

Item 1.01 Entry into a Material Definitive Agreement.

On December 10, 2012, WEX Inc. (the "Company") purchased put option contracts and sold call option contracts, designed to be a costless collar, on the retail price of diesel fuel and the wholesale price of gasoline with Merrill Lynch Commodities, Inc. (collectively, the "Contracts"). The Contracts have an aggregate notional amount of 9,085,466 gallons of gasoline and diesel fuel and will expire on a monthly basis during the last quarter of 2013 and the first two quarters of 2014. The settlement of the Contracts is based upon the New York Mercantile Exchange's New York Harbor Reformulated Gasoline Blendstock for Oxygen Blending and the U.S. Department of Energy's weekly retail on-highway diesel fuel price for the month. The Contracts lock in a weighted average retail floor price of approximately \$3.26 per gallon and a weighted average retail ceiling price of approximately \$3.32 per gallon.

On December 14, 2012, the Company issued a news release announcing these transactions.

Item 8.01 Other Events.

On December 14, 2012, the Company issued a news release entitled "WEX Extends Its Fuel-Price Risk Management Program." A copy of the news release is furnished as exhibit 99.1 and is incorporated by reference in its entirety.

Item 9.01 Financial Statements and Exhibits.

(c) Exhibits.
