$952,611 principal along with interest of \$127,509, for a total of \$1,084,120, which is to be converted to 833,938 restricted shares of our common stock; St. Petka Trust, a majority shareholder of the company, and of which Mr. Radovich is the beneficiary and trustor, was owed \$1,585,500 principal, along with interest of \$211,335, for a total of \$1,796,835, which is to be converted to 1,382,180 restricted shares of our common stock; R and R Holdings, Inc. a Nevada corporation owned by Mr. Radovich, was owed \$471,507 principal, along with interest of \$62,848, for a total of \$534,355, which is to be converted to 411,042 restricted shares of our common stock; Silver Mountain Promotions, Inc., a Nevada corporation, owned by Mr. Radovich, was owed \$922,103 principal, along with interest of \$122,909, for a total of \$1,045,012, which is to be converted to 803,855 restricted shares of our common stock; R R Development, Inc., a California corporation, owned by Mr. Radovich, was owed \$170,000 principal, along with interest of \$51,838, for a total of \$221,838, which is to be converted to restricted 170,644 shares of our common stock. In addition, Mr. Radovich was owed \$512,392 for consulting fees, pursuant to a consulting contract with the company. This amount is to be converted to 394,147 restricted shares of our common stock. Subsequent to the period covered by this report, we issued these shares on October 17, 2006.

We have financed our operations primarily through cash generated from related party debt financing as well as issuing a convertible debenture.

Our net cash used by investing activities was \$48,124 for the six months ended September 30, 2006 compared to \$0 for the six months ended September 30, 2005. The increase of \$48,124 is primarily due to a reduction in related party advances offset by an increase in the sale of notes payable and common stock.

Our net cash provided by financing activities was \$740,000 for the six months ended September 30, 2006 compared to net cash provided by financing activities of \$1,093,933 for the six months ended September 30, 2005. The decrease of \$353,933 is primarily due to a reduction in related party advances offset by an increase in the sale of notes payable and common stock.

In June 2005, we entered into a loan agreement with Tejada and Tejada, Inc. in the amount of \$100,000. The loan is due in one year. The note is personally guaranteed by Mr. Radul Radovich, the chairman of our board of directors, and Mr. Chas Radovich, our President, Secretary and one of our directors. When the loan is due, the holder of the note has the option to convert the loan into shares of our common stock at \$0.50 per share or at a price equal to a 25% discount to the closing bid price on the day of conversion at maturity. In July 2006, the holder of the note elected to convert the note to 200,000 shares of our common stock. We recognized an additional expense of \$91,583 related to the conversion of this note and accrued interest into shares of common stock.

In October 2005, we issued a senior debenture to the Brad Chisick Trust for \$250,000 that accrues interest at 10% per annum, and is due in two years. We also issued the holder of this debenture a warrant to purchase 500,000 shares of our common stock at \$1.75 per share.

During the three months ended June 30, 2006, we issued 111,416 shares of our common stock that were registered on or about May 11, 2006 on Form S-8 as payment for certain accounts payable, past due salaries to certain related parties and amounts due to consultants.

In July 2006, we issued notes payable in the aggregate amount of \$250,000 to three investors. The notes bear interest at 5% per month and were due on September 14, 2006. We exercised its option to extend the due date to October 14, 2006 and issued to the investors a total of 25,000 warrants. These notes currently have not been repaid.

In August 2006, the Company issued a note payable to MDC Enterprises Ltd. in the amount of \$250,000 that accrues interest at 40% per annum and is due on December 29, 2006. In addition, the Company also issued to MDC Enterprises Ltd. a warrant to purchase 150,000 shares of the Company's common stock for \$0.75 per shares.

In September 2006, the Company issued a note payable in the amount of \$50,000 to an investor. The note bears interest at 10% per annum and is payable upon demand.

RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED SEPTEMBER 30, 2006 AS COMPARED TO THE THREE MONTHS ENDED SEPTEMBER 30, 2005

Revenues and Cost of Sales. We had no significant revenues for the three months ended September 30, 2006 and September 30, 2005 as we are undertaking a Phase III clinical trial in order to obtain FDA approval of PreHistin™ as an over the counter drug. Our net sales were \$0, as were our cost of sales and gross loss for the three months ended September 30, 2006, as compared net sales of \$0 as were our cost of sales and gross loss for the three months ended September 30, 2005.

Operating Expenses. Our operating expenses for the three months ended September 30, 2006 were \$3,646,162 compared to \$810,501 for the three months ended September 30, 2005. For both periods, we incurred expenses for two major purposes: i) ongoing development of our PreHistin™ product and related product management and ii) general management and fund raising efforts. For the three months ended September 30, 2006, this amount was represented by \$14,515 in depreciation and amortization; \$650,769 in professional fees; \$918,330 in salary and wages; \$37,203 in rent expense; \$1,273,555 in marketing and research; \$461,684 in stock option expense; and \$290,106 in other operating expenses. This is compared to the three months ended September 30, 2005, where we had \$21,401 in depreciation and amortization; \$447,182 in professional fees; \$95,653 in salary and wages; \$34,487 in rent expense; \$29,043 in marketing and research; and \$182,735 in other operating expenses. Our operating expenses increased during the three months ended September 30, 2006 as compared to the three months ended September 30, 2005 principally as a result of an increase in salaries and wages due to the additions of two executives, an increase in marketing and research due to our Phase III clinical trials and an increase in stock option expense related to the adoption of SFAS No. 123R. A significant portion of the professional fees were paid by issuing shares of our stock. The value of these services was based on the market value of our stock at the measurement date.

Interest expense and financing costs for the three months ended September 30, 2006 were \$100,340 compared to \$225,635 for the three months ended September 30, 2005. The decrease is due to no non-registration penalties being accrued during the three months ended September 30, 2006 as compared to penalties of \$96,000 during the three months ended September 30, 2005.

The change in the fair value in the warrant liability relates to the decrease in the value of the detachable warrants issued in connection with the convertible note payable and convertible preferred stock. Due to the decrease of our

stock price, the fair value of these warrants has decreased resulting in the decrease of the warrant liability.

RESULTS OF OPERATIONS FOR THE SIX MONTHS ENDED SEPTEMBER 30, 2006 AS COMPARED TO THE SIX MONTHS ENDED SEPTEMBER 30, 2005

Revenues and Cost of Sales. We had no significant revenues for the six months ended September 30, 2006 and September 30, 2005 as we are undertaking a Phase III clinical trial in order to obtain FDA approval of PreHistin™ as an over the counter drug. Our net sales were \$0, as were our cost of sales and gross loss for the six months ended September 30, 2006, as compared net sales of \$0 as were our cost of sales and gross loss for the six months ended September 30, 2005.

Operating Expenses. Our operating expenses for the six months ended September 30, 2006 were \$5,116,719 compared to \$1,595,714 for the six months ended September 30, 2005. For both periods, we incurred expenses for two major purposes: i) ongoing development of our PreHistin™ product and related product management and ii) general management and fund raising efforts. For the six months ended September 30, 2006, this amount was represented by \$31,277 in depreciation and amortization; \$1,567,674 in professional fees; \$1,103,632 in salary and wages; \$100,279 in rent expense; \$1,299,364 in marketing and research; \$590,592 in stock option expense; and \$423,901 in other operating expenses. This is compared to the six months ended September 30, 2005, where we had \$46,283 in depreciation and amortization; \$958,360 in professional fees; \$178,220 in salary and wages; \$68,923 in rent expense; \$55,316 in marketing and research; and \$288,612 in other operating expenses. Our operating expenses increased during the six months ended September 30, 2006 as compared to the six months ended September 30, 2005 principally as a result of an increase in professional fees, which include payments for accounting, legal and shareholder relations and amortization of the value of warrants issued to consultants over the terms of the related consulting agreements, an increase in salaries and wages due to the additions of two executives, an increase in marketing and research due to our Phase III clinical trials and an increase in stock option expense related to the adoption of SFAS No. 123R. A significant portion of the professional fees were paid by issuing shares of our stock. The value of these services was based on the market value of our stock at the measurement date.

Interest expense and financing costs for the six months ended September 30, 2006 were \$232,135 compared to \$408,367 for the six months ended September 30, 2005. The decrease is due to no non-registration penalties being accrued during the six months ended September 30, 2006 as compared to penalties of \$192,000 during the six months ended September 30, 2005.

The change in the fair value in the warrant liability relates to the decrease in the value of the detachable warrants issued in connection with the convertible note payable and convertible preferred stock. Due to the decrease of our stock price, the fair value of these warrants has decreased resulting in the decrease of the warrant liability.

OUR PLAN OF OPERATION FOR THE NEXT TWELVE MONTHS.

Over the next 12 months, we plan to continue moving forward with the completion of the Phase III clinical trials of our allergy prevention product, PreHistin™, followed by submission of a new drug application ("NDA") to the FDA for marketing approval of PreHistin™ as an over the counter ("OTC") allergy medication. Once the NDA is filed, we hope to receive approval from the FDA enabling our marketing launch in the United States of the product or licensing to a potential pharmaceutical partner. We estimate the cost to complete the Phase III clinical trials and the submission of the NDA to the FDA for marketing approval will be approximately \$5,000,000.

In addition to seeking approval from the FDA for the primary indication of seasonal allergic rhinitis (hay fever) for PreHistin™, we may conduct additional studies to validate the viability of approval for supplemental indications and alternative delivery mechanisms. The tests will be a combination of clinical trials and laboratory analyses.

As of September 30, 2006, we had cash and equivalents of \$66,120. To fully execute our business plan for the next 12 months, we will need to raise additional funds in order to complete the Phase III clinical trials, submit the PreHistin™ application to the United States FDA, and execute a licensing agreement or otherwise launch the PreHistin™ product. There is no assurance that these funds will be raised.

In October 2005, we reported results of an initial six-week 714 patient Phase III trial designed to study various PreHistin™ dose regimens for reducing seasonal allergy symptoms when compared to placebo. As reported, the statistical analysis utilized a modified intent to treat and an ANOVA (ANalysis Of VARIation) model to determine the treatment effects for the four arm study and certain assumptions used were not specified in the statistical analysis plan (SAP). Although the data resulting from the prior Phase III clinical trial demonstrated that patients who were administered PreHistin™ showed a statistically significant reduction of allergy symptoms when the modified analysis was applied, the data most likely will be viewed by the FDA as supportive data and not as pivotal Phase III results required to secure approval.

In June 2006, we announced that we intend to initiate two identical, Phase III clinical trials of our anti-allergy medication PreHistin™ in patients with seasonal allergic rhinitis. The randomized, double blind, placebo-controlled studies are intended to assess the efficacy, overall safety and tolerability of our flagship drug PreHistin™ to prevent the onset and reduce the severity of allergy symptoms.

The new study design calls for two simultaneously conducted Phase III clinical trials, each comprised of one placebo arm and one active arm receiving 3.3 mg of sublingual PreHistin™ administered twice daily for the six weeks of the study. In July 2006, we conducted the double blind, placebo-controlled trials will be conducted at 23 sites throughout the United States during the Ragweed allergy season. The trials utilized electronic diary records to assess improvement in the severity of nasal allergy symptoms. A total of 1,550 patients were randomized into the twin studies to receive either placebo or PreHistin™ for three weeks prior to the onset of the allergy season, and for an additional three weeks into the season. The patients' diaries and studies were completed on October 6, 2006.

We estimate these costs to be approximately \$5,000,000 over the coming year. We will need to raise funds to execute studies for the further development of the PreHistin™ product line and to complete the acquisition of additional products. We plan to raise these funds through private or other equity offerings. We may attempt to secure loans from lending institutions or other sources. There is no guarantee that we will be able to raise additional funds through offerings or other sources. If we are unable to raise funds, our ability to continue with product development will be hindered.

Other than the research and development related to our PreHistin™ product, we do not plan to engage in any other research and development unless we are able to raise additional funds. We do not anticipate any significant hiring over the next 12 months.

Off-balance sheet arrangements. There are no off balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors.

Item 3. Controls and Procedures

As required by SEC rules, we have evaluated the effectiveness of the design and operation of our disclosure controls and procedures at the end of the period covered by this report. This evaluation was carried out under the supervision and with the participation of our management, including our principal executive officer and principal financial officer. Based on this evaluation, these officers have concluded that the design and operation of our disclosure controls and procedures are effective. There were no changes in our internal control over financial reporting or in other factors that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Disclosure controls and procedures are our controls and other procedures that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by us in the reports that we file under the Exchange Act is accumulated and communicated to our management, including principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure.

Part II. OTHER INFORMATION

Item 1. Legal Proceedings

Former Leased Office Space: The Company a defendant in a suit brought by its former landlord for breach of lease agreement and alleged unpaid rent in the County of Orange, Superior Court of California, Case #03CC02904. In January 2006, this matter was settled and the Company is to pay a total of \$200,000 over the next year, of which the Company paid the first \$75,000 on January 31, 2006. This leaves a total of \$125,000 owing, of which \$75,000 is due on July 31, 2006 (which was not paid), and \$50,000 which is due on December 31, 2006. The amount was collateralized by 513,851 shares owned by the Company's President and one of its directors, Chaslav Radovich, a portion of which may be sold to satisfy the amount owed, if not paid by December 31, 2006.

Marinko Vekovic: On March 9, 2006, Marinko Vekovic, a former consultant, filed a Complaint against the Company alleging a breach of a written consulting agreement, specific performance of common stock warrants and the "reasonable value of work and labor performed," seeking damages in excess of \$700,000, and specific performance of an alleged obligation to issue 600,000 free trading warrants at a \$1.75 share price. The lawsuit, entitled Vekovic vs. Cobalis, is pending in Orange County Superior Court, Central Justice Center, Case No. 06CC03923. The next hearing date for this case is set for March 2007.

On April 18, 2006, the Company filed an Answer to the Complaint, denying the allegations by Mr. Vekovic. On the same date, the Company also filed a Cross-Complaint for rescission of the consulting agreement, on grounds that Mr. Vekovic made numerous material misrepresentations intended to fraudulently induce the Company to enter the consulting agreement and to issue to Vekovic 112,500 shares of the Company's S-8 common stock. Through the Company's Cross-Complaint, the Company seeks to rescind the consulting agreement and seeks restitution from Mr. Vekovic in an amount no less than the price for which Mr. Vekovic sold the 112,500 shares of the Company's S-8 common stock, plus all or some portion of the compensation paid to Mr. Vekovic, given that Mr. Vekovic substantially failed to perform the consulting services which were the subject of the consulting agreement. The Company also seeks to recover attorneys' fees incurred in the defense of the Complaint and the prosecution of the Company's Cross-Complaint, pursuant to the attorneys' fee provision in the consulting agreement.

The Company believes that it will prevail in defending Mr. Vekovic's Complaint and that its liability to Mr. Vekovic, if any, would not be material. Furthermore, the Company believes that it has a good chance of prevailing on its Cross-Complaint, such that the Company would recover a monetary award from Mr. Vekovic. However, as is the case with any litigation, the Company cannot guarantee the outcome of the case.

Europacific Consulting, Inc. This action was filed on May 23, 2006 in the Supreme Court of New York, County of New York, Case No. 601830/06. Europacific Consulting, Inc. ("Europacific") is a New York corporation whose sole shareholder and director is Antonio Treminio, who are suing for alleged breach of oral contract and damages of \$250,000. Europacific alleges that Cobalis orally engaged Europacific to perform certain services for the Company, including introductions to potential board members, qualified investors and strategic alliances for the Company's product line. The Company issued 20,000 shares to Europacific in January 2005, and canceled those shares in May 2005, after what it contends is Europacific's fraudulent inducement and failure to perform. The Company intends to vigorously contest this case and consider this a frivolous claim. The Company believes the claim for \$250,000 is without basis since the consideration for Europacific's services was 20,000 shares, which at a current market value of \$1.10 per share, would equal approximately only \$22,000. The Company is in the process of settling this case by preparing to reissue those 20,000 shares.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

During the three months ended September 30, 2006, we issued the following shares of our unregistered common stock:

- 208,333 shares to Gryphon Master Fund for the conversion of \$500,000 worth of preferred stock;
 - 15,000 shares to Steve Barnes for services valued at \$14,850;
 - 15,000 shares to Jaffone & Collins for services valued at \$15,000;
- 200,000 shares to Tejada and Tejada, Inc. for the conversion of a note payable and accrued interest valued at \$202,000;
 - 20,000 shares to Richard Fishman for services valued at \$19,400;
 - 56,000 shares to Steve Barnes for services valued at \$49,840;
 - 100,000 shares to Adam Barnett for services valued at \$94,000;

We did not receive any proceeds from the issuance of these shares; these shares were all issued in lieu of repaying our employees, consultants, advisors, and as the case may be, creditors in cash.

We also sold the following shares for cash:

- 300,000 shares to MDC Enterprises, Ltd. for cash of \$150,000 and
 - 100,000 shares to Dane Bjelopetrovich for cash of \$50,000.

The proceeds of these sales were used for working capital.

Subsequent to September 30, 2006, we issued the following shares of our unregistered common stock:

- 833,938 shares to Radul Radovich for conversion of related party debt and accrued interest valued at \$1,084,120;
- 1,382,180 shares to St. Petka Trust for conversion of related party debt and accrued interest valued at \$1,796,835;
 - 411,042 shares to RR Holdings for conversion of related party debt and accrued interest valued at \$534,355;
- 803,855 shares to Silver Mountain, Inc. for conversion of related party debt and accrued interest valued at \$1,045,013;
- 170,644 shares to RR Development for conversion of related party debt and accrued interest valued at \$221,839; and
 - 394,147 shares to Radul Radovich for consulting services valued at \$512,392.

We did not receive any proceeds from the issuance of these shares; these shares were all issued in lieu of repaying our employees, consultants, advisors, and as the case may be, creditors, in cash.

We also issued these shares for cash:

- 1,000,000 shares issued to Chaim Stern for cash of \$500,000; and
- 150,000 shares issued to Irina Aronson and Yuly Aronson Irrevocable Trust for cash of \$75,000.

The proceeds of these sales were used for working capital.

These transactions were not registered under the Act in reliance on the exemption from registration in Section 4(2) of the Act, as transactions not involving any public offering. The securities were issued to our employees, officers, directors, consultants, advisors, and existing shareholders, who by virtue of those relationships, we believe were familiar with our business, and were able to assess the risks and merits of the investment.
