Crown Equity Holdings Inc.
NOTES TO FINANCIAL STATEMENTS
(Unaudited)

NOTE 1 - BASIS OF PRESENTATION

The accompanying unaudited interim consolidated financial statements of Crown Equity Holdings Inc. (“Crown Equity”) have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission, and should be read in conjunction with the audited consolidated financial statements and notes thereto contained in Crown Equity’s December 31, 2009 Annual Report filed with the SEC on Form 10-K. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the financial statements which would substantially duplicate the disclosure contained in the audited financial statements for the most recent fiscal year end December 31, 2009 as reported on Form 10-K, have been omitted.

NOTE 2 - GOING CONCERN

As shown in the accompanying financial statements, Crown Equity has an accumulated deficit of September 30, 2010. Unless profitability and increase in shareholders equity continues, these conditions raise substantial doubt as to Crown Equity’s ability to continue as a going concern. The financial statements do not include any adjustments that might be necessary if Crown Equity is unable to continue as a going concern.

NOTE 3 – MARKETABLE & RESTRICTED SECURITIES

Marketable securities are classified as available-for-sale and are presented in the balance sheet at fair market value. Crown Equity classified certain securities as long-term due to restrictions on transfers.

Per Accounting Standards Codification 820 “Fair Value Measurement”, fair values defined establishes a framework for measuring fair value under generally accepted accounting principles and expands disclosures about fair value measurements. ASC 820 does not require any new fair value measurements.

ASC 820 establishes a valuation hierarchy for disclosure of the inputs to valuation used to measure fair value. This hierarchy prioritizes the inputs into three broad levels as follows:

Level 1: Quoted market prices in active markets for identical assets or liabilities

Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data

Level 3: Unobservable inputs that are not corroborated by market data

Crown Equity has classified these marketable securities at level 1 with a fair value of \$154,332 and restricted securities with a market value of \$48,000 as of September 30, 2010.

Per Accounting Standards Codification 825 “The Fair Value Option for Financial Assets and Financial Liabilities—Including an Amendment of FASB Statement No. 115”, an entity is permitted to irrevocably elect fair value on a contract-by-contract basis for new assets or liabilities within the scope of ASC 825 as the initial and subsequent measurement attribute for those financial assets and liabilities and certain other items including property and casualty insurance contracts. Entities electing the fair value option are required to (i) recognize changes in fair value in earnings and (ii) expense any up-front costs and fees associated with the item for which the fair value option is elected. Entities electing the fair value option are required to distinguish, on the face of the statement of financial position, the fair value of assets and liabilities for which it has elected the fair value option, and similar assets and liabilities measured using another measurement attribute. An entity can accomplish this either by reporting the fair value and non-fair-value carrying amounts as separate line items or by aggregating those amounts and disclosing parenthetically the amount of fair value included in the aggregate amount.

Crown Equity adopted ASC 825 this quarter and elected the fair value option for their marketable securities. The related gain/loss based on valuation on the mark to market each balance sheet date is reflected in the income statement.

NOTE 4 – REVENUE RECOGNITION

The Company provides various consulting services to companies and individuals dealing with corporate structure and operations globally. Crown Equity’s revenue is recognized pursuant to ASC 605 “Revenue Recognition.” The Company recognizes its revenue from services as those services are performed. Revenue recognition is limited to the amount that is not contingent upon delivery of any future product or service or meeting other specified performance conditions. Product sales, accounted for within fulfillment services, are recognized upon shipment to the customer and satisfaction of all obligations.

Contract revenues include royalties under license and collaboration agreements. Contract revenue related to technology licenses is fully recognized only after the license period has commenced, the technology has been delivered and no further involvement of Crown Equity is required.

Crown Equity receives payment for its services in both cash and equity instruments issued by the customer. The equity instruments are accounted for in accordance with the provisions of ASC 718 “Compensation – Stock Compensation” and is based on the fair value of the consideration received or the fair value of the equity instrument issued, whichever is more reliably measurable. The measurement date of the fair value of the equity instrument issued is the date on which they are received by Crown Equity.

Amounts received for revenue not earned as of period end are accounted for as deferred revenues. As of September 30, 2010, there was no deferred revenue.

Restricted Securities

Crown Equity has classified the marketable securities they hold as of period-end as long-term in accordance with rule 144 due to restrictions on sale & transfers of unregistered shares. As of September 30, 2010 \$48,000 of the marketable securities which are non controlling shares received from customers as consulting income has been classified as restricted securities in accordance with Accounting Standards Codification 825 and 718. The related gain/loss based on valuation on the mark to market each balance sheet date is reflected in the income statement.

NOTE 5 - RELATED PARTY TRANSACTIONS

On December 2, 2009, the Company signed a one year lease for 2,400 square feet of office space. The rent for the space is \$2,400 per month. The landlord is related to one of the officers of the Company.

On November 20, 2009, the Company converted accounts payable and advances from Montse Zaman, a related party, of \$71,184 to a three-year unsecured note maturing on November 19, 2012. As of June 30, 2010 the balance increased by \$10,000 to \$81,184. During the period ending September 30, 2010 the amount outstanding was reduced by a payment of \$2,000 to \$79,184. Interest is incurred at 12% per annum unless the principal and interest are not paid by maturity at which time the interest rate accelerates to 18% per annum.

During the quarter ended March 31, 2007, the Company borrowed \$12,700 from Phoenix Consulting Services Inc. controlled by a related party. The loan is unsecured and matured on April 1, 2008 and accrued interest at 12% per annum. The note may be converted into common shares of the company at the holder's option at a conversion price to be determined in the future. Amounts outstanding under this agreement subsequent to April 1, 2008 accrued interest at 18% per annum. On November 20, 2009, the note including principal and interest totaling \$16,025 was converted to a long term note due November 19, 2012 with principal and interest due at maturity. If the principal and interest are not paid by maturity, the interest rate accelerates to 18% per annum. As of September 30, 2010 the outstanding principal balance due to the Montse Zaman and Phoenix Consulting Services was \$95,209 plus accrued interest of \$10,047 for a total of \$105,256.

NOTE 6 – EQUITY

On March 25, 2010, the Company filed Amended and Restated Articles of Incorporation authorizing 10,000,000 shares of preferred shares with par value of \$0.001 and reducing the authorized shares of common stock from 500,000,000 shares to 490,000,000 shares.

On June 22, 2010 the Company approved a forward split of common stock at a ratio of 10 shares for each one share outstanding. The Company approved the increase of authorized shares of common stock from 490,000,000 to 4,900,000,000 and increased the authorized number of preferred shares from 10,000,000 to 100,000,000, with both common and preferred having a par value of \$0.001 per share.

During the nine months ended September 30, 2010, Crown Equity issued 21,330,814 common shares for services with a total value of \$316,997 as follows:

- 20,030,814 shares of common stock for compensation for \$278,998;
- 1,000,000 shares of common stock for consulting services for \$35,000;
- 300,000 shares of common stock for a vehicle for an employee for \$3,000.

During the nine months ended September 30, 2010, Crown Equity issued 1,100,000 common shares for the acquisition of fixed assets valued at \$11,000.

NOTE 7 - CONTINGENCIES

On April 14, 2010 the pending litigation in Arizona small claims court - Strojnik v. Crown Equity Holdings, Inc. was dismissed without prejudice and without further notice for lack of prosecution

NOTE 8 – SUBSEQUENT EVENTS

During October 2010, Crown Equity issued an aggregate of 2,216,375 common shares for compensation and consulting services.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS

This report contains forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended. Crown Equity's actual results could differ materially from those set forth on the forward looking statements as a result of the risks set forth in Crown Equity's filings with the Securities and Exchange Commission, general economic conditions, and changes in the assumptions used in making such forward looking statements.

OVERVIEW

Crown Equity Holdings Inc. ("Crown Equity") was incorporated in August 1995 in Nevada. The Company is offering its services to companies seeking to become public entities in the United States. It has launched a website, www.crownequityholdings.com, which offers its services in a wide range of fields. The Company provides various consulting services to companies and individuals dealing with corporate structure and operations globally.

In 2007, the Company, through a wholly-owned subsidiary, Crown Trading Systems, Inc. ("CTS"), a Nevada corporation, began to develop, sell and produce computer systems which are capable of running multiple monitors from one computer. CTS is able to run 16 monitors off one CPU. In late 2007, CTS began to attend trade shows and starting selling these systems. In 2009, Crown Trading Systems was dissolved as a corporation and its business was absorbed into the Company. At the present time, the Company is not engaged in developing, selling or marketing this concept due to the economic slump. If demand develops again, the Company may attempt to sell its monitor systems again.

On September, 30, 2009 Crown Marketing, Inc acquired controlling interest of the Company from Crown Partners, Inc.

Crown Equity is offering its services to companies and their management seeking to become public entities in the United States. It has launched a website, www.crownequityholdings.com, which offers its services in a wide range of fields.

At the present time, the Company is offering its services to domestic and global companies seeking to become public entities in the United States. It has launched a website, www.crownequityholdings.com, which offers its services in a wide range of fields. The Company provides various consulting services to companies and individuals dealing with corporate structure and operations globally. The Company also provides public relations and news dissemination for publicly and privately held companies.

In 2009, the Company re-focused its primary vision to using its network of websites to provide advertising and marketing services, as a worldwide online media advertising publisher, dedicated to the distribution of quality branding information. The Company offers Internet media-driven advertising services, which cover and connect a wide range of marketing specialties, as well as search engine optimization for clients interested in online media awareness. As part of its operations, the Company has utilized the services of software and hardware technicians in developing its websites and adding additional websites. This allows the Company to disseminate news and press releases for its customers as well as general news and financial information on a much bigger scale than it did previously. The Company markets its services to companies seeking market awareness of them and the services or goods that they offer. The Company then publishes information concerning these companies on its many websites. The Company is paid in cash and/or stock of the customer companies. The Company has numerous consulting and service customers and is therefore not dependent on any particular customer for a majority of its revenue.

In July, 2009, the Company granted a non-exclusive license to Velvet International, Inc. allowing Velvet to use the Company's system and method of rendering public financial relations over the Internet. The Company was paid a one-time licensing fee of \$250,000 for the license but will not receive any future royalty or license payments from Velvet. Revenue from this sale allowed the Company to expand its efforts in developing its normal course of business as describe above.

Crown Equity's office is located at 5440 West Sahara, Suite 205, Las Vegas, Nevada 89146.

As of September 30, 2010, Crown Equity had 19 employees and utilizing the services of 10 independent contractors and consultants.

RESULTS OF OPERATIONS

For the three months periods ending September 30, 2010 and 2009 revenues were \$ 399,395 and \$334,602 with net loss of \$141,391 and a net income of \$225,627, respectively. Revenue for the nine month period ending September 30, 2010 and 2009 was \$1,073,383 and \$418,959, respectively. The revenue increases in 2010 were from consulting services of approximately \$654,424. The net loss for the nine month period ending September 30, 2010 consisted of an operating loss of \$54,527 and other expenses of \$288,522 of which \$ 307,544 consisted of unrealized loss on securities. This compares to an operating loss of \$36,923 and net loss of \$29,379 for the same period in 2009. General and administrative expense increased to \$381,555 from \$119,036 for the three month period ending September 30, 2010 and 2009 and \$1,109,631 for the nine months ended September 30, 2010 as compared to \$434,523 for the nine months ended September 30, 2009. Interest expense incurred during the nine month period ending September 30, 2010 was \$9,334 compared \$1,716 for the same period in 2009. Depreciation for the nine months period ending September 30, 2010 was \$23,297 and \$19,466 for the same periods in 2009. Crown Equity will attempt to carry out its business plan as discussed above; however, it cannot predict to what extent its capital resources could hinder its business plan.

LIQUIDITY AND CAPITAL RESOURCES

At September 30, 2010, Crown Equity had current assets of \$379,844 and current liabilities of \$109,460, resulting in working capital of \$270,384. Shareholders' equity as of September 30, 2010 was \$284,624. Further, there exist no agreements or understandings with regard to future loan agreements by or with the Officers, Directors, principals, affiliates or shareholders of Crown Equity. The Company is presently indebted to Montse Zaman, an officer and director, for loans and advances totaling \$97,209.

Net cash used in operations for the period ending September 30, 2010 was \$20,798 compared to cash provided of \$287,999 for the same period in 2009, a decrease of \$308,797. Net cash used in investing activities for the period ending September 30, 2010 was \$55,735 compared to \$1,881 for the same period in 2009, an increase of \$53,854. Net cash provided by financing activities during the period ended September 30, 2010 was \$45,213 compared to net cash used of \$36,576 in 2009, an increase of \$81,789.

Our revenues for the quarter totaled \$399,395 compared to \$334,602 for the same period last year. The increase is due to the Company's change in direction from becoming an online computer and components reseller to providing advertising and marketing via the Internet for small companies. Our general and administrative expenses for the quarter totaled \$381,555, an increase from \$119,036 for the same period last year. The Company intends to continue offering its advertising and marketing services but cannot predict whether or not its efforts will continue to generate revenues. It is a new entry into this competitive field. The continuing economic downturn in the US and globally may affect the Company's chance for continued growth and/or success in this endeavor. As the Company hires employees, its operating costs and expenses are increasing. If we cannot generate sufficient revenues to cover these expenses, the Company may have to terminate employees, making it difficult to continue to provide services in a timely manner to customers and affecting its ability to generate and service new and existing customers.

For the nine months ended September 30, 2010, revenues were \$1,073,383 compared to \$418,959 for the same nine month period last year. Our general and administrative expenses totaled \$1,019,631 for the nine months ended September 30, 2010 compared to \$434,523 for the same period last year. The increase is due to increased operating costs in servicing our customers.

Our existing capital may not be sufficient to meet Crown Equity's cash needs, including the costs of compliance with the continuing reporting requirements of the Securities Exchange Act of 1934, as amended. This condition raises substantial doubt as to Crown Equity's ability to continue as a going concern. The financial statements do not include any adjustments that might be necessary if Crown Equity is unable to continue as a going concern.

EMPLOYEES

As of September 30, 2010, Crown Equity had nineteen employees.

ITEM 3. CONTROLS AND PROCEDURES

As a "smaller reporting company" as defined by Item 10 of Regulation S-K, Crown Equity is not required to provide information required under this Item.

ITEM 4T: CONTROLS AND PROCEDURES

(a) Evaluation of Disclosure Controls and Procedures

Based on their evaluation of our disclosure controls and procedures(as defined in Rule 13a-15e under the Securities Exchange Act of 1934 the "Exchange Act"), our principal executive officer and principal financial officer have concluded that as of the end of the period covered by this quarterly report on Form 10-Q such disclosure controls and procedures were not effective to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms because of the identification of a material weakness in our internal control over financial reporting which we view as an integral part of our disclosure controls and procedures. The material weakness relates to the lack of segregation of duties in financial reporting, as our financial reporting and all accounting functions are performed by an external consultant with no oversight by a professional with accounting expertise. Our CEO and CFO do not possess accounting expertise and our company does not have an audit committee. This weakness is due to the company's lack of working capital to hire additional staff. To remedy this material weakness, we intend to engage another accountant to assist with financial reporting as soon as our finances will allow.

Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Exchange Act Rules 13a-15 or 15d-15 that occurred during our first quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

On April 14, 2010 the pending litigation in Arizona small claims court - Strojnik v. Crown Equity Holdings, Inc. was dismissed without prejudice and without further notice for lack of prosecution.

ITEM 1A. RISK FACTORS.

There have been no material changes to Crown Equity's risk factors as previously disclosed in our most recent 10-K filing for the year ending December 31, 2009.

ITEM 2. SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

During the nine months ended September 30, 2010 Crown Equity issued 20,330,814 shares of common stock at \$0.045 to \$0.01 per share with value of \$281,998 for compensation, 1,000,000 shares of common stock at \$0.035 with a value of \$35,000 for contracted services and 1,100,000 shares of common stock at \$0.01 per share with a value of \$11,000 for the acquisition of fixed assets.
