of Pro-Pharmaceuticals, has adopted a pre-arranged stock trading plan ("the plan") in accordance with Rule 10b5-1 of the Securities Exchange Act of 1934. Dr. Platt's plan is a component of his overall financial planning strategy designed to provide liquidity.

Under the provisions of the plan, subsequent to May 20, 2006 up to 100,000 shares of the approximately 4.5 million shares owned by Dr. Platt may be sold at specific prices. Any transactions executed under the provisions of the plan, which will be effective for approximately ten months, will be reported on Forms 4 filed with the Securities and Exchange Commission.

Rule 10b5-1 enables corporate officers and directors to establish stock trading plans for the orderly sale of predetermined amounts of securities. Such plans may be initiated only when the officers and directors are not in possession of material and non-public information. The rule allows individuals adopting such plans to sell shares over a specified amount of time, at specific prices in the future, even if subsequent material and non-public information becomes available to them.
