E COM VENTURES, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS (Unaudited)

NOTE 1 - OPERATIONS AND BASIS OF PRESENTATION

E Com Ventures, Inc., a Florida corporation ("ECOMV" or the "Company"), performs all of its operations through two wholly-owned subsidiaries, Perfumania, Inc. ("Perfumania"), a Florida corporation, which is a specialty retailer and wholesaler of fragrances and related products, and perfumania.com, Inc., ("perfumania.com"), a Florida corporation, which is an Internet retailer of fragrances and other specialty items.

Perfumania is a leading specialty retailer and wholesale distributor of a wide range of brand name and designer fragrances. As of April 30, 2005, Perfumania operated a chain of 226 retail stores specializing in the sale of fragrances at discounted prices up to 75% below the manufacturers' suggested retail prices. Perfumania's wholesale division distributes fragrances and related products primarily to an affiliate. Perfumania.com offers a selection of the Company's more popular products for sale over the Internet and serves as an alternative shopping experience to the Perfumania retail stores.

The consolidated condensed financial statements include the accounts of ECOMV and subsidiaries (collectively, the "Company"). All material intercompany balances and transactions have been eliminated in consolidation.

The accompanying unaudited consolidated condensed financial statements have been prepared in accordance with the rules and regulations of the

Edgar Filing: E COM VENTURES INC - Form 10-Q

Securities and Exchange Commission (the "SEC"). Certain information and note disclosures normally included in annual financial statements, prepared in accordance with accounting principles generally accepted in the United States of America, have been condensed or omitted pursuant to those rules and regulations. The financial information presented herein, which is not necessarily indicative of results to be expected for the current fiscal year, reflect all adjustments which, in the opinion of management, are necessary for a fair presentation of the interim unaudited consolidated condensed financial statements. It is suggested that these consolidated condensed financial statements be read in conjunction with the financial statements and the notes thereto included in our Annual Report on Form 10-K for the fiscal year ended January 29, 2005, filed with the SEC on April 29, 2005.

RECLASSIFICATIONS

Certain fiscal year 2004 amounts have been reclassified to conform with the fiscal year 2005 presentation.

NOTE 2 - ACCOUNTING FOR STOCK-BASED COMPENSATION

The Company accounts for stock-based compensation using the intrinsic value method prescribed in Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" ("APB 25"), and provides proforma disclosure of net income (loss) and earnings (loss) per share as if the fair value based method prescribed by Statement of Financial Accounting Standards No. 123 "Accounting for Stock-Based Compensation," ("SFAS 123") as amended, had been applied in measuring compensation expense for options granted to employees and directors. In accordance with APB 25, compensation cost for stock options is measured as the excess, if any, of the quoted market price of the Company's stock at the date of the grant over the amount an employee or director must pay to acquire the stock. Had compensation cost for options granted been determined in accordance with the fair value provisions of SFAS No. 123, the Company's net loss and net loss per share would have been increased to the proforma amounts presented below.

When the Company adopts Statement of Financial Accounting Standards No 123 (revised 2004) "Share Based Payments" ("SFAS 123(R)") at the beginning of fiscal year 2006, compensation expense will be recorded for new and modified awards.

NOTE 3 - BANK LINE OF CREDIT AND CONVERTIBLE NOTE PAYABLE, AFFILIATE

The bank line of credit and convertible note payable, affiliate consists of the following:

| | April 30, 2005 |
|--|------------------------|
| Bank line of credit, which is classified as a current liability, interest payable monthly, secured by a pledge of substantially all of Perfumania's assets (see below) | \$ 36,331,510 ===== |
| Convertible note payable affiliate - long term | \$ 5,000,000 ===== |

Perfumania's senior secured credit facility provides for borrowings of up to \$60 million, of which \$11.4 million was available as of April 30, 2005, to support normal working capital requirements and other general corporate purposes. Advances under the line of credit are based on a formula of eligible inventories and bear interest at a floating rate ranging from (a) prime to prime plus 1.25% or (b) LIBOR plus 2.5% to 3.75% depending on a financial ratio test. Advances are secured by a first lien on all assets of Perfumania. The credit facility contains limitations on additional borrowings, capital expenditures and other items, and contains various covenants including a fixed charge coverage ratio, a leverage ratio and capital expenditure limits as defined. The credit facility expires in May 2007. As of April 30, 2005, Perfumania was in compliance with its covenant requirements.

In the fourth quarter of fiscal year 2004, the Company issued a Subordinated Convertible Note (the "Convertible Note") in exchange for a \$5,000,000 subordinated secured demand loan made to the Company in the first quarter of fiscal year 2004 by Glenn and Stephen Nussdorf (the "Nussdorfs"). The Nussdorfs own approximately 39% of the Company's outstanding common stock and they are officers and principals of Quality King Distributors, Inc. ("Quality King"). Stephen Nussdorf is the Chairman of the Company's Board of Directors. The Convertible Note bears interest at the prime rate plus 1%, requires quarterly interest payments and is secured by a security interest in the Company's assets pursuant to a Security Agreement, by and among the Company and the Nussdorfs. There are no prepayment penalties and the Convertible Note is subordinate to all bank related indebtedness. The Convertible Note is payable in January 2007 and allows the Nussdorfs to convert the Convertible Note into shares of the Company's common stock at a conversion price of \$11.25.

NOTE 4 - BASIC AND DILUTED LOSS PER COMMON SHARE

Basic loss per common share has been computed by dividing net loss by the weighted average number of common shares outstanding during the period. For all

Edgar Filing: E COM VENTURES INC - Form 10-Q

operations, incremental shares attributed to outstanding stock options and convertible notes were not included because the results would be anti-dilutive.

NOTE 5 - CONTINGENCIES

The Company is involved in various legal proceedings in the ordinary course of business. Management cannot presently predict the outcome of these matters, although management believes that the ultimate resolution of these matters should not have a materially adverse effect on the Company's financial position.

NOTE 6 - RELATED PARTY TRANSACTIONS

Parlux Fragrances, Inc. ("Parlux") owns 378,102 shares, or approximately 13%, of the Company's outstanding common stock. Purchases of product from Parlux and Quality King were approximately \$10.5 million for the first thirteen weeks of fiscal 2005, representing approximately 36% of the Company's total inventory purchases. The amount due to related parties at April 30, 2005 is approximately \$28.3 million, is non-interest bearing and is included in accounts payable, affiliates in the accompanying consolidated condensed balance sheets. Purchases from related parties are generally payable in 90 days, however, due to the seasonality of the Company's business, these terms are sometimes extended.

During the first thirteen weeks of fiscal 2005, the Company sold approximately \$3.3 million of wholesale merchandise to Quality King. The amount due from Quality King at April 30, 2005 was approximately \$138,000 and is included in trade receivables, net in the accompanying consolidated condensed balance sheets

NOTE 7 - SEGMENT INFORMATION

The Company operates in two industry segments, specialty retail sales and wholesale distribution of fragrances and related products. Retail sales include sales through our Internet site, perfumania.com. Substantially all wholesale sales are to Quality King. Financial information for these segments is summarized in the following table.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF CONSOLIDATED FINANCIAL CONDITION AND RESULTS OF OPERATIONS

RESULTS OF OPERATIONS

Comparison of the Thirteen Weeks Ended April 30, 2005 with the Thirteen Weeks Ended May 1, 2004.

Net sales decreased 0.7% from \$43.6 million in the first thirteen weeks of 2004 to \$43.3 million in the first thirteen weeks of 2005. The decrease in sales was primarily due to a \$2.0 million decrease in wholesale sales combined with a \$1.7 million increase in retail store sales.

Wholesale sales were \$3.3 million for the first thirteen weeks of fiscal 2005 compared to \$5.4 million for the first thirteen weeks of fiscal 2004. All wholesale sales during the first quarter of fiscal 2005 were made to Quality King. We expect wholesale sales during fiscal 2005 to be comparable to fiscal 2004.

Retail sales were \$39.9 million for the first thirteen weeks of fiscal 2005 compared to \$38.2 million for the first thirteen weeks of fiscal 2004. Perfumania's comparable store sales increased by 5.5% in the first thirteen weeks of fiscal 2005. Comparable store sales measure sales from stores that have been open for one year or more. The increase in comparable store sales was due to an increased inventory in both selection and quantity, with the consequent increase in sales volume, during the first quarter of fiscal 2005 compared to the first quarter of fiscal 2004. The average number of stores operated was 224 in the first quarter of fiscal 2005, versus 230 in the prior year's comparable period.

Gross profit increased 2.0% from \$17.5 million in the first thirteen weeks of 2004 (40.2% of total net sales) to \$17.9 million in the first thirteen weeks of 2005 (41.3% of total net sales). The increase in gross profit was due to the increase in retail sales. As a percentage of net sales, total gross profit in the first thirteen weeks of 2005 increased versus the first thirteen weeks of 2004 due to the reduction in wholesale sales which realizes less margin.

Selling, general and administrative expenses decreased 1.6% from \$17.9 million in the first thirteen weeks of 2004 to \$17.7 million in the first thirteen weeks of 2005. The decrease was largely attributable to reduced

Edgar Filing: E COM VENTURES INC - Form 10-Q

compensation costs at stores resulting from less scheduled hours compared with 2004, offset by increased spending for marketing and advertising initiatives. Depreciation and amortization was approximately \$1.4 million in the first thirteen weeks of 2005 compared to \$1.6 million for the first thirteen weeks of 2004.

Interest expense, net was approximately \$858,000 for the first thirteen weeks of 2005 compared with \$641,000 in 2004. The increase in interest expense was primarily due to greater usage of the Company's line of credit availability and higher interest rates.

As a result of the foregoing, our net loss decreased to \$2.1 million in the first thirteen weeks of 2005 compared to a net loss of \$2.6 million in the first thirteen weeks of 2004. Net loss per share for the first thirteen weeks of 2005 and 2004 was \$0.70 and \$1.00, respectively.

9

LIQUIDITY AND CAPITAL RESOURCES

Our principal capital requirements are to fund Perfumania's inventory purchases, renovate existing stores, and selectively open new stores. For the first thirteen weeks of fiscal 2005, these capital requirements generally were satisfied through borrowings under our credit facility.

At April 30, 2005, we had working capital of approximately \$0.3 million compared to working capital of approximately \$2.2 million at January 29, 2005. The change was primarily due to the net loss during the current period, increased spending on store construction and the increase in borrowings due to the seasonality of our business.

Net cash used in operating activities during the current period was approximately \$2.6 million compared with approximately \$8.0 million for the same period in the prior year. The decrease in cash used in operating activities was primarily due to a reduction in our need for a seasonal inventory build up during the current quarter compared with our inventory needs of the prior years first quarter. In the prior years first quarter, inventory purchases and the resultant payables were comparably greater as purchases from fiscal year end 2003 were delayed due to the anticipated change in control.

Net cash used in investing activities was approximately \$1.7 million in the first thirteen weeks of fiscal year 2005 compared to \$0.7 million in the first thirteen weeks of 2004. The current period's investing activities primarily represented spending for 4 new stores and construction in progress on 8 new stores scheduled for completion during the second quarter of fiscal year 2005.

Net cash provided by financing activities during the current period was approximately \$4.8 million compared with approximately \$8.2 million for the same period in the prior year. In the prior year \$5 million in proceeds were received from a subordinated note payable to an affiliate.

We believe that our cash balances, the available borrowing capacity under our credit facility and the projected future operating results will generate sufficient liquidity to support the Company's needs for the next twelve months, however there can be no assurance that our plans will be successful.

During the thirteen weeks ended April 30, 2005, Perfumania opened 4 new stores and relocated 2 existing stores. At April 30, 2005, Perfumania operated 226 stores compared to 230 stores as of May 1, 2004. Our focus is on improving

Edgar Filing: E COM VENTURES INC - Form 10-Q

the profitability of existing stores and selectively opening new stores. We plan to open approximately 15 new stores and close approximately 4 stores during the remainder of fiscal year 2005.

CRITICAL ACCOUNTING POLICIES

Our consolidated condensed financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim information. Presentation of these statements requires management to make judgments and estimates. As such, some accounting policies have a significant impact on amounts reported in these financial statements.
