Item 3.01 Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing

On October 5, 2007, iMergent, Inc. (the "Company") received a "notice of failure to satisfy certain of the Exchange's Continued Listing Standards" from the

Edgar Filing: IMERGENT INC - Form 8-K

American Stock Exchange ("Exchange") dated October 4, 2007. Particularly, the Exchange has determined that the Company had inadequate internal controls which, in the opinion of the Exchange, is contrary to the public interest. The Exchange determined that the Company violated Section 1003(f)(iii) of the Company Guide issued by the Exchange.

As disclosed in the Company's Form 10-Q for the quarter ended March 31, 2007, in an article in the May 5, 2007 edition of Barron's, it was alleged that Don Danks, chief executive officer, shared material non-public information with select individuals and institutional investors.

The Company also reported in Form 8-K on August 30, 2007, an investigation concerning the allegations found that Mr. Danks appears to have violated Regulation Fair Disclosure under the federal securities laws by disclosing material nonpublic information about the Company's fiscal third quarter 2007 earnings to a third party. The investigation found no evidence that Danks disclosed this information to anyone else. The Company mitigated any potential misuse of the information contained in the Barron's article by releasing its quarterly financial information in a press release and in an SEC Form 8-K before the stock market opened on Monday, May 7, 2007.

In the same letter the Exchange determined that, based on the fact the Company took prompt corrective action to resolve the matter and ensured that it does not happen in the future, the Exchange will not apply the continued listing evaluation and follow up procedures listed in Section 1009 of the Exchange's Company Guide.
