ANNUAL MEETING OF STOCKHOLDERS

To Be Held Thursday, May 24, 2012

We are furnishing this Proxy Statement in connection with the solicitation of proxies by the Board of Directors of Hawaiian Holdings, Inc., a Delaware corporation, for use at our Annual Meeting of Stockholders, which will be held at The Hilton Hawaiian Village Beach Resort and Spa, 2005 Kalia Road, Honolulu, HI 96815, on Thursday, May 24, 2012, at 10:00 AM, local time, and any and all adjournments or postponements thereof (collectively, the Annual Meeting). We are holding the Annual Meeting for the purposes described in the accompanying Notice of Annual Meeting. We are mailing a Notice of Internet Availability of Proxy Materials (the Notice) and are making this Proxy Statement and the proxy card available to stockholders of record entitled to vote at the Annual Meeting beginning on or about April 13, 2012. As used herein, unless the context requires otherwise, the terms Holdings, Company, we, our, and us refer only to Hawaiian Holdings, Inc., and the term Hawaiian refers only to Hawaiian Airlines, Inc., Holdings primary operating subsidiary.

GENERAL INFORMATION

Important Notice Regarding Availability of Proxy Materials

This Proxy Statement and our Annual Report to Stockholders are available at
<http://bnymellon.mobular.net/bnymellon/ha>.

In accordance with rules and regulations adopted by the U.S. Securities and Exchange Commission (the SEC), instead of mailing a printed copy of our proxy materials to all stockholders entitled to vote at the Annual Meeting, we are furnishing the proxy materials to certain of our stockholders over the Internet. Accordingly, we are mailing the Notice to stockholders on or about April 13, 2012. All stockholders will have the ability to access via the Internet the proxy materials, including this proxy statement and our Annual Report to Stockholders for the fiscal year ended December 31, 2011. Instructions on how to access the proxy materials over the Internet or to request a paper copy of the proxy materials can be found on the Notice. The Notice also instructs you as to how you may submit your vote on the Internet. You will not receive paper copies of the proxy materials unless you request them.

On the date of mailing of the Notice, all stockholders will have the ability to access all of our proxy materials on the Internet. These proxy materials will be available free of charge.

If you share an address with another stockholder, each stockholder may not receive a separate copy of the Notice. Stockholders who do not receive a separate copy of the Notice may request to receive a separate copy of the Notice by

calling (808) 835-3613 or by writing to Hawaiian Holdings, Inc., 3375 Koapaka Street, Suite G-350, Honolulu, HI 96819, attn: Hoyt Zia. Alternatively, stockholders who share an address and receive multiple copies of the Notice can request to receive a single copy by following the same instructions.

Solicitation of Proxies

Our Board of Directors is soliciting the enclosed proxy.

We will make proxy solicitations by mail, and also by telephone, facsimile transmission or otherwise, as we deem necessary. We will bear the costs of this solicitation. We will request banks, brokerage houses, nominees and other fiduciaries nominally holding shares of our common stock, par value \$0.01 per share (the Common Stock), to forward the Notice and proxy soliciting materials and stockholder questionnaires to the

1

beneficial owners of such Common Stock and to obtain authorization for the execution of proxies. We will, upon request, reimburse such parties for their reasonable expenses in forwarding the Notice and proxy materials and stockholder questionnaires to the beneficial owners.

Record Date, Quorum and Voting Requirements

Holders of shares of Common Stock and our Series B Special Preferred Stock, Series C Special Preferred Stock and Series D Special Preferred Stock (collectively, the Special Preferred Stock) at the close of business on March 26, 2012 (the Record Date) are entitled to notice of, and to vote at, the Annual Meeting. On that date, there were approximately 51,064,437 shares of Common Stock and one share each of the Series B Special Preferred Stock, the Series C Special Preferred Stock and the Series D Special Preferred Stock outstanding. Each share of Common Stock and Special Preferred Stock outstanding on the Record Date is entitled to one vote on each matter presented at the Annual Meeting. The presence, in person or by proxy, of the holders of a majority of all outstanding shares of stock entitled to vote at the Annual Meeting shall constitute a quorum for the transaction of business at the Annual Meeting. The election of directors (Proposal No. 1) requires a plurality of the votes cast by the holders of shares of Common Stock and Special Preferred Stock at a meeting at which a quorum is present. The other proposals require the affirmative vote of a majority of the votes cast by the holders of shares of Common Stock and Special Preferred Stock at a meeting at which a quorum is present. Our Common Stock is listed on the NASDAQ Global Market (NASDAQ) under the symbol HA.

Shares of Common Stock and Special Preferred Stock represented by all properly executed proxies received in time for the Annual Meeting will be voted, unless revoked, in accordance with the choices specified in the proxy, subject to our receipt of the stockholder questionnaires described below. See Restriction on Foreign Ownership of Voting Stock. Unless contrary instructions are indicated on the proxy, the shares will be voted FOR the election of the eight director nominees named in this Proxy Statement, FOR the ratification of Ernst & Young LLP as the Company s independent registered public accounting firm, and FOR the proposal to approve executive compensation by non-binding vote. Representatives of our transfer agent will assist us in the tabulation of the votes. Abstentions are counted as shares represented at the meeting and entitled to vote for purposes of determining a quorum. Abstentions will have no effect on the outcome of the vote for the election of directors. **If you abstain from voting on the proposal to ratify the appointment of Ernst & Young LLP (Proposal No. 2) or the proposal to approve executive compensation by non-binding vote (Proposal No. 3), your abstention will have the same legal effect as a vote against such proposal or proposals.**

Brokers who hold shares of Common Stock for the accounts of their clients must vote such shares as directed by their clients. If brokers do not receive instructions from their clients, the brokers may vote the shares in their own discretion with respect to certain discretionary items, but will not be allowed to vote the shares with respect to certain non-discretionary items. The ratification of Ernst & Young LLP as the Company s independent registered public accounting firm (Proposal No. 2) is considered to be a discretionary item, and your broker will be able to vote on that item even if it does not receive instructions from you, so long as it holds your shares in its name. The election of directors (Proposal No. 1) and approval of the non-binding vote on executive compensation (Proposal No. 3) are non-discretionary items. **If you do not instruct your broker how to vote with respect to these items, your broker may not vote with respect to these proposals and those votes will be counted as broker non-votes.** Broker non-votes are shares that are held in street name by a bank or brokerage firm that indicates on its proxy that it does not have or did not exercise discretionary authority to vote on a particular matter. The Company will count the shares represented by broker non-votes in determining whether there is a quorum. Broker non-votes will have no effect on the outcome of the vote to approve the election of directors (Proposal No. 1) or the non-binding vote on executive compensation (Proposal No. 3).

Restriction on Foreign Ownership of Voting Stock

Our Amended and Restated Certificate of Incorporation (the Certificate of Incorporation) prohibits the ownership or control by non-U.S. citizens of more than 25% of our issued and outstanding voting stock, pursuant to 49 USC Secs. 40102(a)(15), 41102 and U.S. Department of Transportation regulations. In order to comply with this requirement, we maintain a Foreign Stock Record to keep track of transfers of our voting

2

stock to non-U.S. citizens. At no time will the ownership or control of shares representing more than 25% of our voting stock be registered on the Foreign Stock Record. If, at any time, we determine that the number of shares of our voting stock purportedly registered on the Foreign Stock Record exceeds 25% of the total number of shares of our voting stock, we shall remove sufficient shares from the Foreign Stock Record in reverse chronological order so that the number of shares of our voting stock registered on the Foreign Stock Record does not exceed 25% of our issued and outstanding voting stock. Shares of our voting stock that we know to be owned or controlled by non-U.S. citizens and that are not registered on the Foreign Stock Record shall not be entitled to vote until so registered.

Before any stockholder (including any natural person, as well as any corporation or other entity) of the Company is permitted to vote its shares at the Annual Meeting, that stockholder must complete and return a stockholder questionnaire (included on the proxy card) to establish its citizenship. If any stockholder is determined not to be a U.S. citizen, that stockholder's stock will be registered on the Foreign Stock Record and voted in accordance with the Certificate of Incorporation, subject to the limitations and procedures described above.

Special Preferred Stock Designees

As described in greater detail in the section below entitled "Security Ownership of Certain Beneficial Owners and Management Special Preferred Stock," the International Association of Machinists and Aerospace Workers (the "IAM"), the Association of Flight Attendants (the "AFA") and the Air Line Pilots Association (the "ALPA") (collectively, the "Unions") hold one share of the Company's Series B Special Preferred Stock, Series C Special Preferred Stock and Series D Special Preferred Stock, respectively, that, in accordance with our Amended By-Laws, entitle each Union to nominate one director (each such director, a "Special Preferred Stock Designee"). Mr. Samson Poomaihealani is the IAM's designee to the Board of Directors, Mr. William S. Swelbar is the AFA's designee to the Board of Directors and Mr. Brian E. Boyer is the ALPA's designee to the Board of Directors. The Special Preferred Stock Designees are not elected by the holders of the Common Stock, and their election is, accordingly, not to be considered at the Annual Meeting.

Dissenters' Rights

Under Delaware law, you are not entitled to any dissenters' rights with respect to the election of directors described in this Proxy Statement.

Revocability of Proxy

Giving the enclosed proxy does not preclude your right to vote in person if you so desire. You may revoke your proxy at any time prior to its exercise by notifying our Secretary in writing, by giving us a later-dated proxy, or by attending the Annual Meeting and voting in person.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

We are committed to adopting and adhering to sound corporate governance principles. Having such principles is essential to operating our business efficiently and to maintaining our integrity and reputation in the marketplace. We have adopted a Code of Ethics that applies to all of our directors, executive officers and other employees. The Code of Ethics, as well as all of the charters of our Board Committees, is available on the Investor Relations section of our website at <http://www.hawaiianairlines.com>. We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K, regarding any amendment to, or waiver from, a provision of our Code of Ethics with respect to directors and executive officers, by posting such information on our website, at the address and location specified above.

Board Independence

The Governance and Nominating Committee and the Board of Directors assess the independence of the directors at least annually. The assessment is based upon the applicable NASDAQ listing standards, the federal securities laws and the regulations promulgated by the SEC thereunder. During the annual assessment of director independence, the Governance and Nominating Committee and the Board of Directors consider transactions and relationships between the Company or its subsidiaries or affiliates, on the one hand, and each director, members of his or her immediate family, or other entities with which he or she is affiliated, on the other hand. Based on the review and recommendation by the Governance and Nominating Committee, the Board of Directors has affirmatively determined that a majority of its members and each member of the Audit Committee, the Compensation Committee and the Governance and Nominating Committee are independent within the meaning of the applicable NASDAQ listing standards and the SEC's director independence standards. The independent directors are named below under Proposal No. 1: Election of Directors.

Board Leadership Structure

Our current Chairman, Mr. Hershfield, has held the role of Chairman since July 2004. From the beginning of his term until June 2005, he was also the Company's President and Chief Executive Officer (CEO). When Mr. Dunkerley, who succeeded Mr. Hershfield as CEO, was appointed, we determined that it was in the Company's best interest to separate the roles of CEO and Chairman, and for Mr. Hershfield to continue in his role as Chairman. Separating these positions allows our CEO to focus on our day-to-day business, while allowing the Chairman to lead the Board of Directors in its fundamental role of providing advice to and independent oversight of management. While our Amended By-Laws and corporate governance guidelines do not require that our Chairman and CEO positions be separate, the Board of Directors believes that having separate positions and having an independent outside director serve as Chairman is the appropriate leadership structure for the Company at this time, and contributes to our successful corporate governance.

The Board of Directors has charged the Chairman with responsibility for facilitating communication between management and the Board of Directors, and representing Board member views to management, among other things.

Meetings of the Board and Committees

The Board of Directors has established the following committees: the Audit Committee, the Compensation Committee, the Governance and Nominating Committee and the Executive Committee. Each of the Audit Committee, the Compensation Committee and the Governance and Nominating Committee has a committee charter developed under the leadership of its committee chair. Copies of the committee charters are available on the Company's website

at <http://www.hawaiianairlines.com>.

The Board of Directors held six formal meetings and acted by unanimous written consent two times during the year ended December 31, 2011. Mr. Carty, who did not stand for re-election at the 2011 Annual Meeting of Stockholders, attended less than 75% of the meetings of the Board of Directors and committee meetings on which he served during the periods that he served. No other director attended less than 75% of the meetings of the Board of Directors and committee meetings that he or she was obligated to attend. Our policy regarding attendance at Board of Directors meetings is that we expect directors to make every effort to attend all Board of Directors meetings, recognizing that scheduling difficulties may at times arise. Members of the Board of Directors are encouraged to attend each annual meeting of stockholders in person. All of our then-current directors except for Mr. Carty attended the 2011 annual meeting of stockholders. The membership and function of each committee during the last fiscal year are described below.

Members acting on the committees of the Board of Directors during the fiscal year ended December 31, 2011 were:

	Audit Committee	Compensation Committee	Governance and Nominating Committee	Executive Committee
Gregory S. Anderson	Chair		Member	
L. Todd Budge	Member	Member

Audit Committee

We have a standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the Exchange Act). Pursuant to the Audit Committee charter, the Audit Committee is responsible for the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm. Its principal functions are to: (i) oversee the integrity of our financial statements and other financial information provided by us to any governmental body or the public; (ii) oversee our systems of internal controls and procedures regarding finance, accounting, disclosures and legal compliance with applicable laws and regulations; and (iii) monitor the performance of the internal auditors and the independence, qualifications and performance of the independent registered public accounting firm and pre-approve services provided by the independent registered public accounting firm. The Board of Directors has determined that Mr. Anderson and Mr. Jenson satisfy the criteria set forth in Item 407(d)(5) of Regulation S-K promulgated under the Exchange Act to serve as an audit committee financial expert on the Audit Committee. The Audit Committee met nine times and did not act by unanimous written consent during the year ended December 31, 2011. The report of the Audit Committee is included on page 54 of this Proxy Statement.

Compensation Committee

The Compensation Committee has overall responsibility for evaluating and approving executive officer and director compensation plans, policies and programs of the Company, as well as all equity-based and incentive compensation plans and policies. The Compensation Committee oversees the annual review and approval of corporate goals and objectives relevant to the compensation of executive officers, the evaluation of the performance of the executive officers in light of those goals and objectives, and the determination and approval of such officers' compensation based on the evaluations. The Compensation Committee may delegate its authority to subcommittees or individuals as the Compensation Committee may deem appropriate, except to the extent such delegation would violate any applicable tax or securities laws or the rules and regulations of NASDAQ. The Compensation Committee met seven times and acted by unanimous written consent two times during the year ended December 31, 2011. The report of the Compensation Committee is included on page 30 of this Proxy Statement.

Governance and Nominating Committee

The principal functions of the Governance and Nominating Committee are to: (i) monitor and oversee matters of corporate governance, including the evaluation of Board of Director performance and processes and the independence of directors; and (ii) identify, select, evaluate and recommend to the Board of Directors qualified candidates for election or appointment to the Board of Directors.

The Governance and Nominating Committee will consider potential nominees brought to its attention by any director or officer of the Company and will consider such candidates based on their achievement in business, education or public service, experience (including management experience in a public company), background, skills, expertise, accessibility and availability to serve effectively on the Board of Directors. Consistent with the Director Nomination Process attached as Exhibit A to the Governance and Nominating

Committee charter, the Board of Directors and the Governance and Nominating Committee give consideration to assuring that the Board of Directors, as a whole, adequately reflects the diversity of the Company's constituencies and the communities in which the Company conducts its business. Diversity, as well as such other factors described above, are reviewed in the context of an assessment of the perceived needs of the Board of Directors or a Board committee at a particular point in time. As a result, the priorities and emphasis of the Board of Directors and the Governance and Nominating Committee may change from time to time to take into account changes in business and other trends, as well as the portfolio of skills and experience of our current and prospective Board members.

The Governance and Nominating Committee will also consider nominees recommended in good faith by stockholders.

As described further herein under the section entitled "Stockholder Proposals," stockholders should submit the candidate's name, credentials, contact information and his or her written consent to be considered as a candidate to the Secretary of the Company at 3375 Koapaka Street, Suite G-350, Honolulu, HI 96819 no earlier than 120 days or later than 90 days prior to the first anniversary of the Annual Meeting. The proposing stockholder should also include his or her contact information and a statement of his or her share ownership (how many shares owned and for how long).

Such stockholder recommended candidates will be evaluated in the same manner as candidates nominated by any other person. In 2011, we engaged a third party to assist us in identifying and evaluating potential nominees.

The Governance and Nominating Committee also recommends to the Board of Directors the assignment of directors to committees, including the designation of committee chairs. The Governance and Nominating Committee met five times and did not act by unanimous written consent during the year ended December 31, 2011.

Executive Committee

The Executive Committee is empowered to act for the full Board of Directors in intervals between Board of Directors meetings, with the exception of certain matters that by law may not be delegated. The Executive Committee meets as necessary, and all actions by the Executive Committee are reported at the next Board of Directors meeting. The Executive Committee met seven times and did not act by unanimous written consent during the year ended December 31, 2011.

Executive Sessions of the Board of Directors

The independent directors meet on a regular basis to review the performance of management and the Company. The presiding director at such sessions is rotated among the independent directors.

Communications with the Board of Directors

Stockholders may send communications to the Board of Directors at the following address: 3375 Koapaka Street, Suite G-350, Honolulu, HI 96819, specifying whether the communication is directed to the entire Board of Directors, the independent directors or to a particular director. All communications will be compiled by the Company's Corporate Secretary and submitted as appropriate to the Board of Directors or individual directors, as the case may be, on a periodic basis.

Role of Board in Risk Oversight

Management is responsible for the day-to-day management of risks the Company faces, while the Board of Directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors has the responsibility to satisfy itself that the risk management processes designed and

implemented by management are adequate and functioning as designed. The Audit Committee constituted a Risk Oversight Committee and approved an enterprise risk management program in August 2010 to enhance the existing risk management systems and processes and to further strengthen the Board of Directors' ability to identify, assess, and mitigate risks on a Company-wide basis.

Our Chairman meets regularly with our CEO and other senior officers to discuss strategy and risks facing the Company. Senior management attends the quarterly Board meetings and participates in strategic planning sessions with the Board of Directors to discuss strategies, key challenges, risks and opportunities for the Company. Our Board committees also assist the Board of Directors in fulfilling its oversight responsibilities in

certain areas of risk. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to risk management in the areas of financial reporting, internal controls and compliance with legal and regulatory requirements, and, discusses policies with respect to risk assessment and risk management. Risk assessment reports are regularly provided by management to the Audit Committee. The Compensation Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs. The Governance and Nominating Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to the management of risks associated with Board organization, membership and structure, succession planning for our directors and executive officers, and corporate governance. The Executive Committee meets regularly to review the progress of and provide guidance to management related to decisions that have been delegated to the Executive Committee by the Board of Directors.

Compensation of Directors

As of January 1, 2010, under the Company's policy for directors, each non-employee director receives an annual retainer of \$45,000 plus \$1,500 for each meeting of the Board of Directors that he or she attends in person and \$750 for each meeting he or she attends telephonically, in each case, for meetings attended in excess of eight meetings (whether in-person or via telephone) during the twelve month period beginning June 1st of each year. The Chairman of the Board of Directors receives an annual retainer of \$50,000 (which has been increased to \$60,000 as of June 1, 2011), the Chair of the Audit Committee receives an annual retainer of \$15,000 (which has been increased to \$20,000 as of June 1, 2011), the Chair of the Compensation Committee receives an annual retainer of \$10,000 and the chair of the Governance and Nominating Committee receives an annual retainer of \$6,000. The members of the Audit Committee, the Compensation Committee and the Governance and Nominating Committee receive an annual retainer of \$5,000 (which have been increased to \$10,000, \$8,000 and \$5,000 for the Audit Committee, the Compensation Committee and the Governance and Nominating Committee, respectively, as of June 1, 2011).

The non-employee directors receive an annual automatic equity grant, which commenced with the 2010 annual meeting of stockholders, on the date of each annual stockholders meeting equal to that number of stock units determined by dividing \$60,000 by the trailing volume weighted average price of the Company's Common Stock over the 20 consecutive trading days ending on the trading day prior to the date of grant, vesting 100% on the day prior to the following year's regularly scheduled annual stockholders meeting, and otherwise subject to the terms and conditions of the Company's standard form of non-employee director stock award agreement.

Effective in January 2011, the non-employee directors were each granted lifetime positive space flight benefits, up to a maximum of \$15,000 per year based upon the fair market value of a ticket in any year, upon retiring from the Board of Directors following (i) completion of a total of at least ten years of Board service or (ii) completion of a total of at least five years of Board service and having reached age 70. Messrs. Hershfield and Jenson, in light of their services and contributions to the Company, have been deemed to have satisfied all vesting requirements so that they will receive the lifetime positive space flight benefits, up to a maximum of \$15,000 per year based upon the fair market value ticket value in any year, upon their retirement from the Board of Directors.

Mr. Nardello holds a B.A. in Political Science from the University of Connecticut (1974) and

Glenn G. Taniguchi. Mr. Taniguchi became Senior Vice President Marketing and Sales of Hawaiian in November 2006. He started his career at Hawaiian in 1966. Mr. Zia received a B.A. in East Asian Studies from Dartmouth College (1975) and a J.D. from UCLA School of Law (1981), and he served as a U.S. Marine Corps officer from 1975 to 1978.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Summary

Pay for Performance

The cornerstone of our executive compensation program is pay for performance. Accordingly, while we pay competitive base salaries and other benefits, the majority of our named executive officers' compensation opportunity is based on variable pay.

Corporate Governance Best Practices

Our Compensation Committee, assisted by its independent compensation consultant, Frederic W. Cook & Co., stays informed of developing executive compensation best practices and strives to implement them. In this regard, recent improvements include:

Consistent with the direction of 71% of stockholder votes cast in 2011 and consistent with management's recommendation to our stockholders, adopting an annual say-on-pay advisory vote, commencing in 2011 and continuing in this 2012 proxy statement.

Capping our annual incentive compensation payout at 200% of the target award opportunity for any individual participant, commencing in 2011 (the CEO's annual incentive is capped at 200% of base salary). This is in addition to the overall aggregate payout cap of 133% of the amount allocated to the incentive pool.

Establishing share retention guidelines for executive officers and our non-employee directors in 2011, Eliminating the golden parachute excise tax gross-up for our president and chief executive officer, Mr. Dunkerley, effective as of May 25, 2011,

Moving from single-trigger equity compensation vesting on a change in control to double-trigger vesting (triggered upon certain terminations of employment following a change in control) for equity grants made to Mr. Dunkerley in 2010, and for the rest of our named executive officers in 2011,

Making 100% of Mr. Dunkerley's 2010 equity awards subject to performance-based vesting, in a manner intended to qualify for deductibility under Internal Revenue Code Section 162(m),

Making a substantial portion of other executive officers' 2011 equity awards subject to performance-based vesting, in a manner intended to qualify for deductibility under Internal Revenue Code Section 162(m),

Engaging Frederic W. Cook & Co. to perform a risk analysis with respect to the Company's compensation programs and policies, including for non-executive officers, and

Implementing a clawback policy to recover certain compensation in the event of a financial restatement.

Introduction

We operate in a highly competitive industry and recognize that effective compensation strategies are critical in attracting and retaining key employees and maximizing stockholder value creation. The primary objectives of our compensation program, including our executive compensation program, are to attract, retain and motivate the best people available. Our executive compensation program is designed to reward achieving specific goals set for the Company as well as those set for individual executives. We reward executive performance which meets or surpasses these established goals in order to align the interests of our executives with the long term interests of our stockholders.

We also seek to ensure that total compensation provided to our key executives remains competitive relative to the compensation paid to similarly situated executives of our peer companies. As used herein, the phrase our executives refers to the executive officers of Hawaiian and the Company.

Employment & Executive Severance Agreements

The compensation paid in 2011 to certain of our named executive officers is determined, in part, by the terms set forth in employment agreements that were negotiated at arm's length between the Company and each such named executive officer. The Compensation Committee believes that having employment agreements with these named executive officers provides the Company and such executives with valuable expectations regarding the employment relationship and the potential benefits named executive officers may receive based upon their contributions to the success of the

Company. The Compensation Committee reviews and approves any such employment agreements and any amendments thereto prior to the Company entering into them with its named executive officers. The Compensation Committee has also authorized the Company to enter into executive severance agreements with certain of our named executive officers.

Mr. Dunkerley's Employment Agreement

In 2010, due to the pending lapse of his prior employment agreement with the Company scheduled for November 8, 2010, the Compensation Committee negotiated and the Company entered into a new employment agreement with our chief executive officer, Mark Dunkerley (the New Agreement). The New Agreement commenced on May 25, 2010 and is scheduled to expire on November 7, 2013.

In 2011, pursuant to the New Agreement, Mr. Dunkerley received an annual base salary of \$600,000.

In 2011, pursuant to the New Agreement, Mr. Dunkerley was eligible to receive an annual incentive compensation payment of one hundred and twenty-five percent (125%) for satisfactory performance and a maximum of two hundred percent (200%) of his annual base salary, if he achieved certain targets established by the Compensation Committee.

The potential severance and change in control benefits payable to Mr. Dunkerley under the New Agreement are described below under the heading Potential Payments Upon Termination or Change in Control.

Mr. Topping's Employment Terms & Executive Severance Agreement

In connection with Mr. Topping's employment, he is receiving an annual base salary of \$330,000 and received a one-time lump sum signing bonus of \$50,000. In addition, he is being provided reimbursement of up to \$70,000 to cover his reasonable out-of-pocket relocation expenses (which must be repaid if he voluntarily resigns or is terminated for cause within the first twelve months of his employment) and a one-time \$50,000 housing budget to cover temporary housing-related expenses before he secures permanent housing in Hawaii. Mr. Topping's annual bonus for 2011 was fixed at \$40,000. Beginning in fiscal year 2012, Mr. Topping is eligible for an annual bonus equal to 75% of his base salary if he achieves certain targets established by the Compensation Committee.

In connection with Mr. Topping's employment, Mr. Topping was also granted restricted stock units (RSUs) with an approximate value of \$300,000. Vesting for fifty percent of the RSUs is service-based, and these RSUs vest ratably over three years from the grant date. Vesting for the remaining fifty percent of the RSUs is performance-based, and will vest, to the extent the performance metric has been achieved, on the third anniversary of the grant date.

Under the terms of Mr. Topping's executive severance agreement, he will be entitled to severance equal to one year's base salary in the event that his employment is terminated without cause or voluntarily for good reason, subject to the prior effectiveness of a release of claims in favor of the Company.

Mr. Ingram's Employment Agreement

Pursuant to Mr. Ingram's employment agreement, Mr. Ingram is entitled to an annual base salary and can expect to receive a target incentive compensation payment of seventy-five percent (75%) of his annual base salary, if he achieves certain targets to be established by the Compensation Committee each year. In 2011, Mr. Ingram received an annual base salary of \$370,000, which was unchanged from the annual base salary received by Mr. Ingram in the latter part of 2010.

On October 31, 2011, Mr. Ingram was promoted to the position of Executive Vice-President and Chief Commercial Officer of the Company. No new compensatory arrangements were entered into with Mr. Ingram in connection with his promotion. Mr. Ingram's base salary was, however, increased to \$400,000 in February, 2012. The Compensation Committee determined to increase Mr. Ingram's base salary after reviewing relevant executive compensation benchmarking data provided by Frederic W. Cook & Co., its independent compensation consultant, and after obtaining feedback on Mr. Ingram's performance from our chief executive officer, Mr. Dunkerley. The potential severance and change in control benefits payable to Mr. Ingram under his employment agreement are described below under the heading Potential Payments Upon Termination or Change in Control.

Ms. Falvey's Employment Agreement

Pursuant to Ms. Falvey's employment agreement, Ms. Falvey is entitled to an annual base salary, increased from \$290,000 to \$300,000 in February 2012, and can expect to receive a target incentive compensation payment of sixty percent (60%) of her annual base salary, if she achieves certain targets to be established by the Compensation Committee each year. The Compensation Committee determined to increase Ms. Falvey's base salary after reviewing relevant executive compensation benchmarking data provided by Frederic W. Cook & Co., its independent compensation consultant, and after obtaining feedback on Ms. Falvey's performance from our chief executive officer, Mr. Dunkerley. The potential severance and change in control benefits payable to Ms. Falvey under her employment agreement are described below under the heading Potential Payments Upon Termination or Change in Control.

Mr. Nardello's Executive Severance Agreement

Under the terms of Mr. Nardello's executive severance agreement, he will be entitled to severance equal to one year's base salary in the event that his employment is terminated without cause or voluntarily for good reason, subject to the prior effectiveness of a release of claims in favor of the Company.

Mr. Taniguchi's Executive Severance Agreement

Under the terms of Mr. Taniguchi's executive severance agreement, he will be entitled to severance equal to one year's base salary in the event that his employment is terminated without cause or voluntarily for good reason, subject to the prior effectiveness of a release of claims in favor of the Company.

Objectives and Philosophy of Our Compensation Program

The Compensation Committee works closely with its independent compensation consultant, Frederic W. Cook & Co. and management to design a pay-for-performance oriented executive compensation program to assist us in attracting

and retaining outstanding executives and senior management personnel. The design and implementation of such program continually evolves as we grow, but is based primarily on two elements: (i) providing compensation opportunities that are competitive with competing companies; and (ii) linking executives' compensation with our financial, operating and competitive performance. Our compensation program is designed to reward individual and corporate performance and to create incentives for both operating performance in the current year and for the long-term benefit of our business so as to align the interests of management with the long term interests of stockholders.

Elements of Compensation

Currently, the principal components of our executive compensation program (each discussed more fully below) are:

annual base salary,

short-term incentive compensation in the form of performance incentive payments payable in cash and/or stock units each year,

long-term incentive compensation in the form of equity based awards,

severance and change in control benefits,

personal benefits or perquisites, and

general benefits.

Determining Amount of Each Element of Compensation

In negotiating the terms of employment agreements with our named executive officers and determining the amount of any incentive, equity based or other additional compensation, the Compensation Committee reviews publicly available information regarding other companies with which we compete and other publicly-traded corporations located in Honolulu, Hawaii; assesses our overall financial condition and the financial condition of the airline industry in general; consults, when appropriate, with its independent compensation consultant and with outside executive compensation counsel; and, for compensation payable to other named executive officers, consults with our Chief Executive Officer. Although some elements of named executive officers' compensation resulting from such negotiation may vary due to specific requirements and concerns of such named executive officers, the Compensation Committee strives to set an overall compensation package informed by the processes described above.

In November 2010, the Compensation Committee reviewed a benchmarking study conducted by Frederic W. Cook & Co., the Compensation Committee's independent compensation consultant. The Compensation Committee reviewed and considered the information provided in this study when it established 2011 compensation levels for the named executive officers. When setting 2011 compensation levels, the Compensation Committee considered data from (1) a main peer group of 12 similarly sized airlines and related companies in the transports industry and (2) general industry survey data from Towers Watson containing companies with annual revenues between \$1 billion and \$3 billion.

The following 12 companies made up the main peer group:

Air Transport Group	Allegiant Air	Hub Group	Pinnacle Airlines
AirTran	Atlas Air Worldwide	Jet Blue	Republic Airways
Alaska Air	ExpressJet	Pacer	SkyWest

The Compensation Committee also reviewed data from a peer group of 10 independent airlines - AirTran, Alaska Air, Allegiant Air, American, Continental, Delta, Jet Blue, Southwest, United and US Air - for benchmarking pay practices and company performance. Several of these airlines are substantially larger than us, so the Compensation Committee did not use this group of companies to benchmark named executive officer compensation levels.

Finally, the Compensation Committee monitored compensation levels at three local publicly-traded Hawaiian companies - Alexander and Baldwin, Bank of Hawaii, and Hawaiian Electric Industries. The Compensation Committee uses this group to monitor local compensation trends but does not use this group to benchmark named executive officer compensation levels.

Compensation Consultants

The Compensation Committee has engaged the independent compensation consulting firm of Frederic W. Cook & Co. to assist it in executive compensation matters. In 2011, Frederic W. Cook & Co. served only the Compensation Committee and provided no services to the Company.

20

Annual Base Salary

Base salary levels for our named executive officers are designed to be competitive in the marketplace for executives of comparable talent and experience, are based on each named executive officer's responsibility and are subject to increase based upon individual and Company performance. Each named executive officer's base salary for 2011 is reported in the Summary Compensation Table below.

The Compensation Committee increased the following named executive officers' base salaries in 2011: (i) Glenn G. Taniguchi, the Senior Vice President Marketing and Sales of Hawaiian, from \$280,000 to \$290,000, (ii) Charles R. Nardello, the Company's Senior Vice President Operations from \$280,000 to \$290,000, and (iii) Barbara D. Falvey, the Company's Senior Vice President Human Resources, from \$280,000 to \$290,000. In 2011, the Compensation Committee also established the base salary of Mr. Scott Topping, our new Executive Vice-President, Chief Financial Officer and Treasurer of Holdings and Hawaiian at \$330,000. In 2011, the base salaries of our other executive officers remained unchanged from 2010. As described above, we have entered into employment or executive severance agreements with certain of our named executive officers which provide for, among other things, an initial annual base salary and an annual target incentive payment (expressed as a percentage of base salary) for each executive (with the exception of Messrs. Topping, Nardello and Taniguchi, whose base salaries and target bonuses are not set forth in their executive severance agreements, but instead are established each year by the Compensation Committee).

Short-Term Incentive Compensation

Short-term incentive compensation consists of annual performance incentives. Annual performance incentives are awarded under our 2006 Management Incentive Plan (the "2006 Incentive Plan"), which was initially approved by our stockholders at our May 31, 2006 stockholders meeting and was reapproved by our stockholders on May 31, 2011.

The 2006 Incentive Plan is administered by the Compensation Committee. The Compensation Committee has the authority to select the executives to participate in the 2006 Incentive Plan (after considering the recommendations of the Chief Executive Officer), to establish the length of the annual and long-term performance periods, to establish the performance goals and to determine the amounts of incentive compensation payable to any participant, to provide for payment of incentives in cash, in stock or in units, and to make all determinations and take all other actions necessary or appropriate for proper administration and operation of the 2006 Incentive Plan.

2011 Annual Incentive Compensation

The Company expects that compensation paid upon attainment of the corporate objectives under its incentive compensation program for 2011 will meet the requirements for performance-based compensation under Section 162(m) of the Internal Revenue Code (which limits a public company's ability to deduct certain compensation in excess of \$1 million paid to its chief executive officer or certain other executive officers), and that the Company will be able to fully deduct such payments. The Company's Compensation Committee, Chief Executive Officer, Chief Financial Officer and Senior Vice President Human Resources, informed by the Compensation Committee's compensation consultant Frederic W. Cook & Co., collaborated in determining the financial and non-financial performance criteria to be used to implement the Company's 2011 incentive compensation program. Because Mr. Topping joined us on October 31, 2011, late in our fiscal year, he did not participate in our 2011 annual incentive compensation program. Instead, he received a fixed 2011 annual bonus of \$40,000 in addition to his signing bonus of \$50,000.

In 2011, the achievement of financial and non-financial corporate performance goals were weighted as to 55% for the corporate financial goals and as to 45% for the corporate non-financial performance goals. Attainment of corporate and individual performance goals at 100% of the target level would result in payment of the other named executive officers' bonus at the target level set forth in his or her employment agreement or as otherwise determined by the

Compensation Committee if the incentive compensation pool was funded at 100% (as described more fully below) based on the Company's earnings before interest, taxes, amortization, depreciation and rent (EBITDAR); payment would be prorated for achievement above or below the target levels, with the maximum payout determined by the amount available from the Company's bonus pool. In 2011, with the exception of Mr. Dunkerley, whose individual performance was weighted at 20% and whose corporate performance was weighted at 80%, and Mr. Topping, who did not participate in the annual incentive program, each of the named executive officer's individual performance was weighted at 25% and corporate

performance was weighted at 75%. Mr. Dunkerley's maximum bonus for 2011 was limited by the terms of his employment agreement to no more than 200% of his annual base salary. Moreover, in 2011 the Compensation Committee limited the maximum bonus for 2011 for all other participants to 200% of target and limited the maximum aggregate bonus pool payout to 133% of target. The Compensation Committee imposed these caps after considering market data, the advice of its independent compensation consultant, and corporate governance best practices.

The Compensation Committee approved a 2011 incentive payment pool dependent on achieving EBITDAR (a non-GAAP financial measure) milestones. The incentive pool applies to all annual incentives for all Company employees participating in the incentive compensation program, not just the named executive officers (other than Mr. Topping). The Company's EBITDAR can be approximated by adding the Company's interest expense, depreciation and amortization expense and aircraft rent expense to its income before income taxes, each as reported in the financial statements to the Company's 2011 Annual Report on Form 10-K, filed on February 9, 2012. If the minimum EBITDAR threshold established by the Compensation Committee was not exceeded, the bonus pool would not be funded and no bonuses would be payable to the employees participating in the incentive compensation program, including our named executive officers. For 2011, for the Company's incentive pool to be funded, the Company's EBITDAR had to exceed a minimum threshold established by the Compensation Committee of \$190 million (increased from \$160 million in 2010). Meeting this minimum funding threshold would result in a \$0.95 million allocation to the Company's incentive pool. For each increment (or portion thereof) of \$5 million of EBITDAR obtained in excess of this threshold, an additional amount would be allocated to the incentive pool based on a scale determined by the Compensation Committee when the plan was adopted. Based on the Company's attained EBITDAR of \$280 million for 2011, the Company's incentive pool was allocated \$4.1 million.

The corporate financial criteria and the 2011 targets established by the Compensation Committee are described in the table below. Each of these financial performance goals is weighted equally, as shown below. For purposes of certain of these measures that compare the Company's performance with that of its peers, the Company's peer group consists of Alaska Airlines, American Airlines, Delta Air Lines, JetBlue, Southwest Airlines, United Airlines, AirTran Airlines and US Airways.

Corporate Financial Performance Goals

Category	Measure	Target	Category Weight	Result
Financial Performance			55%	
EBITDAR Margin	Comparative ranking with selected carriers	4th - 6th	25%	3rd

Return on Invested Capital	Percentage	8 - 9%	25%	11.9%

The corporate non-financial performance criteria and the 2011 targets established by the Compensation Committee are divided into three categories, Customer Satisfaction, Confidence Among Stakeholders and Operational Excellence, and are described in the table below. To determine the named executive officer's incentive compensation attributable to the 45% weighted corporate performance score for non-financial performance, such non-financial performance

goals are weighted as shown below.

For 2011, the Compensation Committee measured the individual performance of our Chief Executive Officer based on its discretionary review of Mr. Dunkerley's performance relative to the Company's strategic objectives and the

Company's overall performance. The Chief Executive Officer established the criteria upon which to measure the individual performance of each of the other named executive officers, other than Mr. Topping who started with the Company on October 31, 2011. Individual objectives for each of the named executive officers other than the Chief Executive Officer and Mr. Topping reflect each named executive officer's departmental and corporate responsibilities.

Mr. Ingram's individual performance objectives, until his promotion on October 31, 2011, were related to the Company's finance department and included overseeing the development and implementation of the Company's fleet planning activities, developing the investor relations and capital markets strategy and improving procurement and transactional purchasing processes. Following his promotion to Executive Vice President and Chief Commercial Officer on October 31, 2011, Mr. Ingram's individual performance objectives were related to his introduction to the commercial side of the business. Mr. Nardello's individual performance objectives were related to the Company's operations and included monitoring airline on-time flight performance, aircraft maintenance and developing internal operational leadership. Mr. Taniguchi's individual performance objectives were related to the Company's sales and marketing needs and included achieving revenue targets, and overseeing expansion route efforts and

planning, as well as staffing open positions. Ms. Falvey's individual performance objectives were related to the Company's human resources department and including working closely with the Compensation Committee, managing employee training initiatives, assisting in labor negotiations and recruiting for open positions.

Regarding individual performance, our Chief Executive Officer met with and evaluated each other named executive officer's performance on two separate occasions during 2011 and/or the first quarter of 2012 and recommended overall individual performance scores to the Board for approval based on his assessment of each named executive officer's performance relative to their individual objectives. The score for Mr. Dunkerley was based on a determination by the Compensation Committee of Mr. Dunkerley's overall performance, taking into account the Company's strong performance relative to its peers. Each named executive officer was awarded a score for individual performance based on a scale from 1.0 to 4.0.

For 2011, the Company's weighted average score for corporate financial and non-financial performance goals was 1.43. Based on their individual performance scores, the Company's performance relative to the financial and non-financial corporate performance goals and the funding of the Company's incentive pool as a result of the Company's attained EBITDAR, each named executive officer received the amount reported under the heading Non-Equity Incentive Plan Compensation in the Summary Compensation Table included herein.

The Compensation Committee believes that the annual incentives paid to its named executive officers for fiscal year 2011 are appropriate in light of the Company's and each individual's performance in 2011.

Long-Term Incentive Compensation

The Compensation Committee believes that granting equity-based awards creates an incentive to promote our long-term interests and generally aligns the potential economic benefit to be derived therefrom by our executives with those of the stockholders. Equity-based awards are granted by the Compensation Committee to our named executive officers (other than our Chief Executive Officer) after considering the recommendations of our Chief Executive Officer.

2011 Equity Compensation

For fiscal 2011, the Compensation Committee determined to base equity awards on a combination of time-based and performance-based restricted stock units. The Compensation Committee determined that both the performance-based and time-based restricted stock unit grants provide a retention tool in that the time-based restricted stock unit grants vest in three equal annual installments on each of the first three anniversaries of the grant date, subject to the employee's continued service, and the performance-based restricted stock unit grants are subject to performance-based vesting, allowing for the performance portion to range between 0% and 200% of the performance tranche subject to the employee's continued service. Such restricted stock units accelerate vesting upon a double-trigger (certain terminations of employment following a change in control).

In February 2011, the Compensation Committee, following consultation with Frederic W. Cook & Co., granted restricted stock units (RSUs) to Mr. Ingram, Ms. Falvey, Mr. Nardello and Mr. Taniguchi as part of the Company's annual grant practice (described more fully under the heading Determination of Equity-Based Awards Grant Dates, below). Mr. Ingram received 44,000 RSUs, and each of Ms. Falvey and Messrs. Nardello and Taniguchi received 30,000 RSUs. The Committee had the authority but elected not to make an equity grant to the CEO in 2011. Fifty percent of the RSUs granted were time-based and fifty percent were performance based. With respect to the performance-based RSUs, they can be earned, subject to satisfying the performance metric, from 0% to 200% of the covered shares. Accordingly, the maximum number of shares that may potentially be earned subject to the RSUs addressed above is 66,000 shares for Mr. Ingram, and 45,000 shares for each of Ms. Falvey and Messrs. Nardello and

Taniguchi. The time-based RSUs described above vest in 33 1/3% increments on each of the first three anniversaries of the grant date, subject to such named executive officer remaining employed by the Company, with the vested RSUs being delivered to such executive on each such vesting date, subject to any delay required to avoid the imposition of additional taxes. The performance-based RSUs vest, to the extent the performance metric has been achieved, on the third anniversary of the grant date, subject to the Compensation Committee's prior written certification as to the extent to which the performance metric has been achieved, with the vested RSUs being delivered to such executive on the vesting date, subject to any delay required to avoid the imposition of additional taxes. In the event of a double-trigger, all of an executive's RSUs become fully vested (and with respect to the

performance-based RSUs at the target, not the maximum, level if the performance period has not yet ended) subject to such executive's execution of a release of claims and will be delivered to such executive on the 29th day following such executive's employment termination date or such later date as is required to avoid the imposition of additional taxes. Any unpaid RSUs are forfeited automatically if the named executive officer is terminated for cause.

In connection with Mr. Topping's hire, he was granted 63,000 RSUs. Fifty percent of the RSUs granted were time-based and fifty percent were performance based, on similar terms to those described above for Mr. Ingram, Ms. Falvey and Messrs. Nardello and Taniguchi. Accordingly, the maximum number of shares that Mr. Topping may earn in connection with his 2011 RSU grant is 94,500 shares.

Loss of Income Benefits

In addition to the general benefits available to all employees (described below), the Company maintains a long-term disability plan for its executives, including the named executive officers. Pursuant to the Company's executive long-term disability plan, the Company's named executive officers are entitled to a disability benefit of up to 60% of base salary, capped at \$11,000 per month, for non-occupational injury or illness up until such executive reaches age 65 or for a period of 12 months after such executive reaches age 65. The Company also agreed, in the New Agreement (as it did in Mr. Dunkerley's prior employment agreement), to pay the premiums on a \$300,000 life insurance policy for Mr. Dunkerley.

Severance and Change in Control Benefits

The Compensation Committee believes that certain severance and change in control benefits provide a valuable retention tool for its named executive officers. Through severance benefits, the Company seeks to ensure the applicable named executive officer's commitment to the Company by providing income stability and protection in the event of such named executive officer's termination of employment in certain situations.

Change to Double-Trigger Vesting Acceleration

Through change in control benefits, the Company seeks to provide each named executive officer with an incentive to remain with the Company through a potential period of uncertainty presented by a change in control. Equity awards granted to our named executive officers (other than Mr. Dunkerley) prior to 2011 become fully vested and/or exercisable upon a change in control. In light of emerging corporate governance best practices, the Compensation Committee determined that commencing in 2011, and in 2010 for Mr. Dunkerley, our named executive officer equity awards will vest fully on a double-trigger (certain terminations of employment following a change in control) and not on a single-trigger change in control.

Mr. Dunkerley's Severance and Change in Control Benefits Under the New Agreement

Under the New Agreement, Mr. Dunkerley is entitled to the following severance benefits upon his termination without cause or for good reason, subject to his entering into a release of claims in favor of the Company:

a lump-sum cash payment equal to three times his base salary plus his average annual bonus received in the prior 36 months, up to a maximum payment of \$3,000,000;
a pro-rated annual bonus, subject to the attainment of the applicable performance metrics, and with an on-target rating for performance metrics that are not performance-based compensation under Internal Revenue Code Section 162(m);
continued medical, life insurance and disability benefits until November 7, 2013;
continued travel benefits on the Company's commercial aircraft, limited to \$25,000 per year;

100% vesting acceleration of Type A Restricted Stock Awards (because the Type A Performance Metric was satisfied in 2010);

100% vesting acceleration of any Type B Restricted Stock Awards as to which the performance metrics have already been satisfied or deemed satisfied (the performance metric for the first vesting tranche has already been satisfied); and up to \$50,000 for certain costs associated with relocating from Hawaii.

25

Mr. Dunkerley is also eligible to receive the relocation benefits and the continued travel benefits noted above upon any termination of his employment after November 7, 2013, following his completion of the term of the New Agreement. If Mr. Dunkerley violates certain non-competition, non-disparagement or non-solicitation provisions of the New Agreement, severance benefits shall cease being paid, and in some situations the Company may seek repayment of severance benefits already paid.

Mr. Dunkerley's golden parachute excise tax gross-up provision expired on May 25, 2011. Now, Mr. Dunkerley receives a best results excise tax treatment, whereby Mr. Dunkerley either pays the excise taxes under Internal Revenue Code Section 4999 or has his payments and benefits reduced to a level whereby the excise taxes are not triggered, whichever is economically superior for Mr. Dunkerley. In contrast, Mr. Dunkerley was entitled to a golden parachute excise tax gross-up with no sunset provision in his prior employment agreement.

Severance Benefits for Mr. Ingram and for Ms. Falvey

Pursuant to the employment agreements with Mr. Ingram and Ms. Falvey, if they are terminated other than for cause, and subject to their entering into a release of claims in favor of the Company, they will receive the following severance benefits:

a lump-sum payment of one year's base salary;
a lump-sum payment of one year's COBRA premiums for group medical and dental coverage; and
a pro-rated annual bonus, subject to the attainment of the applicable performance metrics, and with an on-target rating for performance metrics that are not performance-based compensation under Internal Revenue Code Section 162(m).

Severance Benefits for Messrs. Topping, Nardello and Taniguchi

Messrs. Topping, Nardello and Taniguchi's Executive Severance Agreements provides them with severance payments upon termination of employment by the Company without Cause or if they voluntarily terminate employment for Good Reason consisting of 12 months' continued base salary.

The amount of benefits payable to each named executive upon termination or a change in control pursuant to the terms of their employment agreements are reported more fully under the heading Potential Payments Upon Termination or Change in Control, below.

Personal Benefits

Each named executive officer and certain members of his or her immediate family are entitled to free travel privileges on the Company's non-chartered flights. The Compensation Committee has provided this benefit after conferring with its independent compensation consultant and determining that this benefit is typical in the airline industry. Named executive officers are also reimbursed for the taxes imposed on the first \$15,000 of positive space travel on the Company's flights. In providing this benefit, the Compensation Committee determined that similar tax reimbursements are typical in the airline industry and that such a benefit represents an immaterial expense based on historical use of travel privileges.

In 2011, the Compensation Committee approved two additional benefits for named executive officers. First, following retirement from the Company with either forty years of age and ten years of service, or fifty-five years of age and five years of service, former executives will be eligible for positive space travel on Company flights up to \$15,000 annually. The former executive will be responsible for all taxes on this benefit.

Second, if named executive officers retire following five years of service, the Company will provide them with access-only medical and prescription drug coverage for the former named executive officer and their eligible

dependents until the end of the month in which the executive becomes Medicare eligible. The premiums for such coverage are fully payable by the former executives, with a cost significantly higher than for active employees, such that it is expected that this benefit will be approximately cost-neutral to the Company.

The Compensation Committee approved these two additional benefits following consideration of market data, actuarial analysis (with respect to the medical and prescription drug benefit) and advice from its independent compensation consultant.

General Benefits

The Company's named executive officers, like all eligible employees of the Company, are eligible to participate in the Company's health and welfare benefit plans and retirement savings plan (a 401(k) plan). The availability of such plans to the Company's employees generally is essential to attracting and retaining a productive workforce.

Allocating Between Long-Term/Short-Term and Cash/Non-Cash Compensation

The Compensation Committee considers various factors in designing a compensation program that provides the appropriate mix of long-term/short-term and cash/non-cash compensation. These factors include the value our executives place on the various forms of compensation; the tax, economic and financial impact associated with providing the various forms of compensation; and whether providing the various forms of compensation will help us achieve our long-term corporate objectives. This allows us to direct our resources to the incentives that are most likely to retain top executives and motivate desired behaviors—improving the likelihood of enhanced financial performance and stockholder value creation. We award long-term incentive compensation in order to achieve a variety of long-term objectives, including retaining talented executives, aligning executives' financial interests with the interests of stockholders, rewarding the achievement of our long-term corporate goals and lengthening executives' time horizons and focusing their attention on creating stockholder value. In determining the appropriate mix of compensation, the Compensation Committee also considers the accounting costs and dilutive impact of the various forms of compensation, as well as our ability to pay compensation in cash, as opposed to stock or other forms of non-cash compensation.

Specific Items of Corporate Performance We Consider in Making Compensation Decisions

As previously described in greater detail under the heading "Short-Term Incentive Compensation," in 2011, the Compensation Committee approved financial and non-financial performance targets, the achievement of which would contribute to the ability of the Company to obtain its financial, operating and strategic goals. As described above, the Company's financial performance targets are EBITDAR margin, revenue per available seat mile ("RASM") relative to objectives, cost per available seat mile ("CASM") relative to objectives, and return on invested capital. As described above, the Company's 2011 non-financial performance targets were measures of customer value, operational excellence and confidence among stakeholders. In addition, named executive officers' incentive compensation are subject to the limitations of the overall bonus pool, established by the Compensation Committee, expressed as a function of EBITDAR. Under these categories, the Compensation Committee evaluated the Company's 2011 performance and awarded 2011 Annual Incentive Compensation in the amounts reported in the Summary Compensation Table below and as detailed in the discussion under the subheading "2011 Annual Incentive Compensation."

Compensation Committee Discretion

The Compensation Committee has determined that in administering the Company's current annual cash incentive compensation program, the Compensation Committee retains discretion to reduce the amount of incentives payable to named executive officers in the event a purely mathematical application of the performance criteria under such program results in potential incentive payments that do not properly reflect the Company's financial performance or such executives' performance for such year.

Determination of Equity-Based Awards Grant Dates

The Compensation Committee has discretion to determine the time and amount of any equity-based awards, but has generally granted equity-based compensation at the following times: (i) on the date the executive receiving the grant is hired, and (ii) once annually under the Company's 2005 Stock Incentive Plan (the "Stock Incentive Plan"). For discretionary equity-based awards to named executive officers other than the Chief Executive Officer, awards are recommended by the Chief Executive Officer for consideration and

potential approval by the Compensation Committee, after consultation with its independent compensation consultant. The Compensation Committee endeavors to avoid granting equity-based awards in advance of the release of news which might affect the price of our Common Stock.

Stock Ownership Guidelines; Policies Regarding Hedging the Risk of Security Ownership

In February 2011, the Company adopted stock ownership guidelines to further align the interests of the Company's executive officers and non-employee directors with the interests of the Company's stockholders. Each executive officer is expected to accumulate and hold a number of shares of the Company's Common Stock equal to or greater than the lesser of (i) a specified multiple of his or her annual base salary, as set forth below, and (ii) the number of shares determined by dividing the dollar amount determined as a multiple of annual base salary by the closing sales price of the Company's Common Stock on February 7, 2011, and to maintain this minimum amount throughout his or her tenure as an executive officer. The base salary multiples are as follows:

Executive Officer Category	Base Salary Multiple
Chief Executive Officer	3 times base salary
Executive Vice Presidents	2 times base salary
Senior Vice Presidents	1 times base salary

Similar guidelines apply to any newly hired executive officers.

Our non-employee directors are expected to accumulate and hold a number of shares of the Company's Common Stock equal to or greater than the lesser of (i) two times his or her annual retainer for service on the Board (excluding additional retainers associated with committee or chairman service, if any) and (ii) the number of shares determined by dividing the dollar amount determined in (i) by the closing sales price of the Company's Common Stock on February 7, 2011, and to maintain this minimum amount throughout his or her tenure on the Board. Similar guidelines apply to any newly elected non-employee directors.

The stock ownership guidelines are expected to be achieved within five years for each executive officer and non-employee director, or within five years from the date service commences for new executive officers and non-employee directors. Unexercised stock options do not count for the purposes of computing shares held. Until the guidelines are achieved, our executive officers and non-employee directors are required to retain at least 50% of the net after-tax shares received as a result of exercising options or the delivery of full-value awards. We do not have any policies regarding hedging the economic risk of such ownership, although our Code of Ethics strictly prohibits trading while in the possession of material, non-public information regarding the Company.

Risk Assessment

The Compensation Committee retained Frederic W. Cook & Co., its independent compensation consultant, to evaluate the risk inherent in the Company's executive and non-executive programs. Accordingly, Frederic W. Cook & Co. evaluated the Company's executive and non-executive programs and provided a report to the Compensation Committee. The report concluded that, among other things:

Incentive plans are well-aligned with compensation design principles that generally follow best practices, Management incentives are capped at 200% of the target award opportunity for individuals and the overall pool is capped at 133% of the amount allocated to the incentive pool; performance measures are broadly determined, and

Severance plans are closely managed and do not provide excessive severance benefits.

2011 Say-on-Pay Advisory Vote; Frequency of Say-on-Pay Advisory Vote

On May 31, 2011, we held a stockholder advisory vote on the compensation of our named executive officers, commonly referred to as a say-on-pay vote. Our stockholders approved the compensation of our named executive officers, with approximately 76% of stockholder votes cast in favor of our 2011 say-on-pay

resolution. After considering this result, following our annual review of our executive compensation philosophy, the Compensation Committee decided to retain our overall approach to executive compensation. Moreover, in determining how often to hold a stockholder advisory vote on executive compensation, the Board took into account our stockholders' preference (approximately 71% of votes cast) for an annual vote at the 2011 annual stockholders meeting. Specifically, the Board determined that we will hold an annual advisory stockholder vote on our named executive officer compensation until considering the results of our next say-on-pay frequency vote.

Tax and Accounting Treatment

Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for non-performance-based compensation over \$1 million paid for any fiscal year to the company's chief executive officer or any of the three other most highly compensated executive officers (other than the chief financial officer). Performance-based compensation is not subject to the deduction limit if certain requirements are met. The Stock Incentive Plan and the 2006 Incentive Plan have been structured to permit the Company to pay compensation in excess of \$1 million per year to its executive officers without compromising the deductibility of such compensation under Section 162(m). The Type A and B Restricted Stock grants under the New Agreement and the corporate performance portion of our 2011 annual incentive compensation program are intended to qualify as deductible performance-based compensation. However, the Compensation Committee retains the flexibility to pay compensation to senior executives based on other considerations if it believes that doing so is in the stockholders' interests.

Section 409A

Section 409A of the Internal Revenue Code imposes a penalty tax on nonqualified deferred compensation that fails to satisfy the requirements of the statute with respect to the timing of deferral elections, timing of payments and certain other matters. Accordingly, as a general matter, the Company attempts to structure its compensation and benefits plans and arrangements for all of our employees, including our named executive officers, so that they are either exempt from, or satisfy the requirements of, Section 409A.

Accounting Treatment

The Company accounts for stock-based compensation in accordance with the requirements of ASC 718. The Company also takes into consideration ASC 718 and other generally accepted accounting principles in determining changes to policies and practices for its stock-based compensation programs.

The Role of Executive Officers in the Compensation Process

The Chief Executive Officer makes recommendations to the Compensation Committee as to the base salary and incentive compensation of all executive officers other than himself. The Compensation Committee annually reviews the base salary of the Chief Executive Officer and the base salary of the Chief Executive Officer may be increased by the Compensation Committee in its sole and absolute discretion. Other than the Chief Executive Officer, no executive officer participates in setting compensation for named executive officers.

Compensation Recovery Policy (Clawback)

On the recommendation of the Compensation Committee, the Board adopted the Company's Recoupment Policy Relating to Incentive Compensation of Participants for any bonus or incentive compensation paid after January 1, 2009. Pursuant to the Company's clawback policy, if any incentive compensation paid to a participant in the Company's annual incentive plan, including executive officers, was calculated based on the achievement of financial results that were later required to be restated, and, if the individual executive officer engaged in any fraud or misconduct that caused or contributed to the need for such restatement, the Board will require reimbursement, in all appropriate cases, from the executive officer of any portion of the incentive compensation that exceeds the amount that would have been awarded had the financial results been properly reported, as determined by the Board or a committee thereof. The Company's policy does not authorize the Company to recover any incentive compensation awarded more than two years prior to the date the applicable financial restatement is disclosed.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis, which appears in this Proxy Statement, with the Company's management. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Proxy Statement.

Potential Payments Upon Termination or Change in Control

We have entered into agreements that will require us to provide compensation to the officers named in the Summary Compensation Table in the event of such executive officer's termination of employment or a change in control of the Company. Each named executive officer is required pursuant to the terms of his or her employment agreement to adhere to certain restrictive covenants in order to receive the severance payments specified below. Cause or (2) termination of employment by Mr. Dunkerley for Good Reason. Such severance is subject to Mr. Dunkerley entering into a release of claims in favor of the Company, and if Mr. Dunkerley violates certain non-competition, non-disparagement or non-solicitation provisions of his employment agreement, severance benefits shall cease being paid, and in some situations the Company may seek repayment of severance benefits already paid. Mr. Dunkerley's continued insurance premiums and travel benefits are calculated based on the Company's fiscal 2011 expense for such benefits. Under Mr. Dunkerley's employment agreement: (a) Cause means (i) a material breach by Mr. Dunkerley of his obligations under his employment agreement, after he has been given written notice specifying the breach and has been provided a thirty day opportunity to cure, including, without limitation, willful neglect of Mr. Dunkerley's duties or Mr. Dunkerley's willful failure (other than any such failure resulting from the termination of Mr. Dunkerley's employment for death, disability, retirement or Good Reason) to implement or adhere to policies established by, or directives of, the Board of Directors, (ii) Mr. Dunkerley is convicted of, or pleads guilty or no contest to a felony, or written evidence is presented to the Board of Directors that Mr. Dunkerley

engaged in a crime that may have an adverse impact on the Company's reputation and standing in the community, and (iii) Mr. Dunkerley has committed fraud in connection with the business affairs of the Company, regardless of whether such conduct is designed to defraud the Company or others; and (b) "Good Reason" means (i) the assignment to Mr. Dunkerley of any duties that are materially inconsistent with his duties as chief executive officer, or that reflect a material reduction of his powers and responsibilities, (ii) Mr. Dunkerley ceasing to report solely to the Board of Directors, (iii) a negative change to Mr. Dunkerley's title, (iv) the Company's material breach of any of the provisions of Mr. Dunkerley's employment agreement, or a material adverse change in the conditions of Mr. Dunkerley's employment, including, without limitation, a failure by the Company to provide Mr. Dunkerley with incentive compensation and benefit plans that provide comparable benefits and amounts as such type of programs as are provided to other Company executive officers, (v) the relocation of the Company's principal executive offices to a location outside of the Honolulu area or the Company's requiring that Mr. Dunkerley be based anywhere other than the Company's principal executive offices, except for travel on Company business to an extent substantially consistent with Mr. Dunkerley's position and responsibilities, (vi) following a "Change in Control" of the Company (as defined in footnote 3 below), Mr. Dunkerley not remaining as the chief executive officer of a successor publicly-traded Company or (vii) a failure by the Company to maintain directors' and officers' insurance as set forth in Mr. Dunkerley's employment agreement.

Pursuant to Mr. Dunkerley's employment agreement, he is entitled to participate in the Company's executive long-term disability plan, pursuant to which, if Mr. Dunkerley's employment were terminated as a result of his (2) disability on December 31, 2011, Mr. Dunkerley would be entitled to a supplemental disability benefit of up to \$11,000 per month, as described in the Compensation Discussion and Analysis section above.

Under Mr. Dunkerley's employment agreement, a "Change in Control" means any of the following (a) any person or persons acting together that would constitute a "group" for purposes of Section 13(d) of the Securities Exchange Act of 1934, beneficially own more than 40% of the total voting power of the stock of the Company entitled to vote for the Board of Directors (the "Voting Stock") or economic interests in the Company, (b) the sale, transfer, assignment or other disposition (including by merger or consolidation) by the stockholders of the Company, in one transaction or a series of related transactions, with the result that the beneficial owners of the Voting Stock of or economic (3) interests in the Company immediately prior to the transaction (or series) do not, immediately after such transaction (or series) beneficially own Voting Stock representing more than 40% of the voting power of all classes of Voting Stock of the Company or any successor entity of the Company or economic interests in the Company representing more than 40% of the economic interests in the Company or any successor entity of the Company, (c) the sale or other transfer (in one or a series of transactions) of all or substantially all of the assets of the Company, (d) the dissolution or liquidation of the Company or (e) a change in the composition of the Board of Directors, as a result of which, fewer than one-half of the incumbent directors (without including directors who are appointed as part of the union contract) are directors who either (i) had been directors, other than directors who are appointed as part of the union contract, of the Company on the effective date of Mr. Dunkerley's employment agreement (the "Original Directors") or (ii) were elected, or nominated for election, to the Board of Directors with the affirmative votes of at least a majority of the aggregate of the Original Directors who were still in office at the time of the election or nomination or directors whose election or nomination was previously so approved.

Pursuant to Mr. Dunkerley's employment agreement, if Mr. Dunkerley's employment is terminated as a result of his death, disability, by the Company without "Cause" or by Mr. Dunkerley for "Good Reason," Mr. Dunkerley shall be (4) entitled to receive a performance/incentive bonus for such year in which Mr. Dunkerley's employment is terminated, subject to attaining the requisite performance milestones, with a rating of 1.0 for all objectives that are not intended to constitute performance-based compensation under Internal Revenue Code Section 162(m).

Pursuant to Mr. Dunkerley's employment agreement, the vesting of any Type A or Type B Restricted Stock Awards as to which the performance metrics have already been satisfied are calculated by multiplying the closing sales (5) price of the Company's Common Stock on December 30, 2011 (\$5.80) by the number of shares of Common Stock underlying the unvested restricted stock held by Mr. Dunkerley on December 31, 2011. For purposes of this calculation, it is assumed that all of Mr. Dunkerley's restricted stock will vest upon a change in control.

Pursuant to Mr. Dunkerley's employment agreement, if Mr. Dunkerley's employment is terminated as a result of his death, disability, by the Company without Cause or by Mr. Dunkerley for Good Reason, Mr. Dunkerley, his spouse (6) or domestic partner and his dependents shall be entitled to continued travel benefits on Hawaiian's commercial aircraft for the remainder of Mr. Dunkerley's life, up to an annual maximum of \$25,000 of imputed taxable income per calendar year.

For Changes in Control, Mr. Dunkerley receives a best results excise tax treatment, whereby Mr. Dunkerley either (7) pays the excise taxes under Internal Revenue Code Sections 280G or 4999 or has his payments and benefits reduced to a level whereby the excise taxes are not triggered, whichever is economically superior for Mr. Dunkerley.

at December 31, 2011.

Under the Company's stock option agreements, deferred stock unit award agreements and restricted stock unit award agreements with named executive officers (other than Mr. Dunkerley), a Change in Control means any of the following (a) the acquisition by an individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934 (the Exchange Act)), other than by an employee benefit plan or in certain restructurings or combinations that do not affect the effective control of the Company by the stockholders immediately prior thereto, of beneficial ownership (within the

Under the Company's severance agreements and restricted stock unit award agreements with named executive officers (other than Mr. Dunkerley), Good Reason means (i) a material reduction of executive's duties, authority or responsibilities, (ii) a material reduction by the Company in executive's annual total target cash compensation (other than pursuant to a reduction applying generally to employees of the same corporate rank, or (iii) executive's relocation to principal offices that are either not located in Oahu, Hawaii or not within 40 miles of Honolulu, Hawaii.

Mr. Ingram is entitled to participate in the Company's executive long-term disability plan, pursuant to which, if Mr. Ingram's employment were terminated as a result of his disability on December 31, 2011, Mr. Ingram would be (5) entitled to a supplemental disability benefit of up to \$11,000 per month, as described in the Compensation Discussion and Analysis section above.

In addition to the rights described above, each series of the Special Preferred Stock, unless otherwise specified: (1) ranks senior to the Common Stock and ranks pari passu with each other such series of Special Preferred Stock with respect to the liquidation, dissolution and winding up of the Company and will be entitled to receive \$0.01 per share before any payments are made, or assets distributed to holders of any stock ranking junior to the Special Preferred Stock; (2) has no dividend rights unless a dividend is declared and paid on the Common Stock, in which case the Special Preferred Stock would be entitled to receive a dividend in an amount per share equal to two times the dividend per share paid on the Common Stock; (3) is entitled to one vote per share of such series and votes with the Common Stock as a single class on all matters submitted to holders of the Common Stock; and (4) automatically converts into the Common Stock on a 1:1 basis at such time as such shares are transferred or such holders are no longer entitled to nominate a representative to our Board of Directors pursuant to their respective collective bargaining agreements.

REPORT OF THE AUDIT COMMITTEE

The Board of Directors has the ultimate authority for effective corporate governance, including oversight of the Company's management. The Audit Committee's purpose is to assist the Board of Directors in fulfilling its responsibilities by overseeing our accounting and financial reporting processes, the audits of our consolidated financial statements and internal control over financial reporting, the qualifications and performance of the independent registered public accounting firm engaged as our independent auditor, and the performance of our internal auditors.

The Audit Committee relies on the expertise and knowledge of management, the internal auditors and the independent auditor in carrying out its oversight responsibilities. Management is responsible for the preparation, presentation, and integrity of our consolidated financial statements, accounting and financial reporting principles, internal control over financial reporting, and disclosure controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. Management is responsible for objectively reviewing and evaluating the adequacy, effectiveness and quality of our system of internal control. Our independent registered public accounting firm, Ernst & Young LLP (Ernst & Young), is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States and expressing an opinion on the effectiveness of our internal control over financial reporting.

The Audit Committee has reviewed our audited financial statements for the fiscal year ended December 31, 2011 and discussed such statements with management. The Audit Committee has discussed with Ernst & Young the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees AU Section 380), as currently in effect.

The Audit Committee received from Ernst & Young the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and PCAOB Ethics and Independence Rule 3526 (Communications with Audit Committees Concerning Independence), and discussed with Ernst & Young its independence.

Based on the review and discussions noted above, the Audit Committee recommended to the Board of Directors that our audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2011, and be filed with the SEC. The Audit Committee also appointed Ernst & Young to serve as our independent registered public accounting firm for the year 2012.

PROPOSAL 2: RATIFICATION OF ERNST & YOUNG AS THE COMPANY S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2012

The Audit Committee of our Board of Directors has selected Ernst & Young as our independent registered public accounting firm for the fiscal year ending December 31, 2012, and has further directed that management submit the appointment of independent auditors for ratification by the stockholders at the Annual Meeting. Our financial statements for the 2011 fiscal year were audited and reported upon by Ernst & Young.

Representatives of Ernst & Young will be present at the Annual Meeting and will be available to respond to appropriate questions from stockholders and make a statement should they so desire.

Neither our Amended By-Laws nor other governing documents or law require stockholder ratification of the appointment of Ernst & Young as our independent registered public accounting firm. However, the Board of Directors is submitting the appointment of Ernst & Young to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the Audit Committee of the Board of Directors will reconsider whether or not to retain that firm. Even if the appointment is ratified, the Audit Committee of the Board of Directors in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the appointment of Ernst & Young. Abstentions will be counted toward the tabulation of votes cast on this proposal and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

The amounts set forth below include all fees paid to Ernst & Young for services provided to us during 2011 and 2010.

Audit Fees

Fees for audit services rendered by Ernst & Young to us totaled \$1.6 million and \$1.3 million for 2011 and 2010, respectively. Audit fees consist primarily of fees for the audits of our consolidated financial statements and the financial statements of Hawaiian, the audit of our internal control over financial reporting, the review of the interim condensed consolidated financial statements included in our quarterly reports, attestation services required by statute or regulation, consents, assistance with and review of documents filed with the SEC, work performed by tax professionals in connection with the audits and quarterly reviews, and accounting and financial reporting consultations and research work necessary to comply with generally accepted auditing standards. All of the foregoing services rendered by Ernst & Young were pre-approved by the Audit Committee.

Audit-Related Fees

Fees for audit-related services rendered by Ernst & Young to us totaled \$0.1 million in each of 2011 and 2010 consisting entirely of fees for the audit of Hawaiian's employee benefit plans in 2011 and 2010. All of the foregoing services rendered by Ernst & Young were pre-approved by the Audit Committee.

Tax Fees

Fees for tax services rendered by Ernst & Young to us totaled \$0.4 million and \$0.2 million in 2011 and 2010, respectively. Tax fees consist primarily of fees for the preparation of federal, state and foreign tax returns, review of tax returns prepared by the Company, assistance in assembling data to respond to governmental reviews of past tax filings, and tax advice, exclusive of tax services rendered in connection with the audits. All of the foregoing services rendered by Ernst & Young were pre-approved by the Audit Committee.

Other Fees

Ernst & Young did not provide any professional services during fiscal 2011 other than those described under the captions Audit Fees, Audit-Related Fees and Tax Fees. Ernst & Young did not provide any professional services during fiscal 2010 other than those described under the captions Audit Fees, Audit-Related Fees and Tax Fees.

Audit Committee Pre-Approval Policies

The policy of the Audit Committee is to pre-approve the audit, audit-related, tax and non-audit services to be performed during the year on an annual basis, in accordance with a schedule of such services approved by the Audit Committee. The annual audit services engagement terms and fees will be subject to the specific pre-approval of the Audit Committee. Audit-related services and tax services to be provided by the auditors will be subject to general pre-approval by the Audit Committee. The Audit Committee may grant specific case-by-case approval for permissible non-audit services. The Audit Committee will establish pre-approval fee levels or budgeted amounts for all services to be provided on an annual basis. Any proposed services exceeding those levels or amounts will require specific pre-approval by the Audit Committee. The Audit Committee has delegated pre-approval authority to the Chair of the Audit Committee, who will report any such pre-approval decisions to the Audit Committee at its next scheduled meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE PROPOSAL TO RATIFY THE SELECTION OF ERNST & YOUNG AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR ITS FISCAL YEAR ENDING DECEMBER 31, 2012.

PROPOSAL NO. 3: NON-BINDING VOTE ON EXECUTIVE COMPENSATION

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholders to vote to approve, on an advisory or non-binding basis, the compensation of our named executive officers as disclosed in accordance with the SEC's rules in the Executive Compensation section of this proxy statement beginning on page 17 above. This proposal, commonly known as a say-on-pay proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation as a whole. This vote is not intended to address any specific item of compensation or any specific named executive officer, but rather the overall compensation of all of our named executive officers and the philosophy, policies and practices described in this Proxy Statement.

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors. The say-on-pay vote will, however, provide information to us regarding investor sentiment about our executive compensation philosophy, policies and practices, which the Compensation Committee will be able to consider when determining executive compensation for the remainder of the current fiscal year and beyond. Our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we may communicate directly with stockholders to better understand the concerns that influenced the vote, but in all events we will consider our stockholders' concerns and will share them with the Compensation Committee which will evaluate whether any actions are necessary to address those concerns.

Edgar Filing: HAWAIIAN HOLDINGS INC - Form DEF 14A

Following is a summary of some of the key points of our 2011 executive compensation program. See the Executive Compensation section beginning on page 17 for more information.

Our Compensation Committee, assisted by its independent compensation consultant, Frederic W. Cook & Co., stays informed of developing executive compensation best practices and strives to implement them. In this regard, recent improvements include:

Consistent with the direction of 71% of stockholder votes cast in 2011 and consistent with management's recommendation to our stockholders, adopting an annual say-on-pay advisory vote, commencing in 2011 and continuing in this 2012 proxy statement.

56

Capping our annual incentive compensation payout at 200% of the target award opportunity for any individual participant, commencing in 2011 (the CEO's annual incentive is capped at 200% of base salary). This is in addition to the overall aggregate payout cap of 133% of the amount allocated to the incentive pool.

Establishing stock ownership guidelines for executive officers and our non-employee directors in 2011, Eliminating the golden parachute excise tax gross-up for our president and chief executive officer, Mr. Dunkerley, effective as of May 25, 2011,

Moving from single-trigger equity compensation vesting on a change in control to double-trigger vesting (triggered upon certain terminations of employment following a change in control) for equity grants made to Mr. Dunkerley in 2010, and for the rest of our named executive officers in 2011,

Making 100% of Mr. Dunkerley's 2010 equity awards subject to performance-based vesting, in a manner intended to qualify for deductibility under Internal Revenue Code Section 162(m),

Making a substantial portion of other executive officers' 2011 equity awards subject to performance-based vesting, in a manner intended to qualify for deductibility under Internal Revenue Code Section 162(m),

Engaging Frederic W. Cook & Co. to perform a risk analysis with respect to the Company's compensation programs and policies, including for non-executive officers, and

Implementing a clawback policy to recover certain compensation in the event of a financial restatement.

We believe that the information provided above and within the Executive Compensation section of this Proxy Statement demonstrates that our executive compensation program was designed appropriately and is working to ensure management's interests are aligned with our stockholders' interests to support long-term value creation.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE TO APPROVE, ON AN ADVISORY BASIS, THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SEC. THE AFFIRMATIVE VOTE OF THE HOLDERS OF A MAJORITY OF THE SHARES PRESENT AND ENTITLED TO VOTE IS NECESSARY FOR APPROVAL.

OTHER MATTERS

We know of no other matters to come before the Annual Meeting other than those stated in the Notice of the Annual Meeting. To date, we have not received any stockholder proposals. However, if any other matters are properly presented to the stockholders for action, it is the intention of the proxyholders named in the enclosed proxy to vote in their discretion on all matters on which the shares represented by such proxy are entitled to vote.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our Common Stock and other equity securities. Such persons are also required to provide us with copies of all such reports filed with the SEC. Based solely upon the information supplied to us by these persons, we are required to report any known failure to file these reports within the specified period. To our knowledge, based solely upon a review of the Section 16(a) reports furnished to us and the written representations of these reporting persons, these persons complied with all filing requirements in a timely fashion for fiscal year 2011, except for certain transactions that should have been reported on Form 3 by November 10, 2011 and Form 4 by November 2, 2011 for Scott E. Topping, which were each actually reported on February 10, 2012.

STOCKHOLDER PROPOSALS

Stockholders who, in accordance with SEC Rule 14a-8, wish to present proposals for inclusion in the proxy materials to be distributed in connection with next year's annual meeting proxy statement must submit their proposals so that they are received at our principal executive offices no later than the close of business on December 14, 2012. As the rules of the SEC make clear, simply submitting a proposal does not guarantee that it will be included.

In order to be properly brought before the 2013 annual meeting of stockholders, a stockholder's notice of a matter the stockholder wishes to present (other than a matter brought pursuant to SEC Rule 14a-8), or the person or persons the stockholder wishes to nominate as a director, must be delivered to the Secretary of the Company at our principal executive offices not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the date of the 2012 Annual Meeting. As a result, any notice given by a stockholder pursuant to these provisions of our Amended By-Laws (and not pursuant to the SEC Rule 14a-8) must be received no later than the close of business on February 23, 2013, and no earlier than the close of business on January 24, 2013, unless our annual meeting date occurs more than 30 days before or more than 70 days after May 24, 2013. In that case, we must receive proposals not earlier than the close of business on the 120th day prior to the date of the annual meeting and not later than the close of business on the later of the 90th day prior to the date of the annual meeting or the 10th day following the day on which public announcement of the date of the annual meeting is first made by the Company.

To be in proper form, a stockholder's notice must include the specified information concerning the proposal or nominee as described in our Amended By-Laws. A stockholder who wishes to submit a proposal or nomination is encouraged to seek independent counsel about our Amended By-Laws and SEC requirements. We will not consider any proposal or nomination that does not meet the Amended By-Laws and SEC requirements for submitting a proposal or nomination.
