PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the Board) of Lumber Liquidators Holdings, Inc. (the Company, us or we) for use at the 2016 Annual Meeting of Stockholders (the Annual Meeting) to be held on Monday, May 23, 2016, at the time and place set forth in the notice of the meeting, and at any adjournments or postponements thereof.

We are providing access to our proxy materials, including this Proxy Statement, our annual report on Form 10-K and an electronic form of proxy card, primarily over the Internet rather than mailing paper copies of those materials to each shareholder. On or about April 7, 2016, we will mail to our shareholders a Notice of Internet Availability of Proxy Materials (the Notice), which provides website and other information for the purpose of accessing our proxy materials. You may access the proxy materials on the website referred to in the Notice or request a printed or electronic set of the proxy materials. Instructions on how to access the proxy materials through the Internet or to request a printed or electronic copy may be found in the Notice.

Shareholders may vote in any of the following four ways by Internet, by telephone, in person at the Annual Meeting or, if you requested printed copies of the proxy materials, by signing, dating and mailing the proxy card you receive in the envelope provided.

A properly executed proxy will be voted in the manner directed by the stockholder. If no instructions are specified, proxies will be voted for the directors listed in Proposal One and in favor of Proposals Two, Three and Four. In addition, if other matters properly come before the Annual Meeting or any adjournments or postponements thereof, the persons named in the accompanying proxy and acting thereunder will have discretion to vote on such matters in accordance with their best judgment. Any person has the power to revoke a proxy by submitting a subsequent vote using any of the methods described above, by voting in person at the Annual Meeting, or by giving written notice of revocation to our corporate secretary at any time before the proxy is exercised. Your latest proxy card, telephone vote or Internet proxy with respect to the same shares is the one that will be counted. Please note, however, that if your shares are held of record by a broker, bank or nominee and you wish to vote at the Annual Meeting, you will not be permitted to vote in person unless you first obtain a legal proxy issued in your name from the record holder.

A quorum is necessary for the transaction of business at the Annual Meeting. A quorum exists when a majority of the common stock entitled to vote at the Annual Meeting is present either in person or by proxy. Abstentions, broker non-votes and votes withheld for director nominees will count as shares present at the Annual Meeting for purposes of determining whether a quorum exists.

With respect to the election of directors, votes may be cast in favor or withheld. If a quorum is present, such election will be decided by plurality vote of the votes cast at the Annual Meeting, either in person or by proxy; therefore, abstentions, broker non-votes or withheld shares will have no effect on the outcome of the election. Brokers may not vote on the election of directors without instructions from the beneficial owners of the shares. The three nominees for director receiving the highest number of votes cast in person or by proxy at the Annual Meeting will be elected.

For approval of the ratification of auditors, advisory vote on executive compensation and approval of the Amended and Restated Lumber Liquidators Holdings, Inc. 2011 Equity Compensation Plan, votes may be cast in favor or against, or you may abstain from voting. If a quorum is present, the votes cast at the Annual Meeting in favor of each proposal, either in person or by proxy, must exceed the votes cast opposing the action for approval. Abstentions and broker non-votes will have no effect on the outcome of such proposals. Brokers have discretionary authority to vote on the ratification of auditors, but may not vote on the advisory vote on executive compensation or approval of the

Amended and Restated Lumber Liquidators Holdings, Inc. 2011 Equity Compensation Plan without instructions from the beneficial owners of the shares. Our inspector of elections will tabulate the votes cast by each proxy and in person at the Annual Meeting.

We will reimburse the banks and brokers for their reasonable out-of-pocket expenses in doing so. Our officers and regular employees, without being additionally compensated, may solicit proxies by mail, telephone, telegram, facsimile or personal contact. All reasonable proxy soliciting expenses will be paid by us in connection with the solicitation of votes for the Annual Meeting.

PROPOSAL ONE

ELECTION OF DIRECTORS

The Board of Directors is currently fixed by resolution of the Board of Directors at nine (9) members divided into three classes. The three-year terms of each class are staggered so that the term of one class expires at each annual meeting. The term of office of our Class I directors will end at this year's Annual Meeting of Stockholders. There are currently four (4) Class I directors due to W. Stephen Cannon's appointment to that class in March 2016. The size of the Board of Directors will be reduced to eight (8) directors and the number of Class I directors will be reduced to three (3) upon the expiration of Macon F. Brock, Jr.'s term at the Annual Meeting. Our Class II directors' terms will end at the Annual Meeting of Stockholders in 2017. Our Class III directors' terms will end at the Annual Meeting of Stockholders in 2018. Each director serves a three-year term and will continue in office until a successor has been elected and qualified, subject to earlier resignation, retirement or removal from office. The Board, upon the recommendation of the Nominating and Corporate Governance Committee, has nominated W. Stephen Cannon, John M. Presley and Thomas D. Sullivan for reelection to the Board as Class I directors for three-year terms ending in 2019. The following pages set forth information concerning the nominees and the directors whose terms of office will continue after the Annual Meeting including certain experiences, qualifications, attributes and/or skills that led us to conclude that each of them should serve as a director.

If any nominee is unable to serve as a director, the persons named in the enclosed proxy reserve the right to vote for a lesser number of directors or for a substitute nominee designated by the Board, to the extent consistent with our Certificate of Incorporation and our Bylaws. All of the nominees listed above have consented to be nominated and to serve if elected. We do not expect that any nominee will be unable to serve.

CORPORATE GOVERNANCE

We are committed to having sound corporate governance principles. Our Code of Business Conduct and Ethics, which applies to our directors, officers and employees, our Corporate Governance Guidelines and the charters of the Audit, Compensation and Nominating and Corporate Governance Committees are available on our website, www.lumberliquidators.com, and are also available in print, free of charge, to any stockholder who requests them. Such requests should be directed to Corporate Secretary, Lumber Liquidators Holdings, Inc., 3000 John Deere Road, Toano, Virginia 23168.

Independence

The Board, in its business judgment, has determined that the following seven of its nine current members are independent from us, including under the independence standards contained in rules of the New York Stock Exchange (NYSE): Macon F. Brock, Jr., W. Stephen Cannon, Douglas T. Moore, Peter B. Robinson, Martin F. Roper, Nancy M. Taylor and Jimmie L. Wade. In reaching its conclusion regarding director independence, the Board considered whether we conduct business and have other relationships with organizations of which certain members of the Board or members of their immediate families are or were directors or officers. Our non-management directors had no transactions, arrangements or relationships with us, other than as directors and stockholders.

Board Leadership Structure Chairperson and Lead Outside Director

The Board does not have a policy on whether or not the roles of chief executive officer and chairperson of the Board should be separate and, if they are to be separate, whether the chairperson of the Board should be selected from the non-employee directors or be an employee. In our history, the offices of chief executive officer and chairperson of the Board have been at times combined and at times separated, and, when separated, the chairperson has at times been a non-employee director and at other times an employee. The Board considers such combination, separation and independence in conjunction with, among other things, its succession planning processes. Our Board believes that it should be free to make a choice regarding the leadership structure from time to time in any manner that is in our and our stockholders' best interests. In the instance in which the chairperson of our Board is not an independent director, our Corporate Governance Guidelines provide for a lead outside director to be elected by vote of the outside directors.

TABLE OF CONTENTS

In 2015, there were several changes in our leadership structure. Mr. Sullivan, who is our founder and an employee of the Company, served as chairperson from our inception until May 21, 2015, when he relinquished that role, while still remaining on the Board, and assumed the position as our acting chief executive officer. Mr. Presley, who had served as our lead outside director since our IPO and was an independent director at the time, then became chairperson of our Board. On November 16, 2015, Mr. Presley was appointed chief executive officer of the Company and relinquished his role as chairperson while still remaining on the Board. Mr. Sullivan continued to serve as a director and serves as a special adviser to Mr. Presley. Ms. Taylor, who is an independent director, was then appointed chairperson. Ms.

Taylor, as chairperson of our Board, is responsible for coordinating the activities of the other outside directors, including the establishment of the agenda for executive sessions of the outside directors, with or without the presence of management. In the event the chairperson is not independent in the future, a lead outside director will be appointed to fulfill these responsibilities.

Committees of the Board

The Board has established three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee, each composed of directors the Board has determined to be independent. Each committee operates pursuant to a written charter adopted by the Board that sets forth its roles and responsibilities and provides for an annual evaluation of its performance. The charters of all three standing committees are available at the investor relations page of our website at www.lumberliquidators.com and will be provided to any stockholder without charge upon the stockholder's written request to our corporate secretary. Each year, committee and committee chair assignments are made at the Board meeting immediately following the Annual Meeting of Stockholders. The current composition of each committee is as follows:

Audit	Compensation	Nominating and Corporate Governance
Jimmie L. Wade*	Martin F. Roper*	Douglas T. Moore*
Douglas T. Moore	Macon F. Brock, Jr.	Macon F. Brock, Jr.
Martin F. Roper	Peter B. Robinson	Nancy M. Taylor
	Nancy M. Taylor	

* Indicates chairperson of the committee.

The Board may establish such other committees as it deems appropriate, in accordance with applicable law and regulations and our Certificate of Incorporation and Bylaws.

Audit Committee. The Audit Committee assists the Board in fulfilling the oversight responsibility of the Board to the stockholders relating to the integrity of our financial statements, compliance with legal and regulatory requirements, the qualifications, independence and performance of our independent registered public accounting firm and the performance of the internal audit function. The Committee is directly responsible for the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm. The Audit Committee approves procedures for the pre-approval of audit and non-audit services provided to us by any independent auditors. It is also responsible for establishing, publishing, maintaining and overseeing our whistleblower procedures and our compliance and ethics program.

In addition to the current members, Mr. Presley served as a member and the chairperson of the Audit Committee in 2015 until he became our chief executive officer on November 16, 2015. The Board, in its business judgment, has determined that all of the current members of the Audit Committee are, and each member who served on the Audit

Committee during 2015 was during the period in which he served, independent, as determined in accordance with the rules of the NYSE and relevant federal securities laws and regulations. The Board also has determined that all of the Committee members are financially literate as defined by the rules of the NYSE and that Mr. Wade qualifies as an audit committee financial expert as defined by regulations of the Securities and Exchange Commission (SEC).

With the exception of Mr. Wade, who serves on the audit committee of Tuesday Morning Corporation, no member of the Audit Committee served on any audit or similar committee of any other publicly held company in 2015.

Compensation Committee. The Compensation Committee has overall responsibility for evaluating and approving our executive officer incentive compensation, benefit, severance, equity-based or other compensation plans, policies and programs. The Compensation Committee may, in its discretion, engage outside consultants to assist in evaluating and determining appropriate compensation levels for our executives. The Compensation Committee has produced an annual report on executive compensation that is included in this Proxy Statement. The Board, in its business judgment, has determined that all of the members of the Compensation Committee are independent, as determined in accordance with the rules of the NYSE and any relevant federal securities laws and regulations. Refer to the section titled **Executive Compensation** for additional information.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee assists the Board in implementing sound corporate governance principles and practices. The Nominating and Corporate Governance Committee also is charged with considering and recruiting individuals qualified to become Board members, conducting inquiries into the background, independence and qualifications of any candidates and recommending to the Board the director nominees. In performing these duties, the Nominating and Corporate Governance Committee uses its network of contacts to compile potential candidates, but may also engage, if it deems appropriate, a professional search firm. It also reviews the qualifications and independence of the members of the Board and its various committees on a regular basis and makes any recommendations the committee members may deem appropriate from time to time concerning any recommended changes in the composition of the Board.

Ms. Taylor joined the Nominating and Corporate Governance Committee on January 29, 2015. In addition to the current members, Mr. Presley served as a member of the Nominating and Corporate Governance Committee in 2015 until he became our chief executive officer in November, 2015. The Board, in its business judgment, has determined that all of the current members of the Nominating and Corporate Governance Committee are, and each member who served on the Nominating and Corporate Governance Committee during 2015 was during the period in which he or she served, independent, as determined in accordance with the rules of the NYSE.

The Nominating and Corporate Governance Committee will consider timely stockholder recommendations for candidates to serve on the Board. Such recommendations shall be sent to our corporate secretary and shall include (1) all information relating to the recommended person that is required to be disclosed in solicitations of proxies for election of directors in an election contest and such other information as we may require pursuant to any policy governing the selection of directors, and (2) a written consent from the recommended individual to being named in the proxy statement as a nominee and to serving as a director if elected. If the recommendation is not timely and in proper form, the nominee will not be considered by the committee. To be timely for the 2017 Annual Meeting, the recommendation must be received within the time frame set forth in **Deadlines for Submission of Stockholder Proposals** below. Nominees for director are selected in the context of an assessment of the perceived needs of the Board at the time and on the basis of, among other things, the following:

strength of character

specific areas of expertise

judgment

understanding of our business

skill

principles of diversity

education

reputation

business experience

other personal attributes or special talents

Nominees should also be willing to spend the time necessary to discharge their responsibilities appropriately and to ensure that other existing or future commitments do not materially interfere with their responsibilities as members of the Board.

TABLE OF CONTENTS

In determining the composition of the Board, the Nominating and Corporate Governance Committee seeks to include a diverse and complimentary range of skills and experience among our directors. Although it does not have a formal diversity policy, the Nominating and Corporate Governance Committee believes that the presence of differing viewpoints on the Board is a benefit to us. Accordingly, the Nominating and Corporate Governance Committee considers principles of diversity, which include, among other things, diversity in backgrounds, perspectives, expertise and qualifications, when assessing the Board as a whole, and individual director candidates.

Special Committee and Demand Review Committee. In addition to the standing committees described above, in March 2015, a Special Committee of the Board of Directors (the Special Committee) was formed and has managed and addressed certain legal and regulatory matters facing the Company since its formation. The current members of the Special Committee are Ms. Taylor, who serves as the chairperson, Mr. Roper and Mr. Wade. Prior to becoming the Company's chief executive officer, Mr. Presley served as the chairperson of the Special Committee.

In June 2015, the Special Committee exercised its authority to create a three-person Demand Review Committee, which is tasked with investigating various derivative claims against certain current and former officers and directors of the Company and making a recommendation to the Board as to whether it would be in the best interests of the Company to pursue any of those claims. The Demand Review Committee is made up of Ms. Taylor, who serves as the chairperson, Mr. Roper and Mr. Wade.

Risk Management

We have developed and implemented processes designed to manage risk in our business. The Board's role in risk management is primarily one of oversight with the day-to-day responsibility for risk management implemented by our management team. The Board regularly reviews information provided by management regarding our business strategy, financial position and operations, and considers associated risks. In addition, the Board executes its oversight role through its Audit Committee and other committees which report regularly to the Board on their activities.

With regard to those committee activities, the Audit Committee has principal responsibility for implementing the Board's risk management oversight role. The Audit Committee reviews management's assessment of the key risks that we face, including the main controls upon which we rely to mitigate those risks. In particular, the Audit Committee focuses on financial and enterprise risk, including internal controls, and assesses our risk profile with our management and internal and external auditors. The internal control risk profile drives our internal audit plan. The Audit Committee also handles violations of our Code of Ethics and related corporate policies. The Nominating and Corporate Governance Committee assists in risk management by overseeing our compliance with legal and regulatory requirements and risks relating to our governance structure. The Compensation Committee reviews risks relating to our incentive compensation policies and arrangements. Further, the Board of Directors has the ability to create additional committees and has formed the Special Committee, which manages and addresses certain legal and regulatory matters facing the Company and reviews risks related to such legal and regulatory matters.

Board and Committee Attendance and Executive Sessions

During fiscal year 2015, the Board held a total of 8 meetings and took additional actions by unanimous written consent; the Audit Committee held 8 meetings and took additional actions by unanimous written consent; the Compensation Committee held 8 meetings and took additional actions by unanimous written consent; and the Nominating and Corporate Governance Committee held 3 meetings and took additional actions by unanimous written consent. At the meetings of the Board, it is the practice of the Board to hold an executive session without management present, as well as a separate executive session with just the independent directors. During fiscal year 2015, each

director attended at least 75% of the meetings of the Board and committees on which he or she served, with the exception of Mr. Brock, who was absent for three Board meetings and two Nominating and Corporate Governance Committee meetings due to health reasons.

We strongly encourage all directors to attend Annual Meetings of Stockholders. All of our directors serving at the time attended the 2015 Annual Meeting of Stockholders, and it is expected that all current directors will attend the 2016 Annual Meeting of Stockholders.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

Our overall compensation philosophy is to maintain effective compensation programs that are as simple and flexible as possible, and permit us to make responsive adjustments to changing market conditions and other internal and external factors. We strive to provide our executives with compensation that is competitive within our industry, considering, among other things, geographic location. In doing so, we seek to attract and retain the key employees necessary to achieve the continued growth and success of our business while remaining mindful of our desire to control costs. Further, it is our intent to align executive pay with stockholders' interests, recognize individual accomplishments, unite executive management behind common objectives and strike a balance between risk and reward in designing our executive compensation programs.

The Compensation Committee of the Board is responsible for implementing and administering our compensation plans and programs. In that role, the Compensation Committee reviews our executive compensation program every year and may conduct market analyses of executive compensation as it determines are necessary in an effort to ensure that our compensation programs meet our objectives. Decisions relating to the compensation of our executive officers are made by the Compensation Committee. These decisions are also reported to and approved by the full Board. The Compensation Committee consults, and expects to continue to consult, with the chief executive officer and other members of management in the exercise of its duties. Notwithstanding such consultation, the Compensation Committee retains absolute discretion over all compensation decisions with respect to the executive officers, including the chief executive officer and the founder.

In determining the compensation of our executive officers, the Compensation Committee evaluates total overall compensation, as well as the mix of salary, cash bonus incentives, equity incentives and other components, using a number of factors including the following:

our financial and operating performance, measured by attainment of specific strategic objectives and operating results; the duties, responsibilities and performance of each executive officer, including the achievements of the areas of our operations for which the executive is personally responsible and accountable;

historical cash and equity compensation levels; and
compensation competitiveness, internal equity factors and retention considerations.

Compensation levels for executives are differentiated based on the principle that total compensation should increase with an executive's position and responsibilities, while at the same time, a greater percentage of total compensation should be tied to corporate and individual performance as position and responsibilities increase.

Compensation Consultant

In 2012, the Compensation Committee retained Pearl Meyer (PM) in connection with a review and assessment of the Company's executive compensation program for purposes of determining compensation components and levels for 2013. PM prepared a report as part of that review and assessment (the 2013 Compensation Report). The following peer group, which was generally specialty retailers that fell within a reasonable range (both above and below the Company) of comparative factors such as revenue, EBITDA, operating margin and market capitalization, was utilized in the 2013 Compensation Report.

hhgregg, Inc.	rue21, Inc.	West Marine, Inc.
Pier 1 Imports, Inc.	Select Comfort Corp.	Haverty Furniture Companies, Inc.
Jos. A. Bank Clothiers, Inc.	Hibbett Sports, Inc.	Zumiez, Inc.
Vitamin Shoppe, Inc.	Mattress Firm Holding Corp.	Kirkland's, Inc.

TABLE OF CONTENTS

In setting executive compensation in the first quarter of 2015, the Compensation Committee referenced the 2013 Compensation Report for an understanding of market practices and competitive compensation levels as part of its assessment of the design and competitiveness of the Company's executive compensation packages.

Later in 2015, the Compensation Committee engaged PM to analyze the competitiveness of our executive compensation programs. The Compensation Committee, after considering the SEC and NYSE standards and other factors, determined that PM was independent and that its engagement did not present any conflicts of interest. PM also determined that it was independent and free from conflict with respect to the engagement and confirmed this in a written statement delivered to the Chair of the Compensation Committee.

PM reports directly to the Compensation Committee on all work assigned by the Compensation Committee. PM also interacts with management when necessary and appropriate to carry out its assignments, but only with the Compensation Committee's approval. PM, in its discretion, from time to time, seeks confirmation from management regarding the accuracy of information that is included in materials presented to the Compensation Committee.

PM's work in 2015 included a study comparing the compensation paid to the Company's top executives to the compensation paid to their counterparts at peer companies. The peer group included publicly traded discretionary retailers with revenues and market capitalizations that fell both above and below the Company. The following is a list of companies included in the peer group:

hhgregg, Inc.	Ethan Allen Interiors Inc.	West Marine, Inc.
Pier 1 Imports, Inc.	Select Comfort Corp.	Haverty Furniture Companies, Inc.
Knoll, Inc.	Hibbett Sports, Inc.	Zumiez, Inc.
Vitamin Shoppe, Inc.	Mattress Firm Holding Corp.	Kirkland's, Inc.
Conn's, Inc.	Monro Muffler Brake, Inc.	Tumi Holdings, Inc.
Shoe Carnival, Inc.	The Container Store Group, Inc.	

In its analysis, PM also referenced nationally recognized survey data using annual revenue of \$1.1 billion as a target for the scope of the data set. Further, PM provided information about market trends in executive and director pay practices and advised the Company on compensation program design and structure.

The Compensation Committee consulted the information provided by PM in connection with the hiring of John M. Presley as the Company's chief executive officer, which is more fully described below. The Compensation Committee also consulted with PM on certain other compensation matters that arose during 2015 including acting executive roles, retention mechanisms and compensation designs for new and existing executives.

2015 Compensation Program

In 2015, the Company experienced a unique set of circumstances in connection with changes in its executive leadership. The Company not only reacted to developments as they arose but also sought to address compensation matters proactively. In doing so, the Company took steps it believed were necessary to attract, retain and motivate key personnel. The discussion below provides an overview of the Company's executive compensation program. In addition, the Company has included a separate description of the actual compensation paid to each named executive officer and the basis for such compensation.

In early 2015, consistent with past practice, the Compensation Committee evaluated our compensation program and, in so doing considered the following objectives:

maintaining a straightforward and flexible program that incents and rewards performance;
offering competitive compensation packages necessary to attract and retain key executives;
providing non-equity incentive compensation that depends on our financial performance as compared against established goals and compensates executives for outstanding results; and
providing an appropriate link between compensation and the creation of stockholder value through equity awards tied to our long-term performance.

13

TABLE OF CONTENTS

After considering these objectives, the Compensation Committee decided to continue to utilize a mix of base salary, annual cash bonus awards and equity incentive awards in 2015 for our executives. These components of executive compensation were designed to be used together to strike an appropriate balance between cash and equity compensation and between short-term and long-term value creation. Levels of each of these components for each executive at such time were set in the first quarter of 2015.

As the year progressed, there was significant turnover among the Company's executives. The Company entered into separation agreements with certain of these executives in connection with their departure from the Company. Further, in response to this turnover, in certain situations, the Company promoted existing executives to new roles and revised their compensation to reflect their new responsibilities and created temporary compensation packages to reward executives in acting roles. In other situations, individuals were recruited to join the Company and compensation was set for such individuals at levels that the Company believed were appropriate to attract, retain and motivate them.

Further, in light of challenges facing the business, the Company considered the impact of those challenges on its ability to retain certain executives that the Company believed were important to the Company's future performance. To that end, the Company took steps to solidify the retention of these certain executives and further motivate them. As more fully described below, the Company entered into retention benefit agreements and severance benefit agreements with these executives and also issued them special restricted stock awards with vesting terms designed to retain and stabilize the executive team.

Base Salary. Base salary levels for our executive officers are reviewed each year and adjusted based upon a variety of factors including the executive's tenure with us, scope of responsibility and influence on our operations, individual performance and accomplishments, internal equity, experience, and changes in the competitive marketplace as well as the economic environment and expense considerations. The factors impacting base salary levels are not independently assigned specific weights.

In early 2015, Mr. Lynch, our former president and chief executive officer, reviewed the base salary for each executive officer in place at such time, excluding Mr. Sullivan and himself, and presented the Compensation Committee with recommendations regarding changes in the base salaries for such executive officers. The Compensation Committee was provided with historical compensation information for Messrs. Lynch and Sullivan. The Compensation Committee considered Mr. Lynch's recommendations in determining the base salaries for all executive officers in place at such time. Thereafter, the Compensation Committee recommended adjustments to the base salaries of all of the executives based upon, among other things, their performance, contributions to the Company and competitive factors and such recommendation was approved by the Board.

As noted above, the Company promoted certain employees and hired new employees to fill the roles left by the executives who were no longer with the Company. The base salaries for the promoted employees were adjusted to reflect each individual's new duties. Base salaries for the new employees were set at levels deemed appropriate to attract and motivate them.

Annual Cash Bonus Awards. In 2015, our executive officers had the opportunity to earn an annual cash bonus under our Annual Bonus Plan for Executive Management (the Bonus Plan). The amounts payable under the Bonus Plan are expressed as a percentage of annual base salary for each participant (the Target Bonus). The Target Bonuses are reviewed annually and vary among the Bonus Plan participants based upon, among other things, their responsibilities, ability to influence operations and performance, internal equity considerations, and position. With the exception of Mr. Sullivan, whose greatest potential payment is 120% of the Target Bonus, the maximum potential annual cash bonus award that our executives could achieve was 200% of their Target Bonus, based only on our achievement of certain objective financial performance measures. Certain new executives that were hired during the year had the

opportunity to earn a prorated bonus under the Bonus Plan based upon the duration of their service during the year.

14

TABLE OF CONTENTS

For the 2015 Bonus Plan, the Compensation Committee determined that operating income represented the most comprehensive financial measure in evaluating executive performance. A scale was established which set percentages of the Target Bonuses that would be paid out depending on our actual operating income for the year. The scale was designed to provide incentive bonuses for superior achievement, while being consistent with the Compensation Committee's views on the appropriate levels of total compensation. The applicable scale for 2015 is set forth below:

Actual 2015 Operating Income	Percentage of Target Bonus
Below \$115,083,894	Zero
\$115,083,894 - \$120,314,981	25 %
\$120,314,982 - \$125,546,067	50 %
\$125,546,068 - \$130,777,153	75 %
\$130,777,154 - \$133,091,908	100 %
\$133,091,909 - \$135,406,664	125 %
\$135,406,665 - \$137,721,420	150 %
\$137,721,421 - \$140,223,413	175 %
Above \$140,223,413	200 %

In 2015, our actual operating income was a loss of \$83,192,768. Accordingly, the threshold performance measure under the Bonus Plan was not attained and no amounts were awarded to participants under the Bonus Plan.

Long-Term Equity Incentive Awards. The long-term component of our compensation program consists of the grant of equity awards that are intended to create a mutuality of interest with stockholders by motivating our executive officers to manage our business so that our stockholders' investment will grow in value over time. The equity awards are also intended to reward longevity and increase retention, as we do not maintain a defined benefit pension plan or provide other post-retirement medical or life benefits. Because the benefit received depends upon the performance of our stock price over the term of the equity incentive award, such awards are intended to provide incentives for executive officers to enhance our long-term performance, as reflected in stock price appreciation over the long term, thereby increasing stockholder value.

We currently provide equity awards pursuant to the Lumber Liquidators Holdings, Inc. 2011 Equity Compensation Plan (the "2011 Plan"), from which we may, among other things, grant stock options, restricted stock awards and other equity awards. We intend equity awards to be a meaningful portion of our executive officers' total compensation in order to align their interests with our long-term growth and the creation of stockholder value.

Consistent with past practices, in early 2015, Mr. Lynch provided the Compensation Committee with recommendations regarding equity awards to each executive officer in place at such time, excluding himself. In determining the amounts of the equity awards for named executive officers, with the exception of Mr. Lynch, the Compensation Committee considered the recommendations submitted by Mr. Lynch and an evaluation of the fair value of the equity award in relation to the individual's total compensation. Additionally, these equity awards were based upon their respective responsibilities and performance as well as retention considerations and compensation levels among our other executive officers. Moreover, consistent with awards in recent years, the equity grants made in the first quarter of 2015 to our executives was a mix of 75% non-qualified stock options and 25% restricted stock awards, which vest ratably over four years.

With regard to the new executive hires during 2015, the Company addressed each situation individually to determine equity grants that the Company believed were sufficient to attract, motivate and retain each individual. Further, the mix of equity awards between non-qualified stock options and restricted stock varied amongst the individuals.

Similarly, equity grants were awarded to certain executives in connection with their promotions to reflect their new responsibilities and further align their interests with shareholders.

Additional Compensation Arrangements. In late Summer 2015, the Company considered matters in connection with the retention and motivation of certain executives that were believed to be important to the Company's business and operations. To address these matters, the Company approved certain additional compensation arrangements for those executives. Such arrangements included severance benefit agreements

TABLE OF CONTENTS

providing for benefits in the event that the executive's employment with the Company is terminated without cause, retention agreements providing for cash payments for continued service to the Company and special restricted stock grants with vesting designed to promote retention.

Mr. Daniels and Ms. Witter were the only named executive officers to participate in some or all of these compensation arrangements, with a discussion of their arrangements included in more detail below. All other named executive officers did not participate in these compensation arrangements as they were newly hired, recently promoted, and/or previously had entered into similar arrangements with the Company.

Named Executive Officers. Due to the turnover and business challenges in 2015, the Company has a large number of named executive officers and the compensation for certain of the named executive officers was tailored to their specific circumstances. The following is a summary of the compensation for the named executive officers in 2015. The named executive officers have certain employment or other arrangements discussed below and also may have certain severance arrangements that are discussed in more detail under Potential Payments Upon Termination of Change of Control beginning on page 28.

John M. Presley. Mr. Presley assumed the role of chief executive officer of the Company in November 2015. As set forth in his employment agreement, his base salary was set at \$625,000. Mr. Presley also received an equity award of 150,000 non-qualified stock options with three-year, ratable vesting. As noted above, the Compensation Committee considered information from PM in determining Mr. Presley's compensation.

In 2015, Mr. Presley received compensation for his service on the Board (including Chairperson for part of the year) and certain of its committees prior to assuming the chief executive officer position, with the basis for such compensation being discussed in more detail under Director Compensation and included in the All Other Compensation column of the Summary Compensation Table. A description of that compensation is included in the Summary Compensation Table on page 21 and under Discussion of the Summary Compensation Table and Grants of Plan-Based Awards Table beginning on page 24.

Thomas D. Sullivan. Mr. Sullivan is an employee of the Company and receives a salary and other compensation for his services in that capacity. In early 2015, as part of the Company's regular review process described above, Mr. Sullivan received a merit increase of 2.77% in his annual base salary, which increased his annual salary to \$350,309.

In May 2015, Mr. Sullivan assumed the role of acting chief executive officer. In evaluating the appropriate compensation for such role, the Compensation Committee looked at, among other things, the historical pay for the role and the information available to it in the 2013 Compensation Report. In connection with his new position, the Compensation Committee determined that, in addition to maintaining his base salary, Mr. Sullivan should receive certain equity incentive awards that are described more fully under Discussion of the Summary Compensation Table and Grants of Plan-Based Awards Table beginning on page 24. After Mr. Presley assumed the chief executive officer position, Mr. Sullivan continued to receive his base salary. Mr. Sullivan participated in the Bonus Plan in 2015, but because the Company did not achieve its performance goal under the Bonus Plan, no amounts were paid out to Mr. Sullivan. Mr. Sullivan serves on our Board (and held the role of Chairperson for part of 2015) but does not receive an annual retainer or other compensation for serving as a director.

Robert M. Lynch. Mr. Lynch served as our chief executive officer until his resignation in May 2015. In early 2015, as part of the Company's regular review process described above, Mr. Lynch received a merit increase of 2.77% in his annual base salary, which increased his annual salary to \$745,725. Mr. Lynch did not receive any equity incentive awards in 2015 and did not receive any payments under the Bonus Plan. Mr. Lynch served on our Board prior to his resignation but did not receive an annual retainer or other compensation in connection with such service.

Gregory A. Whirley, Jr. Mr. Whirley joined the Company in May 2015 as senior vice president, finance and assumed the role of interim chief financial officer on June 1, 2015. In connection with his hiring and after considering a recommendation by Mr. Lynch as chief executive officer and compensation arrangements for the existing executives, his base salary was set at \$300,000 and he was paid a signing bonus of \$75,000. Mr. Whirley also received an equity grant valued at \$300,000 with 75% of such amount in non-qualified stock options and 25% in restricted stock awards, which vest ratably over four years. Mr. Whirley participated in

TABLE OF CONTENTS

the Bonus Plan in 2015 on a prorated basis based upon his date of hire but because the Company did not achieve its performance goal under the Bonus Plan, no amounts were paid out to Mr. Whirley.

Daniel E. Terrell. Mr. Terrell served as our chief financial officer until May 31, 2015. In early 2015, as part of the Company's regular review process described above, Mr. Terrell received a merit increase of 2.00% in his annual base salary, which increased his annual salary to \$360,679. Mr. Terrell also received an equity grant valued at \$250,000 with 75% of such amount in non-qualified stock options and 25% in restricted stock awards, which vest ratably over four years. Mr. Terrell did not receive any payments under the Bonus Plan in 2015. At the time of the termination of his role as our chief financial officer in June 2015, the Company entered into a consultancy, separation and release agreement (the consultancy agreement) with Mr. Terrell whereby, among other things, Mr. Terrell agreed to provide certain consulting services on behalf of the Company. The terms of the consultancy agreement are more fully described under Discussion of the Summary Compensation Table and Grants of Plan-Based Awards Table beginning on page 24.

Marco Q. Pescara. In early 2015, as part of the Company's regular review process described above, Mr. Pescara, who was serving as our chief marketing officer at the time, received a merit increase of 3.00% in his annual base salary, which increased his annual salary to \$333,582. Mr. Pescara also received an equity grant valued at \$250,000 with 75% of such amount in non-qualified stock options and 25% in restricted stock awards, which vest ratably over four years. Thereafter, in June 2015, Mr. Pescara was promoted to chief merchandising and marketing officer. In connection with his promotion and after considering his new responsibilities, a recommendation by Mr. Sullivan as acting chief executive officer and compensation arrangements for the existing executives, Mr. Pescara's annual base salary was increased to \$433,628. He was also issued an equity award, consisting of 75% non-qualified stock options and 25% restricted stock, with a total cumulative value of \$300,000 and a ratable, four year vesting period. Mr. Pescara participated in the Bonus Plan in 2015 but because the Company did not achieve its performance goal under the Bonus Plan, no amounts were paid out to Mr. Pescara.

Jill Witter. Ms. Witter assumed the role of chief compliance and legal officer of the Company in August 2015. In connection with her hiring and after considering the 2013 Compensation Report and additional market information, her base salary was set at \$375,000 and she received relocation reimbursement assistance up to \$100,000. She was also issued an equity grant that was composed of the following: (1) non-qualified stock options with a cumulative value of \$400,000 and a ratable, three-year vesting period beginning on the third anniversary of the grant date; and (2) a restricted stock award with a cumulative value of \$400,000 and a ratable, four-year vesting period. Subject to the discretion of the Compensation Committee, this equity grant is expected to be the sole award granted to Ms. Witter over the next few years. Ms. Witter participated in the Bonus Plan in 2015 on a prorated basis based upon her date of hire but because the Company did not achieve its performance goal under the Bonus Plan, no amounts were paid out to Ms. Witter.

Carl R. Daniels. In early 2015, as part of the Company's regular review process described above, Mr. Daniels received a merit increase of 4.50% in his annual base salary, which increased his annual salary to \$326,990. Mr. Daniels also received an equity grant valued at \$350,000 with 75% of such amount in non-qualified stock options and 25% in restricted stock awards, which vest ratably over four years.

Later in 2015, Mr. Daniels received certain additional compensation consistent with the programs discussed above. In particular, the Company entered into a retention agreement with Mr. Daniels, which entitles him to receive a cash bonus of \$98,000 if Mr. Daniels remains employed by the Company through December 31, 2016. The Company also issued Mr. Daniels a restricted stock award with a cumulative value of \$175,000 and a ratable, three-year vesting period. Mr. Daniels participated in the Bonus Plan in 2015 but because the Company did not achieve its performance goal under the Bonus Plan, no amounts were paid out to Mr. Daniels.

Claw Back Provisions

Under our equity award agreements, in the event the Compensation Committee determines that an executive willfully engaged in conduct harmful to us, the equity award may be forfeited and/or the executive may be required to repay any stock acquired or received as a result of the award or any sums realized as a result of the sale of stock acquired or received as a result of the award. Likewise, under the Bonus Plan, the

17

TABLE OF CONTENTS

Compensation Committee may require an executive to repay all or any portion of an award issued under the Bonus Plan if the Compensation Committee determines that the award was earned based on inaccurate financial objectives, performance data, metrics or other information or that the participant willfully engaged in conduct harmful to us.

Furthermore, our equity award agreements and our Bonus Plan contain clawback provisions that are intended to comply with Section 954 of Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and all regulations and rulemaking thereunder. Specifically, if, as a result of material non-compliance with any financial information required to be reported under securities laws, the Company is required to prepare a restatement of its financial statements, then any awards or payments will be forfeited or repaid with the amount of such forfeiture or repayment to be equal to the difference between the award or payment received and the amount, if any, of the award or payment that would have been granted or issued based on the restated financial statements.

Prohibition on Pledging or Hedging Company Stock

Our Insider Trading Policy provides that no insider may pledge the Company's securities or hold the Company's securities in a margined account. Further, our policy prohibits our insiders and employees from buying or selling options, warrants, puts and calls or similar instruments on the Company's securities, selling the Company's securities short or entering into hedging or monetizing transactions or similar arrangements with respect to the Company's securities. For purposes of our Insider Trading Policy, a copy of which can be found on our website, insiders include, among others, our officers and directors.

2016 Compensation Program

As noted above, in 2015, the Compensation Committee engaged PM to analyze the Company's compensation programs. In conducting its review and assessment for 2016, the Compensation Committee considered the information provided by PM. The Compensation Committee then determined that no material structural changes to our historical executive compensation program were necessary. As a result, under the leadership of the Compensation Committee, we intend to continue our management of executive compensation with the following objectives:

to maintain a straightforward and flexible program that allows us to make adjustments in response to changes in market conditions and reward performance;

to provide compensation packages necessary to attract and retain key executives to help ensure that we remain competitive;

to provide non-equity incentive compensation that depends on our financial performance, as compared against established goals, and promotes collaboration and unified focus among our executives; and

to provide an appropriate link between compensation and the creation of stockholder value through equity awards tied to our long-term performance.

To achieve these objectives, we will continue to utilize a mix of base salary, annual cash bonus awards and equity incentive awards. These components of executive compensation will be used together to strike an appropriate balance between cash and stock compensation and between short-term and long-term incentives. Although the components remain the same, there are a few changes noted below.

Base salary will remain a key part of our executive compensation, allowing us to attract and retain qualified executives.

The annual cash bonus will be used to incentivize our executives to successfully coordinate efforts, in both the short and long terms, to enhance our business, and therefore stockholder value. The annual cash bonuses will continue to be awarded on the basis of our achievement of certain objective financial performance measures to maintain alignment and consistency among our executives. As opposed to prior years where the performance measure for the annual cash

bonus was based upon operating income, the annual cash bonus plan for 2016 will be based upon a combination of net sales, gross profit and adjusted operating income.

18

TABLE OF CONTENTS

Equity awards will continue to be awarded to executives in the form of stock options and restricted stock in a manner that seeks to align management's interests with long-term stockholder interests and encourage retention of key performers. For 2016, the annual equity grants to executives were awarded such that 50% of the value of the grant was issued in non-qualified stock options and 50% in restricted stock award. This is a change from our practice of issuing equity grants with a mix of 75% non-qualified stock options and 25% restricted stock. This change in mix to increase the percentage of full-value awards was prompted, in part, by the Compensation Committee's mindfulness of the volume of shares currently available under the 2011 Plan and desire to maintain flexibility for future key hires. In connection with the proposed amendment and restatement of the 2011 Plan, the Company is seeking the approval of an additional number of shares available for award in order to ensure that the Company can continue to utilize equity to attract, retain and incent key personnel.

Compensation Risk Assessment

Among other things, the Compensation Committee reviews our compensation policies and practices to determine whether they subject us to unnecessary or excessive risk. In so doing, the Compensation Committee considers whether such policies and practices are appropriately structured to promote the achievement of goals without encouraging the taking of unwarranted or undue risk. Additionally, the Compensation Committee reviews the relationship between our risk management policies and practices and compensation, and evaluates compensation policies and procedures that could mitigate risks relating to our compensation program.

We believe that our compensation programs discussed above are designed with the appropriate balance of risk and reward in relation to our overall business strategy and do not incent executives or other employees to engage in conduct that creates unnecessary or unjustifiable risks. Specifically, our mix of rewards for short term performance through base salary and annual cash bonus awards and for long term performance through equity incentive awards supports these compensation objectives. Moreover, we believe that our utilization of these different compensation components allows us to manage the risks inherent with performance-based compensation. Additionally, our use of mitigation tools such as claw back provisions, oversight by an independent committee of non-employee directors and significant vesting periods for equity awards, provide additional risk protection.

Based upon the review of our compensation practices and policies, we have concluded that they do not create risks that are reasonably likely to have a materially adverse effect on the Company.

Tax Deductibility Under Section 162(m)

Section 162(m) of the Internal Revenue Code imposes a limitation on the deductibility of non-performance based compensation in excess of \$1 million paid to named executive officers of public companies. We intend to design our executive compensation arrangements to be consistent with our best interests and the interests of our stockholders. Because our corporate objectives may not always be consistent with the requirements of full deductibility, we may have compensation arrangements under which payments are not deductible under Section 162(m). We currently believe that we should be able to continue to manage our executive compensation program for our named executive officers to preserve the related federal income tax deductions, although individual exceptions may occur from time to time.

Retirement, Deferred Compensation and Pension Plans

Our executive officers who are eligible may participate at their election in our 401(k) retirement savings plan that provides all employees with an opportunity to contribute up to 50% of their eligible compensation, subject to Internal Revenue Service limitations, to the plan on a tax-deferred basis to be invested in specified investment options and

distributed upon their retirement. In addition, a Roth feature was added to the plan during 2015 that allows all employees to contribute up to 50% of their eligible compensation on an after tax basis. Consistent with the 401(k) plan, in 2015, we matched 100% of the first 3% of employee contributions and 50% of the next 2% of employee contributions. This matching contribution was allocated to both traditional 401(k) deferrals and Roth contributions. Employees are immediately 100% vested in the Company's matching contributions. In 2015, Messrs. Sullivan, Lynch, Whirley, Pescara and Daniels and Ms. Witter contributed to the 401(k) plan.

TABLE OF CONTENTS

The Board has not adopted any plans for the deferral of executive compensation or for the payment of defined benefits or pensions based on an executive officer's salary and/or years of service. In addition, we have not adopted a supplemental executive retirement plan or other excess plan that pays benefits to highly compensated executives whose salaries exceed the Internal Revenue Service's maximum allowable salary for qualified plans.

Say-on-Pay Advisory Vote on Executive Compensation

At the 2011 Annual Meeting, the shareholders of the Company voted in favor of an annual say-on-pay vote and the Company has elected to follow such advisory vote. Accordingly, at the Company's 2015 Annual Meeting of Stockholders, the Compensation Committee considered the results of the advisory vote by stockholders on executive compensation, or the say-on-pay vote. There was strong support at the 2015 Annual Meeting for the compensation program offered to the Company's named executive officers with more than 96.8% of votes cast in favor. The Compensation Committee believes that these results evidence the overall belief of the Company's stockholders that our compensation policies are working and that such policies are aligned with our stockholders' interests.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis contained in this Proxy Statement. Based upon that review and discussion, the Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015, for filing with the Securities and Exchange Commission.

Discussion of the Summary Compensation Table and Grants of Plan-Based Awards Table

The named executive officers have certain employment or other arrangements discussed below and also may have certain severance arrangements that are discussed in more detail under "Potential Payments Upon Termination of Change of Control" beginning on page 28.

Employment Agreement with John M. Presley. The Company entered into an agreement with Mr. Presley whereby he agreed to serve as our president and chief executive officer, commencing on November 16, 2015 and continuing until the employment agreement is terminated in accordance with its terms. The agreement provides for an initial base salary of \$625,000 per year and he also received an equity award of 150,000 options with three-year, ratably vesting. Mr. Presley will be eligible to participate in the Bonus Plan effective January 1, 2016. Under the terms of the Bonus Plan, Mr. Presley will be eligible to receive a yearly target bonus in an amount up to 100% of his base salary, subject to the discretion of the Company's Board of Directors. He is also entitled to participate in the Company's employee benefit plans and programs for which he is or will be eligible. The agreement also contains restrictive covenants relating to the protection of confidential information, non-disclosure, non-competition and non-solicitation. The non-compete and non-solicitation covenants continue generally for a period of 12 months following the last day of his employment.

In addition, prior to being appointed as chief executive officer in November 2015, Mr. Presley served on the Board and certain of its standing committees as a non-employee director, including as chairperson of the Board from May 21, 2015 until his appointment as chief executive officer in November 2015. Additionally, Mr. Presley was the chairperson of the Special Committee until his appointment as chief executive officer in November 2015. In connection with such service, Mr. Presley received compensation in 2015 totaling \$299,000, with certain of such compensation being subject to the Lumber Liquidators Holdings, Inc. Outside Directors Deferral Plan (the "Deferral Plan").

Mr. Sullivan's Compensation. Mr. Sullivan is an employee of the Company and receives a salary and other compensation for his services. In 2015, he received a 2.77% increase in his base salary, which increased his annual salary to \$350,309. Mr. Sullivan participated in the Bonus Plan but because the Company did not achieve its performance goal under the Bonus Plan, no amounts were paid out to Mr. Sullivan. While serving as our acting chief executive officer, and beginning on June 1, 2015, Mr. Sullivan earned stock options (the Options) valued at the time of grant in the amount of \$100,000 per month (prorated for partial months). The Options were granted quarterly for each month during the quarter in which Mr. Sullivan acted as chief executive officer and were made three business days after the public announcement of earnings for each

TABLE OF CONTENTS

quarter. Of this monthly Option amount, one half of these Options vest ratably over a three-year period if Mr. Sullivan is employed by the Company or serves on the Board on each anniversary of the grant (the Service Options). Notwithstanding the foregoing, if both Mr. Sullivan's employment with the Company terminates and his service on the Board terminates due to his resignation, refusal to stand for election, death or disability, any rights he may have with respect to unvested Service Options will be null and void. If Mr. Sullivan's service on the Board terminates other than due to his resignation, refusal to stand for election, death or disability and his employment with the Company terminates, or upon a change of control of the Company, any unvested Service Options will 100% vest.

The remainder of the monthly Option amount have vesting terms consistent with the Service Options but also have performance conditions that must be met (the Performance Options). The performance condition for one-half of the Performance Options is that the Company's available merchandise inventory per store must be less than \$650,000 on December 31, 2015 (the Inventory Objective). The performance condition for the other one-half of the Performance Options is that the comparable store sales rate in the fourth quarter of 2015 must be above zero percent (the Comparable Store Sales Objective). In February 2016, it was determined that the Inventory Objective was satisfied but the Comparable Store Sales Objective was not satisfied. Upon a change of control of the Company, any unvested Performance Options will 100% vest, except those that have expired because certain performance conditions were not met. Mr. Sullivan does not receive an annual retainer or other compensation for serving as a director or on any committee.

Employment Agreement with Robert M. Lynch. In December 2010, we entered into an agreement with Mr. Lynch whereby he agreed to serve as our president and chief operating officer for a five-year term commencing January 17, 2011. The agreement provided for an annual base salary of \$500,000, with an increase to \$550,000 on or about March 12, 2012. In addition, his employment agreement provided for a signing bonus and certain equity awards. Pursuant to an amendment entered by the parties in December 2011, Mr. Lynch agreed to serve as our president and chief executive officer effective January 1, 2012. The amended agreement provided for an initial annual base salary of \$550,000 beginning January 1, 2012. The agreement was scheduled to expire on January 17, 2016. In May, 2015, Mr. Lynch notified the Company of his resignation as our president and chief executive officer.

Letter Agreement with Gregory A. Whirley, Jr. At the time of his hire, we entered into an offer letter agreement with Mr. Whirley which set forth his base starting salary, other compensation matters in connection with his hire and certain initial terms relating to his employment.

Consultancy Agreement with Daniel E. Terrell. In connection with the termination of his role as our chief financial officer in June 2015, we entered into a consultancy, separation and release agreement (the consultancy agreement) with Mr. Terrell. Pursuant to the consultancy agreement, Mr. Terrell performed consulting services for the Company for a period beginning on June 1, 2015 and ending September 1, 2015. The consultancy agreement set forth his Base Rate (as defined in the consultancy agreement) for providing consulting services. The consultancy agreement also provided that, following the conclusion of the consultancy period, Mr. Terrell will receive (i) 52-weeks of pay at the Base Rate and (ii) for a period of up to 52 weeks, a portion of the premium cost such that Mr. Terrell's premium payment does not exceed what he would otherwise have paid if he were employed by the Company at the time of each such payment in the event that Mr. Terrell elected to continue health and dental insurance through COBRA continuation coverage, subject to Mr. Terrell's compliance with the terms of the consultancy agreement, including the restrictive covenants set forth therein.

Letter Agreement with Jill Witter. At the time of her hire, we entered into an offer letter agreement with Ms. Witter which set forth her base starting salary, other compensation matters in connection with her hire and certain initial terms relating to her employment. As part of Ms. Witter's letter agreement, she was issued an equity grant that was composed of the following: (1) non-qualified stock options with a cumulative value of \$400,000 and a ratable,

three-year vesting period beginning on the third anniversary of the grant date; and (2) a restricted stock award with a cumulative value of \$400,000 and a ratable, four-year vesting period. Subject to the discretion of the Compensation Committee, this equity grant is expected to be the sole award granted to Ms. Witter over the next few years.

Potential Payments Upon Termination or Change of Control

We have agreed to provide payments or other benefits to our named executive officers under certain scenarios related to a termination of employment. This section describes those payments and benefits and events that trigger them.

John M. Presley. Mr. Presley's employment agreement provides for the termination of his employment by the Company without Cause, termination by him as a result of a Good Reason Event and termination by him following a Change in Control and a resulting material reduction in his compensation or job responsibilities (as those terms are defined in the employment agreement). Termination under any of these circumstances entitles Mr. Presley to receive the following, subject to Mr. Presley's compliance with the terms of his employment agreement and his execution of a release agreement:

his salary earned through the date of termination and accrued but unused paid time off;

twelve months of his current base salary in the event such circumstance occurs on or before December 31, 2016 and six months of his current base salary in the event such circumstance occurs on or after January 1, 2017; and the continuation of such benefits as specified by federal laws or laws of the Commonwealth of Virginia, including continuation of group health insurance benefits pursuant to the terms of COBRA.

Gregory A. Whirley, Jr. Under Mr. Whirley's offer letter agreement, if he is terminated without cause (as defined in his agreement) or resigns with good reason (as defined in his agreement), he would be entitled to salary continuation in the amount equivalent to his base salary in effect as of his termination date for 52 weeks, subject to standard payroll deductions and withholdings. without cause or he resigns with good reason, and he executes a release of claims, then he will be entitled to a lump sum severance payment equal to twelve (12) months of his base salary in effect as of his termination date, subject to standard payroll deductions and withholdings. If Mr. Whirley's employment had been terminated without cause or he had resigned with good reason as of December 31, 2015, whether or not related to a change of control, this amount would have been \$300,000.

Daniel E. Terrell. Under Mr. Terrell's consultancy agreement, upon a change in control (as defined in his agreement), Mr. Terrell is entitled to a lump sum payment in an amount equal to the pro-rated compensation otherwise owing to Mr. Terrell under his agreement, subject to his compliance with the terms of his agreement, and further subject to his execution of a release in a form substantially similar to the release attached to his agreement. If there had been a change in control as of December 31, 2015, this amount would have been \$245,539.

Jill Witter. Consistent with Ms. Witter's offer letter agreement, Ms. Witter also executed a severance benefit agreement, pursuant to which she is entitled to (i) 52 weeks of pay at her regular base rate at the time of such termination provided that she is terminated without cause (as defined in the severance benefit agreement) and (ii) if Ms. Witter elects to continue health and dental insurance through COBRA continuation coverage, the Company agrees to pay, for a period of up to 52 weeks, a portion of the premium cost such that Ms. Witter's premium payment does not exceed what she would otherwise have paid if she were employed by the Company at the time of each such payment. If Ms. Witter's employment had been terminated without cause as of December 31, 2015, whether or not related to a change of control, this amount would have been \$386,679.

Marco Q. Pescara. Under Mr. Pescara's offer letter agreement, if he is terminated other than for cause (as defined in his agreement), he would be entitled to receive a severance payment equal to one year's base salary and bonus. If Mr. Pescara's employment had been terminated other than for cause as of December 31, 2015, this amount would have been \$433,628.

Carl R. Daniels. In 2015, Mr. Daniels executed a severance benefit agreement, which entitles him to (i) 52 weeks of pay at his regular base rate at the time of such termination provided that he is terminated without cause (as defined in the severance benefit agreement) and (ii) if Mr. Daniels elects to continue health and dental insurance through COBRA continuation coverage, the Company agrees to pay, for a period of up to 52 weeks, a portion of the premium cost such that Mr. Daniels' premium payment does not exceed what he would otherwise have paid if he were employed by the Company at the time of each such payment. If Mr. Daniels' employment had been terminated without cause as of December 31, 2015, whether or not related to a change of control, this amount would have been \$330,991.

In addition to the payments and benefits described above, the agreements pursuant to which equity awards have been granted to the named executive officers contain provisions for accelerated vesting (i) upon a change in control of the Company or (ii) upon a change in control of the Company and the termination of the named executive officer's employment with the Company (or any related company) for good reason or such termination is not a termination for cause, depending on the award agreement applicable to a particular equity award. The following table shows the value, as of the end of the 2015 fiscal year, to our named executive officers of unvested stock awards where the vesting would accelerate upon a change in control:

DIRECTOR COMPENSATION

Directors who are our employees do not receive compensation for their service on the Board or any Board committee. In 2015, each of our non-employee directors received an annual retainer of \$110,000. In addition, our non-employee directors received the following annual retainers for serving as chairperson and on the specified committees (including on a prorated basis for those appointed to such positions during the year):

effective starting in November 2015, \$75,000 for serving as the chairperson of the Board (provided the chairperson is a non-employee);

\$15,000 for serving as the chairperson of the Audit Committee;

\$7,500 for serving as the chairperson of the Compensation Committee;

\$5,000 for serving as the chairperson of the Nominating and Corporate Governance Committee;

\$7,500 for serving as a member (but not the chairperson) of the Audit Committee;

\$3,750 for serving as a member (but not the chairperson) of the Compensation Committee; and

\$2,500 for serving as a member (but not the chairperson) of the Nominating and Corporate Governance Committee.

In 2015, our non-employee directors elected to have the retainers paid in restricted stock. The restricted stock was granted on the date of the 2015 Annual Meeting and it vests on the date of the 2016 Annual Meeting. In calculating the number of shares of restricted stock reflecting the value of the retainers for our non-employee directors, we used the closing price of our common stock on the date of the grant. Directors were reimbursed for expenses incurred in connection with their service as directors, including travel expenses for meeting attendance.

In addition to the compensation received by our non-employee directors for service on the Board or any standing Board committee, certain non-employee directors also received compensation in 2015 for service on the Special Committee and/or the Demand Review Committee, with such compensation set by the Board. The compensation for such service is described in more detail below.

In March 2015, the Special Committee was formed and its members included Messrs. Presley, Roper and Wade and Ms. Taylor. Mr. Presley served as chairperson of the Special Committee until his appointment to chief executive officer in November 2015, after which Ms. Taylor became chairperson. In addition to reimbursement for out-of-pocket expenses, initially, (i) the chairperson of the Special Committee received \$1,500 per meeting and \$1,500 per day during which the chairperson spent a meaningful portion of his day on the business of the Special Committee and (ii) the other members of the Special Committee received \$1,000 per meeting and \$1,000 per day during which he or she spent a meaningful portion of his or her day on the business of the Special Committee. Reflecting the significant effort being required, in May 2015, the compensation paid to the chairperson of the Special Committee was modified to be a monthly payment of \$35,000, with the compensation for the other members of the Special Committee remaining unchanged. Then, in November 2015, the compensation to be paid to Ms. Taylor for serving as the chairperson of the Special Committee and the Demand Review Committee was set as a monthly payment of \$20,000. The compensation for the other members of the Special Committee remained unchanged. Other members of the Board who assisted the Special Committee but were not members of the Special Committee also received compensation in the form of \$1,000 per day during which he spent a meaningful portion of his day on the business of the Special Committee. Members of the Demand Review Committee, other than Ms. Taylor, received \$1,000 per meeting and \$1,000 per day during which he spent a meaningful portion of his day on the business of the Demand Review Committee.

Such compensation in connection with the Special Committee and the Demand Review Committee was in the form of cash payments, with such payments subject to the Deferral Plan to the extent such member of the Special Committee or Demand Review Committee, as applicable, elected to participate in the Deferral Plan. Compensation received by

Mr. Presley for service on the Special Committee is included in the Summary Compensation Table on page 21.

In connection with our engagement of PM for services in 2015, PM also performed an analysis of the compensation for our non-employee directors. It is anticipated that the analysis will be considered when the amounts and components of the compensation paid to the non-employee directors in 2016 are determined.

TABLE OF CONTENTS

Outside Directors Deferral Plan

On November 21, 2008, the Board adopted the Deferral Plan under which each of our non-employee directors has the opportunity to defer receipt of all or a portion of his or her fees until his departure from the Board. In so doing, the Board intended to provide an incentive to the non-employee directors to own shares of our common stock, thereby aligning their interests more closely with the interests of our stockholders. Deferral elections must be made by December 31 for the deferral of fees in the next calendar year.

Under the Deferral Plan, a non-employee director may elect to defer up to 100% of his compensation in 25% increments and have such compensation invested in deferred stock units. Deferred stock units attributable to the deferral of cash compensation are credited as of the day on which such compensation is otherwise payable in accordance with our then applicable director compensation policies (the Payment Date), and the number of deferred stock units is determined by dividing the deferred compensation payable on the Payment Date by the closing price of our common stock as of the Payment Date with partial shares being disregarded. Deferred stock units credited with respect to restricted stock awards are determined using the closing price as of the grant date of the award of such shares of common stock. Deferred stock units must be settled in common stock upon the director's departure from the Board. There were 95,553 deferred stock units outstanding at December 31, 2015.

Lease Arrangements

As of March 31, 2016, we lease our Toano finishing, distribution and headquarters facility, which includes a store location, a warehouse and 30 of our other store locations from F9 Properties, LLC f/k/a ANO, LLC (F9), a company that is wholly owned by Mr. Sullivan. The operating lease for our Toano facility has a base period that runs through December 31, 2019. Our store leases generally have five-year base periods and one or more five-year renewal periods. Our rent expense attributable to F9 was \$3.1 million in 2015 and we expect a similar rent expense attributable to F9 in 2016. The future minimum payments under our leases with F9 as of December 31, 2015 total approximately \$13.8 million.

We believe that the leases that we have signed to date with F9, which are described in more detail in Note 5 to our audited financial statements included in Item 8 of the Form 10-K filed with the SEC on February 29, 2016, are on fair market terms. In 2015, any new leases or renewals of existing leases involving Mr. Sullivan or entities with which he is involved were handled in accordance with our related person transaction policy.

The Audit Committee has determined that Ernst & Young's rendering of all other non-audit services is compatible with maintaining auditor independence. The Audit Committee has adopted a policy for the pre-approval of services provided by the independent registered public accounting firm. Under the policy, pre-approval is generally provided for particular services or categories of services, including planned services, project-based services and routine consultations projects. Each category is subject to a specific budget or quarterly dollar amount. In addition, the Audit Committee may also pre-approve particular services on a case-by-case basis. For each proposed service, the independent registered public accounting firm is required to provide detailed back-up documentation at the time of approval. The Audit Committee has delegated certain pre-approval authority to its Chairman. The Chairman must report any decisions to the Audit Committee at its next scheduled meeting. All services provided by Ernst & Young during 2014 and 2015 were pre-approved.

Audit Committee Report

The Audit Committee operates under a written charter adopted by the Board of Directors. The charter reflects the requirements of the Sarbanes-Oxley Act of 2002, the SEC and the NYSE. Each member of the Audit Committee is independent in accordance with the applicable rules of the NYSE, the SEC and our corporate governance guidelines.

The Audit Committee reviews and discusses the following matters with management and our independent registered public accounting firm, Ernst & Young LLP:

Quarterly and year-end results, consolidated financial statements and reports, prior to public disclosure.

Our disclosure controls and procedures, including internal control over financial reporting.

The independence of our registered public accounting firm.

Management's report and the independent registered public accounting firm's report and attestation on internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act of 2002.

The Audit Committee routinely meets with our internal auditors and independent registered public accounting firm, with and without management present.

The Audit Committee has oversight responsibilities only and it is not acting as an expert in accounting or auditing. The Audit Committee relies without independent verification on the information provided to its members and on the representations made by management and the independent auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that our consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States or that the audit of our consolidated

financial statements by the independent auditors has been carried out in accordance with auditing standards generally accepted in the United States.

Management has the primary responsibility for the preparation of our 2015 consolidated financial statements and the overall reporting process, including the systems of internal control over financial reporting,

TABLE OF CONTENTS

and has represented to the Audit Committee that our 2015 consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee reviewed and discussed the audited consolidated financial statements with management and the independent auditors. In accordance with the requirements established by the Public Company Accounting Oversight Board Auditing Standards No. 16, *Communications with Audit Committees*, as amended and as adopted by the Public Company Accounting Oversight Board, these discussions included, among other things, a review of significant accounting policies, their application and estimates, and the independent auditors' judgment about our accounting controls and the quality of our accounting practices.

The Audit Committee has received from the independent auditors written disclosures required by applicable requirements of the Public Company Accounting Oversight Board regarding the auditors' independence, and has discussed with the independent auditors, the independent auditors' independence.

Relying on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015, for filing with the SEC.

PROPOSAL TWO

RATIFICATION OF THE SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected Ernst & Young LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2016. We are asking the stockholders to ratify this selection. If our stockholders fail to ratify the selection of Ernst & Young, the Audit Committee and our Board will consider whether to retain Ernst & Young and may retain that firm or another firm without resubmitting the matter to our stockholders. Even if the selection is ratified, the Audit Committee, in its discretion, may select a different independent registered accounting firm at any time during the year if it determines that such a change would be in our and our stockholders best interest.

The affirmative vote of the holders of shares representing a majority of the votes cast at the Annual Meeting, in person or by proxy, is required to ratify the selection of the independent registered public accounting firm.

The Board of Directors recommends that you vote FOR the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016.

PROPOSAL THREE

ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act requires that we provide our stockholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with Item 402 of the Securities and Exchange Commission's Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.

As noted above, we have elected to conduct this say-on-pay advisory and non-binding vote annually. The next advisory and non-binding vote to approve our named executive officer compensation will occur at the 2017 Annual Meeting of Stockholders.

Accordingly, we ask our stockholders to vote on the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

As discussed in the Compensation Discussion and Analysis section above, we believe that the compensation structure for our named executive officers is appropriate, flexible and effective in attracting and retaining talented personnel. In our judgment, the compensation paid to our named executive officers includes a healthy balance between fixed and performance-based compensation as well as a blend between cash and equity components. Furthermore, we maintain that the compensation for our named executive officers is aligned with the interests of our stockholders through incentives based on increasing stockholder value. Finally, we believe that our compensation programs maintain an appropriate balance of risk and reward in relation to our business strategies and objectives.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in this proxy statement. The vote is advisory, which means that the vote is not binding on the Company, our Board or the Compensation Committee of the Board. To the extent there is any significant vote against our named executive officer compensation as disclosed in this proxy statement, the Compensation Committee will evaluate whether any actions are necessary to address the concerns of stockholders.

The Board of Directors recommends that you vote FOR the proposed resolution approving the compensation of our named executive officers, as disclosed in this Proxy Statement.

PROPOSAL FOUR

AMENDMENT AND RESTATEMENT OF LUMBER LIQUIDATORS HOLDINGS, INC. 2011 EQUITY COMPENSATION PLAN

Overview

The Board requests that shareholders approve the Amended and Restated Lumber Liquidators Holdings, Inc. 2011 Equity Compensation Plan (the Amended and Restated Plan) which amends and restates the existing Lumber Liquidators Holdings, Inc. 2011 Equity Compensation Plan (the 2011 Plan) to:

- increase the number of shares of common stock authorized for issuance under the 2011 Plan by 750,000;
- allow the Company to meet the requirement of Internal Revenue Code Section 162(m) that the plan be periodically re-submitted to shareholders for consideration to maintain the availability of a federal income tax deduction for any compensation paid under the plan that constitutes performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code;
- incorporate additional performance criteria with respect to which performance-based compensation award may be granted;
- modify individual annual award limits for participants, and add separate award limits for non-employee director participants;
- extend the termination date of the plan from March 28, 2021 to March 24, 2026;
- make all awards subject to clawback; and
- make certain other changes described below.

Share Increase

The 2011 Plan was approved by the shareholders at the 2011 Annual Meeting held on May 6, 2011 and has served as an important part of our overall compensation program. The 2011 Plan enabled us to grant equity-based compensation awards designed to provide an additional incentive for the officers, employees, and directors of the Company and its related companies, as well as certain consultants, advisors and other key persons to the Company or a related company, who are critical to the achievement of our long-term financial and strategic goals. We believe that the Amended and Restated Plan, which amends the 2011 Plan to increase by 750,000 the shares of common stock authorized for issuance under the 2011 Plan, supports our ability to, among other things, attract, motivate and retain the most competent and skilled employees, which is a significant factor for our long-term success. Awards made under the Amended and Restated Plan are designed to align the individual interests of our officers, employees and directors, as well as certain consultants, advisors and other key persons, with the interests of our shareholders and reward them for the creation of long-term shareholder value.

We believe that the number of shares currently available for issuance under the 2011 Plan will not be sufficient in view of our compensation structure and strategy and that the availability of the additional shares sought in this proposal will ensure that we continue to have a sufficient number of shares of common stock authorized for issuance of awards under the Amended and Restated Plan. As a result, the Board has approved the Amended and Restated Plan, subject to the approval of our shareholders at the Annual Meeting.

Edgar Filing: Lumber Liquidators Holdings, Inc. - Form DEF 14A

As of March 15, 2016, there were 27,098,589 shares of common stock outstanding. As of March 15, 2016, there were options to purchase an aggregate of 936,583 shares of common stock outstanding under the 2011 Plan at a weighted-average exercise price of \$26.25 per share and a weighted-average remaining term of 8.2 years. As of March 15, 2016, there were 532,129 shares of common stock reserved for future issuance under the 2011 Plan, which is our only plan under which equity awards can currently be made to employees and non-employee directors. As of March 15, 2016, the closing price of a share of our common stock was \$11.24.

The Board and the Compensation Committee carefully considered the compensation needs of the Company as well as the Company's historical equity compensation practices in determining the number of shares to be subject to the Amended and Restated Plan. This analysis included reviewing the Company's past equity compensation practices and assessing the number of shares likely to be needed for future grants, with the Company's independent compensation consultants assisting in the analysis. In making the recommendation to increase the 2011 Plan's share reserve by an additional 750,000 shares, we considered a number of factors, including:

Importance of Long-Term Equity Incentives. Long-term equity incentives are an important component of our executive compensation program, motivating executives to make decisions that focus on creating long-term value for shareholders, aligning executives' interests with the interests of shareholders and serving as an effective employment recruitment and retention tool. We consider our ability to have the capacity to provide long-term equity incentives to be critical to our success in those respects. If we do not increase the share reserve at the Annual Meeting, it would limit our flexibility to provide competitive compensation and thus our ability to attract, motivate and retain highly qualified talent.

Historical Burn Rate. We are committed to managing the use of our equity incentives prudently to balance the benefits equity compensation brings to our compensation program with the dilution it causes our shareholders. As part of our analysis when considering the proposed share increase, we considered the 2011 Plan's burn rate, or the number of shares subject to equity awards granted since our initial public offering in November 2007, divided by the weighted average number of shares outstanding for that period. In 2015, we made multiple changes in our leadership to, among other things, advance our compliance efforts, created the Special Committee to manage and address certain matters involving the Company, and implemented a retention program for our employees. In connection with these initiatives, we made equity grants from the 2011 Plan. We believe these initiatives were necessary to position the Company for long term success.

Dilution and Overhang. Our potential dilution, or overhang, from outstanding awards and shares available for future awards under the 2011 Plan is approximately 5.8 percent. This percentage is calculated on a fully diluted basis, based

on the total shares underlying outstanding stock-based awards (1,041,321), the shares available for future awards under the 2011 plan (532,129) and the total shares of company common stock outstanding as of March 15, 2016 (27,098,589).

Expected Duration. Based on the Company's past practices, we expect that the shares available for future awards, including the additional shares if this proposal is approved by our shareholders, will be sufficient for currently-anticipated awards under the Amended and Restated Plan for the foreseeable future. Expectations regarding future share usage could be impacted by a number of factors such as hiring and

TABLE OF CONTENTS

promotion activity; the future performance of our stock price; the need for future retention initiatives; and other factors. While we believe that the assumptions we used are reasonable, future share usage may differ from current expectations.

Internal Revenue Code Section 162(m)

We seek to compensate our executive officers in large part through annual incentives the payment of which is directly related to performance. As discussed below in the summary of the material terms of the Amended and Restated Plan and in EXECUTIVE COMPENSATION beginning on page 12, Internal Revenue Code Section 162(m) generally disallows the Company's tax deduction for compensation to the named executive officers in excess of \$1 million in any year. Under Internal Revenue Code Section 162(m), however, compensation that qualifies as performance-based compensation is excluded from the \$1 million deductibility cap, and therefore remains fully deductible.

We believe that the design and implementation of the Amended and Restated Plan will continue to permit compensation resulting from awards made under the Amended and Restated Plan to qualify as performance-based compensation and therefore remain fully deductible under Internal Revenue Code Section 162(m), even though payments under the Amended and Restated Plan may represent compensation to a named executive officer in excess of \$1 million. We are seeking shareholder approval of the Amended and Restated Plan in order to meet the requirement of Internal Revenue Code Section 162(m) that the material terms of the performance goals under which performance-based compensation is earned be disclosed to and approved by our stockholders every five years. Such material terms relate particularly to the eligibility for awards, per-person award limitations, and the business criteria incorporated in awards. Each of these aspects is discussed below, and approval of the Amended and Restated Plan will constitute approval of the material terms of the performance goals for purposes of Internal Revenue Code Section 162(m).

In the event that shareholders fail to approve the Amended and Restated Plan (including these material terms), the 2011 Plan will remain in place and the Company may not be allowed a tax deduction for compensation to the named executive officers in excess of \$1 million in any year. If the shareholders do not approve the Amended and Restated Plan, the Board may adopt, or may not adopt, another incentive plan for the benefit of such individuals.

New Plan Benefits

The benefits that will be awarded or paid under the Amended and Restated Plan are not currently determinable. Awards granted under the Amended and Restated Plan are within the discretion of the Compensation Committee and future awards and the individuals who may receive them have not been determined. With respect to fiscal year 2015, awards were granted under the 2011 Plan to our named executive officers as set forth in the table captioned *Grants of Plan-Based Awards* table on page 23 of this Proxy Statement, and awards for a total of 424,129 shares of our common stock were awarded to our executive officers as a group. With respect to our non-employee directors, awards were granted to non-employee directors as set forth in the *Directors Compensation* table on page 33 of this Proxy Statement, which includes cash payments to members of the Special Committee that were deferred under the Deferral Plan. Awards for a total of 384,231 shares of our common stock were awarded to employees other than named executive officers with respect to fiscal year 2015.

Principal Features of the Amended and Restated 2011 Plan

The following is a general description of the principal features of the Amended and Restated Plan, the full text of which, as proposed to be amended by this Proposal Four, is attached as Exhibit A to this Proxy Statement, This summary is qualified in its entirety by reference to Exhibit A.

TABLE OF CONTENTS

General Information

The Amended and Restated Plan authorizes the Compensation Committee of the Board of Directors to grant one or more of the following awards to employees of the Company and its related companies, members of the Board of Directors or board of directors of a related company, and any consultant, advisor or other key person to the Company or a related company (including prospective employees, directors, consultants, advisers or other key persons) who are designated by the Compensation Committee:

stock awards;
stock units;
incentive awards;
stock options; and
stock appreciation rights (SARs).

As of March 31, 2016, there were 1,896 employees and nine members of the Board of Directors.

A related company as used in this description of the Amended and Restated Plan, is a corporation or other entity in a chain of entities in which each entity has controlling interest (within the meaning of regulations under Section 409A of the Internal Revenue Code) in another entity in the chain, beginning with the entity in which the Company has a controlling interest. As the term pertains to grants of incentive stock options, a related company is limited to certain subsidiary or parent corporations.

The Compensation Committee administers the Amended and Restated Plan and may delegate all or part of its authority to one or more officers. However, the Compensation Committee may not delegate its authority with respect to grants and awards (i) to individuals who are subject to Section 16 of the Securities Exchange Act or (ii) that are intended to qualify as performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code.

As used in this summary, the term administrator means the Compensation Committee and any delegate of the Compensation Committee.

Under the Amended and Restated Plan, we are authorized to issue in connection with the exercise of SARs and options, the grant of stock awards, and the settlement of stock units and incentive awards up to 750,000 shares of common stock, plus the number of shares of common stock available for grant under the 2011 Plan immediately prior to approval of the Amended and Restated Plan by the Company's stockholders.

The Amended and Restated Plan provides that no single participant may be granted, in a single calendar year, stock options, SARs, stock awards, and stock units, in the aggregate, with respect to more than 500,000 shares of common stock of the Company. For non-employee directors, such limit is reduced to 100,000 shares per year. The 2011 Plan, by contrast, had separate individual annual limits for each award type rather than an aggregate individual annual limit. The 2011 Plan also did not impose a separate limit on awards for non-employee directors. The Amended and Restated Plan provides that no single participant may be granted, in a single calendar year, incentive awards totaling more than \$2,000,000. Under the 2011 Plan the annual per-participant limit on incentive awards was \$1,200,000. Non-employee directors are not eligible to receive incentive awards under the Amended and Restated Plan. No such restriction on non-employee directors was included in the 2011 Plan.

The Amended and Restated Plan requires that at least ninety-five percent (95%) of shares issued pursuant to Options or SARs thereunder shall be issued pursuant to a minimum vesting period of at least one year. Vesting may be accelerated by the Compensation Committee in the case of death, disability, or a Change in Control (as defined in the Amended and Restated Plan).

The 2011 Plan also authorized an agreement to provide for accelerated or differing vesting terms in the case of death, disability, a Change in Control, or other special circumstances. However, the 2011 Plan's minimum vesting provisions differed in that they apply to restricted stock, stock units, and incentive awards, and provided minimum one-year performance-based vesting and, for restricted stock and stock units, minimum three-year ratable time-based vesting. Up to ten percent (10%) of awards could be granted under the 2011 Plan granted without these minimum vesting periods.

TABLE OF CONTENTS

As under the 2011 Plan, if an award under the Amended and Restated Plan or the 2007 Equity Compensation Plan (predecessor to the Amended and Restated Plan) is forfeited or terminated, the shares allocated to that award may be reallocated to new awards under the Amended and Restated Plan. However, in contrast to the 2011 Plan, no reallocation of shares surrendered pursuant to the exercise of a stock option or in satisfaction of tax withholding requirements is permitted.

The Amended and Restated Plan provides that if there is a stock split, stock dividend or other event that affects the Company's capitalization, appropriate adjustments will be made to the number of shares that may be issued under the Amended and Restated Plan, individual limits on awards, and the terms of all outstanding grants and awards made before such event.

The Amended and Restated Plan also provides that no award may be granted more than 10 years after the date the Amended and Restated Plan is adopted by the Board of Directors, which was March 24, 2016.

Grants and Awards under the Amended and Restated Plan

The principal features of awards under the Amended and Restated Plan are summarized below.

Stock Options

The Amended and Restated Plan permits the grant of incentive stock options and non-qualified stock options. The exercise price for options will not be less than the fair market value of a share of common stock on the date of the grant. Repricing of stock options is not permitted. Therefore, other than in connection with a corporate recapitalization or pursuant to prior stockholder approval, the option price may not be reduced after the date of grant. The period in which an option may be exercised is determined by the administrator on the date of the grant, but may not exceed 10 years. Payment of the option exercise price may be in cash, in a cash equivalent acceptable to the administrator or using a cashless exercise procedure approved by the administrator through a broker or dealer approved by the administrator. Payment may be made with shares of common stock, including, if provided in the option agreement for options not intended to be incentive stock options, the withholding by the Company of shares of common stock upon exercise to the extent permitted under applicable laws and regulations.

Stock Appreciation Rights

SARs may be granted either independently or in combination with underlying stock options. Each SAR will entitle the holder upon exercise to receive the excess of the fair market value of a share of common stock at the time of exercise over the SAR's initial value, which cannot be less than the fair market value of a share of common stock on the date of grant of the SAR and cannot be reduced other than in connection with a corporate recapitalization. At the discretion of the administrator, all or part of the payment in respect of a SAR may be in cash, shares of common stock or a combination thereof. The maximum period in which a SAR may be exercised is 10 years from the date of its grant.

Stock Awards

The Company may also grant stock awards that entitle the participant to receive shares of common stock, including shares issued in settlement of benefit obligations under an incentive compensation or deferral plan of the Company or any successor thereto. A participant's rights in the stock award may be forfeitable or otherwise restricted for a period of time or subject to other conditions set forth in the grant agreement.

Incentive Awards

Incentive awards entitle the participant to receive payment if certain performance objectives or other conditions prescribed by the administrator are satisfied. The performance objectives that apply to an incentive award may be based on the performance criteria described below. To the extent that incentive awards are earned, our obligation will be settled in cash, shares of common stock, or a combination of cash and common stock. Under the Amended and Restated Plan, non-employee directors are not eligible to receive incentive awards.

Stock Units

The Compensation Committee may also award stock units, which is an award stated with reference to a number of shares of common stock. The award may entitle the recipient to receive, upon satisfaction of

TABLE OF CONTENTS

performance objectives or other conditions prescribed by the administrator and set forth in the award agreement, cash, shares of common stock or a combination of both. The performance objectives that apply to a stock unit award may be based on the performance criteria below.

If provided in an award agreement, measurement of performance criteria against goals may exclude the impact of charges for restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring items, and the cumulative effects of accounting changes, each as defined by generally accepted accounting principles and as identified in the Company's financial statements. Performance criteria may be established on a Company-wide basis, with respect to one or more business units, divisions or subsidiaries; and in either absolute terms or relative to the performance of one or more comparable companies or an index covering multiple companies.

Change in Control Provisions

The Amended and Restated Plan provides that awards shall be transferable and nonforfeitable to the extent provided in the applicable award agreement in the event of a separation from service following a Change in Control (as defined in the Amended and Restated Plan), unless otherwise provided in the award agreement. Neither the 2011 Plan nor the Amended and Restated Plan provides for automatic single-trigger acceleration on a Change in Control.

Clawback

While the 2011 Plan did not address clawbacks, the Amended and Restated Plan provides that any award granted pursuant to the Amended and Restated Plan is subject to such deductions, repayment and clawback as may be required by any applicable law, government regulation or stock exchange listing requirement (or any policy adopted by the Company pursuant to any such law, government regulation or stock exchange listing requirement) and as set forth in the applicable award agreement.

Federal Income Tax Consequences

The principal federal tax consequences to participants and to the Company of grants and awards under the Amended and Restated Plan are summarized below.

Nonqualified Stock Options

Nonqualified stock options granted under the Amended and Restated Plan are not taxable to an optionee at grant but result in taxation at exercise, at which time the individual will recognize ordinary income in an amount equal to the difference between the option exercise price and the fair market value of the common stock on the exercise date. The Company generally will be entitled to deduct a corresponding amount as a business expense in the year the optionee recognizes this income.

Incentive Stock Options

An employee will generally not recognize income on grant or exercise of an incentive stock option; however, the amount by which the fair market value of the common stock at the time of exercise exceeds the option price is a required adjustment for purposes of the alternative minimum tax applicable to the employee. If the employee holds the common stock received upon exercise of the option for one year after exercise (and for two years from the date of grant of the option), any difference between the amount realized upon the disposition of the stock and the amount paid for the stock will be treated as long-term capital gain (or loss, if applicable) to the employee. If the employee exercises an incentive stock option and satisfies these holding period requirements, the Company may not deduct any amount in

connection with the incentive stock option.

In addition, if the employee sells shares acquired under an incentive stock option before the end of required holding periods, he or she recognizes ordinary income in the year of the sale. That income equals the difference between the exercise price and fair market value of the stock on the date of exercise. The Company will be entitled to a federal income tax deduction if, and to the extent, a participant recognizes ordinary income with respect to his or her incentive stock option.

TABLE OF CONTENTS

Stock Appreciation Rights

There are no immediate federal income tax consequences to a participant when a SAR is granted. Instead, the participant realizes ordinary income upon exercise of a SAR in an amount equal to the cash and/or the fair market value (on the date of exercise) of the shares of common stock received. The Company will be entitled to deduct the same amount as a business expense for the year of exercise.

Stock Awards

The federal income tax consequences of stock awards depend on the restrictions imposed on the stock. Generally, the fair market value of the stock received will not be includable in the participant's gross income until such time as the stock is no longer subject to a substantial risk of forfeiture or becomes transferable. The participant may make, however, a tax election to include the value of the stock at grant in gross income in the year of receipt despite such restrictions. Generally, the Company will be entitled to deduct the fair market value of the stock transferred to the participant as a business expense in the year the participant includes the compensation in income.

Incentive Awards

A participant generally will not recognize taxable income upon the award of incentive awards. The participant, however, will recognize ordinary income when the participant receives payment of cash and/or shares of common stock for the incentive awards. The amount included in the participant's income will equal the amount of cash and the fair market value of the shares of common stock received. The Company generally will be entitled to a corresponding tax deduction at the time the participant recognizes ordinary income with respect to incentive awards.

Stock Units

A participant generally will not recognize taxable income upon the award of stock units. The participant, however, will recognize ordinary income when the participant receives payment of cash and/or shares of common stock for the stock unit. The amount included in the participant's income will equal the amount of cash and the fair market value of the shares of common stock received. The Company generally will be entitled to a corresponding tax deduction at the time the participant recognizes ordinary income with respect to stock unit.

Performance-Based Compensation

Section 162(m) of the Internal Revenue Code places a \$1 million annual limit on the deductible compensation of certain executives of publicly traded companies. The limit, however, does not apply to qualified performance-based compensation. The Company believes that grants of options and SARs under the Amended and Restated Plan will qualify for the performance-based compensation exception to the deductibility limit, assuming that the Amended and Restated Plan is approved by the stockholders. Stock awards, incentive awards and stock units will also qualify for this exception to the extent they are subject to the satisfaction of stockholder-approved performance objectives and certain other criteria are satisfied. State tax consequences may in some cases differ from those described above.

Amendment and Termination

The Board of Directors may amend or terminate the Amended and Restated Plan at any time, provided that no such amendment will be made without stockholder approval if required by applicable law or any exchange on which the

common stock is listed.

The Board of Directors recommends that you vote FOR the proposed resolution approving the amendment and restatement of the 2011 Plan.
