The Company is currently in the process of conducting additional analysis in order to complete the annual assessment with respect to the carrying value of recorded goodwill and gathering information in order to assess an out-of-period adjustment totaling \$218,000, including the interpretation of certain loan covenants in order to determine appropriate financial statement presentation and disclosure. As a result of the breadth of internal work and analysis being performed, it is necessary to delay the filing of the Form 10-Q in order to allow additional time to prepare the Company's financial statements.
