## Item 7.01

## Regulation FD Disclosure.

On October 19, 2010, Dynegy Inc. (“Dynegy”) issued a press release announcing the filing with the Securities and Exchange Commission (the “SEC”) of an update to its previously filed investor presentation that clarifies certain misconceptions and contains additional important facts related to its previously announced Agreement and Plan of Merger, dated as of August 13, 2010 (the “Merger Agreement”), providing for the acquisition of Dynegy by Denali Parent Inc. (the “Merger”), an affiliate of The Blackstone Group L.P. (“Blackstone”). Dynegy intends to use the investor presentation, as updated, when discussing the Merger with certain of its stockholders in advance of the special meeting of stockholders of Dynegy, scheduled for November 17, 2010 (the “Special Meeting”), to consider and vote upon the Merger Agreement. The press release also announced the mailing of a second letter to Dynegy’s stockholders reiterating the recommendation of the Board of Directors of Dynegy that Dynegy’s stockholders vote in favor of the proposal to adopt the Merger Agreement at the Special Meeting; a copy of the letter is included in the press release. A copy of the press release is attached hereto as Exhibit 99.1 and incorporated herein by reference, and a copy of the investor presentation is attached hereto as Exhibit 99.2 and incorporated herein by reference.

In addition to the risks and uncertainties set forth in Dynegy’s SEC filings, the forward-looking statements described in this presentation could be affected by, among other things, (i) the timing and anticipated benefits to be achieved through Dynegy’s 2010-2013 company-wide cost savings program; (ii) beliefs and assumptions relating to liquidity, available borrowing capacity and capital resources generally; (iii) expectations regarding environmental matters, including costs of compliance, availability and adequacy of emission credits, and the impact of ongoing proceedings and potential regulations or changes to current regulations, including those relating to climate change, air emissions, cooling water intake structures, coal combustion byproducts, and other laws and regulations to which Dynegy is, or could become, subject; (iv) beliefs about commodity pricing and generation volumes; (v) anticipated liquidity in the regional power and fuel markets in which Dynegy transacts, including the extent to which such liquidity could be affected by poor economic and financial market conditions or new regulations and any resulting impacts on financial institutions and other current and potential counterparties; (vi) sufficiency of, access to and costs associated with coal, fuel oil and natural gas inventories and transportation thereof; (vii) beliefs and assumptions about market competition, generation capacity and regional supply and demand characteristics of the wholesale power generation market, including the potential for a market recovery over the longer term; (viii) the effectiveness of Dynegy’s strategies to capture opportunities presented by changes in commodity prices and to manage its exposure to energy price volatility; (ix) beliefs and assumptions about weather and general economic conditions; (x) beliefs regarding the U.S. economy, its trajectory and its impacts, as well as Dynegy’s stock price; (xi) projected operating or financial results, including anticipated cash flows from operations, revenues and profitability; (xii) beliefs and expectations regarding the Plum Point Project; (xiii) expectations regarding Dynegy’s revolver capacity, credit facility compliance, collateral demands, capital expenditures, interest expense and other payments; (xiv) Dynegy’s focus on safety and its ability to efficiently operate its assets so as to maximize its revenue generating opportunities and operating margins; (xv) beliefs about the outcome of legal, regulatory, administrative and legislative matters; (xvi) expectations and estimates regarding capital and maintenance expenditures, including the Midwest Consent Decree

and its associated costs; and (xvii) uncertainties associated with the Merger, including uncertainties relating to the anticipated timing of filings and approvals relating to the Merger and the sale by an affiliate of Blackstone of certain assets to NRG Energy, Inc. (the “NRG Sale”), the outcome of legal proceedings that have been or may be instituted against Dynegy and/or others relating to the merger agreement and/or the NRG Sale, the expected timing of completion of the Merger, the satisfaction of the conditions to the consummation of the Merger with an affiliate of Blackstone and the NRG Sale and the ability to complete the Merger.
