Converium Holding Ltd, Zug

## Edgar Filing: CONVERIUM HOLDING AG - Form 6-K

Zug, Switzerland - January 9, 2007 - Converium Chief Financial Officer Paolo De Martin speaks at Cheuvreux's Insurance Conference in Paris outlining the rebalancing of the Company's investment portfolio

At today's Cheuvreux Insurance Conference in Paris, Paolo De Martin, CFO of Converium, will highlight Converium's future value drivers and the Company's integrated asset & liability management approach. He will present a rebalancing of Converium's approximately USD 6 billion year-end 2006 investment portfolio and the Company's move towards an optimal strategic asset allocation to improve future investment returns.

Converium freed up around USD 561 million of assets in the fourth quarter of 2006, previously tied up in Letters of Credit, and increased its equity investments by approximately USD 240 million and alternative investments by USD 50 million in the respective period. In addition, the Company sold its investment in Swiss direct real estate and reinvested the funds into globally diversified indirect real estate holdings. With these actions Converium expects to improve the investment yield with minimum additional risk-based capital due to diversification benefits.

At the end of 2006 Converium's targeted investment mix was as follows: 75% fixed income securities, 10% cash and short term investments, 8% equities, 4% real estate and 3% alternative investments. Paolo De Martin, CFO of Converium: "The new asset allocation is expected to generate an improved return on investment with minimum additional risks. We will continue to focus our risk-based capital on underwriting. The optimization of our strategic asset allocation is based on Converium's unique approach to an integrated asset & liability management. We consider this approach a catalyst for future value growth." In his presentation Paolo De Martin will further stress the Company's historically strong earnings record, its robust capital position and the intact client franchise, from which Converium expects to regain a share of wallet following a potential upgrade to A- by Standard & Poor's. Converium saw strong support from existing clients during the important January 1, 2007 renewals. The Company expects to improve its combined ratio due to a shift of business mix towards non-proportional business and the strong impact of the attractive US Property Cat market. Overall the premium volume is expected to be at least stable for the year 2007. The presentation is available on Converium's webpage ([www.converium.com](http://www.converium.com)). Converium will report on its renewals performance on 15 February 2007.

Converium has made it a policy not to provide any quarterly or annual earnings guidance and it will not update any past outlooks for full-year earnings. It will, however, continue to provide investors with perspectives on its value drivers, certain financial guidance for the full year, its strategic initiatives and those factors critical to understanding its business and operating environment.

### Important Disclaimer

This document contains forward-looking statements as defined in the U.S. Private Securities Litigation Reform Act of 1995. It contains forward-looking statements and information relating to the Company's financial condition, results of operations, business, strategy and plans, based on currently available information. These statements are often, but not always, made through the use of words or phrases such as 'seek to', 'expects', 'should continue', 'believes', 'anticipates', 'estimates' and 'intends'. The specific forward-looking statements cover, among other matters, the Company's internal review and related restatement, the reinsurance market, the Company's operating results, certain financial guidance, e.g. related to the tax rate of the Company, the acquisition costs ratio and the costs of the Corporate Center, the rating environment and the prospect for improving results and expense reductions. Such statements are inherently subject to certain risks and uncertainties. Actual future results and trends could differ materially from those set forth in such statements due to various factors. Such factors include the impact of our ratings downgrade or a further lowering or loss of one of our financial strength ratings; the impact of the restatement on our ratings and client relationships; uncertainties of assumptions used in our reserving process; risk associated with implementing our business strategies and our capital improvement measures; cyclicity of the reinsurance industry; the occurrence of natural and man-made catastrophic events with a frequency or severity exceeding our estimates; acts of terrorism and acts of war; changes in economic conditions, including interest and currency rate conditions that could affect our investment portfolio; actions of competitors, including industry consolidation and development of competing financial products; a decrease in the level of demand for our reinsurance or increased competition in our industries or markets; a loss of our key employees or executive officers without suitable replacements being recruited within a suitable period of time; our ability to address material weaknesses we have identified in our internal control environment; political risks in the countries in which we operate or in which we reinsure risks; the passage of additional legislation or the promulgation of new regulation in a jurisdiction in which we or our clients operate or where our subsidiaries are organized; the effect on us and the insurance industry as a result of the investigations being carried out by the US Securities and Exchange Commission, New York's Attorney General and other governmental authorities; changes in our investment results due to the changed composition of our invested assets or changes in our investment policy; failure of our retrocessional reinsurers to honor their obligations or changes in the credit worthiness of our reinsurers; our failure to prevail in any current or future arbitration or litigation; and extraordinary events affecting our clients, such as bankruptcies and liquidations, and other risks and uncertainties, including those detailed in the Company's filings with the U.S. Securities and Exchange Commission and the SWX Swiss Exchange. The Company does not assume any obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise.
