QUESTIONS AND ANSWERS REGARDING THE PROPOSED JOINT VENTURE.

Q. WHY AM I RECEIVING THIS PROXY STATEMENT?

A. Pursuant to Section 271 of the Delaware General Corporation Law, a corporation may sell all or substantially all of its assets or property if authorized by the holders of a majority of the outstanding stock entitled to vote thereon. As of the date of hereof, the license for the Technology represents substantially all of the assets of Propell other than cash.

Q. WHY HAS THE BOARD CHOSEN TO PURSUE THE JOINT VENTURE AND NOVAS SUBLICENSE AGREEMENT?

A. Most importantly, the Joint Venture will provide Propell with access to Technovita's experienced team, the ability to build one international brand, the ability to leverage the strength of the combined entity, expanding Propell's geographic reach beyond the United States and into Canada. Propell's focus for the last several years has been on the introduction of the Technology into the U.S. market and development of the tools to be used in the U.S. and it believes that the management team of the Joint Venture will have the ability to broadly penetrate the U.S. market. Propell will control the Board of Directors of the Joint Venture and has a right to terminate the Joint Venture if certain milestones are not met, while retaining certain rights in Canada. For those reasons, the Board of Directors of Propell believes that the Joint Venture is a low-risk opportunity.

Q. WHEN WILL THE JOINT VENTURE BE EFFECTIVE?

A. Propell and Technovita are working to close the Joint Venture as soon as reasonably practicable. Inasmuch as Propell has already received the approval of one stockholder that holds in excess of 50% of the voting power of the stockholders of Propell who is disinterested in the transaction, and no additional state or federal requirements or approvals must be met in order to effectuate the Joint Venture and Novas Sublicense Agreement, the parties currently anticipate that the Joint Venture Agreement and Novas Sublicense Agreement will be effective on or about August , 2015, twenty (20) days after mailing this Information Statement to stockholders.

Q. HAS THE BOARD OF DIRECTORS APPROVED THE PROPOSAL TO CONDUCT THE PROPOSED JOINT VENTURE?

A. The members of the Board of Directors have unanimously approved the proposal to effectuate the Joint Venture and related Novas Sublicense Agreement.

Q. WHAT VOTE OF THE STOCKHOLDER WILL RESULT IN THE PROPOSAL BEING PASSED?

A. To approve the proposal, the affirmative vote of holders in excess of a majority of the voting rights of the Common Stock and Series A-1, Series B and Series C Preferred Stock is required. Consents in favor of the proposal have already been received from one stockholder holding a majority of the voting securities of Propell.

Q. WHO IS PAYING FOR THIS INFORMATION STATEMENT?

A. Propell will pay for the delivery of this Information Statement.

Q. WHOM SHOULD I CONTACT IF I HAVE ADDITIONAL QUESTIONS?

A: John Huemoeller, Chief Executive Officer of Propell Technologies Group, Inc., 1701 Commerce Street, 2nd Floor, Houston, Texas 77002, telephone (713) 227-0480.

CURRENT BUSINESS OF PROPELL

Through Novas, Propell is engaged in the commercial application of a proprietary “Plasma-Pulse Technology” to enhance the recovery of oil for which we have a perpetual exclusive license to utilize in the United States and Mexico. Propell began introducing the Plasma Pulse Technology in the United States on a limited basis in March 2013. The oil recovery technology used by Novas is based on an exclusive, perpetual royalty-bearing license (the “License Agreement”) to engage in the commercial application of the proprietary “Plasma-Pulse Technology” (the Technology”) entered into on January 30, 2013, as amended in March 2014 and December 23, 2014 with Novas Energy Group Limited (“Licensor”) which granted Novas the right to use the Technology in the United States to enhance oil production. The License Agreement provides Novas with the right to practice the licensed process and to utilize the Technology to provide services to third parties and for ourselves as well, and to sublicense the Technology in the United States. In March 2014, the License Agreement was amended to, among other things, increase the territory in which Novas can practice the licensed process and utilize the Technology to include Mexico. Although new to the United States and Mexico, the Technology has been successfully utilized outside of the United States and Mexico for several years. The Licensor has filed for patent protection of the Technology in the United States. The process utilizes a down-hole tool that is lowered into vertical wellbores to the perforated oil producing zone. When initiated, the tool delivers metallic plasma-generated, directed, non-linear, wide-band elastic oscillations at resonance frequencies to enhance oil production using the tool developed by the Licensor and enhanced by Novas. The Technology is suitable for oil wells as deep as 12,000 feet. By optimizing production efficiency combined with the resulting increased oil production we expect to extend the economic life of mature oil fields and to recover previously unrecoverable oil

efficiently.

Propell currently has six tools that it uses to perform the treatments, of which four work in vertical wells with a minimum of 5 ½-inch casings and two that work in 4 ½ -inch diameter casings.

Initially Propell offered its services to independent oil wells based on a joint venture model in which it received a percentage of the revenue that its customers derived from additional production resulting from the use of the Technology. Propell has not concluded any further agreements under this joint venture model. Propell also offers its services on a fee based model and charges a service fee for use of the Technology. In 2014, Propell treated sixteen wells for service fees. In addition, Propell intends to acquire wells and use the Technology on its acquired wells to increase their production.

Propell has authorized Novas to enter into the Joint Venture with Technovita through a newly formed Delaware limited liability company, NENA, and the related Novas Sublicense Agreement with NENA of the Technology that Novas licenses the Licensor.

SUMMARY OF THE TERMS OF THE PROPOSED JOINT VENTURE

The following is a summary of the proposed Joint Venture. This is a summary only, and shareholders are encouraged to read the full disclosure under “Proposal- Joint Venture for the Technology” which appears later in this Information Statement.

Pursuant to an operating agreement to be entered into as soon as practicable twenty (20) days after the mailing of this Information Statement to the Corporation’s stockholders (the form of which is attached hereto as Exhibit B) (the “Joint Venture Agreement”), Novas and Technovita agreed to enter into the Joint Venture. Under the Joint Venture Agreement the parties have agreed as follows:

- Novas will contribute \$1,200,000 to NENA for ownership of 60% of the membership interests of NENA.
 - Technovita will contribute \$800,000 to NENA for ownership of 40% of the membership interests of NENA.
- NENA and Novas will enter into a sublicense agreement that will provide that NENA will be the exclusive licensee in the U.S. of the Technology that Novas has licensed from the Licensor.
- NENA and Technovita will enter into a sublicense agreement that will provide that NENA will be the exclusive licensee in Canada of the Technology that Technovita has licensed from the Licensor.
- NENA will be governed by a five member Board of Directors, of which three members will be appointed by Novas and two members will be appointed by Technovita.
- If NENA fails to satisfy certain performance milestones, under certain circumstances Technovita’s membership interests in NENA will be reduced or Novas will have the right to terminate the Joint Venture Agreement.
- If either Novas or Technovita terminate their sublicense agreement with NENA, the non-terminating party receives the other party’s interest in NENA.
- For a period of one year after dissolution of NENA, each of Novas and Technovita agree to a non-solicitation of any person employed by NENA in the other’s prior territory

PROPOSAL—JOINT VENTURE FOR THE TECHNOLOGY

Pursuant to the Joint Venture Agreement, Novas and Technovita agreed to enter into the Joint Venture. Under the Joint Venture Agreement, Novas and Technovita intend to form a new Delaware limited liability company, Novas Energy North America, LLC (“NENA”), whereby Novas will contribute \$1,200,000 (to be delivered in four installments of \$300,000 each, on the effective date of the Joint Venture Agreement and the three (3), six (6) and nine (9) month anniversary thereof) to the capital of NENA for 60% of the membership interests of NENA and Technovita will contribute \$800,000 to the capital of NENA for 40% of the membership interests of NENA.

Subject to certain exceptions, NENA will be the exclusive provider of the Vertical Technology (as defined in the Joint Venture Agreement) in the United States and Canada pursuant to the terms of Sublicense Agreements to be entered into between each of Novas and NENA and Licensor whereby Novas will agree to provide NENA an exclusive right to use, develop and commercialize the Technology in the U.S. and its territories. The Sublicense Agreement will be effective twenty (20) days after the mailing of this Information Statement on Schedule 14C. Subject to certain exceptions, NENA will be the exclusive provider of the Vertical Technology in Canada pursuant to the terms of Sublicense Agreements to be entered into between Technovita and NENA and Licensor whereby Technovita will agree to provide NENA an exclusive right to use, develop and commercialize the Technology in Canada. If either Novas or Technovita terminates the Sublicense Agreement with NENA and Licensor, the non-terminating party will receive 100% of the terminating member’s membership interest in NENA.

The business and affairs of NENA are managed by or under the direction of the Board of Directors, consisting of five (5) members, three (3) of whom shall be appointed by Novas and two (2) of whom shall be appointed by Technovita. Board approval is required to: (i) incur any indebtedness, pledge or grant liens on any assets or guarantee, assume, endorse or otherwise become responsible for the obligations of any other person, except to the extent approved or authorized in NENA’s budget; (ii) make any loan, advance or capital contribution in any person, except to the extent approved or authorized in the budget; (iii) transfer any equipment necessary in the deployment of the Vertical Technology to any third party; (iv) enter into or effect any transaction or series of related transactions involving the sale of NENA or the sale, lease, license, exchange or other disposition (including by merger, consolidation, sale of assets or similar business transaction) by NENA of any assets in excess of \$300,000; (v) appoint or remove NENA’s auditors or make any changes in the accounting methods or policies of NENA (other than as required by GAAP); or (vi) enter into or effect any transaction or series of related transactions involving the purchase, lease, license, exchange or other acquisition (including by merger, consolidation, acquisition of stock or acquisition of assets) by NENA of any assets and/or equity interests of any person.

Approval of the members is required to: (i) amend or waive the Joint Venture Agreement; (ii) make any material change to the nature of the business conducted by NENA; (iii) modify the membership interest of any member or admit additional members; (iv) enter into, amend in any material respect waive or terminate any Sublicense Agreement; or (v) sell, lease, license, exchange or otherwise dispose of (including by merger, consolidation, sale of assets or similar business transaction) assets of NENA in excess of \$5,000,000.

If NENA fails to satisfy certain performance milestones, (the “Year 2 Key Performance Indicators”) described below by (i) an amount greater than 5% but less than or equal to 25%, Technovita’s membership interest shall be decreased in accordance with a formula and Novas’ membership interest shall be increased by an equivalent amount; (ii) an amount greater than 25%, Technovita’s membership interest shall be decreased to 15% and Novas’ membership interest shall be increased to 85%. Year 2 Key Performance Indicators are defined as follows: during a continuous twelve (12) month period commencing the day immediately following the conclusion of the period in which the Year 1 Key Performance Indicators were measured, each of: (1) sales from activities in the United States of greater than or equal to \$19,310,000; (2) sales from activities in Canada of greater than or equal to \$19,310,000; (3) EBITDA from activities in the United States of greater than or equal to \$6,590,000; and (4) EBITDA from activities in Canada of greater than or equal to \$6,590,000

If NENA fails to satisfy Year 2 Key Performance Indicators or Year 1 Key Performance Indicators as described below by an amount greater than 5% of the applicable metric, Novas has the right to dissolve the Joint Venture. Upon a dissolution, all intellectual property assets of NENA, including any improvements to Technology is to be distributed to Technovita solely for use in Canada, its territories and its possessions and Novas solely for use in the United States and its territories. Year 1 Key Performance Indicators is defined as: during a continuous twelve (12) month period commencing upon September 1, 2015, unless the Board of Directors otherwise approves a later date due to the Corporation having insufficient equipment or technicians available to Deploy the Vertical Technology as of September 1, 2015, each of: (1) sales from activities in the United States of greater than or equal to \$2,829,000; (2) sales from activities in Canada of greater than or equal to \$2,829,000; (3) EBITDA from activities in the United States of greater than or equal to \$524,000; and (4) EBITDA from activities in Canada of greater than or equal to \$524,000.

For a period of one year after dissolution of NENA, Technovita agreed not to hire or solicit any person employed by NENA that worked on vertical deployment in the United States and Novas agreed not hire or solicit any person employed by NENA that worked on vertical deployment in Canada

Sublicense Agreement between Novas, NENA and Licensor

Novas intends to enter into a royalty-bearing sublicense (the “Novas Sublicense Agreement”) with NENA and the Licensor, pursuant to which NENA will sublicense all rights of Novas under the License Agreement dated January 30, 2013 (the “Novas License Agreement”) between Novas and the Licensor. The Novas Sublicense Agreement will provide NENA with the right to use, develop, market and commercialize in the United States and its territories (the “Novas Territory”) the Licensor’s Technology which is an invention involving a process and apparatus utilized in the production enhancement of hydrocarbon deposits using metallic plasma-generated, directed, nonlinear, wide-band, and elastic oscillations at resonance frequencies technology. Novas will retain the right to use the Technology for treatment of its own assets now owned or thereafter acquired. In addition, NENA and Technovita will have the right to apply any improvements to the Technology developed by Novas or the Licensor to the business of NENA and/or Technovita in Canada. Any improvements to the Technology developed by NENA shall be owned by NENA and NENA will grant to Licensor and Novas a royalty-free, fully paid-up sublicense to any improvements it develops; however, the sublicense to Novas is restricted to the Novas Territory. NENA will pay royalties of 7.5% directly to Licensor of Net Service Sales (as defined in the Novas Sublicense Agreement). Licensor is responsible for maintaining in full force and effecting all patent applications and resulting patent registrations and patent prosecution; however, if after request from NENA, Licensor does not obtain protections of certain patents in the Novas Territory, then NENA can obtain such protection and NENA will be responsible for prosecuting, renewing an otherwise maintaining any patent applications.

The Novas Sublicense terminates in accordance with the terms of the Joint Venture or upon any breach by NENA of its payment or reporting obligations or breach of any other terms and conditions of the Novas Sublicense Agreement that would constitute a breach of the License Agreement with the Licensor. The Novas Sublicense Agreement provides NENA with thirty (30) days to cure a payment default and sixty (60) days to cure a non-payment breach. Events of Default under the Novas Sublicense Agreement include failure to pay any amounts when due, breach of any covenant of the Novas Sublicense Agreement by any party, other than the failure to pay amounts thereunder when due, the making of any general assignment for the benefit of creditors by such Party, or the voluntary or involuntary commencement of proceedings under any bankruptcy or insolvency laws which results in the entry of an order for relief or which remains undismissed, undischarged or unbonded for a period of sixty (60) days or more. In the event NENA’s financial performance in a relevant period deviates by more than 5% from any Year 1 Key Performance Indicator or Year 2 Key Performance Indicator, then Novas has the right to terminate the Novas Sublicense Agreement upon thirty (30) days written notice to NENA.

In the event of a termination of the Novas License Agreement, the Novas Sublicense Agreement remains in full force and effect, however, the Licensor has the right to terminate the Novas Sublicense Agreement upon thirty (30) days written notice to NENA.

Sublicense Agreement between Technovita, NENA and Novas Energy Group Limited

It is anticipated that Technovita will enter into a royalty-bearing sublicense (the “Technovita Sublicense Agreement”) with NENA and the Licensor, pursuant to which NENA will sublicense all rights of Technovita under the License Agreement dated March 20, 2014 (the “Technovita License Agreement”) between Technovita and Licensor. The Technovita Sublicense Agreement will provide NENA in Canada its territories and possessions (the “Technovita Territory”) with the right to use, develop, market and commercialize the Technology. Technovita will retain the right to use the Technology for treatment of its own assets now owned or thereafter acquired. In addition, NENA and Novas will have the right to apply any improvements to the Technology developed by Technovita or the Licensor to the business of NENA and/or Novas in the United States and its territories. Any improvements to the Technology developed by NENA shall be owned by NENA and NENA will grant to Licensor and Technovita a royalty-free, fully paid-up sublicense to any improvements it develops; however the sublicense to Technovita is restricted to Technovita Territory.

NENA will pay directly to Licensor royalties of 7.5% of Net Service Sales (as defined in the Technovita Sublicense Agreement). Licensor is responsible for maintaining in full force and effect all patent applications and resulting patent registrations and patent prosecution; however, if after request from NENA, Licensor does not obtain protections of certain patents in the Licensed Territory then NENA can obtain such protection and NENA will be responsible for prosecuting, renewing an otherwise maintaining any patent applications. NENA has the right to commence legal action for enforcement of any patents within the Technovita Territory.

The Technovita Sublicense Agreement terminates in accordance with the terms of the Joint Venture or upon any breach by NENA of its payment or reporting obligations or breach of any other terms and conditions of the Technovita Sublicense Agreement that would constitute a breach of the License Agreement with the Licensor. The Technovita Sublicense Agreement provides NENA with thirty (30) days to cure a payment default and sixty (60) days to cure a non-payment breach. Events of Default under the Technovita Sublicense Agreement include failure to pay any amounts thereunder when due, breach of any covenant of the Technovita Sublicense Agreement by any party, other than the failure to pay amounts hereunder when due, the making of any general assignment for the benefit of creditors by such party, or the voluntary or involuntary commencement of proceedings under any bankruptcy or insolvency laws which results in the entry of an order for relief or which remains undismissed, undischarged or unbonded for a period of sixty (60) days or more. In the event Novas terminates the Novas Sublicense Agreement then Technovita has the right upon thirty (30) days’ prior notice to terminate the Technovita Sublicense Agreement.

In the event of a termination of the License Agreement, the Technovita Sublicense Agreement remains in full force and effect, however the Licensor has the right to terminate this Technovita Sublicense Agreement upon thirty (30) days written notice to NENA.

Advantages of the Joint Venture

The Joint Venture will provide the Corporation with access to Technovita's experienced team. Technovita has a team of fourteen (14) individuals that include a Russian geologist with over thirty (30) years of experience, a nuclear engineer with plasma physics and wave theory expertise, a wireline and workover service provider for over thirty (30) years, as well as individual experiences with business development and commercialization of new technologies and large service companies. The ability to build one international brand and the ability to leverage the strength of the combined entity is expected to provide Propell with greater market presence, expanding Propell's geographic reach beyond the United States and into Canada. To date, Propell has generated minimal revenue from the Technology. For the year ended December 31, 2014, Propell generated \$190,035 of revenue. Propell's focus for the last several years has been on the introduction of the Technology into the U.S. market and development of the tools to be used in the U.S. and it believes that the management team of the Joint Venture will have the ability to broadly penetrate the U.S. market. Propell will control the Board of Directors of the Joint Venture and has a right to terminate the Joint Venture if certain milestones are not met, while retaining certain rights in Canada, therefore the Board of Directors of Propell believes that the Joint Venture is a low-risk opportunity.

Risks of the Joint Venture

To date, Technovita has not treated any oil wells with the Technology and therefore there is no guarantee that the Technovita team will be successful in meeting its milestones. Due to limited data about well treatment it is difficult to assess the revenue to be derived from the Canadian wells, which may not perform as expected and may contribute less than 40% to the revenue of the Joint Venture. Completion of the Joint Venture will mean that Propell will only have a 60% interest in revenue derived from treatment of U.S. wells instead of its current 100% interest. Although Novas has the right to terminate the Joint Venture if certain milestones are not met, if the milestones are met there can be no assurance that the revenue derived from U.S. wells will not exceed 60% of the revenue of the Joint Venture. Propell has not received a valuation or fairness opinion regarding the Joint Venture and its percent ownership in the Joint Venture. Propell is required to contribute \$1,200,000 to the Joint Venture that may not be recovered in the event that the Joint Venture dissolves. In addition, the Joint Venture will bear the additional costs associated with the additional Technovita management team.

VOTE REQUIRED FOR APPROVAL

The Board of Directors of Propell have adopted, ratified and approved the proposal to authorize the Joint Venture and stockholders of the Corporation holding a majority of the voting power on the Record Date have approved the proposed Joint Venture.

DISSENTER'S RIGHTS OF APPRAISAL

The Delaware General Corporation Law does not provide for dissenter's rights in connection with the proposed Joint Venture.

CHANGE OF CONTROL

On July 6, 2015, Propell closed the final tranche of its private placement offering under the Series C Preferred Stock Purchase Agreement, as amended on June 5, 2015 (the "Purchase Agreement"), that it had entered into on February 19, 2015, with Ervington Investment Limited, an entity organized under the laws of the Republic of Cyprus ("Ervington"), and raised an additional \$9,750,000 in gross proceeds from the sale of 2,974,576 shares of its Series C Preferred Stock at a purchase price of \$3.277777778 per share to Ervington. The total gross proceeds raised from the initial and final tranche of the sales to Ervington were \$14,750,000. Propell intends to use the net proceeds from the final tranche for the acquisition, enhancement and maintenance of an oil field for deployment of the Corporation's technology and general corporate purposes. The material provisions of the Series C Preferred Stock are set forth in the Certificate of Designations to the Corporation's Certificate of Incorporation (the "Certificate of Designations") that was filed with the Secretary of State of the State of Delaware on February 18, 2015, and was filed as an exhibit to Propell's Current Report on Form 8-K filed with the SEC on February 19, 2015. The Certificate of Designations provides that upon the issuance of an aggregate of 4,500,000 shares of Series C Preferred Stock, the holders of the Series C Preferred Stock are entitled to elect either three (3) directors holding one (1) vote each, one director holding three (3) votes, or one director holding two (2) votes and another director holding one (1) vote. Ervington, as the sole holder of the Series C Preferred Stock, has elected to appoint a new director, Maria Damianou, who has one (1) vote, to join its other director representative, Ivan Persiyanov, who holds two (2) votes. Ms. Damianou's appointment to the Board of Directors became effective on July 23, 2015, which is ten (10) days after an Information Statement was filed with the SEC and mailed to the Corporation's stockholders of record in compliance with Section 14(f) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and Rule 14(f)-1 thereunder.

On July 6, 2015, Ervington also acquired an additional 56,677,477 shares of Propell's Common Stock and 700,000 shares of the Corporation's Series A-1 Convertible Preferred Stock (which shares represent 7,000,000 shares of Propell's Common Stock on an as-converted basis) pursuant to the terms of a separate stock purchase agreement (the "Secondary Purchase Agreement") that Ervington had entered into with certain stockholders (the "Selling Stockholders") of the Corporation.

In connection with the Purchase Agreement, Propell had also entered into an Investors' Rights Agreement with Ervington on February 19, 2015 (the "Investors' Rights Agreement"). The Investors' Rights Agreement provides that the Holders (as defined in the Investors' Rights Agreement) of a majority of the outstanding Registrable Securities (defined therein as the shares of Common Stock and Series A-1 Preferred Stock issued pursuant to the Secondary Purchase Agreement, the shares of Series C Preferred Stock issued pursuant to the Purchase Agreement and any Common Stock issued as dividends thereon or in exchange for such) are entitled to demand registration rights under certain circumstances and piggyback registration rights. In addition, the Investors' Rights Agreement provides that Ervington (or its assignee) has the right to designate a person to be appointed as the Chief Executive Officer of Propell, a board observer right if a representative of Ervington or its affiliate is not a member of the Board of Directors of Propell and certain consultation rights if a representative of Ervington or its affiliate is not a member of the Board of Directors of Propell so long as it holds a majority of the Registrable Securities and at least 36,000,000 shares of Common Stock of Propell on an "as converted" basis. Ervington and its affiliates also have a right of first refusal to acquire their pro rata share of any New Securities (as defined in the Investors' Rights Agreement) which Propell proposes to issue and sell.

On February 19, 2015, Propell, the Selling Stockholders and Ervington had also entered into a Stockholders Agreement (the "Stockholders Agreement") that provides that until a Change of Control Transaction (as defined in the Stockholders Agreement), each person a party thereto shall vote all of such person's shares of Common Stock of Propell in favor of the designees appointed by Ervington and two additional directors appointed by two of the Selling Stockholders and Ervington agreed to vote its shares in favor of the two designees appointed by two of the Selling Stockholders provided that the certain Selling Stockholders continue to own a certain threshold number of shares of our Common Stock or Preferred Stock convertible into our Common Stock. In addition, the Selling Stockholders granted Ervington certain drag-along rights in the event of a Change of Control Transaction (as defined in the Stockholders Agreement) and Ervington and its affiliates were granted certain rights of first refusal.

As a result of the closing of the final tranche pursuant to the Purchase Agreement and the Secondary Purchase Agreement, Propell experienced a change in control, with Ervington acquiring an additional 2,974,576 shares of the Corporation's Series C Preferred Stock, 700,000 shares of Propell's Series A-1 Convertible Preferred Stock and an additional 56,677,477 shares of Common Stock of Propell, which when added to the securities it acquired in the initial closing under the Purchase Agreement and Secondary Purchase Agreement represents a beneficial ownership of 51.4% of Propell's outstanding Common Stock and 50.9% of Propell's voting securities. As stated above, upon the issuance of the additional shares of Series C Preferred Stock, Ervington became entitled to elect another member to the Propell Board of Directors, which resulted in a change of control due to the change in a majority of our Board of Directors. Ervington appointed a new director, Ms. Damianou, who has one (1) vote, to join its other director representative, Ivan Persiyanov, who has two (2) votes.

Notwithstanding the foregoing, the Board of Directors shall be authorized to call for Additional Capital Contributions in an amount up to 20% in excess of the corresponding amounts set forth in the Budget, which amounts shall also constitute Additional Capital Contributions.

(b) If any Member shall fail to timely make, or notifies the other Member that it shall not make, all or any portion of any Additional Capital Contribution which such Member is obligated to make under Section 3.2(a), then such Member shall be deemed to be a "**Non-Contributing Member**". Upon the repayment in full of all Default Loans made in respect of a Non-Contributing Member, such Non-Contributing Member shall cease to be a Non-Contributing Member.

(c) Notwithstanding any other provisions of this Agreement, any amount that otherwise would be paid or distributed to a Non-Contributing Member pursuant to Article 6 shall not be paid to the Non-Contributing Member but shall be deemed paid and applied on behalf of such Non-Contributing Member (i) first, to accrued and unpaid interest on all Default Loans (in the order of their original maturity date), (ii) second to the principal amount of such Default Loans (in the order of their original maturity date) and (iii) third, to any Additional Capital Contribution of such Non-Contributing Member that has not been paid and is not deemed to have been paid.

(d) In the event a Default Loan has been outstanding for more than six (6) months, the Contributing Member may elect to convert the principal and accrued and unpaid interest under the Default Loan into additional Membership Interests by written notice to the Company and the Non-Contributing Members. Upon receipt of written notice of such election by the Contributing Member: (i) the Default Loan shall be converted into an Additional Capital Contribution by the Contributing Member in an amount equal to the principal and unpaid interest on the Default Loan, (ii) the Non-Contributing Member will be deemed to have received a distribution pursuant to Article 6 of an amount equal to the principal and unpaid interest on the Default Loan, (iii) such distribution will be deemed paid to the Contributing Member in repayment of the Default Loan, and (iv) the amount will be deemed contributed by the Contributing Member as an Additional Capital Contribution, the Contributing Member's Capital Account will be increased by, and the Non-Contributing Member's Capital Account will be decreased by, an amount equal to the principal and unpaid interest on the Default Loan. Notwithstanding anything herein to the contrary, upon the occurrence of any event described in this Section 3.3, the Company shall update Schedule A to reflect the adjusted Membership Interests. The Members intend the adjustments contemplated by this Section 3.3 to be treated as an adjustment to the initial Capital Contribution in exchange for issuance of Membership Interests, and neither the Company nor any Member shall take any tax reporting position inconsistent with the foregoing except to the extent required by a taxing authority.

3.4 ***Withdrawal and Return of Capital.*** Except as provided in Section 6 and Section 11 or as otherwise agreed to by the Members, no Member shall be entitled to the return of such Member's Capital Contribution, a distribution in respect of such Member's Capital Account balance, or any other distribution in respect of such Member's Interest except as otherwise provided in this Agreement.

5.3 ***Tax Allocations.***

(a) Subject to Sections 5.3(b) and (c), all income, gains, losses and deductions of the Company shall be allocated, for federal, state and local income tax purposes, among the Members in accordance with the allocation of such income, gains, losses and deductions pursuant to Section 5.1 and Section 5.2, except that if any such allocation for tax purposes is not permitted by the Code or other applicable law, the Company's subsequent income, gains, losses and deductions shall be allocated among the Members for tax purposes, to the extent permitted by the Code and other applicable law, so as to reflect as nearly as possible the allocation set forth in Section 5.1 and Section 5.2.

(b) Items of Company taxable income, gain, loss and deduction with respect to any property contributed to the capital of the Company shall be allocated among the Members in accordance with Code Section 704(c) and the traditional method with curative allocations of Treasury Regulations Section 1.704-3(c), so as to take account of any variation between the adjusted basis of such property to the Company for federal income tax purposes and its Gross Asset Value. If the Gross Asset Value of any Company asset is adjusted pursuant to Treasury Regulations Section 1.704-1(b)(2)(iv)(f), subsequent allocations of items of taxable income, gain, loss and deduction with respect to such asset shall take account of any variation between the adjusted basis of such asset for federal income tax purposes and its Gross Asset Value in the same manner as under Code Section 704(c).

(c) Any tax credits or similar items shall be allocated to the Members according to their interests in such items as determined by the Board of Directors taking into account the principles of Treasury Regulations Section 1.704-1(b)(4)(ii).

Section 6

6.1 ***Distributions.*** Except as otherwise provided in this Agreement, distributions prior to the Dissolution of the Company shall be made in accordance with this Section 6.1 and each Member actually receiving amounts pursuant to a specific distribution by the Company shall receive a pro rata share based on such Member's Membership Interest of each item of cash or property of which such distribution is constituted. Notwithstanding any provision to the contrary contained in this Agreement, the Company shall not make any distribution to Members if such distribution would violate §18-607 of the Delaware Act or other applicable law.

(a) The Board of Directors at least once annually shall determine in the Board of Director's reasonable judgment to what extent the Company has cash and any property available for distribution taking into account current and anticipated needs (including without limitation operating expenses, debt service, guaranteed payments and a reserve for future operating costs). To the extent such cash is available, the Board of Directors may cause the Company to distribute such excess cash and any property available for distributions among the Members' in accordance with their respective Membership Interests.

(b) If a Member has (i) an unpaid Additional Capital Contribution that is overdue and/or (ii) an outstanding Default Loan due to another Member, any amount that otherwise would be distributed to such Member (up to the amount of such Additional Capital Contribution or outstanding Default Loan, together with interest accrued thereon) shall not be paid to such Member but shall be deemed distributed to such Member and applied on behalf of such Member pursuant to Section 3.2(c).

6.2 **Tax Distributions.** Subject to restrictions imposed by applicable law or any restrictions in any debt-financing arrangements to which the Company is a party, and subject to the discretion of the Board of Directors to retain any other amounts necessary to satisfy the Company's obligations, at least five (5) days before each date prescribed by the Code for a calendar-year corporation to pay quarterly installments of estimated tax, the Company shall use commercially reasonable efforts to distribute cash to each Member in proportion to and to the extent of such Member's Quarterly Estimated Tax Amount for the applicable calendar quarter (each such distribution, a "**Tax Distribution**"). The provisions of this Section 6.2 will be deemed to be satisfied if the Budget provides for quarterly distributions sufficient to satisfy each Member's Quarterly Estimated Tax Amount. For the avoidance of doubt, all Tax Distributions shall be made pro rata in accordance with their Membership Interests.

6.3 **Withholding Taxes.**

(a) The Company shall withhold taxes from distributions to, and allocations among, the Members to the extent required by law (as determined by the Board of Directors in its reasonable discretion). Except as otherwise provided in this Section 6.2, any amount so withheld by the Company with regard to a Member shall be treated for purposes of this Agreement as an amount actually distributed to such Member pursuant to Section 6.1. An amount shall be considered withheld by the Company if, and at the time, remitted to a governmental agency without regard to whether such remittance occurs at the same time as the distribution or allocation to which it relates; provided, however, that an amount actually withheld from a specific distribution or designated by the Company as withheld from a specific allocation shall be treated as if distributed at the time such distribution or allocation occurs.

(b) If, pursuant to Section 6.2(a), an amount withheld with regard to a Member is treated for purposes of this Agreement as an amount distributed to such Member pursuant to Section 6.1, subsequent actual distributions to such Member pursuant to Section 6.1 shall be reduced as necessary to, as quickly as possible, cause the aggregate distributions to such Member over the term of the Company (including actual distributions and distributions deemed to have occurred pursuant to Section 6.2(a)) to equal the actual distributions that would have been made to such Member if Section 6.2(a) were not part of this Agreement.

(c) Each Member hereby agrees to indemnify the Company and the other Members for any liability they may incur for failure to properly withhold taxes in respect of such Member; moreover, each Member hereby agrees that neither the Company nor any other Member shall be liable for any excess taxes withheld in respect of such Member's Membership Interest and that, in the event of overwithholding, a Member's sole recourse shall be to apply for a refund

Each officer shall hold office until his or her successor is appointed or until his or her earlier death, resignation or removal. Any officer may resign at any time upon written notice to the Board of Directors. Any officer may be removed with or without cause at any time by the Member or Members entitled to select such officer with respect to the Chief Executive Officer, Deputy Chief Executive Officer or Chief Technology Officer, or by the Board of Directors acting by majority vote with respect to any officers other than the Chief Executive Officer, Deputy Chief Executive Officer or Chief Technology Officer. Notwithstanding anything herein to the contrary, the Board of Directors shall have the power to remove any officer of the Company for Cause. The determination as to whether such officer is being terminated for Cause will be made in good faith by the Board of Directors and will be final and binding.

7.8 **Authority of Officers to Bind the Company.** Subject to Section 7.9 and 7.10, any contract, agreement, deed, lease, note or other document or instrument executed on behalf of the Company by the Chief Executive Officer, Deputy Chief Executive Officer or Chief Technology Officer shall be deemed to have been duly executed by the Company; no other signature (including, for avoidance of doubt, the signature of any Member) shall be required in connection with the foregoing and third parties shall be entitled to rely upon the power of the Chief Executive Officer, Deputy Chief Executive Officer or Chief Technology Officer to bind the Company without otherwise ascertaining that the requirements of this Agreement have been satisfied. Notwithstanding the foregoing, the Members hereby acknowledge and agree that the Chief Executive Officer shall have the primary responsibility and authority with respect to implementing the strategy and overseeing the day to day operations of the Company. Neither the Deputy Chief Executive Officer, the Chief Technology Officer or any other officer of the Company shall take any action to bind the Company in a manner contrary to the instructions of the Chief Executive Officer.

7.9 ***Actions Requiring Approval of the Board of Directors.*** Without the written approval of the Board of Directors, the Company shall not, and the officers of the Company shall not cause the Company to, enter into any commitment to:

(a) Incur any indebtedness, pledge or grant liens on any assets or guarantee, assume, endorse or otherwise become responsible for the obligations of any other Person, except to the extent approved or authorized in the Budget;

-15-

- (b) Make any loan, advance or capital contribution in any Person, except to the extent approved or authorized in the Budget;
- (c) Transfer any equipment necessary in the Deployment of the Vertical Technology to any third party;
- (d) Enter into or effect any transaction or series of related transactions involving the sale of the Company or the sale, lease, license, exchange or other disposition (including by merger, consolidation, sale of assets or similar business transaction) by the Company of any assets in excess of \$300,000;
- (e) Appoint or remove the Company's auditors or make any changes in the accounting methods or policies of the Company (other than as required by GAAP); or
- (f) Enter into or effect any transaction or series of related transactions involving the purchase, lease, license, exchange or other acquisition (including by merger, consolidation, acquisition of stock or acquisition of assets) by the Company of any assets and/or equity interests of any Person.

7.10 ***Actions Requiring Approval of the Members.*** Without the unanimous written approval of the Members, the Company shall not, and the officers of the Company shall not cause the Company to, enter into any commitment to:

- (a) Amend, modify or waive the Certificate of Formation or this Agreement, except to amend Schedule A as permitted in accordance with the terms of this Agreement;
- (b) Make any material change to the nature of the business conducted by the Company;
- (c) Modify the Membership Interests of any Member (except as expressly contemplated pursuant to the terms of this Agreement) or admit additional Members to the Company;
- (d) Enter into, amend in any material respect, waive or terminate any Sublicense Agreement (except as otherwise provided herein) or any other Related Party Agreement, other than service contracts on the same terms as the Company offers to customers generally; or

- (e) Make any material change in the compensation of the officers.

7.11 ***Sale Transactions.*** In the event the Board of Directors, pursuant to Section 7.9, approves a transaction or series of related transactions involving the sale of the Company or the sale, lease, license, exchange or other disposition (including by merger, consolidation, sale of assets or similar business transaction) by the Company of any assets in excess of \$5,000,000 (a “**Sale Transaction**”), the Board of Directors shall then submit such proposed Sale Transaction to the Members for their approval. Without the written approval of the Members, the Company shall not, and the officers of the Company shall not cause the Company to, enter into any Sale Transaction except in accordance with this Section 7.11. In the event the Members do not agree on proceeding with the Sale Transaction, they shall negotiate in good faith to resolve any differences regarding such determination. If the disagreement cannot be resolved within fifteen (15) days after approval by the Board of Directors, the Company shall retain KPMG LLP, or if KPMG LLP is unavailable, another independent nationally recognized accounting firm or valuation expert as agreed to by the Members (which agreement shall not be unreasonably withheld) (the “**Third Party Valuator**”). The Third Party Valuator will conduct a valuation analysis of the Company or the assets proposed to be sold in the Sale Transaction. If the Third Party Valuator determines the value of the Company or the assets proposed to be sold in the Sale Transaction to be less than or equal to the price offered by the acquiror in the Sale Transaction, then the Member objecting to the Sale Transaction shall be deemed to approve of the Sale Transaction, and will be required to vote in favor of the Sale Transaction if a vote is held, and the Sale Transaction will be deemed to have been approved by both Members. The Third Party Valuator’s decision will be final, conclusive and binding, and shall be deemed to have been accepted by all of the parties to this Agreement. The Members will share equally the Third Party Valuator’s fees and expenses. All determinations in accordance with this Section 7.11 will be in writing and will be delivered to each party. If the parties cannot agree on appointing the Third Party Valuator, each of the parties will select an independent nationally recognized accounting firm or valuation expert and those two independent nationally recognized accounting firms or valuation experts, as applicable, will appoint the Third Party Valuator.

7.12 **Budget.** At least sixty (60) days before the beginning of each Fiscal Year, management (led by the Chief Executive Officer) shall prepare and submit to the Members and the Board of Directors an annual budget for the Company for such upcoming Fiscal Year (each, a “**Budget**”). The Budget shall include detailed capital and operating expense budgets, cash flow projections (which shall include amounts and due dates of all projected calls for Additional Capital Contributions) and profit and loss projections, and shall expressly contemplate and provide for quarterly royalty payments in accordance with the terms and conditions of the Sublicense Agreements. Not later than thirty (30) days following its receipt of the proposed Budget, the Board of Directors must approve or disapprove the proposed Budget. If the Board of Directors disapproves of the proposed Budget, then management shall use good faith efforts to prepare a revised proposed Budget addressing the concerns of the Board of Directors. If, after thirty (30) days of the Board of Directors’ disapproval of the proposed Budget management has not prepared a revised proposed Budget that is acceptable to the Board of Directors, then the previous year’s Budget shall be applied in the event the dispute is with respect to the Fiscal Year ended December 31, 2017 or December 31, 2018. If the dispute is with respect to a Fiscal Year ending after December 31, 2018, then the Budget shall be prepared by the Members holding a Majority-in-Interest of the Members. Management shall operate the Company in accordance with the Budget (subject to the right of the Board of Directors to call for Additional Capital Contributions in an amount up to 20% in excess of the corresponding amounts set forth in the Budget in accordance with Section 3.2(a)). The initial business plan and Budget for the Company through the Fiscal Year ending December 31, 2016, which have previously been approved by the Members, are attached hereto as Schedule C.

7.13 **Additional Capital Contributions in Excess of \$3,000,000.** Notwithstanding the provisions of Section 7.12, in the event any Budget calls for Additional Capital Contributions in excess of \$3 million, then such Additional Capital Contributions must be approved by at least four out of five members of the Board of Directors. This supermajority approval requirement will not apply in the event one of the Members has a Membership Interest of fifteen percent (15%) or less at the time the Additional Capital Contribution is submitted for approval by the Board of Directors. For greater certainty, in the event any Additional Capital Contributions are approved in accordance with this Section 7.13, and any Member fails to timely make, or notifies the other Member that it shall not make, all or any portion of any such Additional Capital Contribution, such Member will be deemed a Non-Contributing Member and the provisions of Section 3.2 shall apply.

7.14 **Termination of License Agreements.** In the event of a termination of the License Agreement (as defined in the Sublicense Agreement between, *inter alia*, the Company and Technovita Technologies Corporation), one hundred percent (100%) of Technovita’s Membership Interest in the Company and all of Technovita’s rights under this Agreement shall be transferred and assigned to Novas USA, and Technovita shall no longer be a party to this Agreement or Member of the Company. In the event of a termination of the License Agreement (as defined in the Sublicense Agreement between, *inter alia*, the Company and Novas USA), one hundred percent (100%) of Novas USA’s Membership Interest in the Company and all of Novas USA’s rights under this Agreement shall be transferred and assigned to Technovita, and Novas USA shall no longer be a party to this Agreement or Member of the Company. The Members intend the adjustments contemplated by this Section 7.14 to be treated as an adjustment to the initial Capital Contribution in exchange for issuance of Membership Interests, and neither the Company nor any Member shall take any tax reporting position inconsistent with the foregoing except to the extent required by a taxing authority.

7.15 **Member Owned Wells.** Upon request by a Member, the Company shall Deploy the Vertical Technology in wells owned by a Member or its Affiliates in accordance with a master service agreement approved by the Member or its Affiliate and the Company. Members and their Affiliates shall pay market price for the Deployment of Vertical Technology in their owned wells, and the Company shall prioritize the treatment schedule of all Deployments of Vertical Technology made pursuant to this Section 7.15 relative to third-party customers. Notwithstanding the foregoing, and for greater certainty, Technovita Technologies Corporation shall have the right to Deploy the Vertical Technology in wells owned by it or its Affiliates in Canada, and Novas USA shall have the right to Deploy the Vertical Technology in wells owned by it or its Affiliates in the United States.

7.16 **Business Opportunities.** The Company shall be the exclusive service provider of Vertical Technology in the United States of America and Canada pursuant to the terms and conditions of the Sublicense Agreements. Notwithstanding the foregoing, Novas USA shall retain the right to Deploy the Vertical Technology on wells in the United States of America which are owned by Novas USA or its Affiliates, Technovita Technologies Corporation shall retain the right to Deploy the Vertical Technology on wells in Canada which are owned by Technovita Technologies Corporation or its Affiliates, and nothing contained in this Agreement shall prevent any Member or any of its Affiliates from engaging in any other activities or businesses, regardless of whether those activities or businesses are similar to or competitive with the business of the Company. None of the Members nor any of their Affiliates shall be obligated to account to the Company or to the other Member for any profits or income earned or derived from other such activities or businesses (except in the event that the Company Deploys the Vertical Technology on behalf of a Member or one of its Affiliates on wells owned by a Member or one of its Affiliates, in which case such Member will pay market prices to the Company for the provision of such services).

Section 8

EXCULPATION AND INDEMNIFICATION

8.1 **Exculpation of Covered Persons.**

(a) As used herein, the term “**Covered Person**” shall mean (i) each Member; (ii) each officer, director, stockholder, partner, member, Affiliate, employee, agent or representative of each Member, and each of their Affiliates; and (iii) each director, officer, employee, agent or representative of the Company.

(b) No Covered Person shall be liable to the Company or any other Covered Person for any loss, damage or claim incurred by reason of any action taken or omitted to be taken by such Covered Person in good faith reliance on the provisions of this Agreement, so long as such action or omission does not constitute fraud, gross negligence, willful misconduct or a material breach of this Agreement by such Covered Person or is not made in knowing violation of the provisions of this Agreement.

(c) A Covered Person shall be fully protected in relying in good faith upon the records of the Company and upon such information, opinions, reports or statements (including financial statements and information, opinions, reports or statements as to the value or amount of the assets, liabilities, Profits or Losses of the Company or any facts pertinent to the existence and amount of assets from which distributions might properly be paid) of the following Persons or groups: (i) another Member; (ii) one or more directors, officers or employees of the Company; (iii) any attorney, independent accountant, appraiser or other expert or professional employed or engaged by or on behalf of the Company; or (iv) any other Person selected in good faith by or on behalf of the Company, in each case as to matters that such relying Person reasonably believes to be within such other Person's professional or expert competence. The preceding sentence shall in no way limit any Person's right to rely on information to the extent provided in § 18-406 of the Delaware Act.

8.2 *Liabilities and Duties of Covered Persons.*

(a) This Agreement is not intended to, and does not, create or impose any fiduciary duty on any Covered Person. Furthermore, each of the Members and the Company hereby waives any and all fiduciary duties that, absent such waiver, may be implied by applicable law, and in doing so, acknowledges and agrees that the duties and obligation of each Covered Person to each other and to the Company are only as expressly set forth in this Agreement. The provisions of this Agreement, to the extent that they restrict the duties and liabilities of a Covered Person otherwise existing at law or in equity, are agreed by the Members to replace such other duties and liabilities of such Covered Person.

(b) Whenever in this Agreement a Covered Person is permitted or required to make a decision (including a decision that is in such Covered Person's "discretion" or under a grant of similar authority or latitude), the Covered Person shall be entitled to consider only such interests and factors as such Covered Person desires, including its own interests, and shall have no duty or obligation to give any consideration to any interest of or factors affecting the Company or any other Person. Whenever in this Agreement a Covered Person is permitted or required to make a decision in such Covered Person's "good faith," the Covered Person shall act under such express standard and shall not be subject to any other or different standard imposed by this Agreement or any other applicable law.

8.3 *Indemnification.*

(a) To the fullest extent permitted by the Delaware Act, as the same now exists or may hereafter be amended, substituted or replaced (but, in the case of any such amendment, substitution or replacement, only to the extent that such amendment, substitution or replacement permits the Company to provide broader indemnification rights than the Delaware Act permitted the Company to provide prior to such amendment, substitution or replacement), the Company shall indemnify, hold harmless, defend, pay and reimburse any Covered Person against any and all losses, claims, damages, judgments, fines or liabilities, including reasonable legal fees or other expenses incurred in investigating or defending against such losses, claims, damages, judgments, fines or liabilities, and any amounts expended in settlement of any claims (collectively, "**Losses**") to which such Covered Person may become subject by reason of:

(i) any act or omission or alleged act or omission performed or omitted to be performed on behalf of the Company, any Member or any direct or indirect Subsidiary of the foregoing in connection with the Business of the Company; or

(ii) such Covered Person being or acting in connection with the Business of the Company as a member, stockholder, Affiliate, manager, director, officer, employee or agent of the Company, any Member, or any of their respective Affiliates, or that such Covered Person is or was serving at the request of the Company as a member,

manager, director, officer, employee or agent of any Person including the Company;

-19-

provided, that (x) such Covered Person acted in good faith and in a manner believed by such Covered Person to be in, or not opposed to, the best interests of the Company and, with respect to any criminal proceeding, had no reasonable cause to believe his conduct was unlawful, and (y) such Covered Person's conduct did not constitute fraud, gross negligence, willful misconduct or a material breach of this Agreement by such Covered Person or a knowing violation of the provisions of this Agreement. In connection with the foregoing, the termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of *nolo contendere* or its equivalent, shall not, of itself, create a presumption that the Covered Person did not act in good faith or, with respect to any criminal proceeding, had reasonable cause to believe that such Covered Person's conduct was unlawful, or that the Covered Person's conduct constituted fraud, gross negligence, willful misconduct or a knowing violation or material breach of this Agreement.

(b) Notwithstanding anything contained herein to the contrary, any indemnity by the Company relating to the matters covered in this Section 8.3 shall be provided out of and to the extent of Company assets only, and no Member (unless such Member otherwise agrees in writing) shall have personal liability on account thereof or shall be required to make additional Capital Contributions to help satisfy such indemnity by the Company.

Section 9

TRANSFERS AND WITHDRAWALS

9.1 ***Transfers of Interests.*** A Member shall not Transfer all or any portion of its Membership Interest, except (i) with the unanimous consent of the Members; or (ii) as permitted under this Article 9 or Section 4.1. Any Transfer or attempted Transfer of any Membership Interest in violation of this Agreement shall be null and void, no such Transfer shall be recorded on the Company's books and the purported transferee in any such Transfer shall not be treated (and the purported transferor shall continue be treated) as the owner of such Membership Interest for all purposes of this Agreement.

9.2 ***Permitted Transfers.*** The provisions of Section 9.1 shall not apply to any Transfer by any Member of all or any portion of its Membership Interest to its Affiliate; provided such Transfer would not reasonably be expected to cause (a) a "technical termination" of the Company for purposes of Section 708 of the Code, or (b) the Company to become a "publicly traded partnership" for purposes of Section 7704(b) of the Code.

9.3 ***No Withdrawal or Removal.*** The Members shall not withdraw from the Company or otherwise cease to be a Member, except in connection with the dissolution of the Company.

The books, records, reports, accounts and schedules of the Company shall segregate the Company's Canadian and U.S. revenues and activities in a manner appropriate to permit the calculation of the Year 1 Key Performance Indicators and the Year 2 Key Performance Indicators, and to allocate the royalty payments made by the Company under the Sublicense Agreements between Canada and the United States in order to permit the Members to confirm the satisfaction of their or their Affiliates', as applicable, minimum royalty obligations under their or their Affiliates', as applicable, respective license agreements with Novas Energy Group Limited. The Company shall also maintain all schedules to this Agreement and shall update such schedules promptly upon receipt of new information relating thereto. Copies of such books, records, reports, accounts and schedules shall be located at the office in which the principal financial or accounting officer of the Company resides and shall be available to any Member for inspection and copying, upon at least two business days' notice, during reasonable business hours; provided, however, that confidential communications between the Company and its legal counsel relating to an actual or potential controversy or claim between the Company and a Member may be withheld from such Member as determined by the Board of Directors in its sole discretion.

(b) As soon as available, and in any event within forty five (45) days after the end of each Fiscal Year, the Company shall provide to each Member audited balance sheets of the Company as at the end of each such Fiscal Year and audited statements of income, cash flows and Members' equity for such Fiscal Year, in each case setting forth in comparative form the figures for the previous Fiscal Year, accompanied by the certification of independent certified public accountants of recognized national standing selected by the Board of Directors, certifying to the effect that, except as set forth therein, such financial statements have been prepared in accordance with GAAP, applied on a basis consistent with prior years, and fairly present in all material respects the financial condition of the Company as of the dates thereof and the results of their operations and changes in their cash flows and Members' equity for the periods covered thereby.

(c) As soon as available, and in any event within twenty (20) days after the end of each quarterly accounting period in each Fiscal Year (other than the last fiscal quarter of the Fiscal Year), the Company shall provide to each Member unaudited balance sheets of the Company as at the end of each such fiscal quarter and for the current Fiscal Year to date and consolidated statements of income, cash flows and Members' equity for such fiscal quarter and for the current Fiscal Year to date, in each case setting forth in comparative form the figures for the corresponding periods of the previous fiscal quarter, all in reasonable detail and all prepared in accordance with GAAP, consistently applied (subject to normal year-end audit adjustments and the absence of notes thereto), and certified by the principal financial or accounting officer of the Company.

10.2 ***Income Tax Status.*** It is the intent of this Company and the Members that this Company shall be treated as a partnership for U.S., federal, state and local income tax purposes. 10.3 ***Tax Matters Member.***

(a) The Members hereby appoint Novas USA as the "**Tax Matters Member**" who shall serve as the "tax matters partner" (as such term is defined in Code Section 6231) for the Company. For any year that the Company meets the definition of a small partnership in Code Section 6231(a)(1)(B)(i), the Tax Matters Member shall elect to apply the TEFRA audit rules of Code Sections 6221 through 6234.

(b) The Tax Matters Member is authorized and required to represent the Company (at the Company's expense) in connection with all examinations of the Company's affairs by Taxing Authorities, including resulting administrative and judicial proceedings, and to expend Company funds for professional services and costs associated therewith. The Tax Matters Member shall promptly notify the Members if any tax return of the Company is audited or if any adjustments are proposed by any Taxing Authority, and shall take such action as is necessary to cause each other Member to become a notice partner within the meaning of Section 6231(a)(8) of the Code. Without the consent of the other Members, the Tax Matters Member shall not extend the statute of limitations, file a request for administrative

adjustment, file suit relating to any Company tax refund or deficiency or enter into any settlement agreement relating to items of income, gain, loss or deduction of the Company with any taxing authority.

-21-

(c) The Tax Matters Member will make an election under Section 754 of the Code, if requested in writing by the Board of Directors. Except as otherwise provided herein, all determinations as to tax elections and accounting principles shall be made solely by the Tax Matters Member; *provided*, that any determination that would benefit the Tax Matters Member to the detriment of another Member shall require the consent of the other Member.

(d) Each Member agrees that such Member shall not treat any Company item inconsistently on such Member's federal, state, foreign or other income tax return with the treatment of the item on the Company's return.

(e) The Tax Matters Member may resign at any time if there is another Member to act as the Tax Matters Member.

10.4 **Tax Returns.** At the expense of the Company, the officers of the Company shall endeavor to cause the preparation and timely filing (including extensions) of all tax returns required to be filed by the Company pursuant to the Code as well as all other required tax returns in each jurisdiction in which the Company own property or do business.

11.3 ***Covenants upon Dissolution.*** Upon the effectiveness of the dissolution of the Company pursuant to Section 11.4, the parties hereby agree as follows:

11.5 **Liquidation.** If the Company is dissolved pursuant to Section 11.1 or 11.2, the Company shall be liquidated and its business and affairs wound up in accordance with the Delaware Act and the following provisions:

(a) The Board of Directors shall act as liquidator to wind up the Company (the “**Liquidator**”). The Liquidator shall have full power and authority to sell, assign, and encumber any or all of the Company’s assets and to wind up and liquidate the affairs of the Company in an orderly and business-like manner.

(b) As promptly as possible after dissolution and again after final liquidation, the Liquidator shall cause a proper accounting to be made by a recognized firm of certified public accountants of the Company’s assets, liabilities and operations through the last day of the calendar month in which the dissolution occurs or the final liquidation is completed, as applicable.

- (a) to be bound by the applicable terms and conditions of the License Agreement; and
- (b) that Licensor is a third party beneficiary and entitled to enforce the applicable terms and conditions of this Sublicense Agreement.

ARTICLE 3

GRANT OF EXCLUSIVE RIGHTS

3.1 Sublicense Grant.

Subject to the terms and conditions contained in this Sublicense Agreement, Licensee hereby grants to Sublicensee (a) an exclusive (except as provided in Section 3.1(b)) royalty-bearing sublicense to use the Technology and provide the Licensed Services within the Licensed Territory.

The Parties agree that Sublicensee is granted only the rights expressly defined in this Sublicense Agreement, and unless explicitly otherwise mutually agreed to by the Parties, Sublicensee is not granted any additional rights by (b) Licensor or Licensee. Without limiting the foregoing, Licensee will retain the right to use the Technology for treatment of its own assets (including assets of its Affiliates) now owned or hereafter acquired within the Licensed Territory.

3.2 Improvements.

Licensor will have the full and unlimited ownership of all Improvements to the Technology developed by Licensor (“**Licensor Improvements**”), including all patent rights therein or arising with respect thereto together with any (a) documentation developed by Licensor or its representatives or by any third party acting for or on Licensor’s behalf or under its direction.

Licensee will have the full and unlimited ownership of all Improvements to the Technology developed by Licensee (“**Licensee Improvements**”), including all patent rights therein or arising with respect thereto together with any (b) documentation developed by Licensee or its representatives or by any third party acting for or on Licensee’s behalf or under its direction.

(c) Licensor or Licensee, as applicable, will disclose to Sublicensee and Technovita any and all Licensor Improvements and Licensee Improvements that have reached a stage of development suitable for evaluation, testing, or commercial use or operation. Licensor or Licensee, as applicable, will permit Sublicensee and/or Technovita and their respective representatives to inspect, evaluate, and test all such Licensor Improvements and Licensee Improvements to determine whether they may be useful in the practice, development or application of the business of the Sublicensee or Technovita. If they are useful, Licensor or Licensee, as applicable, will permit Sublicensee and/or Technovita and their respective representatives to apply all such Licensor Improvements or Licensee Improvements to the business of Sublicensee and/or Technovita, as applicable, in Canada and its territories and possessions, without additional conditions and without the right to transfer such Licensor Improvements or Licensee Improvements to third parties by means of licenses or by any other means. (d) Sublicensee will have the full and unlimited ownership of all Improvements to the Technology developed by Sublicensee (“**Sublicensee Improvements**”), including all patent rights therein or arising with respect thereto together with any documentation developed by Sublicensee or its representatives or by any third party acting for or on Sublicensee’s behalf or under its direction, provided that such ownership does not infringe upon Licensor’s or Licensee’s patent rights.

(e) Sublicensee will disclose to Licensor and Licensee any and all Sublicensee Improvements that have reached a stage of development suitable for evaluation, testing, or commercial use or operation, and will permit Licensor, Licensee and their respective representatives to inspect, evaluate, and test all such Sublicensee Improvements. (f) Sublicensee may use Licensor Improvements, Licensee Improvements and Sublicensee Improvements only within the Licensed Territory.

ARTICLE 4

ROYALTIES AND FEES

4.1 Royalties.

(a) Sublicensee will pay royalties directly to Licensor in an amount equal to seven and one half percent (7.5%) of Net Service Sales. Royalties paid by Sublicensee to Licensor resulting from Net Service Sales within the Licensed Territory will be applied toward the Minimum Royalty (as defined in the License Agreement) of Licensee under the License Agreement.

(b) The Parties hereby acknowledge and agree that the royalties paid by Sublicensee to Licensor pursuant to Section 4.1(a) will be the exclusive consideration to Licensor or Licensee in connection with the use of the Technology and the provision of the Licensed Services in the Licensed Territory so long as this Agreement is in effect. For greater certainty, any distributions made by Sublicensee to Licensee pursuant to Article 7 or other applicable terms of the Joint Venture Agreement will not constitute Net Service Sales or Non-Royalty Sublicensing Consideration under the License Agreement, and no royalties will be required to be paid directly by Sublicensee to Licensee under the terms of this Agreement.

(c) All royalties due pursuant to Section 4.1(a) will be payable to Licensor within thirty (30) days of the end of the calendar quarter to which such royalties are applicable, in accordance with the provisions of Section 4.2 below.

Records, Reports and Payment of Royalties.

For the duration of this Sublicense Agreement and for three (3) years thereafter, Sublicensee will keep complete and accurate records of Licensed Services and Net Service Sales as they relate to the royalty payments set forth in Section 4.1 above in sufficient detail to enable such royalties to be reasonably determined. Within thirty (30) days after the end of each calendar quarter, Sublicensee will furnish to Licensor and Licensee a written report setting forth the Net Service Sales for the calendar-quarter period together with royalties payable to Licensor for such quarter. Any royalty payment not paid on or before the date corresponding to thirty (30) days after the end of the calendar quarter for which such royalties are due and payable hereunder will accrue interest at a rate equal to one percent (1%) per calendar month or, if less, the maximum rate permitted under applicable law.

4.3

Audit Rights.

Sublicensee will permit Licensor, Licensee, or their respective representatives, at Licensor's or Licensee's expense, as applicable, to periodically examine Sublicensee's books, ledgers, and records during regular business hours for the sole purpose of, and only to the extent necessary, to verify royalties paid to Licensor pursuant to Section 4.1; provided that Licensor or Licensee, as applicable, delivers to Sublicensee a written notice of Licensor's or Licensee's intention to conduct an inspection not less than ten (10) business days before the intended date of such inspection and provided further that only one (1) such inspection may be conducted during any calendar year. In the event that amounts due from Sublicensee to Licensor are determined to have been underpaid by an amount greater than five percent (5%) of the amount actually due, Sublicensee will pay the reasonable costs of such examination. Notwithstanding the above, each report delivered by Sublicensee to Licensor and Licensee pursuant to Section 4.2, will be deemed correct and accurate, and neither Licensor nor Licensee will have the right to inspect the records relating thereto, or otherwise challenge the accuracy of either such report or the records relating thereto, after the third anniversary of the date of delivery of such report to Licensor and Licensee.

ARTICLE 5

PATENT PROSECUTION AND MAINTENANCE

5.1

Registrations and Approvals of Patents.

Subject to Section 5.2, Licensor will be responsible for maintaining in full force and effect all patent applications (a) and resulting patent registrations with respect to Patents set forth in Exhibit A, including following up and paying all renewal fees and being responsible for the day-to-day activities associated with the same.

Sublicensee may request of Licensor to obtain protection for the Patents in the Licensed Territory if such protection does not exist or for which no application is pending (each, a "**New Jurisdiction**"). Within fifteen (15) (b) days of receipt of such request, Licensor will notify Sublicensee in writing indicating whether such requested is acceptable. If Licensor agrees to obtain such protection, the provisions of Section 5.1(a) will apply for such New Jurisdiction.

If Licensor declines Sublicensee's request to obtain protection for the Patents for the New Jurisdiction, Licensor (c) will nevertheless promptly take all steps necessary to obtain protection for the Patents in the New Jurisdiction provided that:

- (i) there is no application in good standing with respect to such Patents already pending in the New Jurisdiction;

(ii) Licensor has the right under the laws of the New Jurisdiction to file or revive an application with respect to such Patents;

(iii) the New Jurisdiction falls within the Licensed Territory; and

- (iv) Sublicensee undertakes to pay the reasonable costs incurred by Licensor to obtain and maintain such protection for the Patents in accordance with Section 5.2(b).

5.2

Payment of Patent Costs.

- (a) Licensor will bear the costs of prosecuting, renewing, and otherwise maintaining all patent applications and resulting patent registrations with respect to the Patents other than the costs contemplated in Section 5.1(c)(iv).

- (b) Sublicensee will bear the reasonable costs of prosecuting, renewing, and otherwise maintaining any patent applications and resulting patent registrations contemplated by Section 5.1(c). Unless otherwise agreed to by the Parties in writing, Sublicensee will advance all such costs to Licensor's designated patent agent at least sixty (60) days prior to the date such costs will be incurred.

In the event that Sublicensee pays any costs pursuant to Section 5.2(b), Sublicensee will be entitled to deduct and (c)retain an amount equal to the amount of such costs from the Royalties derived from Net Service Sales attributable to the New Jurisdiction.

5.3

Abandonment of Patents.

Without limiting Sublicensee's rights and remedies for any default arising from the failure of Licensor to perform its obligations under Sections 5.1 or 5.2, if Licensor intends to abandon any of the Patents, rights in the Patents, patent applications, or the right to file under the Paris Convention for a foreign patent (herein called the "**Patent Interest**") which it has assumed the responsibility to preserve under Sections 5.1 and 5.2, it will promptly notify Sublicensee of such intention and give Sublicensee sufficient notice to permit it to take all steps necessary to preserve such Patent Interest. Sublicensee will then have the right during a sixty (60) day period commencing with such notification to cure such default by assuming any such Patent Interest which Licensor intends to abandon and to undertake the procuring or preserving of such Patent Interest to itself. Licensor will cooperate with Sublicensee in such endeavour (including making an assignment of full right, title, and interest in the Patent Interest for the relevant jurisdiction) provided that Sublicensee will bear all costs (including any tax liability) in connection therewith, which will be set off against any Royalty payments due to Licensor hereunder. Further, in the event that Sublicensee procures or preserves a Patent Interest which Licensor abandoned or intended to abandon, royalties will remain payable by Sublicensee to Licensor pursuant to Section 4.1, but Sublicensee will be entitled to deduct and retain an amount equal to the amount of the reasonable costs incurred by Sublicensee in order to procure or preserve such Patent Interest for a given jurisdiction against those royalties derived from Net Service Sales attributable to that jurisdiction.

ARTICLE 6

THIRD PARTY INFRINGEMENT

6.1 Enforcement Against Infringement.

Each Party hereto will advise the others promptly of any instances of infringements, imitations, illegal use, or misuse of any Patent. During the duration of this Sublicense Agreement, Sublicensee will have the right to commence legal action for the enforcement of any Patents within the Licensed Territory, but prior to the commencement of any such action by Sublicensee, Sublicensee will advise Licensor, Licensee and Technovita by notice in writing of its intention to do so. The Parties will cooperate fully in the prosecution of any such action free (a) of charge, and each agrees that it will be joined as a party plaintiff to the action and hereby authorizes such joinder. Each Party will have the right, at its own expense, to retain independent counsel who will be kept fully informed of all issues in the action, who will be advised in advance of each new step in the action, and who will be entitled to promptly receive copies of all pleadings, documents, and correspondence regarding the action. In the event that any such action is successfully prosecuted against an infringer, any damages, accounting of profits, award of legal costs, or other recovery will be applied as follows:

- (i) first to reimburse the Party hereto having carriage of the action for its reasonable legal expenses;
- (ii) second to reimburse the other Parties for their reasonable legal expenses incurred as a result of their cooperation or required involvement in the action; and
- (iii) third any remaining amounts will then be allocated 25% to Licensor with the remainder to Sublicensee and no royalties will be payable as a result of such remainder or with respect to the amounts referred to in Sections 6.1(a) and (b).

(b) In the event that any such action is unsuccessful:

- (i) Licensor will be responsible for paying any legal costs which may be awarded to the successful defendant if Licensor had conduct of such action, and
- (ii) Licensor will be responsible for paying 25% of any legal costs which may be awarded to the successful defendant and Sublicensee will be responsible for paying 75% of such costs if Sublicensee had conduct of such action.

Notwithstanding Section 6.1, each of Licensor and Sublicensee will have the right to elect to opt out of any participation in the litigation described in Section 6.1 on written notice to the other party (the “**Opt Out Notice**”) within thirty (30) days of the commencement of the action. The Party having conduct of the litigation will promptly notify the other Parties of the commencement of the action and will promptly provide such Parties with copies of all pleadings in the action. In the event that a Party delivers an Opt Out Notice, that Party (i) will only be responsible to pay its proportionate share of costs awarded to a successful defendant which are referable to the period preceding the effective date of the Opt Out Notice, and (ii) will not be entitled to share in or receive any amounts successfully recovered against the infringer (and, where Licensor has opted out of the litigation, no royalties will be payable to Licensor in respect of any amounts recovered by Sublicensee).

10.2

Indemnification by Sublicensee.

Sublicensee will hold harmless and indemnify Licensee, Licensor, their respective Affiliates, and their respective officers, employees, and agents from and against any claims, demands, or causes of action whatsoever, including without limitation those arising on account of any damage to property caused by, or arising out of, or resulting from, the exercise or practice of the rights granted hereunder, except to the extent that any such claims, demands, or causes of action arise as a result of the negligence or willful misconduct of Licensee or Licensor. Sublicensee further agrees to protect, defend, indemnify, and hold Licensee and Licensor harmless from and against any and all claims, demands, liabilities, and causes of action brought or presented by third parties for personal injury or property or equipment damage which is attributable to Sublicensee's negligence in connection with the use or application of the Technology.

10.3 Indemnification for Intellectual Property Rights.

Licensor will defend, indemnify, and hold harmless Sublicensee, its Affiliates, and their respective directors, officers, employees, and agents from and against any claim, suit, demand, or action alleging that any use or application of the Technology when used in accordance with the terms hereof, infringes any patent, copyright, (a) trade secret, or other proprietary right of any third party under the laws of any country. Licensor will indemnify Sublicensee, its Affiliates, and their respective directors, officers, employees, and agents against all costs, expenses, and damages arising from any such claim, suit, demand, or action; provided that:

(i) Sublicensee gives Licensor prompt written notice of such claim, suit, demand, or action;

(ii) Sublicensee cooperates with Licensor in the defense and settlement thereof; and

(iii) Licensor has control of the defense of such claim, suit, demand, or action and the settlement or compromise thereof.

The indemnity will include, without limitation, the reasonable costs incurred by Sublicensee or its representatives to prepare for and attend as witnesses, to provide document discovery, and to obtain independent legal counsel in the event of a conflict that prohibits Licensor's counsel from acting also as defense counsel for Sublicensee. The indemnity will not include costs incurred at the election of Sublicensee after Licensor has assumed conduct of the litigation which are not necessary and are incidental to the litigation, such as the costs of obtaining an independent review of the pleadings, proceedings, or settlement negotiations. Without limiting the foregoing, Sublicensee will have the right, at its own expense, to retain independent counsel who will be kept fully informed of all issues in the action, who will be advised in advance of each new step in the action, and who will be entitled promptly to receive copies of all pleadings, documents, and correspondence regarding the action. Licensor will have no liability to Sublicensee for any infringement action or claim that is based upon or arises out of the use by Sublicensee of Sublicensee Improvements.

If conditions of legal interference (“**Legal Interference**”), including but not limited to, litigation filed by a third party or an injunction, temporary or final, is threatened or obtained by a third party in any particular country against
(b) Sublicensee’s use or application of the Technology by reason of infringement of a patent, copyright, trade secret, or other proprietary right of any third party within that particular country, Licensor may, at its option and expense:

(i) procure for Sublicensee the right to continue use or application of the Technology in the particular country;

replace or modify the Technology for Sublicensee or such infringing portion thereof so it no longer infringes such
(ii) patent, copyright, trade secret, or other proprietary right in that particular country, provided that the utility or performance is not adversely affected by such replacement or modification in that particular country; or

authorize Sublicensee, at the expense of Licensor and through written instructions from Licensor, to pursue legal
(iii) action in the name of Sublicensee and to join Licensor as a voluntary party plaintiff in order to procure continued use by Sublicensee of the Technology.

Licensor will have no liability to Sublicensee for any infringement action or claim that is based upon or arises out
(c) of the use by Sublicensee of the Technology, or any portion thereof, in combination with any other system, equipment, or apparatus not furnished by Licensor, in the event that but for such use in combination with such other system, equipment, or apparatus, the claim of infringement would not have been made.

This Section 10.3 sets forth the exclusive remedy of Sublicensee against Licensor with respect to any action or claim for any alleged patent, copyright, trade secret, or other proprietary right infringement by the Technology or any component or any portion thereof. Section 10.3 also sets forth the exclusive remedy for any claim of lost
(d) business or consequential business damages due to Sublicensee’s inability to conduct business or meet any contractual business obligations incurred by Sublicensee. This Section 10.3 will survive the expiration or any early termination of this Sublicense Agreement.
