On January 15, 2014, J. C. Penney Company, Inc. (the "Company") announced a strategic initiative to close 33 underperforming JCPenney department stores as part of its turnaround efforts. The Company expects to substantially complete the store closings by early May 2014. These actions are expected to result in an annual cost savings of approximately \$65 million, beginning in 2014.

In connection with this initiative, the Company expects to incur estimated pre-tax charges of approximately \$26 million in the fourth quarter of fiscal 2013 and approximately \$17 million in future periods. A summary of the major components of these estimated charges (in millions) is presented below:

	Total	Cash	Non-Cash
Asset Impairments	\$23	<b>\$</b> —	\$23
Lease costs, net of sublease income	\$14	\$14	<b>\$</b> —
Severance, termination benefits and all other expenses	\$6	\$6	<b>\$</b> —
Total pre-tax charges	\$43	\$20	\$23

The above charges are estimates, and the actual charges may vary materially based on various factors, including timing of the closures; factors relating to real estate including sale proceeds and timing and amount of sublease income and other lease expense; actual associate terminations and benefits; changes in management's assumptions and other plans; and other factors.
