("Marine"), pursuant to Section 14(f) of the Securities Exchange Act of 1934 (the "Exchange Act") and Rule 14f-1 promulgated thereunder, in connection with the issuance of certain shares of Series A Convertible Preferred Stock pursuant to an Exchange Agreement (the "Exchange Agreement") dated as of April 14, 2005, by and among Marine, Antik Denim, LLC, a limited liability company organized under the laws of the State of California ("Antik"), the members of Antik (the "Antik Members"), and Keating Reverse Merger Fund, LLC, a Delaware limited liability company ("KRM Fund").

The Exchange Agreement provides that Marine's current sole director and officer, Kevin R. Keating, shall resign effective as of the Closing Date (as defined in the Exchange Agreement) and that the newly-appointed directors of Marine will consist of one member of Antik's current management, Paul Guez (Antik's Manager and Chief Executive Officer), David Weiner, a director designated by Mr. Guez, and one member to be designated by KRM Fund (the "KRM Designate"). The initial KRM Designate will be the current director of Marine, Kevin R. Keating, who will continue as a director of Marine following the closing of the exchange transaction. Effective as of the Closing Date, Paul Guez will become the Chief Executive Officer and President of Marine, Elizabeth Guez will become Chief Operating Officer of Marine, and Patrick Chow will become Chief Financial Officer of Marine. Marine will, to the extent permitted by applicable law, secure the resignation of, or remove, Kevin R. Keating as the President, Secretary and Treasurer of Marine so as to enable the above persons to be appointed as officers in accordance with the Exchange Agreement. Kevin R. Keating has indicated his intent to resign as an officer of Marine effective as of the Closing Date.

This Information Statement is being furnished pursuant to Section 14(f) of the Exchange Act, and Rule 14f-1 promulgated thereunder.

No action is required by the stockholders of Marine in connection with this Information Statement. However, Section 14(f) of the Exchange Act of 1934 and Rule 14f-1 promulgated thereunder require the mailing to Marine's stockholders of record of the information set forth in this Information Statement at least 10 days prior to the date a change in a majority of Marine's directors occurs (otherwise than at a meeting of Marine's stockholders).

1

Accordingly, the closing of the transactions contemplated under the Exchange Agreement ("Closing") and the resulting change in a majority of Marine's directors will not occur until at least 10 days following the mailing of this Information Statement. This Information Statement will be first mailed to Marine's stockholders of record on or about April 19, 2005.

PROPOSED CHANGE IN CONTROL TRANSACTION

On April 14, 2005, Marine entered into the Exchange Agreement with Antik, the Antik Members, and KRM Fund. Under the Exchange Agreement, Marine will, at Closing, acquire all of the outstanding membership interests of Antik (the "Interests") from the Antik Members, and the Antik Members will contribute all of their Interests to Marine. In exchange, Marine will issue to the Antik Members 843,027 shares of Series A Convertible Preferred Stock, par value \$0.001 per share, of Marine ("Preferred Shares"), which will be convertible into 708,984,875 shares of Marine's common stock ("Conversion Shares"). The issuance of the Preferred Shares and, upon conversion, the shares of Marine common stock underlying the Preferred Shares, to the Antik Members is intended to be exempt from registration under the Securities Act of 1933, as amended (the "Securities Act"), pursuant to Section 4(2) thereof.

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form SC 14F1

Following completion of the exchange transaction, Antik will become a wholly-owned subsidiary of Marine.

Marine is presently authorized under its Certificate of Incorporation to issue 45,000,000 shares of common stock, par value \$0.001 per share, and 5,000,000 shares of preferred stock, par value \$0.001 per share. Of the 5,000,000 shares of preferred stock authorized, 850,000 shares will be designated as Series A Convertible Preferred Stock pursuant to a certificate of designations ("Certificate of Designations"), which will be approved by Marine's board of directors, and filed with and accepted by, the Secretary of State of the State of Nevada prior to the Closing. Currently, Marine has 28,122,570 shares of common stock issued and outstanding and no shares of preferred stock issued and outstanding.

Under the terms of the Exchange Agreement, all of the outstanding Interests will be exchanged for 843,027 Preferred Shares. Each Preferred Share will be convertible into 841 shares of Marine's common stock (the "Conversion Rate"). The Preferred Shares will immediately and automatically be converted into shares of Marine's common stock (the "Mandatory Conversion") upon the approval by a majority of Marine's stockholders (voting together on an as-converted-to-common-stock basis), following the exchange transaction, of an increase in the number of authorized shares of Marine's common stock from 45,000,000 to 75,000,000, and a 1 for 29 reverse stock split of Marine's outstanding common stock ("Reverse Split").

The holders of Preferred Shares will be entitled to vote together with the holders of the common stock, as a single class, upon all matters submitted to holders of common stock for a vote. Each Preferred Share will carry a number of votes equal to the number of shares of common stock issuable in the Mandatory Conversion based on the then applicable Conversion Rate. As such, immediately following the exchange transaction, the Antik Members will own 95.8% of the total combined voting power of all classes of Marine stock entitled to vote.

2

Upon Mandatory Conversion of the Preferred Shares, and subject to an adjustment of the Conversion Rate as a result of the Reverse Split, the Antik Members will, in the aggregate, receive approximately 24,447,783 shares of Marine's common stock, representing 95.80% of the outstanding shares of Marine's common stock immediately following the Mandatory Conversion. The existing stockholders of Marine will, following the Mandatory Conversion and Reverse Split, own approximately 969,745 shares of Marine's common stock, representing 3.8% of the outstanding shares of common stock. Following the Closing, Marine will also issue a finder approximately 102,079 shares of common stock on a post-Reverse Split basis, representing 0.4% of the outstanding shares of common stock.

Accordingly, if the exchange transaction closed, and the Mandatory Conversion and the Reverse Split occurred, as of the date of this Information Statement, Marine's currently issued and outstanding common stock (currently 28,122,570 shares) would be converted into 969,745 shares of common stock and would represent 3.8% of Marine's total common stock issued and outstanding.

In connection with the Reverse Split, Marine's board of directors may, in its discretion, provide special treatment to certain Marine stockholders to preserve round lot holders (i.e., holders owning at least 100 shares) after the Reverse Split. In the event Marine's board determines to provide such special treatment, Marine stockholders holding 2,900 or fewer shares of common stock but at least 100 shares of common stock will receive 100 shares of common stock after the Reverse Split, and persons holding less than 100 shares of common

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form SC 14F1

stock would not be affected. The terms and conditions of special treatment afforded to Marine stockholders to preserve round lot stockholders, if any, including the record dates for determining which stockholders may be eligible for such special treatment, will be established in the discretion of Marine's board of directors.

Effective as of the Closing, and subject to applicable regulatory requirements, including the preparation, filing and distribution of this Information Statement to the record stockholders of Marine at least ten (10) days prior to Closing, the existing officers of Marine will resign, and the newly-appointed directors of Marine will consist of Paul Guez (Antik's Manager and Chief Executive Officer), David Weiner, a director designated by Paul Guez, and the KRM Designate. The initial KRM Designate will be the current director of Marine, Kevin R. Keating who will remain as a director of Marine following the Closing. KRM Fund and each Antik Member have agreed to vote their shares of Marine's common stock to elect the KRM Designate to Marine's board for a period of one year following the Closing and to vote for such other persons that may be designated by Paul Guez to fill any vacant position on the board of directors (other than KRM Designate). The size of the board will initially be three members and may be increased by the board of directors to five members during the one year period following Closing.

At or prior to the Closing, Marine will also enter into a certain financial advisory agreement with Keating Securities, LLC ("Keating Securities"), a registered broker-dealer, under which Keating Securities will be compensated by Marine for its advisory services rendered to Marine in connection with the exchange transaction. The transaction advisory fee will be \$350,000, with the payment thereof being subject to the Closing.

3

Marine's completion of the transactions contemplated under the Exchange Agreement are subject to the satisfaction of certain contingencies including, without limitation, Antik's delivery of audited and pro forma financial information acceptable to Marine, compliance with regulatory requirements, and the filing with and acceptance by the Secretary of State of the State of Nevada of the Certificate of Designations. Consummation of the exchange transaction is also conditioned upon, among other things: (i) execution by KRM Fund and each Member of voting agreements; (ii) preparation, filing and distribution to the Marine stockholders of this Information Statement; and (iii) continued quotation of Marine's common stock on the Over-the-Counter Bulletin Board.

The directors of Marine have approved the Exchange Agreement and the transactions contemplated thereunder. The manager and members of Antik have approved the Exchange Agreement and the transactions contemplated thereunder. The parties expect the Closing of the transactions under the Exchange Agreement to occur on or about May 1, 2005. However, there can be no assurance that the exchange transaction will be completed.

The Exchange Agreement may be terminated as follows: (i) by mutual consent, (ii) by either party if the exchange transaction is not consummated by May 31, 2005, (iii) by either party if the exchange transaction is prohibited by issuance of an order, decree or ruling, and (iv) by either party if the other is in material breach of any representation, warranty, covenant or agreement. In the event of termination other than by mutual consent, both parties are responsible for their expenses, except that Marine may retain up to \$10,000 of the \$50,000 deposit paid by Antik for reimbursement of Marine's actual expenses and as liquidated damages.

On March 28, 2005, in its Current Report on Form 8-K dated March 24,

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form SC 14F1

2005, Marine reported the execution of a letter of intent to acquire Antik. On April 15, 2005, in its Current Report on Form 8-K dated April 14, 2005, Marine reported the execution of the Exchange Agreement and included a copy of the Exchange Agreement therein as Exhibit 2.5. These Current Reports are hereby incorporated by reference.

VOTING SECURITIES

Marine's common stock is the only class of equity securities that is currently outstanding and entitled to vote at a meeting of Marine's stockholders. Each share of common stock entitles the holder thereof to one vote. As of April 15, 2005, there were 28,122,570 shares of Marine's common stock outstanding.

4

MARINE'S BUSINESS

Marine is currently a public "shell" company with nominal assets whose sole business has been to identify, evaluate and investigate various companies with the intent that, if such investigation warrants, a reverse merger transaction be negotiated and completed pursuant to which Marine would acquire a target company with an operating business with the intent of continuing the acquired company's business as a publicly held entity.

ANTIK'S BUSINESS

Antik was formed in September 2004 to design, develop, manufacture, market, distribute and sell high end fashion jeans, apparel and accessories with a western flair. Antik currently markets, distributes and sells its "Antik Denim" brand products in the United States, and internationally in countries that include, but are not limited to, Canada, Mexico, the United Kingdom, Denmark, Sweden, Norway, Finland, Belgium, Italy, Austria, Germany, France, Spain, Japan, Brazil, Israel, Lebanon, UAE, South Africa and Korea. Antik is headquartered in Commerce, California, and maintains two showrooms in New York and Los Angeles.

Because Antik was formed in September 2004, it has limited operating history. Antik had unaudited net sales of \$365,000 from inception in September 2004 through December 31, 2004. While the management of Antik believes that it has an opportunity to be successful in the high end fashion jean market, there can be no assurance that Antik will be successful in accomplishing its business initiatives, or that it will achieve any significant level of revenues, or ever recognize net income, from the sale of its products.

The business of Antik involves a number of risks and uncertainties that could cause Antik's actual results to differ materially from those estimated by management from time to time. Potential risks and uncertainties include, but are not limited to, such factors as fluctuations in demand for Antik's products, the introduction of new products, Antik's ability to maintain customer and strategic business relationships, the impact of competitive products and pricing, growth in targeted markets, the adequacy of Antik's liquidity and financial strength to support its growth, and other information that may be detailed from time to time in Marine's filings with the United States Securities and Exchange Commission should the exchange transaction contemplated by the Exchange Agreement be completed.

Although there can be no assurance that the parties will complete the exchange transaction contemplated by the Exchange Agreement, to the extent the

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form SC 14F1

transaction is completed, additional information regarding the business of Antik (including audited financial statements for the period from inception through December 31, 2004) will be disclosed in a Current Report on Form 8-K to be filed at Closing.

Concurrently, Marine's principal executive office was moved to 936A Beachland Boulevard, Suite 13, Vero Beach, Florida 32963.

The following table sets forth the names, positions and ages of Marine's current executive officers and directors. For more than 35 years, he has been engaged in various aspects of the investment brokerage business. Mr. Keating began his Wall Street career with the First Boston Company in New York in 1965. From 1967 through 1974, he was employed by several institutional research boutiques where he functioned as Vice President Institutional Equity Sales. COMMITTEES OF BOARD OF DIRECTORS

Marine has an audit committee and audit committee charter. Marine's audit committee is comprised of all of its directors, which currently consists of Kevin R. Keating. A copy of Marine's audit committee charter is filed as an exhibit to its Annual Report filed on Form 10-KSB for the year ended December

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form SC 14F1

31, 2003. Marine is not a "listed company" under SEC rules and is therefore not required to have an audit committee comprised of independent directors. Marine's board of directors has determined that its members do not include a person who is an "audit committee financial expert" within the meaning of the rules and regulations of the SEC. Marine's board of directors has determined that each of its current members is able to read and understand fundamental financial statements and has substantial business experience that results in that member's financial sophistication. Accordingly, the board of directors believes that each of its current members have the sufficient knowledge and experience necessary to fulfill the duties and obligations that an audit committee would have.

Marine's audit committee is responsible for: (1) selection and oversight of its independent accountant; (2) establishing procedures for the receipt, retention and treatment of complaints regarding accounting, internal controls and auditing matters; (3) establishing procedures for the confidential, anonymous submission by its employees of concerns regarding accounting and auditing matters; (4) engaging outside advisors; and, (5) funding for the outside auditors and any outside advisors engagement by the audit committee.

Marine has a disclosure committee and disclosure committee charter. Marine's disclosure committee is comprised of all of its officers and directors, which currently consists of Kevin R. Keating. The purpose of the committee is to provide assistance to its senior officers in fulfilling their responsibilities regarding the identification and disclosure of material information about Marine and the accuracy, completeness and timeliness of its financial reports. A copy of Marine's disclosure committee charter is filed as an exhibit to its Annual Report filed on Form 10-KSB for the year ended December 31, 2003.

Marine does not have a standing compensation or nominating committee or committees performing similar functions because it has no meaningful operations and has no employees. Marine determined not to establish a nominating committee at this time in view of changes in the composition of the board of directors that will occur on the Closing Date. Previously, nominations were determined by the members of the then existing board of directors.

Marine's board of directors may designate from among its members an executive committee and one or more other committees. No such committees have been appointed.

7

There were no option grants to any executive officers during the fiscal year ended December 31, 2004, and no options were exercised by any executive officer during the fiscal year ended December 31, 2004.

Marine did not pay any compensation to any director in 2002, 2003 or 2004.

9

The board of directors following the Closing may determine to increase the size of the board from three (3) members to five (5) members. In such case, pursuant to the Exchange Agreement and a certain Voting Agreement, the additional two director positions will be filled by a person designated by Paul Guez. Under the terms of the Voting Agreement, for a period of one year following the Closing, the Antik Members and KRM Fund have agreed to vote their shares of Marine's common stock to elect the KRM Designate and the other persons designated by Paul Guez to fill any remaining open director positions.

The Preferred Shares to be received by the Antik Members as part of the exchange transaction will be entitled to vote together with the holders of the common stock, as a single class, upon all matters submitted to holders of common stock for a vote (including the election of directors). Each Preferred Share will carry a number of votes equal to the number of shares of common stock issuable in the Mandatory Conversion based on the then applicable Conversion Rate. As such, immediately following the exchange transaction, the Antik Members will own 95.8% of the total combined voting power of all classes of Marine stock entitled to vote.

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form SC 14F1

To the best of Marine's knowledge, neither of the proposed officers or directors intended to be appointed following the Closing, nor any of their affiliates, currently beneficially own any equity securities or rights to acquire any securities of Marine, and no such persons have been involved in any transaction with Marine or any of its directors, executive officers or affiliates that is required to be disclosed pursuant to the rules and regulations of the Securities and Exchange Commission, other than with respect to the transactions that have been described herein. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On January 20, 2005, Marine entered into an Assumption Agreement with Mr. Jeff Jordan and Intellijet Marine, Inc. ("Intellijet"), a Nevada corporation that Marine established as a wholly-owned subsidiary. Under the Assumption Agreement, Marine transferred all of its assets, except for 21,822,570 shares of common stock of Intellijet and approximately \$2,500 in cash, to Intellijet. Intellijet agreed to assume all of Marine's liabilities and obligations and to indemnify Marine for any loss Marine incurs with respect to the assumed liabilities. Mr. Jordan and Intellijet also agreed to release Marine from any and all obligations and claims whatsoever. Shares of Intellijet were subsequently distributed to Marine's stockholders and Intellijet operates as an independent company.

On February 9, 2005, Mr. Jordan sold 15,306,500 shares of Marine's common stock owned by him to KRM Fund for a purchase price of \$440,000 pursuant to a Securities Purchase Agreement.

In connection with the completion of the transactions under the Assumption Agreement and the Securities Purchase Agreement, Mr. Jordan received full payment on the remaining principal balance under certain notes issued to him by Marine.

On February 17, 2005, Marine entered into a contract with Vero Management, LLC ("Vero") for managerial and administrative services. Vero has not been engaged to provide, and Vero does not render, legal, accounting, auditing, investment banking or capital formation services. Kevin R. Keating is the manager of Vero. The term of the contract is for one year. In consideration of the services provided, Vero will be paid \$1,000 for each month in which services are rendered. The agreement with Vero will be terminated on or before the Closing.
