Item 8.01. Other Events

On May 13, 2011 we made this announcement on our website: Lamperd is pleased to announce that we have accepted the request of the People's Republic of China VIP Protection Department (Ministry of Public Security) and Jing An Import and Export Corporation to visit our facility and view our product line. The reason for the visit will be to demonstrate Lamperd's product line and, with humanitarian interests in mind, to discuss equipping the visitor's country with safer intermediary levels of force (less-lethal options) for riot control. The primary end goals are to reduce the likelihood of injury or death during potential cases of civil uprising and to improve international relationships between the two countries. There will be 3 persons from Public Security and 2 persons from Jing An. This group will be arriving Wednesday May 18th, and will be meeting with Lamperd over the course of a few days.

Additionally we posted this news May 10th 2011: Lamperd is opening a retail store this month at the factory. This opportunity was created by major changes in the Canadian Security Act; this Act has created increased demand for equipment and training, and we have 10 field security salesman that will be pushing the project forward. All guns and ammo are excluded from this retail store - weapons and ammo are sold to Police and Military only, but over 250 products will be available to the public for purchase. Marketing evaluation will be used to determine what products to sell online in the future.
