President and CEO

Dated: August 13, 2007

BOS and Galbital enter into a Strategic Partnership for the Launch of a BOS RFID Middleware Server and Controller.

BOS Expects to Generate Revenues from this RFID Server and Controller in 2008.

RISHON LEZION, Israel, August 13, 2007 /PRNewswire-FirstCall/- B.O.S. Better Online Solutions Ltd. (BOS or the Company) (NASDAQ:BOSC; TASE: BOSC), announced today that it has entered into a strategic partnership agreement with Galbital RFID Solutions Ltd. (Galbital) for the joint launch of an RFID Middleware Server and Controller.

The RFID Middleware Server and Controller shall provide enterprises with a combined software and hardware solution. This Server and Controller will enable the organization's ERP application to implement a variety of RFID equipment and transfer the information (data) to the application, in either an Online or Batch mode, without need for customization.

The BOS-Galbital RFID Middleware Server and Controller will be based on two layers:

The Edge control layer with APIs (Application Programming Interfaces) to various types of readers; and

The Server layer with Online and Batch APIs to the applications.

Shmuel Koren, BOS's President & CEO, said: This joint venture is another step in the continuing implementation of our strategic plan and we anticipate that it shall have high synergy with our current M&A targets. The BOS-Galbital joint venture is expected to generate revenues already in 2008.

Mr. Shai Sade, BOS's Senior VP and Head of Software Division added: BOS's special expertise in developing a variety of complementary Enterprise add-ons together with Galbital's capabilities in RFID integration projects, create a unique platform to provide the enterprise market with a quick and useful RFID Server Solution.
