SOPAC CELLULAR SOLUTIONS INC.  
(A Development Stage Company)  
Notes to Financial Statements  
February 28, 2010

## NOTE 1. CONDENSED FINANCIAL STATEMENTS

The accompanying financial statements have been prepared by SOPAC Solutions Inc. (the "Company") without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations, and cash flows at February 28, 2010, and for all periods presented herein, have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. It is suggested that these condensed financial statements be read in conjunction with the financial statements and notes thereto included in the Company's August 31, 2009 audited financial statements. The results of operations for the period ended February 28, 2010 is not necessarily indicative of the operating results for the full year.

## NOTE 2. GOING CONCERN

## Edgar Filing: SOPAC CELLULAR SOLUTIONS INC. - Form 10-Q

The Company's financial statements are prepared using generally accepted accounting principles in the United States of America applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and allow it to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital, it could be forced to cease operations.

In order to continue as a going concern, the Company will need, among other things, additional capital resources. Management's plan is to obtain such resources for the Company by obtaining capital from management and significant shareholders sufficient to meet its minimal operating expenses and seeking equity and/or debt financing. However management cannot provide any assurances that the Company will be successful in accomplishing any of its plans.

The ability of the Company to continue as a going concern is dependent upon its ability to successfully accomplish the plans described in the preceding paragraph and eventually secure other sources of financing and attain profitable operations. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

### NOTE 3. RECENT ACCOUNTING PRONOUNCEMENTS

#### RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

Below is a listing of the most recent accounting standards. The Company does not expect that the effectiveness of any of these changes will have a material impact on the Company's financial position, or statements. None have been adopted early.

# Edgar Filing: SOPAC CELLULAR SOLUTIONS INC. - Form 10-Q

\* Staff Accounting Bulletin (SAB) No. 112. (June 2009)

## NOTE 4. RESTATED FINANCIAL STATEMENTS

The Company has restated its financial statements for the six months ended February 28, 2009, in conjunction with the PCAOB revocation of the registration of its predecessor auditor. The Company had its financial statements re-audited by a successor auditor during which it re-evaluated a transaction involving the timing of an expense. As a result, the Company determined that a transaction that was not recorded until the first quarter of last year was in fact accruable to the year ended August 31, 2008. This adjustment resulted in a decrease of \$118 in expenses for the six months ended February 28, 2009 as it relates to the Statement of Operations and Statement of Cash Flows for the six months ended February 28, 2009. It was also determined that the rent expense included in the General and Administrative expense should be broken out into a separate expense line item entitled General and Administrative - Related Party. This adjustment affects the Statements of Operations for both the three and six month periods ending February 28, 2009. Other than the presentation disclosure this adjustment did not affect any other financial statement line item. The following is a comparison of the summarized financial statements of the Company before and after the restatement:

## NOTE 5. SUBSEQUENT EVENTS

The Company has evaluated subsequent events from the balance sheet date through April 19, 2010 and determined there are no items to disclose.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION.

FORWARD LOOKING STATEMENTS

Some of the statements contained in this Form 10-Q that are not historical facts are "forward-looking statements" which can be identified by the use of terminology such as "estimates," "projects," "plans," "believes," "expects," "anticipates," "intends," or the negative or other variations, or by discussions of strategy that involve risks and uncertainties. We urge you to be cautious of the forward-looking statements, that such statements, which are contained in this Form 10-Q, reflect our current beliefs with respect to future events and involve known and unknown risks, uncertainties and other factors affecting our operations, market growth, services, products and licenses. No assurances can be given regarding the achievement of future results, as actual results may differ materially as a result of the risks we face, and actual events may differ from the assumptions underlying the statements that have been made regarding anticipated events.

All written forward-looking statements made in connection with this Form 10-Q that are attributable to us, or persons acting on our behalf, are expressly qualified in their entirety by these cautionary statements. Given the uncertainties that surround such statements, you are cautioned not to place undue reliance on such forward-looking statements.

RESULTS OF OPERATIONS

We are still in our development stage and have generated no revenues to date.

We incurred operating expenses of \$3,265 for the three month period ended February 28, 2010. These expenses consisted of general operating expenses incurred in connection with the day to day operation of our business and the preparation and filing of our periodic reports.

Our net loss for the three months ended February 28, 2010 and 2009 was \$3,265 and \$3,195, respectively, with no revenues for either period. Our net loss from inception through February 28, 2010 was \$45,823.

Cash provided by financing activities from inception through the period ended May 31, 2009 was \$40,000 resulting from the sale of common stock to our director, Mr. Ezra E. Ezra, who purchased 1,000,000 shares of our Common Stock at \$0.005 per share on July 10, 2006 for proceeds of \$5,000 and the sale of 700,000 shares at \$0.05 pursuant to our SB-2 Registration Statement filed with the SEC under file number 333-138217, which became effective on November 17, 2006. On April 10, 2007 the offering was completed for proceeds of \$35,000.

Our auditors have expressed their doubt about our ability to continue as a going concern unless we are able to generate profitable operations.

LIQUIDITY AND CAPITAL RESOURCES

Our cash balance at February 28, 2010 was \$177, comprising our total assets, and there were \$6,000 in outstanding liabilities. Our director has verbally agreed to loan the company funds to continue operations in a limited scenario, but he has no legal obligation to do so. We are a development stage company and have generated no revenue since inception to February 28, 2010.

PLAN OF OPERATION

## Edgar Filing: SOPAC CELLULAR SOLUTIONS INC. - Form 10-Q

The company has not been successful in establishing partnerships with suppliers such as Sprint/Nextel, AT&T and Verizon Wireless. Due to the economic conditions over the past year, the Company has been unable to attain any level of success despite the continued efforts of our director. We are now considering available options to maximize shareholder value.

Our management has been analyzing various alternatives available to our company to ensure our survival and to preserve our shareholder's investment in our common shares. This analysis has included sourcing additional forms of financing to continue our business as is and also looking for other opportunities including business combinations. At this stage in our operations, we believe either course is acceptable, as our operations have not been profitable and our future prospects for our business are not good without further financing.

In implementing a structure for a particular business combination or opportunity, we may become a party to a merger, consolidation, reorganization, joint venture, or licensing agreement with another corporation or entity. We may also acquire stock or assets of an existing business. At this stage, we can provide no assurance that we will be able to raise funding to continue our business as is or locate compatible business opportunities. We also cannot estimate what additional financing we will require to complete a combination with another business opportunity or whether if we are able to complete the combination whether operations will be profitable.

Historically, we have been able to raise a limited amount of capital through private placements of our equity stock, but we are uncertain about our continued ability to raise funds privately. Further, we believe that our company may have more difficulties raising capital for our existing operations than for a new business opportunity. We have not entered into any formal written agreements for a business combination or opportunity. If any such agreement is reached, we intend to disclose such an agreement by filing a current report on Form 8-K with the Securities and Exchange Commission.

If we are unable to secure adequate capital to continue our business or alternatively, complete a combination or acquisition, our shareholders will lose some or all of their investment and our business will likely fail.

11

### OFF-BALANCE SHEET ARRANGEMENTS

We do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to investors.

### ITEM 4. CONTROLS AND PROCEDURES.

#### EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

Management maintains "disclosure controls and procedures," as such term is defined in Rule 13a-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act"), that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

In connection with the preparation of this quarterly report on Form 10-Q, an

## Edgar Filing: SOPAC CELLULAR SOLUTIONS INC. - Form 10-Q

evaluation was carried out by management, with the participation of the Chief Executive Officer and the Chief Financial Officer, of the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of February 28, 2010.

Based on that evaluation, management concluded, as of the end of the period covered by this report, that our disclosure controls and procedures were effective in recording, processing, summarizing, and reporting information required to be disclosed, within the time periods specified in the Securities and Exchange Commission's rules and forms.

### CHANGES IN INTERNAL CONTROLS OVER FINANCIAL REPORTING

As of the end of the period covered by this report, there have been no changes in SoPac Cellular Solutions' internal controls over financial reporting during the quarter ended February 28, 2010, that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting subsequent to the date of management's last evaluation.

12
